Notwithstanding the deemed compliance of a facility's services, such a facility is subject to the suspension or revocation of its license under the terms and procedures established in T.C.A. § 33-2-407 and the rules of this chapter.
- (4) Pursuant to T.C.A. § 33-2-403(c), a facility or service which can demonstrate compliance with regulations and standards by a previously acquired license from another state agency is considered in compliance with rules promulgated by the Department to the extent that duplicate inspection and enforcement is necessary.

The facility or service shall comply with all reasonable requests of the Department and allow it to obtain information from third parties, including, but not limited to, individuals being served by the facility or service, and/or to review and obtain copies of all records of the facility or service sufficient to determine compliance with licensure laws, ordinances, regulations and rules.

 - (a) Violation of licensure law or rules;
 - (b) Permitting, aiding or abetting the commission of any illegal act in a licensed facility or service;
