8th Floor, William R. Snodgrass Tennessee Tower
Nashville, TN 37243-1102

Dear Mr. York:

On a recent agency rule filing, we've identified several typographical errors in the rule filing for chapter 1660-02-07 (sequence number 03-15-17, to become effective 06/14/17):

On page 2 of the filing, in paragraph (1), subparagraph (b), parts 1 and 2, there should be a comma (,) at the end of each part, so that the subparagraph properly reads:

- (b) For this rule, a commercial marina is defined as any permanent facility accessible by boat which:
1. offers goods or services to the general public in exchange for currency or other consideration,
 2. has a valid business license, if required, and a Tennessee Tax Identification number,
 3. is permitted by the U.S. Corps of Engineers, and the Tennessee Valley Authority if applicable, as a commercial boat dock or marina.

On page 2 of the filing, the amendatory language for Rule 1660-02-07-.11 states: "Special Areas is amended by removing "Type I, Type II, Type III, or Type V" and replacing with "wearable" and "in accordance with the approval label" in

paragraph (2) so that, as amended, the rule shall read:". The amendatory language should have included that paragraph (5) was also reworded to read:

- (5) Water skiing is prohibited on Great Falls Reservoir in the Rock River Embayment from its mouth upstream to Blanks Bridge.

On page 2 of the filing, in paragraph (7), two words were not capitalized ("big" in the first line of the paragraph and "slow" in the last line) and the paragraph should properly read:

- (7) Vessels being operated within the buoyed area in Eagle Creek located at river mile 1 on the Big Sandy River, from a point east of Big Eagle picnic area, west to the west boundary of Buchanan's boat dock, shall operate at a "Slow—No Wake" speed.

If you'll please make these corrections, we would greatly appreciate it.

Yours truly,

Lisa Crawford
Legal Assistant
