Amendment filed December 28, 2005; effective April 28, 2006. Amendment filed January 12, 2015; effective April 12, 2015. Amendments filed February 3, 2020; effective May 3, 2020.

0520-14-01-.03 ALLOCATION OF STATE AND LOCAL FUNDS.

- (1) A local board of education shall allocate to each charter school an amount equal to the per student state and local funds received by the LEA and all appropriate allocations under federal laws or regulations.
- (2) Student enrollments used in per pupil calculations shall be based on current year average daily membership (ADM) for the LEA in which the school resides (inclusive of all charter school enrollment). The charter school's allocation shall be calculated by multiplying the per pupil amount by the charter school's current year ADM.
- (3) Allocations to charter schools shall be based on one hundred percent (100%) of state and local funds received by the authorizer, including any current year growth funds received by the authorizer and the required local match for the state funds generated under the Basic Education Program (BEP) for capital outlay (excluding the proceeds of debt obligations and associated debt service).
- (4) The Department of Education shall calculate and report the amount of state funding required under the BEP for capital outlay that each public charter school should receive in a fiscal year. The LEA in which a charter school resides shall include in the per pupil funding amount required under paragraph (1) and state law, all state and local funds generated under the BEP for capital outlay that are due to public charter schools operating in the LEA.
- (5) Allocations to a charter school shall not be reduced by the authorizer for any category of cost(s) except for the annual authorizer fee. If the charter agreement includes a provision whereby the authorizer will provide for employee benefits or retirement, then the authorizer may withhold funds to cover the costs of those services. Any services the charter school chooses to purchase from the authorizer may also exist in a separate services contract between the charter school and the authorizer. However, approval of a separate services contract may not be a condition of approval of the charter agreement. If a services contract is executed with the authorizer, then the authorizer may withhold funds to cover the costs of those services.
- (6) Each authorizer shall include as part of its budget submitted pursuant to T.C.A. § 49-2-203, the per pupil amount of local money it will pass through to charter schools during the upcoming school year. Allocations to the charter schools during that year shall be based on that figure. The authorizer shall distribute the portion of local funds it expects to receive in no fewer than nine (9) equal installments to charter schools in the same manner as state funds are distributed. The initial per pupil amount of funding shall be calculated using the number of BEP funded ADMs for the first payments. An authorizer shall adjust payments to its charter schools, at a minimum, in October, February and June, based on changes in revenue, student enrollment, or student services. Beginning with the first such adjustment, and continuing for the remainder of the school year, the authorizer shall use current year enrollment to calculate the adjusted per pupil amount.
- (7) New charter schools or charter schools adding a new grade shall be funded based on anticipated enrollment in the charter agreement. Those figures shall be subsequently adjusted to reflect the actual number of students enrolled.

(Rule 0520-14-01-.03, continued)

- (8) Pursuant to T.C.A. § 49-13-124, the authorizer may endorse the submission of the qualified zone academy bond application to the local taxing authority. The authorizer may endorse such a bond application submitted by the charter school governing body, or the authorizer may include the charter school's project as part of the authorizer's bond application.
- (9) If charter schools provide school nutrition programs, they may provide their own programs in compliance with United States Department of Agriculture regulations and State law or they may contract with the authorizer for the provision of school nutrition programs.
- (10) Charter schools that provide transportation in accordance with the provisions of T.C.A. §§ 49-6-2101, et seq., other than through an agreement with the charter authorizer, shall receive the State and local funds generated through the BEP for such transportation.

Authority: T.C.A. §§ 49-2-203; 49-6-2101, et seq.; 49-13-112; 49-13-124; and 49-13-126.
Administrative History: Original rule filed March 25, 2010; effective August 29, 2010. Repeal and new rule filed March 21, 2012; effective August 29, 2012. Amendments filed September 22, 2017; effective December 21, 2017. Amendments filed September 29, 2020; effective December 28, 2020. Amendments filed November 30, 2020; effective February 28, 2021.

0520-14-01-.04 ENROLLMENT.

