Abuse of a TennCare Pharmacy Program justifies placement on lock-in or prior approval status for all enrollees involved. Activities or practices which may evidence abuse of the TennCare Pharmacy Program include, but are not limited to, the following: forging or altering drug prescriptions, selling TennCare paid prescription drugs, failure to control pharmacy overutilization activity while on lock-in status and visiting multiple prescribers or pharmacies to obtain prescriptions that are not medically necessary.
- (2) **ACCESS TO HEALTH INSURANCE** shall mean the opportunity an individual has to obtain group health insurance as defined elsewhere in these rules. If a person could have enrolled in work-related or other group health insurance during an employer's or group's open enrollment period and chose not to enroll (or had the choice made for him by a family member) that person shall not be considered to lack access to insurance upon closure of the open enrollment period. Neither the cost of an insurance policy or health plan nor the fact that an insurance policy is not as comprehensive as that of the TennCare Program shall be considered in determining eligibility to enroll in any TennCare category where being uninsured is an eligibility prerequisite.
- (3) **ADMINISTRATIVE HEARING** shall mean a contested case proceeding held pursuant to the provisions of the Tennessee Uniform Administrative Procedures Act, Tennessee Code Annotated §§ 4-5-301, et seq., except as noted otherwise herein, to allow an enrollee to appeal an adverse decision of the TennCare Program. If an enrollee appeals the initial order under Tennessee Code Annotated §4-5-315, the Commissioner may render a final order.
- (4) **ADVERSE ACTION AFFECTING TENNCARE SERVICES OR BENEFITS** as it relates to actions under the *Grier Revised Consent Decree* shall mean, but is not limited to, a delay, denial, reduction, suspension or termination of TennCare benefits, as well as any other act or omission of the TennCare Program which impairs the quality, timeliness, or availability of such benefits.

 - (b) Any person under the age of twelve (12) is presumed to be too young to serve as an escort. At the time of request for transportation, this presumption can be overcome by specific facts provided by the enrollee, which would demonstrate to a reasonable person that the proposed escort could in fact be of assistance to the enrollee; and

 - (b) A speech pathology that has proven non-responsive to speech therapy without orthodontic treatment.  1. Part-time or intermittent nursing services.
 - (i) To be considered "part-time or intermittent," nursing services must be provided as no more than one visit per day, with each visit lasting less than eight (8) hours, and no more than 27 total hours of nursing care may be provided per week. In addition, nursing services and home health aide services combined must total less than or equal to eight (8) hours per day and 35 or fewer hours per week. If there is more than one person in a household who is determined to require TennCare-reimbursed home health nursing services, it is not necessary to have multiple nurses providing the services. A single nurse may provide services to multiple enrollees in the same home and during the same hours, as long as he can provide these services safely and appropriately to each enrollee.

- (b) Home health providers shall only provide services to the recipient that have been ordered by the treating physician and are pursuant to a plan of care and shall not provide other services such as general child care services, cleaning services, preparation of meals, or services to other household members. Because children typically have non-medical care needs which must be met, to the extent that home health services are provided to a person under 18 years of age, a responsible adult (other than the home health care provider) must be present at all times in the home during the provision of home health services unless all of the following criteria are met:
 1. The child is non-ambulatory; and
 2. The child has no or extremely limited ability to interact with caregivers; and
 3. The child shall not reasonably be expected to have needs that fall outside the scope of medically necessary TennCare covered benefits (e.g. the child has no need for general supervision or meal preparation) during the time the home health provider is present in the home without the presence of another responsible adult; and
 4. No other children shall be present in the home during the time the home health provider is present in the home without the presence of another responsible adult, unless these children meet all the criteria stated above and are also receiving TennCare-reimbursed home health services.

Medical assistance includes the payment of the cost of care, services, drugs and supplies. Such care, services, drugs, and supplies shall include services of qualified providers who have contracted with an MCC or are otherwise authorized to provide services to TennCare enrollees (i.e., emergency services provided out-of-network or medically necessary services obtained out-of-network because of an MCC’s failure to provide adequate access to services in-network).
- (75) MEDICAL RECORD shall mean all medical histories; records, reports and summaries; diagnoses; prognoses; records of treatment and medication ordered and given; x-ray and radiology interpretations; physical therapy charts and notes; lab reports; other individualized medical documentation in written or electronic format; and analyses of such information.

- (78) MEDICALLY ELIGIBLE shall mean a person who has met the medical eligibility criteria for the TennCare Standard program through a mechanism permitted under the provisions of these rules.
- (79) MEDICALLY NECESSARY is defined by Tennessee Code Annotated, Section 71-5-144, and shall describe a medical item or service that meets the criteria set forth in that statute. The term “medically necessary,” as defined by Tennessee Code Annotated, Section 71-5-144, applies to TennCare enrollees. Implementation of the term “medically necessary” is provided for in these rules, consistent with the statutory provisions, which control in case of ambiguity. When medically necessary, personal care services may be authorized outside of the home setting when normal life activities temporarily take the recipient outside of that setting. Normal life activity for a child under the age of 21 means routine work (including work in supported or sheltered work settings); licensed child care; school and school-related activities; religious services and related activities; and outpatient health care services (including services delivered through a TennCare home and community based services waiver program). - (a) A person who needs intermittent skilled nursing functions at specified intervals, but who does not require continuous skilled nursing care throughout the period between each interval, shall not be determined to need continuous skilled nursing care. Skilled nursing care is provided by a registered nurse or licensed practical nurse under the direction of the recipient's physician to the recipient and not to other household members. If there is more than one person in a household who is determined to require TennCare-reimbursed private duty nursing services, it is not necessary to have multiple nurses providing the services. A single nurse may provide services to multiple enrollees in the same home and during the same hours, as long as he can provide these services safely and appropriately to each enrollee.
 - (b) If it is determined by the MCO to be cost-effective, non-skilled services may be provided by a nurse rather than a home health aide. However, it is the total number of

hours of skilled nursing services, not the number of hours that the nurse is in the home, that determines whether the nursing services are continuous or intermittent.

- (c) Private duty nursing services are covered for adults aged 21 and older only when medically necessary to support the use of ventilator equipment or other life-sustaining medical technology when constant nursing supervision, visual assessment, and monitoring of both equipment and patient are required. For purposes of this rule, an adult is considered to be using ventilator equipment or other life-sustaining medical technology if he:

 - II. Receiving total parenteral nutrition.
- (d) Private duty nursing services are covered as medically necessary for children under the age of 21 in accordance with EPSDT requirements. As a general rule, only a child who is dependent upon technology-based medical equipment requiring constant nursing supervision, visual assessment, and monitoring of both equipment and child will be determined to need private duty nursing services. However, determinations of medical necessity will continue to be made on an individualized basis.
- (e) A child who needs less than eight (8) hours of continuous skilled nursing care during a 24-hour period or an adult who needs nursing care but does not qualify for private duty nursing care per the requirements of these rules may receive medically necessary nursing care as an intermittent service under home health.
- (f) General childcare services and other non-hands-on assistance such as cleaning and meal preparation shall not be provided by a private duty nurse. Because children typically have non-medical care needs which must be met, to the extent that private duty nursing services are provided to a person or persons under 18 years of age, a

(Rule 1200-13-13-.01, continued)

responsible adult (other than the private duty nurse) must be present at all times in the home during the provision of private duty nursing services unless all of the following criteria are met:

3. The child shall not reasonably be expected to have needs that fall outside the scope of medically necessary TennCare covered benefits (e.g., the child has no need for general supervision or meal preparation) during the time the private duty nurse is present in the home without the presence of another responsible adult; and
4. No other children shall be present in the home during the time the private duty nurse is present in the home without the presence of another responsible adult, unless these children meet all of the criteria stated above and are also receiving TennCare-reimbursed private duty nursing services.

(104) PROVIDER shall mean an appropriately licensed institution, facility, agency, person, corporation, partnership, or association that delivers health care services. MCCs are responsible for the management and provision of medically necessary covered services throughout an enrollee's illness or need for such services, and across the continuum of covered services, including, but not limited to behavioral health services and appropriate transition plans specified in the applicable TennCare contract. The fact that an enrollee's medical condition requires a change in the site or type of TennCare service does not lessen the MCC's obligation to provide covered treatment on a continuous and ongoing basis as medically necessary.

 1. With respect to the eligibility of children applying for TennCare as medically eligible persons, the Bureau is responsible for determining the presence of a qualifying medical condition under TennCare Standard.
 2. With respect to the eligibility of individuals applying for the TennCare CHOICES program, the Bureau is responsible for determining that the individual meets level of care eligibility criteria for the long-term care services or reimbursement requested. For enrollment into CHOICES Group 2, the Bureau is also responsible for determining the state's ability to provide appropriate Home and Community Based Services (HCBS) as determined by the availability of slots under the established enrollment target in accordance with Rule 1200-13-01-.05

(Rule 1200-13-13-.02, continued)

 - (c) The Tennessee Department of Human Services (DHS) is under contract with the Bureau to determine initial eligibility for TennCare Medicaid and TennCare Standard, as well as to redetermine, at regular intervals, whether eligibility should be continued. DHS is not responsible for making decisions about the presence of a qualifying medical condition for those applying as medically eligible persons under TennCare Standard.
 - (d) The Social Security Administration determines eligibility for the Supplemental Security Income (SSI) Program. Tennessee residents determined eligible for SSI benefits are automatically eligible for and enrolled in TennCare Medicaid benefits.
 - (e) The Tennessee Department of Health (DOH) determines presumptive eligibility under TennCare Medicaid for pregnant women and for women diagnosed with breast or cervical cancer through administration of the Breast and Cervical Cancer Screening Program.
- (2) Delineation of TennCare enrollee's responsibilities.
- (a) It is the responsibility of each TennCare enrollee to report to the DHS any material change affecting any information given by the applicant/enrollee to DHS at the time of application or redetermination of his eligibility. This information includes, but is not limited to, changes in address, income, family size, employment, or access to insurance. The applicant/enrollee shall mail, or present in person, documentation of any such change to the DHS county office where the enrollee resides. This documentation must be presented within the time frame specified in Chapter 1240-01-16 of the rules of DHS.

MCCs shall release insurance information from their files to the Bureau of TennCare on a regular basis, as required by contract between the MCCs and the Department of Finance and Administration.
 - (b) By applying for TennCare Medicaid, an applicant grants permission and authorizes release of information to the Bureau, or its designee, to investigate any and all information provided, or any information not provided if it could affect eligibility, in order to determine TennCare eligibility; and, if approved, the amount of, if any, cost sharing which may be required of the applicant as found in these rules. Information may be verified through, but not limited to, the following sources:
 1. The United States Internal Revenue Service (IRS);

 - (c) By applying for TennCare, an applicant understands it is a felony offense, pursuant to *Tennessee Code Annotated* § 71-5-2601, to obtain TennCare coverage under false means or to help anyone get on TennCare under false means.
- (5) Current eligibility groups under TennCare Medicaid.
- (a) Eligibility for TennCare Medicaid is currently limited to individuals who are Tennessee residents as defined at 42 C.F.R. § 435.403, *Tennessee Code Annotated* § 71-5-120, and who are listed in DHS rule Chapter 1240-03-02, Coverage Groups under Medicaid.

(Rule 1200-13-13-.02, continued)

2. Individuals enrolled as Medically Needy, as defined at rule 1200-13-13-.01. Enrollment in this category is limited to pregnant women and children under the age of twenty-one (21). Eligibility for this category shall be for a period of one (1) year. At the end of that year, eligibility must be reestablished in order for these individuals to continue in the program. For non-pregnant individuals who are under age 21, eligibility in this category shall end when the individual reaches his twenty-first birthday or the individual reaches the end of his one (1) year eligibility, whichever comes first.
 3. Individuals who are determined eligible for the SSI Program by the Social Security Administration.
 4. Women who have been enrolled as a result of needing treatment for breast or cervical cancer and who meet the technical requirements found at 1200-13-13-.02(3)(c).
- (b) Effective date of eligibility.
1. For SSI eligibles, the date determined by the Social Security Administration in approving the individual for SSI coverage.
 2. For all other Medicaid eligibles, the date of the application or the date of the qualifying event (such as the date that a spend-down obligation is met), whichever is later.
 3. For persons applying for Medicaid eligibility during a period when the DHS offices are not open, the date the faxed application is received at DHS.
- (6) Redetermination of TennCare Medicaid eligibility.
- (a) Enrollees eligible for TennCare Medicaid as a result of being eligible for SSI benefits shall follow the Redetermination requirements of the Social Security Administration.
 - (b) An enrollee who qualifies for TennCare Medicaid through DHS shall have his TennCare Medicaid eligibility redetermined as required by the appropriate category of medical assistance as described in Chapter 1240-03-03 of the rules of DHS - Division of Medical Services. Prior to termination of Medicaid eligibility for enrollees of the Core Medicaid Population, eligibility will be reviewed in accordance with the following process:
 1. At least thirty (30) days prior to the expiration of their current eligibility period, the Bureau of TennCare will send a Request for Information to all Core Medicaid enrollees. The Request for Information will include a form to be completed with information needed to determine eligibility for open Medicaid categories.
 2. Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to DHS and to provide DHS with the necessary verifications to determine eligibility for open Medicaid categories.
 3. Enrollees with a health problem, mental health problem, learning problem or a disability will be given the opportunity to request assistance in responding to the Request for Information. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for responding to the Request for Information.

(Rule 1200-13-13-.02, continued)

4. If an enrollee provides some but not all of the necessary information to DHS to determine his eligibility for open Medicaid categories during the thirty (30) day period following the Request for Information, DHS will send the enrollee a Verification Request. The Verification Request will provide the enrollee with ten (10) days inclusive of mail time to submit any missing information as identified in the Verification Request.
 5. Enrollees who respond to the Request for Information within the thirty (30) day period shall retain their eligibility for TennCare Medicaid (subject to any changes in covered services generally applicable to enrollees in their Medicaid category) while DHS reviews their eligibility for open Medicaid categories.
 6. Enrollees who respond to the Request for Information or the Verification Request after the requisite time period specified in those notices but before the date of termination shall retain their eligibility for TennCare Medicaid while DHS reviews their eligibility for open Medicaid categories. If DHS determines that the enrollee remains eligible for his current Medicaid category, the enrollee will remain enrolled in such Medicaid category. If DHS makes a determination that the enrollee is eligible for a different open Medicaid category, DHS will so notify the enrollee and the enrollee will be enrolled in the new appropriate TennCare Medicaid category. When the enrollee is enrolled in the appropriate TennCare Medicaid category, his eligibility in the previous category shall be terminated without additional notice. If a child is reviewed for Medicaid eligibility and is found not to be eligible for any open Medicaid category, the child will be reviewed for eligibility for TennCare Standard under rule 1200-13-14-.02. If DHS makes a determination that the enrollee is not eligible for any open Medicaid categories, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.
 7. Individuals may provide the information and verifications specified in the Request for Information after termination of eligibility. DHS shall review all such information pursuant to the rules, policies and procedures of DHS and the Bureau of TennCare applicable to new applicants for TennCare Medicaid coverage. The individual shall not be entitled to be reinstated into TennCare Medicaid pending this review. If the individual is subsequently determined to be eligible for an open Medicaid category, he shall be granted retroactive coverage to the date of application, or in the case of spend down eligibility for Medically Needy pregnant women and children, to the latter of (a) the date of the application, or (b) the date spend down eligibility is met.
- (c) A woman who has been determined eligible for TennCare Medicaid under 1200-13-13-.02(3)(c) of these rules shall annually recertify her eligibility in terms of continuation of active treatment, her address, and access to health insurance. If she is found to no longer be eligible through this review, the enrollee will be reviewed using the Redetermination process set forth in 1200-13-13-.02(6)(b) of these rules.
- (7) Termination of eligibility.
- (a) Eligibility for TennCare Medicaid shall cease when:
 1. The individual no longer qualifies for TennCare Medicaid pursuant to Chapter 1240-03-03 of the rules of DHS; or
 2. A woman determined eligible under 1200-13-13-.02(3)(c) of these rules:
 - (i) Reaches age sixty-five (65); or

(Rule 1200-13-13-.02, continued)

- (ii) Gains access to group health insurance that provides coverage for treatment of breast or cervical cancer as defined elsewhere in these rules; or
 - (iii) It has been determined that she no longer needs treatment for breast or cervical cancer, including pre-cancerous conditions.
 - (b) The TennCare Bureau will send Termination Notices to all Core Medicaid Population enrollees being terminated pursuant to state and federal law who are not determined to be eligible for open Medicaid categories pursuant to the Request for Information processes described herein.
 - (c) Termination Notices will be sent twenty (20) days in advance of the date upon which the coverage will be terminated.
 - (d) Termination Notices will provide enrollees with forty (40) days from the date of the notice to appeal the termination and will inform enrollees how they may request a hearing. Appeals will be processed by DHS in accordance with rule 1200-13-13-.12.
 - (e) Enrollees with a health problem, mental health problem, learning problem or a disability will be given the opportunity to request additional assistance for their appeal. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for their appeal.
- (8) Disenrollment related to discontinued Medicaid categories.

