1200-13-01-.02 DEFINITIONS.

- (1) Activities of Daily Living (ADLs).
 - (a) Routine self-care tasks that people typically perform independently on a daily basis. One of the components of Level of Care eligibility for LTSS is a person's ability to independently perform (or the amount of assistance needed to perform) certain ADLs, such as:

(Rule 1200-13-01-.02, continued)

1. Personal hygiene and grooming;
2. Dressing and undressing;
3. Self-feeding;
4. Functional transfers (getting into and out of bed or wheelchair, getting onto or off toilet, etc.);
5. Bowel and bladder management; and
6. Ambulation (walking with or without use of an assistive device, e.g., walker, cane or crutches; or using a wheelchair).

(b) For purposes of Katie Beckett Medical (Level of Care) eligibility as described in Rule .11, ADLs shall include only the following:

1. Bathing: The ability to shower, bathe or take sponge baths for the purpose of maintaining adequate hygiene (does not include hair care). For older children (over 12 years of age), this also includes the ability to get in and out of the bathtub, turn faucets on and off, regulate water temperature, wash and dry fully.
2. Grooming: The ability to brush teeth, and wash hands and face. Due to variations in hair care by culture, length of hair, etc., hair care is not to be considered.
3. Dressing: The ability to dress as necessary. This does not include the fine motor coordination for buttons and zippers.
4. Eating: The ability to eat and drink by finger feeding or the use of routine or adaptive utensils. The ability to swallow sufficiently to obtain adequate oral intake. This does not include cooking food or preparing it for consumption such as cutting food into bite size pieces or pureeing it.
5. Toileting: The ability to use a toilet or urinal, transferring on/off a toilet, changing menstrual pads, and pulling pants up/down.
6. Mobility: The ability to move between locations in the individual's living environment. For children, this includes home and school. Mobility includes walking, crawling, or wheeling oneself around at home or at school. For purposes of medical (level of care) eligibility for children, mobility does not include transporting oneself between buildings or moving long distances outdoors.

(2) Adult Care Home. For purposes of CHOICES:

- (a) A CBRA licensed by the DOH (see Rule 1200-08-36) that offers twenty-four (24) hour residential care and support in a single family residence to no more than five (5) elderly or disabled adults who meet NF LOC, but who prefer to receive care in the community in a smaller, home-like setting. The provider must either live on-site in the home, or hire a resident manager who lives on-site so that the person primarily responsible for delivering care on a day-to-day basis is living in the home with the individuals for whom he is providing care.
- (b) Coverage shall not include the costs of Room and Board.
- (c) Pursuant to State law, licensure is currently limited to Critical Adult Care Homes for persons who are ventilator dependent or adults with traumatic brain injury.

(Rule 1200-13-01-.02, continued)

- (3) Adult Day Care.
 - (a) Community-based group programs of care lasting more than three (3) hours per day but less than twenty-four (24) hours per day and delivered in an Adult Day Care facility permanently licensed by DHS or a Mental Retardation Adult Habilitation Day Facility licensed by DMH, or as of July 1, 2012, by DIDD.
 - (b) Services shall be provided pursuant to an individualized POC by a licensed provider not related to the participating adult.
 - (c) The provider shall be responsible for the provision of all assistance and supervision required by program participants. Such assistance is a component of the Adult Day Care benefit and shall not be billed as a separate HCBS.
- (4) Adult Dental Services. For purposes of ECF CHOICES only and limited to adults age 21 or older:
 - (a) Preventive dental services, fillings, root canals, extractions, periodontics, the provision of dentures, and other dental treatments to relieve pain and infection which have dental procedure codes listed in the current TennCare Maximum Reimbursement Rate Schedule for Dental Services that is used specifically for adult dental services provided under the State's Section 1915(c) Waivers for individuals with intellectual disabilities; and intravenous sedation or other anesthesia services provided in the dentist's office by, and billed by, the dentist or by a nurse anesthetist or anesthesiologist who meets the Waiver provider qualifications. Orthodontic services are excluded from coverage.
 - (b) Dental services for adults age 21 or older enrolled in the ECF CHOICES program shall be reimbursed only for dates of services when the ECF CHOICES Member was enrolled in ECF CHOICES at the time the service was delivered, and subject to the amount approved for such services in the ECF CHOICES Member's PCSP.
 - (c) All Dental Services for children enrolled in the Waiver are provided through the TennCare EPSDT program. Dental Services shall not be covered through ECF CHOICES for children under age 21 years enrolled in ECF CHOICES (since it would duplicate TennCare/EPSDT benefits).
 - (d) Adult Dental Services for adults age 21 or older enrolled in ECF CHOICES shall be limited to a maximum of \$5,000 per member per calendar year, and a maximum of \$7,500 per member across three (3) consecutive calendar years.
- (5) Aging Caregiver. Pursuant to T.C.A § 33-5-112 as amended, the older custodial parent or custodial caregiver of an individual who has an intellectual disability and who is at least 75 years of age. A Potential Applicant for ECF CHOICES who has an Aging Caregiver shall, subject to all applicable eligibility and enrollment criteria, be enrolled into ECF CHOICES Group 5, unless the Applicant qualifies and elects to enroll in an available ECF CHOICES Group 4 slot, or cannot be safely served in ECF CHOICES Group 5 and meets eligibility criteria, including NF LOC, to enroll in an available ECF CHOICES Group 6 slot. Reserve capacity shall be established in ECF CHOICES Group 5 based on the number of persons with an intellectual disability who have an Aging Caregiver that are expected to be served in each program year.
- (6) Applicant. A person applying for TennCare-reimbursed LTSS or the Katie Beckett program, for whom a PAE has been submitted to TennCare, and/or by or on behalf of whom a Medicaid application has been submitted to TennCare. An Applicant is entitled to a determination regarding his or her eligibility to enroll in the program for which the PAE has

(Rule 1200-13-01-.02, continued)

been submitted, and to due process, including notice and the right to request a fair hearing, if the application is denied. For purposes of compliance with the Linton Order, the term shall include all individuals who have affirmatively expressed an intent to be considered for current or future admission to a NF or requested that their name be entered on any NF "wait list." All individuals who contact a NF to casually inquire about the facility's services or admissions policies shall be informed by the facility of that individual's right to apply for admission and be considered for admission on a nondiscriminatory basis and in conformance with Rule 1200-13-01-.06.

- (7) Area Agencies on Aging and Disability (AAAD). Agencies designated by the Commission on Aging and Disability or its successor organization to plan for and provide services to the elderly and disabled within a defined geographic area as provided by T.C.A. Title 71, Chapter 2.
- (8) Arlington ID Waiver. HCBS Waiver for persons with ID under Section 1915(c) of the Social Security Act (limited to members of the Arlington class certified in *United States v. Tennessee, et al.*).
- (9) Assistance with Premium Payments. For purposes of the Katie Beckett Program only and limited to children enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B as follows:
 - (a) Reimbursement to assist with the cost of the eligible child's portion only of third party liability insurance (TPL) coverage, such as employer-sponsored or other private health insurance:
 1. Limited to the amount determined to be the child's portion of TPL coverage premiums, when other family members are also covered by the same premium, calculated by dividing the total premium amount by the total number of family members covered under the policy.
 2. Paid only upon proof of payment of the child's premium for the applicable period.
 - (b) For a child enrolled in Medicaid Diversion Group Part B, the amount that may be reimbursed shall be limited to the amount specified in the child's approved ISP.
 - (c) May be offered to a child in Katie Beckett Group Part A only if a hardship exception to the requirement to obtain/maintain TPL, as set out in Rule 1200-13-20-.08(8), is requested and would otherwise be approved. In such cases, the Assistance with Premium Payments shall be limited to the amount by which the child's portion of the family's monthly TPL premium exceeds the Katie Beckett Group Part A premium and shall not count against the \$15,000 per calendar year expenditure cap for Katie Beckett Group Part A wraparound HCBS.
- (10) Assisted Care Living Facility (ACLF) Services.
 - (a) CBRA to NF care in an ACLF licensed by the DOH pursuant to Rule 1200-08-25 that provides and/or arranges for daily meals, personal care, homemaker and other supportive services or health care including medication oversight (to the extent permitted under State law), in a home-like environment to persons who need assistance with ADLs.

The service covers purchases, leasing, shipping costs, and as necessary, repair of equipment required by the person to increase, maintain or improve his/her functional capacity to perform daily tasks in the community and in employment that would not be possible otherwise. All items must meet applicable standards of manufacture, design and installation. The person-centered support plan must include strategies for training the individual and any others who the individual will or may rely on in effectively using the assistive technology or adaptive equipment (e.g. his/her support staff; co-workers and supervisors in the place of employment; natural supports).

1. Assistive Technology Equipment and Supplies also covers the following:

- (i) Evaluation and assessment of the assistive technology and adaptive equipment needs of the individual by an appropriate professional, including a functional evaluation of the impact of the provision of appropriate assistive technology and adaptive equipment through equipment trials and appropriate services to him/her in all environments with which the person interacts over the course of any 24 hour day, including the home, integrated employment setting(s) and community integration locations;

 - (x) Computer equipment, adaptive peripherals and adaptive workstations to accommodate active participation in the workplace and in the community;
 - (xi) Software also is approved when required to operate accessories included for environmental control;
 - (xii) Pre-paid, pre-programmed cellular phones that allow an individual who is participating in employment or community integration activities without paid or natural supports and who may need assistance due to an accident, injury or inability to find the way home. The person's PCSP outlines a protocol that is followed if the individual has an urgent need to request help while in the community;

The individual or legal guardian must own any piece of equipment that is repaired.

The recommendation of the Job Accommodation Networks (JAN) will meet this requirement for worksite technology. Depending upon the financial size of the employer or the public entity, those settings may be required to provide some of these items as part of their legal obligations under Title I or Title III of the ADA. Federal financial participation is not claimed for accommodations that are the legal responsibility of an employer or public entity, pursuant to Title I or Title III of the ADA.
 3. Neither ECF CHOICES nor the Katie Beckett Program will cover Assistive Technology or Adaptive Equipment and services which are otherwise available to the individual under Section 110 of the Rehabilitation Act of 1973, or the IDEA (20 U.S.C. §§ 1401, et seq.). The MOPD must be known (and not projected) as it will result in the determination of eligibility for Medicaid reimbursement of NF services and in many cases, eligibility for Medicaid, as well as a capitation payment and payments for Medicaid services received, including but not limited to LTSS. The PAE may be submitted without an MOPD date, in which case the MOPD shall be submitted by the facility when it is known. Tracheal Suctioning Reimbursement shall include two (2) distinct levels of reimbursement as follows:

- (a) Secretion Management Tracheal Suctioning Reimbursement for services delivered by a dual certified NF/SNF to persons who meet the medical eligibility criteria set forth in Rule 1200-13-01-.10(5)(d) and have an approved PAE for such level of reimbursement; and

- (222) Ventilator Weaning Reimbursement. The rate of reimbursement provided for ventilator weaning services delivered by a NF that meets the requirements set forth in Rule 1200-13-01-.03(5) to residents determined by an MCO to require such services based on medical necessity criteria.

1200-13-01-.05 TENNCARE CHOICES PROGRAM.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) Program components. The TennCare CHOICES Program is a managed LTSS program that is administered by the TennCare MCOs under contract with the Bureau. The MCOs are responsible for coordinating all covered physical, behavioral, and LTSS for their Members who qualify for and are enrolled in CHOICES. The program consists of two components:
 - (a) NF services, as described in this Chapter.
 - (b) CHOICES HCBS, as described in this Chapter.
- (3) Eligibility for CHOICES.
 - (a) There are three (3) groups in TennCare CHOICES:
 1. CHOICES Group 1. Participation in CHOICES Group 1 is limited to TennCare Members of all ages who qualify for and are receiving TennCare-reimbursed NF services. Eligibility for TennCare-reimbursed LTSS is determined by DHS. Medical (or LOC) eligibility is determined by the Bureau as specified in Rule 1200-13-01-.10. Persons in CHOICES Group 1 must be enrolled in TennCare Medicaid or in the CHOICES 1 and 2 Carryover Group and qualify for TennCare reimbursement of LTSS. Persons who qualify in the CHOICES 1 and 2 Carryover Group are enrolled in TennCare Standard.
 2. CHOICES Group 2.
 - (i) Participation in CHOICES Group 2 is limited to TennCare Members who qualify for and are receiving TennCare-reimbursed CHOICES HCBS. To be eligible for CHOICES Group 2, Applicants must meet the following criteria:
 - (I) Be in one of the defined target populations;
 - (II) Qualify in one of the specified eligibility categories;
 - (III) Meet NF LOC; and
 - (IV) Have needs that can be safely and appropriately met in the community and at a cost that does not exceed their Individual Cost Neutrality Cap as defined in Rule 1200-13-01-.02.
 - (ii) Target Populations for CHOICES Group 2. Only persons in one of the target populations below may qualify to enroll in CHOICES Group 2:
 - (I) Persons age sixty-five (65) and older.
 - (II) Persons twenty-one (21) years of age and older who have one or more physical disabilities as defined in Rule 1200-13-01-.02.

(Rule 1200-13-01-.05, continued)

- (iii) Eligibility Categories Served in CHOICES Group 2. Participation in CHOICES Group 2 is limited to TennCare Members who qualify in one of the following eligibility categories:
 - (I) SSI eligibles, who are determined eligible for SSI by the Social Security Administration. SSI eligibles are enrolled in TennCare Medicaid.
 - (II) The CHOICES 217-Like Group, as defined in Rule 1200-13-01-.02. Financial and categorical eligibility are determined by DHS. Persons who qualify in the CHOICES 217-Like Group in accordance with Rule 1200-13-14-.02 are enrolled in TennCare Standard.
 - (III) The CHOICES 1 and 2 Carryover Group, as defined in Rule 1200-13-01-.02. Financial and categorical eligibility are determined by DHS. Persons who qualify in the CHOICES 1 and 2 Carryover Group are enrolled in TennCare Standard.
- 3. CHOICES Group 3, including Interim CHOICES Group 3.
 - (i) Participation in CHOICES Group 3 is limited to TennCare Enrollees who qualify for and are receiving TennCare-reimbursed CHOICES HCBS. To be eligible for CHOICES Group 3, Enrollees must meet the following criteria:
 - (I) Be in one of the defined target populations;
 - (II) Qualify in one of the specified eligibility categories;
 - (III) Be At Risk for Institutionalization as defined in Rule 1200-13-01-.02; and

 - (ii) Target Populations for CHOICES Group 3. Only persons in one of the target populations below may qualify to enroll in CHOICES Group 3:
 - (I) Persons age sixty-five (65) and older.
 - (II) Persons twenty-one (21) years of age and older who have one or more Physical Disabilities as defined in Rule 1200-13-01-.02.
 - (iii) Eligibility Categories served in CHOICES Group 3. Participation in CHOICES Group 3 is limited to TennCare Enrollees who qualify in one of the following eligibility categories:
 - (I) SSI eligibles, who are determined eligible for SSI by the Social Security Administration. SSI eligibles are enrolled in TennCare Medicaid.
 - (II) For Interim CHOICES Group 3 only, the CHOICES At-Risk Demonstration Group, as defined in Rule 1200-13-01-.02. Financial and categorical eligibility are determined by the State. Persons who qualify in the CHOICES At-Risk Demonstration Group will be

(Rule 1200-13-01-.05, continued)

enrolled in TennCare Standard. This eligibility category is only open for enrollment between July 1, 2012 and June 30, 2015. Members enrolled in Interim CHOICES Group 3 on June 30, 2015, may continue to qualify in this group after June 30, 2015, so long as they continue to meet NF financial eligibility criteria and the LOC criteria in place at the time of enrollment into Interim CHOICES Group 3, and remain continuously enrolled in the CHOICES At-Risk Demonstration Group, Interim CHOICES Group 3, and TennCare.

- (b) Level of Care (LOC). All Enrollees in TennCare CHOICES must meet the applicable LOC criteria, as determined by the Bureau in accordance with Rule 1200-13-01-.10. Physician certification of LOC shall be required only for NF services.
 - 1. Persons shall meet NF LOC in order to enroll in CHOICES Group 1 or CHOICES Group 2.
 - 2. Persons shall be At Risk for Institutionalization, as defined in Rule 1200-13-01-.02, in order to enroll in CHOICES Group 3, including Interim CHOICES Group 3.
 - 3. Members enrolled in CHOICES Group 1 on June 30, 2012, may continue to qualify in this group after June 30, 2012, so long as they continue to meet NF financial eligibility, continue to meet the NF LOC criteria in place on June 30, 2012, and remain continuously enrolled in CHOICES Group 1 and in TennCare.
 - 4. Members enrolled in CHOICES Group 1 on June 30, 2012, who wish to begin receiving HCBS and transition to CHOICES Group 2 shall, for purposes of LOC, be permitted to do so, so long as they continue to meet the NF LOC criteria in place on June 30, 2012, and have remained continuously enrolled in CHOICES Group 1 and in TennCare since June 30, 2012. Should such Member subsequently require transition back to CHOICES Group 1, TennCare may grant an exception to the current NF LOC criteria, so long as the person continues to meet the NF LOC criteria in place on June 30, 2012, and has remained continuously enrolled in CHOICES Group 1 and/or Group 2 and in TennCare since June 30, 2012.
 - 5. Members enrolled in CHOICES Group 2 on June 30, 2012, may continue to qualify in this group after June 30, 2012, so long as they continue to meet NF financial eligibility, continue to meet the NF LOC criteria in place on June 30, 2012, and remain continuously enrolled in CHOICES Group 2 and in TennCare.
 - 6. Members enrolled in CHOICES Group 2 on June 30, 2012, who wish to be admitted to a NF and transition to CHOICES Group 1 shall be required to meet the NF LOC criteria in place at the time of enrollment into CHOICES Group 1 unless a determination has been made by TennCare that the Member's needs can no longer be safely met in the community within the Member's Individual Cost Neutrality Cap, in which case, the Member shall meet the NF LOC criteria in place on June 30, 2012, to qualify for enrollment into CHOICES Group 1.
- (c) With respect to the PASRR process described in Rule 1200-13-01-.23:
 - 1. Members in CHOICES Group 1 must have been determined through the PASRR process described in Rules 1200-13-01-.10 and 1200-13-01-.23 to be appropriate for NF placement.
 - 2. Members in CHOICES Group 2 or CHOICES Group 3 are not required to complete the PASRR process unless they are admitted to a NF for Short-Term

(Rule 1200-13-01-.05, continued)

NF Care described in Paragraph (8) of this Rule and defined in Rule 1200-13-01-.02. Completion of the PASRR process is not required for Members of CHOICES Group 2 or CHOICES Group 3 who have elected the Inpatient Respite Care benefit described in Paragraph (8) of this Rule, since the service being provided is not NF services, but rather, Inpatient Respite Care, which is a CHOICES HCBS.

- (d) All Members in TennCare CHOICES must be admitted to a NF and require TennCare reimbursement of NF services or be receiving CHOICES HCBS in CHOICES Group 2 or CHOICES Group 3.
 - (e) All Members in TennCare CHOICES Group 2 must be determined by the MCO to be able to be served safely and appropriately in the community and within their Individual Cost Neutrality Cap, in accordance with this Rule. If a person can be served safely and appropriately in the community and within their Individual Cost Neutrality Cap only through receipt of Companion Care services, the person may not be enrolled into CHOICES Group 2 until a qualified companion has been identified, an adequate back-up plan has been developed, and the companion has completed all required paperwork and training and is ready to begin delivering Companion Care services immediately upon the person's enrollment into CHOICES. Reasons a person cannot be served safely and appropriately in the community may include, but are not limited to, the following:
 - 1. The home or home environment of the Applicant is unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Applicant or to individuals who provide covered services.
 - 2. The Applicant refuses or fails to sign a Risk Agreement, or the Applicant's decision to receive services in the home or community poses an unacceptable level of risk.
 - 3. The Applicant or his caregiver is unwilling to abide by the POC or Risk Agreement.
 - (f) All Members in TennCare CHOICES Group 3 must be determined by the MCO to be able to be served safely and appropriately in the community within the array of services and supports available in CHOICES Group 3, including CHOICES HCBS up to the Expenditure Cap of \$15,000 (excluding the cost of minor home modifications), non-CHOICES HCBS available through TennCare (e.g., home health), services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers. Reasons a person cannot be served safely and appropriately in the community may include, but are not limited to, the following:
 - 1. The home or home environment of the Applicant is unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Applicant or to individuals who provide covered services.
 - 2. The Applicant or his caregiver is unwilling to abide by the POC.
- (4) Enrollment in TennCare CHOICES. Enrollment into CHOICES shall be processed by the Bureau as follows:

(Rule 1200-13-01-.05, continued)

- (a) Enrollment into CHOICES Group 1. To qualify for enrollment into CHOICES Group 1, an Applicant must:
 - 1. Have completed the PASRR process as defined in Rules 1200-13-01-.10 and 1200-13-01-.23;
 - 2. Have an approved unexpired PAE for NF LOC, including Level 1 reimbursement of NF services, Level 2 reimbursement of NF services, or Enhanced Respiratory Care Reimbursement for services in a NF. Eligibility for Enhanced Respiratory Care Reimbursement shall be established in accordance with Rule 1200-13-01-.10;
 - 3. Be approved by DHS for TennCare reimbursement of NF services;
 - 4. Be admitted to a NF. The Bureau must have received notification from the NF that Medicaid reimbursement is requested for the effective date of CHOICES enrollment (i.e., the individual is no longer privately paying for NF services and Medicare payment of NF services is not available). Enrollment into CHOICES Group 1 (and payment of a capitation payment for LTSS) cannot begin until the Bureau or the MCO will be responsible for payment of NF services.
- (b) Enrollment into CHOICES Group 2. To qualify for enrollment into CHOICES Group 2:
 - 1. An Applicant must be in one of the target populations specified in this Rule;
 - 2. An Applicant must have an approved unexpired PAE for NF LOC;
 - 3. An Applicant must be approved by DHS for TennCare reimbursement of LTSS as an SSI recipient, in the CHOICES 217-Like Group, or in the CHOICES 1 and 2 Carryover Group. To be eligible in the CHOICES 217-Like Group, an Applicant must be approved by TennCare to enroll in CHOICES Group 2;
 - 4. The Bureau must have received a determination by the MCO that the Applicant's needs can be safely and appropriately met in the community, and at a cost that does not exceed his Individual Cost Neutrality Cap, as described in this Rule, except in instances where the Applicant is not eligible for TennCare at the time of CHOICES application, in which case, such determination shall be made by the MCO upon enrollment into CHOICES Group 2; and
 - 5. There must be capacity within the established Enrollment Target to enroll the Applicant in accordance with this Rule which may include satisfaction of criteria for Reserve Capacity, as applicable; or the Applicant must meet specified exceptions to enroll even when the Enrollment Target has been reached.
- (c) Individual Cost Neutrality Cap.
 - 1. Each Member enrolling or enrolled in CHOICES Group 2 shall have an Individual Cost Neutrality Cap, which shall be used to determine:
 - (i) Whether or not he qualifies to enroll in CHOICES Group 2;
 - (ii) Whether or not he qualifies to remain enrolled in CHOICES Group 2; and
 - (iii) The total cost of CHOICES HCBS, HH Services, and PDN Services he can receive while enrolled in CHOICES Group 2. The Member's Individual Cost Neutrality Cap functions as a limit on the total cost of HCBS that can

(Rule 1200-13-01-.05, continued)

be provided to the Member in the home or community setting, including CHOICES HCBS, HH Services and PDN Services.

2. A Member is not entitled to receive services up to the amount of his Cost Neutrality Cap. A Member shall receive only those services that are medically necessary (i.e., required in order to help ensure the Member's health, safety and welfare in the home or community setting and to delay or prevent the need for NF placement). Determination of the services that are needed shall be based on a comprehensive assessment of the Member's needs and the availability of Natural Supports and other (non-TennCare reimbursed) services to meet identified needs which shall be conducted by the Member's Care Coordinator.
3. Calculating a Group 2 Member's Individual Cost Neutrality Cap.
 - (i) Each Group 2 Member will have an Individual Cost Neutrality Cap that is based on the average cost of the level of NF reimbursement that would be paid if the Member were institutionalized in a NF as set forth in Items (I) through (III) below. CHOICES Group 2 does not offer an alternative to hospital level of care.
 - (I) A Member who would qualify only for Level 1 NF reimbursement shall have a Cost Neutrality Cap set at the average Level 1 cost of NF care.
 - (II) A Member who would qualify for Level 2 NF reimbursement shall have a Cost Neutrality Cap set at the average Level 2 cost of NF care.
 - (III) A Member determined by TennCare to meet the medical eligibility criteria in Rule 1200-13-01-.10(5)(c) who would qualify for Chronic Ventilator Care or a Member determined by the Bureau to meet the medical eligibility criteria in Rule 1200-13-01-.10(5)(d) who would qualify for Secretion Management Tracheal Suctioning will have a Cost Neutrality Cap that reflects the higher payment that would be made to a NF for such care. For at least FY 2016-2017, the Cost Neutrality Cap for such CHOICES Group 2 member shall be based on the annualized cost of the applicable Enhanced Respiratory Care rate in effect as of June 30, 2016. Beginning July 1, 2017, the Cost Neutrality Cap for such CHOICES Group 2 member may be established based on the average annualized cost of the applicable level of Enhanced Respiratory Care Reimbursement using payments for such level of reimbursement during the FY 2016-2017 year. The Cost Neutrality Cap for such CHOICES Group 2 member shall be adjusted no more frequently than annually thereafter. There is no Cost Neutrality Cap based on the cost of Ventilator Weaning Reimbursement or Sub-Acute Tracheal Suctioning Reimbursement, as such services are available only on a short-term basis in a SNF or acute care setting.
 - (ii) The PAE application shall be used to submit information to the Bureau that will be used to establish a Member's Individual Cost Neutrality Cap.
 - (iii) A Member's Individual Cost Neutrality Cap shall be the average Level 1 cost of NF care unless a higher Cost Neutrality Cap is established based on information submitted in the PAE application.

(Rule 1200-13-01-.05, continued)

4. Application of the Individual Cost Neutrality Cap.

- (i) The annual Cost Neutrality Cap shall be applied on a calendar year basis. The Bureau and the MCOs will track utilization of CHOICES HCBS, HH services, and PDN services across each calendar year.
- (ii) A Member's Individual Cost Neutrality Cap must also be applied prospectively on a twelve (12) month basis. This is to ensure that a Member's POC does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of care planning, the MCO will always project the total cost of all CHOICES HCBS (including one-time costs such as Minor Home Modifications, short-term services or short-term increases in services) and HH and PDN Services forward for twelve (12) months in order to determine whether the Member's needs can continue to be safely and cost-effectively met based on the most current POC that has been developed. The cost of one-time services such as Minor Home Modifications, short-term services or short-term increases in services must be counted as part of the total cost of HCBS for a full twelve (12) month period following the date of service delivery.
- (iii) If it can be reasonably anticipated, based on the CHOICES HCBS, HH and PDN services currently received or determined to be needed in order to safely meet the person's needs in the community, that the person will exceed his Cost Neutrality Cap, then the person does not qualify to enroll in or to remain enrolled in CHOICES Group 2.

5. As the setting of an individual's Cost Neutrality Cap does not, in and of itself, result in any increase or decrease in a Member's services, notice of action shall not be provided regarding the Bureau's Cost Neutrality Cap calculation.

- (i) A Member has a right to due process regarding his Individual Cost Neutrality Cap when services are denied or reduced, when a determination is made that an Applicant cannot be enrolled into CHOICES, or a currently enrolled CHOICES Member can no longer remain enrolled in CHOICES because his needs cannot be safely and effectively met in the home and community-based setting at a cost that does not exceed his Individual Cost Neutrality Cap.
- (ii) When an adverse action is taken, notice of action shall be provided, and the Applicant or Member shall have the right to a fair hearing regarding any valid factual dispute pertaining to such action, which may include, but is not limited to, whether his Cost Neutrality Cap was calculated appropriately.
 - (I) Denial of or reductions in CHOICES HCBS based on a Member's Cost Neutrality Cap shall constitute an adverse action under the Grier Revised Consent Decree (Modified), as defined in Rules 1200-13-13-.01 and 1200-13-14-.01, and shall give rise to Grier notice of action and due process rights to request a fair hearing in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.
 - (II) Denial of enrollment and/or involuntary disenrollment because a person's Cost Neutrality Cap will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with this rule.

(Rule 1200-13-01-.05, continued)

(d) Enrollment Target for CHOICES Group 2.

1. There shall be an Enrollment Target for CHOICES Group 2. The Enrollment Target functions as a cap on the total number of persons who can be enrolled into CHOICES Group 2 at any given time.
 - (i) Effective July 1, 2012, the Enrollment Target for CHOICES Group 2 will be twelve thousand five hundred (12,500).
 - (ii) Once the Enrollment Target (including Reserve Capacity as defined in 1200-13-01-.02 and as described in 1200-13-01-.05(d)(2)) is reached, qualified Applicants shall not be enrolled into CHOICES Group 2 or qualify in the CHOICES 217-Like eligibility category based on receipt of HCBS until such time that capacity within the Enrollment Target is available, with the following exceptions:
 - (I) NF-to-Community Transitions. A Member being served in CHOICES Group 1 who meets requirements to enroll in CHOICES Group 2 can enroll in CHOICES Group 2 even though the Enrollment Target has been met. This Member will be served in CHOICES Group 2 outside the Enrollment Target but shall be moved within the CHOICES Enrollment Target at such time that a slot becomes available. A request to transition a Member from CHOICES Group 1 to CHOICES Group 2 in excess of the CHOICES Group 2 Enrollment Target must specify the name of the NF where the Member currently resides, the date of admission and the planned date of transition.
 - (II) CEA Enrollment. An MCO with an SSI-eligible recipient who meets all other criteria for enrollment into CHOICES Group 2, but who cannot enroll in CHOICES Group 2 because the Enrollment Target for that group has been met, has the option, at its sole discretion, of offering HCBS as a CEA to the Member. Upon receipt of satisfactory documentation from the MCO of its CEA determination and assurance of provider capacity to meet the Member's needs, the Bureau will enroll the person into CHOICES Group 2, regardless of the Enrollment Target. The person will be served in CHOICES Group 2 outside the Enrollment Target, but shall be moved within the CHOICES Group 2 Enrollment Target at such time that a slot becomes available. Satisfactory documentation of the MCO's CEA determination shall include an explanation of the Member's circumstances that warrant the immediate provision of NF services unless HCBS are immediately available. Documentation of adequate provider capacity to meet the Member's needs shall include a listing of providers for each HCBS in the Member's POC which the MCO has confirmed are willing and able to initiate HCBS within ten (10) business days of the Member's enrollment into CHOICES Group 2.
 - (III) If enrollment into CHOICES Group 2 is denied because the Enrollment Target has been reached, notice shall be provided to the Applicant, including the right to request a fair hearing regarding any valid factual dispute pertaining to the Bureau's decision. If the person otherwise qualifies for enrollment into CHOICES Group 2, but does not meet the exceptions specified in 1200-13-01-.05(d)(2)(ii), the Applicant shall be placed on a Waiting List for CHOICES Group 2.

