3. An amount representing the sixty-fifth (65th) percentile of all such NFs or beds, whichever is lower, participating in the Level 1 Medicaid NF Program. In determining the sixty-fifth (65th) percentile for purposes of this part, each provider's most recently filed and reviewed cost report shall be inflated from the mid-point of the provider's cost reporting period to the mid-point of the State's payment period. The trending factor shall be computed for NFs that have submitted cost reports covering at least six (6) months of program operations. For NFs that have submitted cost reports covering at least three (3) full years of program participation, the trending factor shall be the average cost increase over the three (3) year period, limited to the seventy-fifth (75th) percentile trending factor of NFs participating for at least three (3) years. Negative averages shall be considered zero (0). For NFs that have not completed three (3) full years in the program, the one (1) year trending factor shall be the fiftieth (50th) percentile trending factor of NFs participating in the program for at least three (3) years. For NFs that have failed to file timely cost reports, the trending factor shall be zero (0);
4. An amount representing the reimbursable cost of the sixty-fifth (65th) percentile of NFs or beds, whichever is lower, participating in the NF Level 1 Program. In determining the sixty-fifth (65th) percentile ceiling for purposes of this part, operating costs from each provider's most recently filed and reviewed cost report will be inflated from the mid-point of the provider's cost reporting period to the mid-point of the state's payment period. The inflation factor shall be as described in Part 3. above. Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the NF Cost Report Form. All other costs, including home office costs and management fees, are operating costs. No inflation factor will be allowed for providers not filing timely cost reports. For providers in the program less than three (3) years, the inflation factor shall be the fiftieth (50th) percentile of allowable inflation factors for providers participating in the program for at least three (3) years. Budgeted cost reports receive no inflation allowance; or
5. For State Fiscal Year 1997-98, the budgeted amount for Level 1 and Level 2 care of \$672,040,000. For State Fiscal Year 1998-99, the budgeted amount for Level 1 and Level 2 care of \$705,642,000. For State Fiscal Year 1999-2000 and subsequent years, a proportional share of expenditures not to exceed the amount budgeted by the State for NF reimbursement. Expenditures shall be monitored throughout each year to determine if rate adjustments are necessary to assure that each LOC is within the budgeted amount.
6. To assure the proper application of Part 5. above, the Comptroller's Office shall be authorized to adjust per-diem rates up or down as necessary during the year.
7. The annual NF tax shall be passed through as an allowable cost, but shall be excluded for purposes of computing the inflation allowance and cost-containment incentive. The NF tax shall not be subject to the sixty-fifth (65th) percentile limits but is subject to the limit specified in Rule 1200-13-01-.03(6)(a)5.
8. If the resident has no available resources to apply toward payment, the Medicaid payment is the lower of per-diem cost, charges, or the sixty-fifth (65th) percentile of all such NFs or beds participating in the Medicaid Program, whichever is less. Cost is determined on a facility-by-facility basis.

(Rule 1200-13-01-.03, continued)

9. The cost report closing date for determination of the Level 1 sixty-fifth (65th) percentile shall be the first working day of the month preceding the month in which the recomputed sixty-fifth (65th) percentile is effective. All clean cost reports received by the Comptroller's Office on or before the closing date shall be included in the determination of the sixty-fifth (65th) percentile ceiling. A clean cost report is one upon which rates may be set without additional communication from the provider. Home office cost reports must be filed before any individual NF cost reports included in a chain can be processed.
 - (b) Costs for supplies and other items billed, including any NF staff required to deliver the service, which are billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the NF cost report.
 - (c) Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next ceiling redetermination except for audit adjustments, correction of errors, or termination of a budgeted rate, or as necessary to comply with Rule 1200-13-01-.03(6)(a)5.
- (7) Reimbursement Methodology for Level 2 Care.
 - (a) A Level 2 NF shall be reimbursed on the lowest of the following:
 1. Allowable costs;
 2. Allowable charges;

In determining the sixty-fifth (65th) percentile for purposes of this part, each provider's most recently filed and reviewed cost report shall be inflated from the mid-point of the provider's cost reporting period to the mid-point of the Bureau's payment period. The trending factor shall be computed for NFs that have submitted cost reports covering at least six (6) months of program operations. For NFs that have submitted cost reports covering at least three (3) full years of program participation, the trending factor shall be the average cost increase over the three (3) year period, limited to the seventy-fifth (75th) percentile trending factor of NFs participating for at least three (3) years. Negative averages shall be considered zero (0). For NFs that have not completed three (3) full years in the program, the one (1) year trending factor shall be the fiftieth (50th) percentile trending factor of NFs participating in the program for at least three (3) years. For NFs that have failed to file timely cost reports, the trending factor shall be zero (0);
 4. A prospective amount representing the reimbursable cost of the sixty-fifth (65th) percentile of NFs or beds, whichever is lower, participating in the NF Level 2 Program. In determining the sixty-fifth (65th) percentile ceiling for purposes of this part, operating costs from each provider's most recently filed and reviewed cost report will be inflated from the midpoint of the provider's cost reporting period to the mid-point of the Bureau's payment period. The inflation factor shall be as described in Part 3. above. Capital-related costs are not subject to indexing. Operating and capital-related costs are as specified on Worksheet B of the Medicare SNF cost report form. Budgeted cost reports receive no inflation allowance; or
 5. For State Fiscal Year 1997-98, the budgeted amount for Level 1 and Level 2 care of \$672,040,000. For State Fiscal Year 1998-99, the budgeted amount for Level

(Rule 1200-13-01-.03, continued)

- 1 and Level 2 care of \$705,642,000. For State Fiscal Year 1999-2000 and subsequent years, a proportional share of expenditures not to exceed the amount budgeted by the State for NF reimbursement. Expenditures shall be monitored throughout each year to determine if rate adjustments are necessary to assure that each LOC is within the budgeted amount.
6. To assure the proper application of Part 5. above, the Comptroller's Office shall be authorized to adjust per-diem rates up or down as necessary during the year.
 7. The cost report closing date for determination of the Level 2 sixty-fifth (65th) percentile shall be the first working day of the month preceding the month in which the recomputed sixty-fifth (65th) percentile is effective. All clean cost reports received by the Comptroller's Office on or before the closing date shall be included in the determination of the sixty-fifth (65th) percentile. A clean cost report is one upon which rates may be set without additional communication from the provider. Home office cost reports must be filed before any individual NF cost reports included in a chain can be processed.
 8. The annual NF tax shall be passed through as an allowable cost, but shall be excluded for purposes of computing the inflation allowance and cost-containment incentive. The NF tax shall not be subject to the sixty-fifth (65th) percentile limits but is subject to the limit specified in Rule 1200-13-01-.03(7)(a)5.
 9. Once a per-diem rate is determined from a clean cost report, the rate shall not be changed until the next ceiling redetermination except for audit adjustments, correction of errors, or termination of a budgeted rate, or as necessary to comply with Rule 1200-13-01-.03(7)(a)5.
 10. If the resident has no available resources to apply toward payment, the Medicaid payment is the lower of per-diem cost, charges, or the sixty-fifth (65th) percentile of beds or NFs, whichever is lower, participating in the Medicaid Program. Cost is determined on a facility by facility basis.
- (b) Medicare Part B charges, including any facility staff required to deliver the service, are non-allowable in calculating Medicaid Level 2 NF reimbursement.
- (8) Reimbursement for enhanced respiratory care services in a Medicare-certified and licensed Level 2 SNF shall be made only by TennCare MCOs in accordance with this Chapter and rates established by the Bureau.
- (9) Bed holds. A Level 1 NF shall be reimbursed for a resident's bed in the NF during the resident's temporary absence from the NF as follows:
- (a) Reimbursement shall be made for up to a total of ten (10) days per State fiscal year while the resident is hospitalized or absent from the NF on therapeutic leave. The following conditions must be met in order for a bed hold reimbursement to be made:
 1. The resident intends to return to the NF.
 2. For hospital leave days:
 - (i) Each period of hospitalization is physician ordered and so documented in the resident's medical record in the NF; and
 - (ii) The hospital provides a discharge plan for the resident.

(Rule 1200-13-01-.03, continued)

3. Therapeutic leave days, when the resident is absent from the NF on a therapeutic home visit or other therapeutic absence, are provided pursuant to a physician's order.
 4. At least eighty-five percent (85%) of all other beds in the NF are occupied at the time of the hospital admission or therapeutic absence. An occupied bed is one that is actually being used by a resident. Beds being held for other residents while they are hospitalized or otherwise absent from the facility are not considered to be occupied beds for purposes of this calculation. Computations of occupancy percentages will be rounded to the nearest percentage point.
- (b) NFs shall not be reimbursed for holding a bed for a person receiving Level 2 NF or Enhanced Respiratory Care reimbursement during his temporary absence from the NF.
- (10) Other Reimbursement Issues.
- (a) No change of ownership or controlling interest of an existing Medicaid provider, including NFs, can occur until monies as may be owed to the Bureau or its contractors are provided for. The purchaser shall notify the Bureau of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to the Bureau or its contractors for one (1) year from the date of purchase or for one (1) year following the Bureau's receipt of the provider's Medicare final notice of program reimbursement, whichever is later. The purchaser shall be entitled to use any means available to it by law to secure and recoup these funds from the selling entity. In addition, purchasers of NFs are responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid residents at the time of the change of ownership or controlling interest.
 - (b) If the Bureau or an MCO has not reimbursed a business for TennCare services provided under the TennCare Program at the time the business is sold, when such an amount is determined, the Bureau or the MCO shall be required to reimburse the person owning the business provided such sale included the sale of such assets.
 - (c) When a provider was originally paid within a retrospective payment system that is subject to regular adjustments and the provider disputes the proposed adjustment action, the provider must file with the State not later than thirty (30) days after receipt of the notice informing the provider of the proposed adjustment action, a request for hearing. The provider's right to a hearing shall be deemed waived if a hearing is not requested within thirty (30) days after receipt of the notice.

1200-13-01-.04 THIRD PARTY RESOURCES.

(1) Definitions

- (a) Third party resources shall mean any individual, entity or program that is or may be liable to pay all or part of the expenditures for medical assistance furnished to a Tennessee Medicaid recipient.

Recipient resources acquired through medical malpractice or victim compensation actions or from indemnity insurance, which compensates for loss of work or loss of limb, shall not be considered a third party resource. An indemnity insurance policy which compensates for specific medical services such as inpatient hospital confinement, is a third party resource.

- (b) Third party payment shall mean compensation provided to a Medical provider or to Medicaid by any third party resource which eliminates or reduces Medicaid's indebtedness for medical assistance furnished to a Tennessee Medicaid recipient.
- (c) Direct billing shall mean the process used by Medicaid to collect/recover payments for covered services from any third party resource available to a Medicaid recipient.
- (d) Recipient assignment of rights shall mean that a recipient or responsible party shall assign rights to Medicaid for medical support or other third party payments. The recipient and/or responsible party shall cooperate with Medicaid and providers in obtaining Medical support or payments.
- (e) Third party documentation shall mean:
1. an insurance company's explanation of benefits (EOB) related to the specific claim, or
 2. a statement on the provider's letterhead indicating contact with the insurance company and the reason for denial. The statement must be signed and dated by an authorized employee of the provider and include the insurance company

(Rule 1200-13-01-.04, continued)

name, policy and group number, the date of contact, the date of service, the recipient name and Medicaid identification number.

- (2) Claims for Medicaid covered services provided to Medicaid eligibles shall not be made against Medicaid until Medicare and other probable third party resources to the recipient have been collected, unless prohibited by federal law except where third party resources are provided by other state agencies under contract with this Department which designated the agency as payor after Medicaid.
 - (a) Medicaid may be billed following formal notification from the third party resources that the services provided are not covered or payable or when third party payment has been received. All claims submitted shall indicate the third party payment amount received, if third party resources are found to be nonexistent, copies of letter(s) or other supporting documentation shall be attached to the claim.
 1. If third party payment is less than the Medicaid allowable, Medicaid will pay the difference between the third party payment and the Medicaid allowable. No further claim shall be allowed against the recipient and/or the recipient's responsible party(s) for Medicaid services, or
 2. If third party payment is equal to or exceeds the Medicaid allowable no further claim shall be allowed against Medicaid or the Medicaid recipient and/or that recipient's responsible party(s) for Medicaid covered services.
- (3) Providers receiving third party payments following Medicaid payment shall notify and refund Medicaid within 60 days of receipt of the third party payment. The refund to Medicaid shall be the lesser of the third party or Medicaid payment. The provider shall submit a check to Medicaid, or may request Medicaid to setoff the refund amount from the provider's current claim. A Medicaid - Title XIX Adjustment Void Request form identifying the recipient's name and Medicaid number, date(s) of service, remittance advice, number and the name and address of the third party resource, shall be submitted with a check or request for setoff to assure the proper credit is provided to the provider and recipient accounts.
- (4) Providers having received third party payments which should have been reported and refundable in whole or in part to Medicaid as specified in parts (2) and (3), which were held more than 60 days and not refunded, and/or which are found in an audit/review shall be subject to any resulting federal monetary assessment against the State Medicaid program.
- (5) Medicaid shall perform audits of provider records to identify third party resources unreported and/or unrefunded to Medicaid as specified in part (3). Provider(s) to be audited shall be selected based upon the potential of the provider and/or provider category (hospitals, physicians, etc.) to receive third party resources.
- (6) Direct Billing
 - (a) Medicaid shall utilize direct billing when it is determined that a previously paid service(s) may have been covered by a third party. Additionally, notwithstanding Section (2), direct billing for some services may be more cost effective than requiring the provider to collect prior to billing Medicaid. These services shall be, but are not limited to, pharmacy claims.
 - (b) Medicaid shall identify to the third party resource, the recipient name and address, the third party group and/or policy number (if appropriate), the name of the responsible party/policyholder, the name of the provider of service, the description of the service that was provided, the date(s) of the service, the amount billed Medicaid by the provider of service, and the amount paid by Medicaid to the provider of service.