Prior to the disenrollment of any enrollee in a discontinued Medicaid category based on coverage terminations resulting from TennCare Medicaid Eligibility Reforms, Medicaid eligibility shall be reviewed in accordance with the following:

- (a) Ex Parte Review.

DHS will conduct an ex parte review for open Medicaid categories for all enrollees in eligibility groups due to be terminated as part of the TennCare Medicaid eligibility reforms. Such ex parte review shall be conducted in accordance with federal requirements as set forth by CMS in the Special Terms and Conditions of the TennCare demonstration project.

- (b) Request for Information.

1. At least thirty (30) days prior to the expiration of their current eligibility period, the Bureau of TennCare will send a Request for Information to enrollees in eligibility groups being terminated pursuant to TennCare Medicaid eligibility reforms. The Request for Information will include a form to be completed with information needed to determine eligibility for open Medicaid categories, as well as a list of the types of proof needed to verify certain information.
2. Enrollees will be given thirty (30) days inclusive of mail time from the date of the Request for Information to return the completed form to DHS and to provide DHS with the necessary verifications to determine eligibility for open Medicaid categories.
3. Enrollees with a health problem, mental health problem, learning problem or a disability will be given the opportunity to request assistance in responding to this Request for Information. Enrollees with Limited English Proficiency will have the

(Rule 1200-13-13-.02, continued)

- opportunity to request translation assistance for responding to the Request for Information.
4. Enrollees will be given an opportunity until the date of termination to request one extension for good cause of the thirty (30) day time frame for responding to the Request for Information. The good cause extension is intended to allow a limited avenue for possible relief for certain enrollees who face significant unforeseen circumstances, or who, as a result of a health problem, mental health problem, learning problem, disability, or limited English proficiency, are unable to respond timely. The good cause exception does not confer an entitlement upon enrollees and the application of this exception will be within the discretion of DHS. Only one (1) thirty (30) day good cause extension can be granted to each enrollee. Good cause is determined by DHS eligibility staff. Good cause is not requested nor determined by filing an appeal. Requests for an extension of the thirty (30) day time frame to respond to the Request for Information must be initiated by the enrollee. However, the enrollee may receive assistance in initiating such request. DHS will not accept a request for extension of the thirty (30) day time frame submitted by a family member, advocate, provider, or CMHC, acting on the enrollee's behalf without the involvement and knowledge of the enrollee, for example, to allow time for such entity to locate the enrollee if his whereabouts are unknown. All requests for a good cause extension must be made prior to termination of Medicaid eligibility. A good cause extension will be granted if DHS determines that a health problem, mental health problem, learning problem, disability or limited English proficiency prevented an enrollee from understanding or responding timely to the Request for Information. Except in the aforementioned circumstances, a good cause extension will only be granted if such request is submitted in writing to DHS prior to termination of Medicaid eligibility and DHS determines that serious personal circumstances such as illness or death prevent an enrollee from responding to the Request for Information for an extended period of time. Proof of the serious personal circumstances is required with the submission of the written request in order for a good cause extension to be granted. Good cause extensions will be granted at the sole discretion of DHS, and, if granted, shall provide the enrollee with an additional thirty (30) days inclusive of mail time from the date of DHS's decision to grant the good cause extension. DHS will send the enrollee a letter granting or denying the request for good cause extension. DHS's decisions with respect to good cause extensions shall not be appealable.
 5. If an enrollee provides some but not all of the necessary information to DHS to determine his eligibility for open Medicaid categories during the thirty (30) day period following the Request for Information, DHS will send the enrollee a Verification Request. The Verification Request will provide the enrollee with ten (10) days inclusive of mail time to submit any missing information as identified in the Verification Request. Enrollees will not have the opportunity to request an extension for good cause of the ten (10) day time frame for responding to the Verification Request.
 6. Enrollees who respond to the Request for Information within the thirty (30) day period or within any extension of such period granted by DHS shall retain their eligibility for TennCare Medicaid (subject to any changes in covered services generally applicable to enrollees in their Medicaid category) while DHS reviews their eligibility for open Medicaid categories.
 7. DHS shall review all information and verifications provided within the requisite time period by an enrollee pursuant to the Request for Information and/or Verification Request to determine whether the enrollee is eligible for any open

(Rule 1200-13-13-.02, continued)

Medicaid categories. If DHS makes a determination that the enrollee is eligible for an open Medicaid category, DHS will so notify the enrollee and the enrollee will be enrolled in the appropriate Medicaid category. When the enrollee is enrolled in the appropriate TennCare Medicaid category, his eligibility in the discontinued Medicaid category shall be terminated without additional notice. If DHS makes a determination that the enrollee is not eligible for any open Medicaid categories or if an enrollee does not respond to the Request for Information within the requisite thirty (30) day time period or any extension of such period granted by DHS, the TennCare Bureau will send the enrollee a twenty (20) day advance Termination Notice.

8. Enrollees who respond to the Request for Information or the Verification Request after the requisite time period specified in those notices or after any extension of such time period granted by DHS but before the date of termination shall retain their eligibility for TennCare Medicaid (subject to any changes in covered services generally applicable to enrollees in their Medicaid category) while DHS reviews their eligibility for open Medicaid categories. If DHS makes a determination that the enrollee is eligible for an open Medicaid category, DHS will so notify the enrollee, and the enrollee will be enrolled in the appropriate TennCare Medicaid category, and his eligibility in the discontinued Medicaid category shall be terminated without additional notice. If DHS makes a determination that the enrollee is not eligible for any open Medicaid categories, the TennCare Bureau will send the enrollee a twenty-(20) day advance Termination Notice.
 9. Individuals may provide information and verifications specified in the Request for Information after termination of eligibility. DHS shall review all such information pursuant to the rules, policies and procedures of DHS and the Bureau of TennCare applicable to new applicants for TennCare coverage. The individual shall not be entitled to be reinstated into TennCare pending this review. If the individual is subsequently determined to be eligible for an open Medicaid category, he shall be granted retroactive coverage to the date of application, or in the case of spend down eligibility for Medically Needy pregnant women and children, to the latter of (a) the date of application, or (b) the date spend down eligibility is met.
- (c) Termination Notice.
1. The TennCare Bureau will send Termination Notices to all enrollees being terminated pursuant to TennCare Medicaid eligibility reforms who are not determined to be eligible for open Medicaid categories pursuant to the Ex Parte Review or Request for Information processes described in this subparagraph.
 2. Termination Notices will be sent twenty (20) days in advance of the date upon which the coverage will be terminated.
 3. Termination Notices will provide enrollees with forty (40) days from the date of the notice to appeal valid factual disputes related to the disenrollment and will inform enrollees how they may request a hearing.
 4. Enrollees with a health problem, mental health problem, learning problem, or a disability will be given the opportunity to request additional assistance for their appeal. Enrollees with Limited English Proficiency will have the opportunity to request translation assistance for their appeal.

(Rule 1200-13-13-.02, continued)

5. Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day time frame in which to request a hearing.

1200-13-13-.03 ENROLLMENT, REASSIGNMENT, AND DISENROLLMENT WITH MANAGED CARE CONTRACTORS (MCCS).

(1) Enrollment.

There are three (3) different types of managed care entities that provide services to TennCare enrollees. Enrollment procedures differ according to the type of managed care entity, the geographic area, and the number of managed care entities operating in each geographic area.

(a) TennCare Managed Care Organizations (MCOs) other than TennCare Select.

1. Individuals or families determined eligible for TennCare shall select a health plan (Managed Care Organization/MCO) at the time of application. The health plan must be available in the Grand Division of the State in which the enrollee lives. All family members living in the same household and enrolled in TennCare must be assigned to the same MCO except children determined by the Bureau to be eligible to enroll in TennCare Select. An enrollee is given his choice of MCOs when possible. If the requested MCO cannot accept new enrollees, the Bureau will assign each enrollee to an MCO that is accepting new enrollees. If no MCO is available to enroll new members in the enrollee's Grand Division, the enrollee will be assigned to TennCare Select until such time as another MCO becomes available. The Bureau may also assign TennCare children with special health care needs to TennCare Select.

Individuals enrolled as a result of being eligible for SSI benefits will be assigned to an MCO as they do not have the opportunity to select a health plan prior to the effective date of coverage, since they are enrolled through the Social Security Administration.

2. A TennCare enrollee may change MCOs one (1) time within the initial forty-five (45) calendar days (inclusive of mail time) from the date of the letter informing him of his MCO assignment, if there is another MCO in the enrollee's Grand Division that is currently permitted by the Bureau to accept new enrollees. No additional changes will be allowed except as otherwise specified in these rules. An enrollee shall remain a member of the designated plan until he is given an

(Rule 1200-13-13-.03, continued)

opportunity to change once each year during an annual change period. The annual change period will occur each year in March for enrollees in West Tennessee, in May for enrollees in Middle Tennessee, and in July for enrollees in East Tennessee. Thereafter, an MCO change is permitted only during an annual change period, unless the Bureau authorizes a change as the result of the resolution of an appeal requesting a "hardship" reassignment as specified in paragraph (2)(b) below. When an enrollee changes MCOs, the enrollee's medical care will be the responsibility of the current MCO until he is enrolled in the requested MCO.

3. Each MCO shall offer its enrollees, to the extent possible, freedom of choice among participating providers. If after notification of enrollment the enrollee has not chosen a primary care provider, one will be selected for him by the MCO. The period during which an enrollee may choose his primary care provider shall not be less than fifteen (15) calendar days.
4. In the event a pregnant woman entering an MCO's plan is receiving medically necessary prenatal care the day before enrollment, the MCO shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the MCO's provider network until such time as the MCO can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health.

In the event a pregnant woman entering the MCO's plan is in her second or third trimester of pregnancy and is receiving medically necessary prenatal care services the day before enrollment, the MCO shall be responsible for providing continued access to the provider (regardless of network affiliation) through the postpartum period. Reimbursement to an out-of-network provider shall be as set out in rule 1200-13-13-.08.

(b) TennCare Select.

TennCare Select is a prepaid inpatient health plan (PIHP), as defined in 42 CFR 438.2, which operates in all areas of the State and covers the same services as the MCOs. The State's TennCare Select contractor is reimbursed on a non-risk, non-capitated basis for services rendered to covered populations, and in addition receives fees from the State to offset administrative costs.

1. The TennCare populations included in the TennCare Select delivery system are as follows:
 - (i) Children under the age of twenty-one (21) years who are eligible for Supplemental Security Income.
 - (ii) Children in state custody and children leaving state custody for six (6) months post-custody as long as the child remains eligible.
 - (iii) Children under the age of twenty-one (21) years in an institutional eligibility category who are receiving care in a Nursing Facility or an Intermediate Care Facility for persons with Mental Retardation (or pursuant to federal law, Intermediate Care Facility for the Mentally Retarded) (ICF/MR), and children and adults in a Home and Community Based Services 1915(c) waiver for individuals with mental retardation.

(Rule 1200-13-13-.03, continued)

- (iv) Enrollees living in areas where there is insufficient MCO capacity to serve them.

After being assigned to TennCare Select, persons in categories (i) and (iii) above may choose to disenroll from TennCare Select and enroll in another MCO if one is available. Persons in categories (ii) and (iv) must remain in TennCare Select. TennCare Select is not open to voluntary selection by TennCare enrollees.

2. TennCare Select also provides the following functions:

- (i) It is the back-up plan should one of the MCOs leave the TennCare program unexpectedly. For TennCare enrollees previously enrolled with the MCO, TennCare Select provides medical case management and all MCO covered services.
- (ii) It is the only entity responsible for payment of the services described in 42 CFR 431.52, services provided to residents temporarily absent from the State, and provides all MCO covered services (primarily emergency services).
- (iii) It is the only entity responsible for payment of the services described in 42 CFR 440.255, limited services for certain aliens.

(c) TennCare Dental Benefits Manager (DBM).

TennCare children shall be assigned to the Dental Benefits Manager (DBM) under contract with the Bureau to provide dental benefits through the TennCare Program.

(d) TennCare Pharmacy Benefits Manager (PBM).

TennCare enrollees who are eligible to receive pharmacy services shall be assigned to the Pharmacy Benefits Manager (PBM) under contract with the Bureau to provide pharmacy benefits for both medical and behavioral health services through the TennCare Program.

(2) Reassignment.

- (a) Reassignment to an MCO other than the current MCO in which the TennCare enrollee is enrolled is subject to another MCO's capacity to accept new enrollees and must be approved by the Bureau of TennCare in accordance with one of the following:
 1. During the initial forty-five (45) day period following notification of MCO assignment as described at rule 1200-13-13-.03, a TennCare enrollee may request a change of MCOs.
 2. A TennCare enrollee must change MCOs if he moves outside the MCO's Grand Division, and that MCO is not authorized to operate in the enrollee's new place of residence. Until the TennCare enrollee selects or is assigned to a new MCO and his enrollment is deemed complete, his medical care will remain the responsibility of the original MCO.
 3. If an enrollee's MCO withdraws from participation in the TennCare Program, TennCare will assign him to a MCO operating in his Grand Division, if one is available. The enrollee will be provided notice of the change and will have forty-five (45) days to select another MCO in his Grand Division. If no MCO is

(Rule 1200-13-13-.03, continued)

available to accept enrollees from an exiting plan, the enrollees will be assigned to TennCare Select until such time as another MCO becomes available.

4. An enrollee shall be given an opportunity to change MCOs once each year during an annual change period. Only one (1) MCO change is permitted every twelve (12) months, unless the Bureau authorizes a change as the result of the resolution of an appeal requesting a "hardship" reassignment. When an enrollee changes MCOs, the enrollee's medical care will be the responsibility of the current MCO until enrolled in the requested MCO. If an enrollee changes MCOs during an annual change period, all family members living in the same household and enrolled in TennCare shall also be changed except children enrolled in TennCare Select.
- (b) A TennCare enrollee may change MCOs if the TennCare Bureau has granted a request for a change in MCOs or an appeal of a denial of a request for a change in MCOs has been resolved in his favor based on hardship criteria.
1. The following situations will not be determined to be "hardships":
 - (i) The enrollee is unhappy with the current MCO or primary care provider (PCP), but there is no hardship medical situation (as stated in Part 2 below);
 - (ii) The enrollee claims lack of access to services but the plan meets the state's access standard;
 - (iii) The enrollee is unhappy with a current PCP or other providers, and has refused alternative PCP or provider choices offered by the MCO;
 - (iv) The enrollee is concerned that a current provider might drop out of the plan in the future;
 - (v) The enrollee is a Medicare beneficiary who (with the exception of pharmacy) may utilize choice of providers, regardless of network affiliation; or
 - (vi) The enrollee's PCP is no longer in the MCO's network, the enrollee wants to continue to see the current PCP and has refused alternative PCP or provider choices offered by the MCO.
 2. Requests for hardship MCO reassignments must meet all of the following six (6) hardship criteria for reassignment. Determinations will be made on an individual basis.
 - (i) A member has a medical condition that requires complex, extensive, and ongoing care; and
 - (ii) The member's specialist has stopped participating in the member's current MCO network and has refused continuation of care to the member in his current MCO assignment; and
 - (iii) The ongoing medical condition of the member is such that another physician or provider with appropriate expertise would be unable to take over his care without significant and negative impact on his care; and

(Rule 1200-13-13-.03, continued)

- (iv) The current MCO has been unable to negotiate continued care for this member with the current specialist; and
- (v) The current provider of services is in the network of one or more alternative MCOs; and
- (vi) An alternative MCO is available to enrolled members (i.e., has not given notice of withdrawal from the TennCare Program, is not in receivership, and is not at member capacity for the member's region).

