the provisions of Section 10, Item 1 of this act, and any unspent balance of said appropriation at June 30, 2022 shall revert to the general fund.

For counties, the grant shall consist of: (1) a base payment of $250,000 per county; and (2) a payment based on county population as published by the United States Census Bureau (July 1, 2019 data). Said grants are for nonrecurring expenses only. Further, funds disbursed pursuant to this appropriation are subject to the provisions of Section 10, Item 1 of this act, and any unspent balance of said appropriation at June 30, 2022 shall revert to the general fund.

Additionally, municipalities and counties shall not be required to file a plan of the use of the grant funds or resolution from the local governing body requesting use of the grant funds for any of the purposes provided in Title 111-22, Section 1, of Chapter 651, Public Acts of 2020, or in this section. Such grants are limited to a maximum payment of $5,000,000 per municipality or county, with excess grant funds to municipalities and counties pooled separately and distributed to counties. Grants shall be distributed to municipalities and counties no later than July 31, 2021.

It is the further legislative intent that no county with a metropolitan form of government receive funds from both grants to municipalities and to counties. As such, those counties with a metropolitan form of government, pursuant to Title 7 of the Tennessee Code Annotated, shall be eligible for the larger grant fund calculation of the two items. The lesser grant funds calculated for those counties with a metropolitan form of government based on base payment and payment based on population data shall be pooled and distributed, in equal amounts, to those counties determined to be economically distressed by the Commissioner of Finance and Administration, the Commissioner of Economic and Community Development, and the Commissioner of Revenue pursuant to Tennessee Code Annotated § 67-6-104, as of January 1, 2021.

The appropriation made under Title III-22, Item 10.25 – COVID-19 Response, shall be expended to continue the state’s response to the COVID-19 pandemic, including the uses listed in Section 61 of Chapter 651, Public Acts of 2020. Further, the Commissioner of Finance and Administration is authorized to transfer from the general fund to the capital projects fund available appropriations made in this act and previous appropriations acts to the Health and Safety Emergency and Contingency Fund for any capital expenses incurred in pandemic response.

Provided, however, that all expenditures of any community development block grant funds in addition to those appropriated and enumerated in this section shall be subject to the following limitations and restrictions:

The Housing and Community Development Act of 1981 made it possible for states to assume administration of the Small Cities Community Development Block Grant (CDBG) previously administered by the U.S. Department of Housing and Urban Development (HUD). In Tennessee, the CDBG Program shall be administered by the Department of Economic and Community Development (ECO).

There shall be appropriated by the General Assembly to ECO such funds as may be allocated to Tennessee by the federal government for the CDBG Program. The state-administered CDBG Program shall be developed within the parameters of the CDBG legislation, applicable federal regulations, and consultation with citizens and elected officials in Tennessee.

The CDBG goals shall be three-fold: (1) target on areas of economic distress; (2) stimulate the growth of jobs and income in these areas; and (3) maximize the number of grantees. Additionally, all CDBG projects must meet one of the three national objectives of (1) principally benefiting persons of low and moderate income; (2) elimination or prevention of slums and blight; or (3) elimination of conditions detrimental to health, safety or public welfare. ECO shall be authorized to make grants and/or loans of CDBG monies to eligible city and county governments in Tennessee to achieve these goals. Loan payments and interest shall be reserved for reappropriation and shall not revert to the general fund balance at year end.

Eligible applicants shall be all city and county governments in Tennessee except those cities and counties designated by HUD as CDBG entitlement areas. Cities excluded from the state-administered CDBG Program include Memphis and Shelby County, Nashville (Davidson County), Chattanooga, Knoxville and Knox County, Clarksville, Bristol, Johnson City, Oak Ridge, Murfreesboro, Kingsport, Hendersonville, Morristown, Cleveland, Franklin, and Jackson. These cities and counties will receive their CDBG funds directly from HUD.

Based upon anticipated CDBG allocations of $27,760,000 in fiscal year 2020-2021 and of $27,760,000 in fiscal year 2021-2022, the following target funding levels shall be established:
A fifty percent (50%) reduction in any category will be permitted to facilitate proper program management and allow administrative flexibility. The funds so reduced shall be allocated to other categories with priority given to water/sewer projects.

Selection criteria for project approvals shall be uniform within categories, objective and quantitative, and shall be based on project need, project feasibility, project impact, community need, the percent of project beneficiaries that have family incomes below the low and moderate income (LMI) levels, and, for community livability projects, essentialness.