(Rule 1200-13-01-.04, continued)

- (c) The third party resources shall submit payment to Medicaid and/or notify Medicaid in writing of no-coverage data such as the date the policy started and lapsed, services that are non-covered, and the identity of any other party having been paid by the third party resource for any of the identified service(s).
 - (d) Medicaid shall notify the Tennessee Department of Human Services in the event an absent parent, court ordered to provided for medical expenses, cannot be located and/or refuses to make full restitution to Medicaid.
- (7) Reserved.
- (8) Provider Billing Requirements
 - (a) Providers shall bill Medicaid for all covered services rendered under the plan and report third party collections.
 - (b) Unless otherwise allocated on the payor's explanation of benefits (EOB), third party payment reported to Medicaid shall be prorated equally over the institutional days or professional services billed.
 - (c) Medicaid will not make payment if the provider is aware of a third party resource prior to rendering service and is denied payment from the third party resource because of provider non-compliance with policy/contract provisions.
- (9) Paid claims, for which a third party resource is later identified, may be voided by Medicaid if the date of service is within one year of the resource identification. The third party resource will be identified to the provider on the remittance advice which identities the voided claim.
- (10) Provider Discrimination

A provider who furnished services and is participating under the plan may not refuse to furnish services to a recipient because of a third party potential liability for payment for the service.
- (11) Assignment of Benefits
 - (a) A recipient assigns rights to Medicaid when the recipient uses a Medicaid card to receive medical assistance.
 - (b) Any document released by a provider to a Medicaid recipient concerning the provision of a covered service shall have "Benefits Assigned" printed boldly on the statement. If a provider refunds third party payments to a recipient the provider is subject to recovery from Medicaid up to the Medicaid paid amount. If a third party pays the recipient directly Medicaid shall recover from the recipient.
 - (c) A provider shall immediately notify Medicaid of a request for medical records from a Medicaid recipient and/or agent or attorney. If proper authorization is received from the recipient the records may be released with the statement "Benefits Assigned." The notification to Medicaid must include:
 - 1. name and Medicaid number of the recipient,
 - 2. dates of service in question.
 - 3. provider name and provider number,

(Rule 1200-13-01-.04, continued)

4. attorney name, address and telephone number, and/or
5. insurance company name, address and telephone number.

(12) Recipient Shall Cooperate with Provider

If the provider documents at least two attempts to obtain recipient cooperation in meeting third party resource policy/plan requirements they may contact the Medicaid TPL Unit for assistance. The provider may bill Medicaid after 180 days with copies of the documentation attached to the claim. Medicaid shall pay the provider and attempt recovery from the recipient and/or third party resource.

(13) Absent Parents

(a) An absent parent obligated by court order to provide continuing health insurance, medical support or a combination of insurance and support shall:

1. be billed by Medicaid for reimbursement of costs incurred for his/her child, and
2. reimburse Medicaid promptly or provide adequate health insurance coverage information to Medicaid.

Medicaid may bill the insurance carrier directly and request provider assistance in the recovery. Medicaid will enter into a written cooperative agreement for the enforcement of rights to, and collection of, such third party benefits as provided in 42 CFR Section 433.151, as amended.

(b) An absent parent obligated by court order to pay for paternity expenses only shall be billed for costs incurred for the delivery of his/her child. Failure by the absent parent to reimburse Medicaid will initiate the recovery process in Section (13)(a).

(14) Subrogation Notice

Medicaid shall notify any third party or attorney of the state's claim of subrogation, when either is suspected of representing a Medicaid recipient who has received benefits. If an unauthorized settlement is distributed to the recipient and/or a responsible party after the receipt of the subrogation notice, the person responsible for the distribution shall be financially liable to the State for Medicaid's payments.

(15) Third Party Documentation/Explanation of Benefits

(a) A provider shall maintain third party documentation/explanation of benefits until audited but no longer than three (3) years from date of service, unless other record requirements apply.

(b) A provider shall attach explicit documentation of a third party resource denial to the Medicaid claim, except in the case of UB-82 and tape billing. This documentation must provide sufficient information for Medicaid to justify payment. The information will also be used by Medicaid to update its third party resource files as appropriate.

(c) If a third party resource denial is based on services in excess of an annual limitation, the documentation shall only be valid on claims for the applicable year. Documentation shall be appropriate to the claim submitted or the claim will be denied.

(16) Third party is established and available on the date of service.

(Rule 1200-13-01-.04, continued)

If provider learns of a third party resource after billing Medicaid the provider shall immediately bill the third party. If third party payment is received the provider shall adjust the previous Medicaid payment using the Medicaid Adjustment/Void Request Form. The insurance company name and policy number should be entered on the form. If no third party payment is received the explanation of benefits should be kept on file by the provider.

- (17) Third party is not established or available on the date of service (example: automobile accident - party possibly at fault with liability coverage which may pay recipient medical claims.)
 - (a) A provider may elect to bill the anticipated liable third party for a covered Medicaid service, or
 - (b) If the provider elects to bill Medicaid, Medicaid will recover from the third party.
 - (c) The provider may not include charges for covered services billed to Medicaid in an independent claim to the potentially liable third party.
 - (d) The provider may void a claim previously paid by Medicaid at any time in an attempt to recover a larger payment from a potentially liable third party.
 - (e) Medicaid may not be billed for a covered service under the plan following the expiration of Medicaid's timely filing limits.
- (18) A provider may keep the total third party payment even if it exceeds the Medicaid allowable amount.
- (19) Medical assistance benefits shall be coordinated with third party resources and reimbursement shall not be made for services which would have been reimbursable by the third party except for failure to adhere to the third party's requirements.

1200-13-01-.05 TENNCARE CHOICES PROGRAM.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) Program components. The TennCare CHOICES Program is a managed LTC program that is administered by the TennCare MCOs under contract with the Bureau. The MCOs are responsible for coordinating all covered physical, behavioral, and LTC services for their members who qualify for and are enrolled in CHOICES. The program consists of two components:
 - (a) NF services, as described in this Chapter.
 - (b) HCBS, as described in this Chapter.
- (3) Eligibility for CHOICES.
 - (a) There are two groups in TennCare CHOICES:

(Rule 1200-13-01-.05, continued)

1. CHOICES Group 1. Participation in CHOICES Group 1 is limited to Medicaid Enrollees of all ages who qualify for and are receiving Medicaid-reimbursed NF services. Medicaid eligibility for LTC services is determined by DHS. Medical (or LOC) eligibility is determined by the Bureau as specified in Rule 1200-13-01-.10. Persons in CHOICES Group 1 must be enrolled in TennCare Medicaid and qualify for Medicaid-reimbursement of LTC services.
 2. CHOICES Group 2.
 - (i) Participation in CHOICES Group 2 is limited to TennCare Enrollees who qualify for and are receiving TennCare-reimbursed HCBS. To be eligible for CHOICES Group 2, Enrollees must meet the following criteria:
 - (I) Be in one of the defined target populations;
 - (II) Qualify in one of the specified eligibility categories;
 - (III) Meet NF LOC; and
 - (IV) Have needs that can be safely and appropriately met in the community and at a cost that does not exceed their Individual Cost Neutrality Cap as defined in Rule 1200-13-01-.02.
 - (ii) Target Populations for CHOICES Group 2. Only persons in one of the target populations below may qualify to enroll in CHOICES Group 2:
 - (I) Persons age sixty-five (65) and older.
 - (II) Persons twenty-one (21) years of age and older who have one or more physical disabilities as defined in Rule 1200-13-01-.02.
 - (iii) Eligibility Categories Served in CHOICES Group 2. Participation in CHOICES Group 2 is limited to TennCare Enrollees who qualify in one of the following eligibility categories:
 - (I) SSI eligibles, who are determined eligible for SSI by the Social Security Administration. SSI eligibles are enrolled in TennCare Medicaid.
 - (II) The CHOICES 217-Like Group, as defined in Rule 1200-13-01-.02. Financial and categorical eligibility are determined by DHS. Persons who qualify in the CHOICES 217-Like Group in accordance with Rule 1200-13-14-.02 are enrolled in TennCare Standard.
- (b) Level of Care (LOC).

All Enrollees in TennCare CHOICES must meet the LOC criteria for NF services, as determined by the Bureau in accordance with Rule 1200-13-01-.10. Physician certification of LOC shall be required only for NF services. Upon implementation of CHOICES in the Grand Division, only the CHOICES PAE may be submitted to establish LOC eligibility for CHOICES LTC services. However, an unexpired non-CHOICES PAE eligibility segment may be used as permitted by the Bureau for enrollment into CHOICES, including persons on a Waiting List for HCBS.

- (c) With respect to the PASRR process described in Rule 1200-13-01-.23:

(Rule 1200-13-01-.05, continued)

1. Persons in CHOICES Group 1 must have been determined through the PASRR process described in Rules 1200-13-01.-10 and 1200-13-01.-23 to be appropriate for NF placement.
 2. Persons in CHOICES Group 2 are not required to complete the PASRR process unless they are admitted to a NF for the Short-term NF benefit described in Paragraph (7) of this Rule. Completion of the PASRR process is not required for Members of CHOICES Group 2 who have elected the Inpatient Respite Care benefit described in Paragraph (7) of this Rule, since the service being provided is not NF services, but rather, Inpatient Respite Care, which is an HCBS.
- (d) All Enrollees in TennCare CHOICES must be admitted to a NF and require Medicaid-reimbursement of NF services or be receiving HCBS in CHOICES Group 2.
- (e) All Enrollees in TennCare CHOICES Group 2 must be determined by the AAAD or the MCO, as applicable, to be able to be served safely and appropriately in the community and within their individual cost-neutrality cap, in accordance with this Rule. If a person can be served safely and appropriately in the community and within their individual cost-neutrality cap only through receipt of Companion Care services, the person may not be enrolled into CHOICES until a qualified companion has been identified, an adequate back-up plan has been developed, and the companion has completed all required paperwork and training and is ready to begin delivering Companion Care services immediately upon the person's enrollment into CHOICES. Reasons a person cannot be served safely and appropriately in the community may include, but are not limited to, the following:
1. The home or home environment of the applicant is unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the person or to individuals who provide covered services.
 2. The health, safety, and welfare of the individual cannot be assured due to the lack of a signed Risk Agreement, or the person's decision to receive services in the home or community poses an unacceptable level of risk.
 3. The applicant or his caregiver is unwilling to abide by the POC or Risk Agreement, resulting in the inability to ensure the person's health, safety and welfare.
- (f) Immediate Eligibility. See definition in Rule 1200-13-01-.02.
1. The Bureau may elect, based on information provided in a TennCare application that has been submitted to DHS for determination, to grant a forty-five (45) day period of Immediate Eligibility for a person who meets the following criteria:
 - (i) Is deemed likely to qualify for TennCare in the CHOICES 217-Like eligibility category;
 - (ii) Has an approved CHOICES PAE; and
 - (iii) Meets all other specified criteria for enrollment into CHOICES Group 2, subject to categorical and financial eligibility determination.
 2. Individuals admitted to CHOICES under the Immediate Eligibility option are individuals who are not already eligible for TennCare.

(Rule 1200-13-01-.05, continued)

3. Immediate Eligibility is not a covered eligibility category in the Medicaid State Plan or the TennCare Section 1115 Waiver. There is no entitlement to apply or qualify for Immediate Eligibility. Should the Bureau not elect to provide a period of Immediate Eligibility, no notice shall be issued.
 4. If eligibility in the CHOICES 217-Like Group is denied by DHS, the individual shall receive notice and the right to request a fair hearing regarding the DHS eligibility decision. Continuation of HCBS benefits or Immediate Eligibility shall not be granted during the fair hearing process once the forty-five (45) day Immediate Eligibility period has expired. A fair hearing shall not be granted regarding either of the following:
 - (i) A decision by the Bureau to not grant the optional forty-five (45) day period of Immediate Eligibility; or
 - (ii) The end of a forty-five (45) day period of Immediate Eligibility granted by the Bureau.
 5. During a period of Immediate Eligibility, individuals are eligible only for the limited package of HCBS identified in Paragraph (7)(j). They are not eligible for any other TennCare services, including other LTC services.
 6. During a period of Immediate Eligibility, individuals who are also Medicare beneficiaries are not entitled to Medicare crossover payments on their Medicare benefits. They cannot be considered "dual eligibles" since they are not yet Medicaid-eligible.
- (4) Enrollment in TennCare CHOICES. Enrollment into CHOICES shall be processed by the Bureau as follows:
- (a) Enrollment into CHOICES Group 1. To qualify for enrollment into CHOICES Group 1, an individual must:
 1. Have completed the PASRR process as defined in Rules 1200-13-01-.10 and 1200-13-01-.23;
 2. Have an approved unexpired CHOICES PAE for Level 1 services, Level 2 services, or Enhanced Respiratory Care Reimbursement. The Bureau may also accept, at its discretion, an approved, unexpired, non-CHOICES PAE for the applicable LOC (Level 1 NF or Level 2 NF) submitted prior to implementation of CHOICES in the Grand Division. Eligibility for Enhanced Respiratory Care Reimbursement may be established only with a CHOICES PAE.
 3. Be approved by DHS for Medicaid reimbursement of NF services.
 4. Be admitted to a NF. The Bureau must have received notification from the NF that Medicaid reimbursement is requested for the effective date of CHOICES enrollment (i.e., the individual is no longer privately paying for NF services and Medicare payment of NF services is not available). Enrollment into CHOICES Group 1 (and payment of a capitation payment for LTC services) cannot begin until the Bureau or the MCO will be responsible for payment of NF services.
 - (b) Enrollment into CHOICES Group 2.
To qualify for enrollment into CHOICES Group 2:

(Rule 1200-13-01-.05, continued)

1. An individual must be in one of the target populations specified in this Rule;
 2. An individual must have an approved unexpired CHOICES PAE. The Bureau may also accept, at its discretion, an approved, unexpired non-CHOICES PAE for Level 1 NF care or the Statewide E/D Waiver submitted prior to implementation of CHOICES in the Grand Division;
 3. An individual must be approved by DHS for reimbursement of LTC services as an SSI recipient or in the CHOICES 217-Like Group. To qualify in the CHOICES 217-Like Group, an individual must be enrolled in CHOICES Group 2 or be approved by the Bureau for Immediate Eligibility for CHOICES Group 2, subject to categorical and financial eligibility by DHS;
 4. The Bureau must have received a determination by the AAAD or MCO, as applicable, that the individual's needs can be safely and appropriately met in the community, and at a cost that does not exceed his Individual Cost Neutrality Cap, as described in this Rule; and
 5. There must be capacity within the established Enrollment Target to enroll the individual in accordance with this Rule which may include satisfaction of criteria for reserve capacity, as applicable; or the individual must meet specified exceptions to enroll even when the Enrollment Target has been reached.
- (c) Individual Cost Neutrality Cap.
1. Each Member enrolling or enrolled in CHOICES Group 2 shall have an Individual Cost Neutrality Cap, which shall be used to determine:
 - (i) Whether or not he qualifies to enroll in CHOICES Group 2;
 - (ii) Whether or not he qualifies to remain enrolled in CHOICES Group 2; and
 - (iii) The total cost of HCBS, HH Services, and PDN Services he can receive while enrolled in CHOICES Group 2. The Member's Individual Cost Neutrality Cap functions as a limit on the total cost of HCBS that, when combined with the cost of HH Services and PDN Services the Member will receive, can be provided to the Member in the home or community setting.
 2. A Member is not entitled to receive services up to the amount of his cost neutrality cap. A Member shall receive only those services that are medically necessary (i.e., required in order to help ensure the Member's health, safety and welfare in the home or community setting and to delay or prevent the need for NF placement). Determination of the services that are needed shall be based on a comprehensive assessment of the Member's needs and the availability of Natural Supports and other (non-TennCare reimbursed) services to meet identified needs which shall be conducted by the Member's Care Coordinator.
 3. Calculating a Group 2 Member's Individual Cost Neutrality Cap.
 - (i) Each Group 2 Member will have an Individual Cost Neutrality Cap that is based on the average cost of the level of NF reimbursement that would be paid if the Member were institutionalized in a NF as set forth in Items (I) through (III) below. CHOICES Group 2 does not offer an alternative to hospital level of care.