Requests to change MCOs submitted by TennCare enrollees shall be evaluated in accordance with the hardship criteria referenced above. If an enrollee's request to change MCOs is granted due to hardship, all family members living in the same household and enrolled in TennCare will be assigned to the new MCO except children determined by the Bureau to be eligible to enroll in TennCare Select. Upon denial of a request to change MCOs, enrollees shall be provided notice and appeal rights as described in applicable provisions of rule 1200-13-13-.11.

- (c) In the event that a CHOICES member is determined, based on an assessment of needs, to require a long-term care service that is not currently available under the MCO in which he is currently enrolled, but that is available through another MCO, the Bureau shall work with the current MCO to arrange for provision of the required service, which may involve providing such service out-of-network. It shall be considered to be a hardship reason to change MCO assignment only if the current MCO, after working with the Bureau, is unable to provide the required service. In such cases, the MCO that is unable to provide the required service after working with the Bureau may be subject to sanctions.
 - (d) Enrollees who are out-of-state on a temporary basis, but maintain their status as Tennessee residents under federal and state laws, shall be reassigned to TennCare Select for the period they are out-of-state.
 - (e) TennCare shall only accept a request to change MCO assignment from the affected enrollee, his parent, guardian, spouse, child over age eighteen (18), or responsible party as defined in Rule 1200-13-13-.01.
- (3) Disenrollment.
- (a) When it has been determined that an individual no longer meets the criteria for TennCare eligibility, that individual shall be disenrolled from the TennCare Program. Services provided by the TennCare MCO in which the individual has been placed, as well as the PBM and DBM, if applicable, shall be terminated upon disenrollment. Such disenrollment action will be accompanied by appropriate due process procedures as described elsewhere in this Chapter. Disenrollment from the CHOICES program shall proceed as described in Rule 1200-13-01-.05.
 - (b) Coverage shall cease at 12:00 midnight, local time, on the date that an individual is disenrolled from TennCare.
 - (c) TennCare may reassign individuals from a designated MCO and place them in another MCO as described elsewhere in these rules. A TennCare MCO may not reassign an enrollee without the permission of TennCare. A TennCare MCO shall not request the reassignment of a TennCare enrollee for any of the following reasons:
 - 1. Adverse changes in the enrollee's health;

(Rule 1200-13-13-.03, continued)

2. Pre-existing medical conditions; or
3. High cost medical bills.

Coverage by a particular MCO shall cease at 12:00 midnight local time on the date that an individual has been reassigned by TennCare from one MCO and placed in another plan. Coverage by the new MCO will begin when coverage by the old MCO ends.

1200-13-13-.04 COVERED SERVICES.

- (1) Benefits covered under the managed care program
 - (a) TennCare MCCs shall cover the following services and benefits subject to any applicable limitations described in this Chapter. TennCare MCCs shall cover TennCare CHOICES services and benefits in accordance with Rule 1200-13-01-.05.
 - 1 Any and all medically necessary services may require prior authorization or approval by the MCC, except where prohibited by law.
 2. An MCC shall not refuse to pay for a service solely because of a lack of prior authorization as follows:
 - (i) EPSDT services. MCCs shall provide all medically necessary, covered services regardless of whether the need for such services was identified by a provider whose services had received prior authorization from the MCC or by an in-network provider.
 - (ii) Emergency services. MCCs shall not require prior authorization or approval for covered services rendered in the event of an emergency, as defined in these rules. Such emergency services may be reviewed on the basis of medical necessity or other MCC administrator requirements, but cannot be denied solely because the provider did not obtain prior authorization or approval from the enrollee's MCC.
 3. MCCs shall not impose any service limitations that are more restrictive than those described herein; however, this shall not limit the MCC's ability to establish procedures for the determination of medical necessity.
 4. Services for which there is no federal financial participation (FFP) are not covered.

(Rule 1200-13-13-.04, continued)

5. Non-covered services are non-covered regardless of medical necessity.

(b) The following physical health and mental health benefits are covered under the TennCare managed care program. Benefits offered under the TennCare CHOICES program are also covered under the TennCare managed care program, as described in Rule 1200-13-01-.05. TennCare is permitted under the terms and conditions of the demonstration project approved by the federal government to restrict coverage of prescription and non-prescription drugs to a TennCare-approved list of drugs known as a drug formulary. TennCare must make this list of covered drugs available to the public. Through the use of a formulary, the following drugs or classes of drugs, or their medical uses, shall be excluded from coverage or otherwise restricted by TennCare as described in Section 1927 of the Social Security Act [42 U.S.C. §1396r-8]:

1. Agents for weight loss or weight gain.
2. Agents to promote fertility or for the treatment of impotence or infertility or for the reversal of sterilization.
3. Agents for cosmetic purposes or hair growth.
4. Agents for symptomatic relief of coughs and colds.
5. Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations.
6. Nonprescription drugs.
7. Covered outpatient drugs, which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or his designee.
8. TennCare shall not cover drugs considered by the FDA to be Less Than Effective (LTE) and DESI drugs, or drugs considered to be Identical, Related and Similar (IRS) to DESI and LTE drugs or any other pharmacy services for which federal financial participation (FFP) is not available. The exclusion of drugs for which no FFP is available extends to all TennCare enrollees regardless of the enrollee's age. TennCare shall not cover experimental or investigational drugs which have not received final approval from the FDA.
9. Buprenorphine and buprenorphine/naloxone products and sedative hypnotics for persons aged 21 and older are restricted to the quantity limits specified below:
 - (i) Generic buprenorphine, Subutex (buprenorphine), and Suboxone (buprenorphine/naloxone) products shall not exceed sixteen milligrams (16 mg) per day for a period of up to six (6) months from the initiation of therapy. For enrollees who are pregnant while receiving this dosage, the six-month period does not begin until the enrollee is no longer pregnant. At the end of either six month period, the covered dosage amount shall not exceed eight milligrams (8 mg) per day.

(Rule 1200-13-13-.04, continued)

- (ii) Sedative hypnotic medications shall not exceed fourteen (14) pills per month for sedative hypnotic formulations in pill form such as Ambien and Lunesta, one hundred forty milliliters (140 ml) per month of chloral hydrate, or one (1) bottle every sixty (60) days of Zolpimist.

10. Allergy medications.

- (d) The MCC shall be allowed to provide cost effective alternative services as defined in paragraph 1200-13-13-.01(29). Cost effective alternative services are not reimbursable in any circumstances other than those described in that paragraph.

(2) Use of Cost Effective Alternative Services.

- (a) MCCs shall be allowed, but are not required, to use cost effective alternative services if and only if:

1. These services are listed in the MCC contract and/or in Policy BEN 08-001; or
2. These services are provided under the CHOICES program in accordance with Rule 1200-13-01-.05; and
3. They are medically appropriate and cost effective.

- (b) Use of approved cost effective alternative services is made at the sole discretion of the MCC.

(3) Emergency Medical Services.

Emergency Medical Services shall be available twenty-four (24) hours per day, seven (7) days per week. Coverage of emergency medical services shall not be subject to prior authorization by the managed care organization but may include a requirement that notice be given to the MCC of use of out-of-plan emergency services. However, such notice requirements shall provide at least a 24-hour time frame after the emergency for notice to be given to the MCC.

(4) Hospital Discharges.

Hospital discharges of mothers and newborn babies following delivery shall take into consideration the following guidelines:

- (a) The decision to discharge postpartum mothers and newborns less than 24 - 48 hours after delivery should be made based upon discharge criteria collaboratively developed and adopted by obstetricians, pediatricians, family practitioners, delivery hospitals, and health plans. The criteria must be contingent upon appropriate preparation, meeting in hospital criteria for both mother and baby, and the planning and implementation of appropriate follow-up. An individualized plan of care must include identification of a primary care provider for both mother and baby and arrangements for follow-up evaluation of the newborn.

Length of hospital stay is only one factor to consider when attempting to optimize patient outcomes for postpartum women and newborns. Excellent outcomes are possible even when length of stay is very brief (less than 24 hours) if perinatal health care is well planned, allows for continuity of care, and patients are well chosen. Some postpartum patients and/or newborns may require extended hospitalization (greater than 48-72 hours) despite meticulous care due to medical, obstetric, or neonatal

(Rule 1200-13-13-.04, continued)

complications. The decision for time of discharge must be individualized and made by the physicians caring for the mother-baby pair. The following guidelines have been developed to aid in the identification of postpartum mothers and newborns who may be candidates for discharge prior to 24 - 48 hours. The guidelines also provide examples where discharge is inappropriate.

Principles of patient care should be based upon data obtained by clinical research. Regarding the question of postpartum and newborn length of hospitalization, there are inadequate studies available to provide clear direction for clinical decision-making. Clinical guidelines represent an attempt to conceptualize what is, in reality, a dynamic process of health care refinement. Review of these guidelines is desirable and expected.

No provider shall be denied participation, reimbursement or reduction in reimbursement within a network solely related to his/her compliance with the "Guidelines for Discharge of Postpartum Mothers and Newborns."

(b) Guidelines for Discharge of Postpartum Mothers and Newborns.

1. Discharge Planning.

- (i) Discharge planning should occur in a planned and systematic fashion for all postpartum women and newborns in order to enhance care, prevent complications and minimize the need for rehospitalization. Prior to discharge a discussion should be held between the physician or another health care provider and the mother (and father if possible) about any expected perinatal problems and ways to cope with them. Plans for future and immediate care as well as instructions to follow in the event of an emergency or complication should be discussed.
- (ii) Follow-up care must be planned for both mother and baby at the time of discharge. For patients leaving the hospital prior to 24 - 48 hours, contact within 48 - 72 hours of discharge is recommended and may include appropriate follow-up within 48 - 72 hours as deemed necessary by the attending provider, depending upon individual patient need. This follow-up visit will be acknowledged as a provider encounter.

(I) Maternal Considerations:

- I. Prior to discharge, the patient should be informed of normal postpartum events including but not limited to:
 - A. Lochial patterns;
 - B. Range of activity and exercise;
 - C. Breast care;
 - D. Bladder care;
 - E. Dietary needs;
 - F. Perineal care;
 - G. Emotional responses;

(Rule 1200-13-13-.04, continued)

- H. What to report to physician or other health care provider including:
 - (A) Elevation of temperature,
 - (B) Chills,
 - (C) Leg pains, and
 - (D) Increased vaginal bleeding.
 - I. Method of contraception;
 - J. Coitus resumption; and
 - K. Specific instructions for follow-up (routine and emergent)
- (II) Neonatal Considerations:
- I. Prior to discharge, the following points should be reviewed with the mother or, preferably, with both parents:
 - A. Condition of the neonate;
 - B. Immediate needs of the neonate, (e.g., feeding methods and environmental supports);
 - C. Instructions to follow in the event of a newborn complication or emergency;
 - D. Feeding techniques;
 - E. Skin care, including cord care and genital care;
 - F. Temperature assessment and measurement with the thermometer; and
 - G. Assessment of neonatal well-being;
 - H. Recognition of illness including jaundice;
 - I. Proper infant safety including use of car seat and sleeping position;
 - J. Reasonable expectations for the future; and
 - K. Importance of maintaining immunization begun with initial dose of hepatitis B vaccine.
2. Criteria for Maternal Discharge Less Than 24 - 48 Hours Following Delivery.
- (i) Prior to discharge of the mother, the following should occur:
 - (I) The mother should have been observed after delivery for a sufficient time to ensure that her condition is stable, that she has sufficiently recovered and may be safely transferred to outpatient care.

(Rule 1200-13-13-.04, continued)

- (II) Laboratory evaluations should be obtained and include ABO blood group and Rh typing with appropriate use of Rh immune globulin; and hematocrit or hemoglobin.
 - (III) The mother should have received adequate preparation for and be able to assume self and immediate neonatal care.
 - (ii) Factors which may exclude maternal discharge prior to 24 - 48 hours include:
 - (I) Abnormal bleeding.
 - (II) Fever equal to or greater than 100.4 degrees.
 - (III) Inadequate or no prenatal care.
 - (IV) Cesarean section.
 - (V) Untreated or unstable maternal medical condition.
 - (VI) Uncontrolled hypertension.
 - (VII) Inability to void.
 - (VIII) Inability to tolerate solid foods.
 - (IX) Adolescent mother without adequate support and where appropriate follow-up has not been established. A nurse home visit within 24 - 48 hours of discharge would act as appropriate follow-up.
 - (X) All efforts should be made to keep mother and infant together to ensure simultaneous discharge.
 - (XI) Psychosocial problems (maternal or family) which have been identified prenatally or in hospital. Where appropriate follow-up has not been established, a nurse home visit within 24 - 48 hours of discharge would act as appropriate follow-up.
3. Criteria for Neonatal Discharge Less than 24-48 Hours Following Delivery.

The nursery stay is planned to allow the identification of early problems and to reinforce instruction in preparation for care of the infant at home. Complications often are not predictable by prenatal and intrapartum events. Because many neonatal problems do not become apparent until several days after birth there is an element of medical risk in early neonatal discharge. Most problems are manifest during the first 12 hours, and discharge at or prior to 24 hours is appropriate for many newborns.

- (i) Prior to discharge of the newborn at 24-48 hours, the following should have occurred:
 - (I) The course of antepartum, intrapartum, and postpartum care for both mother and fetus should be without problems, which may lead to newborn complications.

(Rule 1200-13-13-.04, continued)

- (II) The baby is a single birth at 37 to 42 weeks' gestation and the birth weight is appropriate for gestational age according to appropriate intrauterine growth curves.
 - (III) The baby's vital signs are documented as being normal and stable for the 12 hours preceding discharge, including a respiratory rate below 60/minute, a heart rate of 100 to 160 beats per minute, and an axillary temperature of 36.1 degrees C in an open crib with appropriate clothing.
 - (IV) The baby has urinated and passed at least one stool.
 - (V) No evidence of excessive bleeding after circumcision greater than 2 hours.
 - (VI) The baby has completed at least two successful feedings, with documentation that the baby is able to coordinate sucking, swallowing, and breathing while feeding.
 - (VII) No evidence of significant jaundice in the first 24 hours of life.
 - (VIII) The parent's or caretaker's knowledge, ability, and confidence to provide adequate care for her baby are documented.
 - (IX) Laboratory data are available and reviewed including:
 - I. Maternal syphilis and hepatitis B surface antigen status.
 - II. Cord or infant blood type and direct Coomb's test result as clinically indicated.
 - (X) Screening tests are performed in accordance with state regulations. If the test is performed before 24 hours of milk feeding, a system for repeating the test must be assured during the follow-up visit.
 - (XI) Initial hepatitis B vaccine is administered or a scheduled appointment for its administration has been made.
 - (XII) A physician-directed source of continuing medical care for both the mother and the baby is identified. For newborns discharged less than 24-48 hours after delivery, a definitive plan for contact within 48-72 hours after discharge has been made. A nurse home visit within 24-48 hours would be considered appropriate follow-up.
- (ii) Maternal factors which may exclude discharge of the newborn prior to 24-48 hours include:
- (I) Inadequate or no prenatal care,
 - (II) Medical conditions that pose a significant risk to the infant,
 - (III) Group B streptococcus colonization,
 - (IV) Untreated syphilis,
 - (V) Suspected active genital herpes,

(Rule 1200-13-13-.04, continued)

- (VI) HIV,
 - (VII) Adolescent without adequate support and where appropriate follow-up has not been established (a nurse home visit within 24-48 hours of discharge will act as appropriate follow-up),
 - (VIII) Mental retardation or psychiatric illness, and
 - (IX) Requirements for continued maternal hospitalization.
- (iii) Newborn factors which may exclude discharge of the newborn prior to 24-48 hours include:
- (I) Preterm gestation (less than 37 weeks);
 - (II) Small for gestational age;
 - (III) Large for gestational age;
 - (IV) Abnormal physical exam, vital signs, colors, activity, feeding or stooling;
 - (V) Significant congenital malformations; and
 - (VI) Abnormal laboratory finding:
 - I. Hypoglycemia,
 - II. Hyperbilirubinemia,
 - III. Polycythemia,
 - IV. Anemia, and
 - V. Rapid plasma reagin positive.
- (5) Early and Periodic Screening, Diagnostic and Treatment (EPSDT) Services for TennCare Medicaid Enrollees under the Age of Twenty-one (21).