(Rule 1200-13-01-.05, continued)

- (IV) Once the CHOICES Group 2 Enrollment Target is reached, any persons enrolled in excess of the Enrollment Target in accordance with this Rule must receive the first available slots. Only after all persons enrolled in excess of the Enrollment Target have been moved under the Enrollment Target can additional persons be enrolled into CHOICES Group 2.
- 2. Reserve Capacity.
 - (i) The Bureau shall reserve three hundred (300) slots within the CHOICES Group 2 Enrollment Target. These slots are available only when the Enrollment Target has otherwise been reached, and only to the following:
 - (I) Applicants being discharged from a NF; and
 - (II) Applicants being discharged from an acute care setting who are at imminent risk of being placed in a NF setting absent the provision of HCBS.
 - (ii) Once all other available (i.e., unreserved) slots have been filled, Applicants who meet specified criteria (including new Applicants seeking to establish eligibility in the CHOICES 217-Like Group as well as current SSI-eligible individuals seeking enrollment into CHOICES Group 2) may be enrolled into reserved slots. TennCare may require confirmation of the NF or hospital discharge and in the case of hospital discharge, written explanation of the Applicant's circumstances that warrant the immediate provision of NF services unless HCBS are immediately available.
 - (iii) If enrollment into a Reserve Capacity slot is denied, notice shall be provided to the Applicant, including the right to request a fair hearing regarding any valid factual dispute pertaining to the Bureau's decision. If the person otherwise qualifies for enrollment into CHOICES Group 2, but does not meet the specified criteria for Reserve Capacity, the Applicant shall be placed on a Waiting List for CHOICES Group 2.
- (e) Enrollment into CHOICES Group 3. To qualify for enrollment into CHOICES Group 3 (including Interim CHOICES Group 3):
 - 1. An individual must be in one of the target populations specified in this Rule;
 - 2. An individual must be At Risk for Institutionalization, as defined in Rule 1200-13-01-.02;
 - 3. An individual must be approved by DHS for reimbursement of LTSS as an SSI recipient or for Interim CHOICES Group 3 only, in the CHOICES At-Risk Demonstration Group, as defined in Rule 1200-13-01-.02. To be eligible in the CHOICES At-Risk Demonstration Group, an individual must be enrolled in Interim CHOICES Group 3, subject to determination of categorical and financial eligibility by DHS;
 - 4. The Bureau must have received a determination by the MCO that the individual's needs can be safely and appropriately met in the community, and at a cost that does not exceed his Expenditure Cap, as described in this Rule, except in instances where the person is not eligible for TennCare at the time of CHOICES application, in which case, such determination shall be made by the MCO upon enrollment into CHOICES Group 3; and

(Rule 1200-13-01-.05, continued)

5. There must be capacity within the established Enrollment Target, as applicable, to enroll the individual in accordance with this Rule.
- (f) Expenditure Cap for CHOICES Group 3.
1. Each Member enrolling or enrolled in CHOICES Group 3 shall be subject to an Expenditure Cap on CHOICES HCBS. The Expenditure Cap shall be used to determine:
 - (i) Whether or not an Applicant qualifies to enroll in CHOICES Group 3;
 - (ii) Whether or not a Member qualifies to remain enrolled in CHOICES Group 3; and
 - (iii) The total cost of CHOICES HCBS a Member can receive while enrolled in CHOICES Group 3, excluding the cost of Minor Home Modifications. The Expenditure Cap functions as a limit on the total cost of CHOICES HCBS, excluding Minor Home Modifications, that can be provided by the MCO to the Member in the home or community setting.
 2. A Member is not entitled to receive services up to the amount of the Expenditure Cap. A Member shall receive only those services that are medically necessary (i.e., required in order to help ensure the Member's health, safety and welfare in the home or community setting and to delay or prevent the need for NF placement). Determination of the services that are needed shall be based on a comprehensive assessment of the Member's needs and the availability of Natural Supports and other (non-TennCare reimbursed) services to meet identified needs, which shall be conducted by the Member's Care Coordinator.
 3. The Expenditure Cap for CHOICES HCBS provided to CHOICES Group 3 Members shall be \$15,000 (fifteen thousand dollars) annually, excluding the cost of Minor Home Modifications.
 4. Application of the Expenditure Cap.
 - (i) The annual Expenditure Cap shall be applied on a calendar year basis. The Bureau and the MCOs will track utilization of CHOICES HCBS excluding Minor Home Modifications, across each calendar year.
 - (ii) A Member's Expenditure Cap must also be applied prospectively on a twelve (12) month basis. This is to ensure that a Member's POC does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of care planning, the MCO will always project the total cost of CHOICES HCBS (excluding Minor Home Modifications) forward for twelve (12) months in order to determine whether the Member's needs can continue to be met based on the most current POC that has been developed. The cost of one-time services such as short-term services or short-term increases in services must be counted as part of the total cost of CHOICES HCBS for a full twelve (12) month period following the date of service delivery.
 - (iii) If it can be reasonably anticipated, based on the CHOICES HCBS currently received or determined to be needed (in addition to non-CHOICES HCBS available through TennCare, e.g., home health, services available through Medicare, private insurance or other funding sources, and unpaid supports

(Rule 1200-13-01-.05, continued)

provided by family members and other caregivers) in order to safely meet the person's needs in the community, that the person will exceed his Expenditure Cap, then the person does not qualify to enroll in or to remain enrolled in CHOICES Group 3.

- (iv) Any Short-Term NF Care received by a Member enrolled in CHOICES Group 3 shall not be counted against his Expenditure Cap.

(g) Enrollment Target for CHOICES Group 3 (including Interim CHOICES Group 3).

1. The State may establish an Enrollment Target for CHOICES Group 3 which shall be at least ten (10) percent of the Enrollment Target established by the State for CHOICES Group 2.
2. Notwithstanding any Enrollment Target established for CHOICES Group 3 as described in this subparagraph, Interim CHOICES Group 3 which is open for enrollment between July 1, 2012, and June 30, 2015, shall not be subject to an Enrollment Target.

(5) Disenrollment from CHOICES. A Member may be disenrolled from CHOICES voluntarily or involuntarily.

- (a) Voluntary disenrollment from CHOICES means the Member has chosen to disenroll, and no notice of action shall be issued regarding a Member's decision to voluntarily disenroll from CHOICES. However, notice shall be provided regarding any subsequent adverse action that may occur as a result of the Member's decision, including any change in benefits, cost-sharing responsibility, or continued eligibility for TennCare when the Member's eligibility was conditioned on receipt of LTSS. Voluntary disenrollment shall proceed only upon:

1. Discharge from a NF when the Member is not transitioning to CHOICES Group 2 or CHOICES Group 3, as described in these rules;
2. Election by the Member to receive hospice services in a NF, which is not a LTSS; or
3. Receipt of a statement signed by the Member or his authorized Representative voluntarily requesting disenrollment.

- (b) A Member may be involuntarily disenrolled from CHOICES only by the Bureau, although such process may be initiated by a Member's MCO. Reasons for involuntary disenrollment include but are not limited to:

1. The Member no longer meets one or more criteria for eligibility and/or enrollment as specified in this Rule.
2. The Member's needs can no longer be safely met in the community. This may include but is not limited to the following instances:
 - (i) The home or home environment of the Member becomes unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Member or to individuals who provide covered services to the Member.
 - (ii) The Member or his caregiver refuses to abide by the POC or Risk Agreement.

(Rule 1200-13-01-.05, continued)

- (iii) Even though an adequate provider network is in place, there are no providers who are willing to provide necessary services to the Member.
 - (iv) The Member refuses or fails to sign a Risk Agreement, or the Member's decision to continue receiving services in the home or community poses an unacceptable level of risk.
 - 3. The Member's needs can no longer be safely met in the community at a cost that does not exceed the Member's Cost Neutrality Cap or Expenditure Cap, as applicable and as described in this Rule.
 - 4. The Member no longer needs or is no longer receiving LTSS.
 - 5. The Member has refused to pay his Patient Liability. The MCO and/or its participating providers are unwilling to serve the Member in CHOICES because he has not paid his Patient Liability, and/or no other MCO is willing to serve the Member in CHOICES.
- (6) Safety Determination Requests for CHOICES and ECF CHOICES.
 - (a) For purposes of the Need for Inpatient Nursing Care, as specified in TennCare Rule 1200-13-01-.10(4)(b)2.(i)(II) and 1200-13-01-.10(4)(b)2.(ii)(II)-(IV), a Safety Determination by TennCare shall be made upon request of the Applicant, the Applicant's Representative, or the entity submitting the PAE, including the AAAD, DIDD, MCO, NF, or PACE Organization if an Applicant for CHOICES is in the target population for CHOICES as specified in Rule 1200-13-01-.05 and is At Risk for Institutionalization as defined in Rule 1200-13-01-.02, or an Applicant for ECF CHOICES is in the target population for ECF CHOICES as specified in Rule 1200-13-01-.31 and is At Risk for Institutionalization as defined in Rule 1200-13-01-.02, and at least one of the following criteria are met.
 - 1. The Applicant has an approved total acuity score of at least five (5) but no more than eight (8);
 - 2. The Applicant has an approved individual acuity score of at least three (3) for the Orientation measure and the absence of frequent intermittent or continuous intervention and supervision would result in imminent and serious risk of harm to the Applicant and/or others (documentation of the impact of such deficits on the Applicant's safety, including information or examples that would support and describe the imminence and seriousness of risk shall be required);
 - 3. The Applicant has an approved individual acuity score of at least two (2) for the Behavior measure; and the absence of intervention and supervision for behaviors at the frequency specified in the PAE would result in imminent and serious risk of harm to the Applicant and/or others (in addition to information submitted with the PAE, information or examples that would support and describe the imminence and seriousness of risk resulting from the behaviors shall be required);
 - 4. The Applicant has an approved individual acuity score of at least three (3) for the mobility or transfer measures or an approved individual acuity score of at least two (2) for the toileting measure, and the absence of frequent intermittent assistance for mobility and/or toileting needs would result in imminent and serious risk to the Applicant's health and safety (documentation of the

(Rule 1200-13-01-.05, continued)

- mobility/transfer or toileting deficits and the lack of availability of assistance for mobility/transfer and toileting needs shall be required);
5. The Applicant has experienced a significant change in physical or behavioral health or functional needs or the Applicant's caregiver has experienced a significant change in physical or behavioral health or functional needs which impacts the availability of needed assistance for the Applicant;
 6. The Applicant has a pattern of recent falls resulting in injury or with significant potential for injury or a recent fall under circumstances indicating a significant potential risk for further falls;
 7. The Applicant has an established pattern of recent emergent hospital admissions or emergency department utilization for emergent conditions or a recent hospital or NF admission or episode of treatment in a hospital emergency department under circumstances sufficient to indicate that the person may not be capable of being safely maintained in the community (not every hospital or NF admission or emergency department episode will be sufficient to indicate such).
 8. The Applicant's behaviors or a pattern of self-neglect has created a risk to personal health, safety and/or welfare that has prompted intervention by law enforcement or Adult Protective Services (APS). A report of APS or law enforcement involvement shall be sufficient by itself to require the conduct of a Safety Determination (but not necessarily the approval of a Safety Determination).
 9. The Applicant has recently been discharged from a community-based residential alternative setting (or such discharge is pending) because the Applicant's needs can no longer be safely met in that setting.
 10. The Applicant is a CHOICES Group 1 or Group 2 member or PACE member enrolled on or after July 1, 2012 (pursuant to level of care rules specified in 1200-13-01-.10(4)(b)2.(i) and (ii)) and has been determined upon review to no longer meet nursing facility level of care based on a total acuity score of 9 or above.
 11. The applicant has diagnosed complex acute or chronic medical conditions which require frequent, ongoing skilled and/or rehabilitative interventions and treatment by licensed professional staff.
 12. The Applicant's MCO has determined, upon enrollment into Group 3 based on a PAE submitted by another entity, that the Applicant's needs cannot be safely met within the array of services and supports available if enrolled in Group 3 (see 1200-13-01-.02), such that a higher level of care is needed.
 13. An Applicant who has an intellectual or developmental disability has a General Maladaptive Index value of -21 or lower, as determined on the Maladaptive Behavior Index (MBI) portion of the Inventory for Client and Agency Planning (ICAP).
 14. An Applicant under age 18 who has an intellectual or developmental disability will not qualify financially for TennCare unless the deeming of the parent's income to the child is waived, and absent the availability of benefits in ECF CHOICES Group 4, the child is at imminent risk of placement outside the home.
- (b) Any of these criteria shall be sufficient to warrant review of a Safety Determination request by the Bureau; however except as provided in Subpart (f)1.(i) below, no

(Rule 1200-13-01-.05, continued)

criterion shall necessarily be sufficient, in and of itself, to justify that such Safety Determination request (and NF LOC) will be approved. The Bureau may also, at its discretion, review a Safety Determination request when none of the criteria in (a) above have been met, but other safety concerns have been submitted which the Bureau determines may impact the person's ability to be safely served in CHOICES Group 3, or ECF CHOICES Group 5, as applicable, along with sufficient medical evidence to make a safety determination. The Bureau's Safety Determination shall be based on a review of the medical evidence in its entirety, including consideration of the Applicant's medical and functional needs, and the array of services and supports that would be available if the Applicant was enrolled in CHOICES Group 3 or ECF CHOICES Group 5 (for adults age 21 and older), as applicable for the target population in which the Applicant will be enrolled, if eligible, including CHOICES HCBS or ECF CHOICES HCBS up to the Expenditure Cap of \$15,000 or \$30,000, as applicable, and one-time emergency assistance up to \$6,000, as applicable; non-CHOICES HCBS available through TennCare (e.g., home health); cost effective alternative services (as applicable); services available through Medicare, private insurance or other funding sources and unpaid supports provided by family members and other caregivers who are willing and able to provide such care.

- (c) PAEs may be submitted by more than one entity on behalf of an applicant. If Entity #1 (e.g., the MCO) believes that an applicant's needs can be safely met if enrolled in Group 3 and a Safety Determination is not needed for the applicant, but Entity #2 (e.g., the NF) believes that a Safety Determination is appropriate, then Entity #2 (e.g., the NF) may also submit a PAE on behalf of the applicant, along with a completed Safety Determination request, to the Bureau for review.
- (d) If one or more of the criteria specified in (a) above are met and the medical evidence received by the Bureau is insufficient to make a Safety Determination, the Bureau may request a face-to-face assessment by the AAAD or DIDD (for non Medicaid-eligible Applicants), the MCO (for Medicaid-eligible Applicants), or other designee in order to gather additional information needed by the Bureau to make a final Safety Determination. In such instances, the PAE shall be deemed incomplete, and the time for disposition of the PAE shall be tolled for a reasonable period of time (not to exceed 10 business days, except when such delay is based on the reasonable needs or request of the Applicant, and only for a specific additional period not to exceed a total period of 30 calendar days, occasioned by the Applicant's needs or request) while such additional evidence is gathered.
- (e) Except as specified in Subpart (f)1.(i) below, documentation required to support a Safety Determination request shall include all of the following:
 - 1. A completed PAE, including detailed explanation of each ADL or related deficiency, as required by the Bureau, a completed Safety Determination request, and medical evidence sufficient to support the functional and related deficits identified in the PAE and the health and safety risks identified in the Safety Determination request;
 - 2. A comprehensive needs assessment which shall include all of the following:
 - (i) An assessment of the Applicant's physical, behavioral, and psychosocial needs not reflected in the PAE, including the specific tasks and functions for which assistance is needed by the Applicant, the frequency with which such tasks must be performed, and the Applicant's need for safety monitoring and supervision;

(Rule 1200-13-01-.05, continued)

- (ii) The Applicant's living arrangements and the services and supports the Applicant has received for the six (6) months prior to submission of the Safety Determination request, including unpaid care provided by family members and other caregivers, paid services and supports the Applicant has been receiving regardless of payer (e.g., non-CHOICES HCBS available through TennCare such as home health and services available through Medicare, private insurance or other funding sources); and any anticipated change in the availability of such care or services from the current caregiver or payer; and
 - (iii) Detailed explanation regarding any recent significant event(s) or circumstances that have impacted the Applicant's need for services and supports, including how such event(s) or circumstances impact the Applicant's ability to be safely supported within the array of covered services and supports that would be available if the Applicant were enrolled in CHOICES Group 3 or ECF CHOICES Group 5, as applicable.
 - 3. A person-centered plan of care or support plan, as applicable, developed by the MCO Care Coordinator or Support Coordinator, NF, or PACE Organization (i.e., the entity submitting the Safety Determination request) which specifies the tasks and functions for which assistance is needed by the Applicant, the frequency with which such tasks must be performed, the Applicant's need for safety monitoring and supervision; and the amount (e.g., minutes, hours, etc.) of paid assistance that would be necessary to provide such assistance; and that would be provided by such entity upon approval of the Safety Determination. (A plan of care or support plan is not required for a Safety Determination submitted by the AAAD or DIDD.) In the case of a Safety Determination request submitted by an MCO or AAAD for a NF resident, the plan of care shall be developed in collaboration with the NF, as appropriate; and
 - 4. An explanation regarding why an array of covered services and supports, including CHOICES HCBS up to the Expenditure Cap of \$15,000, ECF CHOICES HCBS up to the Expenditure Cap of \$30,000 and one-time emergency assistance up to \$6,000; and non-CHOICES or non-ECF CHOICES HCBS (e.g., home health); services available through Medicare, private insurance or other funding sources; and unpaid supports provided by family members and other caregivers would not be sufficient to safely meet the Applicant's needs in the community.
- (f) Approval of a Safety Determination Request.
- 1. A Safety Determination request shall be approved if there is sufficient evidence, as required and determined by the Bureau, to demonstrate that the necessary intervention and supervision needed by the Applicant cannot be safely provided within the array of services and supports that would be available if the Applicant was enrolled in CHOICES Group 3 or ECF CHOICES Group 5, as applicable for the target population in which the Applicant will be enrolled, if eligible, including CHOICES HCBS or ECF CHOICES HCBS up to the Expenditure Cap of \$15,000 or \$30,000, as applicable, and one-time emergency assistance up to \$6,000, as applicable; non-CHOICES HCBS available through TennCare (e.g., home health); cost-effective alternative services (as applicable); services available through Medicare, private insurance or other funding sources; and unpaid supports provided by family members and other caregivers who are willing and able to provide such care.

(Rule 1200-13-01-.05, continued)

- (i) An applicant with I/DD whose GMI score is at or below -31 (categorized as “Serious” or “Very Serious”) shall qualify for NF LOC on the basis of the safety determination, regardless of their score on the PAE Acuity Scale. No minimum acuity score and no other information shall be required as part of the safety determination.
 - (ii) A maladaptive behavior index value of -21 to -30 (categorized as “Moderately Serious”) shall be sufficient to warrant a Safety Determination review upon request, but shall not automatically qualify for approval of NF LOC on the basis of safety. The decision shall be based on a review of the entirety of the person’s needs and circumstances and in accordance with documentation requirements specified herein.
 - (iii) For applicants with I/DD who have a maladaptive behavior index value of -20 and above, the problem behavior assessment and the life skills assessment shall be taken into account along with other documentation requirements specified herein in determining whether any safety determination request submitted should be approved.
 - 2. When a Safety Determination request is approved, the Applicant’s NF LOC eligibility shall be approved (see Rule 1200-13-01-.10(4)(b)2.(i)(II) and 1200-13-01-.10(4)(b)2.(ii)(II)-(IV)).
 - 3. If enrolled in CHOICES Group 1 or 2, PACE, or in ECF CHOICES, based upon approval of a Safety Determination request, the NF, MCO, or PACE Organization, respectively, shall implement any plan of care or initial support plan developed by such entity and submitted as part of the Safety Determination request to demonstrate the services needed by the Applicant, subject to changes in the Applicant’s needs which shall be reflected in a revised plan of care or person-centered support plan and signed by the Applicant (or authorized representative).
 - 4. The lack of availability of suitable community housing, the need for assistance with routine medication management, discharge from another service system (e.g., state custody or a mental health institute), or release from incarceration shall not be sufficient by itself to justify approval of a Safety Determination request.
- (g) Denial of a Safety Determination Request for CHOICES or ECF CHOICES.
- 1 Pursuant to Rule 1200-13-01-.10(7)(b), when a PAE is denied, including instances where a Safety Determination has been requested and denied, a written Notice of denial shall be sent to the Applicant and, where applicable, to the Designated Correspondent. In instances where such denial is based in part on a Safety Determination that has been requested and denied, such Notice shall advise the Applicant of the Bureau’s LOC decision, including denial of the Safety Determination request. This notice shall advise the Applicant of the right to appeal the PAE denial decision, which includes the Safety Determination, as applicable, within 30 calendar days,
 - 2. If enrolled in CHOICES Group 3 or in ECF CHOICES Group 5 based upon denial of a Safety Determination Request, the MCO shall implement any plan of care or initial support plan, as applicable, developed by the MCO and submitted as part of the Safety Determination process to demonstrate that the Applicant’s needs can be safely met in CHOICES Group 3 or ECF CHOICES Group 5, as applicable, including covered medically necessary CHOICES HCBS or ECF

(Rule 1200-13-01-.05, continued)

CHOICES HCBS, and non-CHOICES or non-ECF CHOICES HCBS available through TennCare and cost-effective alternative services upon which denial of the Safety Determination was based, subject to changes in the Applicant's needs which shall be reflected in a revised plan of care or person-centered support plan and signed by the Applicant (or authorized representative).

(h) Duration of Nursing Facility Level of Care Based on an Approved Safety Determination Request.

1. Pursuant to 1200-13-01-.10(2)(h), Nursing Facility level of care based on an approved Safety Determination request may be approved by the Bureau for an open ended period of time or a fixed period of time with an expiration date based on an assessment by the Bureau of the Applicant's medical condition and anticipated continuing need for inpatient nursing care, and how long it is reasonably anticipated that the Applicant's needs cannot be safely and appropriately met in the community within the array of services and supports available if enrolled in CHOICES Group 3 or ECF CHOICES Group 5, as applicable. This may include periods of less than 30 days as appropriate, including instances in which it is determined that additional post-acute inpatient treatment of no more than 30 days is needed for stabilization, rehabilitation, or intensive teaching as specified in the plan of care following an acute event, newly diagnosed complex medical condition, or significant progression of a previously diagnosed complex medical condition in order to facilitate the Applicant's safe transition back to the community.
2. Pursuant to Rule 1200-13-01-.10(7)(f), when a PAE for NF LOC is approved for a fixed period of time with an expiration date based on an assessment by the Bureau of the Applicant's medical condition and anticipated continuing need for inpatient nursing care, and how long it is reasonably anticipated that the Applicant's needs cannot be safely and appropriately met in the community within the array of services and supports available if enrolled in CHOICES Group 3 or ECF CHOICES Group 5, the Applicant shall be provided with a Notice of appeal rights, including the opportunity to submit an appeal within 30 calendar days of receipt of this notice. Nothing in this section shall preclude the right of the Applicant to submit a new PAE (including a new Safety Determination request) establishing medical necessity of care before the Expiration Date has been reached or anytime thereafter.

(7) Transitioning Between CHOICES Groups.

(a) Transition from Group 1 to Group 2.

1. An MCO may request to transition a Member from Group 1 to Group 2 only when the Member chooses to transition from the NF to an HCBS setting. Members shall not be required to transition from Group 1 to Group 2. Only an MCO may submit to TennCare a request to transition a Member from Group 1 to Group 2.
2. A Member that has already been discharged from the NF shall not be transitioned to CHOICES Group 2. Once a Member has discharged from the NF, he has voluntarily disenrolled from CHOICES Group 1 and must be newly enrolled into CHOICES Group 2. A new PAE shall be required for enrollment into CHOICES Group 2.
3. When Members move from Group 1 to Group 2, DHS must recalculate the Member's Patient Liability based on the Community PNA.

(Rule 1200-13-01-.05, continued)

- (b) Transition from Group 2 to Group 1. An MCO may request to transition a Member from Group 2 to Group 1 only under the following circumstances:
 - 1. Except as provided in TennCare Rule 1200-13-01-.05(3)(b)6., the Member meets the NF LOC criteria in place at the time of enrollment into CHOICES Group 1, and at least one (1) of the following is true:
 - (i) The Member chooses to transition from HCBS to NF, for example, due to a decline in the Member's health or functional status, or a change in the Member's natural caregiving supports; or
 - (ii) The MCO has made a determination that the Member's needs can no longer be safely met in the community and at a cost that does not exceed the average cost of NF services for which the Member would qualify, and the Member chooses to transition to the more appropriate institutional setting in order to safely meet his needs.
 - 2. When Members move from Group 2 to Group 1, DHS must recalculate the Member's Patient Liability based on the Institutional PNA.
 - (c) At such time as a transition between CHOICES Groups 1 and 2 is made, the MCO shall issue notice of transition to the Member. Because the Member has elected the transition and remains enrolled in CHOICES, such transition between CHOICES groups shall not constitute an adverse action. Thus, the notice will not include the right to appeal or request a fair hearing regarding the Member's decision.
 - (d) Transition from Group 1 or Group 2 to Group 3.
 - 1. The Bureau or the MCO shall, subject to eligibility and enrollment criteria set forth in TennCare Rule 1200-13-01-.05(3) and (4), initiate a transition from Group 1 or from Group 2 to Group 3 when a Member who was enrolled in CHOICES Group 1 or Group 2 on or after July 1, 2012, no longer meets NF LOC, but is At Risk for Institutionalization as defined in Rule 1200-13-01-.02.
 - 2. A Member that has already been discharged from the NF shall not be transitioned from CHOICES Group 1 to CHOICES Group 3. Once a Member has discharged from the NF, he has voluntarily disenrolled from CHOICES Group 1 and must be newly enrolled into CHOICES Group 3. A new PAE shall be required for enrollment into CHOICES Group 3.
 - 3. When a Member transitions from CHOICES Group 1 to Group 3, DHS must recalculate the Member's Patient Liability based on the Community PNA.
 - (e) Transition from Group 3 to Group 1 or Group 2.
 - 1. The Bureau or the MCO shall initiate a transition from Group 3 to Group 1 or Group 2, as appropriate, when the Member meets NF LOC in place at the time of the transition request and satisfies all requirements for enrollment into the requested Group.
 - 2. When a member transitions from Group 3 to Group 1, DHS must recalculate the Member's Patient Liability based on the Institutional PNA.
- (8) Benefits in the TennCare CHOICES Program.

(Rule 1200-13-01-.05, continued)

- (k) All LTSS, NF services as well as CHOICES HCBS, must be authorized by the MCO in order for MCO payment to be made for the services. An MCO may elect to accept the Bureau's PAE determination as its prior authorization for NF services. NF care may sometimes start before authorization is obtained, but payment will not be made until the MCO has authorized the service. CHOICES HCBS must be specified in an approved POC and authorized by the MCO prior to delivery of the service in order for MCO payment to be made for the service.
- (l) CHOICES HCBS covered under TennCare CHOICES and applicable limits are specified below. The benefit limits are applied across all services received by the Member regardless of whether the services are received through CD and/or a traditional provider agency. 1. Emergency and non-emergency transportation for TennCare covered services other than CHOICES services is provided by the MCOs in accordance with Rules 1200-13-13-.04 and 1200-13-14-.04.
2. Transportation is not provided to HCBS covered by CHOICES, except in the circumstance where a Member requires Adult Day Care that is not available within 30 miles of the Member's residence.

For CHOICES Members not participating in CD, provider agencies delivering CHOICES HCBS may permit staff to accompany a Member outside the home. In circumstances where the Member is unable to drive, assistance by provider agency staff in performing IADLs (e.g., grocery shopping, picking up prescriptions, banking) specified in the POC may include transporting the Member when such assistance would otherwise be performed for the Member by the provider staff, and subject to the provider agency's agreement and responsibility to ensure that the Worker has a valid driver's license and proof of insurance prior to transporting a Member. The decision of whether or not to accompany the Member outside the home (and in the circumstances described above, to transport the Member) is at the discretion of the agency/Worker, taking into account such issues as the ability to safely provide services outside the home setting, the cost involved, and the provider's willingness to accept and manage potential risk and/or liability. In no case will additional hours of service and/or an increased rate of reimbursement be provided as a result of an agency/Worker decision to accompany or transport a Member outside the home.

3. For CHOICES Members participating in CD, the Member may elect to have his Consumer-Directed Workers (including Companion Care workers) to accompany and/or transport the Member if such an arrangement is agreed to by both the Member and the Workers and specified in the Service Agreement; however, no additional hours or reimbursement will be available. Consumer-Directed Worker(s) must provide to the FEA a valid driver's license and proof of insurance prior to transporting a Member.

(n) Freedom of Choice.

1. CHOICES Members who meet NF LOC as defined in Rule 1200-13-01-.10 shall be given freedom of choice of NF care or CHOICES HCBS, so long as the Member meets all criteria for enrollment into CHOICES Group 2, as specified in this Chapter and the Member may be enrolled into CHOICES Group 2 in accordance with requirements pertaining to the CHOICES Group 2 Enrollment Target as described in this Chapter.
2. CHOICES Members shall also be permitted to choose providers for CHOICES HCBS specified in the POC from the MCO's list of participating providers, if the participating provider selected is available and willing to initiate services timely and to deliver services in accordance with the POC. The Member is not entitled to receive services from a particular provider. A Member is not entitled to a fair hearing if he is not able to receive services from the provider of his choice.