- (1) Charter schools shall conduct an initial student application period of at least thirty (30) days. During this period, all eligible students may apply.
- (2) A charter school shall not exclude students from enrollment based on race, color, ethnicity, national origin, religion, income level, disability, proficiency in the English language, or academic ability.
- (3) A charter school may submit a charter school application that seeks to limit enrollment to a single sex, as long as such enrollment proposal is in compliance with federal law.
- (4) A charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building.
- (5) Students that attended the charter school during the previous school year shall be given first enrollment preference and excluded from entering into a lottery. Students that attended the charter school during the previous school year shall not be required to re-apply. Students enrolling in a charter school from another charter school, even if both schools share a governing body, shall be subject to the preferences outlined in paragraph (9).
- (6) A charter school may give an enrollment preference to children of a teacher or member of the governing body of the charter school, not to exceed ten percent (10%) of total enrollment or twenty-five (25) students, whichever is less, in which case such students shall also be given first enrollment preference and excluded from entering into a lottery.
- (7) If, at the end of the initial student application period, the number of eligible students seeking to be enrolled does not exceed the school's capacity or the capacity of a program, class, grade level or building, then the enrollment of eligible students may proceed on a first come, first served basis.
- (8) If, at the end of the initial student application period, the number of eligible students seeking to be enrolled exceeds the school's capacity or the capacity of a program, class, grade level or building, then the enrollment of eligible students shall be determined on the basis of a lottery.

(Rule 0520-14-01-.04, continued)

- (a) Any such lottery shall be conducted within thirty (30) calendar days of the close of the initial student application period.
 - (b) A charter school shall provide to the Department of Education certification by an independent accounting firm or by a law firm that each lottery conducted for enrollment purposes complied with the requirements of T.C.A. § 49-13-113. Charter schools that choose to participate in the enrollment process of their authorizer may use certification from the authorizer to satisfy this requirement.
 - (c) In lieu of an independent accounting firm or law firm, charter schools may request that the Department of Education review and approve the lottery process prior to the lottery.
- (9) A charter school shall give enrollment preferences in the following order:
- (a) Students enrolled in a pre-K program operated by the charter school sponsor;
 - (b) Students enrolled in a charter school that has an articulation agreement with the enrolling charter school; provided, that the articulation agreement has been approved by the authorizer;
 - (c) Siblings of students already enrolled in the charter school;
 - (d) Students residing within the geographic boundaries of the LEA in which the charter school is located who were enrolled in another public school during the previous school year; and
 - (e) Students residing outside the geographic boundaries of the LEA in which the charter school is located; if permitted through the authorizer's out-of-district enrollment policy.
- (10) If enrollment within a group of preference set out in paragraph (9) exceeds the planned capacity of the school, enrollment within that group shall be determined on the basis of a lottery.
- (11) A non-charter public school converting partially or entirely to a charter school under T.C.A. § 49-13-106 shall give enrollment preference to students who reside within the former school zone of the converted public school. Parents whose children are enrolled in the existing public school to be converted shall have the option to enroll their children in another public school operated by the LEA without penalty. The enrollment preference for students who reside within the former school zone of the converted public school excludes those students from entering into a lottery.
- (12) Students living in other school zones may enroll in a conversion charter school after those living in the school zone have the opportunity to enroll, but only if there is program, class, grade level, and building capacity to serve the out-of-zone students. If applications by out-of-zone students exceed the charter school's capacity, then enrollment of out-of-zone students shall be determined on the basis of a lottery. Out-of-zone students who attended the school the previous school year and such students' siblings may be given preference in enrollment.
- (13) A charter school may refuse to admit any student who is expelled from another public school or district or who is in the process of being expelled from another public school or district.

The public hearing shall be attended by the State Board or its designated representative and shall occur in the school district in which the charter school is operating.
- (e) Following the public hearing, the review of the amendment application or emergency amendment application and any additional information collected by the State Board, the Executive Director of the State Board shall provide written findings and recommendations to the State Board.