The Bureau of TennCare, through its contracts with Managed Care Organizations (MCOs) and other contractors (also referred to collectively as Contractors), operates an EPSDT program to provide health care services as required by 42 C.F.R. Part 441, Subpart B and the "Omnibus Budget Reconciliation Act of 1989" to TennCare Medicaid-eligible enrollees under the age of twenty-one (21).

(a) Responsibilities of the Bureau of TennCare.

1. The Bureau will:

- (i) Keep Contractors informed as to changes to the requirements for the operation of the EPSDT program;
- (ii) Make changes to TennCare policy when necessary to keep the EPSDT program in compliance with federal and state requirements;

(Rule 1200-13-13-.04, continued)

- (iii) Provide policy clarification when needed; and
 - (iv) Oversee the activities of the Contractors to assure compliance with all aspects of the EPSDT program.
2. The Bureau, through local health departments, shall provide information on covered services to adolescent prenatal patients who enter TennCare Medicaid through presumptive eligibility. Assistance will be offered to presumptive eligibles on the day eligibility is determined in making a timely first prenatal appointment. For a woman past her first trimester, this appointment should occur within fifteen (15) days.
 3. The Bureau, through the Department of Children's Services, shall inform foster parents and institutions or other residential treatment settings with a number of eligible children, annually or more often when the need arises, including when a change of administrators, social workers, or foster parents occur, of the availability of EPSDT services.
- (b) Responsibilities of Contractors.

1. Contractors shall aggressively and effectively inform TennCare Medicaid enrollees of the existence of the EPSDT program, including the availability of specific EPSDT screening and treatment services. Such informing shall occur in a timely manner, generally within sixty (60) days of the MCC's receipt of notification of the child's enrollment in its plan and if no one eligible in the family has utilized EPSDT services, at least annually thereafter.

Contractors shall document to the Bureau the contractor's outreach activities and what efforts were made to inform TennCare Medicaid enrollees and/or the enrollee's responsible party about the availability of EPSDT services and how to access such services. All children, particularly those who have not received complete screenings timely, shall be the target of outreach efforts by the MCOs which are reasonably calculated to insure the child's participation in EPSDT. Failure to timely submit the requested data may result in liquidated damages as described in the contracts between the Bureau of TennCare and the Contractors.

2. Contractors shall use clear and non-technical terms to provide a combination of written and oral information so that the program is clearly and easily understandable.
3. Contractors shall use effective methods (developed through collaboration with agencies which have established procedures for working with such individuals) to inform TennCare Medicaid individuals who are illiterate, blind, deaf, or cannot understand English, about the availability of EPSDT services.
4. Contractors shall design and conduct outreach to inform all TennCare Medicaid-eligible individuals about what services are available under EPSDT, the benefits of preventive health care, where services are available, and how to obtain them; and that necessary transportation and scheduling assistance is available.
5. Contractors shall create a system so that TennCare Medicaid families can readily access an accurate list of names and phone numbers of contract providers who are currently accepting TennCare.
6. Contractors shall make known and offer to a TennCare Medicaid-covered child and the child's responsible party of the availability for both transportation and

(Rule 1200-13-13-.04, continued)

scheduling assistance prior to the due date of the TennCare Medicaid child's periodic examination.

7. Contractors shall provide TennCare Medicaid enrollees assistance in scheduling appointments, and obtaining transportation prior to the date of each periodic examination as requested and necessary.
8. Contractors shall document services declined by a parent or guardian of a TennCare Medicaid-eligible child or a mature competent child, specifying the particular service declined so that outreach and education for other EPSDT services continues.
9. Contractors shall maintain records of the efforts taken to outreach TennCare Medicaid children who have missed screening appointments when scheduled or who have failed to schedule regular check-ups. These records shall be made available to the Bureau and other parties as directed.
10. Contractors shall treat a TennCare Medicaid-eligible woman's request for EPSDT services during pregnancy as a request for EPSDT services for the child at birth. If the pregnant woman is under age twenty-one (21), she may request EPSDT services for herself.

(c) Compliance.

Contractors must document and maintain records of all outreach efforts made to inform TennCare Medicaid enrollees about the availability of EPSDT services.

- (6) Prior Authorization for Home Health Nurse, Home Health Aide, and Private Duty Nursing Services. Prior authorization by the MCC must be obtained in order to establish the medical necessity of all requested home health nurse, home health aide, and private duty nursing services.
 - (a) The following information must be provided when seeking prior authorization for home health nurse, home health aide, and private duty nursing services:
 1. Name of physician prescribing the service(s);
 2. Specific information regarding the patient's medical condition and any associated disability that creates the need for the requested service(s); and
 3. Specific information regarding the service(s) the nurse or aide is expected to perform, including the frequency with which each service must be performed (e.g., tube feeding patient 7:00 a.m., 12:00 p.m., and 5:00 p.m. daily; bathe patient once per day; administer medications three (3) times per day; catheterize patient as needed from 8:00 a.m. to 5:00 p.m. Monday through Friday; change dressing on wound three (3) times per week). Such information should also include the total period of time that the services are anticipated to be medically necessary by the treating physician (e.g., total number of weeks or months).
 - (b) Home health nurses and aides and private duty nurses will never be authorized to personally transport a TennCare enrollee. Home health nurses and aides delivering prior approved home health care services may accompany an enrollee outside the home in accordance with T.C.A. § 71-5-107(a)(12).
 - (c) Private duty nursing services are limited to services provided in the recipient's own home, with the following two exceptions:

(Rule 1200-13-13-.04, continued)

1. A recipient age twenty-one (21) or older who requires eight (8) or more hours of skilled nursing care in a 24-hour period and is authorized to receive private duty nursing services in the home setting may make use of the approved hours outside of that setting in order for the nurse to accompany the recipient to:
 - (i) Outpatient health care services (including services delivered through a TennCare home and community based services waiver program);
 - (ii) Public or private secondary school or credit classes at an accredited vocational or technical school or institute of higher education; or,
 - (iii) Work at his place of employment.
 2. A recipient under the age of twenty-one (21) who requires eight (8) or more hours of continuous skilled nursing care in a 24-hour period and is authorized to receive those services in the home setting may make use of the approved hours outside of that setting when normal life activities temporarily take him outside of that setting. Normal life activity for a child under the age of twenty-one (21) means routine work (including work in supported or sheltered work settings); licensed child care; school and school-related activities; religious services and related activities; and outpatient health care services (including services delivered through a TennCare home and community based services waiver program). Normal life activities do not include non-routine or extended home absences.
- (d) A private duty nurse may accompany a recipient in the circumstances outlined in subparagraph (c) immediately above, but may not drive.
- (e) Private duty nursing services will only be authorized when there are competent family members or caregivers as indicated below:
1. Private duty nursing services include services to teach and train the recipient and the recipient's family or other caregivers how to manage the treatment regimen. Having a caregiver willing to learn the tasks necessary to provide a safe environment and quality in home care is essential to assuring the recipient is properly attended to when a nurse or other paid caregiver is not present, including those times when the recipient chooses to attend community activities to which these rules do not specifically permit the private duty nurse or other paid caregiver to accompany the patient.
 2. To ensure the health, safety, and welfare of the individual, in order to receive private duty nursing services, the recipient must have family or caregivers who:
 - (i) Have a demonstrated understanding, ability, and commitment in the care of the individual related to ventilator management, support of other life-sustaining technology, medication administration and feeding, or in the case of children, other medically necessary skilled nursing functions, as applicable; and
 - (ii) Are trained and willing to meet the recipient's nursing needs during the hours when paid nursing care is not provided, and to provide backup in the event of an emergency; and
 - (iii) Are willing and available as needed to meet the recipient's non-nursing support needs.

(Rule 1200-13-13-.04, continued)

- (iv) In the case of children under the age of 18, the parent or guardian will be expected to fill this role. In the case of an adult age 18 and older, if the health, safety, and welfare of the individual cannot be assured because the recipient does not have such family or caregiver, private duty nursing services may be denied, subject to items (I) and (II) below. However, it shall be the responsibility of the MCO to:
 - (I) Arrange for the appropriate level of care, which may include nursing facility care, if applicable; and
 - (II) In the case of a person currently receiving private duty nursing services, facilitate transition to such appropriate level of care prior to termination of the private duty nursing service.
- (f) Nursing services (provided as part of home health services or by a private duty nurse) will be approved only if the requested service(s) is of the type that must be provided by a nurse as opposed to an aide, except that the MCO may elect to have a nurse perform home health aide services in addition to nursing services if the MCO determines that this is a less costly alternative than providing the services of both a nurse and an aide. Examples of appropriate nursing services include, but are not limited to, management of ventilator equipment or other life-sustaining medical technology, medication management, and tube feedings.
- (g) Home health aide services will only be approved if the requested service(s) meet all medical necessity requirements including the requirements of 1200-13-16-.05(4)(d). Thus, home health aide services will not be approved to provide child care services, prepare meals, perform housework, or generally supervise patients. Examples of appropriate home health aide services include, but are not limited to, patient transfers and bathing.

1200-13-13-.08 PROVIDERS.

- (1) Payment in full.
 - (a) All Participating Providers, as defined in this Chapter, must accept as payment in full for provision of covered services to TennCare enrollees, the amounts paid by the MCC plus any copayment required by the TennCare Program to be paid by the individual.
 - (b) Any Non-Participating Providers who provide TennCare Program covered services by authorization from an MCC must accept as payment in full for provision of covered services to TennCare enrollees, the amounts paid by the MCC plus any copayment required by the TennCare Program to be paid by the individual.
 - (c) Any Non-Participating Provider, as defined in this Chapter, who provides TennCare Program covered non-emergency services to TennCare enrollees without authorization from the enrollee's MCC does so at his own risk. He may not bill the patient for such services except as provided for in Rule 1200-13-13-.08(5).
 - (d) Any Out-of-State Emergency Provider, as defined in this Chapter, who provides covered emergency services to TennCare enrollees in accordance with this Chapter must accept as payment in full the amounts paid by the MCC plus any copayment required by the TennCare Program.
- (2) Non-Participating Providers.
 - (a) In situations where a MCC authorizes a service to be rendered by a provider who is not a Participating Provider with the MCC, as defined in this Chapter, payment to the provider shall be no less than eighty percent (80%) of the lowest rate paid by the MCC to equivalent participating network providers for the same service.
 - (b) Covered medically necessary outpatient emergency services, when provided to Medicaid managed care enrollees by non-contract hospitals in accordance with Section 1932(b)(2)(D) of the Social Security Act (42 U.S.C.A. § 1396u-2(b)(2)(D)), shall

(Rule 1200-13-13-.08, continued)

be reimbursed at seventy-four percent (74%) of the 2006 Medicare rates for these services. Emergency care to enrollees shall not require preauthorization.

- (c) Covered medically necessary inpatient hospital admissions required as the result of emergency outpatient services, when provided to Medicaid managed care enrollees by non-contract hospitals in accordance with Section 1932(b)(2)(B) of the Social Security Act (42 U.S.C.A. § 1396u-2(b)(2)(B)), shall be reimbursed at 57 percent of the 2008 Medicare Diagnostic Related Groups (DRG) rates (excluding Medical Education and Disproportionate Share components) determined in accordance with 42 CFR § 412 for those services. For DRG codes that are adopted after 2008, 57 percent of the rate from the year of adoption will apply. Such an inpatient stay will continue until no longer medically necessary or until the patient can be safely transported to a contract hospital or to another contract service, whichever comes first.
 - (d) Non-Participating Providers who furnish covered CHOICES services are reimbursed in accordance with Rule 1200-13-01-.05.
- (3) Participation in the TennCare program will be limited to providers who:
- (a) Accept, as payment in full, the amounts paid by the managed care contractor, including copays from the enrollee, or the amounts paid in lieu of the managed care contractor by a third party (Medicare, insurance, etc.);
 - (b) Maintain Tennessee, or the State in which they practice, medical licenses and/or certifications as required by their practice, or licensure by the TDMHDD, if appropriate;
 - (c) Are not under a federal Drug Enforcement Agency (DEA) restriction of their prescribing and/or dispensing certification for scheduled drugs (relative to physicians, osteopaths, dentists and pharmacists);
 - (d) Agree to maintain and provide access to TennCare and/or its agent all TennCare enrollee medical records for five (5) years from the date of service or upon written authorization from TennCare following an audit, whichever is shorter;
 - (e) Provide medical assistance at or above recognized standards of practice; and
 - (f) Comply with all contractual terms between the provider and the managed care contractor and TennCare policies as outlined in federal and state rules and regulations and TennCare provider manuals and bulletins.
 - (g) Failure to comply with any of the above provisions (a) through (f) may subject a provider to the following actions:
 - 1. Sanctions set out in T.C.A. §71-5-118. In addition, the provider may be subject to stringent review/audit procedures, which may include clinical evaluation of services and a prepayment requirement for documentation and justification for each claim.
 - 2. The Bureau of TennCare may withhold or recover payments to managed care contractors in cases of provider fraud, willful misrepresentation, or flagrant non-compliance with contractual requirements and/or TennCare policies.
 - 3. The Bureau of TennCare may refuse to approve or may suspend provider participation with a provider if any person who has an ownership or controlling interest in the provider, or who is an agent or managing employee of the provider, has been convicted of a criminal offense related to that person's

(Rule 1200-13-13-.08, continued)

- involvement in any program established under Medicare, Medicaid or the US Title XX Services Program.
4. The Bureau of TennCare may refuse to approve or may suspend provider participation if it determines that the provider did not fully and accurately make any disclosure of any person who has ownership or controlling interest in the provider, or is an agent or managing employee of the provider and has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid or the US Title XX Services Program since the inception of these programs.
 5. The Bureau of TennCare shall refuse to approve or shall suspend provider participation if the appropriate State Board of Licensing or Certification fails to license or certify the provider at any time for any reason or suspends or revokes a license or certification.
 6. The Bureau of TennCare shall refuse to approve or shall suspend provider participation upon notification by the US Office of Inspector General Department of Health and Human Services that the provider is not eligible under Medicare or Medicaid for federal financial participation.
 7. The Bureau of TennCare may recover from a managed care contractor any payments made by an enrollee and/or his family for a covered service, in total or in part, except as permitted. If a provider knowingly bills an enrollee and/or his family for a covered service, in total or in part, except as permitted, the Bureau of TennCare may terminate the provider's participation in TennCare.
- (4) Solicitations and Referrals.
- (a) Managed care contractors and providers shall not solicit TennCare enrollees by any method offering as enticements other goods and services (free or otherwise) for the opportunity of providing the enrollee with TennCare covered services that are not medically necessary and/or that overutilize the TennCare program.
 - (b) A managed care contractor may request a waiver from this restriction in writing to TennCare. TennCare shall determine the value of a waiver request based upon the medical necessity and need for the solicitation. The managed care contractor may implement the solicitation only upon receipt of a written waiver approval from TennCare. This waiver is not transferable and may be canceled by TennCare upon written notice.
 - (c) TennCare payments for services related to a non-waivered solicitation enticement shall be considered by TennCare as a non-covered service and recouped. Neither the managed care contractor nor the provider may bill the enrollee for non-covered services recouped under this authority.
 - (d) A provider shall not offer or receive remuneration in any form related to the volume or value of referrals made or received from or to another provider.
- (5) Providers may seek payment from a TennCare enrollee only under the following circumstances. These circumstances apply to all TennCare providers, as defined in this Chapter, including those who are Out-of-Network Providers in a particular enrollee's MCC. These circumstances include situations where the enrollee may choose to seek an out-of-network provider for a specific covered service.