(o) Transition Allowance. For CHOICES Members moving from CHOICES 1 to CHOICES 2 or CHOICES 3, the MCO may, at its sole discretion, provide a Transition Allowance not to exceed two thousand dollars (\$2,000) per lifetime as a CEA to facilitate transition of the Member from the NF to the community. An MCO shall not be required to provide a Transition Allowance, and Members transitioning out of a NF are not entitled to receive a Transition Allowance, which is not a covered benefit. Items that an MCO may elect to purchase or reimburse are limited to the following:

(Rule 1200-13-01-.05, continued)

 - (ii) A Member may choose to stop receiving services in a CBRA setting or from a particular CBRA provider at any time, and shall be supported in choosing and transitioning within a reasonable period to a different service, setting, or provider as applicable, that is appropriate based on the Member's needs and preferences.

 - (XV) To be free from inappropriate use of physical or chemical restraint;
 - (XVI) To have access to transportation and environments used by the general public; and
 - (XVII) To seek resolution of rights violations or quality of care issues without retaliation.
- (iv) The rights to be safeguarded by providers described in this rule do not limit any other statutory and constitutional rights afforded to all CHOICES Members or their legally authorized representatives, including those rights provided by the HCBS Settings Rule and Person-Centered Planning Rule in 42 C.F.R. § 441.301, and all other rights afforded to residents of CBRA's specific to the licensure authority for that CBRA.

The CLS Ombudsman shall be employed and/or contracted with an agency that is separate and distinct from the TennCare Bureau.
 - (ii) The CLS Ombudsman will:
 - (I) Help to ensure Member choice in the selection of their CLS or CLS-FM benefit, provider, setting, and housemates;

3. Disqualification from Serving as a Consumer-Directed Worker. A Member (or Representative for CD) cannot waive a background check for a potential Worker. A background check may reveal a potential Worker's past criminal conduct that may pose an unacceptable risk to the Member. Any of the following findings may place the Member at risk and may disqualify a person from serving as a Worker:
- (i) Conviction of an offense involving physical, sexual or emotional abuse, neglect, financial exploitation or misuse of funds, misappropriation of property, theft from any person, violence against any person, or manufacture, sale, possession or distribution of any drug; and/or
 - (ii) Entering of a plea of nolo contendere or when a jury verdict of guilty is rendered but adjudication of guilt is withheld with respect to a crime reasonably related to the nature of the position sought or held.
4. Individualized Assessment of a Consumer-Directed Worker with a Criminal Background.
- (i) If a potential Worker's background check includes past criminal conduct, the Member (or Representative for CD) must review the past criminal conduct with the help of the FEA. The Member (or Representative for CD), with the assistance of the FEA, will consider the following factors:
 - (I) Whether or not the evidence gathered during the potential Worker's individualized assessment shows the criminal conduct is related to the job in such a way that could place the Member at risk;
 - (II) The nature and gravity of the offense or conduct, such as whether the offense is related to physical or sexual or emotional abuse of another person, if the offense involves violence against another person, or the manufacture, sale, or distribution of drugs; and
 - (III) The time that has passed since the offense or conduct and/or completion of the sentence.

(Rule 1200-13-01-.05, continued)

- (ii) After considering the above factors and any other evidence submitted by the potential Worker, the Member (or Representative for CD) must decide whether to hire the potential Worker.
 - (iii) If a Member (or Representative for CD) decides to hire the Worker, the FEA shall assist the Member (or Representative for CD) in notifying the Member's MCO of this decision and shall collaborate with the Member's MCO to amend the Member's risk agreement to reflect the Member's (or CD Representative's) decision to voluntarily assume risk associated with hiring an individual with a criminal history and that the Member (or Representative for CD) is solely responsible for any negative consequences stemming from that decision.
- 5. Service Agreement.
 - (i) A Member shall develop a Service Agreement with each Worker, which includes, at a minimum:
 - (I) The roles and responsibilities of the Worker and the Member;
 - (II) The Worker's schedule (as developed by the Member and/or Representative), including hours and days;
 - (III) The scope of each service (i.e., the specific tasks and functions the Worker is to perform);
 - (IV) The service rate; and
 - (V) The requested start date for services.
 - (ii) The Service Agreement must be in place for each Worker prior to the Worker providing services.
 - (iii) The Service Agreement shall also stipulate if a Worker will provide one or more Self-Directed Health Care Tasks, the specific task(s) to be performed, and the frequency of each Self-Directed Health Care Task.
- 6. Payments to Consumer-Directed Workers.
 - (i) Rates.

With the exception of Companion Care Services, Members participating in CD have the flexibility to set wages for their Workers from a range of reimbursement levels established by TennCare.

 - (I) Monthly Companion Care rates are only available for a full month of service delivery and will be pro-rated when a lesser number of days are actually delivered.
 - (II) The back-up per diem rate is available only when a regularly scheduled companion is ill or unexpectedly unable to deliver services, and shall not be authorized as a component of ongoing Companion Care Services.

(Rule 1200-13-01-.05, continued)

- (ii) Payments to Consumer-Directed Workers. In order to receive payment for services rendered, all Workers must:
 - (I) Deliver services in accordance with the schedule of services specified in the Member's POC and in the MCO's service authorization, and in accordance with Worker assignments determined by the Member or his Representative.
 - (II) Use the EVV system to log in and out at each visit.
 - (III) Provide detailed documentation of service delivery including but not limited to the specific tasks and functions performed for the Member at each visit, which shall be maintained in the Member's home.
 - (IV) Provide no more than forty (40) hours of services within a consecutive seven (7) day period, unless explicitly permitted by program guidelines and in accordance with service authorizations.
- (iii) Termination of Consumer-Directed Workers' Employment.
 - (I) A Member may terminate a Worker's employment at any time.
 - (II) The MCO may not terminate a Worker's employment, but may request that a Member be involuntarily withdrawn from CD if it is determined that the health, safety and welfare of the Member may be in jeopardy if the Member continues to employ a Worker but the Member and/or Representative does not want to terminate the Worker.
- (j) Self-Direction of Health Care Tasks.
 1. A Competent Adult, as defined in this Chapter, with a functional disability living in his own home, enrolled in CHOICES Group 2 or CHOICES Group 3, and participating in CD, or his Representative for CD, may choose to direct and supervise a Consumer-Directed Worker in the performance of a Health Care Task as defined in this Chapter.
 2. For purposes of this rule, home does not include a NF or ACLF.
 3. A Member shall not receive additional amounts of any service as a result of his decision to self-direct health care tasks. Rather, the Health Care Tasks shall be performed by the Worker in the course of delivering Eligible CHOICES HCBS already determined to be needed, as specified in the POC.
 4. The Member or Representative who chooses to self-direct a health care task is responsible for initiating self-direction by informing the health care professional who has ordered the treatment which involves the Health Care Task of the individual or caregiver's intent to perform that task through self-direction. The provider shall not be required to prescribe self-direction of the health care task.
 5. When a licensed health care provider orders treatment involving a Health Care Task to be performed through self-directed care, the responsibility to ascertain that the Member or caregiver understands the treatment and will be able to follow through on the Self-Directed Health Care Task is the same as it would be for a Member or caregiver who performs the Health Care Task for himself, and the

(Rule 1200-13-01-.05, continued)

licensed health care provider incurs no additional liability when ordering a Health Care Task which is to be performed through self-directed care.

6. The Member or his Representative for CD will identify one or more Consumer-Directed Workers who will perform the task in the course of delivery of Eligible CHOICES HCBS. If a Worker agrees to perform the Health Care Tasks, the tasks to be performed must be specified in the Service Agreement. The Member or his Representative for CD is solely responsible for identifying a Worker who is willing to perform Health Care Tasks, and for instructing the paid personal aide on the task(s) to be performed.
7. The Member or his Representative for CD must also identify in his Back-up Plan for CD who will perform the Health Care Task if the Worker is unavailable, or stops performing the task for any reason.
8. Ongoing monitoring of the Worker performing self-directed Health Care Tasks is the responsibility of the Member or his Representative. Members are encouraged to use a home medication log as a tool to document medication administration. Medications should be kept in original containers, with labels intact and legible.

(k) Withdrawal from Participation in Consumer Direction (CD).

1. General.

- (i) Voluntary Withdrawal from CD. Members participating in CD may voluntarily withdraw from participation in CD at any time. The Member's request must be in writing. Whenever possible, notice of a Member's decision to withdraw from participation in CD should be provided in advance to permit time to arrange for delivery of services through Contracted Providers.
- (ii) Voluntary or involuntary withdrawal of a Member from CD of Eligible CHOICES HCBS shall not affect a Member's eligibility for LTSS or enrollment in CHOICES, provided the Member continues to meet all requirements for enrollment in CHOICES as defined in this Chapter.
- (iii) If a Member voluntarily withdraws or is involuntarily withdrawn from CD, any Eligible CHOICES HCBS he receives, with the exception of Companion Care, shall be provided through Contract Providers, subject to the requirements in this Chapter. Companion Care is only available through CD.

 - (V) The Member is unwilling to sign a Risk Agreement, as applicable, which identifies and addresses any additional risks associated with the Member's decision to participate in CD, or the risks associated with the Member's decision to participate in CD pose too great a threat to the Member's health, safety and welfare.
 - (VI) The health, safety and welfare of the Member may be in jeopardy if the Member or his Representative continues to employ a Worker but the Member or Representative does not want to terminate the Worker.

 - (XI) If a Member's Representative fails to perform in accordance with the terms of the Representative Agreement and the health, safety and welfare of the Member is at risk, and the Member wants to continue to use the Representative.
 - (XII) If a Member has consistently demonstrated that he is unable to manage, with sufficient supports, including appointment of a Representative, his services and the Care Coordinator or FEA has identified health, safety and/or welfare issues.
 - (XIII) A Care Coordinator has determined that the health, safety and welfare of the Member may be in jeopardy if the Member continues to employ a Worker but the Member or Representative does not want to terminate the Worker.
 - (XIV) Other significant concerns regarding the Member's participation in CD which jeopardize the health, safety or welfare of the Member.
- (ii) The Bureau must review and approve all MCO requests for involuntary withdrawal from CD of HCBS before such action may occur. If the Bureau approves the request, written notice shall be given to the Member at least ten (10) days in advance of the withdrawal. The date of withdrawal may be delayed when necessary to allow adequate time to transition the Member to Contract Provider services as seamlessly as possible.
 - (iii) The Member shall have the right to appeal involuntary withdrawal from CD.

(Rule 1200-13-01-.05, continued)

- (iv) If a person is no longer enrolled in TennCare or in CHOICES, his participation in CD shall be terminated automatically.

(Rule 1200-13-01-.06, continued)

5. Treat a Medicaid-reimbursed resident differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership or other requirement or condition which the resident must meet in order to be provided any service or benefit provided under the program.
- (b) A NF, in determining the types of services, or benefits which will be provided under any such program, or the Medicaid-reimbursed resident to whom, or the situations in which, such services or benefits will be provided under the program, or the Medicaid-reimbursed resident to be afforded an opportunity to participate in the program, may not, directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting those residents to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishments of the objective of the program with respect to those residents of a particular race, color, or national origin.
- (c) As used in this rule, the services or benefits provided by a NF shall be deemed to include any service, or benefit provided in or through a facility participating in this program.
- (d) The enumeration of specific forms of prohibited discrimination in this rule does not limit the generality of the prohibition in this rule.
- (e) When a NF has previously discriminated against persons on the ground of race, color, or national origin, the facility must take affirmative action to overcome the effects of prior discrimination.
- (f) Even in the absence of such prior discrimination, a facility may take affirmative action to overcome the effects of conditions which resulted in limiting participation by persons of a particular race, color, or national origin.
- (2) Admissions, transfers, and discharges from NFs.
 - (a) All NFs shall establish written policies and procedures addressing admission, transfer and discharge, consistent with these rules. These policies and procedures shall be available for inspection by the state.

 2. Payment of an amount from a Medicaid-eligible resident in excess of the amount of Patient Liability determined by DHS.
 3. Payment in excess of the amount of Patient Liability determined by DHS from any resident who is financially eligible for medical assistance but who has not submitted a PAE for consideration or whose appeal rights for a denied PAE have not been exhausted.

1. Transfer and Discharge Rights.

 - (II) The transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility;
 - (III) The safety of individuals in the facility is endangered;
 - (IV) The health of individuals in the facility would otherwise be endangered;
 - (V) The resident has failed, after reasonable and appropriate notice, to pay (or to have paid under Title XIX or Title XVIII on the resident's behalf) for a stay at the facility; or

Each NF shall establish a policy for handling residents who wish to leave the facility against medical advice. The basis for the transfer or discharge must be documented in the resident's clinical record. In the cases described in items (I) and (II) above, the documentation must be made by the resident's physician, and in the case described in item (IV) above, the documentation must be made by a physician. For purposes of item (V), in the case of a resident who becomes eligible for assistance under Title XIX after admission to the facility, only charges which may be imposed under Title XIX shall be considered to be allowable.
 - (iii) When a resident is transferred, a summary of treatment given at the facility, condition of resident at time of transfer and date and place to which transferred shall be entered in the record.  - (iii) Notify the Department of Health and the LTC Ombudsman.
 - (iv) Not transfer or discharge a resident until the above agencies have designated their intention to intervene and until any appeal process is complete, should the resident request a fair hearing.
- 3. Timing of Notice. The notice under Part 2. above must be made at least thirty (30) days in advance of the resident's transfer or discharge except:
 - (i) In a case described in Items 1200-13-01-.06(2)(d)1.(i)(III) and (IV).

 - (ii) The name, mailing address, and telephone number of the LTC Ombudsman.

(Rule 1200-13-01-.06, continued)

- (iii) In the case of residents with developmental disabilities, the mailing address and telephone number of the agency responsible for the protection and advocacy system for developmentally disabled individuals.
 - (iv) In the case of mentally ill residents, the mailing address and telephone number of the agency responsible for the protection and advocacy system for mentally ill individuals established under the Protection and Advocacy for Mentally Ill Individuals Act.
 - 5. Orientation. A NF must provide sufficient preparation and orientation to residents to ensure safe and orderly transfer discharge from the facility.
 - 6. Notice of Bed-Hold Policy and Readmission. Before a resident of a NF is transferred for hospitalization or therapeutic leave, a NF must provide written information to the resident and a family member or legal representative concerning:
 - (i) The provisions of the State Plan under this Title XIX regarding the period (if any) during which the resident will be permitted under the State Plan to return and resume residence in the facility, and
 - (ii) The policies of the facility consistent with Part 7. below, regarding such a period.
 - 7. Notice Upon Transfer. At the time of transfer of a resident to a hospital or for therapeutic leave, a NF must provide written notice to the resident and a family member or legal representative of the duration of any period under the State Plan allowed for the resumption of residence in the facility.
- (e) NFs participating in the Medicaid Program must establish and follow a written policy under which an Enrollee, whose hospitalization or therapeutic leave exceeds the bed hold period, is readmitted to the NF immediately upon the first availability of a bed in a semi-private room if the Enrollee:
 - 1. Requires the services provided by the NF; and
 - 2. Is eligible for the level of NF care services.
- (3) Single Wait List.
 - (a) Each NF participating in the TennCare must develop and consistently implement policies and procedures regarding its admissions, including the development and maintenance of a single Wait List of persons requesting admission to those facilities. This list must at a minimum contain the following information pertaining to each request for admission:
 - 1. The name of the applicant.
 - 2. The name of the contact person or designated representative other than the applicant (if any).
 - 3. The address of the applicant and the contact person or designated representative (if any).
 - 4. The telephone number of the applicant and the contact person or designated representative (if any).

(Rule 1200-13-01-.06, continued)

5. The name of the person or agency referring the applicant to the NF.
 6. The sex and race of the applicant.
 7. The date and time of the request for admission.
 8. Reason(s) for refusal/non-acceptance/other-action-taken pertaining to the request for admission.
 9. The name and title of the NF staff person taking the application for admission.
 10. A notation stating whether the applicant is anticipated to be Medicaid eligible at time of admission or within one year of admission.
- (b) The Wait List should be updated and revised at least once each quarter to remove the names of previous applicants who are no longer interested in admission to the NF. Following three (3) contacts each separated by a period of at least ten (10) days, the NF shall, consistent with the written notice required in this section move an applicant to the end of the single admission list whenever an available bed is not accepted at the time of the vacancy, but the applicant wishes to remain on the admissions list. Applicants shall be advised of these policies at the time of their inquiry, and must be notified in writing, in a format approved by the Department of Health, when their name is removed from the list or moved to the end of the list. Such contacts shall be documented in the facility log containing the Wait List. The date, time and method of each contact shall be recorded along with the name of the facility staff person making the contact, and the identity of the applicant or contact person contacted. The log of such contacts shall also summarize the communication between the facility staff person and the applicant or contact person.
- (c) Each facility shall send written confirmation that an applicant's name has been entered on the Wait List, their position on the wait list, and a notification of their right of access to the wait list as provided in Subparagraph (h) of this Rule. This confirmation shall include at a minimum the date and time of entry on the wait list and shall be mailed by first class postage to the applicant and their designated representative (if any) identified pursuant to the requirements in Subparagraph (a) of this Rule.
- (d) Each NF participating in TennCare shall admit applicants in the chronological order in which the referral or request for admission was received by the facility, except as permitted in Subparagraph (e) of this Rule.
- (e) Documentation justifying deviation from the order of the Wait List must be maintained for inspection by the State. Inspection shall include the right to review and/or make copies of these records. Deviation may be based upon:
1. Medical need, including, but not necessarily limited to, the expedited admission of patients being discharged from hospitals and patients who previously resided in a NF at a different level of care, but who, in both cases, continue to require institutional medical services;
 2. The applicant's sex, if the available bed is in a room or a part of the facility that exclusively serves residents of the opposite sex;
 3. Necessity to implement the provisions of a plan of affirmative action to admit racial minorities, if the plan has previously been approved by the Department of Health;

(Rule 1200-13-01-.06, continued)

4. Emergency placements requested by the Department when evacuating another health care facility or by the Adult Protective Service of the Tennessee Department of Human Services;
 5. Other reasons or policies, e.g., previous participation in a community based waiver or other alternative care program, when approved by the Medical Director of the Department of Health's Bureau of Health Licensure and Regulation, provided, however, that no such approval shall be granted if to do so would in any way impair the Department's or the facility's ability to comply with its obligations under federal and state civil rights laws, regulations or conditions of licensure or participation.
 6. If a Medicaid-eligible recipient's hospitalization or therapeutic leave exceeds the period paid for under the Tennessee Medicaid program for the holding of a bed in the facility for the resident and if the resident continues to require the services provided by the NF, then the resident must be readmitted to the facility immediately upon the first availability of a bed in the facility, consistent with Part 2. above;
 7. Where, with the participation and approval of the Department of Health, expedited admission is approved for residents who are being displaced from another facility or its waiting list as a result of that facility's withdrawal from the Medicaid program.
- (f) Telephone requests to be placed on the Wait List shall be accepted. The information required in Subparagraph (a) of this Rule shall be documented.
 - (g) If an applicant, whether on his own behalf or acting through another, requests admission or to be placed on a list of applicants awaiting admission, the information on the waiting list must be recorded and preserved.
 - (h) Applicants or their representatives shall have the right to be informed by telephone of their position on the Wait List. Ombudsmen and appropriate State and federal personnel shall have access to the Wait List when requested, and such access shall include the right to review and/or copy the Wait List.
 - (i) Any referrals received from the DHS shall be handled in the following manner.
 1. Applicants shall be placed on a Wait List without formal application until such facility is within sixty (60) days of admission to the facility based on experience.
 2. When the applicant is within sixty (60) days of admission to the facility as estimated by the facility based on its experience, the facility shall notify the applicant and DHS in writing so that a formal application can be made prior to consideration for admittance.
 3. If, after sixty (60) days from the date notification is issued, the facility has not received a completed application then the facility may remove the applicant's name from the Wait List.
- (4) Physician visits.
- (a) NFs are responsible for assuring that physician visits are made according to the schedule set out at 42 C.F.R. § 483.40. To meet the requirement for a physician visit, the physician must, at the time of the visit,

(Rule 1200-13-01-.06, continued)

1. See the resident;
 2. Review the resident's total program of care, including treatments;
 3. Verify that the resident continues to need the designated level of NF care and document it in the progress notes or orders;
 4. Write, sign, and date progress notes; and
 5. Sign all orders.
- (b) At the option of the physician, required visits after the initial visit may alternate between visits by a physician and visits by a physician assistant or nurse practitioner working under the physician's delegation.
- (c) A physician visit will be considered to be timely if it occurs not later than ten (10) days after the date of the required visit. Failure of the visit to be made timely will result in non-payment of claims, or a recoupment of all amounts paid by the Bureau or the MCO during the time that the physician visit has lapsed.
- (d) NFs are responsible for assuring that the physician verify at the time of each physician's visit the Medicaid recipient's continued need for NF LOC and whether or not he is being served at the appropriate LOC.
1. Failure to obtain the verification at the time of the scheduled physician visit may result in a recoupment of all amounts paid by the Bureau or the MCO during the time that the verification/physician visit has lapsed.
 2. If such a recoupment is made, the participating facility shall not:
 - (i) Attempt to recoup from the resident; or
 - (ii) Discharge the resident based on the recoupment.
 3. In cases where the physician refused to make the required verification because the physician believes that the LOC is no longer appropriate, a new resident assessment must be completed by the NF.
- (5) Termination of NF provider agreements.
- (a) Facilities requesting voluntary termination of provider agreements shall comply with the following:
1. Facilities that choose to voluntarily terminate their provider agreements may do so by notifying the Bureau or the MCO(s) in writing of such intent. The effective date of the termination will be determined by the Bureau consistent with the terms of the TennCare Provider Agreement then in force between the Bureau or the MCO(s) and the facility.
 2. The facility will not be entitled to payment for any additional or newly admitted TennCare eligible residents from the date of the facility's notice of withdrawal from the TennCare Program. The facility may, however, at its election, continue to receive TennCare payment for those individuals who resided in the facility, on the date of such notice, so long as they continue to reside in and receive services from the facility and provided that such individuals are TennCare-eligible

(Rule 1200-13-01-.06, continued)

during the period for which reimbursement is sought. The facility's right to continue to receive TennCare payments for such individuals following the date of its notice of intent to withdraw from the TennCare program is contingent upon:

- (i) The facility's compliance with all requirements for TennCare participation; and
- (ii) Its agreement to continue to serve, and accept TennCare payment for, on a non-discriminatory basis, all individuals residing in the facility on the date of notification of withdrawal, who are or become TennCare eligible.

3. The notification must provide the following information:

- (i) The reason(s) for voluntary termination;
- (ii) The names and TennCare identification numbers of all TennCare-eligible residents;
- (iii) Name of the resident and name of the contact person for the resident (if any) for each resident with an application for TennCare eligibility pending;
- (iv) A copy of the letter the facility will send to each resident informing him of the voluntary termination, and a copy of the letter to be sent to all TennCare-eligible residents regarding this action;
- (v) A copy of the letter sent to all applicants on the Wait List informing them of the facility's voluntary termination;
- (vi) Whether or not the facility intends to continue to provide services to non-TennCare residents who were residents of the facility on the date withdrawal was approved, in the event they convert to TennCare eligibility; and a copy of the notice to residents explaining that decision; and,
- (vii) Other information determined by the Bureau or the MCOs as necessary to process the request for termination.

4. The termination of the provider's involvement in TennCare must be done in such a manner as to minimize the harm to current residents.

- (i) Residents who are currently TennCare-eligible shall be informed, in a notice to be provided by the facility and approved by the Bureau, that the facility has elected to withdraw from the TennCare program. If the facility has elected under Subpart (ii) of the section to continue to receive TennCare payments for residents of the facility as of the date of notice of withdrawal from the TennCare Program, the notice shall inform the resident of the right to remain in the facility as a TennCare resident as long as he wishes to do so and remain otherwise eligible under the rules of the TennCare Program. The notice shall also inform the resident that, if he wishes to transfer to another facility, under the supervision of TennCare, the NF where he now resides will assist in locating a new placement and providing orientation and preparation for the transfer, in accordance with 42 U.S.C.A. § 1396r(c)(2)(B) and implementing regulations and guidelines, if any.
- (ii) All other residents of the facility shall receive a separate notice informing them of the facility's intention to withdraw from the TennCare program.

(Rule 1200-13-01-.06, continued)

The notice will be provided by the facility after having been first reviewed and approved by the Bureau. The notice shall inform such residents that, should they become eligible for TennCare coverage, they will be able to convert to TennCare from their current source of payment and remain in the facility only during a period that ends with the termination of the facility's provider agreement, a date to be determined in accordance with the terms of the provider agreement. They will not be eligible for TennCare coverage of their care in the facility thereafter. Transfer of these residents shall be considered an involuntary transfer and shall comply with federal and State regulations governing involuntary transfer or discharges.

The same notice will caution these residents that, if they require care as TennCare residents after the facility's provider agreement is terminated, they will have to transfer to another facility. The notice will also inform the residents that, when their present facility is no longer participating in the TennCare program, certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare facilities will no longer be available to those who remain in the NF. Readers of the notice will be informed that, if they wish to transfer, or to have their names placed on Wait Lists at other facilities, the facility that is withdrawing from the program will assist them by providing preparation and orientation under the supervision of the Bureau, as required by 42 U.S.C.A. § 1396r(c)(2)(B) and implementing regulations and guidelines, if any.

- (iii) Applicants whose names are on the facility's Wait List will be notified by the facility on a form that has been reviewed and approved by the Bureau that the facility intends to withdraw from the TennCare Program. They will be cautioned that they will not be able to obtain TennCare coverage for any care that they receive in the facility. The notice shall also inform them that certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare participating facilities will not be available in the NF to which they have applied, once that facility has withdrawn from the TennCare program.

Applicants shall be informed in the notice that, if they wish to make application at other facilities, the withdrawing facility, under the supervision of TennCare, shall assist them in seeking placement elsewhere.

5. Following submission of a notice of withdrawal from the TennCare Program a facility cannot opt to receive continued TennCare payments for any resident unless it agrees to accept continual TennCare payment for all individuals who are residents on the date of the notice of withdrawal, and who are or become TennCare-eligible provided, however, that the Bureau or the Enrollee's MCO will pay the facility for all covered services actually provided to TennCare-eligible residents following notice of the facility's withdrawal and pending the resident's transfer or discharge. In instances where facilities elect to continue to receive such TennCare payments, their provider agreements will remain in effect until the last TennCare-eligible individual, who resided in the facility as of the date of notification of withdrawal, has been discharged or transferred from the facility in accordance with TennCare and State licensure requirements.
6. Facilities which terminate their provider agreement shall not be permitted to participate in TennCare for a period of at least two (2) years from the date the provider agreement is terminated.

(Rule 1200-13-01-.06, continued)

7. Unless the facility notifies the Bureau within thirty (30) days after giving a notice of termination, the facility may not stop the termination procedure consistent with this order without written approval from the Bureau.
- (b) NFs may be involuntarily decertified by the Tennessee Department of Health's Division of Health Care Facilities because of their failure to comply with the provisions of these rules. Facilities that are involuntarily decertified shall not be permitted to participate in the Medicaid program for a minimum of five (5) years from the date of the decertification.

1200-13-01-.08 PERSONAL NEEDS ALLOWANCE (PNA), PATIENT LIABILITY, THIRD PARTY INSURANCE AND ESTATE RECOVERY FOR PERSONS RECEIVING LTSS.

- (1) Personal Needs Allowance (PNA). The PNA is established for each Enrollee receiving LTSS in accordance with the Tennessee Medicaid State Plan, approved Section 1915(c) Waiver applications, and these rules. It is deducted from the Enrollee's monthly income in calculating Patient Liability for LTSS.
 - (a) The PNA for each person receiving TennCare-reimbursed services in a NF or an ICF/IID is \$50. Persons with no income have no PNA. Persons with incomes that are less than \$50 per month (including institutionalized persons receiving SSI payments) may keep the entire amount of their income as their PNA.
 - (b) The maximum PNA for persons participating in CHOICES Group 2, CHOICES Group 3, or ECF CHOICES is 300% of the SSI FBR.
 - (c) The maximum PNA for persons participating in one of the State's Section 1915(c) HCBS Waivers is as follows:
 1. The Statewide ID Waiver: 200% of the SSI FBR.
 2. The Arlington ID Waiver: 200% of the SSI FBR.
 3. The Self-Determination ID Waiver: 300% of the SSI FBR.
- (2) Patient Liability.

