The city council has the power to correct any errors in the tax assessments upon a certificate filed by the assessor or assessing body.

Section 12. Delinquency Penalties. On September 1 of the year for which the taxes are assessed, or other date provided by ordinance, a penalty of two percent (2%) upon all taxes remaining unpaid shall be imposed and collected by the city and paid into the city treasury. An additional penalty of two percent (2%) shall be added for each month thereafter for seven (7) months. After seven (7) months, delinquent taxes may be relinquished for collection by the Anderson County District Attorney, and additional penalties may be assessed by the county.

Section 13. Change of Due Dates -- Semiannual Installments. The city council may, by ordinance passed by unanimous vote, change the due date and delinquent date of all taxes, and may provide for the semiannual payment of taxes and a discount for the prompt payment of such taxes.

In case a semiannual installment of taxes is made due and payable before the assessment and levy of taxes in the city for the current year is complete, the amount of the installment so collected as a tax upon any property shall be not more than fifty percent (50%) of the taxes levied on the property for the preceding year, such installment to be credited on the current year's taxes when determined and levied.

Section 14. Sale of Real Property for Delinquency. The finance director shall, under the provisions of state law for the collection of delinquent taxes, certify to the trustee of the county a list of all real estate upon which municipal taxes remain due and unpaid, or that is liable for sale for other taxes, and the same shall be sold in like manner and upon the same terms and conditions as real estate is sold for delinquent state and county taxes.

Section 15. Complaints in Chancery to Collect Special Assessments. The city council has the power, and is hereby given the authority, to file complaints in the chancery court in the name of the city for the collection of assessments and levies made for payment for improvements or service in the city, such as paving, sidewalks, curbing, guttering, sewers and other improvements, or services for which assessments may be made under the charter, or by any other acts of the general assembly, and the cost of which is made a charge on property owners abutting the improvements and a lien on abutting property. The suits commenced by such complaints shall be conducted as other suits in chancery for the enforcement of like liens and under the rules of law and practice provided for the same. The complaints shall not be objectionable because the owners of different parcels or lots of land are made parties thereto, it being the intention that all persons in the same improvement district, or liable for portions of the same assessment and levy for improving a portion of the city as provided in this section, and on whose property the assessment or levy is a lien, shall be made defendants to one (1) complaint.

Section 16. License Taxes. License taxes may be imposed by ordinance upon any and all privileges, businesses, occupations, vocations, pursuits, or callings, or any class or classes thereof, now or hereafter subject to such taxation under the laws of Tennessee, and a separate license tax may be imposed for each place of business conducted or maintained by the same person, firm, or corporation.

The treasurer shall enforce the collection of merchants' taxes and all other license taxes, and for that purpose shall have and shall exercise the powers of law vested in county clerks, and follow the procedure and methods prescribed for county clerks.

Section 17. Accounting System. The finance director, with the approval of the city manager, shall cause an efficient system of accounting for the city to be installed and maintained.

Section 18. Fiscal Forms. The finance director shall cause all forms used in connection with either the receipt or disbursement of city funds to be numbered consecutively, and shall account for all spoiled or unused forms.

Section 19. Appointment and Duties of Treasurer. The city manager shall appoint a treasurer.

It is the duty of the treasurer to collect, receive and maintain receipts for taxes and all other revenues and bonds of the city, and the proceeds of its bond issues, and to disburse the same.

The city manager may appoint the recorder as treasurer.

Section 20. Depositories of Municipal Funds. Depositories of the municipal funds shall be designated by ordinance. The city council shall require any financial institution that becomes a depository of municipal funds to secure such funds by collateral in the same manner and under the same conditions as state deposits under Tennessee Code Annotated, Title 9, Chapter 4, Parts 1 and 4, or as provided in a collateral pool created pursuant to Tennessee Code Annotated, Title 9, Chapter 4, Part 5.

Section 21. Budget Commissioner -- Fiscal Year. The city manager shall be budget commissioner. The fiscal year of the city shall begin on July 1, unless otherwise provided by ordinance.

Section 22. Budget Estimate Submitted to Council. The city manager shall, on or before May 15 of each year, submit to the city council an estimate of the expenditures and revenues of the city for the ensuing fiscal year. This estimate shall be compiled from detailed information obtained from the several departments on uniform blanks to be furnished by the city manager.