(Rule 1200-13-13-.08, continued)

- (a) If the services are not covered by the TennCare program and, prior to providing the services, the provider informed the enrollee that the services were not covered; or
- (b) If the services are not covered because they are in excess of an enrollee's benefit limit and one of the following circumstances applies:
 - 1. The provider determines effective on the date of service that the enrollee has reached his/her benefit limit for the particular service being requested and, prior to providing the service, informs the enrollee that the service is not covered and the service will not be paid for by TennCare. The source of the provider's information must be a database listed on the TennCare website as approved by TennCare on the date of the provider's inquiry.
 - 2. The provider has information in his/her own records to support the fact that the enrollee has reached his/her benefit limit for the particular service being requested and, prior to providing the service, informs the enrollee that the service is not covered and will not be paid for by TennCare. This information may include:
 - (i) A previous written denial of a claim on the basis that the service was in excess of the enrollee's benefit limit for a service within the same benefit category as the service being requested, if the time period applicable to the benefit limit is still in effect; or
 - (ii) That the provider had previously examined the database referenced in part 1. above and determined that the enrollee had reached his/her benefit limit for the particular service being requested, if the time period applicable to that benefit limit is still in effect; or
 - (iii) That the provider had personally provided services to the enrollee in excess of his/her benefit limit within the same benefit category as the service being requested, if the time period applicable to that benefit period is still in effect; or
 - (iv) The enrollee's MCO has provided confirmation to the provider that the enrollee has reached his/her benefit limit for the applicable service.
 - 3. The provider submits a claim for service to the appropriate managed care contractor (MCC) and receives a written denial of that claim on the basis that the service exceeds the enrollee's benefit limit. Thereafter, following informing the enrollee and within the remainder of the period applicable to that benefit limit, the provider may bill the enrollee for services within that same exhausted benefit category without having to submit, for repeated MCC denial, claims for those subsequent services. If the provider informed the enrollee prior to providing the service for which the claim was denied that the service would exceed the enrollee's benefit limit and would not be paid for by TennCare, the provider may bill the enrollee for that service.
 - 4. The provider had previously taken the steps in parts 1., 2. or 3. above and determined that the enrollee had reached his/her benefit limit for the particular service being requested, if the time period applicable to the benefit limit is still in effect, and informs the enrollee, prior to providing the service, that the service is not covered and will not be paid for by TennCare.
- (c) If the services are covered only with prior authorization and prior authorization has been requested but denied, or is requested and a specified lesser level of care is

(Rule 1200-13-13-.08, continued)

approved, and the provider has given prior notice to the enrollee that the services are not covered, the enrollee may elect to receive those services for which prior authorization has been denied or which exceed the authorized level of care and be billed by the provider for such services.

- (6) Providers may not seek payment from a TennCare enrollee under the following conditions:
- (a) The provider knew or should have known about the patient's TennCare eligibility or pending eligibility prior to providing services.
 - (b) The claim(s) submitted to TennCare or the enrollee's managed care contractor for payment was/were denied due to provider billing error or a TennCare claim processing error.
 - (c) The provider accepted TennCare assignment on a claim and it is determined that another payer paid an amount equal to or greater than the TennCare allowable amount.
 - (d) The provider failed to comply with TennCare policies and procedures or provided a service which lacks medical necessity or justification.
 - (e) The provider failed to submit or resubmit claims for payment within the time periods required by the managed care contractor or TennCare.
 - (f) The provider failed to ascertain the existence of TennCare eligibility or pending eligibility prior to providing non-emergency services. Even if the enrollee presents another form of insurance, the provider must determine whether the patient is covered under TennCare.
 - (g) The provider failed to inform the enrollee prior to providing a service not covered by TennCare that the service was not covered and the enrollee may be responsible for the cost of the service. Services which are non-covered by virtue of exceeding limitations are exempt from this requirement. Notwithstanding this exemption, providers shall remain obligated to provide notice to enrollees who have exceeded benefit limits in accordance with rule 1200-13-13-.11.
 - (h) The enrollee failed to keep a scheduled appointment(s).
 - (i) The provider is a TennCare Provider, as defined in this Chapter, but is not participating with a particular enrollee's MCC and is seeking to bill the enrollee as though the provider were a Non-TennCare Provider, as defined in this Chapter.
- (7) Providers may seek payment from a person whose TennCare eligibility is pending at the time services are provided if the provider informs the person that TennCare assignment will not be accepted whether or not eligibility is established retroactively.
- (8) Providers may seek payment from a person whose TennCare eligibility is pending at the time services are provided. Providers may bill such persons at the provider's usual and customary rate for the services rendered. However, all monies collected for TennCare-covered services rendered during a period of TennCare eligibility must be refunded when a claim is submitted to TennCare if the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established.
- (9) Providers of inpatient hospital services, outpatient hospital services, skilled nursing facility services, independent laboratory and x-ray services, hospice services, and home health agencies must be approved for Title XVIII-Medicare in order to be certified as providers

(Rule 1200-13-13-.08, continued)

under the TennCare Program; in the case of hospitals, the hospital must meet state licensure requirements and be approved by TennCare as an acute care hospital as of the date of enrollment in TennCare. Children's hospitals and State mental hospitals may participate in TennCare without having been Medicare approved; however, the hospital must be approved by the Joint Commission for Accreditation of Health Care Organizations as a condition of participation.

- (10) Pharmacy providers may not waive pharmacy copayments for TennCare Standard enrollees as a means of attracting business to their establishments. This does not prohibit a pharmacy from exercising professional judgment in cases where an enrollee may have a temporary or acute need for a prescribed drug, but is unable, at that moment, to pay the required copayment.
- (11) Providers shall not deny services for a Medicaid enrollee's failure to make copayments.
- (12) All claims must be filed in accordance with the following:
 - (a) Claims filed with an MCC must be submitted in accordance with the requirements and timeframes set forth in the MCC's contract.
 - (b) All other fee-for-service claims for services delivered outside of the TennCare managed care program must be filed with the Bureau of TennCare as follows:
 - 1. All claims must be filed within one (1) year of the date of service except in the following circumstances:
 - (i) Recipient eligibility was determined retroactively to the extent that filing within one (1) year was not possible. In such situations, claims must be filed within one (1) year after final determination of eligibility.
 - (ii) If a claim filed with Medicare on a timely basis does not automatically cross over from the Medicare carrier to The Bureau, a TennCare claim may be filed within six (6) months of notification of payment or denial from Medicare.
 - 2. Should an original claim be denied, any resubmission or follow-up of the initial claim must be received within six (6) months from the date the original claim was filed. The Bureau will not process submissions received after the six (6) month time limit. The one exception is those claims returned due to available third party coverage. These claims must be submitted within sixty (60) days of notice from the third party resource.
 - 3. Should a correction document involving a suspended claim be sent to the provider, the claim will be denied if the correction document is not completed by the provider and returned to the Bureau within ninety (90) days from the date on the document.
 - 4. If claim is not filed within the above timeframes, no reimbursement may be made.
 - 5. Claims will be paid on a first claim approved - first claim paid basis.
 - 6. The Bureau will not reimburse providers for services for which there is no Federal Financial Participation.

 - (b) The amount of the individual's assets properly disregarded under these provisions shall continue to be disregarded through the lifetime of the individual.
 - (c) Assets which were disregarded for purposes of Medicaid eligibility determination during the person's lifetime are also protected from estate recovery. 1200-13-13-.11 APPEAL OF ADVERSE ACTIONS AFFECTING TENNCARE SERVICES OR BENEFITS.

(1) Notice Requirements.

(a) When Written Notice is Required.

1. A written notice shall be given to an enrollee by his/her MCC of any adverse action taken by the MCC to deny, reduce, suspend, or terminate medical assistance.
2. A written notice shall be given to an enrollee whenever his/her MCC has reason to expect that covered medical assistance for the enrollee will be delayed beyond the time lines prescribed by the TennCare contract or the terms and conditions of the TennCare waiver. Actions which can reasonably be anticipated to delay or disrupt access to medical assistance include:
 - (i) Change of primary care provider;
 - (ii) Pharmacy "lock-in";
 - (iii) Decisions affecting the designation of a person as severely and persistently mentally ill (SPMI) or severely emotionally disturbed (SED);
 - (iv) Termination of a provider's contract, by either party to the contract; or
 - (v) Inability to provide an adequate provider network.
3. A written notice shall be given to an enrollee of any MCC-initiated reduction, termination or suspension of inpatient hospital care.
4. A written notice shall be given to an enrollee of any provider-initiated reduction, termination or suspension of:

(Rule 1200-13-13-.11, continued)

- (i) Any behavioral health service for a severely and persistently mentally ill (SPMI) adult enrollee or severely emotionally disturbed (SED) child;
- (ii) Any inpatient psychiatric 24-hour or residential service;
- (iii) Any service being provided to treat a patient's chronic condition across a continuum of services when the next appropriate level of medical service is not immediately available; or
- (iv) Home health services.

The enrollee's MCC shall be promptly notified of a provider's proposal to reduce, terminate or suspend one of the above services and of the recommended discharge plan, if any, to insure compliance with this rule.

5. Appropriate notice shall be given to an enrollee by the State or MCC when a claim for service or reimbursement is denied because an enrollee has exceeded a benefit limit. Such notice shall not be subject to the requirements of rule 1200-13-13-.11(1)(c)1. During the applicable time period for each benefit limit, such notice shall only be provided the first time a claim is denied because an enrollee has exceeded a benefit limit. The State or MCC will not be required to provide any notice when an enrollee is approaching or reaches a benefit limit.
6. Appropriate notice shall be given to an enrollee by a provider when an enrollee exceeds a non-pharmacy benefit limit in the following circumstances:
 - (i) The provider denies the request for a non-pharmacy service because an enrollee has exceeded the applicable benefit limit; or
 - (ii) The provider informs an enrollee that the non-pharmacy service will not be covered by TennCare because he/she has exceeded the applicable benefit limit and the enrollee chooses not to receive the service.

During the applicable time period for each non-pharmacy benefit limit, providers shall only be required to issue this notice the first time an enrollee does not receive a non-pharmacy service from the provider because he/she has exceeded the applicable benefit limit. Such notice shall not be subject to the requirements of rule 1200-13-13-.11(1)(c)1. Providers will not be required to issue any notice when an enrollee is approaching or reaches a non-pharmacy benefit limit.

(b) Timing of Written Notice.

1. Written notice of MCC-initiated reduction, termination or suspension of medical assistance must be provided to an enrollee within the time frames required by 42 C.F.R. §§431.210 - .214 (usually ten (10) days in advance). However, in instances of MCC-initiated reduction, termination or suspension of inpatient hospital treatment, the notice must be provided to an enrollee at least two business days in advance of the proposed action. Where applicable and not in conflict with this rule, the exceptions set out at 42 C.F.R. §§ 431.211 - .214 permit or require reduction of the time frames within which advance notice must be provided.
2. An MCC must notify an enrollee of its decision in response to a request by or on behalf of an enrollee for medical or related services within fourteen (14) days of the request for prior authorization, or as expeditiously as the enrollee's health

(Rule 1200-13-13-.11, continued)

condition requires. If the request for prior authorization is denied, the MCC shall provide a written notice to the enrollee.

3. Written notice of delay of covered medical assistance must be provided to an enrollee immediately upon an MCC's receipt of information leading it to expect that such delay will occur.
4. Where required by paragraph (1)(a)4. of this rule, written notice of provider-initiated reduction, termination or suspension of services must be provided to an enrollee at least two (2) business days in advance of the proposed action.
5. Written notice is deemed to be provided to an enrollee upon deposit with the US Postal Service or other commercial mail carrier, or upon hand-delivery to an enrollee or his/her representative.

(c) Notice Contents.

1. Whenever this rule requires that a TennCare enrollee receive written notice of an adverse action affecting medical assistance, the notice must contain the following elements, written in concise, readable terms:
 - (i) The type and amount of TennCare services at issue and the identity of the individual, if any, who prescribed the services, so long as such information is applicable and has been provided to the MCC.
 - (ii) A statement of reasons for the proposed action. The statement of reasons shall include the specific facts, personal to the enrollee, which support the proposed action and sources from which such facts are derived. If the proposed action turns on a determination of medical necessity or other clinical decision regarding a medical item or service that has been recommended by the treating physician, the statement of reasons shall:
 - (I) Identify by name those clinicians who were consulted in reaching the decision at issue;
 - (II) Identify specifically those medical records upon which those clinicians relied in reaching the decision; and
 - (III) Specify what part(s) of the criteria for medical necessity or coverage was not met; and
 - (IV) Include a statement of reasons for the weight given to the treating provider. Such criteria may be satisfied by:
 - I. Citing an MCC policy that:
 - A. Lists the UM approval criteria for the requested service; and
 - B. Includes references to the evidence on which the policy is based; and
 - II. Explaining how the enrollee can obtain a copy of the policy; and

(Rule 1200-13-13-.11, continued)

- III. Explaining why the service was denied in light of the enrollee's individual circumstances (i.e., how the treating physician's recommendation deviated significantly from the MCC's evidence-based criteria).
 - (iii) Reference to the legal or policy basis for a proposed adverse action, including a plain and concise statement of, and official citation to, the applicable law, federal waiver provision, or TennCare contract provision relied upon.
 - (iv) To the extent that the initial notice of adverse action is issued prior to the member's filing a medical appeal, inform the enrollee about the opportunity to contest the decision, including the right to an expedited appeal in the case of time-sensitive care and the right to continuation or reinstatement of benefits pending appeal, when applicable.
 - (v) If the enrollee has an ongoing illness or condition requiring medical care and the MCC or its network provider is under a duty to provide a discharge plan or otherwise arrange for the continuation of treatment following the proposed adverse action, the notice must include a readable explanation of the discharge plan, if any, and a description of the specific arrangements in place to provide for the enrollee's continuing care.
 2. Remedying of Notice. If a notice of adverse action provided to an enrollee does not meet the notice content requirements of rule 1200-13-13-.11(1)(c)1., TennCare will not automatically resolve the appeal in favor of the enrollee. TennCare or the MCC may cure any such deficiencies by providing one corrected notice to enrollees prior to issuance of the notice of hearing. If a corrected notice is provided to an enrollee, the reviewing authority shall consider only the factual reasons and legal authorities cited in the corrected notice, except that additional evidence beneficial to the enrollee may be considered on appeal.
 3. If a determination that a notice of adverse action fails to satisfy notice content requirements of rule 1200-13-13-.11(1)(c)1. is made after issuance of the notice of hearing or after a corrected notice has already been provided to an enrollee, unless the service at issue is non-covered or medically contraindicated, TennCare will automatically resolve the appeal in favor of the enrollee, subject to the MCC's right to take subsequent adverse action following the issuance of a new notice of action.
- (d) Special Provisions Pertaining to Pharmacy Notice.

If an enrollee does not receive medication of the type and amount prescribed because the pharmacy services are not covered by TennCare, the enrollee shall receive appropriate notice as described below. Such notice shall not be subject to the requirements of rule 1200-13-13-.11(1)(c)1.

1. When the enrollee has exceeded a benefit limit. Pharmacists will verify TennCare coverage for all prescriptions presented by TennCare enrollees through the PBM. If the PBM denies coverage because an enrollee has exceeded the applicable pharmacy benefit limit and the drug is not included on the Pharmacy Short List, the PBM will provide appropriate notice to the enrollee, informing his/her of the right to appeal the denial. This notice will only be provided upon the first denial of coverage of a pharmacy service sought by the enrollee that exceeds the applicable monthly limits.