(Rule 1200-13-01-.05, continued)

- (I) A Member who would qualify only for Level 1 NF reimbursement shall have a cost neutrality cap set at the average cost of Level 1 NF care.
 - (II) A Member who would qualify for Level 2 NF reimbursement shall have a cost neutrality cap set at the average cost of Level 2 (or skilled) NF care.
 - (III) A Member who would qualify for the Enhanced Respiratory Care Reimbursement for persons who are chronically ventilator dependent, or for persons who have a functioning tracheostomy that requires frequent suctioning through the tracheostomy will have a cost neutrality cap that reflects the higher payment that would be made to the NF for such care. There is no cost neutrality cap for Ventilator Weaning Reimbursement, as such service is available only on a short-term basis in a SNF or acute care setting.
- (ii) The PAE application shall be used to submit information to the Bureau that will be used to establish a Member's Individual Cost Neutrality Cap.
 - (iii) A Member's Individual Cost Neutrality Cap shall be the average cost of Level 1 NF care unless a higher cost neutrality cap is established based on information submitted in the PAE application.
4. Application of the Individual Cost Neutrality Cap.
- (i) The annual cost neutrality cap shall be applied on a calendar year basis. The Bureau and the MCOs will track utilization of HCBS, HH services, and PDN services across calendar year increments.
 - (ii) A Member's Individual Cost Neutrality Cap must be applied prospectively on a twelve (12) month basis. This is to ensure that a Member's POC does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of care planning, the AAAD or MCO will always project the total cost of all HCBS (including one-time costs such as Minor Home Modifications, short-term services or short-term increases in services) and HH and PDN Services forward for twelve (12) months in order to determine whether the Member's needs can continue to be safely and cost-effectively met based on the most current POC that has been developed. The cost of one-time services such as Minor Home Modifications, short-term services or short-term increases in services must be counted as part of the total cost of HCBS for a full twelve (12) month period following the date of service delivery.
 - (iii) If it can be reasonably anticipated, based on the HCBS, HH and PDN services currently received or determined to be needed in order to safely meet the person's needs in the community, that the person will exceed his cost neutrality cap, then the person does not qualify to enroll in or to remain enrolled in CHOICES Group 2.
5. As the setting of an individual's Cost Neutrality Cap does not, in and of itself, result in any increase or decrease in a Member's services, notice of action shall not be provided regarding the Bureau's Cost Neutrality Cap calculation.
- (i) A Member has a right to due process regarding his Individual Cost Neutrality Cap when services are denied or reduced, when a determination

(Rule 1200-13-01-.05, continued)

is made that an applicant cannot be enrolled into CHOICES, or a currently enrolled CHOICES Member can no longer remain enrolled in CHOICES because his needs cannot be safely and effectively met in the home and community-based setting at a cost that does not exceed his Individual Cost Neutrality Cap.

- (ii) When an adverse action is taken, notice of action shall be provided, and the applicant or Member shall have the right to a fair hearing regarding any valid factual dispute pertaining to such action, which may include, but is not limited to, whether his Cost Neutrality Cap was calculated appropriately.
 - (I) Denial of or reductions in HCBS based on a Member's Cost Neutrality Cap shall constitute an adverse action under the Grier Revised Consent Decree (Modified) (See Rules 1200-13-13-.01(4) and 1200-13-14-.01(4)), and shall give rise to Grier notice of action and due process rights to request a fair hearing in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.
 - (II) Denial of enrollment and/or involuntary disenrollment because a person's Cost Neutrality Cap will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with this rule.
- (d) Enrollment Target for CHOICES Group 2.
- 1. There shall be an Enrollment Target for CHOICES Group 2. The Enrollment Target functions as a cap on the total number of individuals who can be enrolled into CHOICES Group 2 at any given time.
 - (i) Effective March 1, 2010, the Enrollment Target for CHOICES Group 2 will be seven thousand five hundred (7,500).
 - (ii) Effective July 1, 2010, the Enrollment Target for CHOICES Group 2 will be nine thousand five hundred (9,500).
 - (iii) Effective September 30, 2011, the Enrollment Target for CHOICES Group 2 will be eleven thousand (11,000).
 - 2. Reserve Capacity.
 - (i) The Bureau shall reserve three hundred (300) slots within the CHOICES Group 2 Enrollment Target. These slots are available only when the Enrollment Target has otherwise been reached, and only to the following:
 - (I) Individuals being discharged from a NF; and
 - (II) Individuals being discharged from an acute care setting who are at imminent risk of being placed in a NF setting absent the provision of HCBS.
 - (ii) Once all other available (i.e., unreserved) slots have been filled, individuals who meet specified criteria (including new applicants seeking to establish eligibility in the CHOICES 217-Like Group as well as current SSI-eligible individuals seeking enrollment into CHOICES Group 2) may be enrolled into reserved slots. TennCare may require confirmation of the NF or

(Rule 1200-13-01-.05, continued)

hospital discharge and in the case of hospital discharge, written explanation of the applicant's circumstances that warrant the immediate provision of NF services unless HCBS are immediately available.

- (iii) If enrollment into a reserve capacity slot is denied, notice shall be provided to the applicant, including the right to request a fair hearing regarding any valid factual dispute pertaining to the Bureau's decision. If the person otherwise qualifies for enrollment into CHOICES Group 2, but does not meet the specified criteria for reserve capacity, the person shall be placed on a Waiting List for CHOICES Group 2.
- (iv) Once the Enrollment Target is reached, qualified persons shall not be enrolled into CHOICES Group 2 or qualify in the CHOICES 217-Like eligibility category based on receipt of HCBS until such time that capacity within the Enrollment Target is available, with the following exceptions:
 - (I) NF-to-Community Transitions. A Member being served in CHOICES Group 1 who meets requirements to enroll in CHOICES Group 2 can enroll in CHOICES Group 2 even though the Enrollment Target has been met. This Member will be served in CHOICES Group 2 outside the Enrollment Target but shall be moved within the CHOICES Enrollment Target at such time that a slot becomes available. A request to transition a Member from CHOICES Group 1 to CHOICES Group 2 in excess of the CHOICES Group 2 Enrollment Target must specify the name of the NF where the Member currently resides, the date of admission and the planned date of transition.
 - (II) CEA Enrollment. An MCO with an SSI-eligible recipient who meets all other criteria for enrollment into CHOICES Group 2, but who cannot enroll in CHOICES Group 2 because the Enrollment Target for that group has been met, has the option, at its sole discretion, of offering HCBS as a CEA to the Member. Upon receipt of satisfactory documentation from the MCO of its CEA determination and assurance of provider capacity to meet the Member's needs, the Bureau will enroll the person into CHOICES Group 2, regardless of the Enrollment Target. The person will be served in CHOICES Group 2 outside the Enrollment Target, but shall be moved within the CHOICES Group 2 Enrollment Target at such time that a slot becomes available. Satisfactory documentation of the MCO's CEA determination shall include an explanation of the Member's circumstances that warrant the immediate provision of NF services unless HCBS are immediately available. Documentation of adequate provider capacity to meet the Member's needs shall include a listing of providers for each HCBS in the Member's POC which the MCO has confirmed are willing and able to initiate HCBS within five (5) days of the Member's enrollment into CHOICES.
- (v) Once the CHOICES Group 2 Enrollment Target is reached, any persons enrolled in excess of the Enrollment Target in accordance with this Rule must receive the first available slots that become available. Only after all persons enrolled in excess of the Enrollment Target have been moved under the Enrollment Target can additional persons be enrolled into CHOICES Group 2.

(5) Disenrollment from CHOICES.

(Rule 1200-13-01-.05, continued)

A Member may be disenrolled from CHOICES voluntarily or involuntarily.

- (a) Voluntary disenrollment shall proceed only upon receipt of a statement signed by the Member or his authorized Representative. No notice of action shall be issued regarding a Member's decision to voluntarily disenroll from CHOICES. However, notice shall be provided regarding any subsequent adverse action that may occur as a result of the Member's decision, including any change in benefits, cost-sharing responsibility, or continued eligibility for TennCare when the Member's eligibility was conditioned on receipt of LTC services.
 - (b) A Member may be involuntarily disenrolled from CHOICES only by the Bureau, although such process may be initiated by a Member's MCO. Reasons for involuntary disenrollment include when the Member no longer meets one or more criteria for eligibility and/or enrollment as specified in this Rule. Such reasons include but are not limited to:
 1. The Member's needs can no longer be safely met in the community. This may include, but is not limited to the following instances:
 - (i) The home or home environment of the Member becomes unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Member or to individuals who provide covered services to the Member.
 - (ii) The Member or his caregiver refuses to abide by the POC or Risk Agreement, resulting in the inability to ensure the Member's health, safety and welfare.
 - (iii) Even though an adequate provider network is in place, there are no providers who are willing to provide necessary services to the Member.
 - (iv) The health, safety, and welfare of the Member cannot be assured due to the lack of a signed Risk Agreement, or the Member's decision to continue receiving services in the home or community poses an unacceptable level of risk.
 2. The Member's needs can no longer be safely met in the community at a cost that does not exceed the Member's Cost Neutrality Cap, as described in this Rule.
 3. The Member no longer needs or is no longer receiving LTC services.
 4. The Member has refused to pay his Patient Liability. The MCO and/or its participating providers are unwilling to serve the Member in CHOICES because he has not paid his Patient Liability, and/or no other MCO is willing to serve the Member in CHOICES.
- (6) Transitioning into CHOICES and Transitioning Between CHOICES Groups.
- (a) Transition at the time that CHOICES is implemented in a particular Grand Division of the State:
 1. All active participants in the existing Statewide E/D Waiver who live in that Grand Division shall be automatically transitioned into CHOICES.
 2. All persons receiving TennCare-reimbursed NF services in that Grand Division shall be automatically transitioned into CHOICES.

(Rule 1200-13-01-.05, continued)

3. There shall be no right to a fair hearing regarding the termination of the Section 1915(c) Waiver, and no ability to remain enrolled in the Section 1915(c) Waiver or to continue receiving FFS NF care. Once CHOICES has been implemented in a Grand Division, TennCare Members in that Grand Division may receive LTC services only through CHOICES, with the following exceptions:
 - (i) Institutional and community services for persons with MR will continue to be offered through the ICF/MR program described in Rule 1200-13-01-.30 and the HCBS waiver programs for persons with MR described in Rules 1200-13-01-.25, .28, and .29.
 - (ii) Elderly and disabled residents of Hamilton County may elect to participate in the PACE program, in which case they will not be enrolled with a TennCare MCO.
 4. Members shall remain in their currently assigned MCO. LTC services shall become part of the covered benefit package provided to the Member by his current MCO.
- (b) Continuity of Care period.
1. Members residing in NFs and transitioning into CHOICES Group 1 and Members transitioning from the existing Section 1915(c) Waiver into CHOICES Group 2 shall receive a Continuity of Care period based on their currently authorized POC.
 2. The Continuity of Care period shall last for a minimum of thirty (30) days and will continue for up to ninety (90) days for persons enrolled in CHOICES Group 2 or until a new POC has been implemented.
 3. During the Continuity of Care period:
 - (i) CHOICES Group 1 Members.
 - (I) The Member shall continue to receive NF services from the current NF provider, regardless of whether the NF is a Contract or Non-Contract Provider, unless the Member chooses to move to another NF and such choice is documented.
 - (II) NF providers not participating in the MCO's network shall be reimbursed at the contract rate for the first thirty (30) days following implementation, and thereafter in accordance with Rule 1200-13-01-.05(9)(e)3.
 - (ii) CHOICES Group 2 Members.
 - (I) The Member shall continue to receive the services currently specified in his Waiver POC, except for Case Management Services which shall be replaced with Coordination provided by the Member's MCO.
 - (II) The Member shall continue to receive HCBS from his current Waiver providers, regardless of whether such providers are contracted with the MCO to deliver CHOICES benefits. Non-contract HCBS providers shall be reimbursed at the MCO's full contract rate during

(Rule 1200-13-01-.05, continued)

the Continuity of Care period, even if such period is extended beyond thirty (30) days. In the case of Members receiving services in a CBRA setting, the Member shall remain in that CBRA during the Continuity of Care period, unless he chooses to move to another CBRA and such choice is documented.

- (III) Any action to reduce or change the type, amount, frequency, or duration of Waiver services in order to implement the new POC shall require notice of action in accordance with Rules 1200-13-13-11 and 1200-13-14-11.

(c) Transitioning between CHOICES Groups.

1. Transition from Group 1 to Group 2.

- (i) An MCO may request to transition a Member from Group 1 to Group 2 only when the Member chooses to transition from the NF to an HCBS setting. Members shall not be required to transition from Group 1 to Group 2.
- (ii) When Members move from Group 1 to Group 2, DHS must recalculate the Member's Patient Liability based on the Community PNA.

2. Transition from Group 2 to Group 1.

- (i) An MCO may request to transition a Member from Group 2 to Group 1 only under the following circumstances:
 - (I) The Member chooses to transition from HCBS to NF, for example, due to a decline in the Member's health or functional status, or a change in the Member's natural caregiving supports; or
 - (II) The MCO has made a determination that the Member's needs can no longer be safely met in the community and at a cost that does not exceed the average cost of NF services for which the Member would qualify, and the Member chooses to transition to the more appropriate institutional setting in order to safely meet his needs.
- (ii) When Members move from Group 2 to Group 1, DHS must recalculate the Member's Patient Liability based on the Institutional PNA.

3. At such time as a transition between groups is made, the MCO shall issue notice of transition to the Member. Because the Member has elected the transition and remains enrolled in CHOICES, such transition between CHOICES groups shall not constitute an adverse action. Thus, the notice will not include the right to appeal or request a fair hearing regarding the Member's decision.

(7) Benefits in the TennCare CHOICES Program.

- (a) CHOICES includes NF care and HCBS benefits, as described in this Chapter. Pursuant to federal regulations, NF services must be ordered by the treating physician. A physician's order is not required for HCBS.
- (b) Members of CHOICES Group 1 receive NF care, in addition to all of the medically necessary covered benefits available for Medicaid recipients, as specified in Rule 1200-13-13-04. While receiving NF care, Members are not eligible for HCBS.

