- (4) Audit
- (a) An Internal Audit Section will be maintained in the Department of Education for the purpose of testing and evaluating school system administrative and accounting controls, compliance, and financial and program accountability for state and federally funded programs, and for compliance with State Board of Education rules, regulations, and minimum standards. #### **0520-01-02-.16 REPORTING ATTENDANCE RELATIVE TO DISCIPLINARY ACTIONS.**

- (1) For the purposes of recording and coding student absences from school because of disciplinary actions, the following definitions shall apply:

(Rule 0520-01-02-.16, continued)

- (a) "Suspension" shall be defined as dismissal from attendance at school for any reason not more than ten (10) consecutive days. The student on suspension shall be included in ADM and will continue to be counted for funding purposes. Multiple suspensions shall not run consecutively nor shall multiple suspensions be applied to avoid expulsion from school.
  - (b) "Remand" shall be defined as assignment to an alternative school. The student so assigned shall be included in ADA/ADM and will continue to be counted as present for funding purposes. The State Department of Education shall establish a set of codes to be used for reporting reasons for students on remand to an alternative school.
  - (c) "Expulsion" shall be defined as removal from attendance for more than ten (10) consecutive days or more than fifteen (15) days in a month of school attendance. Multiple suspensions that occur consecutively shall constitute expulsion. The school district shall not be eligible to receive funding for an expelled student.
- (2) Students who qualify for services under the Individuals with Disabilities Education Act, 20 U.S.C 1400, et seq., and 34 C.F.R. 300 et seq., may be suspended, remanded, or expelled only within the provisions of said acts. Removals from school for students receiving services under the act shall not be applied in such a manner so as to constitute a pattern of exclusion of the student nor shall any change of placement occur absent the application of procedural safeguards as defined in the act.
  - (3) The parents or legal guardians of students who are suspended or expelled in accordance with the provisions of T.C.A. § 49-6-3401 shall receive notices provided for therein.

#### **0520-01-02-.17 STATE ATTENDANCE GUIDELINES.**

Each Local Education Agency (LEA) shall adopt an attendance policy that is firm, but fair; includes effective accounting and reporting procedures; accounts for extenuating circumstances; includes appeal procedures; and establishes and maintains alternative programs for students who fail to meet minimum attendance requirements.

Attendance policies should include remedies to address excessive absences that account for a student's social and emotional development and family support. Early intervention is a key aspect of a policy that effectively improves attendance. Efforts to improve attendance should include supports and interventions in elementary, middle, and high school levels to address and prevent chronic absenteeism.

- (1) The number of unexcused absences shall comply with T.C.A. § 49-6-3007. When appropriate, responses to and consequences for unexcused absences shall be handled within the school setting using relevant supports and interventions that address the underlying cause(s) for the unexcused absences. Nontraditional learning environments that improve student engagement such as online or distance learning, credit recovery, evening programs and flexible scheduling should be considered.
  - (a) Upon or before five (5) days of unexcused absences, the principal or designee shall notify the director of schools or designee and initiate meaningful communications with the student and their parent/guardian. The school shall attempt to determine the underlying cause(s) of the unexcused absences. When appropriate, a plan to improve school attendance should be initiated for the student.
  - (b) Upon or before ten (10) days of unexcused absences, the principal or designee shall attempt to meet in person with the student and/or their parent/guardian, develop or

(Rule 0520-01-02-.17, continued)

- refine the attendance plan, and provide necessary supports and services to improve school attendance. The principal or designee shall maintain documented attempts to meet with the student and their parent/guardian and the resulting attendance plan.
- (c) The policy shall address the excusing of absences for reasons including but not limited to the following: injury, illness, pregnancy, hospitalization, homebound, summons, subpoena, court order, military, college visits, school-sponsored activities, school-endorsed activities, death of a family member, and extenuating circumstances determined on a case-by-case basis.
  - (d) To the extent possible, local district attendance policies should not be used to penalize students academically.
  - (e) The policy shall align with the McKinney-Vento Homeless Assistance Act [found at 42 U.S.C. §§ 11431, et seq.].
- (2) Whenever possible, attendance issues should be resolved at the school level. To ensure due process, LEAs must adopt a policy that affords students with excessive (more than 5) unexcused absences the opportunity to appeal. Such policy must, at minimum, include written or actual notice to the student or their parent/guardian and the opportunity to be heard. The burden of proof rests on the student or their parent/guardian. The appeal process for determining unexcused absences is ancillary to a truancy decision rendered by a juvenile court judge as described in T.C.A. § 49-6-3010.
  - (3) When an attendance policy has been adopted by the governing body of an LEA, a copy of the policy shall be posted at each school, and school counselors shall be supplied copies for discussion with students. The policy shall be referenced in all school handbooks. All teachers, administrative staff, and parents/guardians shall be provided copies of the policy.
  - (4) LEAs are encouraged to develop truancy boards, youth courts, or other alternative programs to serve as an intervention for students with excessive absences.
  - (5) Notwithstanding any other provision of this rule, as a result of the COVID-19 public health emergency in the spring semester of the 2019-20 school year, LEAs and public charter schools that choose to provide instruction during the period of school closure either virtually or via any form of remote learning may take attendance for purposes of determining the extent to which students have access to the instruction and the effectiveness of the remote programming; however, students shall not be given an unexcused absence or reported as truant as a result of any absences during the period of school closure.