(Rule 1200-13-13-.11, continued)

2. When a request for prior authorization for a prescription has already been denied. Pharmacists will verify TennCare coverage for all prescriptions presented by TennCare enrollees. If the PBM denies coverage because a prior authorization request has already been denied, the enrollee will receive notice as described in rule 1200-13-13-.11(1)(d)3.(ii). No additional notice will be provided to the enrollee.
3. When a request for prior authorization has not been obtained for a prescription. Pharmacists will verify TennCare coverage for all prescriptions presented by TennCare enrollees. If the pharmacist denies coverage because a request for prior authorization has not been obtained, the following will apply:
 - (i) The pharmacists will attempt to contact the prescribing physician to seek prior authorization from the PBM or make a change in the prescription. If the pharmacist remains unable to resolve the enrollee's request for the prescription:
 - (I) The pharmacist will dispense a 72-hour interim supply of the medication in an emergency situation if such supply would not exceed applicable pharmacy benefit limits. An emergency situation is a situation that, in the judgment of dispensing pharmacists, involves an immediate threat of severe adverse consequences to the enrollee, or the continuation of immediate and severe adverse consequences to the enrollee, if the outpatient drug is not dispensed when the prescription is submitted. The 72-hour interim supply shall only be dispensed by the pharmacist once per prescription. If the pharmacist determines that an emergency situation does not exist, the pharmacist will not dispense the 72-hour interim supply and shall not provide a written notice to the enrollee for this determination. Enrollees may not appeal the denial by the pharmacist of a 72-hour interim supply of a prescription.
 - (II) The pharmacist will provide the enrollee with a notice that advises the enrollee how prior authorization may be requested for the prescription.
 - (ii) If the prescribing physician seeks prior authorization for the prescription, the PBM will respond to this request within twenty-four (24) hours of receipt if the prescribing physician has provided all of the information necessary to facilitate the determination. If the PBM grants this request, the PBM will provide notice to the enrollee informing him/her of this resolution. If the PBM denies this request, the PBM will provide the enrollee with appropriate notice, informing him/her of the right to appeal the denial and to continuation or reinstatement of benefits, when applicable.
 - (iii) If an enrollee seeks prior authorization before he/she contacted the prescribing physician, the PBM will advise the enrollee that he/she must attempt to contact the prescribing physician and allow twenty-four (24) hours to lapse from the denial of coverage for the prescription.
 - (iv) If an enrollee seeks prior authorization after attempting to contact the prescribing physician and has allowed twenty-four (24) hours to lapse since the denial of coverage for the prescription, the PBM will review this request. A decision will be made within twenty-four (24) hours of receipt of a complete prior authorization request, but no more than three (3) business

(Rule 1200-13-13-.11, continued)

days after receipt of the enrollee's call seeking prior authorization. If the request is resolved as a result of the prescribing physician making a therapy change, the PBM will provide notice to the enrollee informing him/her of this resolution. If the PBM denies this request, the PBM will provide the enrollee with appropriate notice, informing him/her of the right to appeal the denial and to continue or reinstate benefits, when applicable.

4. When the requested drug is not a category or class of drugs covered by TennCare. Pharmacists will verify TennCare coverage for all prescriptions presented by TennCare enrollees. If the PBM denies coverage because the drug is not a category or class of drugs covered by TennCare, the PBM will provide appropriate notice to the enrollee, informing him/her of the right to appeal the denial.
5. When the enrollee has been locked-into one pharmacy, as described in rule 1200-13-13-.13 and the enrollee seeks to fill a prescription at another pharmacy. Pharmacists will verify TennCare coverage for all prescriptions presented by TennCare enrollees. If the PBM denies coverage because the pharmacy is not the enrollee's "lock-in" pharmacy, the PBM will provide appropriate notice to the enrollee, informing him/her of the right to appeal the denial.
6. When an enrollee submits a pharmacy reimbursement and billing claim:
 - (i) TennCare will first determine whether the claim has been previously denied or whether a request for prior authorization has been denied. If the claim was paid upon approval of prior authorization or the enrollee received an alternative prescription ordered by his/her prescribing physician, TennCare will provide appropriate notice to the enrollee, informing them that the request has already been resolved.
 - (ii) If the claim or request for prior authorization had already been denied, TennCare will determine the reason for such denial and follow the applicable processes identified in rule 1200-13-13-.11(1)(d) 1. to 3.
 - (iii) If a claim had not already been submitted to the MCC or TennCare, TennCare will determine whether such claim is eligible for reimbursement. If TennCare denies the claim, TennCare will determine the reason for such denial and follow the applicable processes identified in rule 1200-13-13-.11(1)(d)1. to 3.
- (e) Notice of Rights. The Bureau of TennCare shall provide annual notice to TennCare enrollees of his/her notice and appeal rights established by this rule, including the enrollee's recourse when billed by a provider for TennCare covered services. Additionally, upon enrollment in an MCC, the MCC shall give the enrollee a plain language explanation of appeal rights.
- (f) Proper use of the approved template notices designated by the *Grier Revised Consent Decree* shall be deemed to satisfy the notice requirements specified by this rule.
- (g) Violation of Notice Requirements and Corrective Action.
 1. No adverse action affecting TennCare services shall be effective unless the notice requirements of the federal regulations (42 C.F.R. §§431.210 - .214), as enhanced or otherwise modified herein, have been complied with. TennCare shall not withhold, or permit others acting on its behalf to withhold, any TennCare services in violation of this requirement.

(Rule 1200-13-13-.11, continued)

2. Whenever it comes to the attention of the Bureau of TennCare or an MCC that a TennCare covered service will be or has been delayed, denied, reduced, suspended or terminated in violation of any of the notice requirements of this rule:
 - (i) Prior to an appeal or in the early stages of an appeal (i.e., before issuance of a timely notice of hearing), TennCare or the MCC may cure any such deficiencies by providing one corrected notice to a TennCare beneficiary. If the beneficiary has not yet filed an appeal, the time limit permitted for the beneficiary's response will be restarted upon issuance of the corrected notice;
 - (ii) In the later stages of an appeal (i.e., after issuance of a timely notice of hearing), TennCare or the MCC will immediately provide that service in the quantity and for the duration prescribed, subject to TennCare's or the MCC's right to reduce or terminate the service in accordance with the procedures required by this rule.
 3. In the event that the enrollee lacks a prescription for the covered TennCare service which has been delayed, denied, reduced, suspended or terminated in violation of notice requirements, the following shall occur:
 - (i) The enrollee will be immediately afforded access, at the earliest time practicable, to a qualified provider to determine whether the service should be prescribed;
 - (ii) The provider will be informed that the service will be authorized if prescribed and found to be medically necessary; and
 - (iii) Entitlement to the service will not be controlled by the MCC's utilization review process.
 4. In the event that the notice violation has occurred with regard to a delay of access to a physician to secure the requested medical assistance, such access shall be provided as soon as practicable. The enrollee shall be entitled to continue to receive such service until such time as the MCC takes those actions required by federal regulations and this rule as a prerequisite to taking any adverse action affecting TennCare services.
- (2) Appeal Rights of Enrollees. Enrollees have the following rights:
- (a) To appeal adverse actions affecting TennCare services.
 - (b) An enrollee's request for appeal, including oral or written expressions by the enrollee, or on his behalf, of dissatisfaction or disagreement with adverse actions that have been taken or are proposed to be taken, may not be denied, including instances in which:
 1. The enrollee lacks an order or prescription from a provider supporting the appeal, provided however, that the State may create an administrative grievance or other informal process to address appeals by enrollees without an order or prescription;
 2. TennCare or an MCC has agreed to cover a prescribed service in an amount that is less than the amount or duration sought by the enrollee;

(Rule 1200-13-13-.11, continued)

3. TennCare or an MCC has agreed to provide a covered service that is different from that sought by the enrollee;
 4. An enrollee seeks to contest a delay or denial of care resulting from the MCC's failure or refusal to make a needed service available, due to the inadequacy of the MCC's provider network;
 5. An enrollee seeks to contest a denial of his right under the TennCare waiver to choose his own primary care provider (PCP) from among a panel offered by the MCC, or seeks to contest a delay or denial of care resulting from the involuntary assignment of a PCP;
 6. An enrollee seeks to contest denial of TennCare coverage for services already received, regardless of the cost or value of the services at issue;
 7. An enrollee seeks to contest a decision granting or withholding designation as severely and persistently mentally ill (SPMI) or severely emotionally disturbed (SED); and
 8. An enrollee seeks to change health plans after the initial forty-five (45) days pursuant to 1200-13-13-.03(2)(b)2.
- (c) To have the appeal rights that are prescribed by 42 C.F.R. Part 431, Subpart E and Tennessee Code Annotated §§ 4-5-301, et seq.
- (d) To be allowed thirty (30) days from receipt of written notice or, if no notice is provided, from the time the enrollee becomes aware of an adverse action, to appeal any adverse action affecting TennCare services.
- (e) To appeal in person, by telephone, or in writing. Reasonable accommodations shall be made for any person with disabilities who requires assistance with his/her appeal, such as an appeal by TDD services or other communication device for people with disabilities. Written requests for appeals made at county TDHS offices shall be stamped and immediately forwarded to the TennCare Bureau for processing and entry in the central registry.
- (f) To file an appeal through a toll-free phone number on a twenty-four (24) hours a day, seven (7) days a week basis. Resolution of appeals outside of regular business hours will be available only in cases of emergency medical condition.
- (g) For ongoing services, have the right to continuation or reinstatement of services, pursuant to 42 C.F.R §§ 431.230-.231 as modified by this rule, pending appeal when the enrollee submits a timely appeal and timely request for such services. When an enrollee is so entitled to continuation or reinstatement of services, this right may not be denied for any reason, including:
1. An MCC's failure to inform an enrollee of the availability of such continued services;
 2. An MCC's failure to reimburse providers for delivering services pending appeal; or
 3. An MCC's failure to provide such services when timely requested.
- (h) To an impartial appeals process. But for initial reconsideration by an MCC as permitted by this rule, no person who is an employee, agent or representative of an MCC may

(Rule 1200-13-13-.11, continued)

participate in deciding the outcome of a TennCare appeal. No state official may participate in deciding the outcome of an enrollee's appeal who was directly involved in the initial determination of the action in question.

(3) Special Provisions Relating to Appeals.

- (a) Individualized Decisions Required. Neither the TennCare program nor its MCCs may employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his or her medical history.
- (b) Decisions to be Supported by Substantial and Material Evidence. Throughout all stages of an appeal of an adverse action affecting TennCare services, decisions shall be based upon substantial and material evidence. In cases involving clinical judgments, this requirement means that:
 1. Appeal decision must be supported by medical evidence, and it is the MCCs' and TennCare's responsibility to elicit from enrollees and his/her treating providers all pertinent medical records that support an appeal; and
 2. Medical opinions shall be evaluated in accordance with the *Grier Revised Consent Decree* and pursuant to TennCare Medical Necessity rule 1200-13-16. Reliance upon insurance industry guidelines or utilization control criteria of general application, without consideration of the individual enrollee's medical history, does not satisfy this requirement and cannot be relied upon to support an adverse action affecting TennCare services.
- (c) Record on Review. When TennCare receives an appeal from an enrollee regarding an adverse action affecting TennCare services, TennCare is responsible for obtaining from the MCC any and all records or documents pertaining to the MCC's decision to take the contested action. TennCare shall correct any violation of this rule that is evident from a review of those records.
- (d) Valid Factual Disputes. When TennCare receives an appeal from an enrollee, TennCare will dismiss this appeal unless the enrollee has established a valid factual dispute relating to an adverse action affecting TennCare services.
 1. Processing of Appeals. TennCare shall screen all appeals submitted by TennCare enrollees to determine if the enrollees have presented a valid factual dispute. If TennCare determines that an enrollee failed to present a valid factual dispute, TennCare will immediately provide the enrollee with a notice, informing him/her that the enrollee must provide additional information as identified in the notice. If the enrollee does not provide this information, the appeal shall be dismissed without the opportunity for a fair hearing within ten (10) days of the date of the notice. If the enrollee adequately responds to this notice, TennCare shall inform the enrollee that the appeal will proceed to a hearing. If the enrollee responds but fails to provide adequate information, TennCare will provide a notice to the enrollee, informing him/her that the appeal is dismissed without the opportunity for a fair hearing. If the enrollee does not respond, the appeal will be dismissed without the opportunity for a fair hearing, without further notice to the enrollee.
 2. Information Required to Establish Valid Factual Disputes. In order to establish a valid factual dispute, TennCare enrollees must provide the following information: Enrollee's name; member SSN or TennCare ID#; address and phone;

(Rule 1200-13-13-.11, continued)

identification of the service or item that is the subject of the adverse action; and the reason for the appeal, including any factual error the enrollee believes TennCare or the MCC has made. For reimbursement and billing appeals, enrollees must also provide the date the service was provided, the name of the provider, copies of receipts which prove that the enrollee paid for the services or copies of a bill for the services, whichever is applicable.

- (e) Appeals When Enrollees Lack a Prescription. If a TennCare enrollee appeals an adverse action and TennCare determines that the basis of the appeal is that the enrollee lacks a prescription, TennCare may require the enrollee to exhaust the following administrative process before an appeal can proceed:
 - 1. TennCare will provide appropriate notice to the enrollee informing him/her that he/she will be required to complete an administrative process. Such administrative process requires the enrollee to contact the MCC to make an appointment with a provider to evaluate the request for the service. The MCC shall be required to make such appointment for the enrollee within a 3-week period or forty-eight (48) hours for urgent care from the date the enrollee contacts the MCC. Appeal timeframes will be tolled during this administrative process.
 - 2. In order for this appeal to continue, the enrollee shall be required to contact TennCare after attending the appointment with a physician and demonstrate that he/she remains without a prescription for the service. If the enrollee fails to contact TennCare within sixty (60) days from the date of the notice described in subparagraph (e)1., TennCare will dismiss the appeal without providing an opportunity for a hearing for the enrollee.
 - (f) Appeals When No Adverse Action is Taken. Enrollees shall not possess the right to appeal when no adverse action has been taken related to TennCare services. If enrollees request a hearing when no adverse action has been taken, their request shall be denied by the TennCare bureau without the opportunity for a hearing. Such circumstances include but are not limited to when enrollees appeal and no claim for services had previously been denied.
- (4) Hearing Rights of Enrollees.
- (a) TennCare shall inform enrollees that they have the right to an in-person hearing, a telephone hearing or other hearing accommodation as may be required for enrollees with disabilities;
 - (b) Enrollees shall be entitled to a hearing before an impartial hearing officer that affords each enrollee the right to:
 - 1. Representation at the hearing by anyone of his/her choice, including a lawyer;
 - 2. Review information and facts relied on for the decisions by the MCC and the TennCare Bureau before the hearing;
 - 3. Cross-examine adverse witnesses;
 - 4. Present evidence, including the right to compel attendance of witnesses at hearings;
 - 5. Review and present information from his/her medical records;

(Rule 1200-13-13-.11, continued)

6. Present evidence at the hearing challenging the adverse decision by his/her MCC;
 7. Ask for an independent medical opinion, at no expense to the enrollee;
 8. Continue or reinstate ongoing services pending a hearing decision, as specified in this rule;
 9. A written decision setting out the impartial hearing officer's rulings on findings of fact and conclusions of law; and
 10. Resolution, including a hearing with an ALJ if the case has not been previously resolved in favor of the enrollee, within ninety (90) days for standard appeals or thirty-one (31) days (or forty-five (45)) days when additional time is required to obtain an enrollee's medical records) for expedited appeals, from the date of receipt of the appeal.
- (c) TennCare shall not impair the ability of an enrollee to appeal an adverse hearing decision by requiring that the enrollee bear the expense of purchasing a hearing transcript when such purchase would be a financial hardship for the enrollee.
- (d) Parties to an Appeal. Under this rule, the parties to an administrative hearing are limited to those permitted by federal regulations. The purpose of the hearing is to focus on the enrollee's medical needs. MCCs are not permitted to intervene or participate as parties in an enrollee's hearing. However, MCC employees may participate as witnesses in hearings. Further, nothing in this provision bars participation by an MCC in any informal resolution phase of the appeal process prior to a hearing before the impartial hearing officer.
- (e) Consistent with the Code of Judicial Conduct, impartial hearing officers shall assist pro se enrollees in developing the factual record and shall have authority to order second medical opinions at no expense to the enrollee.
- (f) Review of Hearing Decisions.
1. Impartial hearing officers shall promptly issue an Order of their decision. Impartial hearing officers shall provide enrollees with copies of such Orders.
 2. The TennCare Bureau shall have the opportunity to review all decisions of impartial hearing officers to determine whether such decisions are contrary to applicable law, regulations or policy interpretations, which shall include but not be limited to decisions regarding the defined package of covered benefits, determinations of medical necessity and decisions based on the application of the *Grier Revised Consent Decree*.
 - (i) TennCare shall attempt to complete such review within five (5) days of the issuance of the decision of the impartial hearing officer.
 - (ii) If TennCare is unable to take final agency action within five (5) days of the issuance of such decision, prompt corrective action by the fifth (5th) day is required, pursuant to rule 1200-13-13-.11(7)(f). However, the State shall not be prohibited from taking final agency action as expeditiously as possible and may immediately implement such final agency action to reduce, suspend, or terminate a service for which corrective action had been provided.