(Rule 1200-13-01-.05, continued)

- (c) Members of CHOICES Group 2 who are Medicaid eligible receive HCBS as specified in an approved POC, in addition to medically necessary covered benefits available for TennCare Medicaid recipients, as specified in Rule 1200-13-13-.04. While receiving HCBS, Members are not eligible for NF care, except for Short-Term NF care, as described in this Chapter.
- (d) Members of CHOICES Group 2 who are eligible for TennCare Standard in the CHOICES 217-Like Group receive HCBS as specified in an approved POC, in addition to medically necessary covered benefits available for TennCare Standard recipients, as specified in Rule 1200-13-14-.04. While receiving HCBS, Members are not eligible for NF, except for Short-Term NF care, as described in this Chapter.
- (e) Members are not eligible to receive any other HCBS during the time that Short-Term NF services are provided. HCBS such as Minor Home Modifications or installation of a PERS which are required to facilitate transition from the NF back to the home or community may be provided during the NF stay and billed with date of service being on or after discharge from the NF.
- (f) Members receiving CBRA services, other than Companion Care, are eligible to receive only Assistive Technology services, since other types of support and assistance are within the defined scope of the 24-hour CBRA benefit and are the responsibility of the CBRA provider.
- (g) Members receiving Companion Care are eligible to receive only Assistive Technology, Minor Home Modifications, and Pest Control, since all needed assistance with ADLs and IADLs are within the defined scope of the 24-hour CBRA benefit.
- (h) All LTC services, NF services as well as HCBS, must be authorized by the MCO in order for MCO payment to be made for the services. An MCO may elect to accept the Bureau's PAE determination as its prior authorization for NF services. NF care may sometimes start before authorization is obtained, but payment will not be made until the MCO has authorized the service. Except for special provisions which may be made by an MCO during the Continuity of Care period for CHOICES implementation, HCBS must be specified in an approved POC and authorized by the MCO prior to delivery of the service in order for MCO payment to be made for the service.
- (i) HCBS covered under TennCare CHOICES and applicable limits are specified below. The benefit limits are applied across all services received by the Member regardless of whether the services are received through CD and/or a traditional provider agency. Corresponding limitations regarding the scope of each service are defined in Rule 1200-13-01-.02 and in Subparagraphs (a) through (h) above.

For CHOICES Members not participating in CD, provider agencies delivering HCBS may permit staff to accompany a Member outside the home, but not to personally transport the Member. The decision of whether or not to accompany the Member outside the home is at the discretion of the agency/worker, taking into account such issues as the ability to safely provide services outside the home setting and the cost involved. In no case will additional hours of service and/or an increased rate of reimbursement be provided as a result of an agency/worker decision to accompany a Member outside the home.

3. For CHOICES Members participating in CD, the Member may elect to have his Consumer-Directed Workers (including Companion Care workers) to accompany and/or transport the Member if such an arrangement is agreed to by both the Member and the Workers and specified in the Service Agreement; however, no additional hours or reimbursement will be available. 3. Essential kitchen appliances, basic furniture, and essential basic household items, such as towels, linens, and dishes.

(8) Consumer-Direction (CD).

1. The model of CD that will be implemented in CHOICES is a prior authorization model.
2. The determination regarding the services a Member will receive shall be based on a comprehensive needs assessment performed by a Care Coordinator that identifies the Member's needs, the availability of family and other caregivers to meet those needs, and the gaps in care for which paid services may be authorized.

 - (vi) A Member may change his Representative at any time by notifying his Care Coordinator and his Supports Broker that he intends to change Representatives. The Care Coordinator shall verify that the new Representative meets the qualifications as described above. A new Representative Agreement must be completed and signed, in the presence of a Care Coordinator, prior to the new Representative assuming his respective responsibilities.

 3. The Back-up Plan for CD shall include the names and telephone numbers of contacts (Workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts.
 4. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the Member electing CD and/or his Representative to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity, and for initiating the back-up plan when needed.
 5. The Member's Back-up Plan for Consumer-Directed Workers shall be integrated into the Member's Back-up Plan for services provided by Contract Providers, as applicable, and the Member's POC.

(Rule 1200-13-01-.05, continued)

6. The Care Coordinator shall review the Back-up Plan developed by the Member and/or his Representative to determine its adequacy to address the Member's needs. If an adequate Back-up Plan cannot be provided to CD, enrollment into CD may be denied, as set forth in this Rule.
 7. The Back-up Plan shall be reviewed and updated at least annually, and as frequently as necessary if there are changes in the type, amount, duration, scope of eligible HCBS or the schedule at which such services are needed, changes in Workers (when such Workers also serve as a back-up to other Workers) and changes in the availability of paid or unpaid back-up Workers to deliver needed care.

 - (III) The scope of each service (i.e., the specific tasks and functions the Worker is to perform);
 - (IV) The service rate; and
 - (V) The requested start date for services.
- (ii) The Service Agreement must be in place for each Worker prior to the Worker providing services.
 - (iii) The Service Agreement shall also stipulate if a Worker will provide one or more Self-Directed Health Care Tasks, the specific task(s) to be performed, and the frequency of each Self-Directed Health Care Task.
6. Payments to Consumer-Directed Workers.
- (i) Rates.

With the exception of Companion Care Services, Members participating in CD have the flexibility to set wages for their Workers from a range of reimbursement levels established by TennCare.

 - (I) Monthly Companion Care rates are only available for a full month of service delivery and will be pro-rated when a lesser number of days are actually delivered.
 - (II) The back-up per diem rate is available only when a regularly scheduled companion is ill or unexpectedly unable to deliver services, and shall not be authorized as a component of ongoing Companion Care Services.
 - (ii) Payments to Consumer-Directed Workers. In order to receive payment for services rendered, all Workers must:
 - (I) Deliver services in accordance with the schedule of services specified in the Member's POC and in the MCO's service authorization, and in accordance with Worker assignments determined by the Member or his Representative.
 - (II) Use the EVV system to log in and out at each visit.
 - (III) Provide detailed documentation of service delivery including but not limited to the specific tasks and functions performed for the Member at each visit, which shall be maintained in the Member's home.

- (j) Self-Direction of Health Care Tasks.
1. A Competent Adult, as defined in this Chapter, with a functional disability living in his own home, enrolled in CHOICES Group 2, and participating in CD, or his Representative for CD, may choose to direct and supervise a Consumer-Directed Worker in the performance of a Health Care Task as defined in this Chapter.
 2. For purposes of this rule, home does not include a NF or ACLF.

 4. Health Care Tasks that may be self-directed for the purposes of this Subparagraph are limited to administration of oral, topical and inhaled medications.
 5. The Member or Representative who chooses to self-direct a health care task is responsible for initiating self-direction by informing the health care professional who has ordered the treatment which involves the Health Care Task of the individual or caregiver's intent to perform that task through self-direction. The provider shall not be required to prescribe self-direction of the health care task.
 6. When a licensed health care provider orders treatment involving a Health Care Task to be performed through self-directed care, the responsibility to ascertain that the Member or caregiver understands the treatment and will be able to follow through on the Self-Directed Health Care Task is the same as it would be for a Member or caregiver who performs the Health Care Task for himself, and the licensed health care provider incurs no additional liability when ordering a Health Care Task which is to be performed through self-directed care.
 7. The Member or his Representative for CD will identify one or more Consumer-Directed Workers who will perform the task in the course of delivery of eligible HCBS. If a Worker agrees to perform the Health Care Tasks, the tasks to be performed must be specified in the Service Agreement. The Member or his Representative for CD is solely responsible for identifying a Worker who is willing to perform Health Care Tasks, and for instructing the paid personal aide on the task(s) to be performed.
 8. The Member or his Representative for CD must also identify in his Back-up Plan for CD who will perform the Health Care Task if the Worker is unavailable, or stops performing the task for any reason.
 9. Ongoing monitoring of the Worker performing self-directed Health Care Tasks is the responsibility of the Member or his Representative. Members are encouraged

(1) Anti-discrimination.

No Medicaid-reimbursed resident of a NF shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination by any such facility.

(a) A NF may not directly or through contractual or other arrangements, on ground of race, color, or national origin:

1. Deny a Medicaid-reimbursed resident any service or benefit provided under the program.
2. Provide any service or benefit to a Medicaid-reimbursed resident which is different, or is provided in a different manner, from that provided to others under the program.
3. Subject a Medicaid-reimbursed resident to segregation or separate treatment in any matter related to the receipt of any service or benefit under the program.
4. Restrict a Medicaid-reimbursed resident in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service or benefit under the program.
5. Treat a Medicaid-reimbursed resident differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership or other requirement or condition which the resident must meet in order to be provided any service or benefit provided under the program.

(b) A NF, in determining the types of services, or benefits which will be provided under any such program, or the Medicaid-reimbursed resident to whom, or the situations in which, such services or benefits will be provided under the program, or the Medicaid-reimbursed resident to be afforded an opportunity to participate in the program, may not, directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting those residents to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishments of the objective of the program with respect to those residents of a particular race, color, or national origin.

(c) As used in this rule, the services or benefits provided by a NF shall be deemed to include any service, or benefit provided in or through a facility participating in this program.

(d) The enumeration of specific forms of prohibited discrimination in this rule does not limit the generality of the prohibition in this rule.

(Rule 1200-13-01-.06, continued)

- (e) When a NF has previously discriminated against persons on the ground of race, color, or national origin, the facility must take affirmative action to overcome the effects of prior discrimination.
 - (f) Even in the absence of such prior discrimination, a facility may take affirmative action to overcome the effects of conditions which resulted in limiting participation by persons of a particular race, color, or national origin.
- (2) Admissions, transfers, and discharges from NFs.
- (a) All NFs shall establish written policies and procedures addressing admission, transfer and discharge, consistent with these rules. These policies and procedures shall be available for inspection by the state.
 - (b) A NF that has entered into a provider agreement with the Bureau of TennCare or an MCO shall admit individuals on a first come, first served basis, except as otherwise permitted by state and federal laws and regulations.
 - (c) NFs participating in the Medicaid Program shall not as a condition of admission to or continued stay at the facility request or require:

 - 2. Payment of an amount from a Medicaid-eligible resident in excess of the amount of Patient Liability determined by DHS.
 - 3. Payment in excess of the amount of Patient Liability determined by DHS from any resident who is financially eligible for medical assistance but who has not submitted a PAE for consideration or whose appeal rights for a denied PAE have not been exhausted.

 - 1. Transfer and Discharge Rights.

 - (I) The transfer or discharge is necessary to meet the resident's welfare which cannot be met in the facility;
 - (II) The transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility;
 - (III) The safety of individuals in the facility is endangered;

(Rule 1200-13-01-.06, continued)

- (IV) The health of individuals in the facility would otherwise be endangered;

- (ii) In each of the cases described above, no resident shall be discharged or transferred without a written order from the attending physician or through other legal processes and timely notification of next of kin and/or sponsor or authorized representative, if any. Each NF shall establish a policy for handling residents who wish to leave the facility against medical advice. The basis for the transfer or discharge must be documented in the resident's clinical record. In the cases described in items (I) and (II) above, the documentation must be made by the resident's physician, and in the case described in item (IV) above, the documentation must be made by a physician. For purposes of item (V), in the case of a resident who becomes eligible for assistance under Title XIX after admission to the facility, only charges which may be imposed under Title XIX shall be considered to be allowable.
- (iii) When a resident is transferred, a summary of treatment given at the facility, condition of resident at time of transfer and date and place to which transferred shall be entered in the record. If transfer is due to an emergency; this information will be recorded within forty-eight (48) hours; otherwise, it will precede the transfer of the resident.

- (v) Where an involuntary transfer is proposed, in addition to any other relevant factors, the following factors shall be taken into account:

(Rule 1200-13-01-.06, continued)

- (iii) Notify the Department of Health and the LTC Ombudsman.
 - (iv) Not transfer or discharge a resident until the above agencies have designated their intention to intervene and until any appeal process is complete, should the resident request a fair hearing.
3. Timing of Notice. The notice under Part 2. above must be made at least thirty (30) days in advance of the resident's transfer or discharge except:
- (i) In a case described in Items 1200-13-01-.06(2)(d)1.(i)(III) and (IV).
 - (ii) In a case described in Item 1200-13-01-.06(2)(d)1.(i)(II) where the resident's health improves sufficiently to allow a more immediate transfer or discharge.
 - (iii) In a case described in Item 1200-13-01-.06(2)(d)1.(i)(I) where a more immediate transfer or discharge is necessitated by the resident's urgent medical needs.
 - (iv) In a case where a resident has not resided in the facility for thirty (30) days.
- In the case of such exceptions, notice must be given as many days before the date of transfer or discharge as is practicable.
4. Items included in notice. Each pre-transfer and pre-discharge notice under Part 2. above must include:
- (i) Notice of the resident's right to appeal the transfer or discharge.
 - (ii) The name, mailing address, and telephone number of the LTC Ombudsman.
 - (iii) In the case of residents with developmental disabilities, the mailing address and telephone number of the agency responsible for the protection and advocacy system for developmentally disabled individuals.
 - (iv) In the case of mentally ill residents, the mailing address and telephone number of the agency responsible for the protection and advocacy system for mentally ill individuals established under the Protection and Advocacy for Mentally Ill Individuals Act.
5. Orientation. A NF must provide sufficient preparation and orientation to residents to ensure safe and orderly transfer discharge from the facility.
6. Notice of Bed-Hold Policy and Readmission. Before a resident of a NF is transferred for hospitalization or therapeutic leave, a NF must provide written information to the resident and a family member or legal representative concerning:
- (i) The provisions of the State Plan under this Title XIX regarding the period (if any) during which the resident will be permitted under the State Plan to return and resume residence in the facility, and
 - (ii) The policies of the facility consistent with Part 7. below, regarding such a period.

(Rule 1200-13-01-.06, continued)

7. Notice Upon Transfer. At the time of transfer of a resident to a hospital or for therapeutic leave, a NF must provide written notice to the resident and a family member or legal representative of the duration of any period under the State Plan allowed for the resumption of residence in the facility.
- (e) NFs participating in the Medicaid Program must establish and follow a written policy under which an Enrollee, whose hospitalization or therapeutic leave exceeds the bed hold period, is readmitted to the NF immediately upon the first availability of a bed in a semi-private room if the Enrollee:
1. Requires the services provided by the NF; and
 2. Is eligible for the level of NF care services.
- (3) Single Wait List.
- (a) Each NF participating in the TennCare must develop and consistently implement policies and procedures regarding its admissions, including the development and maintenance of a single Wait List of persons requesting admission to those facilities. This list must at a minimum contain the following information pertaining to each request for admission:
1. The name of the applicant.
 2. The name of the contact person or designated representative other than the applicant (if any).
 3. The address of the applicant and the contact person or designated representative (if any).
 4. The telephone number of the applicant and the contact person or designated representative (if any).
 5. The name of the person or agency referring the applicant to the NF.
 6. The sex and race of the applicant.
 7. The date and time of the request for admission.
 8. Reason(s) for refusal/non-acceptance/other-action-taken pertaining to the request for admission.
 9. The name and title of the NF staff person taking the application for admission.
 10. A notation stating whether the applicant is anticipated to be Medicaid eligible at time of admission or within one year of admission.
- (b) The Wait List should be updated and revised at least once each quarter to remove the names of previous applicants who are no longer interested in admission to the NF. Following three (3) contacts each separated by a period of at least ten (10) days, the NF shall, consistent with the written notice required in this section move an applicant to the end of the single admission list whenever an available bed is not accepted at the time of the vacancy, but the applicant wishes to remain on the admissions list. Applicants shall be advised of these policies at the time of their inquiry, and must be notified in writing, in a format approved by the Department of Health, when their name

(Rule 1200-13-01-.06, continued)

is removed from the list or moved to the end of the list. Such contacts shall be documented in the facility log containing the Wait List. The date, time and method of each contact shall be recorded along with the name of the facility staff person making the contact, and the identity of the applicant or contact person contacted. The log of such contacts shall also summarize the communication between the facility staff person and the applicant or contact person.

