Board of Nursing**Statutory Authority:** 63-7-201**Chairperson:** Cheryl Stegbauer

Powers and Duties: The Board of Nursing was created in 1911 by an act of the State Legislature and signed into law by former Governor Ben W. Hooper. The board's mission is to safeguard the health, safety and welfare of Tennesseans by requiring that all who practice nursing within this state are qualified and licensed to practice. Board responsibilities center around three broad functions: licensure, education and practice. The board grants licenses to licensed practical nurses, registered nurses and advanced practice nurses (certificate) who meet the requirements of the statutes and rules. Only graduates of approved schools of nursing are eligible to take the National Council Licensure Examination (NCLEX), which is required for licensure. The board prescribes the minimum curriculum for all nursing programs on ground, online, distance or via other electronic

means and annually approves schools of nursing meeting board standards. New schools undergo an approval process including a survey of the program. Schools not meeting standards are investigated and the board is authorized to place the school on conditional approval or close the program if standards are not met. The board interprets the statutes and administrative rules to determine the appropriate standards of practice in an effort to ensure the highest professional conduct. The board issues private advisory opinions to licensees on request. The board causes the investigation of nurses alleged to have violated the law and rules and is responsible to discipline the license of and/or imposes civil penalties on those found guilty.

Board Expiration Date: 2021-06-30**Compensation:** Board members shall receive fifty dollars (\$50.00) per diem when actually engaged in the discharge of official duties and shall be reimbursed for all travel and other necessary expenses.**Meeting Schedule:** At least one (1) regular meeting each year and other meetings as determined by the Board; approximately ten (10) hours of meetings per month.**Leslie N Akins**

Commission on Aging and Disability

502 Deaderick Street, 9th Floor, Andrew Jackson Building

Board Contact: Cindy Warf 615-253-4423

Statutory Authority: 71-2-104

Appointing Authority: Governor, Speaker of the Senate, Speaker of the House of Representatives, Four Commissioners/Commission

Chairperson: Clint Lewis

Powers and Duties: The Tennessee Commission on Aging and Disability was created by the Tennessee General Assembly in 1963. The commission is the designated state unit on aging and is mandated to provide leadership relative to all aging issues on behalf of older persons in this state. The commission administers the federal funds provided by the Older Americans Act. In 2001, the Legislature expanded the authority of the commission to provide services to adults with disabilities under age sixty. The Older Americans Act provides federal funds for administration and direct services. These services include congregate and home-delivered meals, protection of elder rights, in-home care, senior centers, transportation, and family caregiver services. The commission administers federal funds to operate the State Health Insurance Assistance Program, which provides consumer education and counseling about Medicare. The commission also administers state funds for multipurpose senior centers, public guardianship, and the Options program, which includes homemaker and personal care services as well as home-delivered meals. The commission works in partnership with nine area agencies on aging and disability across the State. Each agency is the principal agent of the commission for carrying out the mandates of the Older Americans Act. Each area agency serves as the focal point for all issues relative

to the welfare of older persons in its respective planning district. Area agencies perform a wide range of activities related to advocacy, planning, coordination, interagency linkages, information sharing, brokering, monitoring, and evaluation. These activities lead to the development or enhancement of comprehensive and coordinated community-based systems that serve all communities. The commission also provides leadership and advocacy on emerging initiatives such as: livable communities, volunteer senior transportation, affordable senior housing, elder abuse prevention, and food insecurity.

Powers and Duties: Volunteer Tennessee (formerly the Commission on National and Community Service) helps ensure that the Volunteer State lives up to its name through its mission to encourage volunteerism and community service. Volunteer Tennessee pursues this mission through grants, training, and partnerships with service organizations across Tennessee. It administers AmeriCorps, the domestic Peace Corps through which hundreds of Tennesseans give a year of their lives in service to meet community needs in education, environment, public safety, and human needs in return for help with college or loan repayments. Volunteer Tennessee partners with the Department of Education and Lions Clubs International to support service-learning, a teaching methodology that combines academic and behavioral learning with volunteer service for KR12 youth. Volunteer Tennessee also manages the Governor's Volunteer Stars Awards. Initiated in 2008, the award program recognizes one youth and one adult volunteer from each participating county in the state. The National and Community Service Trust Act of 1993 requires states to maintain a bipartisan state citizen service commission in order to qualify for funds from the federal Corporation for National and Community Service. Volunteer Tennessee's twenty-five-member commission was created in 1994 by Executive Order 55, and it is administratively attached to the Department of Finance and Administration. The Governor appoints the twenty-five commission members to reflect the geographic and cultural diversity of the state.