(Rule 1200-13-01-.08, continued)

- (a) Enrollees receiving LTSS are required to contribute to the cost of their LTSS if their incomes are at certain levels. They are subject to the post-eligibility treatment of income rules set forth in Section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), and 42 C.F.R. § 435.725.
- (b) For Enrollees being served in HCBS Waivers, the State must also use institutional eligibility and post-eligibility rules for determining Patient Liability.
- (c) For Members of the CHOICES 217-Like Group, the CHOICES At-Risk Demonstration Group, the ECF CHOICES 217-Like Group, the Interim ECF CHOICES At-Risk Group, and upon implementation of Phase 2 of ECF CHOICES, the ECF CHOICES At-Risk and ECF CHOICES Working Disabled Demonstration Groups, the State uses institutional eligibility and post-eligibility rules for determining Patient Liability in the same manner as specified under 42 C.F.R. §§ 435.217, 435.236, and 435.726 and Section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), if the HCBS were provided under a Section 1915(c) Waiver.
- (d) For a Member of CHOICES Group 2, CHOICES Group 3, or ECF CHOICES receiving the Short-Term NF Care benefit (for up to 90 days) or an Enrollee in one of the State's Section 1915(c) Waiver programs who is temporarily placed in a medical institution, i.e., a hospital, NF or ICF/IID (for up to 90 days), the post-eligibility calculation shall be performed as if the individual is continuing to receive HCBS. The purpose is to ensure that the individual can maintain a community residence for transition back to the community. After 90 days, or as soon as it appears that the inpatient stay will not be a short-term stay, whichever comes first, a CHOICES Group 2, CHOICES Group 3, or ECF CHOICES Member will be transitioned to CHOICES Group 1 (see 1200-13-01-.31(6)(b) for requirements pertaining to ECF CHOICES Members), or a Waiver participant must be disenrolled from the Waiver, and the institutional post-eligibility calculation shall apply.
- (e) Patient Liability shall be collected as follows:
 - 1. If the Enrollee resides in a NF, ICF/IID, or receives CBRA services other than Companion Care (i.e., ACLF, Critical Adult Care Home, Community Living Supports, or Community Living Supports-Family Model), the Enrollee must pay his Patient Liability to the residential facility or provider. The residential facility or provider shall reduce the amount billed to the Bureau or the MCO, as applicable, by the amount of the Enrollee's Patient Liability obligation, regardless of whether such amount is actually collected by the facility.
 - 2. If a CHOICES Group 2, CHOICES Group 3, or ECF CHOICES Member does not receive CBRA services other than Companion Care, i.e., the Member is receiving HCBS in his own home, the Member must pay his Patient Liability to the MCO. The amount of Patient Liability collected will be used to offset the cost of CHOICES Group 2, CHOICES Group 3, or ECF CHOICES benefits or CEA services provided as an alternative to covered CHOICES Group 2, CHOICES Group 3, or ECF CHOICES benefits that were reimbursed by the MCO for that month. The amount of Patient Liability collected by the MCO cannot exceed the cost of CHOICES Group 2, CHOICES Group 3 or ECF CHOICES benefits (or CEA services provided as an alternative to CHOICES Group 2, CHOICES Group 3 or ECF CHOICES benefits) reimbursed by the MCO for that month.
- (f) A CHOICES or ECF CHOICES provider, including an MCO, may decline to continue to provide LTSS to a CHOICES or ECF CHOICES Member who fails to pay his Patient Liability. If other Contract Providers or the other TennCare MCO(s) operating in the Grand Division are unwilling to provide LTSS to a CHOICES or ECF CHOICES

(Rule 1200-13-01-.08, continued)

Member who has failed to pay his Patient Liability, the Member may be disenrolled from the CHOICES or ECF CHOICES program in accordance with the procedures set out in this Chapter.

(3) TPL for LTSS.

- (a) LTC insurance policies are considered TPL and the Bureau is subrogated to all rights of recovery.
- (b) Applicants for the CHOICES or ECF CHOICES programs who have LTC insurance policies must report these policies to TennCare upon enrollment in the CHOICES or ECF CHOICES program. Applicants may be subject to criminal prosecution for knowingly providing incorrect information.
- (c) Obligations of CHOICES or ECF CHOICES Members receiving NF or CBRA services (other than Companion Care) having insurance that will pay for care in a NF or other residential facility (including cash benefits to the Member for the cost of such services):
 - 1. If the benefits are assignable, the Member must assign them to the NF or residential facility or provider. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the NF or the residential facility or provider for LTSS.
 - 2. If the benefits are not assignable, the Member must provide payment to the NF or the residential facility or provider immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the NF or the residential facility or provider for LTSS.
- (d) Obligations of CHOICES or ECF CHOICES Members receiving non-residential CHOICES HCBS or Companion Care services, or non-residential ECF CHOICES services having insurance that will pay for CHOICES HCBS or ECF CHOICES HCBS (including cash benefits to the Member for the cost of such services):
 - 1. If the benefits are assignable, the Member must assign them to the MCO. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for CHOICES HCBS or ECF CHOICES HCBS for the Member.
 - 2. If the benefits are not assignable, the Member must make payment to the MCO immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for CHOICES HCBS or ECF CHOICES HCBS for the Member.
- (e) TPL payments do not reduce the amount of Patient Liability an Enrollee is obligated to contribute toward the cost of LTSS, except in instances where the total cost of LTSS for the month is less than the combined total of TPL payments and the member's Patient Liability amount, in which case, TPL shall be collected first. The NF shall then collect Patient Liability up to the total cost of LTSS provided for the month.
- (f) If benefits received by the policyholder are not paid to the facility or MCO, as applicable, such benefits shall be considered income, and may render the person ineligible for TennCare (including LTSS) benefits.

- (4) Estate Recovery. Persons enrolled in TennCare LTSS programs are subject to the requirements of the FERP as set forth under Section 1917(b) of the Social Security Act, 42 U.S.C.A. § 1396p(b).

(Rule 1200-13-01-.08, continued)

- (a) The State is required to seek adjustment or recovery for certain types of medical assistance from the estates of individuals as follows:
 - 1. For persons age fifty-five (55) and older, the State is obligated to seek adjustment or recovery for NF (including ICF/IID) services, HCBS, and related hospital and prescription drug services.
 - 2. For permanently institutionalized persons under age fifty-five (55), the State is obligated to seek adjustment or recovery for the institutional services.
- (b) Estate recovery shall apply to the estates of individuals under age fifty-five (55) who are inpatients in a NF, ICF/IID, or other medical institution and who cannot reasonably be expected to be discharged home.
- (c) A determination that an individual cannot reasonably be expected to be discharged to return home shall be made in accordance with the following.
 - 1. The PAE for LOC that is certified by the physician shall specify whether discharge is expected and the anticipated length of stay in the institution.
 - 2. The following shall be deemed sufficient evidence that a person cannot reasonably be expected to be discharged to return home and is thus permanently institutionalized:
 - (i) An approved PAE certified by the physician indicating that discharge is not expected; or,
 - (ii) The continued stay of a resident of a medical institution at the end of a temporary stay predicted by his physician at the time of admission to be no longer than six (6) months in duration.
- (d) Written notice of the determination that the individual residing in a medical institution cannot reasonably be expected to be discharged to return home shall be issued to the individual or his Designated Correspondent. The notice shall explain the right to request a reconsideration review. Such request must be submitted in writing to the Bureau, Long-Term Services and Supports, within thirty (30) days of receipt of the written notice. The reconsideration review shall be conducted as a Commissioner's Administrative Hearing in the manner set out in Rule 1200-13-01-.10(7).

1200-13-01-.09 THIRD PARTY SIGNATURE.

- (1) No facility may require a third party signature for a Medicaid recipient as a condition of application or admission to, or continued stay in, the facility. However, any person appointed by a court of competent jurisdiction to act on behalf of a recipient may be required to perform all requirements normally required of an applicant.

(Rule 1200-13-01-.09, continued)

- (2) If a facility has collected an advance payment or deposit from or on behalf of a person retroactively determined to be eligible for Medicaid, the amount collected less the amount determined by the Department of Human Services to be the patient's liability for that period of time shall be refunded within ten (10) days after receiving payment for retroactive period from the state of its agents.
- (3) The facility must file for such retroactive reimbursement for the full period of retroactive eligibility on the next claim for reimbursement filed by the facility following the date of notification of eligibility.

1200-13-01-.10 MEDICAL (LEVEL OF CARE) ELIGIBILITY CRITERIA FOR TENNCARE REIMBURSEMENT OF CARE IN NURSING FACILITIES, CHOICES HCBS AND PACE.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) PreAdmission Evaluations and Discharge/Transfer/Hospice Forms.
 - (a) A PAE is required in the following circumstances:
 1. When a TennCare Eligible is admitted to a NF for receipt of TennCare-reimbursed NF Services.
 2. When a private-paying resident of a NF attains TennCare Eligible status.
 3. When Medicare reimbursement for SNF services has ended and TennCare Level 2 reimbursement for NF services is requested.
 4. When a NF Eligible is changed from TennCare Level 1 to TennCare Level 2 reimbursement, or from TennCare Level 1 or Level 2 reimbursement to a Chronic Ventilator or Tracheal Suctioning Enhanced Respiratory Care rate, except as specified in Rule 1200-13-01-.10(5)(f).
 5. When a NF Eligible is changed from TennCare Level 2 reimbursement or an Enhanced Respiratory Care rate to TennCare Level 1 reimbursement, unless the person has an approved unexpired Level 1 PAE.
 6. When a NF Eligible is changed from an Enhanced Respiratory Care rate to TennCare Level 2 reimbursement, unless the person has an approved unexpired Level 2 PAE.
 7. When a NF Eligible requires continuation of the same LOC beyond the expiration date assigned by the Bureau.
 8. When a NF Eligible no longer requires the specific skilled nursing or rehabilitative services for which a Level 2 PAE was approved but requires other skilled nursing or rehabilitative services for which Level 2 reimbursement may be authorized in a NF.
 9. When a Member enrolled in CHOICES Group 1 or Group 2 on or after July 1, 2012, no longer meets NF LOC and wants to enroll in CHOICES Group 3 for HCBS.

(Rule 1200-13-01-.10, continued)

10. When a Member enrolled in CHOICES Group 3 (including Interim CHOICES Group 3) on or after July 1, 2012, wants to enroll in CHOICES Group 1 or 2.
- (b) NFs are required to complete and submit to the Member's MCO a Discharge/Transfer/Hospice Form any time a Member discharges from the facility or stops receiving NF services in the facility, which shall include but is not limited to the following circumstances:
1. When a CHOICES Member transfers from one NF to another such facility.
 2. When a CHOICES Member discharges to the hospital (even when readmission to the NF is expected following the hospital stay).
 3. When a CHOICES Member elects to receive hospice services (even if Medicare will be responsible for payment of the hospice benefit).
 4. When a CHOICES Member discharges home, with or without HCBS. In this case, the NF is obligated to notify the MCO before the Member is discharged from the facility and to coordinate with the MCO in discharge planning in order to ensure that any home and community based services needed by the Member will be available upon discharge, and to avoid a lapse in CHOICES and/or TennCare eligibility.
 5. Upon the death of a CHOICES Member.
- (c) A PreAdmission Evaluation is not required in the following circumstances:
1. When a NF Eligible with an approved unexpired Level 1 PAE returns to the NF after being hospitalized.
 2. When a NF Eligible with an approved unexpired Level 2 PAE returns to the NF after being hospitalized, if there has been no change in the skilled nursing or rehabilitative service for which the PAE was approved.
 3. When a NF Eligible changes from Level 2 to Level 1 NF reimbursement and has an approved unexpired Level 1 PAE.
 4. To receive Medicaid co-payment when Medicare is the primary payer of SNF care.
 5. When a Discharge/Transfer/Hospice Form is appropriate in accordance with (2)(b).
 6. For authorization by an MCO of Ventilator Weaning services or short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention. Medical necessity determinations and authorization of Ventilator Weaning services and short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate during the post-weaning period will be managed by the person's MCO.
 7. When a person will be receiving hospice services in the NF.
- (d) If a NF admits or allows continued stay of a TennCare Eligible without an approved PAE, it does so at its own risk and in such event the NF shall give the Applicant a plain language written notice, in a format approved by the Bureau, that Medicaid

(Rule 1200-13-01-.10, continued)

reimbursement will not be paid unless the PAE is approved and if it is not finally approved the Applicant can be held financially liable for services provided, including services delivered prior to the effective date of the PAE and enrollment in CHOICES Group 1, unless a third party is liable.

- (e) Except as specified in 1200-13-01-.10(2)(e)2., an approved PAE is valid for ninety (90) calendar days beginning with the PAE Approval Date, unless an earlier expiration date has been established by TennCare (see 1200-13-01-.10(2)(h)). A valid approved PAE that has not been used within ninety (90) calendar days of the PAE Approval Date must be updated before it can be used. For purposes of Medicaid-reimbursed NF services, such update may be completed only upon submission of a confirmed Medicaid Only Payer Date. To update the PAE, the physician (in the case of NF services) or a Qualified Assessor (in the case of HCBS) shall certify that the Applicant's medical condition on the revised PAE Request Date is consistent with that described in the initial certification and/or assessment and that NF services, or alternative HCBS, as applicable, are medically necessary for the Applicant. If the Applicant's medical condition has significantly changed such that the previously approved PAE does not reasonably reflect the Applicant's current medical condition and functional capabilities, a new PAE shall be required.
 - 1. A PAE that is not used within 365 days of the PAE Approval Date shall expire and shall not be updated.
 - 2. A PAE shall also expire upon the person's discharge from a NF, unless:
 - (i) The person transfers to another NF.
 - (ii) The person is discharged to the hospital and returns directly to the NF or to another NF.
 - (iii) The person is discharged home for therapeutic leave and returns to the NF within no more than ten (10) days.
 - (iv) The person is discharged home and a request to transition to CHOICES Group 2 is submitted by the MCO and approved by TennCare prior to the person's discharge from the NF.
 - 3. For persons electing hospice:
 - (i) If a person receiving NF services elects to receive hospice, is disenrolled from CHOICES Group 1, and subsequently withdraws the hospice election and wishes to re-enroll in CHOICES Group 1, the approved PAE may be used so long as:
 - (I) The person has remained in the NF;
 - (II) The person's condition has not changed;
 - (III) No more than thirty (30) days have lapsed since the person's disenrollment from CHOICES Group 1; and
 - (IV) NF LOC criteria have not changed.
 - (ii) If the person's condition has changed or if more than thirty (30) days have lapsed since the person's disenrollment from CHOICES Group 1, a new PAE shall be required.

(Rule 1200-13-01-.10, continued)

- (iii) If the PAE effective date was prior to July 1, 2012, a new PAE must be submitted and the person must qualify based on the new NF LOC criteria in place as of July 1, 2012.
- (f) A PAE must include a recent history and physical or current medical records that support the Applicant's functional and/or skilled nursing or rehabilitative needs, as reflected in the PAE. A history and physical performed within 365 calendar days of the PAE Request Date may be used if the Applicant's condition has not significantly changed. Medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed, or may be used in lieu of a history and physical, so long as the records provide medical evidence sufficient to support the functional and/or skilled or rehabilitative needs reflected in the PAE.
- (g) A PAE must be certified as follows:
 - 1. Physician certification shall be required for reimbursement of NF services and enrollment into CHOICES Group 1. Consistent with requirements pertaining to certification of the need for SNF care set forth at 42 CFR § 424.20 and in Section 3108 of the Affordable Care Act, certification of the need for NF care may be performed by a nurse practitioner, clinical nurse specialist, or physician assistant, none of whom has a direct or indirect employment relationship with the facility but who is working in collaboration with a physician.
 - 2. Certification of the level of care assessment by a Qualified Assessor shall be required for all PAEs.
- (h) A PAE may be approved by the Bureau for a fixed period of time with an expiration date based on an assessment by the Bureau of the Applicant's medical condition and anticipated continuing need for inpatient nursing care. Notice of appeal rights shall be provided when a PAE is approved with an expiration date.
- (i) PASRR.
 - 1. All Applicants who reside in or seek admission to a Medicaid-certified NF must have a PASRR Level I screen for mental illness and mental retardation. The initial Level I screen must be completed prior to admission to the NF and submitted to TennCare regardless of:
 - (i) Payer source;
 - (ii) Whether the PASRR screening is positive or negative (including specified exemptions); and
 - (iii) The level of NF reimbursement requested.
 - 2. If the Level I screen indicates the need for a PASRR Level II evaluation of need for specialized services for mental illness and/or mental retardation, the Applicant must undergo the PASRR Level II evaluation prior to admission to the NF.
- (j) Medicaid payment will not be available for any dates of NF services rendered prior to the date the PASRR process is complete and the Applicant has been determined appropriate for nursing home placement. The PASRR process is complete when either:

(Rule 1200-13-01-.10, continued)

1. TennCare has received a negative Level I PASRR screen form and no contradictory information is subsequently received; or
 2. For Applicants with a positive Level I PASRR screen (as submitted or upon review and determination by the Bureau), the Bureau has received a certified exemption or advance categorical determination signed by the physician; or a determination by DMH and/or DIDD, as applicable, that the Applicant is appropriate for NF placement. Determination by the Bureau that a Level II PASRR evaluation must be performed may be made:
 - (i) Upon receipt of a positive PASRR screen from the NF or other submitting entity;
 - (ii) Based on TennCare review of a negative PASRR screening form or history and physical submitted by a NF or other entity; or
 - (iii) Upon review of any contradictory information submitted in the PAE application or supporting documentation at any time prior to disposition of the PAE.
- (k) A NF that has entered into a provider agreement with a TennCare MCO shall assist a NF resident or Applicant as follows:
1. The NF shall assist a NF resident or an Applicant for admission in applying for Medicaid eligibility and in applying for Medicaid-reimbursed NF care. This shall include assistance in properly completing all necessary paperwork and in providing relevant NF documentation to support the PAE. For Applicants not currently eligible for Medicaid, the NF may request assistance from the AAAD in completing the Medicaid application process in order to expedite the eligibility determination by DHS. Reasonable accommodations shall be made for an Applicant with disabilities or, alternatively, for a Designated Correspondent with disabilities when assistance is needed with the proper completion and submission of a PAE.
 2. The NF shall request a Notice of Disposition or Change from the Department of Human Services upon learning that a resident or Applicant has, or is likely to have, applied for Medicaid eligibility.
- (l) The Bureau shall process PAEs independently of determinations of Medicaid eligibility by DHS; however, Medicaid reimbursement for NF care shall not be available until the PASRR process has been completed, and both the PAE and financial eligibility have been approved.
- (3) Medicaid Reimbursement.
- (a) A NF that has entered into a provider agreement with a TennCare MCO is entitled to receive Medicaid reimbursement for covered services provided to a NF Eligible if:
1. The NF has completed the PASRR process as described in 1200-13-01-.10(2)(i) above and pursuant to 1200-13-01-.23.
 2. The Bureau has received an approvable PAE for the person within ten (10) calendar days of the PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is

(Rule 1200-13-01-.10, continued)

- one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.
 - 3. The NF has entered into the TennCare PreAdmission Evaluation System (TPAES) a Medicaid Only Payer Date.
 - 4. The person has been enrolled into CHOICES Group 1.
 - 5. For a retroactive eligibility determination, the Bureau has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired PAE within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change, so long as the person has remained in a NF since the PAE was completed (except for short-term hospitalization). The effective date of payment for NF services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE that has been updated.
 - 6. If the NF participates in the Enrollee's MCO, reimbursement will be made by the MCO to the NF as a Network Provider. If the NF does not participate in the Enrollee's MCO, reimbursement will be made by the MCO to the NF as a non-participating provider, in accordance with Rule 1200-13-01-.05(10).
- (b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.
- 1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no more than ten (10) days prior to the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.
 - 2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for NF services.
- (c) The earliest date of Medicaid reimbursement for care provided in a NF shall be the date that all of the following criteria are met:
- 1. Completion of the PASRR process, as described in 1200-13-01-.10(2)(i) above and pursuant to 1200-13-01-.23;
 - 2. The effective date of level of care eligibility as reflected by the PAE Approval Date;
 - 3. The effective date of Medicaid eligibility;
 - 4. The date of admission to the NF; and
 - 5. The effective date of enrollment into CHOICES Group 1.
- (d) Application of new LOC criteria. The new LOC criteria set forth in 1200-13-01-.10(4) shall be applied to all Applicants enrolled into CHOICES on or after July 1, 2012, based on their effective date of enrollment into the CHOICES program.

(Rule 1200-13-01-.10, continued)

1. It is the date of enrollment into CHOICES and not the date of PAE submission, approval, or the PAE effective date which determines the LOC criteria that must be applied.
 2. TennCare may review a PAE that had been reviewed and approved based on the NF LOC criteria in place as of June 30, 2012, to determine whether an Applicant who will be enrolled into CHOICES on or after July 1, 2012, meets the new LOC criteria. However, all Applicants enrolled into CHOICES with an effective date of enrollment on or after July 1, 2012, shall meet the criteria in place at the time of enrollment, and in accordance with these rules.
- (e) A NF that has entered into a provider agreement with a TennCare MCO and that admits a TennCare Eligible without completion of the PASRR process and without an approved PAE does so without the assurance of Medicaid reimbursement.
 - (f) TennCare reimbursement will only be made to a NF on behalf of the NF Eligible and not directly to the NF Eligible.
 - (g) A NF that has entered into a provider agreement with a TennCare MCO shall admit persons on a first come, first served basis, except as otherwise permitted by State and federal laws and regulations.
- (4) Level of Care Criteria for Medicaid Level 1 Reimbursement of Care in a Nursing Facility, CHOICES HCBS, ECF CHOICES HCBS and PACE.
 - (a) The NF must have completed the PASRR process, as applicable and as described in 1200-13-01-.10(2)(i) above and pursuant to 1200-13-01-.23.
 - (b) An Applicant must meet both of the following LOC criteria in order to be approved for TennCare-reimbursed care in a NF, CHOICES HCBS, ECF CHOICES HCBS or PACE, as applicable:
 1. Medical Necessity of Care:
 - (i) Applicants requesting TennCare-reimbursed NF care. Care in a NF must be expected to improve or ameliorate the Applicant's physical or mental condition, to prevent a deterioration in health status, or to delay progression of a disease or disability, and such care must be ordered and supervised by a physician on an ongoing basis.
 - (ii) Applicants requesting HCBS in CHOICES, ECF CHOICES or PACE. HCBS must be required in order to allow the Applicant to continue living safely in the home or community-based setting and to prevent or delay placement in a NF, and such HCBS must be specified in an approved plan of care and needed on an ongoing basis.
 - (I) The need for one-time CHOICES HCBS or one-time ECF CHOICES HCBS is not sufficient to meet medical necessity of care for HCBS.
 - (II) If a Member's ongoing need for assistance with activities of daily living and/or instrumental activities of daily living can be met, as determined through the needs assessment and care planning processes, through the provision of assistance by family members and/or other caregivers, or through the receipt of services available to the Member through community resources (e.g., Meals on

(Rule 1200-13-01-.10, continued)

Wheels) or other payer sources (e.g., Medicare), the Member does not require HCBS in order to continue living safely in the home and community-based setting and to prevent or delay placement in a NF.

2. Need for Inpatient Nursing Care:

(i) Applicants requesting TennCare-reimbursed NF care.

The Applicant must have a physical or mental condition, disability, or impairment that, as a practical matter, requires daily inpatient nursing care. The Applicant must be unable to self-perform needed nursing care and must meet one (1) or more of the following criteria on an ongoing basis:

- (I) Have a total score of at least nine (9) on the TennCare NF LOC Acuity Scale; or
- (II) Meet one (1) or more of the ADL or related criteria specified in 1200-13-01-.10(4)(b)2.(iii) on an ongoing basis and be determined by TennCare through approval of a Safety Determination Request to not be able to be safely served within the array of services and supports that would be available if the Applicant was enrolled in CHOICES Group 3, including CHOICES HCBS up to the Expenditure Cap of \$15,000, non-CHOICES HCBS available through TennCare (e.g., home health), cost-effective alternative services (as applicable), services available through Medicare, private insurance or other funding sources, and natural supports provided by family members and other caregivers who are willing and able to provide such care. An Applicant who cannot be safely served in CHOICES Group 3 does not qualify to enroll in CHOICES Group 3. An applicant who could be safely served in CHOICES Group 3 except that he does not meet Medicaid categorical and financial eligibility criteria for CHOICES Group 3 (i.e. is not an SSI recipient) shall not be eligible for CHOICES Group 1 as a result of a Safety Determination.

(ii) Applicants eligible to receive care in a NF, but requesting HCBS in CHOICES Group 2, ECF CHOICES or PACE.

The Applicant must have a physical or mental condition, disability, or impairment that requires ongoing supervision and/or assistance with activities of daily living in the home or community setting. In the absence of ongoing CHOICES HCBS, ECF CHOICES HCBS or PACE, the Applicant would require and must qualify to receive NF services in order to remain eligible for HCBS. The Applicant must be unable to self-perform needed nursing care and must meet one (1) or more of the following criteria on an ongoing basis:

- (I) Have a total score of at least nine (9) on the TennCare NF LOC Acuity Scale; or
- (II) For a CHOICES Group 2 Applicant, meet one (1) or more of the ADL or related criteria specified in 1200-13-01-.10(4)(b)2.(iii) on an ongoing basis and be determined by TennCare through approval of a Safety Determination Request to not be able to be safely served within the array of services and supports that would be available if the Applicant was enrolled in CHOICES Group 3, including

(Rule 1200-13-01-.10, continued)

CHOICES HCBS up to the Expenditure Cap of \$15,000, non-CHOICES HCBS available through TennCare (e.g., home health), cost-effective alternative services (as applicable), services available through Medicare, private insurance or other funding sources, and natural supports provided by family members and other caregivers who are willing and able to provide such care. An Applicant who cannot be safely served in CHOICES Group 3 does not qualify to enroll in CHOICES Group 3. An applicant who could be safely served in CHOICES Group 3 except that he does not meet Medicaid categorical and financial eligibility criteria for CHOICES Group 3 (i.e. is not an SSI recipient) shall not be eligible for CHOICES Group 2 as a result of a Safety Determination; or

- (III) For an ECF CHOICES Applicant age 21 or older, have an intellectual or developmental disability and be determined through approval of a Safety Determination Request to not be able to be safely served within the array of services and supports that would be available if the Applicant was enrolled in ECF CHOICES Group 5, including ECF CHOICES HCBS up to the Expenditure Cap of \$30,000; one-time emergency assistance up to \$6,000; non-ECF CHOICES HCBS available through TennCare (e.g., home health); cost-effective alternative services (as applicable); services available through Medicare, private insurance or other funding sources; and natural supports provided by family members and other caregivers who are willing and able to provide such care.
- (iii) Applicants not eligible to receive care in a NF, but at risk of NF placement and requesting HCBS in CHOICES Group 3, including Interim CHOICES Group 3. The Applicant must have a physical or mental condition, disability, or impairment that requires ongoing supervision and/or assistance with activities of daily living in the home or community setting. In the absence of ongoing CHOICES HCBS, the Applicant would not be able to live safely in the community and would be at risk of NF placement. The following criteria shall reflect the individual's Applicant's capabilities on an ongoing basis and not isolated, exceptional, or infrequent limitations of function in a generally independent person who is able to function with minimal supervision or assistance. The Applicant must be unable to self-perform needed nursing care and must meet one (1) or more of the following criteria on an ongoing basis:
 - (I) Transfer. The Applicant is incapable of transfer to and from bed, chair, or toilet unless physical assistance is provided by others on an ongoing basis (daily or at least four days per week). Approval of this deficit shall require documentation of the medical condition(s) contributing to this deficit, as well as the specific type and frequency of transfer assistance required.
 - (II) Mobility. The Applicant requires physical assistance from another person for mobility on an ongoing basis (daily or at least four days per week). Mobility is defined as the ability to walk, using mobility aids such as a walker, crutch, or cane if required, or the ability to use a wheelchair (manual or electric) if walking is not feasible. The need for a wheelchair, walker, crutch, cane, or other mobility aid shall not by itself be considered to meet this requirement. Approval of this deficit shall require documentation of the medical condition(s)

(Rule 1200-13-01-.10, continued)

contributing to this deficit, as well as the specific type and frequency of mobility assistance required.

- (III) Eating. The Applicant requires physical assistance with gastrostomy tube feedings or physical assistance or constant one-on-one observation and verbal assistance (reminding, encouraging) 4 or more days per week to consume prepared food and drink (or self-administer tube feedings, as applicable) or must be fed part or all of each meal. Food preparation, tray set-up, assistance in cutting up foods, and general supervision of multiple residents shall not be considered to meet this requirement. Approval of this deficit shall require documentation which supports the need for such intervention, along with evidence that in the absence of such physical assistance or constant one-on-one observation and verbal assistance, the Applicant would be unable to self-perform this task. For PAEs submitted by the AAAD (or entity other than an MCO, NF, or PACE Organization), an eating or feeding plan specifying the type, frequency and duration of supports required by the Applicant for feeding, along with evidence that in the absence of such physical assistance or constant one-on-one observation and verbal assistance, the Applicant would be unable to self-perform this task shall be required.
- (IV) Toileting. The Applicant requires physical assistance from another person to use the toilet or to perform incontinence care, ostomy care, or catheter care on an ongoing basis (daily or at least four days per week). Approval of this deficit shall require documentation of the specific type and frequency of toileting assistance required.
- (V) Expressive and Receptive Communication. The Applicant is incapable of reliably communicating basic needs and wants (e.g., need for assistance with toileting; presence of pain) in a manner that can be understood by others, including through the use of assistive devices; or the Applicant is incapable of understanding and following very simple instructions and commands without continual intervention (daily or at least four days per week). Approval of this deficit shall require documentation of the medical condition(s) contributing to this deficit, as well as the specific type and frequency of communication assistance required.
- (VI) Orientation. The Applicant is disoriented to person (e.g., fails to remember own name, or recognize immediate family members), place (e.g., does not know residence is a NF), or event/situation (e.g., is unaware of current circumstances in order to make decisions that prevent risk of harm) daily or at least four days per week. Approval of this deficit shall require documentation of the specific orientation deficit(s), including the frequency of occurrence of such deficit(s), and the impact of such deficit(s) on the Applicant.
- (VII) Medication Administration. The Applicant is not cognitively or physically capable (daily or at least four days per week) of self-administering prescribed medications at the prescribed schedule despite the availability of limited assistance from another person. Limited assistance includes, but is not limited to, reminding when to take medications, encouragement to take, reading medication labels, opening bottles, handing to Applicant, reassurance of the correct

(Rule 1200-13-01-.10, continued)

dose, and the use of assistive devices including a prepared medication box. An occasional lapse in adherence to a medication schedule shall not be sufficient for approval of this deficit; the Applicant must have physical or cognitive impairments which persistently inhibit his or her ability to self-administer medications. Approval of this deficit shall require evidence that such interventions have been tried or would not be successful, and that in the absence of intervention, the Applicant's health would be at serious and imminent risk of harm.