(Rule 1200-13-13-.11, continued)

- (iii) If TennCare modifies or overturns the decision of the impartial hearing officer, TennCare shall issue a written decision that will be provided to the enrollee and the impartial hearing officer. TennCare's decision shall constitute final agency action.
 - (iv) If TennCare does not modify or overturn the decision of the impartial hearing officer, the impartial hearing officer's decision shall constitute final agency action without additional notice to the enrollee.
 - (v) Review of final agency action shall be available to enrollees pursuant to the Tennessee Administrative Procedures Act, Tennessee Code Annotated §§ 4-5-301, et seq.
 - (vi) An impartial hearing officer's decision in an enrollee's appeal shall not be deemed precedent for future appeals.
- (g) Continuation or Reinstatement of TennCare Services.
1. Except as permitted under 42 C.F.R. §§ 431.213, 431.214 and 431.220, as modified by this rule, TennCare services shall continue or be reinstated until an initial hearing decision if the enrollee appeals and requests:
 - (i) Continuation of services within two (2) business days of the receipt of MCC-initiated notice of action to terminate, suspend or reduce ongoing inpatient hospital treatment; or
 - (ii) Continuation of services within two (2) business days of the receipt of provider-initiated notice of action to terminate, suspend or reduce any behavioral health service for a severely and persistently mentally ill (SPMI) adult enrollee or severely emotionally disturbed (SED) child, any inpatient psychiatric or residential service, any service being provided to treat a patient's chronic condition across a continuum of services when the next appropriate level of medical service is not immediately available, or home health services; or
 - (iii) Continuation or reinstatement of services within ten (10) days of MCC-initiated notice of action to terminate, suspend or reduce other ongoing services or prior to the date of action.
 2. In the case of a timely request for continuation or reinstatement of the TennCare services described in paragraph (4)(g)1.(ii) above, the enrollee shall be afforded access to a written second medical opinion from a qualified provider who participates in the MCC's network. If there has not already been a break in receipt of the services, the benefits shall continue until receipt of the written second medical opinion. Services shall continue or be reinstated thereafter pending appeal only if and to the extent prescribed by the second provider.
 3. In the case of a timely request for continuation or reinstatement of the TennCare services described in paragraph (4)(g)1.(i) and (iii) above, the services shall continue or be reinstated pending appeal only if and to the extent prescribed by the enrollee's treating clinician.
 4. Services shall not continue, but may be immediately reduced, terminated, or suspended if the services are determined medically contraindicated in accordance with the provisions of paragraph (8) below.

(Rule 1200-13-13-.11, continued)

5. Resolution, including a hearing with an ALJ if the case has not been previously resolved in favor of the enrollee, of expedited appeals shall be provided within thirty-one (31) days or forty-five (45) days when additional time is required to obtain an enrollee's medical records, from the date the appeal is received from the enrollee. TennCare is permitted to seek final agency review by the TennCare Commissioner or his designee in any appeal in which the enrollee prevails by a decision of an administrative law judge (ALJ) who is not an employee or official or the Department of Finance and Administration or Bureau of TennCare. Provided however, that if the enrollee prevails at any stage of the appeal process and TennCare seeks final agency review, the State may not await the conclusion of this review before providing prompt corrective action. If an enrollee makes a timely request for continuation or reinstatement of a disputed TennCare service pending appeal, receives the continued or reinstated service, and subsequently requests a continuance of the proceedings without presenting a compelling justification, the impartial hearing officer shall grant the request for continuance conditionally. The condition of such continuance is the enrollee's waiver of his right to continue receiving the disputed service pending a decision if:
 - (i) The impartial hearing officer finds that such continuance is not necessitated by acts or omissions on the part of the State or MCC;
 - (ii) The enrollee lacks a compelling justification for the requested delay; and
 - (iii) The enrollee received at least three (3) weeks notice of the hearing, in the case of a standard appeal, or at least one (1) week's notice, in the case of an expedited appeal.
6. Notwithstanding the requirements of this part, TennCare enrollees are not entitled to continuation or reinstatement of services pending an appeal related to the following:
 - (i) When a service is denied because the enrollee has exceeded the benefit limit applicable to that service;
 - (ii) When a request for prior authorization is denied for a prescription drug, with the exception of:
 - (I) Pharmacists shall provide a single 72-hour interim supply in emergency situations for the non-authorized drug, unless such supply would exceed applicable pharmacy benefit limits; or
 - (II) When the drug has been prescribed on an ongoing basis or with unlimited refills and becomes subject to prior authorization requirements.
 - (iii) When coverage of a prescription drug or service is denied because the requested drug or service is not a category or class of drugs or services covered by TennCare;
 - (iv) When coverage for a prescription drug is denied because the enrollee has been locked into one pharmacy and the enrollee seeks to fill a prescription at another pharmacy;
 - (v) When a request for reimbursement is denied and the enrollee appeals this denial;

(Rule 1200-13-13-.11, continued)

- (vi) When a physician has failed to prescribe or order the service or level of service for which continuation or reinstatement is requested; or
 - (vii) If TennCare had not paid for the type and amount of service for which continuation or reinstatement is requested prior to the appeal.
- (h) Expedited appeals.
1. Expedited appeals of any action involving time-sensitive care must be resolved within thirty-one (31) days, or forty-five (45) days when additional time is required to obtain an enrollee's medical records, from the date the appeal is received.
 2. An enrollee may request an expedited appeal, applying a prudent layperson's understanding regarding whether the care at issue is time sensitive, i.e., whether such care constitutes an "emergency". In this context, an emergency is a situation in which a covered benefit has been delayed, denied, terminated or suspended and in the judgment of the enrollee's treating physician or a prudent layperson, waiting 90 days to receive such service will result in:
 - (i) Serious health problems or death;
 - (ii) Serious dysfunction of a bodily organ or part; or
 - (iii) Hospitalization.
 3. The enrollee may (but is not required to) submit with his/her request for an expedited appeal, certification by his/her treating physician that such appeal is an emergency.
 4. An enrollee's request for an expedited appeal may be overcome only if:
 - (i) The item or service at issue is not a covered benefit;
 - (ii) The enrollee's treating provider certifies in writing that the appeal is not an emergency; or
 - (iii) The service is one which, by its nature, never constitutes an emergency, and is specified on a list of non-emergency items or services by the Bureau of TennCare and made available upon request to providers, enrollees, and the public.
- (5) Special Provisions Pertaining to Pharmacy.
- (a) When a provider with prescribing authority prescribes a medication for an enrollee, and the prescription is presented at a pharmacy that participates in the enrollee's MCC, the enrollee is entitled to:
 1. The drug as prescribed, if the drug is on the MCC's formulary and does not require prior authorization.
 2. The drug as prescribed, if the prescribing provider has obtained prior authorization.
 3. An alternative medication, if the pharmacist consults the prescribing provider when the enrollee presents the prescription to be filled, and the provider prescribes a substituted drug; or

(Rule 1200-13-13-.11, continued)

4. Subject to the provisions of rule 1200-13-13-.11(1)(d), if the pharmacist is unable to obtain the prescribing physician's approval to substitute a drug or authorization for the original prescription, the pharmacist will dispense a seventy-two (72) hour interim supply of the medication in an emergency situation and shall not impose any cost sharing obligations upon the enrollee for this supply. Such supply shall count towards the enrollee's applicable pharmacy benefit limit and the pharmacist shall not dispense this supply if the supply would otherwise exceed these limits. In the event that a prescribing physician obtains prior authorization or changes the drug to an alternative that does not require prior authorization, the remainder of the drug shall not count towards the enrollee's applicable pharmacy benefit limit if the enrollee receives the prescription drug within fourteen (14) days of dispensing the seventy-two (72) hour interim supply.
- (b) A pharmacist shall dispense a seventy-two (72) hour interim supply of the prescribed drug, as mandated by the preceding paragraph, provided that:
1. The medication is not classified by the FDA as Less Than Effective (LTE) and DESI drugs or any drugs considered to be Identical, Related and Similar (IRS) to DESI or LTE drugs or any medication for which no federal financial participation (FFP) is available. The exclusion of drugs for which no FFP is available extends to all TennCare enrollees regardless of the enrollee's age; or
 2. The medication is not a drug in one of the non-covered TennCare therapeutic categories that include:
 - (i) agents for weight loss or weight gain;
 - (ii) agents to promote fertility or to treat impotence;
 - (iii) agents for cosmetic purposes or hair growth;
 - (iv) agents for the symptomatic relief of coughs and colds;
 - (v) prescription vitamins and mineral products except prenatal vitamins and fluoride preparations;
 - (vi) nonprescription drugs; or
 - (vii) covered outpatient drugs which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee.
 3. Use of the medication has not been determined to be medically contraindicated because of the patient's medical condition or possible adverse drug interaction; or
 4. If the prescription is for a total quantity less than a seventy-two (72) hour supply, the pharmacist must provide a supply up to the amount prescribed.
 5. In some circumstances, it is not feasible for the pharmacist to dispense a seventy-two (72) hour supply because the drug is packaged by the manufacturer to be sold as the original unit or because the usual and customary pharmacy practice would be to dispense the drug in the original packaging. Examples would include, but not be limited to, inhalers, eye drops, ear drops, injections, topicals (creams, ointments, sprays), drugs packaged in special dispensers (birth

(Rule 1200-13-13-.11, continued)

control pills, steroid dose packs), and drugs that require reconstitution before dispensing (antibiotic powder for oral suspension). When coverage of a seventy-two (72) hour supply of a prescription would otherwise be required and when, as described above, it is not feasible for the pharmacist to dispense a seventy-two (72) hour supply, it is the responsibility of the MCC to provide coverage for either the seventy-two (72) hour supply or the usual dispensing amount, whichever is greater.

6. The Bureau of TennCare shall establish a tolerance level for early refills of prescriptions. Such established tolerance level may be more stringent for narcotic substances. Notwithstanding the requirements of this part, if an enrollee requests a refill of a prescription prior to the tolerance level for early refills established by the Bureau, the pharmacy will deny this request as a service which is non-covered until the applicable tolerance period has lapsed, and will not provide a seventy-two (72) hour supply of the prescribed drug.

(6) Release of Enrollees' Medical Records.

- (a) When a request is made, by or on behalf of a TennCare enrollee, for approval of a TennCare service or for an appeal of an adverse action affecting TennCare services, the enrollee is deemed to have consented to release of his/her relevant medical records to his/her MCC and the TennCare Bureau for the purposes of acting upon the enrollee's request.
- (b) Providers shall promptly provide copies of an enrollee's medical records to the enrollee's MCC(s) and to the TennCare Bureau upon being informed by the MCC(s) or TennCare Bureau that the records have been requested for the purpose of acting upon an enrollee's request for approval of a TennCare service or an enrollee's appeal of an adverse action affecting TennCare services.
- (c) An enrollee's consent to release of his/her medical records may be evidenced by his signature (or his provider's or authorized representative's signature) upon the enrollee's initial application for TennCare, upon his TennCare appeal form or other written request for authorization or appeal, or, in the event of an appeal by telephone, by a TennCare Bureau employee's signing of an appeal form on behalf of an enrollee with documentation of consent to do so.
- (d) The medical records obtained by MCCs and the TennCare Bureau under this rule remain confidential. MCCs and the TennCare Bureau may use and disclose the records only as necessary in their consideration of the enrollee's request for approval of a TennCare service or the enrollee's appeal of an adverse action affecting TennCare services.

(7) Time Requirements and Corrective Action.

- (a) MCCs must act upon a request for prior authorization within fourteen (14) days as provided in rule 1200-13-13-.11(1)(b)2. or as expeditiously as the enrollee's health condition requires. Failure by the MCCs to act upon a request for prior authorization within twenty-one (21) days shall result in an automatic authorization of the requested service, subject to the provision of (7)(e) below, and to provisions relating to medical contraindication at rule 1200-13-13-.11(8).
- (b) MCCs must complete reconsideration of non-expedited appeals within fourteen (14) days. MCCs must complete reconsideration of expedited appeals involving time sensitive care within five (5) days, which shall be extended to fourteen (14) days if additional time is required to obtain an enrollee's medical records. Failure by the

(Rule 1200-13-13-.11, continued)

MCCs to meet these deadlines shall not result in an immediate resolution of the appeal in favor of the enrollee provided that the missed deadline may be remedied early in the appeals process such that the appeal is resolved within the 31, 45 or 90-day deadline, whichever is appropriate.

- (c) All standard appeals, including, if not previously resolved in favor of the enrollee, a hearing before an impartial hearing officer, shall be resolved within ninety (90) days of receipt of the enrollee's request for an appeal. All expedited appeals involving time-sensitive care shall be resolved within thirty-one (31) days of receipt of the request for appeal, unless extended to forty-five days when additional time is required to obtain an enrollee's medical records. Calculation of the ninety (90) day, thirty-one (31) day or forty-five (45) day deadline may be adjusted so that TennCare is not charged with any delays attributable to the enrollee. However, no delay may be attributed to an enrollee's request for a continuance of the hearing, if s/he received less than three (3) weeks' notice of the hearing, in the case of a standard appeal, or less than one (1) week's notice, in the case of an expedited appeal involving time-sensitive care. An enrollee may only be charged with the amount of delay occasioned by his/her acts or omissions, and any other delays shall be deemed to be the responsibility of TennCare.
- (d) Failure to meet the ninety (90) day or thirty-one (31) day (extended to forty-five (45) calendar days when necessary to allow sufficient time to obtain the enrollee's medical records) deadline, as applicable, shall result in automatic TennCare coverage of the services at issue pending a decision by the impartial hearing officer, subject to the provisions of subparagraphs (7)(e) and (f) below, and to provisions relating to medical contraindication at rule 1200-13-13-.11(8). This conditional authorization will neither moot the pending appeal nor be evidence of the enrollee's satisfaction of the criteria for disposing of the case, but is simply a compliance mechanism for disposing of appeals within the required time frames. In the event that the appeal is ultimately decided against the enrollee, s/he shall not be liable for the cost of services provided during the period required to resolve the appeal. Notwithstanding, upon resolving an appeal against an enrollee, TennCare may immediately implement such decision, thereby reducing, suspending, or terminating the provision or payment of the service.
- (e) When, under the provisions of rule 1200-13-13-.11(7)(a) or (d), a failure to comply with the time frames would require the immediate provision of a disputed service, TennCare may decline to provide the service pending a contrary order on appeal, based upon a determination that the disputed service is not a TennCare-covered service. A determination that a disputed service is not a TennCare-covered service may not be based upon a finding that the service is not medically necessary. Rather, it may only be made with regard to a service that:
 - 1. Is subject to an exclusion that has been reviewed and approved by the federal Center for Medicare and Medicaid Services (CMS) and incorporated into a properly promulgated state regulation, or
 - 2. Which, under Title XIX of the Social Security Act, is never federally reimbursable in any Medicaid program.
- (f) Except upon a showing by an MCC of good cause requiring a longer period of time, within five (5) days of a decision in favor of an enrollee at any stage of the appeal process, the MCC shall take corrective action to implement the decision. For purposes of meeting the five (5) day time limit for corrective action, the State and/or its MCCs shall ensure, whenever an appeal is resolved in favor of the beneficiary:
 - 1. The enrollee's receipt of the services at issue, or acceptance and receipt of alternative services; or

(Rule 1200-13-13-.11, continued)

2. Reimbursement for the enrollee's cost of services, if the enrollee has already received the services at his/her own expense; or
3. If the enrollee has already received the service, but has not paid the provider, that the enrollee is not billed for the service and that the enrollee's care is not jeopardized by non-payment.