- (c) Each facility shall send written confirmation that an applicant's name has been entered on the Wait List, their position on the wait list, and a notification of their right of access to the wait list as provided in Subparagraph (h) of this Rule. This confirmation shall include at a minimum the date and time of entry on the wait list and shall be mailed by first class postage to the applicant and their designated representative (if any) identified pursuant to the requirements in Subparagraph (a) of this Rule.
- (d) Each NF participating in TennCare shall admit applicants in the chronological order in which the referral or request for admission was received by the facility, except as permitted in Subparagraph (e) of this Rule.
- (e) Documentation justifying deviation from the order of the Wait List must be maintained for inspection by the State. Inspection shall include the right to review and/or make copies of these records. Deviation may be based upon:
 - 1. Medical need, including, but not necessarily limited to, the expedited admission of patients being discharged from hospitals and patients who previously resided in a NF at a different level of care, but who, in both cases, continue to require institutional medical services;
 - 2. The applicant's sex, if the available bed is in a room or a part of the facility that exclusively serves residents of the opposite sex;
 - 3. Necessity to implement the provisions of a plan of affirmative action to admit racial minorities, if the plan has previously been approved by the Department of Health;
 - 4. Emergency placements requested by the Department when evacuating another health care facility or by the Adult Protective Service of the Tennessee Department of Human Services;
 - 5. Other reasons or policies, e.g., previous participation in a community based waiver or other alternative care program, when approved by the Medical Director of the Department of Health's Bureau of Health Licensure and Regulation, provided, however, that no such approval shall be granted if to do so would in any way impair the Department's or the facility's ability to comply with its obligations under federal and state civil rights laws, regulations or conditions of licensure or participation.
 - 6. If a Medicaid-eligible recipient's hospitalization or therapeutic leave exceeds the period paid for under the Tennessee Medicaid program for the holding of a bed in the facility for the resident and if the resident continues to require the services provided by the NF, then the resident must be readmitted to the facility immediately upon the first availability of a bed in the facility, consistent with Part 2. above;
 - 7. Where, with the participation and approval of the Department of Health, expedited admission is approved for residents who are being displaced from

(Rule 1200-13-01-.06, continued)

another facility or its waiting list as a result of that facility's withdrawal from the Medicaid program.

- (f) Telephone requests to be placed on the Wait List shall be accepted. The information required in Subparagraph (a) of this Rule shall be documented.
 - (g) If an applicant, whether on his own behalf or acting through another, requests admission or to be placed on a list of applicants awaiting admission, the information on the waiting list must be recorded and preserved.
 - (h) Applicants or their representatives shall have the right to be informed by telephone of their position on the Wait List. Ombudsmen and appropriate State and federal personnel shall have access to the Wait List when requested, and such access shall include the right to review and/or copy the Wait List.
 - (i) Any referrals received from the DHS shall be handled in the following manner.
 - 1. Applicants shall be placed on a Wait List without formal application until such facility is within sixty (60) days of admission to the facility based on experience.
 - 2. When the applicant is within sixty (60) days of admission to the facility as estimated by the facility based on its experience, the facility shall notify the applicant and DHS in writing so that a formal application can be made prior to consideration for admittance.
 - 3. If, after sixty (60) days from the date notification is issued, the facility has not received a completed application then the facility may remove the applicant's name from the Wait List.
- (4) Physician visits.
- (a) NFs are responsible for assuring that physician visits are made according to the schedule set out at 42 C.F.R. § 483.40. To meet the requirement for a physician visit, the physician must, at the time of the visit,
 - 1. See the resident;
 - 2. Review the resident's total program of care, including treatments;
 - 3. Verify that the resident continues to need the designated level of NF care and document it in the progress notes or orders;
 - 4. Write, sign, and date progress notes; and
 - 5. Sign all orders.
 - (b) At the option of the physician, required visits after the initial visit may alternate between visits by a physician and visits by a physician assistant or nurse practitioner working under the physician's delegation.
 - (c) A physician visit will be considered to be timely if it occurs not later than ten (10) days after the date of the required visit. Failure of the visit to be made timely will result in non-payment of claims, or a recoupment of all amounts paid by the Bureau or the MCO during the time that the physician visit has lapsed.

(Rule 1200-13-01-.06, continued)

- (d) NFs are responsible for assuring that the physician verify at the time of each physician's visit the Medicaid recipient's continued need for NF LOC and whether or not he is being served at the appropriate LOC.
 - 1. Failure to obtain the verification at the time of the scheduled physician visit may result in a recoupment of all amounts paid by the Bureau or the MCO during the time that the verification/physician visit has lapsed.
 - 2. If such a recoupment is made, the participating facility shall not:
 - (i) Attempt to recoup from the resident; or
 - (ii) Discharge the resident based on the recoupment.
 - 3. In cases where the physician refused to make the required verification because the physician believes that the LOC is no longer appropriate, a new resident assessment must be completed by the NF.
- (5) Termination of NF provider agreements.
 - (a) Facilities requesting voluntary termination of provider agreements shall comply with the following:
 - 1. Facilities that choose to voluntarily terminate their provider agreements may do so by notifying the Bureau or the MCO(s) in writing of such intent. The effective date of the termination will be determined by the Bureau consistent with the terms of the TennCare Provider Agreement then in force between the Bureau or the MCO(s) and the facility.
 - 2. The facility will not be entitled to payment for any additional or newly admitted TennCare eligible residents from the date of the facility's notice of withdrawal from the TennCare Program. The facility may, however, at its election, continue to receive TennCare payment for those individuals who resided in the facility, on the date of such notice, so long as they continue to reside in and receive services from the facility and provided that such individuals are TennCare-eligible during the period for which reimbursement is sought. The facility's right to continue to receive TennCare payments for such individuals following the date of its notice of intent to withdraw from the TennCare program is contingent upon:
 - (i) The facility's compliance with all requirements for TennCare participation; and
 - (ii) Its agreement to continue to serve, and accept TennCare payment for, on a non-discriminatory basis, all individuals residing in the facility on the date of notification of withdrawal, who are or become TennCare eligible.
 - 3. The notification must provide the following information:
 - (i) The reason(s) for voluntary termination;
 - (ii) The names and TennCare identification numbers of all TennCare-eligible residents;
 - (iii) Name of the resident and name of the contact person for the resident (if any) for each resident with an application for TennCare eligibility pending;

(Rule 1200-13-01-.06, continued)

- (iv) A copy of the letter the facility will send to each resident informing him of the voluntary termination, and a copy of the letter to be sent to all TennCare-eligible residents regarding this action;
 - (v) A copy of the letter sent to all applicants on the Wait List informing them of the facility's voluntary termination;
 - (vi) Whether or not the facility intends to continue to provide services to non-TennCare residents who were residents of the facility on the date withdrawal was approved, in the event they convert to TennCare eligibility; and a copy of the notice to residents explaining that decision; and,
 - (vii) Other information determined by the Bureau or the MCOs as necessary to process the request for termination.
4. The termination of the provider's involvement in TennCare must be done in such a manner as to minimize the harm to current residents.
- (i) Residents who are currently TennCare-eligible shall be informed, in a notice to be provided by the facility and approved by the Bureau, that the facility has elected to withdraw from the TennCare program. If the facility has elected under Subpart (ii) of the section to continue to receive TennCare payments for residents of the facility as of the date of notice of withdrawal from the TennCare Program, the notice shall inform the resident of the right to remain in the facility as a TennCare resident as long as he wishes to do so and remain otherwise eligible under the rules of the TennCare Program. The notice shall also inform the resident that, if he wishes to transfer to another facility, under the supervision of TennCare, the NF where he now resides will assist in locating a new placement and providing orientation and preparation for the transfer, in accordance with 42 U.S.C.A. §1396r(c)(2)(B) and implementing regulations and guidelines, if any.
 - (ii) All other residents of the facility shall receive a separate notice informing them of the facility's intention to withdraw from the TennCare program. The notice will be provided by the facility after having been first reviewed and approved by the Bureau. The notice shall inform such residents that, should they become eligible for TennCare coverage, they will be able to convert to TennCare from their current source of payment and remain in the facility only during a period that ends with the termination of the facility's provider agreement, a date to be determined in accordance with the terms of the provider agreement. They will not be eligible for TennCare coverage of their care in the facility thereafter. Transfer of these residents shall be considered an involuntary transfer and shall comply with federal and State regulations governing involuntary transfer or discharges.

The same notice will caution these residents that, if they require care as TennCare residents after the facility's provider agreement is terminated, they will have to transfer to another facility. The notice will also inform the residents that, when their present facility is no longer participating in the TennCare program, certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare facilities will no longer be available to those who remain in the NF. Readers of the notice will be informed that, if they wish to transfer, or to have their names placed on Wait Lists at other facilities, the facility that is withdrawing from the program will assist them by providing preparation and orientation under the

(Rule 1200-13-01-.06, continued)

supervision of the Bureau, as required by 42 U.S.C.A. § 1396r(c)(2)(B) and implementing regulations and guidelines, if any.

- (iii) Applicants whose names are on the facility's Wait List will be notified by the facility on a form that has been reviewed and approved by the Bureau that the facility intends to withdraw from the TennCare Program. They will be cautioned that they will not be able to obtain TennCare coverage for any care that they receive in the facility. The notice shall also inform them that certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare participating facilities will not be available in the NF to which they have applied, once that facility has withdrawn from the TennCare program.

Applicants shall be informed in the notice that, if they wish to make application at other facilities, the withdrawing facility, under the supervision of TennCare, shall assist them in seeking placement elsewhere.

5. Following submission of a notice of withdrawal from the TennCare Program a facility cannot opt to receive continued TennCare payments for any resident unless it agrees to accept continual TennCare payment for all individuals who are residents on the date of the notice of withdrawal, and who are or become TennCare-eligible provided, however, that the Bureau or the Enrollee's MCO will pay the facility for all covered services actually provided to TennCare-eligible residents following notice of the facility's withdrawal and pending the resident's transfer or discharge. In instances where facilities elect to continue to receive such TennCare payments, their provider agreements will remain in effect until the last TennCare-eligible individual, who resided in the facility as of the date of notification of withdrawal, has been discharged or transferred from the facility in accordance with TennCare and State licensure requirements.
 6. Facilities which terminate their provider agreement shall not be permitted to participate in TennCare for a period of at least two (2) years from the date the provider agreement is terminated.
 7. Unless the facility notifies the Bureau within thirty (30) days after giving a notice of termination, the facility may not stop the termination procedure consistent with this order without written approval from the Bureau.
- (b) NFs may be involuntarily decertified by the Tennessee Department of Health's Division of Health Care Facilities because of their failure to comply with the provisions of these rules. Facilities that are involuntarily decertified shall not be permitted to participate in the Medicaid program for a minimum of five (5) years from the date of the decertification.

1200-13-01-.08 PERSONAL NEEDS ALLOWANCE (PNA), PATIENT LIABILITY, THIRD PARTY INSURANCE AND ESTATE RECOVERY FOR PERSONS RECEIVING LTC.

- (1) Personal Needs Allowance (PNA). The PNA is established for each Enrollee receiving LTC services in accordance with the Tennessee Medicaid State Plan, approved Section 1915(c) Waiver applications, and these rules. It is deducted from the Enrollee's monthly income in calculating Patient Liability for LTC services.
 - (a) The PNA for each person receiving Medicaid-funded services in a NF or an ICF/MR is \$50. Persons with no income have no PNA. Persons with incomes that are less than \$50 per month (including institutionalized persons receiving SSI payments) may keep the entire amount of their income as their PNA.
 - (b) The maximum PNA for persons participating in CHOICES Group 2 is 300% of the SSI FBR.
 - (c) The maximum PNA for persons participating in one of the State's Section 1915(c) HCBS Waivers is as follows:
 1. The Statewide HCBS E/D Waiver: 200% of the SSI FBR, as defined in Rule 1200-13-01-.02.
 2. The Statewide MR Waiver: 200% of the SSI FBR.
 3. The Arlington MR Waiver: 200% of the SSI FBR.
 4. The Self-Determination MR Waiver: 300% of the SSI FBR.
- (2) Patient Liability.
 - (a) Enrollees receiving LTC services are required to contribute to the cost of their LTC if their incomes are at certain levels. They are subject to the post-eligibility treatment of income rules set forth in Section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), and 42 C.F.R. § 435.725.
 - (b) For Enrollees being served in HCBS Waivers, the State must also use institutional eligibility and post-eligibility rules for determining Patient Liability.
 - (c) For Members of the CHOICES 217-Like Group, the State uses institutional eligibility and post-eligibility rules for determining Patient Liability in the same manner as specified under 42 C.F.R. §§ 435.217, 435.236, and 435.726 and Section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), if the HCBS were provided under a Section 1915(c) Waiver.
 - (d) For a Member of CHOICES Group 2 receiving the Short-Term NF Care benefit (for up to 90 days) or an Enrollee in one of the State's Section 1915(c) Waiver programs who is temporarily placed in a medical institution, i.e., a hospital, NF or ICF/MR (for up to 120 days if admitted prior to 3/1/2010, or up to 90 days if admitted on or after 3/1/2010), the post-eligibility calculation shall be performed as if the individual is continuing to receive HCBS. The purpose is to ensure that the individual can maintain

(Rule 1200-13-01-.08, continued)

a community residence for transition back to the community. After 90 or 120 days, as applicable, or as soon as it appears that the inpatient stay will not be a short-term stay, whichever comes first, a CHOICES Group 2 Member will be transitioned to CHOICES Group 1, or a waiver participant must be disenrolled from the waiver, and the institutional post-eligibility calculation shall apply.

(e) Patient Liability shall be collected as follows:

1. If the Enrollee resides in a NF, ICF/MR, or CBRA facility (i.e., an ACLF or Critical Adult Care Home), the Enrollee must pay his Patient Liability to the residential facility. The facility shall reduce the amount billed to the Bureau or the MCO, as applicable, by the amount of the Enrollee's Patient Liability obligation, regardless of whether such amount is actually collected by the facility.
2. If a CHOICES Group 2 Member does not reside in a CBRA facility, i.e., the Member is receiving HCBS (including Companion Care) in his own home, the Member must pay his Patient Liability to the MCO. The amount of Patient Liability collected will be used to offset the cost of CHOICES Group 2 benefits or CEA services provided as an alternative to covered CHOICES Group 2 benefits that were reimbursed by the MCO for that month. The amount of Patient Liability collected by the MCO cannot exceed the cost of CHOICES Group 2 benefits (or CEA services provided as an alternative to CHOICES Group 2 benefits) reimbursed by the MCO for that month.