(VIII) Behavior. The Applicant requires persistent staff or caregiver intervention and supervision (daily or at least four days per week) due to an established and persistent pattern of behavioral problems which are not primarily related to a mental health condition (for which mental health treatment would be the most appropriate course of treatment) or a substance abuse disorder (for which substance abuse treatment would be the most appropriate course of treatment), and which, absent such continual intervention and supervision, place the Applicant or others at imminent and serious risk of harm. Such behaviors may include physical aggression (including assaultive or self-injurious behavior, destruction of property, resistive or combative to personal and other care, intimidating/threatening, or sexual acting out or exploitation) or inappropriate or unsafe behavior (including disrobing in public, eating non-edible substances, fire setting, unsafe cooking or smoking, wandering, elopement, or getting lost). Approval of this deficit shall require documentation of the specific behaviors and the frequency of such behaviors.

(IX) Skilled Nursing or Rehabilitative Services. The Applicant requires daily skilled nursing or rehabilitative services at a greater frequency, duration, or intensity than, for practical purposes, would be provided through daily home health visits. Approval of such skilled nursing or rehabilitative services shall require a physician's order and other documentation as specified in the PAE. Level 2 reimbursement for rehabilitative services and acuity points for such rehabilitative services shall not be approved for chronic conditions, exacerbations of chronic conditions, weakness after hospitalization, or maintenance of functional status, although the NF shall be required to ensure that appropriate services and supports are provided based on the individualized needs of each resident.

(iv) Applicants not eligible to receive care in a NF, but at risk of NF placement and requesting HCBS in ECF CHOICES Group 4 or 5. The Applicant has an intellectual or developmental disability as defined under Tennessee state law, including for an Applicant with ID, limitations in two (2) or more adaptive skill areas (i.e., communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure, and work); and for an Applicant age five (5) or older with DD, substantial functional limitations in three (3) or more major life activities (i.e., self-care; receptive and expressive language; learning; mobility; self-direction; capacity for independent living; and economic self-sufficiency); such that, in the absence of the provision of a moderate level of ECF CHOICES home and community based services and supports on an ongoing basis, the individual's condition and/or ability to continue living in the community will likely deteriorate, resulting in the need for more expensive institutional placement.

(Rule 1200-13-01-.10, continued)

- (c) For continued TennCare reimbursement of care in a NF, a Member must continue to be financially eligible for TennCare reimbursement for NF care and must continue to meet NF LOC (including medical necessity of care and the need for inpatient care) in place at the time of enrollment into CHOICES Group 1.
 - (d) A NF Eligible admitted to a NF and enrolled in CHOICES Group 1 prior to July 1, 2012, who continues to meet the LOC criteria in place at the time of enrollment into CHOICES Group 1 shall continue to meet NF LOC for purposes of enrolling in CHOICES Group 2, subject to requirements set forth in 1200-13-01-.05(3) and 1200-13-01-.05(4).
 - (e) A NF Eligible receiving HCBS in CHOICES Group 2 prior to July 1, 2012, shall be required to meet the NF LOC in place as of July 1, 2012, in order to qualify for Medicaid-reimbursed NF care unless TennCare determines that the Member's needs can no longer be safely and cost-effectively met in CHOICES Group 2.
- (5) Criteria for Medicaid Level 2 and Enhanced Respiratory Care Reimbursement of Care in a NF.
- (a) The NF must have completed the PASRR process as described in 1200-13-01-.10(2)(i) above and pursuant to 1200-13-01-.23.
 - (b) An Applicant must meet both of the following criteria in order to be approved for Medicaid Level 2 reimbursement of care in a NF:
 - 1. The Applicant must meet NF LOC as defined in 1200-13-01-.10(4) above.
 - 2. Need for Inpatient Skilled Nursing or Rehabilitative Services on a Daily Basis: The Applicant must have a physical or mental condition, disability, or impairment that requires skilled nursing or rehabilitative services on a daily basis or skilled rehabilitative services at least five days per week when skilled rehabilitative services constitute the primary basis for the approval of the PAE. The Applicant must require such services at a greater frequency, duration, or intensity than, for practical purposes, would be provided through a daily home health visit. In addition, the Applicant must be mentally or physically unable to perform the needed skilled services or the Applicant must require skilled services which, in accordance with accepted medical practice, are not usually and customarily self-performed. For interpretation of this rule, the following shall apply:
 - (i) Administration of oral medications, ophthalmics, otics, inhalers, subcutaneous injections (e.g., fixed-dose insulin, subtherapeutic heparin, and calcitonin), topicals, suppositories, nebulizer treatments, oxygen administration, shall not, in and of itself, be considered sufficient to meet the requirement of (5)(b)2.
 - (ii) Nursing observation and assessment, in and of itself, shall not be considered sufficient to meet the requirement of (5)(b)2. Examples of nursing services for which Level 2 reimbursement might be provided include, but are not limited to, the following:
 - (I) Gastrostomy tube feeding
 - (II) Sterile dressings for Stage 3 or 4 pressure sores
 - (III) Total parenteral nutrition

(Rule 1200-13-01-.10, continued)

- (IV) Intravenous fluid administration
 - (V) Nasopharyngeal and tracheostomy suctioning
 - (VI) Ventilator services
- (iii) A skilled rehabilitative service must be expected to improve the Applicant's condition. Restorative and maintenance nursing procedures (e.g., routine range of motion exercises; stand-by assistance during ambulation; applications of splints/braces by nurses and nurses' aides) shall not be considered sufficient to fulfill the requirement of (5)(b)2. Factors to be considered in the decision as to whether a rehabilitative service meets, or continues to meet, the requirement of (5)(b)2. shall include, but not be limited to, an assessment of the type of therapy and its frequency, the remoteness of the injury or impairment, and the reasonable potential for improvement in the Applicant's functional capabilities or medical condition.
- (iv) Effective July 1, 2012, level 2 NF reimbursement for sliding scale insulin may be authorized for an initial period of no more than two (2) weeks for Applicants with unstable blood glucose levels that require daily monitoring and administration of sliding scale insulin. Approval of such reimbursement will require a physician's order and supporting documentation including a plan of care for stabilizing the Applicant's blood sugar and transitioning to fixed dosing during the approval period. Additional periods of no more than two (2) weeks per period, not to exceed a maximum total of sixty (60) days, may be authorized upon submission of a new PAE and only with a physician's order and detailed explanation regarding why previous efforts to stabilize and transition to fixed dosing were not successful.
- (c) In order to be approved for TennCare-reimbursed care in a NF at the Chronic Ventilator rate of reimbursement, an Applicant must be ventilator dependent for at least 12 hours each day with an invasive patient end of the circuit (i.e., tracheostomy cannula). On a case-by-case basis, TennCare may, subject to additional medical review, authorize Chronic Ventilator Reimbursement for an Applicant who is ventilator dependent with a progressive neuromuscular disorder or spinal cord injury, and is ventilated using noninvasive positive pressure ventilation (NIPPV) by mask or mouthpiece for at least 12 hours each day in order to avoid or delay tracheostomy.
- (d) In order to be approved by the Bureau for TennCare-reimbursed care in a NF at the Secretion Management Tracheal Suctioning rate of reimbursement:
 - 1. An Applicant must have a functioning tracheostomy and a copious volume of secretions, and require either:
 - (i) Invasive tracheal suctioning, at a minimum, once every three (3) hours with documented assessment pre- and post-suctioning; or
 - (ii) The use of mechanical airway clearance devices and/or heated high flow molecular humidification via the tracheostomy, at a minimum, three (3) times per day with documented assessment pre-and post.
 - (l) A copious volume of secretions shall be defined as 25 to 30 ml per day occurring over the course of the day, and not necessarily at every suctioning.

(Rule 1200-13-01-.10, continued)

- (II) The requirement for invasive tracheal suctioning, at a minimum, once every three (3) hours shall be applied as a marker of the severity of the Applicant's respiratory care needs. Secretion Management Tracheal Suctioning is not a scheduled intervention and shall not be performed as a medication would be delivered, i.e., at scheduled intervals (except as prescribed by an appropriately licensed health care professional practicing within the scope of his or her license). Rather, tracheal suctioning should be provided as clinically indicated, based on the needs of each person requiring such care; evidence of the need should be clearly and accurately documented. This could mean a shorter or longer interval at any point, but with a clinical need for invasive tracheal suctioning an average of every three (3) hours or more often in order to qualify for Secretion Management Tracheal Suctioning Reimbursement, except when mechanical airway clearance devices and/or heated high flow molecular humidification via the tracheostomy are used to manage secretions.
 - (III) When mechanical airway clearance devices and/or heated high flow molecular humidification via the tracheostomy are used to manage secretions, there must be documented evidence of the Applicant's copious secretions, but they are managed non-invasively using a cough assist device periodically or high flow molecular humidity continuously or at least three (3) times per day as ongoing treatment. The device is expected to provide ongoing relief of the copious volume of secretions, which shall not negate the need for intervention (and eligibility for Secretion Management Tracheal Suctioning Reimbursement), if absent the high flow device, the copious volume of secretions would require more invasive management.
- 2. The suctioning (or airway clearance, as applicable) must be required to remove excess secretions and/or aspirate from the trachea, which cannot be removed by the Applicant's spontaneous effort. Suctioning of the nasal or oral cavity does not qualify for this higher level of reimbursement. An MCO may authorize, based on medical necessity, short-term payment at the Sub-Acute Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention during the post-weaning period which shall include documented progress in weaning from the tracheostomy.
- 3. A PAE for Secretion Management Tracheal Suctioning Reimbursement shall be approved for no more than a period of thirty (30) days. Clinical review and approval of a new PAE shall be required for ongoing coverage, which shall include evaluation of clinical progress and the NF's efforts to improve secretion management through alternative methods. TennCare may, on a case-by-case basis, approve a PAE for Secretion Management Tracheal Suctioning Management Reimbursement for a period of more than thirty (30) days, e.g., if a person has ALS (amyotrophic lateral sclerosis) or another progressive neuromuscular disorder, spinal cord injury, or chronic respiratory failure, or is in a persistent vegetative state, and evidence clearly supports that ongoing secretion management tracheal suctioning is expected to continue.
- 4. A NF who has an approved PAE for Tracheal Suctioning Reimbursement for any resident as of July 1, 2016 shall be entitled to continue to receive such level of reimbursement no later than July 31, 2016 (or any earlier date that may be

(Rule 1200-13-01-.10, continued)

specified in the approved PAE). The NF shall submit a new PAE for such resident no later than July 19, 2016 in order to determine whether Secretion Management Tracheal Suctioning Reimbursement will be continued, or whether a different level of NF reimbursement is appropriate.

- (e) Determination of medical necessity and authorization for Ventilator Weaning Reimbursement, or short-term payment at the Sub-Acute Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention shall be managed by the Enrollee's MCO.
- (6) TennCare Nursing Facility Level of Care Acuity Scale.
- (a) Effective July 1, 2012, for all new enrollments into CHOICES Groups 1 and 2 and for approval of NF LOC for individuals applying for enrollment into ECF CHOICES, LOC eligibility for TennCare-reimbursement of NF services shall be based on an assessment of the following measures:
 - 1. The Applicant's need for assistance with the following Activities of Daily Living (ADLs):
 - (i) Transfer;
 - (ii) Mobility;
 - (iii) Eating; and
 - (iv) Toileting.
 - 2. The Applicant's level of independence (or deficiency) in the following ADL-related functions:
 - (i) Communication (expressive and receptive);
 - (ii) Orientation (to person and place);
 - (iii) Dementia-related behaviors; and
 - (iv) Self-administration of medications.
 - 3. The Applicant's need for certain skilled and/or rehabilitative services.
 - (b) One or more questions on the PAE for NF LOC shall be used to assess each of the ADL or related measures specified above. There are four (4) possible responses to each question.
 - (c) Weighted Values.
 - 1. Interpretation of possible responses for all measures except behavior:
 - (i) "Always" shall mean that the Applicant is always independent with that ADL or related activity.
 - (ii) "Usually" shall mean that the Applicant is usually independent (requiring assistance fewer than 4 days per week).

(Rule 1200-13-01-.10, continued)

- (iii) "Usually not" shall mean that the Applicant is usually not independent (requiring assistance 4 or more days per week).
 - (iv) "Never" means that the Applicant is never independent with that ADL or related activity.
2. Interpretation of possible responses for the behavior measure:
- (i) "Always" shall mean that the Applicant always requires intervention for dementia-related behaviors.
 - (ii) "Usually" shall mean that the Applicant requires intervention for dementia-related behaviors 4 or more days per week.
 - (iii) "Usually not" shall mean that the Applicant requires intervention for dementia-related behaviors, but fewer than 4 days per week.
 - (iv) "Never" shall mean that the Applicant does not have dementia-related behaviors that require intervention.
3. The weighted value of each of the potential responses to a question regarding the ADL or related functions specified above when supported by the medical evidence submitted with the PAE shall be as follows:

ADL (or related) question	Condition	Always	Usually	Usually not	Never	Maximum Individual Acuity Score	Maximum Acuity Score for the Measure(s)

4. The weighted value for each of the skilled and/or rehabilitative services for which level 2 or enhanced respiratory care NF reimbursement could be authorized when determined by TennCare to be needed by the Applicant on a daily basis or at least five days per week for rehabilitative services, based on the medical evidence submitted with the PAE shall be as follows:

5. Conditions.

(i) Maximum Acuity Score for Transfer and Mobility:

- (I) Assessment of the need for assistance with transfer and the need for assistance with mobility are separate but overlapping measures of an Applicant's physical independence (or dependence) with movement.
- (II) The maximum individual acuity score for transfer shall be four (4).
- (III) The maximum individual acuity score for mobility shall be three (3).
- (IV) The highest individual acuity score among the transfer and mobility measures shall be the Applicant's total acuity score across both measures.
- (V) The maximum acuity score across both of the transfer and mobility measures shall be four (4).

(ii) Maximum Acuity Score for Toileting:

- (I) Assessment of the need for assistance with toileting shall include the following:
 - I. An assessment of the Applicant's need for assistance with toileting;

(Rule 1200-13-01-.10, continued)

- II. Whether the Applicant is incontinent, and if so, the degree to which the Applicant is independent in incontinence care; and
 - III. Whether the Applicant requires a catheter and/or ostomy, and if so, the degree to which the Applicant is independent with catheter and/or ostomy care.
- (II) The highest individual acuity score among each of the three (3) toileting questions shall be the Applicant's total acuity score for the toileting measure.
 - (III) The maximum acuity score for toileting shall be two (2).
- (iii) Maximum Acuity Score for Communication:
 - (I) Assessment of the Applicant's level of independence (or deficiency) with communication shall include an assessment of expressive as well as receptive communication.
 - (II) The highest individual acuity score across each of the two (2) communication questions shall be the Applicant's total score for the communication measure.
 - (III) The maximum possible acuity score for communication shall be one (1).
 - (iv) Maximum Acuity Score for Self-Administration of Medication:
 - (I) Assessment of the Applicant's level of independence (or deficiency) with self-administration of medications as an ADL-related function shall not take into consideration whether the Applicant requires sliding scale insulin and the Applicant's level of independence in self-administering sliding scale insulin.
 - (II) Sliding scale insulin shall be considered along with other skilled and/or rehabilitative services for which TennCare could authorize level 2 NF reimbursement .
 - (III) The maximum individual acuity score for self-administration of medication shall be two (2).
 - (IV) The maximum individual acuity score for sliding scale insulin shall be one (1).
 - (v) Maximum Skilled Services Acuity Score:
 - (I) The highest individual acuity score across all of the skilled and/or rehabilitative services shall be the Applicant's total acuity score for skilled and/or rehabilitative services.
 - (II) The maximum possible acuity score for skilled and/or rehabilitative services shall be five (5).

(d) Maximum Acuity Score

(Rule 1200-13-01-.10, continued)

1. The maximum possible acuity score for Activities of Daily Living (ADL) or related deficiencies shall be twenty-one (21).
2. The maximum possible acuity score for skilled and/or rehabilitative services shall be five (5).
3. The maximum possible total NF LOC acuity score shall be twenty-six (26).

(e) Calculating an Applicant's Total Acuity Score.

1. Subject to the conditions set forth in 1200-13-01-.10(6)(c)5., an Applicant's acuity score for each functional measure (i.e., eating, toileting, orientation, communication, self-administration of medication, or behavior), or in the case of transfer and mobility, the Applicant's acuity score across both measures shall be added in order to determine the Applicant's total ADL or related acuity score (up to a maximum of 21).
2. The Applicant's total ADL or related acuity score shall then be added to the Applicant's skilled services acuity score (up to a maximum of 5) in order to determine the Applicant's total acuity score (up to a maximum of 26).

(7) PreAdmission Evaluation Denials and Appeal Rights.

- (a) A TennCare Eligible or the legal representative of the TennCare Eligible has the right to appeal the denial of a PAE and to request an Administrative Hearing by submitting a written letter of appeal to the Bureau of TennCare, Division of Long-Term Services and Supports, within thirty (30) calendar days of receipt of the notice of denial.
- (b) If the Bureau denies a PAE, the Applicant will be notified in the following manner:
 1. A written Notice of denial shall be sent to the Applicant and, where applicable, to the Designated Correspondent. A Notice of denial shall also be provided to the NF. This notice shall advise the Applicant of the right to appeal the denial decision within thirty (30) calendar days. The notice shall also advise the Applicant of the right to submit within thirty (30) calendar days either the original PAE with additional information for review or a new PAE. The Notice shall be mailed to the Applicant's address as it appears upon the PAE. If no address appears on the PAE and supporting documentation, the Notice will be mailed to the NF for forwarding to the Applicant.
 2. If the PAE is resubmitted with additional information for review or if a new PAE is submitted, and the Bureau continues to deny the PAE, another written notice of denial shall be sent as described in (7)(b)1.
- (c) The Applicant has the right to be represented at the hearing by anyone of his/her choice. The hearing will be conducted according to the provisions of the Tennessee Uniform Administrative Procedures Act.
- (d) Reasonable accommodations shall be made for Applicants with disabilities who require assistance with an appeal.
- (e) Any Notice required pursuant to this section shall be a plain language written Notice.
- (f) When a PAE is approved for a fixed period of time with an Expiration Date determined by the Bureau, the Applicant shall be provided with a Notice of appeal rights, including the opportunity to submit an appeal within thirty (30) calendar days of receipt of the

(Rule 1200-13-01-.10, continued)

notice of denial. Nothing in this section shall preclude the right of the Applicant to submit a new PAE establishing medical necessity of care when the Expiration Date has been reached.

1200-13-01-.11 MEDICAL (LEVEL OF CARE) ELIGIBILITY CRITERIA FOR TENNCARE REIMBURSEMENT OF CARE FOR CHILDREN IN THE KATIE BECKETT PROGRAM.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) PreAdmission Evaluations (PAE).
 - (a) A PAE is required in the following circumstances:
 1. To determine medical (LOC) eligibility for the Katie Beckett program. A child must have an approved PAE for the applicable LOC to be enrolled into the Katie Beckett program or to be on the waiting list for the Katie Beckett program.
 2. When a child requires continuation of the same LOC beyond an expiration date assigned by TennCare.
 3. When a child's condition has improved such that the previously approved LOC criteria may no longer be met.
 4. To determine medical (LOC) eligibility to transition from Medicaid Diversion Group Part B to Katie Beckett Group Part A, unless the child has an approved, unexpired PAE for institutional (LOC).
 - (b) A PAE is not required in the following circumstances:
 1. To transition from Katie Beckett Group Part A to Medicaid Diversion Group Part B unless the child's condition has improved such that a new PAE is needed to ensure the child would meet "at-risk" LOC.
 2. To transition from the Continued Eligibility Group Part C to Katie Beckett Group Part A.

(Rule 1200-13-01-.11, continued)

- (c) Medical (LOC) eligibility for children in the Katie Beckett program is determined only in accordance with these criteria established specifically for children under age 18.
- (d) Subject to (f) below, an approved PAE for a child applying for Katie Beckett Group Part A or Medicaid Diversion Group Part B shall be valid for 365 calendar days beginning with the PAE Approval Date, unless an earlier expiration date is established by TennCare.
- (e) A valid approved PAE that has not been used within 365 calendar days of the PAE Approval Date must be updated before it can be used for purposes of enrollment into Katie Beckett. To update a PAE for Katie Beckett, the physician shall certify that the Applicant's medical condition on the revised PAE Request Date is consistent with that described in the initial certification and/or assessment and that home-based services, including HCBS, are medically necessary and that the child's needs can be met at home. Such update need not occur until such time that there is a slot available for enrollment into Katie Beckett for which the child meets prioritization criteria. An updated PAE shall not be required for purposes of remaining on the waiting list, unless the Applicant's medical condition has significantly changed such that the previously approved PAE does not reasonably reflect the Applicant's current medical condition and functional capabilities or the Applicant's LOC prioritization score.
- (f) If the Applicant's medical condition has significantly changed such that the previously approved PAE does not reasonably reflect the Applicant's current medical condition and functional capabilities or the Applicant's LOC prioritization score, a new PAE shall be required.
- (g) A PAE must include a recent history and physical or current medical records that support the Applicant's functional and/or skilled nursing or rehabilitative needs, as reflected in the PAE. A history and physical performed within 365 calendar days of the PAE Request Date may be used if the Applicant's condition has not significantly changed. Medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed, or may be used in lieu of a history and physical, so long as the records provide medical evidence sufficient to support the functional and/or skilled or rehabilitative needs reflected in the PAE.
- (h) A PAE must be certified as follows:
 - 1. Physician certification shall be required for enrollment into Katie Beckett Group Part A and the Continued Eligibility Group Part C. Certification of the need for NF care may be performed by a nurse practitioner, clinical nurse specialist, or physician assistant, working in collaboration with a physician.
 - 2. Physician certification shall not be required for enrollment into Medicaid Diversion Group Part B.
 - 3. Certification of the level of care assessment by a Qualified Assessor shall be required for all PAEs.
- (i) A PAE may be approved by the Division for a fixed period of time with an expiration date based on an assessment by the Division of the Applicant's medical condition and anticipated continuing need for inpatient nursing care. Notice of appeal rights shall be provided when a PAE is approved with an expiration date.

(Rule 1200-13-01-.11, continued)

- (j) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.
 - 1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no more than ten (10) days prior to the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.
 - 2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for NF services.
- (3) Level of Care Criteria for Katie Beckett Program.
 - (a) Institutional Level of Care. There shall be two Tiers for Institutional LOC (Tier 1 and Tier 2).
 - 1. Tier 1 Institutional LOC. There shall be two types of Tier 1 Institutional LOC (Medical and Behavioral).
 - (i) Tier 1 – Medical Institutional LOC. In order to qualify for Tier 1 – Medical Institutional LOC, all of the following must be met:
 - (I) The child has a medical diagnosis from a qualified treating medical professional of a severe, lifelong chronic medical condition with high mortality and morbidity rates resulting in severe functional limitations and complex medical needs;
 - (II) The child's medical needs are chronic, persistent and expected to last at least twelve (12) months from the date of review;
 - (III) The child's medical needs require high health care service needs and utilization (e.g., frequent ED visits and/or hospital admissions, multiple surgeries, multiple subspecialists);
 - (IV) The child's overall health condition presents the constant potential for complications or rapid deterioration. As a result, the child requires continuous (round-the-clock) observation by an awake trained care provider—a professional nurse, parent, or others properly instructed to immediately detect potential life-threatening situations, respond promptly to render appropriate care, and perform emergency procedures to prevent hospitalization or death;
 - (V) The child's medical needs require frequent, direct, skilled medical interventions (whether provided by a licensed nurse or by a parent or other caregiver who has been trained to provide such care), including skilled medical tasks that are performed multiple times during each 8-hour period and the use of medical equipment to sustain life and prevent life-threatening situations.

(Rule 1200-13-01-.11, continued)

- I. The frequency and complexity of the required skilled medical interventions must be so substantial that without these direct, continuous skilled medical interventions, the child is at imminent risk of institutionalization within an in-patient medical hospital.
 - II. The complex skilled medical interventions must include at least one (1) of the following:
 - A. Ventilator care or non-invasive positive pressure ventilation when required for at least 8 hours per day as a life-sustaining measure for chronic respiratory failure;
 - B. Tracheostomy care requiring suctioning multiple times each 8-hour period;
 - C. Oxygen administration for chronic hypoxia requiring at least 8 hours of oxygen use daily, round-the-clock monitoring of O2 saturation levels, and titration of O2 levels administered;
 - D. Parenteral Nutrition (TPN); and/or
 - E. Dialysis: hemodialysis or peritoneal, in home or at clinic.
 - III. Any interventions not specified above, including site care, shall not meet this criterion.
 - IV. The skilled care needs cannot be acute or of a short-term duration.
 - V. Tasks that are performed only when necessary (PRN) and are not required on an ongoing basis do not meet this criterion.
- (ii) Tier 1 – Behavioral Institutional LOC. In order to qualify for Tier 1 – Behavioral Institutional LOC, all of the following criteria must be met:
- (I) The child has one of the following:
 - I. Severe or profound deficits in intellectual and/or adaptive behavior functions, which must include significant communication deficits; or
 - II. Autism and a severe or profound communication disorder;
 - (II) The child has severe co-occurring behavioral health support needs that have persisted for at least six (6) months and are expected to last at least twelve (12) months from the date of review and include persistent and dangerous behaviors that place the child or others at imminent and significant risk of serious physical harm. To meet this criterion, a child must demonstrate dangerous behaviors in at least one of the two dangerous behaviors categories:
 - I. Self-injurious behaviors. These behaviors include:

(Rule 1200-13-01-.11, continued)

- A. Self-hitting, cutting, scratching, burning, pinching, or picking. Repeated and intentional hitting one's self; cutting, burning, scratching, pinching, picking or abrading one's skin hard and frequently enough to break skin, or create a visible mark, burn or tissue damage (does not include piercing or tattooing);
 - B. Severe self-biting. Repeated, intentional and severe biting by child of child's own body parts, in attempt to rupture skin (does not include biting nails or cuticles or biting lip without intent to injure);
 - C. Tearing at or out body parts. Repeated, intentional and severe picking or tearing at body parts in a manner and degree that is likely to cause severe injury (includes rectal digging but does not include picking at a scab or scratches until a body part bleeds or hair pulling);
 - D. Inserting harmful objects into body orifices. Repeated and intentional insertion into body orifices of harmful objects that can tear or puncture the skin;
 - E. Head-banging. Repeated, intentional and severe banging one's head against hard surfaces;
 - F. Body slamming or dropping. Making contact between the body and any object with enough force to make a visible mark or forcefully falling to the floor with no visible cause to fall;
 - G. Self-gagging or strangulation. Any instance of using a hand or other object to induce gagging or vomiting, or strangulation involving the production of unconsciousness or near unconsciousness by restriction of the supply of oxygenated blood to the brain; and
 - H. Eating disorders, the effects of which must be life threatening, as determined by physician. In the case of Anorexia/Bulimia, the child must have malnutrition, electrolyte imbalances or body weight/development below 20th percentile due to the eating disorder or in the case of Pica or Prader Willi syndrome, must at least 4 days per week attempt to ingest non-edible substances or gorge self, as applicable, and require continuous (round-the-clock) "within arm's reach" supervision and immediate engagement of a paid or unpaid trained caregiver to prevent serious harm to the child.
- II. Physically Aggressive Behaviors toward others:
- A. A persistent pattern of physically aggressive behaviors not explained by the age or lack of maturity of the aggressor that results in serious harm to others, or that would result in serious harm without intervention or restraints. Includes targeting of violent behaviors against a parent, sibling or other that results in serious harm, or

(Rule 1200-13-01-.11, continued)

- that was intended to inflict serious harm even if actual harm did not occur, or if the act was interrupted and not carried out. May include hitting (using a hand or arm with a closed or open fist to make forceful physical contact with another person), hitting with objects (whether held or thrown), kicking (with foot or leg), headbutting (using the head or face to make forceful physical contact with another person), biting, scratching that breaks skin, pinching when hard enough to cause severe pain, forceful pushing, or hair pulling; or
- B. Sexually Aggressive Behavior. Attempts and/or successes at touching, groping, undressing others, or grabbing others in their private areas or making physical contact of a perceived sexual nature which is unwanted by the other person; sexual molestation or abuse of others.
- III. The intensity and frequency of the dangerous behaviors is such that without continuous (round-the-clock) supervision and monitoring and direct, daily community-based therapeutic support and intervention, the child will engage in severe self-injury or physical aggression toward others and is at imminent risk for institutionalization in an inpatient psychiatric hospital or other placement outside the home (e.g., residential treatment, State custody, or incarceration), even if a formal mental health diagnosis (other than I/DD or autism) has not been made.
- A. Self-Injurious Behaviors and/or Physically Aggressive Behaviors must occur at least four days a week and require all of the following:
- (A) Continuous (round-the-clock) “eyes on” observation, supervision and immediate engagement of a paid or unpaid trained caregiver to prevent serious harm to the child or others;
- (B) Environmental or other restraints; and
- (C) Engagement of behavioral health professionals for treatment and support; or
- B. Self-Injurious behaviors and/or physically aggressive behaviors must occur at least once a week if the intensity of such behaviors routinely requires engagement of crisis supports, including behavior crisis teams, law enforcement, or emergency medical treatment to prevent or treat serious harm to the child or others.
- IV. The child is involved with service systems and/or is receiving treatment from such service systems, but such involvement and/or treatment has not been effective in reducing the child’s behaviors or the significant risk of serious physical harm to the child or others, or in increasing the family’s capacity to

(Rule 1200-13-01-.11, continued)

effectively manage the child's behaviors. Involvement with service systems must include at least one of the following:

- A. Crisis Mental Health Services. The child has an established pattern of utilization of crisis-related behavioral health services over the previous six months, which may include repeated mobile crisis calls, emergency department visits, psychiatric hospitalizations, and/or residential or intensive in-home treatment. The use of psychotropic medications (including PRN usage for purposes of chemical restraint in a behavioral crisis) is not considered a crisis-related behavioral health service. Nor is routine psychiatric care or outpatient therapy.
 - B. Child Protective Services. The child has formal ongoing involvement with the child welfare system specifically related to his or her severe behavioral health needs.
 - C. Criminal Justice System. The child has been engaged with the criminal justice system in the past six months specifically related to his or her severe behavioral health needs. Includes Juvenile and Adult Justice Systems, if applicable.
2. Tier 2 Institutional LOC. There shall be three (3) standards for Tier 2 Institutional LOC (Medical, Behavioral, and Functional). A child must meet only one of these standards to meet Tier 2 Institutional LOC.
- (i) Tier 2 Institutional LOC - Standard 1: Medical. To meet Tier 2 Institutional LOC - Standard 1: Medical, a child must meet all of the following criteria:
 - (I) The child has a medical diagnosis from a qualified treating medical professional of a severe chronic medical condition expected to last at least twelve (12) months and which significantly diminishes his/her functional capacity and interferes with the ability to perform age appropriate activities of daily living at home and in the community;
 - (II) The child requires daily skilled nursing interventions and/or intensive therapy services as defined below:
 - I. Daily skilled nursing interventions may include any of the complex skilled medical interventions listed in Tier 1 – Medical Institutional LOC above (ventilator care or NIPPV, tracheostomy care, O2 administration, TPN, and dialysis), including daily ventilator care or NIPPV for less than 8 hours per day, tracheostomy care requiring daily suctioning but not multiple times per each 8 hours, or daily O2 use less than 8 hours daily.
 - II. Daily skilled nursing interventions may also include, but are not limited to, the following:
 - A. Tube feedings: G-tube, J-tube or NG-tubes;

(Rule 1200-13-01-.11, continued)

- B. Respiratory treatments for airway clearance: chest PT, C-PAP, Bi-PAP, vest device or cough assist device, IPPB treatments. This does not include inhalers or nebulizers.
 - C. Ileostomy, colostomy, or appendicostomy (Malone procedure) care; and
 - D. Need for urinary catheterization daily, or presence of vesicostomy or Mitrofanoff appendecovesicostomy.
 - III. PRN orders do not qualify as daily skilled nursing interventions.
 - IV. Site care, diabetes management, and medication administration, including topical or oral medication, eye drops, inhalers, nebulizers, growth hormone injections, insulin injections, or chemotherapy, shall not meet this criterion.
 - V. Intensive therapy services shall include only medically necessary physical, occupational, or speech therapy provided by a licensed professional therapist and shall apply only if the child is involved in six or more sessions per week with professional therapists.
- (III) The child has at least two (2) substantial functional limitations in activities of daily living. For purposes of this rule, substantial functional limitations shall include only the following:
- I. Learning: A substantial functional limitation in learning is defined as a 30% (25% if the child is under one year of age) or greater delay or a score of at least 2 (1.5 if the child is under one year of age) standard deviations below the mean based on valid, standardized and norm referenced measures of aggregate intellectual functioning.
 - II. Communication: A substantial functional limitation in communication is defined as a 30% (25% if the child is under one year of age) or greater delay or a standard score of at least 2 (1.5 if the child is under one year of age) standard deviations below the mean on valid, standardized and norm referenced measures of both expressive and receptive communication functioning.
 - III. Self-Care: The child must demonstrate a deficit in at least one of the following five areas of self-care:
 - A. Bathing
 - B. Grooming
 - C. Dressing
 - D. Toileting
 - E. Eating

(Rule 1200-13-01-.11, continued)

If a child exhibits deficits in multiple of the self-care activities of daily living identified above, this shall still be counted as one substantial functional limitation (in self-care).