Project application materials will be supplemented, as appropriate, by site visits and by informed opinions of state agencies knowledgeable about particular projects.

The level of CDBG assistance for individual projects shall be determined by the following factors: (1) a maximum grant of $600,000 for individual projects ($400,000 for community livability projects); and (2) the grantee's ability to pay. A ThreeStar bonus that increases the grant amount by 5% is added to grantees in certified ThreeStar counties. Higher grant levels (up to $1,000,000) may be approved for regional projects.

If modifications in the expenditure plan for the CDBG Program are required, said modifications shall be accomplished in the following manner: (1) If the General Assembly is in session, such modifications shall be approved by the General Assembly; or (2) if the General Assembly is not in session, the Governor may either (a) submit such modifications to the State Funding Board for approval or (b) call a special session of the General Assembly for approval.

Transfers also may be made from the capital projects fund to the two operating budget programs from available funds appropriated to the Department of Economic and Community Development for economic development capital outlay projects. SECTION 55. From the appropriations in Section 1, Title III-26 of this act, the following non-recurring amounts are appropriated to the TennCare Program.

Item 1.

(a) If Senate Bill No. 123 / House Bill No. 181, the annual coverage assessment act, becomes a law, there hereby is appropriated from the appropriations in Section 1, Title III-26 and Section 59 of this act, the sum of $600,452,500 (non-recurring) to the TennCare Program, and the Commissioner of Finance and Administration is authorized to adjust federal and other departmental revenue accordingly; provided, however, that if the federal government disallows the coverage assessment as a valid source to match federal Medicaid funds, the appropriations in this Item 1(a) shall be null and void, and the appropriations in Section 1, Title III-26 and Section 59 shall be reduced accordingly. If the cited bill does not become a law, the appropriations in Section 1, Title III-26 and Section 59 of this act are hereby reduced in the amount of $600,452,500.

(b) There is further appropriated to the TennCare Program, in addition to the appropriation for directed hospital payments, a sum sufficient from any amount in excess of $600,452,500 collected from the coverage assessment for the purpose of hospital payments for unreimbursed costs.

(c) To the extent that revenue collected from the coverage assessment is less than $600,452,500, the appropriation for directed hospital payments, hereby is reduced in the amount of the under-collection.
(d) From the funds available in TennCare maintenance of coverage trust fund at June 30, 2021, there hereby is appropriated to the TennCare program a sum sufficient for the purposes authorized in law. The Commissioner of Finance and Administration is authorized to adjust federal and other departmental revenue accordingly. The allotment of funds under this item is subject to approval of the Commissioner of Finance and Administration.

Item 2.

(a) If Senate Bill No. 1276 / House Bill No. 556, the annual nursing home assessment fee, becomes a law, there is hereby appropriated from the appropriations in Section 1, Title III-26 of this act, the sum of $134,605,900 (non-recurring) to the TennCare Program for nursing home reimbursement. Further, the Commissioner of Finance and Administration is authorized to adjust federal and other departmental revenue accordingly. If the cited bill does not become law, the appropriations in Section 1, Title III-26 of this act, are hereby reduced in the amount of $134,605,900.

(b) There is further appropriated to the TennCare Program, in addition to the appropriation for nursing home reimbursement, a sum sufficient from any amount in excess of $134,605,900 collected from the coverage assessment for the purpose of nursing home reimbursement.

(c) From the funds available in TennCare nursing home assessment trust fund at June 30, 2021, there hereby is appropriated to the TennCare program a sum sufficient for the purposes authorized in law. The Commissioner of Finance and Administration is authorized to adjust federal and other departmental revenue accordingly. The allotment of funds under this item is subject to approval of the Commissioner of Finance and Administration.

Item 3.

(a) If Senate Bill No. 345 / House Bill No. 461, the annual ambulance assessment fee, becomes a law, there is hereby appropriated from the appropriations in Section 1, Title III-26 of this act, the sum of $10,690,200 (non-recurring) to the TennCare Program for ambulance provider reimbursement. Further, the Commissioner of Finance and Administration is authorized to adjust federal and other departmental revenue accordingly. If the cited bill does not become law, the appropriations in Section 1, Title III-26 of this act, are hereby reduced in the amount of $10,690,200.

(b) There is further appropriated to the TennCare Program, in addition to the appropriation for ambulance provider reimbursement, a sum sufficient from any amount in excess of $10,690,200 collected from the coverage assessment for the purpose of ambulance provider reimbursement.