(f) A CHOICES provider, including an MCO, may decline to continue to provide LTC services to a CHOICES Member who fails to pay his Patient Liability. If other Contract Providers or the other TennCare MCO(s) operating in the Grand Division are unwilling to provide LTC services to a CHOICES Member who has failed to pay his Patient Liability, the Member may be disenrolled from the CHOICES program in accordance with the procedures set out in this Chapter.

(3) TPL for LTC.

- (a) LTC insurance policies are considered TPL and are treated like all other TPL policies, as described in Rule 1200-13-01-.04.
- (b) Applicants for the CHOICES program who have LTC insurance policies must report these policies to DHS upon enrollment in the CHOICES program. Applicants may be subject to criminal prosecution for knowingly providing incorrect information.
- (c) Obligations of CHOICES Members receiving NF or CBRA services (other than Companion Care) having insurance that will pay for care in a NF or other residential facility (including cash benefits to the Member for the cost of such services):
 1. If the benefits are assignable, the Member must assign them to the NF or residential facility. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the NF or the residential facility for LTC services.
 2. If the benefits are not assignable, the Member must provide payment to the NF or the residential facility immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the NF or the residential facility for LTC services.

(Rule 1200-13-01-.08, continued)

- (d) Obligations of CHOICES Members receiving non-residential HCBS or Companion Care services having insurance that will pay for HCBS (including cash benefits to the Member for the cost of such services):
 - 1. If the benefits are assignable, the Member must assign them to the MCO. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for HCBS for the Member.
 - 2. If the benefits are not assignable, the Member must make payment to the MCO immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for HCBS for the Member.
 - (e) TPL payments do not reduce the amount of Patient Liability a Member is obligated to contribute toward the cost of LTC Services.
 - (f) If benefits received by the policyholder are not paid to the facility or MCO, as applicable, such benefits shall be considered income, and may render the person ineligible for TennCare (including LTC) benefits.
- (4) Estate Recovery. Persons enrolled in TennCare LTC programs are subject to the requirements of the FERP as set forth under Section 1917(b) of the Social Security Act, 42 U.S.C.A. § 1396p(b).
- (a) The State is required to seek adjustment or recovery for certain types of medical assistance from the estates of individuals as follows:
 - 1. For persons age fifty-five (55) and older, the State is obligated to seek adjustment or recovery for NF (including ICF/MR) services, HCBS, and related hospital and prescription drug services.
 - 2. For permanently institutionalized persons under age fifty-five (55), the State is obligated to seek adjustment or recovery for the institutional services.
 - (b) Estate recovery shall apply to the estates of individuals under age fifty-five (55) who are inpatients in a NF, ICF/MR, or other medical institution and who cannot reasonably be expected to be discharged home.
 - (c) A determination that an individual cannot reasonably be expected to be discharged to return home shall be made in accordance with the following.
 - 1. The PAE for LOC that is certified by the physician shall specify whether discharge is expected and the anticipated length of stay in the institution.
 - 2. The following shall be deemed sufficient evidence that a person cannot reasonably be expected to be discharged to return home and is thus permanently institutionalized:
 - (i) An approved PAE certified by the physician indicating that discharge is not expected; or,
 - (ii) The continued stay of a resident of a medical institution at the end of a temporary stay predicted by his physician at the time of admission to be no longer than six (6) months in duration.

(Rule 1200-13-01-.08, continued)

- (d) Written notice of the determination that the individual residing in a medical institution cannot reasonably be expected to be discharged to return home shall be issued to the individual or his Designated Correspondent. The notice shall explain the right to request a reconsideration review. Such request must be submitted in writing to the Bureau, Long Term Care Division, within thirty (30) days of receipt of the written notice. The reconsideration review shall be conducted as a Commissioner's Administrative Hearing in the manner set out in Rule 1200-13-01-.10(6)(f).

1200-13-01-.09 THIRD PARTY SIGNATURE.

- (1) No facility may require a third party signature for a Medicaid recipient as a condition of application or admission to, or continued stay in, the facility. However, any person appointed by a court of competent jurisdiction to act on behalf of a recipient may be required to perform all requirements normally required of an applicant.
- (2) If a facility has collected an advance payment or deposit from or on behalf of a person retroactively determined to be eligible for Medicaid, the amount collected less the amount determined by the Department of Human Services to be the patient's liability for that period of time shall be refunded within ten (10) days after receiving payment for retroactive period from the state of its agents.
- (3) The facility must file for such retroactive reimbursement for the full period of retroactive eligibility on the next claim for reimbursement filed by the facility following the date of notification of eligibility.

1200-13-01-.10 MEDICAL (LEVEL OF CARE) ELIGIBILITY CRITERIA FOR MEDICAID REIMBURSEMENT OF CARE IN NURSING FACILITIES.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) PreAdmission Evaluations and Transfer Forms
 - (a) A PAE is required in the following circumstances:
 1. When a Medicaid Eligible is admitted to a NF for receipt of Medicaid-reimbursed NF Services.
 2. When a private-paying resident of a NF attains Medicaid Eligible status.
 3. When Medicare reimbursement for SNF services has ended and Medicaid reimbursement for Level 2 NF services is requested.
 4. When a NF Eligible is changed from Medicaid Level 1 to Medicaid Level 2, or from Medicaid Level 1 or Level 2 reimbursement to a Chronic Ventilator or Tracheal Suctioning Enhanced Respiratory Care rate, except as specified in Rule 1200-13-01-.10(5)(f).

(Rule 1200-13-01-.10, continued)

5. When a NF Eligible is changed from Medicaid Level 2 or an Enhanced Respiratory Care rate to Medicaid Level 1, unless the individual has an approved unexpired Level 1 PAE.
 6. When a NF Eligible is changed from an Enhanced Respiratory Care rate to Medicaid Level 2, unless the individual has an approved unexpired Level 2 PAE.
 7. When a NF Eligible requires continuation of the same LOC beyond the expiration date assigned by the Bureau.
 8. When a NF Eligible no longer requires the specific skilled nursing or rehabilitative services for which a Level 2 PAE was approved but requires other Level 2 care in a NF.
- (b) Transfer Forms are not required in Grand Divisions of the State where CHOICES has been implemented. A Transfer Form is required under the FFS program (prior to implementation of the CHOICES Program in the Grand Division) in the following circumstances:
1. When a Medicaid Eligible having an approved unexpired PreAdmission Evaluation transfers from Medicaid Level 1 at one Nursing Facility to Medicaid Level 1 at another such facility; or
 2. When a Medicaid Eligible having an approved unexpired PreAdmission Evaluation transfers from Medicaid Level 2 at one Nursing Facility to Medicaid Level 2 at another. A Transfer Form may be used only if there is no change in the skilled nursing or rehabilitative service for which the PreAdmission Evaluation was approved. If the skilled nursing or rehabilitative service changes, a new PreAdmission Evaluation is required.
 3. When a Medicaid Eligible having an approved unexpired PAE transfers from Medicaid Level 1 in a NF to the Statewide E/D Waiver or from the Statewide E/D Waiver to Medicaid Level 1 in a NF. This requirement shall be in effect only in those Grand Divisions where the CHOICES Program has not been implemented.
- (c) A PreAdmission Evaluation is not required in the following circumstances:
1. When a Medicaid Eligible with an approved unexpired Level 1 PreAdmission Evaluation returns to the Nursing Facility after being hospitalized.
 2. When a Medicaid Eligible with an approved unexpired Level 2 PreAdmission Evaluation returns to the Nursing Facility after being hospitalized, if there has been no change in the skilled nursing or rehabilitative service for which the PreAdmission Evaluation was approved.
 3. When a Medicaid Eligible changes from Level 2 to Level 1, if that individual was previously receiving Medicaid-reimbursed Level 1 care and still has an approved unexpired Level 1 PreAdmission Evaluation.
 4. When an individual's financial status changes from Medicaid Eligible to private pay and then back to Medicaid Eligible within a 90-day time period.
 5. To receive Medicaid co-payment when Medicare is the primary payer of Level 2 care.
 6. When a Transfer Form is appropriate in accordance with (2)(b).

(Rule 1200-13-01-.10, continued)

7. For authorization by an MCO of Ventilator Weaning services or short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention. Medical necessity determinations and authorization of Ventilator Weaning services and short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate during the post-weaning period will be managed by the Enrollee's MCO.
- (d) If a NF admits or allows continued stay of a Medicaid Eligible without an approved PAE, it does so at its own risk and in such event the NF shall give the individual a plain language written notice, in a format approved by the Bureau, that Medicaid reimbursement will not be paid unless the PAE is approved and if it is not finally approved the individual can be held financially liable for services provided.
 - (e) An approved PreAdmission Evaluation is valid for ninety (90) calendar days beginning with the PAE Approval Date. An approved PreAdmission Evaluation that has not been used within ninety (90) calendar days of the PAE Approval Date can be updated within 365 calendar days of the PAE Approval Date if the physician certifies that the individual's current medical condition is consistent with that described in the approved PreAdmission Evaluation. If the individual's medical condition has significantly improved such that the previously approved PreAdmission Evaluation does not reasonably reflect the individual's current medical condition and functional capabilities, a new PreAdmission Evaluation shall be required. A PAE that is not used within 365 days of the PAE Approval Date is expired and cannot be updated.
 - (f) A PAE must include a recent history and physical or current medical records that support the applicant's functional and/or skilled nursing or rehabilitative needs, as reflected in the PAE. A history and physical performed within 365 calendar days of the PAE Request Date may be used if the patient's condition has not significantly changed. Additional medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed.
 - (g) A PAE may be approved by the Bureau for a fixed period of time with an expiration date based on an assessment by the Bureau of the individual's medical condition and anticipated continuing need for inpatient nursing care. Notice of appeal rights shall be provided when a PAE is approved with an expiration date.
 - (h) All individuals who reside in or seek admission to a Medicaid-certified Nursing Facility must have a PASRR Level I screen for mental illness and mental retardation. The initial Level I screen must be completed prior to admission to the Nursing Facility and submitted to TennCare regardless of: (1) payer source; (2) whether the PASRR screening is positive or negative (including specified exemptions); and (3) the level of nursing facility reimbursement requested. If the Level I screen indicates the need for a PASRR Level II evaluation of need for specialized services for mental illness and/or mental retardation, the individual must undergo the PASRR Level II evaluation prior to admission to the Nursing Facility.
 - (i) Medicaid payment will not be available for any dates of Nursing Facility services rendered prior to the date the PASRR process is complete and the individual has been determined appropriate for nursing home placement. The PASRR process is complete when either:
 1. TennCare has received a negative Level I PASRR screen form and no contradictory information is subsequently received; or

(Rule 1200-13-01-.10, continued)

2. For persons with a positive Level I PASRR screen (as submitted or upon review and determination by the Bureau), the Bureau has received a certified exemption or advance categorical determination signed by the physician; or a determination by DMHDD and/or DIDS, as applicable, that the person is appropriate for NF placement. Determination by the Bureau that a Level II PASRR evaluation must be performed may be made:
 - (i) Upon receipt of a positive PASRR screen from the NF or other submitting entity;
 - (ii) Based on TennCare review of a negative PASRR screening form or history and physical submitted by a NF or other entity; or
 - (iii) Upon review of any contradictory information submitted in the PAE application or supporting documentation at any time prior to disposition of the PAE.
 - (j) A NF that has entered into a provider agreement with the Bureau or an MCO shall assist a resident or applicant as follows:
 1. The Nursing Facility shall assist a Nursing Facility resident or an applicant for admission in applying for Medicaid eligibility and in applying for Medicaid-reimbursed Nursing Facility care. This shall include assistance in properly completing all necessary paperwork and in providing relevant Nursing Facility documentation to support the PreAdmission Evaluation. Reasonable accommodations shall be made for an individual with disabilities or, alternatively, for a Designated Correspondent with disabilities when assistance is needed with the proper completion and submission of a PreAdmission Evaluation.
 2. The Nursing Facility shall request a Notice of Disposition or Change from the Department of Human Services upon learning that a resident or applicant has, or is likely to have, applied for Medicaid eligibility.
 - (k) The Bureau shall process PAEs independently of determinations of Medicaid eligibility by DHS; however, Medicaid reimbursement for NF care shall not be available until the PASRR process has been completed, and both the PAE and financial eligibility have been approved.
- (3) Medicaid Reimbursement
- (a) A NF that has entered into a provider agreement with the Bureau or an Enrollee's MCO is entitled to receive Medicaid reimbursement for covered services provided to a NF Eligible if:
 1. The Nursing Facility has completed the PASRR process as defined in 1200-13-01-.10(2)(i) above.
 2. The Bureau has received an approvable PAE for the individual within ten (10) calendar days of the PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.

(Rule 1200-13-01-.10, continued)

3. Prior to implementation of the CHOICES Program, for the same-level transfer to NF services (Level 1 to Level 1, Level 2 to Level 2, or HCBS to Level 1) of an individual having an approved unexpired PAE, the Bureau has received an approvable Transfer Form within ten (10) calendar days after admission into the same LOC at the admitting NF (i.e., the NF to which the individual is being transferred). For transfer from Level 1 NF services to the Statewide HCBS E/D Waiver, the Transfer Form must be submitted and approved prior to enrollment in HCBS.
 4. For a retroactive eligibility determination, the Bureau has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired PAE within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for NF services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE that has been updated.
 5. If the NF participates in the Enrollee's MCO, reimbursement will be made by the MCO to the NF as a Network Provider. If the NF does not participate in the Enrollee's MCO, reimbursement will be made by the MCO to the NF as a non-participating provider, in accordance with Rule 1200-13-01-.05(9).
- (b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.
1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.
 2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for nursing facility services.
- (c) The earliest date of Medicaid reimbursement for care provided in a Nursing Facility shall be the date that all of the following criteria are met:
1. Completion of the PASRR process, as defined in 1200-13-01-.10(2)(i) above;
 2. The effective date of level of care eligibility as reflected by the PAE Approval Date;
 3. The effective date of Medicaid eligibility; and
 4. The date of admission to the Nursing Facility.
- (d) A NF that has entered into a provider agreement with the Bureau or an MCO and that admits a Medicaid Eligible without completion of the PASRR process, and without an approved PAE or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau or the MCO.