Section 23. Appropriation Ordinance -- Amendments. Upon receipt of the estimate provided for in Section 22, the city council shall prepare a tentative appropriation ordinance.

The appropriation ordinance for each fiscal year shall be finally adopted before the first day of the fiscal year.

Amendments may be made to the original appropriations ordinance at any time during a current fiscal year; provided that, except for emergency expenditures under this article's Section 28, increased appropriations may be

made only after the city manager has certified in writing that sufficient unappropriated revenue will be available.

Section 24. Reversion of Appropriations to General Fund. At the end of each year, all unencumbered balances or appropriations in the treasury shall revert to the general fund and be subject to further appropriations. Such balances shall be considered unencumbered only when the city manager shall certify in writing that the purposes for which they were appropriated have been completely accomplished and that no further expenditure in connection with them is necessary.

Section 25. Approval of Claims Against City. Except as otherwise provided by this charter or by law or ordinance, the finance director shall prescribe and regulate the manner of paying creditors, officers and employees of the city. The finance director shall audit all payrolls, accounts and claims against the city and certify thereon the balance as stated by the finance director, but no payroll, account, or claim, or any part thereof, shall be audited against the city or paid unless authorized by law or ordinance and approved and certified by the city manager and the head of the department for which the indebtedness was incurred, and the amount required for payment of the same appropriated for that purpose by ordinance and in the treasury.

Whenever any claim is presented to the city finance director, the finance director shall have power to require evidence that the amount claimed is justly due, and conforms to law and ordinance, and for that purpose may summon before such finance director any officer, agent or employee of any department of the municipality, or any other person, and examine the officer, agent or employee upon oath or affirmation relative thereto.

The city manager, finance director and head of the department concerned, and their sureties, shall be liable to the municipality for all loss or damages sustained by the municipality by reason of the corrupt approval of any claim against the municipality.

Section 26. Issuance of Warrants. Subject to this article's Section 25, warrants shall be issued by the finance director.

Each warrant shall specify the particular departmental fund against which it is drawn and shall be payable out of no other fund.

Any officer or employee in the finance director's office may be designated by such finance director to draw warrants with the same effect as if signed by the finance director. Such designation shall be in writing, in duplicate, and shall be filed with the city manager. The city manager may make such designation if the finance director is absent or disabled and there is no one in the finance director's office designated to act. Any such designation may be revoked by the finance director while acting as such by filing a revocation of designation in duplicate with the city manager and the treasury division.

Section 27. Certification of Availability of Funds to Meet Contract Obligations. No contract, agreement, or other obligation involving the

expenditure of money shall be entered into, nor shall any ordinance, resolution or order for the expenditure of money be passed by the city council or be authorized by any officer of the city, unless the finance director shall first certify to the council or the proper officer, as the case may be, that the money required for such contract, agreement, obligation or expenditure, is in the treasury or safely assured to be forthcoming and available in time to comply with, or meet such contract, agreement, obligation or expenditures. No contract, agreement or other obligation involving the expenditure of money payable from the proceeds of bonds of the city shall be entered into until the issuance and sale of such bonds has been duly authorized in accordance with the provisions of this charter in reference to city bonds.

Section 28. Emergency Expenditures. No contract liability shall be incurred without previous authority of law or ordinance, but the city council may, by ordinance, empower the proper officials to pay out money or incur contract liability for the city for the necessary preservation of the city's credit, or in other extreme emergency, under such restrictions as may be provided in the ordinance; provided, that any such liability shall mature not later than one (1) year from the date of its incurrence.

Section 29. Annual Operating Budget -- Publication -- Budgetary Comparison. Notwithstanding any other law to the contrary, the governing body shall publish the annual operating budget and budgetary comparisons of the proposed budget with the prior year's actual figures and the current year's estimated figures, which information shall include the following:

- (1) Revenues and expenditures for the following governmental funds: general, streets/public works, general purpose school and debt service;
- (2) Revenues for each fund shall be listed separately by local taxes, state of Tennessee, federal government and other sources;

Section 3. Duties in Prosecution of Violations. Members of the police force, whenever necessary for the purpose of enforcing the ordinances of the city, shall procure the issuance of warrants, serve the same, and appear in the city courts as prosecutors, relieving complaining citizens insofar as practical of the burden of instituting cases involving the violation of city ordinances; provided that this section shall not be construed to relieve any person from the duty of appearing in court and testifying in any case.