- IV. Mobility: The inability to run or to move long distances or between environments related to stamina or ease of movement shall not constitute a mobility deficit.
- (IV) The child requires an extraordinary (continuous or nearly continuous) level of hands on assistance from others throughout their day to complete everyday activities and supervision/intervention that is significantly beyond that which is routinely provided to other children of the same age; and
- (V) The intensity and frequency of required skilled interventions and assistance with activities of daily living must be so substantial that it would require at least the level of direct, daily intervention that would be provided in a medical institution, i.e., a nursing facility or intermediate care facility for individuals with intellectual disabilities (ICF/IID).
- (ii) Tier 2 Institutional LOC - Standard 2: Behavioral. To meet Tier 2 Institutional LOC - Standard 2: Behavioral, a child must meet all of the following criteria:
 - (I) The child has severe or profound deficits in intellectual or adaptive behavior functions, which must include significant communication deficits, or has autism and a severe or profound communication disorder;
 - (II) The child has severe co-occurring behavioral health support needs that have persisted for at least six (6) months and are expected to last at least twelve (12) months from the date of review, including self-injurious behaviors or physically aggressive behaviors toward others as defined in Subpart (3)(a)1.(ii) above, including the intensity and frequency of behaviors, except that an extraordinary level of hands on assistance shall be required as defined in (IV) below;
 - (III) The child has at least two (2) substantial functional limitations in activities of daily living;
 - (IV) The child requires an extraordinary (continuous or nearly continuous) level of hands on assistance to complete everyday activities and supervision/intervention from others throughout their day that is significantly beyond that which is routinely provided to other children of the same age; and
 - (V) The intensity and frequency of required behavioral interventions and assistance with activities of daily living must be so substantial that it would require at least the level of direct, daily intervention that would be provided in a medical institution, i.e., a nursing facility or intermediate care facility for individuals with intellectual disabilities (ICF/IID).

(Rule 1200-13-01-.11, continued)

- (iii) Tier 2 Institutional LOC - Standard 3: Functional. To meet Tier 2 Institutional LOC – Standard 3: Functional, a child must meet all of the following criteria:
 - (I) The child has an intellectual or developmental disability as defined in Rule .02 and at least four (4) substantial functional limitations in activities of daily living that are expected to continue for at least 12 months;
 - (II) The child requires an extraordinary (continuous or nearly continuous) level of hands on assistance to complete everyday activities and supervision/intervention from others throughout their day that is significantly beyond that which is routinely provided to other children of the same age; and
 - (III) The intensity and frequency of assistance with activities of daily living must be so substantial that it would require at least the level of direct, daily intervention that would be provided in a medical institution, i.e., a nursing facility or intermediate care facility for individuals with intellectual disabilities (ICF/IID).
- (b) At-Risk Level of Care. There shall be two (2) standards for At-Risk LOC (I/DD and Medical). A child must meet only one of these standards to meet At-Risk LOC.
 - 1. At-Risk Level of Care Standard 1: I/DD. To meet At-Risk LOC – Standard 1: I/DD, a child must meet both of the following criteria:
 - (i) The child has an intellectual or developmental disability as defined in State law and regulation which significantly diminishes his/her functional capacity and interferes with the ability to perform age appropriate activities of daily living at home and in the community.
 - (ii) This child requires daily intermittent (not continuous) assistance from others to complete everyday activities that is significantly beyond that which is routinely provided to children of that age; or
 - 2. At-Risk Level of Care Standard 2: Medical. To meet At-Risk LOC – Standard 2: Medical, a child must meet all of the following criteria:
 - (i) The child has a medical diagnosis from a qualified treating medical professional of a severe chronic medical condition expected to last at least twelve (12) months and which significantly diminishes his/her functional capacity and interferes with the ability to perform age appropriate activities of daily living at home and in the community.
 - (ii) The child requires daily skilled nursing interventions and/or intensive therapy services as defined in Tier 2 Institutional LOC Standard 1: Medical above.
 - (iii) The child has at least one (1) substantial functional limitation in activities of daily living requiring daily intermittent (not continuous) assistance from others to complete everyday activities that is significantly beyond that which is routinely provided to children of that age.

(4) Katie Beckett LOC Determinations

(Rule 1200-13-01-.11, continued)

- (a) An Applicant for Katie Beckett shall first be reviewed for At-Risk LOC.
 - (b) All At-Risk LOC determinations for Katie Beckett Applicants shall be made by DIDD in accordance with these rules.
 - (c) An Applicant must be approved for At-Risk LOC in order to be reviewed for Institutional LOC.
 - (d) DIDD will refer an Applicant approved for At-Risk LOC to also be reviewed for Institutional LOC if the Applicant meets certain triggers which indicate he or she may also meet Institutional LOC.
 - (e) The parent or legal guardian of a child applying for Katie Beckett may request that the child is reviewed for Institutional LOC, even if such triggers are not met.
 - (f) All initial Institutional LOC determinations for Katie Beckett Applicants shall be made by a neutral third party contracted with TennCare.

- (a) An Applicant or the legal representative of the Applicant has the right to appeal the denial of a PAE and to request an Administrative Hearing by submitting a written letter of appeal to TennCare, Division of Long-Term Services and Supports, within thirty (30) calendar days of receipt of the notice of denial.
 - (b) If an Applicant or the legal representative of the Applicant appeals the denial of Institutional LOC, the appellant may request and TennCare will arrange as part of the appeal review, a peer-to-peer review with the child's treating physician in order to gather any additional information regarding the child's medical, behavioral, or functional needs. This information shall be reviewed to determine whether the denial should be overturned prior to the case proceeding to hearing.
 - (c) If TennCare denies a PAE, the Applicant will be notified in the following manner:
 - 1. A written Notice of denial shall be sent to the Applicant and, where applicable, to the Designated Correspondent. This notice shall advise the Applicant of the right to appeal the denial decision within thirty (30) calendar days and the opportunity to request a peer-to-peer review with the child's treating physician. The notice shall also advise the Applicant of the right to submit within thirty (30) calendar days either the original PAE with additional information for review or a new PAE. The Notice shall be mailed to the Applicant's address as it appears upon the PAE.
 - 2. If the PAE is resubmitted with additional information for review or if a new PAE is submitted, and the Bureau continues to deny the PAE, another written notice of denial shall be sent as described in (5)(b)1.

1200-13-01-.15 MEDICAL (LOC) ELIGIBILITY CRITERIA FOR MEDICAID REIMBURSEMENT OF CARE IN AN ICF/MR.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) ICF/MR PreAdmission Evaluations and Transfer Forms
 - (a) An ICF/MR PreAdmission Evaluation is required to be submitted to the Bureau of TennCare for approval when
 - 1. A Medicaid Eligible is admitted to an ICF/MR.

(Rule 1200-13-01-.15, continued)

2. A private-paying resident of an ICF/MR attains Medicaid Eligible status or applies for Medicaid eligibility. A new ICF/MR PreAdmission Evaluation is not required when an individual's financial status changes from Medicaid Eligible to private pay and then back to Medicaid Eligible within a 90-day time period.
 - (b) A Transfer Form is required to be submitted to the Bureau of TennCare for approval when an ICF/MR Eligible having an approved unexpired ICF/MR PAE transfers from one ICF/MR to another ICF/MR or from the HCBS MR Waiver Program to an ICF/MR. A Transfer Form is required to be submitted to the Division of Intellectual Disabilities Services for approval when an ICF/MR Eligible having an approved unexpired ICF/MR PAE transfers from an ICF/MR to the HCBS MR Waiver Program.
 - (c) An approved ICF/MR PreAdmission Evaluation is valid for ninety (90) calendar days from the ICF/MR PAE Approval Date. An approved ICF/MR PreAdmission Evaluation that has not been used within ninety (90) calendar days of the ICF/MR PAE Approval Date can be updated within 365 calendar days of the ICF/MR PAE Approval Date if the physician certifies that the individual's current medical condition is consistent with that described in the approved ICF/MR PreAdmission Evaluation. A PAE that is not used within 365 days of the PAE Approval Date is expired and cannot be updated.
 - (d) An ICF/MR PreAdmission Evaluation must include a recent medical history and physical signed by a physician who is licensed as a doctor of medicine or doctor of osteopathy, or by a licensed nurse practitioner or physician's assistant. A medical history and physical performed within 365 calendar days of the ICF/MR PAE Request Date may be used if the individual's condition has not significantly changed. Additional medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed.
 - (e) An ICF/MR PAE must include a psychological evaluation of need for care. Pursuant to 42 C.F.R. § 456.370(b), such evaluation must be performed before admission to the ICF/MR or authorization of payment, but not more than three months before admission.
- (3) Medicaid Reimbursement
- (a) An ICF/MR which has entered into a provider agreement with the Bureau of TennCare is entitled to receive Medicaid reimbursement for covered services provided to an ICF/MR Eligible if:
 1. The Bureau of TennCare has received an approvable ICF/MR PreAdmission Evaluation for the individual within ten (10) calendar days of the ICF/MR PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.
 2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PreAdmission Evaluation, the Bureau of TennCare has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver program.
 3. For a retroactive eligibility determination, the Bureau of TennCare has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PreAdmission Evaluation within thirty

(Rule 1200-13-01-.15, continued)

- (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.
- (b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.
1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.
 2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.
- (c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau of TennCare.
- (4) Criteria for Medicaid-reimbursed Care in an Intermediate Care Facility for the Mentally Retarded (ICF/MR)
- (a) Medicaid Eligible Status: The individual must be determined by the Tennessee Department of Human Services to be financially eligible for Medicaid-reimbursed care in an Intermediate Care Facility for the Mentally Retarded.
 - (b) An individual must meet all of the following criteria in order to be approved for Medicaid-reimbursed care in an Intermediate Care Facility for the Mentally Retarded:
 1. Medical Necessity of Care: Care must be expected to enhance the individual's functional ability or to prevent or delay the deterioration or loss of functional ability. Care in an Intermediate Care Facility for the Mentally Retarded must be ordered and supervised by a physician.
 2. Diagnosis of Mental Retardation or Related Conditions.
 3. Need for Specialized Services for Mental Retardation or Related Conditions: The individual must require a program of specialized services for mental retardation or related conditions provided under the supervision of a qualified mental retardation professional (QMRP). The individual must also have a significant deficit or impairment in adaptive functioning in one of the following areas: communication, comprehension, behavior, or activities of daily living (e.g., toileting, bathing, eating, dressing/grooming, transfer, mobility).
 - (c) Individuals with mental retardation or related conditions who were in an Intermediate Care Facility for the Mentally Retarded or who were in community residential placements funded by the Division of Intellectual Disabilities on or prior to the effective date of this rule may be deemed by the Bureau of TennCare to meet the requirements of (4)(b)2. and (4)(b)3.

1200-13-01-.23 NURSING HOME PREADMISSION SCREENINGS FOR MENTAL ILLNESS AND MENTAL RETARDATION.

- (1) Definitions. See Rule 1200-13-01-.02.
- (2) Medicaid-certified nursing facilities may not admit individuals applying for admission unless these persons are screened to determine if they have mental illness or mental retardation regardless of method of payment or "known diagnosis." A Medicaid-certified nursing facility is prohibited from admitting any new resident who has mental illness or mental retardation (or

(Rule 1200-13-01-.23, continued)

a related condition), unless that individual has been determined by the Tennessee Department of Mental Health and Developmental Disabilities and/or the Division of Intellectual Disabilities Services, as applicable, not to be in need of specialized services and appropriate for placement in a nursing facility. (The individual must also meet the Bureau of TennCare's preadmission criteria for nursing facility services). The criteria to be used in making determinations will be categorized into two levels: 1) identification screens (Level I) and 2) preadmission screening/resident reviews evaluations (Level II).

(a) Criteria for Identification Screen (Level I)

1. Prior to admission of any person to a nursing facility, it must be determined if:

(i) For Mental Illness:

- (I) The individual has a diagnosis of MI. (See definition of MI in Rule 1200-13-01-.02.)
- (II) The person has any recent (within the last two years) history of mental illness, or has been prescribed a major tranquilizer on a regular basis in the absence of justifiable neurological disorder.
- (III) There is any presenting evidence of mental illness (except primary diagnosis of Alzheimer's disease or dementia) including possible disturbances in orientation or mood.

(ii) For Mental Retardation or Persons with Related Conditions:

- (I) The individual has a diagnosis of MR. (See definition of MR in Rule 1200-13-01-.02.)
- (II) There is any history of mental retardation or developmental disability in the identified individual's past.
- (III) There is any presenting evidence (cognitive or behavior functions) that may indicate the person has mental retardation or developmental disability.
- (IV) The person is referred by an agency that serves persons with mental retardation (or other developmental disabilities), and the person has been deemed to be eligible for that agency's services.
- (V) The preceding criteria must also be applied to residents of a nursing facility who have not received an identification screen.
- (VI) There must be a record of the identification screen results and interpretation in the nursing home resident's record.
- (VII) Results of the identification screen must be used (unless there is other indisputable evidence that the individual is not mentally ill or mentally retarded) in determining whether an individual has (or is suspected to have) mental illness or mental retardation and therefore must be subjected to the PASRR process. Findings from the evaluation should be used in making determinations about whether an individual has mental illness or mental retardation.

(Rule 1200-13-01-.23, continued)

- (b) Any individual for whom there is a negative response for all of the identification evaluative criteria for mental retardation or mental illness and for whom there is no other evidence of a condition of mental illness or mental retardation may be admitted to or continue to reside in a Medicaid-certified nursing facility without being determined appropriate for nursing facility placement through the PASRR evaluation process (Level II).
- (c) Any individual for whom there is a positive response for any of the identification evaluative criteria for mental retardation or mental illness may not be admitted to or continue to reside in a Medicaid-certified nursing facility without being determined appropriate for nursing facility placement through the PASRR evaluation process (Level II).
- (d) Exemptions from Level II Review

An individual who has a diagnosis of mental illness or mental retardation will be exempt from the PASRR process if they meet any of the following criteria:

1. Dementia - This must be a primary diagnosis based on criteria in the Diagnostic and Statistical Manual of Mental Disorders, 3rd edition; or it may be the secondary diagnosis (including Alzheimer's disease and related disorders) as long as the primary diagnosis is not a major mental illness. The primary or secondary diagnosis of dementia (including Alzheimer's disease and related disorders) must be based on a neurological examination. Dementia is not allowed as an exemption if the individual has, or is suspected of having, a diagnosis of mental retardation.
2. Convalescent Care - Any person with MI or MR as long as that person is not a danger to self and/or others, may be admitted to a Medicaid-certified NF after release from an acute care hospital for a period of recovery without being subjected to the PASRR process for evaluation of MI or MR.
3. Terminal Illness - Under 42 U.S.C.A. § 1395x(dd)(3)(A), a Medicare beneficiary is considered to be terminally ill if he has a medical prognosis that his life expectancy is six (6) months or less. This same standard is to be applied to Medicaid recipients with MI, MR, or related conditions who are found to be suffering from a terminal illness. An individual with MI or MR, as long as that person is not a danger to self and/or others, may be admitted to or reside in a Medicaid-certified NF without being subjected to the PASRR/MI or PASRR/MR evaluative process if he is certified by a physician to be "terminally ill," as that term is defined in 42 U.S.C.A. § 1395x(dd)(3)(A), and requires continuous nursing care and/or medical supervision and treatment due to his physical condition.
4. Severity of Illness - Any person with mental illness or mental retardation who is comatose, ventilator dependent, functions at the brain stem level, or has a diagnosis of: Severe Parkinson's Disease, Huntingdon's Disease, Amyotrophic Lateral Sclerosis, Congestive Heart Failure, or Chronic Obstructive Pulmonary Disease, and any other diagnosis so determined by the Centers for Medicare and Medicaid Services.

- (e) Processes upon expiration of exemption

1. If an individual is admitted to a nursing facility as a Medicare patient, with a "30-day hospital discharge exemption" on the PASRR screen form, and it is determined that the individual will need to extend the stay beyond 30 days, it is

(Rule 1200-13-01-.23, continued)

the responsibility of the nursing facility to notify TennCare and to ensure that a PASRR evaluation is completed no more than 40 days from the original date of admission (i.e., within 10 days of expiration of the 30-day exemption). If Medicaid reimbursement will be sought, this includes submission and disposition of the PAE which will be required in order to timely complete the PASRR evaluation.

2. If an individual enters the facility with an exemption of "120-day short term stay" on the PASRR screen form and it is determined that the individual will need to extend the stay beyond 120 days, it is the responsibility of the nursing facility to notify TennCare at least seven (7) working days prior to expiration of the 120 days in order to ensure that a PASRR evaluation is completed timely before the 120-day exemption expires. If Medicaid reimbursement will be sought, the PAE must also be submitted to TennCare with sufficient time for review and approval. In such case, it is the responsibility of the nursing facility to notify TennCare and to submit a completed PAE at least ten (10) working days prior to expiration of the 120 days in order to ensure that a PASRR evaluation is completed timely before the 120-day exemption expires.

- (3) Right to Appeal - Each patient has the right to appeal any decision made. The appeal process will be handled in accordance with T.C.A. § 71-5-113.

Authority: T.C.A. §§ 4-5-202, 4-5-208, 4-5-209, 71-5-105, and 71-5-109. **Administrative History:** Original rule filed June 29, 1989; effective; August 14, 1989. Amendment filed March 30, 1995; effective June 15, 1995. Public necessity rule filed July 1, 2009; effective through December 13, 2009. Amendment filed September 11, 2009; effective December 10, 2009. Emergency rule filed March 1, 2010; effective through August 28, 2010. Amendments filed May 27, 2010; effective August 25, 2010.

1200-13-01-.24 REPEALED.

Authority: T.C.A. §§ 4-5-202, 71-5-105, and 71-5-109. **Administrative History:** Original rule filed October 21, 1991; effective December 5, 1991. Amendment filed March 18, 1994; effective June 1, 1994. Repeal filed May 5, 2009; effective July 19, 2009.

 - (e) Payments for residents requiring ICF/MR services will not exceed per diem costs or charges, whichever is less.
 - (f) If an ICF/MR (upon submission of a cost report and audit of its cost), has collected on a per diem basis during the period covered by the cost report and audit, more than cost reimbursement allowed for the ICF/MR patient, the facility shall be required to reimburse the State (through the Bureau and/or the ICF/MR's Third Party), for that portion of the reimbursement collected in excess of the cost reimbursement allowed.
 - (g) Regardless of the reimbursement rate established for an ICF/MR, no ICF/MR may charge TennCare Enrollees an amount greater than the amount per day charge to private paying patients for equivalent accommodations and services.

(Rule 1200-13-01-.30, continued)

- (h) Personal laundry services in an ICF/MR shall be considered a covered service and included in the per diem rate. TennCare Enrollees may not be charged for personal laundry services.
- (4) Conditions that ICFs/MR must meet to receive Medicaid reimbursement.
 - (a) An ICF/MR that has entered into a provider agreement with the Bureau of TennCare is entitled to receive Medicaid reimbursement for covered services provided to an ICF/MR Eligible if
 - 1. The Bureau has received an approvable ICF/MR PAE for the individual within ten (10) calendar days of the ICF/MR PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.
 - 2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PAE, the Bureau has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver Program.
 - 3. For a retroactive eligibility determination, the Bureau has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PAE within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.
 - (b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.
 - 1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.
 - 2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.
 - (c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau.
- (5) Reimbursement methodology for ICFs/MR.
 - (a) Private for-profit and private not-for-profit ICFs/MR shall be reimbursed at the lower of Medicaid cost or charges. An annual inflation factor will be applied to operating costs. The trending factor shall be computed for facilities that have submitted cost reports

(Rule 1200-13-01-.30, continued)

covering at least six (6) months of program operations. For facilities that have submitted cost reports covering at least three (3) full years of program participation, the trending factor shall be the average cost increase over the three-year (3-year) period, limited to the seventy-fifth (75th) percentile trending factor of facilities participating for at least three (3) years. Negative averages shall be considered zero (0). For facilities that have not completed three (3) full years in the program, the one-year (1-year) trending factor shall be the fiftieth (50th) percentile trending factor of facilities participating in the program for at least three (3) years. For facilities that have failed to file timely cost reports, the trending factor shall be zero (0). Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next rate determination except for audit adjustments, correction of errors, or termination of a budgeted rate. Reimbursement is not to exceed the amount budgeted by the State for private ICF/MR reimbursement. The Comptroller's Office shall be authorized to adjust per diem rates up or down as necessary during the year.

- (b) Public ICFs/MR that are owned by government shall be reimbursed at one hundred percent (100%) of allowable Medicaid costs with no cost-containment incentive. Reimbursement shall be based on Medicare principles of retrospective cost reimbursement with year-end cost report settlements. Interim per-diem rates for the fiscal year beginning July 1, 1995 and ending June 30, 1996 shall be established from budgeted cost and patient day information submitted by the government ICF/MR facilities. Thereafter, interim rates shall be based on the providers' cost reports. There will be a tentative year-end cost settlement within thirty (30) days of submission of the cost reports and a final settlement within twelve (12) months of submission of the cost reports.
- (c) Costs for supplies and other items, including any facility staff required to deliver the service, which are billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the NF cost report.

(6) Bed holds.

An ICF/MR will be reimbursed in accordance with this Paragraph for the recipient's bed in that facility during the recipient's temporary absence from that facility in accordance with the following:

- (a) For days not to exceed fifteen (15) days per occasion while the recipient is hospitalized and the following conditions are met:
 - 1. The resident intends to return to the ICF/MR.
 - 2. The hospital provides a discharge plan for the resident.
 - 3. At least eighty-five percent (85%) of all other beds in the ICF/MR certified at the recipient's designated level of care (i.e., intensive training, high personal care or medical), when computed separately, are occupied at the time of hospital admission. An occupied bed is one that is actually being used by a patient. Beds being held for other patients while they are hospitalized or otherwise absent from the facility are not considered to be occupied beds, for purposes of this calculation. Computations of occupancy percentages will be rounded to the nearest percentage point.

(Rule 1200-13-01-.30, continued)

4. Each period of hospitalization must be physician ordered and so documented in the patient's medical record in the ICF/MR.
- (b) For days not to exceed sixty (60) days per state fiscal year and limited to fourteen (14) days per occasion while the recipient, pursuant to a physician's order, is absent from the facility on a therapeutic home visit or other therapeutic absence.
- (7) Other reimbursement issues.
 - (a) No change of ownership or controlling interest of an existing Medicaid provider, including ICFs/MR, can occur until monies as may be owed to the Bureau or its contractors are provided for. The purchaser shall notify the Bureau of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to the Bureau or its contractors for one (1) year from the date of purchase or for one (1) year following the Bureau's receipt of the provider's Medicare final notice of program reimbursement, whichever is later. The purchaser shall be entitled to use any means available to it by law to secure and recoup these funds from the selling entity. In addition, purchasers of ICFs/MR are responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid residents at the time of the change of ownership or controlling interest.
 - (b) If the Bureau or an MCO has not reimbursed a business for TennCare services provided under the TennCare Program at the time the business is sold, when such an amount is determined, the Bureau or the MCO shall be required to reimburse the person owning the business provided such sale included the sale of such assets.
 - (c) When a provider was originally paid within a retrospective payment system that is subject to regular adjustments and the provider disputes the proposed adjustment action, the provider must file with the State not later than thirty (30) days after receipt of the notice informing the provider of the proposed adjustment action, a request for hearing. The provider's right to a hearing shall be deemed waived if a hearing is not requested within thirty (30) days after receipt of the notice.

- (4) Enrollment in TennCare ECF CHOICES. Enrollment into ECF CHOICES shall be processed by the Bureau as follows:
- (a) There shall be separate Enrollment Targets for ECF CHOICES Groups 4, 5, and 6. The Enrollment Target for each ECF CHOICES Group functions as a cap on the total number of persons who can be enrolled into that ECF CHOICES Group at any given time.

(Rule 1200-13-01-.31, continued)

the Enrollment Target has been met. This Member will be served in ECF CHOICES outside the Enrollment Target but shall be moved within the ECF CHOICES Enrollment Target at such time that a slot becomes available. - (ii) CEA Enrollment. An MCO with an SSI-eligible recipient who meets all other criteria for enrollment into ECF CHOICES Group 4, 5, or 6, but who cannot enroll in ECF CHOICES because the Enrollment Target for that group has been met, has the option, at its sole discretion, of offering HCBS as a CEA to the Member. Upon receipt of satisfactory documentation from the MCO of its CEA determination and assurance of provider capacity to meet the Member's needs, the Bureau will enroll the person into ECF CHOICES Group 4, 5, or 6, as applicable, based on all applicable eligibility and enrollment criteria, regardless of the Enrollment Targets. The person will be served in ECF CHOICES Group 4, 5 or 6 outside the Enrollment Target, but shall be moved within the ECF CHOICES Group 4, 5, or 6 Enrollment Target at such time that a slot becomes available. Satisfactory documentation of the MCO's CEA determination shall include an explanation of the Member's circumstances that warrant the immediate provision of NF services unless HCBS are immediately available. Documentation of adequate provider capacity to meet the Member's needs shall include a listing of providers for each HCBS in the Member's PCSP which the MCO has confirmed are willing and able to initiate HCBS as required by TennCare upon the Member's enrollment into ECF CHOICES Group 4, 5, or 6.
- (iii) If a Potential Applicant is not permitted to proceed with application for enrollment into ECF CHOICES because the Enrollment Target has been reached, the Potential Applicant shall remain on the Referral List for ECF CHOICES.
- (iv) Once the ECF CHOICES Enrollment Target for an ECF CHOICES Group is reached, any persons enrolled in that Group in excess of the Enrollment Target in accordance with this Rule must receive the first available slots in that Group. Only after all persons enrolled in excess of the Enrollment Target have been moved under the Enrollment Target can additional persons be enrolled into the ECF CHOICES Group.

(b) Reserve Capacity.

1. The Bureau shall reserve 250 slots within the ECF CHOICES Groups 4, 5, 6 Enrollment Target. These slots are available only to the following:
 - (i) Applicants being discharged from a NF or ICF/IID;

(Rule 1200-13-01-.31, continued)

- (v) Applicants determined by an Interagency Review Committee to meet Multiple Complex Health Conditions criteria as defined in these rules.

Only Applicants who meet specified reserve capacity criteria (including new Applicants seeking to establish eligibility in the ECF CHOICES 217-Like Group or the Interim ECF CHOICES At-Risk Group as well as current SSI-eligible individuals seeking enrollment into ECF CHOICES) may be enrolled into reserve capacity slots. TennCare may require confirmation of the NF or hospital discharge and in the case of hospital discharge, written explanation of the Applicant's circumstances that warrant the immediate provision of NF services unless HCBS are immediately available. TennCare may also require confirmation that an Applicant meets other applicable reserve capacity criteria, i.e., Aging Caregiver, Emergent Circumstances, or Multiple Complex Health Conditions.
 - 3. Once all reserve capacity slots set aside for a particular purpose have been filled, persons who meet such criteria shall not proceed with the enrollment process, but shall remain on the Referral List for ECF CHOICES.
 - 4. If a Potential Applicant does not meet criteria for a Reserve Capacity slot, the Potential Applicant shall not proceed with the enrollment process, but shall remain on the Referral List for ECF CHOICES.