In the event that a decision in favor of an enrollee is modified or overturned, TennCare shall possess the authority to immediately implement such decision, thereby reducing, suspending, or terminating the provision or payment of the service in dispute.

- (g) In no circumstance will a directive be issued by the TennCare Solutions Unit or an impartial hearing officer to provide a service to an enrollee if, when the appeal is resolved, the service is no longer covered by TennCare for the enrollee. A directive also will not be issued by TennCare Solutions Unit if the service cannot reasonably be provided to the enrollee before the date when the service is no longer covered by TennCare for the enrollee and such appeal will proceed to a hearing.
- (8) Medical Contraindication.
- (a) Whenever the terms of this rule require the provision of TennCare benefits or services to an enrollee, such obligation shall be relieved upon the written certification of a provider who is familiar with the beneficiary's medical condition that the TennCare benefit or service in question is medically contraindicated. The provider must either be employed by the state or, if a licensed pharmacist determining contraindication with regard to a prescribed drug, must be making such determination consistent with pre-established standards and procedures approved by the state.
 - (b) If a TennCare service is determined to be medically contraindicated as set out above, written notice must be immediately provided to the enrollee, and the notice must be accompanied by the provider's certification that the service must be withheld in order to protect the enrollee's health or safety. A copy of the notice and provider certification must be forwarded to the Tennessee Justice Center.

(9) Special Provisions Relating to Children in State Custody.

In addition to the rights and protections established by 42 C.F.R. Part 431, Subpart E and the terms of this rule, children in state custody shall also receive the following enhanced notice and appeal rights:

- (a) The Tennessee Department of Children's Services (DCS) must provide notice of any delay in providing a TennCare service that is administered by DCS. Such delay is immediately appealable on that child's behalf and cannot be required to last a particular length of time before issuance of the notice or processing of an appeal.
- (b) Whenever there is an adverse action affecting TennCare services (regardless of which contractor or government agency is administering such services), timely notices required by this rule must be sent to the individuals specified in the DCS implementation plan which was approved by the Court in *Grier Revised Consent Decree*. In the case of services administered by MCCs other than DCS, the responsible MCC shall provide notice to DCS, which shall ensure that timely notice is provided to the required individuals. Delivery of notice triggering the right to appeal is not complete until notice is received by those individuals.

(Rule 1200-13-13-.11, continued)

- (c) An appeal from any individual specified in paragraph (9)(b) above must be accepted as an appeal on behalf of the child.

1200-13-13-.12 OTHER APPEALS BY TENNCARE APPLICANTS AND ENROLLEES.

- (1) Appeal Rights of TennCare Medicaid Applicants or Enrollees.
 - (a) Appeal Time; Continuation of Services.
 - 1. TennCare Medicaid Appeals.
 - (i) TennCare Medicaid applicants or enrollees will be given the opportunity to have an administrative hearing before a Hearing Officer or an Administrative Judge, as determined by the Department of Human Services, regarding valid factual disputes concerning denial of his/her application, cost sharing disputes, limitation, reduction, suspension or termination of eligibility, failure to act upon a request or application within required timeframes, and disputes regarding disenrollment from TennCare Medicaid. A valid factual dispute is a dispute that, if resolved in favor of the appellant, would prevent the state from taking the action that is the subject of the appeal. The TennCare Bureau designates TDHS to review each request for a hearing to determine if it is based on a valid factual dispute. If TDHS determines that an appeal does not present a valid factual dispute, then TDHS will send the appellant a letter asking him or her to submit additional clarification regarding the appeal within ten (10) days (inclusive of mail time). Unless such clarification is timely received and is determined by TDHS to establish a valid factual dispute, TDHS will dismiss the appeal. TDHS' decisions with respect to determination of whether an appeal raises a valid factual dispute shall not be appealable.
 - (ii) Requests for appeals must be made within forty (40) calendar days (inclusive of mail time) of the date of the notice to the applicant/enrollee regarding the intended action or prior to the date of action specified in the notice, whichever is later, notwithstanding anything else in these rules or in

(Rule 1200-13-13-.12, continued)

the Department of Human Services' administrative procedures rules to the contrary.

- (iii) Enrollees who request a hearing within twenty (20) calendar days (inclusive of mail time) of the date of the notice or prior to the date of action specified in the notice, whichever is later, shall retain their eligibility (subject to any changes in covered services generally applicable to enrollees in their TennCare category) pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first. If the appeal results in the State's action being sustained, the State reserves its right to recover from the enrollee the cost of services provided to the enrollee during the pendency of the appeal.
 - (iv) Enrollees disputing the applicability of changes in coverage to their current TennCare category who request a hearing within twenty (20) calendar days (inclusive of mail time) of the date of the notice or prior to the date of action specified in the notice, whichever is later, shall, notwithstanding subsection (1)(a)1.(iii), continue to receive benefits at the level for the eligibility category alleged by the enrollee to be currently applicable, pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first. If the enrollee does not clearly allege the applicability of a particular eligibility category, benefits will be continued at the level for Non-Institutionalized Medicaid Adults pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first. If TDHS subsequently determines that the enrollee is alleging that a particular eligibility category is currently applicable, benefits will be prospectively continued at the level for such eligibility category pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first.
- (b) To the extent not otherwise modified by this rule, such appeals will be conducted by the Department of Human Services for TennCare Medicaid applicants/enrollees under the Department of Human Services' administrative procedures rules, and in accordance with any other applicable rules, laws or court orders governing those programs, provided that the finality of initial orders shall be governed by the provisions of Tennessee Code Annotated Section 4-5-314(b).
 - (c) Appeal Rights for Disenrollment Related to TennCare Medicaid Eligibility Reforms.
 - 1. TennCare Medicaid enrollees, who have not been determined eligible for open Medicaid categories pursuant to the Ex Parte Review or Request for Information processes described in 1200-13-13-.02, will have the right to request a hearing for 40 days (inclusive of mail time) from the date of the Termination Notice, notwithstanding anything else in these rules or in the Department of Human Services' administrative procedures rules to the contrary.
 - 2. To the extent not otherwise modified by this rule, such appeals will be conducted by the Department of Human Services for TennCare Medicaid applicants/enrollees under the Department of Human Services' administrative procedures rules, and in accordance with any other applicable rules, laws or court orders governing those programs, provided that the finality of initial orders shall be governed by the provisions of Tennessee Code Annotated Section 4-5-314(b).

(Rule 1200-13-13-.12, continued)

3. Enrollees will not have the opportunity to request an extension for good cause of the forty (40) day timeframe in which to request a hearing.
 4. Enrollees who request a hearing within twenty (20) calendar days (inclusive of mail time) of the date of notice or prior to the date of termination specified in the Termination Notice, whichever is later, shall retain their eligibility (subject to any changes in covered services generally applicable to enrollees in their TennCare Medicaid category) pending a determination that the enrollee has not raised a valid factual dispute or until the appeal is otherwise resolved, whichever comes first.
 5. The TennCare Bureau designates TDHS to review each request for hearing to determine if it is based on a valid factual dispute. Enrollees will be given the opportunity to have an administrative hearing before a Hearing Officer or an Administrative Judge, as determined by TDHS, regarding valid factual disputes related to termination. If TDHS makes an initial determination that the request for a hearing is not based on a valid factual dispute, the appellant will receive a notice which provides ten (10) days (inclusive of mail time) to provide additional clarification of any factual dispute on which his/her appeal is based. Unless such clarification is timely received and is determined by TDHS to establish a valid factual dispute, a fair hearing will not be granted.
 6. TDHS will grant hearings only for those enrollees raising valid factual disputes related to the action of disenrollment. A valid factual dispute is a dispute that, if resolved in favor of the appellant, would prevent the state from taking the action that is the subject of the appeal. Appeals that do not raise a valid factual dispute will not proceed to a hearing. Valid factual disputes include, but are not limited to:
 - (i) Enrollee received the Termination Notice in error (e.g., they are currently enrolled in a TennCare Medicaid category that is not ending);
 - (ii) TDHS failed to timely process information submitted by the enrollee during the requisite time period following the Request for Information or Verification Request;
 - (iii) TDHS granted a "good cause" extension of time to reply to the Request for Information Notice but failed to extend the time (this is the only circumstance surrounding good cause which can be appealed) ;
 - (iv) Enrollees requested assistance because of a health, mental health, learning problem or disability but did not receive this assistance; or
 - (v) The TennCare Bureau sent the Request for Information or Termination Notice to the wrong address as defined under state law.
 7. If the enrollee does not appeal prior to the date of termination as identified in the Termination Notice, the enrollee will be terminated from TennCare Medicaid.
 8. If the enrollee is granted a hearing and the hearing decision sustains the State's action, the State reserves its right to recover from the enrollee the cost of services provided during the hearing process.
- (2) Other Appeals. Enrollees applying for Seriously and Persistently Mentally Ill (SPMI) or Seriously Emotionally Disturbed (SED) determination shall apply for each determination to the Department of Mental Health and Developmental Disabilities unless otherwise directed

(Rule 1200-13-13-.12, continued)

by the Commissioner. SPMI and SED determinations for the state only category shall be appealed in accordance with the provisions of state and federal law.

1200-13-13-.13 MEMBER ABUSE OR OVERUTILIZATION OF THE TENNCARE PHARMACY PROGRAM.

- (1) The Bureau is authorized to implement and maintain a pharmacy lock-in program designed to address member abuse or overutilization. Activities which may indicate abuse or overutilization justifying placement on lock-in or prior approval status include but are not limited to the following:
 - (a) Forging or altering a prescription for drugs.
 - (b) Selling TennCare paid prescription drugs.
 - (c) Failing to control pharmacy overutilization activity while on lock-in status.
 - (d) Visiting multiple prescribers or pharmacies to obtain controlled substances.
 - (e) Trading, swapping or selling a TennCare card.
 - (f) Failing to promptly report the loss or theft of a TennCare card.
 - (g) Forging or altering a TennCare card.
 - (h) Knowingly providing false, incomplete, inaccurate or erroneous information to provider(s) in order to receive covered services for which the member is ineligible.
 - (i) Permitting the use of a TennCare card by anyone other than the member to whom the card is assigned in order to receive or attempt to receive services.
- (2) The TennCare pharmacy lock-in program shall be administered by the Bureau. Monitoring of enrollee activities listed in Paragraph (1) shall be conducted by the Bureau, the MCCs, including the PBM, and the TennCare Office of Inspector General (OIG). When an enrollee has been identified as having participated in any abuse or overutilization activities, including but not limited to the activities listed in Paragraph (1), the enrollee's name shall be referred to the Bureau as appropriate or potentially appropriate for the lock-in program as follows:
 - (a) Appropriate for the lock-in program:
 1. Any enrollee who has been identified by the OIG as having been convicted of TennCare fraud or a drug-related offense.
 2. Any enrollee who has used buprenorphine/naloxone (Suboxone[®]) or buprenorphine (Subutex[®]) for office based opioid addiction treatment within the previous six (6) months.
 - (b) Potentially appropriate for the lock-in program:

(Rule 1200-13-13-.13, continued)

1. Any enrollee who has been arrested for TennCare fraud.
 2. Any enrollee who has been arrested for a drug-related offense.
 3. Any enrollee who has obtained multiple controlled substance prescriptions over a 90-day period that meet one of the following conditions:
 - (i) The prescriptions were filled at three (3) or more pharmacies and written by three (3) or more prescribers.
 - (ii) The prescriptions were filled at one (1) or more targeted pharmacies and written by two (2) or more prescribers.
 - (iii) The prescriptions were filled at two (2) or more targeted pharmacies and written by one (1) or more prescribers.
 - (iv) The prescriptions were filled at one (1) or more targeted pharmacies and written by one (1) or more targeted prescribers.
 - (v) The prescriptions were filled at two (2) or more pharmacies and written during three (3) or more emergency room visits.
- (3) Pharmacy lock-in procedures shall include:
- (a) A determination to place an enrollee who has been referred as appropriate or potentially appropriate for the lock-in program on lock-in status shall be made by the TennCare Pharmacy Director or designee after the enrollee's relevant pharmacy claims data has been reviewed by clinical staff.
 - (b) Any enrollee determined to be appropriate for the lock-in program shall be notified by the Bureau or the MCC prior to the imposition of lock-in status. The notice shall include a brief explanation of the lock-in program, the reason for the determination to place the enrollee on lock-in status, the date the lock-in will become effective, and the information necessary for the enrollee to appeal the decision of the Bureau, pursuant to Rule 1200-13-13-.11.
 - (c) If an enrollee fails to appeal placement in the lock-in program or an appeal is not resolved in his favor, the enrollee will be provided TennCare pharmacy services only at the lock-in provider to which the enrollee is assigned.
- (4) Lock-in provider selection. A pharmacy will qualify for and may be selected by the enrollee as a lock-in provider only if it meets all the following criteria:
- (a) It is enrolled in the TennCare Pharmacy Network;
 - (b) It is within the State of Tennessee;
 - (c) It is a full-service pharmacy that carries all medications normally carried by pharmacies;
 - (d) It is not a mail order or specialty pharmacy;
 - (e) It is not a targeted pharmacy;

(Rule 1200-13-13-.13, continued)

- (f) It is a single pharmacy location at a specific address. A chain pharmacy may be selected but only the specific named location may be used, not multiple locations or outlets of the chain; and
 - (g) It is in proximity to the enrollee's residence, which must be the current address on file with the Bureau.
- (5) After twelve (12) months a member may request a change of lock-in provider once each year. Additional changes are limited to the following reasons:
- (a) The member has moved and his new address is at least fifteen (15) miles from the lock-in pharmacy and he has updated his address with the Bureau.
 - (b) The member's lock-in pharmacy has permanently closed.
 - (c) The member's lock-in pharmacy has voluntarily dismissed the enrollee from its practice and has notified the Bureau and the PBM.
 - (d) The Bureau may, at its sole discretion, determine that there is a compelling need to change the member's lock-in pharmacy.
- (6) Review of lock-in status. The Bureau or the MCC shall periodically review the claims information of members on lock-in status to determine the need for continued lock-in or escalation to prior approval status.
- (a) Lock-in status will be discontinued if the Bureau determines that a member has met all of the following criteria for at least six (6) consecutive months:
 - 1. Has not paid cash for any controlled substance prescriptions covered by TennCare.
 - 2. Has not received any narcotic medications while on buprenorphine or buprenorphine/naloxone for addiction.
 - 3. Has received TennCare reimbursed controlled substance prescriptions from only one (1) provider.
 - 4. Has received TennCare reimbursed prescriptions from only one (1) pharmacy.
 - (b) If a member is removed from lock-in status, the Bureau or the MCC will monitor the member for changes in utilization patterns and return him to lock-in status if appropriate.
- (7) Prior approval status.
- (a) A member against whom criminal process alleging TennCare fraud has been issued or who has been convicted of TennCare fraud shall automatically be placed on prior approval status.
 - (b) Lock-in status shall be escalated to prior approval status if a member on lock-in status meets three (3) of the following criteria over a 90 day period:
 - 1. Has paid cash for three (3) or more controlled substance prescriptions covered by TennCare.
 - 2. Has filled prescriptions for controlled substances at two (2) or more pharmacies.

(Rule 1200-13-13-.13, continued)

3. Has received controlled substance prescriptions from two (2) or more prescribers.
 4. Has received a narcotic prescription while receiving buprenorphine or buprenorphine/naloxone for addiction.
- (c) A member who has been treated in a hospital emergency department for an overdose of a controlled substance (as identified in the most recently available TennCare data) or an illicit substance identified by toxicology shall automatically be placed on prior approval status.
- (8) Emergency pharmacy services may be obtained with a TennCare or MCC override of a member's lock-in status. The PBM has clinical staff available at all times to respond to emergency situations. The PBM must verify that a genuine emergency exists, such as documented proof from the lock-in pharmacy that it is temporarily out of stock of a needed medication. A lock-in override will not be provided simply because a pharmacy is closed for the day unless a true medical emergency exists.