(c) From the funds available in TennCare ambulance assessment trust fund at June 30, 2021, there hereby is appropriated to the TennCare program a sum sufficient for the purposes authorized in law. The Commissioner of Finance and Administration is authorized to adjust federal and other departmental revenue accordingly. The allotment of funds under this item is subject to approval of the Commissioner of Finance and Administration.

SECTION 56. Federal Program Reductions. The General Assembly recognizes that reductions in federal grants-in-aid of federal programs by the United States government will require extraordinary actions by the Commissioner of Finance and Administration to manage the state budget within available resources and without detrimental effect on state finances. It is the legislative intent that the reduced programs not be maintained at their former level by substituting state funds for the reduced federal aid.

Item 1. Accordingly, the Commissioner of Finance and Administration shall reduce the federal and other departmental revenue estimates and reduce the allotment of funds in an amount equal to the revenue reductions, in accordance with Section 23, Item 1, it being the legislative intent that such withdrawal of federal aid necessitates a reduction of spending authorization in order to protect the state finances.

Item 2. The commissioner also shall reduce the number of authorized positions of each program affected by the federal aid reductions, to the extent positions were funded by the federal aid being reduced, and any employees terminated as a result of such action shall be provided severance benefits as provided in Section 53 of this act.
Item 3. State funds appropriated to match federal aid that has been reduced shall be set aside in an allotment reserve of the affected program and shall not be expended except to the extent necessary to provide for severance benefits and other actions necessary to reduce programs; provided, however, that the allotment of state funds shall be authorized to the extent necessary to fulfill state maintenance-of-effort (MOE) requirements under federal law. To the extent that state MOE requirements are reduced by the federal programs, state funds in the amount of the allowable MOE reduction also shall be reserved and not expended, except as provided above in this item. The provisions of this item shall not operate to require the reserving of state funds that have been appropriated in excess of the previous level of required state match or MOE in order to enhance the affected joint federal-state program.

Item 4. It is the legislative intent that the state matching funds held in allotment reserve as a result of these actions revert to the appropriate fund balance at June 30, 2022, in addition to the amounts estimated in the over-appropriation in Section 43 of this act, and that such funds as may be estimated at mid-year, when the 2022-2023 Budget is transmitted, be available for the Governor's budget recommendations for the maintenance of any priority program services, if approved in the 2022 appropriations bill enacted by the General Assembly.

Item 5. The Commissioner of Finance and Administration, by December 31, 2021, shall report to the Senate and House Finance, Ways and Means committees and the directors of the Office of Legislative Budget Analysis on the reductions made by department and by state program, including the amounts of federal and other departmental revenue and allotments reduced, the matching state appropriations held in reserve and not allotted, the number of positions reduced, and a general summary of the impact on program services. After the report date, the commissioner shall provide any updated information in a fiscal year-end report encompassing the same categories of information, if the program reductions have changed from the earlier report.

SECTION 57. Orderly Closing of Fiscal Year 2020-2021. The provisions of this section take effect upon becoming a law, the public welfare requiring it. It is the legislative intent to fulfill the essential function and constitutional responsibility of state government to orderly close fiscal year 2020-2021. Under the provisions of Tennessee Code Annotated, Section 4-3-1016, the Commissioner of Finance and Administration is authorized to deny carry forwards for and to transfer funds from the enumerated funds, reserve accounts, or programs to the state general fund for the sole purpose of meeting the requirements of funding state government for the fiscal year ending June 30, 2021, and for that purpose such funds hereby are appropriated to the general fund. The Commissioner of Finance and Administration shall report to the chairs of the Senate and House Finance, Ways and Means Committees, and the directors of the Office of Legislative Budget Analysis all such transfers and carry-forward denials by January 15, 2022. Such transfers and carry-forward denials shall be according to the following schedule, to the extent funds are available in the reserves and considering the interests of the programs, as determined by the Commissioner of Finance and Administration:

- Item 1. From the reserves for unencumbered balance and capital outlay that are not permanent statutory reserves.
- Item 2. From the statutory reserves enumerated in Tennessee Code Annotated, Section 4-3-1016.
- Item 3. From the TennCare reserve.
- Item 4. From the reserve for revenue fluctuations established by Tennessee Code Annotated, Section 9-4-211.

SECTION 58. Other Additions to Budget. In addition to the amounts appropriated in Sections 1 and 4 of this act, the following amounts are appropriated, and the Commissioner of Finance and Administration is authorized to allocate the appropriations to the appropriate organizational units and to adjust federal aid and other departmental revenues and position authorizations accordingly. Full-time (FT) and part-time (PT) position authorizations are estimated in the text of the following line items.