 - (v) There must be capacity within the established Enrollment Target to enroll the Applicant in accordance with this Rule which may include satisfaction of criteria for Reserve Capacity, as applicable; or the Applicant must meet specified exceptions to enroll even when the Enrollment Target has been reached.
 - 2. To qualify for enrollment into ECF CHOICES Group 5:

The Expenditure Cap shall apply to Group 4 ECF CHOICES HCBS only (not other Medicaid services). For Members enrolled in Group 4, the cost of minor home modifications shall not count against the expenditure cap.  - (ii) For Members enrolled in Group 5, the Expenditure Cap shall be thirty thousand dollars (\$30,000) per person per calendar year. The Expenditure Cap shall apply to Group 5 ECF CHOICES HCBS only (not other Medicaid services). All ECF CHOICES HCBS shall be counted against a CHOICES Group 5 Member's Expenditure Cap, including the cost of minor home modifications.

 - II. For an ECF CHOICES Group 6 member who has a developmental disability and is assessed pursuant to the Level

(Rule 1200-13-01-.31, continued)

of Need process described in Rule 1200-13-01-.02 to have exceptional medical or behavioral needs, the Member's Expenditure Cap shall be based on the average annualized cost of nursing facility services plus the average annualized cost of specialized services that a person with a developmental disability would be expected to need in a nursing facility. On a case-by-case basis and applicable only to an ECF CHOICES Group 6 member who has a developmental disability and is assessed pursuant to the Level of Need process described in Rule 1200-13-01-.02 to have exceptional medical or behavioral needs, and is receiving Community Living Supports (not Family Model) at the CLS-4 level of reimbursement, this Expenditure Cap may be exceeded when necessary to permit access to Supported Employment Individual Employment Support.

- III. The average annualized cost of the comparable level of care in an institution (private ICF/IID or NF) shall be adjusted by TennCare each calendar year.
 - IV. The average annualized cost of specialized services that a person with a developmental disability would be expected to need in a nursing facility may also be adjusted each calendar year.
 - V. When an ECF CHOICES Group 6 member has exceptional medical or behavioral needs and has an Expenditure Cap based on the average annualized cost of care in a private ICF/IID or NF plus specialized services in the NF, the cost of any home health or private duty nursing reimbursed by TennCare shall be counted against the Member's Expenditure Cap.
2. The Expenditure Cap shall be used to determine:
- (i) Whether or not an Applicant qualifies to enroll in an ECF CHOICES benefit group (4, 5, or 6);
 - (ii) Whether or not a Member qualifies to remain enrolled in an ECF CHOICES benefit group (4, 5, or 6);
 - (iii) The total cost of ECF CHOICES HCBS a Member can receive while enrolled in an ECF CHOICES Benefit Group, excluding only for Members in Group 4 the cost of Minor Home Modifications. The Expenditure Cap functions as a limit on the total cost of ECF CHOICES HCBS, excluding only for Members in Group 4 the cost of Minor Home Modifications, that can be provided by the MCO to the Member in the home or community setting. ECF CHOICES HCBS in excess of a Member's Expenditure Cap are non-covered benefits.
3. A Member shall not be entitled to receive services up to the amount of the Expenditure Cap. A Member shall receive only those services that are medically necessary (i.e., required in order to help ensure the Member's health, safety and welfare in the home or community setting and to delay or prevent the need for NF placement). Determination of the services that are needed shall be based on a comprehensive assessment of the Member's needs and the availability of

(Rule 1200-13-01-.31, continued)

Natural Supports and other (non-TennCare reimbursed) services to meet identified needs, which shall be conducted by the Member's Support Coordinator.

4. Application of the Expenditure Cap.
 - (i) When a Member is enrolled in any ECF CHOICES Group (including transition from another CHOICES or ECF CHOICES Group), the Member's Expenditure Cap shall be pro-rated for the remainder of that calendar year (i.e., the portion of the calendar year that the Member will actually be enrolled in the ECF CHOICES Group).
 - (ii) When an ECF CHOICES Group 6 member has exceptional medical or behavioral needs and has an Expenditure Cap based on the average annualized cost of care in a private ICF/IID or NF (plus specialized services in the NF), the cost of any home health or private duty nursing reimbursed by TennCare shall be counted against the Member's Expenditure Cap.
 - (iii) Except as specified in Rule 1200-13-01-.31(4)(d)1.(iii)(III)V., TennCare services other than ECF CHOICES HCBS shall not be counted against a Member's Expenditure Cap.
 - (iv) The annual Expenditure Cap shall be applied on a calendar year basis. The Bureau and the MCOs will track utilization of ECF CHOICES HCBS excluding only for Members in Group 4 the cost of Minor Home Modifications, across each calendar year.
 - (v) A Member's Expenditure Cap must also be applied prospectively on a twelve (12) month basis. This is to ensure that a Member's PCSP does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of person-centered planning, the MCO will always project the total cost of ECF CHOICES HCBS (excluding only for Members in Group 4 the cost of Minor Home Modifications) forward for twelve (12) months in order to determine whether the Member's needs can continue to be met based on the most current PCSP that has been developed. The cost of one-time services such as short-term services or short-term increases in services must be counted as part of the total cost of ECF CHOICES HCBS for a full twelve (12) month period following the date of service delivery.
 - (vi) If it can be reasonably anticipated, based on the ECF CHOICES HCBS currently received or determined to be needed (in addition to non-CHOICES HCBS available through TennCare, e.g., home health, services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers) in order to safely meet the person's needs in the community, that the person will exceed his Expenditure Cap, then the person does not qualify to enroll in or to remain enrolled in ECF CHOICES.
5. As the setting of an individual's Expenditure Cap does not, in and of itself, result in any increase or decrease in a Member's services, notice of action shall not be provided regarding the Bureau's Expenditure Cap calculation.
 - (i) A Member has a right to due process regarding his Expenditure Cap when services are denied or reduced, when a determination is made that an

(Rule 1200-13-01-.31, continued)

Applicant cannot be enrolled into ECF CHOICES, or a currently enrolled ECF CHOICES Member can no longer remain enrolled in ECF CHOICES because his needs cannot be safely and effectively met in the home and community-based setting at a cost that does not exceed his Expenditure Cap.

- (ii) When an adverse action is taken, notice of action shall be provided, and the Applicant or Member shall have the right to a fair hearing regarding any valid factual dispute pertaining to such action, which may include, but is not limited to, whether his Expenditure Cap was calculated appropriately, and to present all relevant and material evidence pertaining to such action.
 - (iii) Denial of or reductions in ECF CHOICES HCBS based on a Member's Expenditure Cap shall constitute an adverse action, as defined in Rules 1200-13-13-.01 and 1200-13-14-.01, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.
 - (iv) Denial of enrollment and/or involuntary disenrollment because a person's Expenditure Cap will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with this rule.
- (5) Disenrollment from ECF CHOICES. A Member may be disenrolled from ECF CHOICES voluntarily or involuntarily.
 - (a) Voluntary disenrollment from ECF CHOICES means the Member has chosen to disenroll, and no notice of action shall be issued regarding a Member's decision to voluntarily disenroll from ECF CHOICES. However, notice shall be provided regarding any subsequent adverse action that may occur as a result of the Member's decision, including any change in benefits, cost-sharing responsibility, or continued eligibility for TennCare when the Member's eligibility was conditioned on receipt of LTSS. Voluntary disenrollment shall proceed only upon:
 - 1. Election by the Member to receive institutional services (e.g., NF or ICF/IID services), including hospice services in a NF, which is not a LTSS, provided however, that a Member shall not be disenrolled from ECF CHOICES in order to receive Short-Term NF care as defined in 1200-13-01-.02;
 - 2. Election by the Member to enroll in an MCO that does not administer the ECF CHOICES program (i.e., United Healthcare Community Plan until such time as specified by TennCare or TennCare Select, including Select Community); or
 - 3. Receipt of a statement signed by the Member or his authorized Representative voluntarily requesting disenrollment.
 - (b) A Member may be involuntarily disenrolled from ECF CHOICES only by the Bureau, although such process may be initiated by a Member's MCO. Reasons for involuntary disenrollment include but are not limited to:
 - 1. The Member no longer meets one or more criteria for eligibility and/or enrollment as specified in this Rule.
 - 2. The Member's needs can no longer be safely met in the community. This may include but is not limited to the following instances:

(Rule 1200-13-01-.31, continued)

- (i) The home or home environment of the Member becomes unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the Member or to individuals who provide covered services to the Member.
 - (ii) The Member or his representative/conservator or caregiver refuses to abide by the PCSP.
 - (iii) Even though an adequate provider network is in place, there are no providers who are willing to provide necessary services to the Member.
 - (iv) The Member's decision to continue receiving services in the home or community poses an unacceptable level of risk.
 - 3. The Member's needs can no longer be safely met in the community at a cost that does not exceed the Member's Expenditure Cap as described in this Rule.
 - 4. The Member no longer needs or is no longer receiving LTSS.
 - 5. The Member has refused to pay his or her Patient Liability. The MCO and/or its participating providers are unwilling to serve the Member in ECF CHOICES because he has not paid his or her Patient Liability, and/or no other MCO is willing to serve the Member in ECF CHOICES.
- (6) Transitioning To and From ECF CHOICES.
- (a) Transition from CHOICES Group 1 to ECF CHOICES.
 - 1. A member may request to transition from CHOICES Group 1 to ECF CHOICES at any time. The member's MCO is responsible for assessing the member's services and supports needs in the community, developing and implementing a transition plan, as appropriate, and submitting the transition request to TennCare. Only an MCO may submit to TennCare a request to transition a Member from CHOICES Group 1 to ECF CHOICES. An MCO may request to transition a Member from CHOICES Group 1 to ECF CHOICES only when the Member chooses to transition from the NF to an HCBS setting and meets eligibility criteria to enroll in that group, as specified in Rule 1200-13-01-.31(3). Members shall not be required to transition from CHOICES Group 1 to ECF CHOICES.
 - 2. A Member that has already been discharged from the NF shall not be transitioned to ECF CHOICES. Once a Member has discharged from the NF, the Member has voluntarily disenrolled from CHOICES Group 1 and must be newly enrolled into ECF CHOICES, in accordance with these rules. A new PAE shall be required for enrollment into ECF CHOICES.
 - 3. When Members move from CHOICES Group 1 to ECF CHOICES, TennCare must recalculate the Member's Patient Liability based on the Community PNA.
 - (b) Transition from ECF CHOICES to CHOICES Group 1.
 - 1. An MCO may request to transition a Member from ECF CHOICES to CHOICES Group 1 only under the following circumstances:

(Rule 1200-13-01-.31, continued)

- (i) The MCO provides advance notification to TennCare, which shall include documentation of thoroughly exploring and exhausting all attempts to provide services in a more integrated community setting.
 - (ii) The member must meet the nursing facility level of care in place at the time of admission and make an informed choice to transition to a nursing facility and enroll in CHOICES Group 1. Informed choice requires thorough exploration and exhaustion of all integrated community setting options.
 - (iii) A PASRR shall be completed prior to admission, the member must be determined appropriate for placement in a nursing facility, and all identified specialized services must be coordinated by the MCO immediately upon admission.
- 2. When Members transition from ECF CHOICES to CHOICES Group 1, TennCare must recalculate the Member's Patient Liability based on the Institutional PNA.
- 3. At such time as a transition between ECF CHOICES and CHOICES Group 1 is made, the MCO shall issue notice of transition to the Member. Because the Member has elected the transition, such transition shall not constitute an adverse action. Thus, the notice will not include the right to appeal or request a fair hearing regarding the Member's decision.
- (c) Individuals enrolled in a Section 1915(c) Waiver shall not be permitted to transition into ECF CHOICES, even if they meet applicable eligibility and enrollment criteria for ECF CHOICES, until such time that the State determines that such transitions can be permitted and in accordance with timeframes and procedures established by TennCare.
- (d) Individuals enrolled in CHOICES Group 2 or 3 shall not be permitted to transition into ECF CHOICES, even if they meet applicable eligibility and enrollment criteria for ECF CHOICES, unless the State determines that the individual qualifies for ECF CHOICES, the individual's needs can be more appropriately met in ECF CHOICES, and in accordance with timeframes and procedures established by TennCare.
- (7) Benefits in the TennCare ECF CHOICES Program.
 - (a) Members of ECF CHOICES receive HCBS as specified in an approved Initial Support Plan or PCSP, as applicable, in addition to medically necessary covered benefits available for TennCare Medicaid and TennCare Standard recipients, as specified in Rules 1200-13-13-.04 and 1200-13-14-.04. While receiving ECF CHOICES HCBS, Members are not eligible for NF care, except for Short-Term NF care, as described in this Chapter.
 - (b) Members are not eligible to receive any other HCBS during the time that Short-Term NF services are provided. ECF CHOICES HCBS such as Minor Home Modifications which are required to facilitate transition from the NF back to the home or community may be provided during the NF stay and billed with date of service being on or after discharge from the NF.
 - (c) All ECF CHOICES HCBS must be authorized by the MCO in order for MCO payment to be made for the services. ECF CHOICES HCBS must be specified in an approved Initial Support Plan or PCSP, as applicable, and authorized by the MCO prior to delivery of the service in order for MCO payment to be made for the service.

(Rule 1200-13-01-.31, continued)

- (d) ECF CHOICES HCBS covered under the ECF CHOICES Program and applicable limits are specified below. The benefit limits are applied across all services received by the Member regardless of whether the services are received through CD and/or a traditional provider agency. Corresponding limitations regarding the scope of each service are defined in Rule 1200-13-01-.02 and in Subparagraphs (a) through (c) above.

 - (III) The time that has passed since the offense or conduct and/or completion of the sentence.
 - (ii) After considering the above factors and any other evidence submitted by the potential Worker, the Member (or Representative for CD) must decide whether to hire the potential Worker.

The FEA shall also collaborate with the Member's MCO on a risk mitigation strategy.
5. Service Agreement.

 - (IV) Provide no more than forty (40) hours of services within a consecutive seven (7) day period, unless explicitly directed by the Employer of Record who by such direction, agrees to pay the worker over-time pay out of the Member's budget in accordance with the Fair Labor Standards Act. This shall reduce the amount of services that may be purchased for the Member during that month.
 - (iii) Termination of Consumer-Directed Workers' Employment.
 - (I) A Member may terminate a Worker's employment at any time.
 - (II) The MCO may not terminate a Worker's employment, but may request that a Member be involuntarily withdrawn from CD if it is determined that the health, safety and welfare of the Member may be in jeopardy if the Member continues to employ a Worker but the Member and/or Representative does not want to terminate the Worker.

 - (XIV) Other significant concerns regarding the Member's participation in CD which jeopardize the health, safety or welfare of the Member.
- (ii) The Bureau must review and approve all MCO requests for involuntary withdrawal from CD of eligible HCBS before such action may occur. If the Bureau approves the request, written notice shall be given to the Member at least ten (10) days in advance of the withdrawal. The date of withdrawal may be delayed when necessary to allow adequate time to transition the Member to Contract Provider services as seamlessly as possible.
 - (iii) The Member shall have the right to appeal involuntary withdrawal from CD.

(Rule 1200-13-01-.31, continued)

U.S.C. § 730, or as special education or related services as those terms are defined in Section 602 of the Individuals with Disabilities Education Improvement Act of 2004, 20 U.S.C. § 1401.

Category 6 shall be applicable only to enrollment into ECF CHOICES Group 4 (Essential Family Supports).

4. ECF CHOICES referral list categories are listed in the order of prioritization. These categories shall be applicable for all non-reserve capacity slots for Potential Applicants of all ages and levels of disability, and for all ECF CHOICES benefit groups.
5. Potential Applicants on the ECF CHOICES referral list shall have the opportunity to apply for enrollment into ECF CHOICES when the category in which they are placed on the ECF CHOICES referral list is open for enrollment, and when there is an available slot in which the Potential Applicant can be enrolled, if all applicable eligibility and enrollment criteria are met.
6. ECF CHOICES referral list categories shall apply only to prioritization for enrollment into ECF CHOICES.
7. Employment shall not be a condition or requirement for enrollment in ECF CHOICES.
 - (i) Potential Applicants who are not employed and not interested in employment may be enrolled in ECF CHOICES in accordance with these rules and with TennCare policies and protocols for management of the statewide ECF CHOICES referral list, including prioritization criteria.
 - (ii) Criteria applicable to ECF CHOICES referral list categories shall apply only to prioritization for enrollment into ECF CHOICES.
 - (iii) Persons prioritized for enrollment in ECF CHOICES on the basis of employment who are enrolled in ECF CHOICES and subsequently lose their job shall not be disenrolled from ECF CHOICES because they are no longer employed, so long as other ECF CHOICES HCBS are needed on an ongoing basis, which may include supports to obtain and maintain new employment.
8. A person who does not meet the conditions for any of the Categories specified above shall be placed on the ECF CHOICES referral list in an "Other Active" category if ECF CHOICES HCBS are requested at time of referral or in a "Deferred" category if ECF CHOICES HCBS are not requested at time of referral.
9. Reserve Capacity Slots.

In addition to the categories identified above, a specified number of slots shall be held in reserve capacity for individuals who meet one or more of the following criteria:

- (i) One or more emergent circumstances as follows:
 - (I) The person's primary caregiver is recently deceased and there is no other caregiver available to provide needed long-term supports.

(Rule 1200-13-01-.31, continued)

- (II) The person's primary caregiver is permanently incapacitated and there is no other caregiver available to provide needed long-term supports.
 - (III) There is clear evidence of serious abuse, neglect, or exploitation in the current living arrangement. The person must move from the living arrangement to prevent further abuse, neglect or exploitation, and there is no alternative living arrangement available.
 - (IV) Enrollment into ECF CHOICES is necessary in order to facilitate transition out of a long-term care institution, i.e., a NF or a private or public ICF/IID into a more integrated community-based setting.
 - (V) The person is an adult age 21 or older enrolled in ECF CHOICES Group 4 (Essential Family Supports) or ECF CHOICES Group 5 (Essential Support for Employment and Independent Living) and has recently experienced a significant change in needs or circumstances. TennCare has determined via a Safety Determination that the person can no longer be safely served within the array of benefits available in ECF CHOICES Group 4 (Essential Family Supports) or 5 (Essential Supports for Employment and Independent Living), as applicable, the person meets NF level of care, and must be transitioned to ECF CHOICES Group 6 in order to sustain community living in the most integrated setting.
 - (VI) The health, safety or welfare of the person or others is in immediate and ongoing risk of serious harm or danger. Other interventions including Behavioral Health Crisis Prevention, Intervention and Stabilization services, where applicable, have been tried but were not successful in minimizing the risk of serious harm to the person or others without additional services available in ECF CHOICES, and the situation cannot be resolved absent the provision of such services available in ECF CHOICES.
- (ii) The Potential Applicant has multiple complex chronic or acquired health conditions that prevent the person from being able to work, and the Potential Applicant is in urgent need of supports in order to maintain the current living arrangement and delay or prevent the need for more expensive services (applicable only to individuals of working age).
 - (iii) A Potential Applicant may apply for enrollment into a reserve capacity slot for persons in emergent circumstances or who have multiple complex health conditions only if determined through an Interagency Committee review process, including both TennCare and DIDD, that enrollment into ECF CHOICES is the most appropriate way to provide needed supports. Such review shall include consideration of other options, including the relative costs of such options.
 - (iv) Discharge from another service system (DCS, DMHSAS, etc.) shall not be deemed an emergent situation unless specified emergent criteria are met and unless diligent and timely efforts to plan and prepare for discharge and to facilitate transition to community living without long-term services and supports available in ECF CHOICES have been made, and it is determined through the Interagency Committee review process that enrollment in ECF CHOICES is the most appropriate way to provide needed supports.

(Rule 1200-13-01-.31, continued)

10. The waiting list maintained by DIDD for the 1915(c) HCBS Waivers shall be one source of referrals for ECF CHOICES. Persons on the DIDD waiting list for the 1915(c) HCBS Waivers as of June 30, 2016:
 - (i) Shall be automatically referred for the ECF CHOICES program and placed on the ECF CHOICES referral list.
 - (ii) May submit documentation regarding employment that shall be reviewed in determining their category on the ECF CHOICES referral list, or if they may meet criteria for a reserve capacity slot based on emergent circumstances or multiple complex health conditions.
 - (iii) Who do not submit information regarding employment or indicating that they may meet criteria for enrollment in a reserve capacity slot based on emergent circumstances or multiple complex health conditions shall be placed on the ECF CHOICES referral list in the "Other Active" category, unless they are currently on the HCBS Waiver waiting list in a "Deferred" category, in which case they shall be automatically placed on the ECF CHOICES referral list in the "Deferred" category.
11. A Potential Applicant may request an administrative review of his or her category on the ECF CHOICES referral list at any time. This request should be submitted to TennCare in writing.
12. A Potential Applicant may submit additional information at any time that may affect his or her category on the ECF CHOICES referral list. The additional information should be submitted to the Potential Applicant's MCO (if the Potential Applicant is assigned to an MCO participating in ECF CHOICES), or to DIDD (if the Potential Applicant is assigned to an MCO not participating in ECF CHOICES or is not currently enrolled in TennCare).
13. A Potential Applicant shall not be granted a fair hearing regarding the category in which he has been placed on the ECF CHOICES referral list.
14. A Potential Applicant shall be entitled to a determination regarding his or her eligibility to enroll in the ECF CHOICES program and, if the application is denied, to due process, including notice and the right to request a fair hearing only when the Potential Applicant is determined to meet criteria for an available reserve capacity slot or meets prioritization criteria for an available program slot for which enrollment is currently open and will be enrolled into the program if all applicable eligibility and enrollment criteria are met.

(12) Safety Determination Requests. (See Rule 1200-13-01-.05(6)).

1200-13-01-.32 TENNCARE KATIE BECKETT PROGRAM.

- (1) Definitions. See Rule .02.
- (2) Program components. The TennCare Katie Beckett Program offers services and supports to children under age 18 with disabilities and/or complex medical needs who are not Medicaid

(Rule 1200-13-01-.32, continued)

eligible because of their parents' income or assets. The program has two primary components:

- (a) Katie Beckett Group Part A is a "traditional" Katie Beckett model, providing full Medicaid eligibility by waiving the deeming of the parents' income and assets to the child, as well as wraparound HCBS to children with the most significant disabilities or complex medical needs who meet institutional level of care, and for whom the estimated amount that would be expended by the Medicaid program for care outside an institution is not greater than the estimated amount that would otherwise be expended by the Medicaid program to provide the child's care within an appropriate institution. The program is designed to supplement a child's primary insurance coverage in order to help fill gaps between the child's needs and what private insurance will cover, including essential wraparound services not typically covered by insurers, including Medicaid. Children in Katie Beckett Group Part A are enrolled in a special component of TennCare Select called Select Community, developed specifically for people with I/DD. TennCare Select is responsible for coordinating all medically necessary, covered physical and behavioral health services, including EPSDT benefits, and wraparound HCBS for children who qualify for and are enrolled in Katie Beckett Group Part A.
 - (b) Medicaid Diversion Group Part B is a Medicaid diversion program, offering a capped package of essential wraparound services and supports, as well as premium assistance on a sliding fee scale to a broader group of children with disabilities, including those "at risk" of institutionalization. These children do not qualify for Medicaid state plan benefits and are not assigned to a TennCare MCO. DIDD is responsible for coordinating all covered wraparound services and supports for children who qualify for and are enrolled in Medicaid Diversion Group Part B.
 - (c) In addition to the two primary components of the Katie Beckett program, a demonstration population category, called the Continued Eligibility Group Part C, provides continuity of coverage, benefits, and providers, by allowing a child to continue receiving TennCare state plan services upon being determined to no longer qualify for Medicaid in any other eligibility category if the child meets the Katie Beckett Group Part A group eligibility criteria, but a slot is not available for the child at the time Medicaid financial eligibility would otherwise end. The child may only remain in this Group until a slot is available in Katie Beckett Group Part A. For a child who qualifies for and is enrolled in the Continued Eligibility group Part C, the child's MCO is responsible for coordinating all covered physical and behavioral health services, including EPSDT benefits.
- (3) Eligibility for Katie Beckett. There are three (3) groups in the Katie Beckett Program:
- (a) Katie Beckett Group Part A, a "traditional" Katie Beckett program. To be eligible for Katie Beckett Group Part A, an Applicant must meet all of the following criteria:
 - 1. Must be under age 18;
 - 2. Have medical needs that are likely to last at least 12 months or result in death and which result in severe functional limitations;
 - 3. Qualify for the level of care provided in a medical institution according to criteria established by TennCare for children, as described in Rule .11;
 - 4. A licensed physician must agree and certify that in-home care will meet the child's needs;

(Rule 1200-13-01-.32, continued)

5. Would qualify for SSI on the basis of the child's disability, except for the parents' income and/or assets;
 6. Is not otherwise Medicaid eligible or receiving LTSS in another Medicaid program;
 7. Qualify financially in the Katie Beckett Group Part A demonstration population category;
 8. The estimated amount that would be expended by the Medicaid program for the child's care outside an institution is not greater than the estimated amount that would otherwise be expended by the Medicaid program for the child's care within an appropriate institution, as described in Paragraph (4)(d);
 9. Purchase and maintain minimum essential coverage private or employer-sponsored insurance; however, TennCare may choose to offer Assistance with Premium Payments for such coverage if the child requests and qualifies for a hardship exception;
 10. Pay premiums as described in Rule Chapter 1200-13-20, if family income is above 150% FPL; and
 11. Have the most significant disabilities and/or complex medical needs and be prioritized for enrollment into an available slot in Katie Beckett Group Part A in accordance with prioritization criteria described in Paragraph (4)(c).
- (b) Medicaid Diversion Group Part B, a Medicaid Diversion program. To be eligible for enrollment in Medicaid Diversion Group Part B, Applicants must meet the following criteria:
1. Must be under age 18;
 2. Have medical needs that are likely to last at least 12 months or result in death and which result in severe, functional limitations;
 3. Qualify for the level of care provided in a medical institution or be at risk of institutionalization, according to criteria established by TennCare for children, as described in Rule .11;
 4. Not otherwise Medicaid eligible or receiving LTSS in another Medicaid program;
 5. Qualify financially in the Medicaid Diversion Group Part B demonstration population category;
 6. Not eligible for Katie Beckett Group Part A or not enrolled in Katie Beckett Group Part A due to program enrollment targets; and
 7. Next in line for enrollment into an available slot in Medicaid Diversion Group Part B based on date of referral or once a Medicaid Diversion Group Part B waiting list is established, the date of placement on the Medicaid Diversion Group Part B waiting list.
- (c) Continued Eligibility Group Part C. To be eligible for enrollment in the Continued Eligibility Group Part C, Applicants must meet the following criteria:
1. All of the criteria specified in (3)(a)1.–8. above;

(Rule 1200-13-01-.32, continued)

2. Enrolled in Medicaid, but determined by TennCare to no longer qualify in any other Medicaid category; and
 3. Cannot be enrolled into Katie Beckett Group Part A, because there is not a Katie Beckett Group Part A program slot available based on program funding or the state's prioritization criteria. Once a Katie Beckett Group Part A slot is available for which the child is prioritized for enrollment, the child must transition to Katie Beckett Group Part A or be disenrolled from Medicaid unless eligible in another open Medicaid category, and shall no longer qualify in the Continued Eligibility Group Part C.
- (d) Level of Care (LOC). All Enrollees in Katie Beckett must meet the applicable LOC criteria, as determined by Rule .11.
- (4) Enrollment in Katie Beckett. Enrollment into the Katie Beckett Program shall be processed by TennCare as follows:
- (a) Enrollment Targets. There shall be separate Enrollment Targets for Katie Beckett Group Part A and Medicaid Diversion Group Part B. The Enrollment Target for each Part shall function as a cap on the total number of children who can be enrolled into that Part at any given time.
 1. TennCare shall set the Enrollment Target for each Part (Katie Beckett Group Part A and Medicaid Diversion Group Part B) based on the funding appropriated for the Katie Beckett program. The Enrollment Target for each Part shall be limited as necessary to ensure that program spending does not exceed the funding appropriated for the program.
 2. TennCare shall post the Enrollment Target for each Part publicly on the TennCare website. DIDD shall also post the Enrollment Target for each Part publicly on the DIDD website.
 3. There shall be no Enrollment Target for the Continued Eligibility Group Part C.
 4. In order to enroll in Katie Beckett Group Part A or Medicaid Diversion Group Part B, there must be capacity within the established Enrollment Target to enroll the Applicant in accordance with this Rule which may include satisfaction of criteria for Reserve Capacity.
 5. Once the Enrollment Target, including Reserve Capacity as described in this Rule, is reached for a particular Katie Beckett Part, Applicants shall not be enrolled into that Part or qualify in the Katie Beckett Group Part A demonstration population or the Medicaid Diversion Group Part B demonstration population, until such time that capacity within the Enrollment Target is available, and the person is prioritized for enrollment into an available slot, as described in Subparagraph (c).
 - (i) There are no exceptions to this Rule.
 - (ii) If an Applicant is not permitted to proceed with enrollment into Katie Beckett Group Part A or Medicaid Diversion Group Part B because the applicable Enrollment Target has been reached, the Applicant shall remain on the Waiting List for the applicable Katie Beckett Part(s).
 - (b) Reserve Capacity.

(Rule 1200-13-01-.32, continued)

1. At program implementation, TennCare shall reserve all available slots within the Katie Beckett Group Part A Enrollment Target. These slots will be available only to children who have a level of care prioritization criteria of one (1) through four (4), as described below in Subparagraph (c). The purpose of these reserve capacity slots shall be to ensure that children with the most significant medical needs and disabilities are enrolled into Katie Beckett Group Part A.
2. Only Applicants who meet specified reserve capacity criteria may be enrolled into reserve capacity slots.
3. Once all reserve capacity slots set aside have been filled, persons who meet such criteria shall not proceed with the enrollment process, but shall remain on the Waiting List for Katie Beckett Group Part A.
4. If an Applicant determined to meet medical eligibility for Katie Beckett Group Part A does not meet criteria for a Reserve Capacity slot, the Applicant shall not proceed with the enrollment process, but shall remain on the Waiting List for Katie Beckett Group Part A.

