TENNESSEE

1951 ★ 1952

The term “blue book” dates from the fifteenth century when the English Parliament began keeping its records in large volumes covered with blue velvet. Since that time the name “Blue Book” has been used to describe many forms of government manuals. *The Tennessee Blue Book and Official Directory* was first published in 1929. Its predecessor, *The Official and Political Manual of the State of Tennessee*, was first published by the Office of the Secretary of State in 1890.