(Rule 1200-13-01-.10, continued)

- (e) Medicaid reimbursement will only be made to a Nursing Facility on behalf of the Nursing Facility Eligible and not directly to the Nursing Facility Eligible.
 - (f) A NF that has entered into a provider agreement with the Bureau or an MCO shall admit individuals on a first come, first served basis, except as otherwise permitted by State and federal laws and regulations.
- (4) Criteria for Reimbursement of Medicaid Level 1 Care in a Nursing Facility
- (a) The Nursing Facility must have completed the PASRR process as defined in 1200-13-01-.10(2)(i) above.
 - (b) The individual must be determined by DHS to be eligible for Medicaid reimbursement for NF care.
 - (c) An individual must meet both of the following criteria in order to be approved for Medicaid-reimbursed Level 1 care in a Nursing Facility:
 - 1. Medical Necessity of Care: Care in a Nursing Facility must be expected to improve or ameliorate the individual's physical or mental condition, to prevent a deterioration in health status, or to delay progression of a disease or disability, and such care must be ordered and supervised by a physician on an ongoing basis.
 - 2. Need for Inpatient Nursing Care: The individual must have a physical or mental condition, disability, or impairment that, as a practical matter, requires daily inpatient nursing care. The individual must be unable to self-perform needed nursing care and must meet or equal one or more of the following criteria on an ongoing basis:
 - (i) Transfer - The individual is incapable of transfer to and from bed, chair, or toilet unless physical assistance is provided by others on an ongoing basis (daily or multiple times per week).
 - (ii) Mobility - The individual requires physical assistance from another person for mobility on an ongoing basis (daily or multiple times per week). Mobility is defined as the ability to walk, using mobility aids such as a walker, crutch, or cane if required, or the ability to use a wheelchair if walking is not feasible. The need for a wheelchair, walker, crutch, cane, or other mobility aid shall not by itself be considered to meet this requirement.
 - (iii) Eating - The individual requires gastrostomy tube feedings or physical assistance from another person to place food/drink into the mouth. Food preparation, tray set-up, and assistance in cutting up foods shall not be considered to meet this requirement.
 - (iv) Toileting - The individual requires physical assistance from another person to use the toilet or to perform incontinence care, ostomy care, or indwelling catheter care on an ongoing basis (daily or multiple times per week).
 - (v) Expressive and Receptive Communication - The individual is incapable of reliably communicating basic needs and wants (e.g., need for assistance with toileting; presence of pain) using verbal or written language; or the individual is incapable of understanding and following very simple instructions and commands (e.g., how to perform or complete basic

(Rule 1200-13-01-.10, continued)

activities of daily living such as dressing or bathing) without continual staff intervention.

- (vi) Orientation - The individual is disoriented to person (e.g., fails to remember own name, or recognize immediate family members) or is disoriented to place (e.g., does not know residence is a Nursing Facility).
- (vii) Medication Administration - The individual is not mentally or physically capable of self-administering prescribed medications despite the availability of limited assistance from another person. Limited assistance includes, but is not limited to, reminding when to take medications, encouragement to take, reading medication labels, opening bottles, handing to individual, and reassurance of the correct dose.
- (viii) Behavior - The individual requires persistent staff intervention due to an established and persistent pattern of dementia-related behavioral problems (e.g., aggressive physical behavior, disrobing, or repetitive elopement).
- (ix) Skilled Nursing or Rehabilitative Services - The individual requires daily skilled nursing or rehabilitative services at a greater frequency, duration, or intensity than, for practical purposes, would be provided through a daily home health visit.

The intent is that the above criteria should reflect the individual's capabilities on an ongoing basis and not isolated, exceptional, or infrequent limitations of function in a generally independent individual who is able to function with minimal supervision or assistance.

- (d) For continued reimbursement of Medicaid Level 1 care in a Nursing Facility, an individual must continue to be financially eligible for Medicaid reimbursement for Nursing Facility Care and must meet both of the following continued stay criteria:
 1. Medical Necessity of Care: Care in a Nursing Facility must be expected to improve or ameliorate the individual's physical or mental condition, to prevent a deterioration in health status, or to delay progression of a disease or disability, and such care must be ordered and supervised by a physician on an ongoing basis.
 2. Need for Inpatient Care: The individual must have a physical or mental condition, disability, or impairment that continues to require the availability of daily inpatient nursing care.
- (e) A Nursing Facility Eligible admitted to a Nursing Facility before the effective date of this rule must meet continued stay criteria in effect at the time of admission.
- (5) Criteria for Reimbursement of Medicaid Level 2 Care in a Nursing Facility
 - (a) The Nursing Facility must have completed the PASRR process as defined in 1200-13-01-.10(2)(i) above.
 - (b) The individual must be determined by DHS to be eligible for Medicaid reimbursement for NF care.
 - (c) An individual must meet both of the following criteria in order to be approved for Medicaid-reimbursed Level 2 care in a Nursing Facility:

(Rule 1200-13-01-.10, continued)

1. **Medical Necessity of Care:** Care in a Nursing Facility must be expected to improve or ameliorate the individual's physical or mental condition, to prevent a deterioration in health status, or to delay progression of a disease or disability, and such care must be ordered and supervised by a physician on an ongoing basis.
2. **Need for Inpatient Skilled Nursing or Rehabilitative Services on a Daily Basis:** The individual must have a physical or mental condition, disability, or impairment that requires skilled nursing or rehabilitative services on a daily basis or skilled rehabilitative services at least five days per week when skilled rehabilitative services constitute the primary basis for the approval of the PreAdmission Evaluation. The individual must require such services at a greater frequency, duration, or intensity than, for practical purposes, would be provided through a daily home health visit. In addition, the individual must be mentally or physically unable to perform the needed skilled services or the individual must require skilled services which, in accordance with accepted medical practice, are not usually and customarily self-performed.

For interpretation of this rule, the following shall apply:

- (i) Administration of oral medications, ophthalmics, otics, inhalers, subcutaneous injections (e.g., fixed-dose insulin, subtherapeutic heparin, and calcitonin), topicals, suppositories, nebulizer treatments, oxygen administration, shall not, in and of itself, be considered sufficient to meet the requirement of (5)(c)2.
- (ii) Nursing observation and assessment, in and of itself, shall not be considered sufficient to meet the requirement of (5)(c)2. Examples of nursing services for which Level 2 reimbursement might be provided include, but are not limited to, the following:
 - (I) Gastrostomy tube feeding
 - (II) Sterile dressings for Stage 3 or 4 pressure sores
 - (III) Total parenteral nutrition
 - (IV) Intravenous fluid administration
 - (V) Nasopharyngeal and tracheostomy suctioning
 - (VI) Ventilator services
- (iii) A skilled rehabilitative service must be expected to improve the individual's condition. Restorative and maintenance nursing procedures (e.g., routine range of motion exercises; stand-by assistance during ambulation; applications of splints/braces by nurses and nurses aides) shall not be considered sufficient to fulfill the requirement of (5)(c)2. Factors to be considered in the decision as to whether a rehabilitative service meets, or continues to meet, the requirement of (5)(c)2. shall include, but not be limited to, an assessment of the type of therapy and its frequency, the remoteness of the injury or impairment, and the reasonable potential for improvement in the individual's functional capabilities or medical condition.
- (d) In order to be approved for Medicaid-reimbursed Level 2 care in a NF at the Chronic Ventilator rate of reimbursement, an individual must be ventilator dependent for at least 12 hours each day with an invasive patient end of the circuit (i.e., tracheostomy cannula).
- (e) In order to be approved by the Bureau for Medicaid-reimbursed Level 2 care in a NF at the Tracheal Suctioning rate of reimbursement, an individual must have a functioning

(Rule 1200-13-01-.10, continued)

tracheostomy and require suctioning through the tracheostomy, at a minimum, multiple times per eight (8) hour shift. The suctioning must be required to remove excess secretions and/or aspirate from the trachea, which cannot be removed by the patient's spontaneous effort. Suctioning of the nasal or oral cavity does not qualify for this higher level of reimbursement. An MCO may authorize, based on medical necessity, short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention during the post-weaning period.

- (f) Determination of medical necessity and authorization for Medicaid reimbursement of Ventilator Weaning services, or short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention shall be managed by the Enrollee's MCO.
- (6) PreAdmission Evaluation Denials and Appeal Rights
- (a) A Medicaid Eligible or the legal representative of the Medicaid Eligible has the right to appeal the denial of a PreAdmission Evaluation and to request a Commissioner's Administrative Hearing by submitting a written letter of appeal to the Bureau of TennCare, Division of Long-Term Care, within thirty (30) calendar days of receipt of the notice of denial.
 - (b) If the Bureau denies a PAE, the individual will be notified in the following manner:
 - 1. A written notice of denial shall be sent to the individual and, where applicable, to the designated correspondent. A notice of denial shall also be mailed or faxed to the Nursing Facility. This notice shall advise the individual of the right to appeal the denial decision within thirty (30) calendar days. The notice shall also advise the individual of the right to submit within thirty (30) calendar days either the original PreAdmission Evaluation with additional information for review or a new PreAdmission Evaluation. The notice shall be mailed to the individual's address as it appears upon the PreAdmission Evaluation. If no address appears on the PreAdmission Evaluation and supporting documentation, the notice will be mailed to the Nursing Facility for forwarding to the individual.
 - 2. If the PAE is resubmitted with additional information for review and the Bureau continues to deny the PAE, another written notice of denial shall be sent as described in (6)(b)1.
 - (c) The individual has the right to be represented at the hearing by anyone of his/her choice. The hearing will be conducted according to the provisions of the Tennessee Uniform Administrative Procedures Act.
 - (d) Reasonable accommodations shall be made for individuals with disabilities who require assistance with an appeal.
 - (e) Any notice required pursuant to this section shall be a plain language written notice.
 - (f) When a PAE is approved for a fixed period of time with an Expiration Date determined by the Bureau, the individual shall be provided with a notice of appeal rights, including the opportunity to submit an appeal within thirty (30) calendar days prior to the Expiration Date. Nothing in this section shall preclude the right of the individual to submit a new PAE establishing medical necessity of care when the Expiration Date has been reached.

1200-13-01-.15 MEDICAL (LOC) ELIGIBILITY CRITERIA FOR MEDICAID REIMBURSEMENT OF CARE IN AN ICF/MR.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) ICF/MR PreAdmission Evaluations and Transfer Forms
 - (a) An ICF/MR PreAdmission Evaluation is required to be submitted to the Bureau of TennCare for approval when
 1. A Medicaid Eligible is admitted to an ICF/MR.
 2. A private-paying resident of an ICF/MR attains Medicaid Eligible status or applies for Medicaid eligibility. A new ICF/MR PreAdmission Evaluation is not required when an individual's financial status changes from Medicaid Eligible to private pay and then back to Medicaid Eligible within a 90-day time period.
 - (b) A Transfer Form is required to be submitted to the Bureau of TennCare for approval when an ICF/MR Eligible having an approved unexpired ICF/MR PAE transfers from one ICF/MR to another ICF/MR or from the HCBS MR Waiver Program to an ICF/MR. A Transfer Form is required to be submitted to the Division of Intellectual Disabilities Services for approval when an ICF/MR Eligible having an approved unexpired ICF/MR PAE transfers from an ICF/MR to the HCBS MR Waiver Program.

(Rule 1200-13-01-.15, continued)

- (c) An approved ICF/MR PreAdmission Evaluation is valid for ninety (90) calendar days from the ICF/MR PAE Approval Date. An approved ICF/MR PreAdmission Evaluation that has not been used within ninety (90) calendar days of the ICF/MR PAE Approval Date can be updated within 365 calendar days of the ICF/MR PAE Approval Date if the physician certifies that the individual's current medical condition is consistent with that described in the approved ICF/MR PreAdmission Evaluation. A PAE that is not used within 365 days of the PAE Approval Date is expired and cannot be updated.
 - (d) An ICF/MR PreAdmission Evaluation must include a recent medical history and physical signed by a physician who is licensed as a doctor of medicine or doctor of osteopathy, or by a licensed nurse practitioner or physician's assistant. A medical history and physical performed within 365 calendar days of the ICF/MR PAE Request Date may be used if the individual's condition has not significantly changed. Additional medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed.
 - (e) An ICF/MR PAE must include a psychological evaluation of need for care. Pursuant to 42 C.F.R. § 456.370(b), such evaluation must be performed before admission to the ICF/MR or authorization of payment, but not more than three months before admission.
- (3) Medicaid Reimbursement
- (a) An ICF/MR which has entered into a provider agreement with the Bureau of TennCare is entitled to receive Medicaid reimbursement for covered services provided to an ICF/MR Eligible if:
 - 1. The Bureau of TennCare has received an approvable ICF/MR PreAdmission Evaluation for the individual within ten (10) calendar days of the ICF/MR PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.
 - 2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PreAdmission Evaluation, the Bureau of TennCare has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver program.
 - 3. For a retroactive eligibility determination, the Bureau of TennCare has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PreAdmission Evaluation within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.
 - (b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.
 - 1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If

(Rule 1200-13-01-.15, continued)

approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.
- (c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau of TennCare.
- (4) Criteria for Medicaid-reimbursed Care in an Intermediate Care Facility for the Mentally Retarded (ICF/MR)
 - (a) Medicaid Eligible Status: The individual must be determined by the Tennessee Department of Human Services to be financially eligible for Medicaid-reimbursed care in an Intermediate Care Facility for the Mentally Retarded.

 3. Need for Specialized Services for Mental Retardation or Related Conditions: The individual must require a program of specialized services for mental retardation or related conditions provided under the supervision of a qualified mental retardation professional (QMRP).  - (c) Individuals with mental retardation or related conditions who were in an Intermediate Care Facility for the Mentally Retarded or who were in community residential placements funded by the Division of Intellectual Disabilities on or prior to the effective date of this rule may be deemed by the Bureau of TennCare to meet the requirements of (4)(b)2. and (4)(b)3.
 - (d) For continued Medicaid reimbursement of care in an Intermediate Care Facility for the Mentally Retarded, an individual must continue to meet the criteria specified in (4)(a) and (4)(b), unless otherwise exempted by (4)(c).
- (5) Grievance process
 - (a) A Medicaid Eligible or the legal representative of the Medicaid Eligible has the right to appeal the denial of an ICF/MR PreAdmission Evaluation and to request a Commissioner's Administrative Hearing by submitting a written letter of appeal to the Bureau of TennCare within thirty (30) calendar days of receipt of the notice of denial.

(Rule 1200-13-01-.15, continued)

- (b) If the Bureau of TennCare denies an ICF/MR PreAdmission Evaluation, the individual will be notified in the following manner:
 - 1. A written notice of denial shall be sent to the individual and, where applicable, to the Designated Correspondent. A notice of denial shall also be sent to the ICF/MR. This notice shall advise the individual of the right to appeal the denial decision within thirty (30) calendar days. The notice shall also advise the individual of the right to submit within thirty (30) calendar days either the original ICF/MR PAE with additional information for review or a new ICF/MR PAE. The notice shall be mailed to the individual's address as it appears upon the ICF/MR PAE. If no address appears on the ICF/MR PAE and supporting documentation, the notice will be mailed to the ICF/MR for forwarding to the individual.
 - 2. If an ICF/MR PreAdmission Evaluation is resubmitted with additional information for review and if the Bureau of TennCare continues to deny the ICF/MR PreAdmission Evaluation, another written notice of denial shall be sent as described in (5)(b)1.
- (c) The individual has the right to be represented at the hearing by anyone of their choice. The hearing will be conducted according to the provisions of the Tennessee Uniform Administrative Procedures Act.
- (d) Reasonable accommodations shall be made for individuals with disabilities who require assistance with appeals.
- (e) Any notice required pursuant to this section shall be a plain language written notice.