(c) Prioritization.

1. Katie Beckett Group Part A
 - (i) Each child who meets any institutional level of care for enrollment into Katie Beckett Group Part A shall be prioritized for an available slot.
 - (ii) Each child shall have two (2) prioritization scores.
 - (I) Level of Care Prioritization.
 - I. The first prioritization score shall be based solely on the child's level of care eligibility, as follows:
 - A. A LOC prioritization score of one (1) shall be assigned to any child who meets Tier 1 – Medical Institutional LOC and requires ventilator care or non-invasive positive pressure ventilation for at least eight (8) hours per day as a life-sustaining measure for chronic respiratory failure.
 - B. A LOC prioritization score of two (2) shall be assigned to a child who meets Tier 1 – Medical Institutional LOC based on other complex skilled medical interventions.
 - C. A LOC prioritization score of three (3) shall be assigned to a child who meets Tier 1 – Behavioral Institutional LOC based on both self-injurious behaviors and physically aggressive behavior toward others.
 - D. A LOC prioritization score of four (4) shall be assigned to a child who meets Tier 1 – Behavioral Institutional LOC based on either self-injurious behaviors or physically aggressive behavior toward others.

(Rule 1200-13-01-.32, continued)

- E. A LOC prioritization score of five (5) shall be assigned to a child who meets Tier 2 Institutional LOC - Standard 1: Medical.
 - F. A LOC prioritization score of six (6) shall be assigned to a child who meets Tier 2 Institutional LOC - Standard 2: Behavioral.
 - G. A LOC prioritization score of seven (7) shall be assigned to a child who meets Tier 2 Institutional LOC - Standard 3: Functional.
- II. Children will be enrolled into an available Katie Beckett Group Part A program slot in numerical order in accordance with their LOC prioritization score. (For example, a child with a LOC prioritization score of 1 would be enrolled first; then a child with a LOC prioritization score of 2, then 3, etc.)

(II) Other Prioritization Criteria.

- I. The second prioritization score shall be based solely on other prioritization criteria, as follows:
 - A. Prognosis of the child's medical condition;
 - B. Intensive interventions;
 - C. Transportation and primary/specialty care needs;
 - D. Non-febrile seizures;
 - E. Nutrition/feeding;
 - F. Medications;
 - G. Caregiving; and
 - H. Additional caregiver burden.
- II. Items considered within each domain, the value of the items, and the maximum scores and weightings of each domain shall be determined with input from a Technical Advisory Group comprised of clinical experts in treating children with complex medical needs and disabilities, parents of children with complex medical needs and disabilities; and advocacy representatives.
- III. Each child determined eligible for Katie Beckett Group Part A shall have an other prioritization score between 0 and 100.
- IV. The other prioritization score shall be taken into account only when two or more children have the same LOC prioritization score, it is the highest LOC prioritization score for an available program slot, and there are insufficient slots available to enroll all children with that LOC prioritization score. In that case, enrollment shall be based on the other prioritization criteria

(Rule 1200-13-01-.32, continued)

score for each child. The child with the highest other prioritization score would be enrolled first.

(III) In the event that two or more children have the same LOC prioritization scores, it is the highest LOC prioritization score for an available program slot, there are insufficient slots available to enroll all children with that LOC prioritization score, and two or more of the children also have the same other prioritization score, enrollment shall proceed in order based on the date each child was placed on the Katie Beckett Group Part A Waiting List.

2. Prioritization for Medicaid Diversion Group Part B shall be on a first come, first serve basis.
3. An Applicant or the Applicant's legal representative may request an administrative review of the Katie Beckett Group Part A prioritization score(s) at any time. This request shall be submitted to TennCare in writing.
4. An Applicant may submit additional information that may affect the Katie Beckett Group Part A prioritization score(s) to DIDD at any time.
5. An Applicant shall not be granted a fair hearing regarding his or her prioritization score(s).
6. An Applicant shall be entitled to a determination regarding his or her eligibility to enroll in the Katie Beckett program. If the application is denied, the Applicant is entitled to due process, including notice and the right to request a fair hearing, only when the Applicant is determined to meet prioritization criteria for an available program slot and will be enrolled into the program if all applicable eligibility and enrollment criteria are met.

(d) Comparable Cost of Institutional Care.

1. To qualify for enrollment in Katie Beckett Group Part A or in the Continued Eligibility Group Part C, the estimated amount that would be expended by the Medicaid program for the child's care outside an institution cannot be greater than the estimated amount that would otherwise be expended by the Medicaid program for the child's care within an appropriate institution. This shall be called the "Comparable Cost of Institutional Care Requirement."
2. The appropriate institution depends on the institutional level of care the child would otherwise qualify to receive, as determined by LOC eligibility criteria in Rule .11. For a child who meets either Tier 1 – Medical Institutional LOC or Tier 1 – Behavioral Institutional LOC, the appropriate institution shall be based on the level of care the child is at imminent risk of needing if medical assistance is not provided in the child's home.
 - (i) For a child determined to meet Tier 1 – Medical Institutional LOC, the comparable cost of institutional care shall be based on the average cost of pediatric inpatient medical hospitalization as determined by TennCare. The basis of such cost shall be for non-critical care (i.e., outside the intensive care unit).
 - (ii) For a child determined to meet Tier 1 – Behavioral Institutional LOC, the comparable cost of institutional care shall be based on the average cost of pediatric inpatient psychiatric hospitalization as determined by TennCare.

(Rule 1200-13-01-.32, continued)

- (iii) For a child determined to meet Tier 2 – Institutional LOC, the comparable cost of institutional care shall be based on the average cost of services in a private Intermediate Care Facility for Individuals with Intellectual Disabilities, as determined by TennCare.
 - (iv) The comparable cost of institutional care for each applicable type of medical institution specified above may be adjusted annually as determined by TennCare.
- 3. Application of the Comparable Cost of Institutional Care Requirement.
 - (i) As part of the LOC eligibility determination process, TennCare or its third party contractor shall gather information regarding the Medicaid services expected to be needed upon enrollment in Katie Beckett. This may include but is not limited to review of medical records, recommendations of the child's treating physician, or information provided by the child's parent or legal guardian.
 - (ii) For children enrolled in Medicaid but determined to no longer qualify in any other open Medicaid category that are seeking enrollment in Katie Beckett Group Part A or the Continued Eligibility Group Part C, actual Medicaid utilization and expenditures shall be considered in estimating the cost of providing care in the home and community.
 - (iii) In order to qualify for enrollment in Katie Beckett Group Part A or the Continued Eligibility Group Part C, the child's parent or legal guardian must sign a form confirming understanding of the Comparable Cost of Institutional Care Requirement and acknowledging that the child's eligibility for initial and continued enrollment in Katie Beckett Group Part A or the Continued Eligibility Group Part C is dependent on the child meeting and continuing to meet the Comparable Cost of Institutional Care Requirement as described in this rule.
 - (iv) If the actual cost of a child's Medicaid services exceeds the comparable cost of institutional care (prior to or during enrollment in the Katie Beckett Program), TennCare may reasonably expect that the estimated cost of services Medicaid would provide is greater than the comparable cost of institutional care, unless the child's needs have changed significantly such that the same level of services will no longer be required going forward.
 - (v) The estimated cost of Medicaid services outside an institution shall include at least the following:
 - (I) The estimated cost of pediatric home health or private duty nursing services that would be provided by TennCare;
 - (II) The estimated cost of physical, occupational, speech, language and hearing services that would be provided by TennCare;
 - (III) The estimated cost of community-based behavioral health services that would be provided by TennCare (i.e., all non-hospital services, including community-based residential treatment, when applicable);
 - (IV) The estimated cost of durable medical equipment;

(Rule 1200-13-01-.32, continued)

- (V) For children who will be enrolled in Katie Beckett Group Part A only, the estimated cost of any wraparound HCBS the child will receive.
 - (vi) Services for a child enrolled in Katie Beckett Group Part A or the Continued Eligibility Group Part C shall not be denied on the basis that the comparable cost of institutional care would be exceeded.
 - (vii) TennCare shall take action as appropriate to deny enrollment or to disenroll a child who no longer qualifies for enrollment in Katie Beckett Group Part A or the Continued Eligibility Group Part C because the Comparable Cost of Institutional Care Requirement is not met.
 - (viii) The Comparable Cost of Institutional Care Requirement shall be applied on a calendar year basis. For children enrolled in Katie Beckett Group Part A and the Continued Eligibility Group Part C, TennCare and the child's MCO shall estimate and track actual cost of services as provided in subpart (v) across each calendar year.
 - (ix) The Comparable Cost of Institutional Care Requirement shall also be applied prospectively on a twelve (12) month basis. This is to ensure that a child's PCSP does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of person and family-centered support planning, the child's MCO will always estimate the actual cost of services forward for twelve (12) months in order to determine whether the Comparable Cost of Institutional Care Requirement will continue to be met based on the most current PCSP that has been developed. The cost of one-time services such as short-term services or short-term increases in services must be counted as part of the total cost of services for a full twelve (12) month period following the date of service delivery.
 - (x) If it can be reasonably anticipated, based on the services actually received or determined to be needed that the cost of Medicaid services in the community will exceed the comparable cost of Medicaid services in the appropriate institution, the child does not qualify to enroll in or to remain enrolled in Katie Beckett Group Part A or the Continued Eligibility Group Part C.
 - (xi) As the setting of a child's Comparable Cost of Institutional Care does not, in and of itself, result in any increase or decrease in a child's services, it is not considered an adverse action or give rise to appeal rights unless it will result in an adverse enrollment action.
 - (xii) Denial of enrollment and/or involuntary disenrollment because a child's comparable cost of institutional care will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with this rule.
- (5) Disenrollment from Katie Beckett. A Member may be disenrolled from Katie Beckett voluntarily or involuntarily.
- (a) Voluntary disenrollment from Katie Beckett means the child's parent or legal guardian has chosen to disenroll the child from the program, including all applicable benefits the child is receiving (see Paragraph (6)). Voluntary disenrollment from Katie Beckett Group Part A or the Continued Eligibility Group Part C includes voluntary disenrollment from Medicaid. No notice of action shall be issued regarding a parent or legal

(Rule 1200-13-01-.32, continued)

guardian's decision to voluntarily disenroll the child from Katie Beckett. Voluntary disenrollment shall proceed only upon one of the following:

1. Receipt of a statement signed by the child's parent or legal guardian voluntarily requesting disenrollment;
2. The child's admission to a medical institution for a period of at least thirty (30) days unless the child is reasonably expected to discharge home soon, and upon determination of Medicaid eligibility in another category; or
3. Election by the parent or legal guardian to enroll a child in Katie Beckett Group Part A in an MCO that does not administer Part A of the Katie Beckett program (i.e., any MCO other than TennCare Select).

(b) A child may be involuntarily disenrolled from Katie Beckett only by TennCare, although such process may be initiated by DIDD or TennCare's Contracted MCO. Reasons for involuntary disenrollment include but are not limited to:

1. The child no longer meets one or more criteria for eligibility and/or enrollment as specified in this Rule.
2. The child is deceased.
3. The child is no longer a resident of Tennessee.

(6) Benefits in the Katie Beckett Program.

(a) Katie Beckett Group Part A

1. Children enrolled in Katie Beckett Group Part A are eligible to receive all medically necessary covered benefits available for children enrolled in TennCare Medicaid, as specified in Rule 1200-13-13-.04, including EPSDT, and medically necessary covered wraparound HCBS as specified below.
2. All Katie Beckett Group Part A HCBS must be specified in an approved Person-Centered Support Plan and authorized by the MCO prior to delivery of the service in order for MCO payment to be made for the service.
3. Katie Beckett Group Part A HCBS shall be limited to a maximum of \$15,000 per child per calendar year. There are no exceptions to this limit.

(b) Medicaid Diversion Group Part B

1. Children enrolled in Medicaid Diversion Group Part B are not eligible to receive Medicaid State Plan services or EPSDT.
2. Children enrolled in Medicaid Diversion Group Part B are eligible to receive a capped package of HCBS only, as specified below.
3. Medicaid Diversion Group Part B HCBS shall be limited to a maximum of \$10,000 per child per calendar year. There are no exceptions to this limit.
4. All Medicaid Diversion Group Part B HCBS must be specified in an approved ISP and authorized by DIDD prior to delivery of the service in order for payment to be made for the service.

(7) Medical Necessity for Covered Katie Beckett Services.

- (a) State Plan and EPSDT benefits. Medical necessity for all covered State Plan and EPSDT benefits, including physical and behavioral health, pharmacy, and dental services, for children enrolled in Katie Beckett shall be determined in accordance with Rule Chapter 1200-13-16. This includes all benefits for children eligible for Medicaid in the Continued Eligibility Group Part C.
- (b) Katie Beckett Group Part A wraparound HCBS and Medicaid Diversion Group Part B Benefits. For Katie Beckett Group Part A wraparound HCBS and all Medicaid Diversion

(Rule 1200-13-01-.32, continued)

Group Part B Benefits, pursuant to Rule 1200-13-16-.05(8), the following guidelines shall apply:

- (c) In order to be medically necessary and therefore reimbursable as a covered Katie Beckett HCBS benefit, all of the following criteria must be met.
 - 1. The service, including the type, amount, frequency and duration, must be specified in an approved PCSP, or for Medicaid Diversion Group Part B members, in the ISP approved by DIDD.
 - 2. The service must be authorized by the appropriate entity, which shall be as follows:
 - (i) For Katie Beckett Group Part A wraparound HCBS, the person's MCO;
 - (ii) For Medicaid Diversion Group Part B benefits, the Department of Intellectual and Developmental Disabilities;
 - 3. The service, including the type, amount, frequency and duration, must meet one or more of the following:
 - (i) Be of direct therapeutic or ameliorative benefit to the child's medical needs or disabilities;
 - (ii) Support the child's full integration and participation in the community;
 - (iii) Help to prepare the child for transition to employment and community living, with as much independence as possible; or
 - (iv) Support and sustain the family's ability to meet the child's medical, physical, behavioral, functional and other support needs and reduce or prevent the risk of out-of-home placement.
 - 4. The service must be the most cost-effective way of safely and effectively meeting the child's needs in the home or community setting. If a less costly service or support or mix of services and supports that is available would safely meet the child's needs in the community, the more expensive service requested is therefore not medically necessary and will not be provided.
 - 5. The service must not supplant assistance that family members, friends, or others are able and willing to provide or that is available through other paid or unpaid supports. This includes services available under the Rehabilitation Act of 1973 or Individuals with Disabilities Education Act, regardless of whether the family chooses to receive such services.
- (d) TennCare or the entity responsible for authorizing HCBS may develop and implement guidelines which can be used to further clarify how these decisions are made with respect to a particular benefit.
- (e) Notwithstanding (c)1.–5. above, any medical or related item or service purchased for a child enrolled in Medicaid Diversion Group Part B and determined by the IRS to be eligible as an itemized deduction on Schedule A (Form 1040 or 1040-SR), or eligible for payment or reimbursement through a Health Reimbursement Account, Health Savings Account or Flexible Spending Account shall meet medical necessity requirements.

(Rule 1200-13-01-.32, continued)

- (8) Each child enrolling or enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B shall be subject to an Expenditure Cap on the HCBS benefit package the child is eligible to receive. Each benefit package has a distinct Expenditure Cap, outlined below:
- (a) For a child enrolled in Katie Beckett Group Part A, the expenditure cap shall be fifteen thousand dollars (\$15,000) per calendar year. The Expenditure Cap shall apply to Katie Beckett wraparound HCBS only (not other Medicaid services). All Katie Beckett Group Part A wraparound HCBS shall be counted against the Expenditure Cap, including the cost of minor home modifications.
 - (b) For a child enrolled in Medicaid Diversion Group Part B, the Expenditure Cap shall be ten thousand dollars (\$10,000) per calendar year. The Expenditure Cap shall apply to Medicaid Diversion Group Part B HCBS only (these are the only benefits the child is eligible to receive). All Medicaid Diversion Group Part B HCBS shall be counted against the Expenditure Cap, including the cost of minor home modifications.
- 1. The Expenditure Cap shall be used to determine the total cost of Katie Beckett HCBS a child can receive while enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B. The Expenditure Cap functions as a limit on the total cost of Katie Beckett Group Part A or Medicaid Diversion Group Part B HCBS that can be provided by the MCO or DIDD to the child in the home or community setting. Katie Beckett HCBS in excess of a child's Expenditure Cap are non-covered benefits.
 - 2. For a child in Katie Beckett Group Part A, the total cost of Katie Beckett wraparound HCBS shall also be counted in applying the Comparable Cost of Institutional Care Requirement.
 - 3. A child shall not be entitled to receive services up to the amount of the Expenditure Cap. A child shall receive only those services that are medically necessary, as described in this Rule. Determination of the services that are medically necessary shall be based on a comprehensive assessment of the child's needs and the availability of Natural Supports and other (non-TennCare reimbursed) services to meet identified needs, which shall be conducted by the child's Nurse Care Manager or DIDD Case Manager and subject to any applicable utilization management review and approval processes.
 - 4. Application of the Expenditure Cap.
 - (i) For a child enrolled in Katie Beckett Group Part A, TennCare State Plan services shall not be counted against the child's Expenditure Cap for Katie Beckett Group Part A wraparound HCBS.
 - (ii) The annual HCBS Expenditure Cap shall be applied on a calendar year basis. TennCare and the child's MCO or DIDD will track utilization of HCBS across each calendar year.
 - (iii) The HCBS Expenditure Cap shall also be applied prospectively on a twelve (12) month basis. This is to ensure that a child's PCSP/ISP does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of person and family-centered support planning, the child's MCO or DIDD will always estimate the actual cost of services forward for twelve (12) months in order to determine whether the Expenditure Cap will continue be met based on the most current PCSP/ISP that has been developed. The cost of one-time services such as short-term services or short-term increases in services

(Rule 1200-13-01-.32, continued)

must be counted as part of the total cost of services for a full twelve (12) month period following the date of service delivery.

- (iv) Denial of or reductions of Katie Beckett HCBS based on a child's Expenditure Cap shall constitute an adverse action, as defined in Rule 1200-13-13-.01 and shall give rise to notice of action and due process rights to request a fair hearing in accordance with Rule 1200-13-13-.11.

(9) Consumer Direction (CD).

- (a) CD is a model of service delivery that affords the parent or legal guardian of a child enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B the opportunity to have more choice and control with respect to Eligible Katie Beckett HCBS that are needed by the child, in accordance with this Rule. CD is not a service or set of services.

- (b) Katie Beckett HCBS eligible for CD (Eligible Katie Beckett HCBS).

1. CD shall be limited to the following HCBS:
 - (i) Supportive Home Care.
 - (ii) Hourly Respite. (Daily Respite shall not be available through CD.)

2. Katie Beckett Group Part A or Medicaid Diversion Group Part B Members determined to need Eligible Katie Beckett HCBS may elect to receive one or more of the Eligible Katie Beckett HCBS through a Contract Provider, or they may participate in CD.
3. Katie Beckett Members who do not need Eligible Katie Beckett HCBS shall not be offered the opportunity to enroll in CD.
4. The model of CD that will be implemented in Katie Beckett is a modified budget authority model.
5. Each Eligible Katie Beckett HCBS identified in the child's PCSP/ISP, that the child's parent or legal guardian elects to receive through CD shall have an individual monthly or annual budget, as specified below.
6. The amount of the budget authorized for each Eligible Katie Beckett HCBS the child's parent or legal guardian elects to receive through CD shall be based on a comprehensive needs assessment performed by the MCO Nurse Care Manager or DIDD Case Manager that identifies the child's needs, the availability of family and other unpaid caregivers to meet those needs, and the gaps in care for which paid Katie Beckett HCBS may be authorized.
 - (i) Each Eligible Katie Beckett HCBS received through CD shall have a separate budget.
 - (ii) The budget for each Eligible Katie Beckett HCBS received through CD shall be based on the number of units of that service the child is assessed to need, subject to applicable benefit limits and the child's Expenditure Cap.

(Rule 1200-13-01-.32, continued)

- (iii) Once the budget for each Eligible Katie Beckett HCBS is determined and authorized, the child's parent or legal guardian shall have flexibility to determine the rate of reimbursement for that service (subject to any limitations established by TennCare), and to purchase additional units of the service so long as the budget for that service is not exceeded.
 - (iv) The budget for each Eligible Katie Beckett HCBS shall be separately maintained. A child's parent or legal guardian shall not direct money from the budget for one Eligible Katie Beckett HCBS to purchase a different Eligible Katie Beckett HCBS, provided however, that a child's PCSP/ISP (and consequently, the budget for any affected Eligible Katie Beckett HCBS) may be amended based on the child's needs, as appropriate.
 - (v) Any money remaining in a child's monthly budget for Supportive Home Care or Community Transportation at the end of a month shall not be carried over to the next month, and cannot be used to purchase units of service in any other month.
 - (vi) Any money remaining in a child's annual budget for hourly Respite at the end of the calendar year shall not be carried over to the next year, and cannot be used to purchase additional units of service in a subsequent calendar year.
- 7. The amount of the budget for each Eligible Katie Beckett HCBS shall be authorized as follows:
 - (i) Supportive Home Care shall have a monthly budget if provided through Consumer Direction.
 - (I) A child's parent or legal guardian shall only direct CD Workers to provide Supportive Home Care up to the amount of the authorized monthly budget for that service.
 - (II) A child's parent or legal guardian shall not ask or allow a CD Worker to provide services in excess of the authorized monthly budget for that service.
 - (III) If a child's parent or legal guardian exhausts the child's authorized monthly budget for a service before the month has ended, additional services shall not be authorized for the remainder of the month.
 - (IV) If a child's parent or legal guardian is not able to manage services within the approved budget for the service, the child may not be able to remain in CD.
 - (ii) Community Transportation for children enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B shall have a monthly budget if provided through CD.
 - (I) The monthly budget shall be based on the number of days in the month that the child is expected to need Community Transportation services.
 - (II) The child's parent or legal guardian may receive the first month's budget allotment in advance. The advance monthly budget allotment

(Rule 1200-13-01-.32, continued)

shall be used to purchase only Community Transportation services as defined in this Rule Chapter.

- (III) A child's parent or legal guardian may purchase Community Transportation services in the most cost-efficient manner possible, including public transportation (e.g., bus passes), paying a co-worker to share gas expenditures, etc.
 - (IV) A child's parent or legal guardian shall not reimburse any person who resides with the child for Community Transportation.
 - (V) The child's parent or legal guardian is obligated to maintain a Community Transportation log and receipts for Community Transportation expenditures as required by TennCare and to submit such information on a monthly basis to his MCO.
 - (VI) A child's parent or legal guardian shall only purchase Community Transportation up to the amount of the authorized monthly budget for that service.
 - (VII) The child's parent or legal guardian shall be reimbursed only for documented purchases of Community Transportation services submitted to the MCO.
 - (VIII) A child's parent or legal guardian shall not be reimbursed for Community Transportation services in excess of the authorized monthly budget for that service.
 - (IX) If a child's parent or legal guardian exhausts the child's authorized monthly budget for Community Transportation services before the month has ended, additional services shall not be authorized for the remainder of the month.
 - (X) If a child's parent or legal guardian is not able to manage services within the approved budget for the service, the child may not be able to remain in CD.
- (iii) Respite services for children enrolled in Katie Beckett Group Part A or Medicaid Diversion Group Part B shall have an annual budget if provided through Consumer Direction.
- (I) The annual budget shall operate on a calendar year (January 1 through December 31).
 - (II) A child's parent or legal guardian who elects to receive the child's Respite through CD shall receive up to 216 hours per year of Respite services. (Daily Respite shall not be available through CD.)
 - (III) A child's parent or legal guardian shall only direct CD Workers to provide Respite services up to the amount of the authorized annual budget for that service.
 - (IV) A child's parent or legal guardian shall not ask or allow a CD Worker to provide services in excess of the authorized annual budget for that service.

(Rule 1200-13-01-.32, continued)

- (V) If a child's parent or legal guardian exhausts the child's authorized annual budget for Respite services before the calendar year has ended, additional services shall not be authorized for the remainder of the year.
 - (VI) If a child's parent or legal guardian is not able to manage services within the child's approved budget for the service, the child may not be able to remain in CD.
- 8. HH Services, PDN Services, and Katie Beckett HCBS other than those specified above shall not be available through CD.
- (c) Eligibility for CD. To be eligible for CD, a child must meet all of the following criteria:
 - 1. Be a Member of Katie Beckett Group Part A or Medicaid Diversion Group Part B.
 - 2. Be determined by an MCO Nurse Care Manager or DIDD Case Manager, based on a comprehensive needs assessment, to need one or more Eligible Katie Beckett HCBS.
 - 3. The child's parent or legal guardian must be willing and able to serve as the Employer of Record for the child's Consumer-Directed Workers and to fulfill all of the required responsibilities for CD. In limited exceptional circumstances, TennCare may permit the child's parent or legal guardian to designate a qualified Representative who is willing and able to serve as the Employer of Record and to fulfill all of the required responsibilities for CD. Assistance shall be provided to the child's parent or legal guardian or in limited exceptional circumstances, the Representative for CD by the FEA.
 - 4. The child's parent or legal guardian or in limited exceptional circumstances, the Representative for CD and any Workers employed to provide services through CD must agree to use the services of TennCare's contracted FEA to perform required Financial Administration and Supports Brokerage functions.

 - (IV) Be physically present in the child's residence on a regular basis or at least at a frequency necessary to supervise and evaluate each Consumer-Directed Worker.
 - (ii) If a child's MCO Nurse Care Manager or DIDD Case Manager believes that the person selected as the Representative for CD does not meet the specified requirements (e.g., the Representative is not physically present in the child's residence at a frequency necessary to adequately supervise Workers), the MCO Nurse Care Manager or DIDD Case Manager may request that the child's parent or legal guardian select a different Representative who meets the specified requirements. If the child's parent or legal guardian does not select another Representative who meets the specified requirements, the MCO or DIDD may, in order to help ensure the child's health and safety, submit to TennCare, for review and approval, a request to deny the child's participation in CD.
 - (iii) A Representative for CD shall not receive payment for serving in this capacity and shall not serve as the child's paid Worker for any Consumer-Directed Service.
 - (iv) Representative Agreement. A Representative Agreement must be signed by the child's parent or legal guardian and the Representative in the presence of the MCO Nurse Care Manager or DIDD Case Manager. By completing a Representative agreement, the Representative confirms that he agrees to serve as the Representative for CD and that he accepts the responsibilities and will perform the duties associated with being a Representative for CD.
 - (v) A child's parent or legal guardian may change the Representative at any time by notifying the child's MCO Nurse Care Manager or DIDD Case Manager and the child's Supports Broker that he intends to change Representative. The child's MCO Nurse Care Manager or DIDD Case Manager shall verify that the new Representative meets the qualifications as described above. A new Representative Agreement must be completed and signed, in the presence of the child's MCO Nurse Care Manager or DIDD Case Manager, prior to the new Representative assuming his respective responsibilities.

 - (viii) Ensuring Workers provide only as much support as assigned to provide and as needed by the child;

(Rule 1200-13-01-.32, continued)

1. The parent or legal guardian of each child participating in CD is responsible for the development and implementation of a Back-up Plan that identifies how the parent or legal guardian or the Representative for CD will address situations when a scheduled Worker is not available or fails to show up as scheduled.
 2. The child's parent or legal guardian may not elect, as part of the Back-up Plan, to allow the child to go without services.
 3. The Back-up Plan for CD shall include the names and telephone numbers of contacts (Workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts.
 4. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the child's parent or legal guardian or his Representative for CD to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity, and for initiating the back-up plan when needed.
 5. The child's Back-up Plan for Consumer-Directed Workers shall be integrated into the child's Back-up Plan for services provided by Contract Providers and the child's PCSP/ISP.
 6. The MCO Nurse Care Manager or DIDD Case Manager shall review the Back-up Plan developed by the child's parent or legal guardian or his Representative for CD to determine its adequacy to address the child's needs. If an adequate Back-up Plan cannot be provided to CD, enrollment into CD may be denied, as set forth in this Rule.
 7. The Back-up Plan shall be reviewed and updated at least annually, and as frequently as necessary if there are changes in the type, amount, duration, scope of eligible Katie Beckett HCBS or the schedule at which such services are needed, changes in Workers (when such Workers also serve as a back-up to other Workers) and changes in the availability of paid or unpaid back-up Workers to deliver needed support.
 8. A child's parent or legal guardian may use Contract Providers to serve as back-up to Consumer Directed Workers only upon prior arrangement by the child's parent or legal guardian or Representative for CD with the Contract Provider, inclusion in the child's back-up plan, verification by the MCO Nurse Care Manager or DIDD Case Manager, prior approval by the MCO or DIDD, and subject to the child's Expenditure Cap as described in Paragraph (8). If the higher cost of services delivered by a Contract Provider would result in a child's Expenditure Cap being exceeded, the child's parent or legal guardian shall not be permitted to use Contract Providers to provide back-up workers. A child's MCO or DIDD shall not be required to maintain Contract Providers on "stand-by" to provide back-up for services delivered through Consumer Direction.
- (i) Consumer-Directed Workers (Workers).
1. Hiring Consumer-Directed Workers.
 - (i) A child's parent or legal guardian shall have the flexibility to hire individuals with whom they have a close personal relationship to serve as Workers, such as neighbors or friends.

(Rule 1200-13-01-.32, continued)

- (ii) A child's parent or legal guardian may hire family members, excluding spouses, to serve as Workers. However, a family member shall not be reimbursed for a service that he would have otherwise provided without pay. A child's parent or legal guardian shall not be permitted to employ any person who resides with the child enrolled in Katie Beckett to deliver Supportive Home Care or hourly Respite services. A child's parent or legal guardian shall not reimburse any person who resides with the child for Community Transportation.
 - (iii) The child's parent or legal guardian may elect to have a Worker provide more than one service, have multiple Workers, or have both a Worker and a Contract Provider for a given service, in which case, there must be a set schedule which clearly defines when Contract Providers will be used.
- 2. Qualifications of Consumer-Directed Workers. Workers must meet the following requirements prior to providing services:
