- (b) Each certificate holder must retain original documents or photocopies of original documents which verify proof of attendance and completion of all continuing education requirements. This documentation must be retained for a period of four (4) years from the end of the calendar year in which the continuing education was acquired. This documentation must be produced for inspection and verification, if requested in writing by the board during its verification process. The board will not maintain continuing education files.
 - (c) The certificate holder must, within (thirty) 30 days of a request from the board, provide evidence of continuing education activities. Such evidence must be copies of one (1) or more of the proofs described in subparagraph (a).
 - (d) If a person submits documentation for training that is not clearly identifiable as appropriate continuing education, the board will request a written description of the training and how it applies to the practice of chiropractic x-ray technologists. If the board determines that the training can not be considered appropriate continuing education, the individual will be given ninety (90) days to replace the hours not allowed. Those hours will be considered replacement hours and cannot be counted during the next renewal period.
- (6) No continuing education credit shall be awarded for multi-media hours or courses.
 - (7) Continuing education credit will not be allowed for the following:

Those hours will be considered replacement hours and cannot be counted toward meeting the calendar year end requirement.
 2. Any individual requesting reactivation of a certificate which has been retired for one or more years must submit, along with the reactivation request, verification which indicates the attendance and completion of 6 hours of continuing education for the year the certificate is to be reactivated. The continuing education hours must have begun and successfully completed prior to the date of reactivation.

(Rule 0260-03-.12, continued)

- (b) Reactivation of Revoked Certification - No person whose certification has been revoked for failure to comply with continuing education may be reactivated without complying with these requirements. Continuing education requirements will accumulate at the same rate as that for those certificates which are active.  - (c) Reactivation or Reinstatement of Expired Certification - No person whose certificate has expired may be reactivated or reinstated without submitting evidence of continuing education. The continuing education hours documented at the time of reactivation or reinstatement must equal the hours required, had the certificate remained in an active status, and must have been begun and successfully completed before the date of reactivation or reinstatement.
 - (d) Continuing education hours obtained as a prerequisite for reactivating or reinstating a certificate may not be counted toward the calendar year requirement.
- (9) Violations
- (a) Any certificate holder who falsely certifies attendance and completion of the required hours of continuing education, or who does not or can not adequately and timely substantiate completed continuing education hours with the required documentation, may be subject to disciplinary action. Such disciplinary action may include a civil penalty of up to three-hundred (\$300) dollars and the requirement that deficient hours be made up within the next calendar year or any other lawful discipline.

 - (b) Waivers will be considered only on an individual basis and may be requested by submitting the following items to the board's administrative office.
 - 1. A written request for a waiver which specifies what requirement is sought to be waived and written and signed explanation of the reason for the request.

0260-03-.14 DISCIPLINARY ACTIONS AND CIVIL PENALTIES.

- (1) Upon a finding by the board that a chiropractic x-ray technologist has violated any provision of the T.C.A. § 63-4-119 or the rules promulgated thereto, the board may impose any of the following actions separately or in any combination deemed appropriate to the offense.
 - (a) Advisory Censure - This is a written action issued to the chiropractic x-ray technologist for minor or near infractions. It is informal and advisory in nature and does not constitute a formal disciplinary action.
 - (b) Formal censure or reprimand - This is a written action issued to a chiropractic x-ray technologist for one time and less severe violations. It is a formal disciplinary action.
 - (c) Probation - This is a formal disciplinary action which places a chiropractic x-ray technologist on close scrutiny for a fixed period of time. This action may be combined with conditions which must be met before probation will be lifted and/or which restrict the individual's activities during the probationary period.
 - (d) Certification Suspension - This is a formal disciplinary action which suspends an individual's right to work under certification for a fixed period of time. It contemplates the reentry of the individual into the certification previously issued.
 - (e) Certification Revocation - This is the most severe form of disciplinary action which removes an individual from working under certification by terminating the certification previously issued. If revoked, it relegates the violator to the status he possessed prior to application for certification. However, the board may in its discretion allow the reinstatement of a revoked certificate upon conditions and after a period of time which it deems appropriate. No petition for reinstatement and no new application for certification from a person whose certification was revoked shall be considered prior to the expiration of at least one year unless otherwise stated in the board's revocation order.
 - (f) Conditions - Any action deemed appropriate by the Board to be required of a disciplined certificate holder in any of the following circumstances:
 1. During any period of probation, suspension; or

 3. As a prerequisite to the lifting of probation or suspension or as a prerequisite to the reinstatement of a revoked certificate; or

(Rule 0260-03-.14, continued)