An Administrative Lead Agency that enrolls an individual who has not been determined by the Tennessee Department of Human Services to be financially eligible to have Medicaid make reimbursement for covered services does so without the assurance of reimbursement. If an Administrative Lead Agency enrolls a Medicaid Eligible without an approved PreAdmission Evaluation, the individual must be informed by the Administrative Lead Agency that Medicaid reimbursement will not be paid until and unless the PreAdmission Evaluation is approved.

(Rule 1200-13-01-.17, continued)

The Administrative Lead Agency shall maintain in its files a copy of the recertification of need for continued stay.
- (11) Voluntary Disenrollment.
- (a) Voluntary disenrollment of an Enrollee from the Waiver may occur at any time upon written notice from the Enrollee or the Enrollee's legal representative to the Administrative Lead Agency. A Level I PASRR assessment for mental illness and mental retardation is required when an Enrollee transfers to a Nursing Facility. 5. The condition of the Enrollee deteriorates such that the medical, functional, and social needs of the Enrollee cannot be met by the Waiver.
6. The State reasonably expects that the cost of Waiver services and TennCare HH and PDN Services the individual would receive will exceed the average cost of Level 1 NF services.
7. The home or home environment of the Enrollee becomes unsafe to the extent that it would reasonably be expected that Waiver Services could not be provided without significant risk of harm or injury to the Enrollee or to individuals who provide covered services to the Enrollee.

If the Level I PASRR screen indicates the need for a PASRR Level II evaluation of need for specialized services for mental illness or mental retardation, the Enrollee must undergo the PASRR Level II evaluation prior to admission to the Nursing Facility.

1200-13-01-.23 NURSING HOME PREADMISSION SCREENINGS FOR MENTAL ILLNESS AND MENTAL RETARDATION.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) Medicaid-certified nursing facilities may not admit individuals applying for admission unless these persons are screened to determine if they have mental illness or mental retardation regardless of method of payment or "known diagnosis." A Medicaid-certified nursing facility is prohibited from admitting any new resident who has mental illness or mental retardation (or a related condition), unless that individual has been determined by the Tennessee Department of Mental Health and Developmental Disabilities and/or the Division of Intellectual Disabilities Services, as applicable, not to be in need of specialized services and appropriate for placement in a nursing facility. (The individual must also meet the Bureau of TennCare's preadmission criteria for nursing facility services). The criteria to be used in making determinations will be categorized into two levels: 1) identification screens (Level I) and 2) preadmission screening/resident reviews evaluations (Level II).
 - (a) Criteria for Identification Screen (Level I)
 1. Prior to admission of any person to a nursing facility, it must be determined if:
 - (i) For Mental Illness:
 - (I) The individual has a diagnosis of MI. (See definition of MI in Rule 1200-13-01-.02.)
 - (II) The person has any recent (within the last two years) history of mental illness, or has been prescribed a major tranquilizer on a regular basis in the absence of justifiable neurological disorder.
 - (III) There is any presenting evidence of mental illness (except primary diagnosis of Alzheimer's disease or dementia) including possible disturbances in orientation or mood.
 - (ii) For Mental Retardation or Persons with Related Conditions:
 - (I) The individual has a diagnosis of MR. (See definition of MR in Rule 1200-13-01-.02.)
 - (II) There is any history of mental retardation or developmental disability in the identified individual's past.
 - (III) There is any presenting evidence (cognitive or behavior functions) that may indicate the person has mental retardation or developmental disability.

(Rule 1200-13-01-.23, continued)

- (IV) The person is referred by an agency that serves persons with mental retardation (or other developmental disabilities), and the person has been deemed to be eligible for that agency's services.
 - (V) The preceding criteria must also be applied to residents of a nursing facility who have not received an identification screen.
 - (VI) There must be a record of the identification screen results and interpretation in the nursing home resident's record.
 - (VII) Results of the identification screen must be used (unless there is other indisputable evidence that the individual is not mentally ill or mentally retarded) in determining whether an individual has (or is suspected to have) mental illness or mental retardation and therefore must be subjected to the PASRR process. Findings from the evaluation should be used in making determinations about whether an individual has mental illness or mental retardation.
- (b) Any individual for whom there is a negative response for all of the identification evaluative criteria for mental retardation or mental illness and for whom there is no other evidence of a condition of mental illness or mental retardation may be admitted to or continue to reside in a Medicaid-certified nursing facility without being determined appropriate for nursing facility placement through the PASRR evaluation process (Level II).
- (c) Any individual for whom there is a positive response for any of the identification evaluative criteria for mental retardation or mental illness may not be admitted to or continue to reside in a Medicaid-certified nursing facility without being determined appropriate for nursing facility placement through the PASRR evaluation process (Level II).
- (d) Exemptions from Level II Review

An individual who has a diagnosis of mental illness or mental retardation will be exempt from the PASRR process if they meet any of the following criteria:

1. Dementia - This must be a primary diagnosis based on criteria in the Diagnostic and Statistical Manual of Mental Disorders, 3rd edition; or it may be the secondary diagnosis (including Alzheimer's disease and related disorders) as long as the primary diagnosis is not a major mental illness. The primary or secondary diagnosis of dementia (including Alzheimer's disease and related disorders) must be based on a neurological examination. Dementia is not allowed as an exemption if the individual has, or is suspected of having, a diagnosis of mental retardation.
2. Convalescent Care - Any person with MI or MR as long as that person is not a danger to self and/or others, may be admitted to a Medicaid-certified NF after release from an acute care hospital for a period of recovery without being subjected to the PASRR process for evaluation of MI or MR.
3. Terminal Illness - Under 42 U.S.C.A. § 1395x(dd)(3)(A), a Medicare beneficiary is considered to be terminally ill if he has a medical prognosis that his life expectancy is six (6) months or less. This same standard is to be applied to Medicaid recipients with MI, MR, or related conditions who are found to be suffering from a terminal illness. An individual with MI or MR, as long as that person is not a danger to self and/or others, may be admitted to or reside in a

(Rule 1200-13-01-.23, continued)

Medicaid-certified NF without being subjected to the PASRR/MI or PASRR/MR evaluative process if he is certified by a physician to be “terminally ill,” as that term is defined in 42 U.S.C.A. § 1395x(dd)(3)(A), and requires continuous nursing care and/or medical supervision and treatment due to his physical condition.

4. Severity of Illness - Any person with mental illness or mental retardation who is comatose, ventilator dependent, functions at the brain stem level, or has a diagnosis of: Severe Parkinson’s Disease, Huntingdon’s Disease, Amyotrophic Lateral Sclerosis, Congestive Heart Failure, or Chronic Obstructive Pulmonary Disease, and any other diagnosis so determined by the Centers for Medicare and Medicaid Services.

(e) Processes upon expiration of exemption

1. If an individual is admitted to a nursing facility as a Medicare patient, with a “30-day hospital discharge exemption” on the PASRR screen form, and it is determined that the individual will need to extend the stay beyond 30 days, it is the responsibility of the nursing facility to notify TennCare and to ensure that a PASRR evaluation is completed no more than 40 days from the original date of admission (i.e., within 10 days of expiration of the 30-day exemption). If Medicaid reimbursement will be sought, this includes submission and disposition of the PAE which will be required in order to timely complete the PASRR evaluation.
2. If an individual enters the facility with an exemption of “120-day short term stay” on the PASRR screen form and it is determined that the individual will need to extend the stay beyond 120 days, it is the responsibility of the nursing facility to notify TennCare at least seven (7) working days prior to expiration of the 120 days in order to ensure that a PASRR evaluation is completed timely before the 120-day exemption expires. If Medicaid reimbursement will be sought, the PAE must also be submitted to TennCare with sufficient time for review and approval. In such case, it is the responsibility of the nursing facility to notify TennCare and to submit a completed PAE at least ten (10) working days prior to expiration of the 120 days in order to ensure that a PASRR evaluation is completed timely before the 120-day exemption expires.

- (3) Right to Appeal - Each patient has the right to appeal any decision made. The appeal process will be handled in accordance with T.C.A. §71-5-113.

- (2) Eligibility for Medicaid-reimbursed care in an ICF/MR.
 - (a) The individual must be determined by DHS to be financially and categorically eligible for Medicaid-reimbursed LTC services.

(Rule 1200-13-01-.30, continued)

- (b) The individual must have a valid, unexpired ICF/MR PAE that has been approved by the Bureau in accordance with Rule 1200-13-01-.15.
- (3) Conditions of participation for ICFs/MR.
- (a) The ICF/MR must enter into a provider agreement with the Bureau.
 - (b) The ICF/MR must be certified by the State, showing it has met the standards set out in 42 C.F.R., Part 442, Subpart C and 42 C.F.R., Part 483.
 - (c) ICFs/MR participating in the State of Tennessee's TennCare Program shall be terminated as TennCare providers if certification or licensure is canceled by the State.
 - (d) If the resident has resources to apply toward payment, the payment made by the State will be his current maximum payment per day, charges or per diem cost (whichever is less), minus the available patient resources.
 - (e) Payments for residents requiring ICF/MR services will not exceed per diem costs or charges, whichever is less.
 - (f) If an ICF/MR (upon submission of a cost report and audit of its cost), has collected on a per diem basis during the period covered by the cost report and audit, more than cost reimbursement allowed for the ICF/MR patient, the facility shall be required to reimburse the State (through the Bureau and/or the ICF/MR's Third Party), for that portion of the reimbursement collected in excess of the cost reimbursement allowed.
 - (g) Regardless of the reimbursement rate established for an ICF/MR, no ICF/MR may charge TennCare Enrollees an amount greater than the amount per day charge to private paying patients for equivalent accommodations and services.
 - (h) Personal laundry services in an ICF/MR shall be considered a covered service and included in the per diem rate. TennCare Enrollees may not be charged for personal laundry services.
- (4) Conditions that ICFs/MR must meet to receive Medicaid reimbursement.
- (a) An ICF/MR that has entered into a provider agreement with the Bureau of TennCare is entitled to receive Medicaid reimbursement for covered services provided to an ICF/MR Eligible if
 1. The Bureau has received an approvable ICF/MR PAE for the individual within ten (10) calendar days of the ICF/MR PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.
 2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PAE, the Bureau has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver Program.
 3. For a retroactive eligibility determination, the Bureau has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PAE within thirty (30) calendar days of the mailing

(Rule 1200-13-01-.30, continued)

date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.

- (b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.
 - 1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.
 - 2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.
 - (c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau.
- (5) Reimbursement methodology for ICFs/MR.
- (a) Private for-profit and private not-for-profit ICFs/MR shall be reimbursed at the lower of Medicaid cost or charges. An annual inflation factor will be applied to operating costs. The trending factor shall be computed for facilities that have submitted cost reports covering at least six (6) months of program operations. For facilities that have submitted cost reports covering at least three (3) full years of program participation, the trending factor shall be the average cost increase over the three-year (3-year) period, limited to the seventy-fifth (75th) percentile trending factor of facilities participating for at least three (3) years. Negative averages shall be considered zero (0). For facilities that have not completed three (3) full years in the program, the one-year (1-year) trending factor shall be the fiftieth (50th) percentile trending factor of facilities participating in the program for at least three (3) years. For facilities that have failed to file timely cost reports, the trending factor shall be zero (0). Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next rate determination except for audit adjustments, correction of errors, or termination of a budgeted rate. Reimbursement is not to exceed the amount budgeted by the State for private ICF/MR reimbursement. The Comptroller's Office shall be authorized to adjust per diem rates up or down as necessary during the year.
 - (b) Public ICFs/MR that are owned by government shall be reimbursed at one hundred percent (100%) of allowable Medicaid costs with no cost-containment incentive. Reimbursement shall be based on Medicare principles of retrospective cost reimbursement with year-end cost report settlements. Interim per-diem rates for the fiscal year beginning July 1, 1995 and ending June 30, 1996 shall be established from budgeted cost and patient day information submitted by the government ICF/MR facilities. Thereafter, interim rates shall be based on the providers' cost reports. There

(Rule 1200-13-01-.30, continued)

will be a tentative year-end cost settlement within thirty (30) days of submission of the cost reports and a final settlement within twelve (12) months of submission of the cost reports.

- (c) Costs for supplies and other items, including any facility staff required to deliver the service, which are billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the NF cost report.

(6) Bed holds.

An ICF/MR will be reimbursed in accordance with this Paragraph for the recipient's bed in that facility during the recipient's temporary absence from that facility in accordance with the following:

- (a) For days not to exceed fifteen (15) days per occasion while the recipient is hospitalized and the following conditions are met:
 - 1. The resident intends to return to the ICF/MR.
 - 2. The hospital provides a discharge plan for the resident.
 - 3. At least eighty-five percent (85%) of all other beds in the ICF/MR certified at the recipient's designated level of care (i.e., intensive training, high personal care or medical), when computed separately, are occupied at the time of hospital admission. An occupied bed is one that is actually being used by a patient. Beds being held for other patients while they are hospitalized or otherwise absent from the facility are not considered to be occupied beds, for purposes of this calculation. Computations of occupancy percentages will be rounded to the nearest percentage point.
 - 4. Each period of hospitalization must be physician ordered and so documented in the patient's medical record in the ICF/MR.
- (b) For days not to exceed sixty (60) days per state fiscal year and limited to fourteen (14) days per occasion while the recipient, pursuant to a physician's order, is absent from the facility on a therapeutic home visit or other therapeutic absence.

(7) Other reimbursement issues.

- (a) No change of ownership or controlling interest of an existing Medicaid provider, including ICFs/MR, can occur until monies as may be owed to the Bureau or its contractors are provided for. The purchaser shall notify the Bureau of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to the Bureau or its contractors for one (1) year from the date of purchase or for one (1) year following the Bureau's receipt of the provider's Medicare final notice of program reimbursement, whichever is later. The purchaser shall be entitled to use any means available to it by law to secure and recoup these funds from the selling entity. In addition, purchasers of ICFs/MR are responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid residents at the time of the change of ownership or controlling interest.
- (b) If the Bureau or an MCO has not reimbursed a business for TennCare services provided under the TennCare Program at the time the business is sold, when such an amount is determined, the Bureau or the MCO shall be required to reimburse the person owning the business provided such sale included the sale of such assets.

(Rule 1200-13-01-.30, continued)

- (c) When a provider was originally paid within a retrospective payment system that is subject to regular adjustments and the provider disputes the proposed adjustment action, the provider must file with the State not later than thirty (30) days after receipt of the notice informing the provider of the proposed adjustment action, a request for hearing. The provider's right to a hearing shall be deemed waived if a hearing is not requested within thirty (30) days after receipt of the notice.