4. As a stand-alone requirement(s) in any disciplinary order.
- (g) Civil penalty - A monetary disciplinary action assessed by the Board pursuant to paragraph (4) of this rule.
 - (h) Once ordered, probation, suspension, revocation, assessment of a civil penalty, or any other condition of any type of disciplinary action may not be lifted unless and until the certificate holder petitions, pursuant to paragraph (2) of this rule, and appears before the Board after the period of initial probation, suspension, revocation, or other conditioning has run and all conditions placed on the probation, suspension, revocation, have been met, and after any civil penalties assess have been paid.
- (2) Order of Compliance - This procedure is a necessary adjunct to previously issued disciplinary orders and is available only when a petitioner has completely complied with the provisions of a previously issued disciplinary order, including an uncertified practice civil penalty order, and wishes or is required to obtain an order reflecting that compliance.
 - (a) The Board will entertain petitions for an Order of Compliance as a supplement to a previously issued order upon strict compliance with the procedures set forth in subparagraph (b) in only the following three (3) circumstances:
 1. When the petitioner can prove compliance with all the terms of the previously issued order and is seeking to have an order issued reflecting that compliance; or
 2. When the petitioner can prove compliance with all the terms of the previously issued order and is seeking to have an order issued lifting a previously ordered suspension or probation; or
 3. When the petitioner can prove compliance with all the terms of the previously issued order and is seeking to have an order issued reinstating a certificate previously revoked.
 - (b) Procedures
 1. The petitioner shall submit a Petition for Order of Compliance, as contained in subparagraph (c), to the Board's Administrative Office that shall contain all of the following:
 - (i) A copy of the previously issued order; and
 - (ii) A statement of which provision of subparagraph (a) the petitioner is relying upon as a basis for the requested order; and
 - (iii) A copy of all documents that prove compliance with all the terms or conditions of the previously issued order. If proof of compliance requires testimony of an individual(s), including that of the petitioner, the petitioner must submit signed statements from every individual the petitioner intends to rely upon attesting, under oath, to the compliance. The Board's consultant and administrative staff, in their discretion, may require such signed statements to be notarized. (Rule 0260-03-.14, continued)

- (i) Certify compliance and have the matter scheduled for presentation to the Board as an uncontested matter; or
 - (ii) Deny the petition, after consultation with legal staff, if compliance with all of the provisions of the previous order is not proven and notify the petitioner of what provisions remain to be fulfilled and/or what proof of compliance was either not sufficient or not submitted.
3. If the petition is presented to the Board the petitioner may not submit any additional documentation or testimony other than that contained in the petition as originally submitted.
 4. If the Board finds that the petitioner has complied with all the terms of the previous order an Order of Compliance shall be issued.
 5. If the petition is denied either initially by staff or after presentation to the Board and the petitioner believes compliance with the order has been sufficiently proven the petitioner may, as authorized by law, file a petition for a declaratory order pursuant to the provisions of T.C.A. § 4-5-223 and rule 1200-10-01-.11.

- (3) Order Modifications - This procedure is not intended to allow anyone under a previously issued disciplinary order, including an uncertified practice civil penalty order, to modify any findings of fact, conclusions of law, or the reasons for the decision contained in the order. It is also not intended to allow a petition for a lesser disciplinary action, or civil penalty other than the one(s) previously ordered. All such provisions of Board orders were subject to reconsideration and appeal under the provisions of the Uniform Administrative Procedures Act (T.C.A. §§ 4-5-301, et seq.). This procedure is not available as a substitute for reconsideration and/or appeal and is only available after all reconsideration and appeal rights have been either exhausted or not timely pursued. It is also not available for those who have accepted and been issued a reprimand.
- (a) The Board will entertain petitions for modification of the disciplinary portion of previously issued orders upon strict compliance with the procedures set forth in subparagraph (b) only when the petitioner can prove that compliance with any one or more of the conditions or terms of the discipline previously ordered is impossible. For purposes of this rule the term "impossible" does not mean that compliance is inconvenient or impractical for personal, financial, scheduling or other reasons.
- (b) Procedures

No documentation or testimony other than that submitted will be considered in making an initial determination on, or a final order in response to, the petition.
 2. The Board authorizes its consultant and administrative staff to make an initial determination on the petition and take one of the following actions:
 - (i) Certify impossibility of compliance and forward the petition to the Office of General Counsel for presentation to the Board as an uncontested matter; or

(Rule 0260-03-.14, continued)

- (ii) Deny the petition, after consultation with legal staff, if impossibility of compliance with the provisions of the previous order is not proven and notify the petitioner of what proof of impossibility of compliance was either not sufficient or not submitted.
 - 3. If the petition is presented to the Board the petitioner may not submit any additional documentation or testimony other than that contained in the petition as originally submitted.
 - 4. If the petition is granted a new order shall be issued reflecting the modifications authorized by the Board that it deemed appropriate and necessary in relation to the violations found in the previous order.
 - 5. If the petition is denied either initially by staff or after presentation to the Board and the petitioner believes impossibility of compliance with the order has been sufficiently proven the petitioner may, as authorized by law, file a petition for a declaratory order pursuant to the provisions of T.C.A. § 4-5-223 and rule 1200-10-01-.11.
