  - (iii) If the applicant does not provide two (2) credible statements of FMV, multiply the total annual payment by the period remaining to determine the countable value. If the period of the annuity is based on an annuitant's lifetime, the annual payments are multiplied by the annuitant's life expectancy, according to SSA's Period Life Table. If the annuity is a "period certain" annuity, annual payments are multiplied by the annuitant's life expectancy or the period certain, whichever is less. The calculated value of an annuity may be rebutted by providing two (2) credible statements of FMV amounts.

  - (i) When the individual is the lender for a contract for deed, the lender may sell or transfer the instrument to have immediate access to the unpaid principal. The value of the contract is the unpaid loan principal. Any portion of a payment that represents the loan principal is a conversion of a resource. Any portion of a payment that represents interest is considered unearned income in the month of receipt and a resource thereafter. The value of the contract may be excluded from countable resources if the individual can demonstrate that the contract cannot be sold without his realizing a net loss.
  - (ii) If the individual is the borrower, the property agreement is not a resource. However, the property purchased may be a countable resource following the month of transaction.
11. Educational Income. All educational income is excluded as a resource, including student financial assistance received under Title IV of the Higher Education Act and the Bureau of Indian Affairs. Temporary absences from the home do not affect the home's exemption, as long as the individual intends to return home at a specified time.
14. Household Goods and Personal Effects. Excluded.
15. Individual Development Account (IDA). Up to \$5,000.00 in the account is disregarded as a resource as long as the individual complies with the IDA eligibility rules and continues to maintain or make contributions to the account.

17. Sick and Disability Insurance. Excluded.
18. Burial Insurance. Excluded.

  - (III) The terms of the life estate contract prevent the holder from selling her interest in the property.
- (ii) If the life estate is not excluded based on the criteria above, the entire value of the life estate is a countable asset. The life estate value is determined by multiplying the fair market value of the property by the percentage listed in the "Life Estate Interest Table" for the age of the individual on whose lifetime the life estate is based. If more than one person owns the life estate, the value is based on the owner with the longest life expectancy.

21. Life Insurance. Excluded.

22. Livestock. The value of livestock necessary for business or self-employment, as a tool of the trade, or raised for home/personal consumption is an excluded resource. Income received is countable as self-employment income. Livestock that is used as non-business, income-producing property is countable.

23. Oil and Mineral Rights. May be included with land ownership or owned separately. If surface rights of the same property are excluded (for example, as a home) so are oil and mineral rights. Oil and mineral rights are countable when owned for personal use, or when the surface rights of the same property are countable (non-homestead, real property).

- (i) If oil or mineral rights are producing income under a lease agreement, the owner may be constrained from selling or otherwise disposing of those rights. If the land is already excluded, then oil and mineral rights are also excluded.
- (ii) If oil or mineral rights are producing income to the individual, and he is not actively engaged in the production of income, the equity value of the rights is countable.

28. Promissory Note and Other Loans. A promissory note or other loan given by the household is considered personal property and is countable, unless the note/loan balance is inaccessible or the promissory note is held for reasons other than personal use. The lender holds legal interest and has the legal ability to make available her share in the note or loan. The equity value of the note/loan is countable.
29. Prorated as Income. Excluded.
30. Real Property. The equity value in all real property the individual owns individually or jointly is a countable asset with the following exceptions:
  - (i) Property excluded as the homestead;
  - (ii) The inaccessible equity value of real property;
  - (iii) Equity value of income-producing property;
  - (iv) Real property necessary for the production of earned income (see Business or Self-Employment in this Subparagraph); or
  - (v) Real property excluded under a Conditional Assistance agreement between the individual and the State. The individual must make a bona fide effort to sell the property at its current market value, and repay the State for medical expenses covered by TennCare during the exclusion period with the proceeds of the sale. 31. Rental property. Countable if the individual who owns the property is not 'in the business of' renting property. Someone who is in the business of renting property is someone who materially participates in the operation and decision making of the rental business for at least twenty (20) hours per week.
32. Retirement Accounts and Pension Plans. Excluded up to \$20,000.00. Money held in an IRA, 401(K), or Keogh in excess of \$20,000.00 is countable, minus any penalty for early withdrawal. Pension funds that are not accessible are

- (f) Spenddown.
1. Applicants must produce proof of relevant medical expenses in order to "spend down" monthly income to the TennCare Medically Needy Income Standard (MNIS) to be eligible in a Medically Needy category. If income is below the MNIS, spenddown will not be necessary. Applicants may reduce available monthly income with countable expenses, as listed below, in order to qualify for eligibility in the Medically Needy categories. The income limits for the Medically Needy category are published in the State Plan.
  2. Countable Expenses. The following Rules apply to the expenses that may be used to meet spenddown:
    - (i) Countable expenses incurred during the month of application, whether paid or unpaid.
    - (ii) Countable expenses paid during the month of application, regardless of when such expenses were incurred.
    - (iii) Countable expenses incurred during the three (3) calendar months prior to the month of application, whether paid or unpaid.
      - (I) Expenses paid during the three calendar months prior to the month of application will not be counted unless such expenses were also incurred during those three calendar months.

(Rule 1200-13-20-.06, continued)

- (II) Any expenses incurred before the three (3) calendar months prior to the month of application will not be counted unless payment is made on those expenses during the month of application, in which case only the amount paid during the month of application is counted.
  - (III) When a Medically Needy enrollee has been eligible for twelve (12) months, he will be expected to meet spenddown again as described in this section, except verified expenses that are documented in the enrollee's Medicaid record can be carried forward to the next year as long as the individual remains continuously eligible, the expenses remain unpaid, and the bills are not written off by the provider. Only the portions of expenses that were not previously used to meet spenddown can be carried forward to the next eligibility determination. If an enrollee loses eligibility at any point, the carry forward of unpaid medical expenses ends and the enrollee must meet spenddown as if he were a new applicant.
  - (iv) All medical expenses are considered incurred the date the service is provided with the following exception: medical expenses related to maternity care (e.g., global fee) are considered incurred the month the physician presents a bill once services have begun (i.e., initial examination by the physician at a minimum).
  - (v) If spenddown is not met by the medical bills incurred as of the date of application submission or as of the date of submission of a renewal application during redetermination, the daily countable medical expenses incurred during the application month will be added until spenddown liability is reached.
3. Incurred or paid expenses for the following individuals may be considered countable expenses for purposes of determining Medically Needy financial eligibility:

  - (ii) Members of the applicant's household;
  - (iii) The applicant's FRRs or anyone for whom the applicant is financially responsible; and

Distribution from an ABLA account is the conversion of a resource from one form to another.

When funds are withdrawn irregularly, the payments are countable in the month received.
  - (i) Monies withdrawn from the principal of an accessible (countable) trust fund are excluded as income to the beneficiary, because an accessible trust fund is a countable resource. Money cannot be considered income and a resource in the same month.
  - (ii) Monies disbursed from the principal of an inaccessible trust fund are counted as income because an inaccessible trust fund is an excluded resource.

- (c) Resource Determinations. Resources countable for purposes of individuals described in this paragraph are defined at 20 C.F.R. §§ 416.1201, et seq. Unless otherwise specified below, individuals described in this paragraph are subject to the following resource requirements:
- 1. ABLE Accounts. Distributions from an ABLE account are excluded if used or intended to be used for QDEs as long as the distributions are identifiable. Distributions from an ABLE account used for non-qualified expenses are excluded if spent in the month of receipt. Distributions from an ABLE account are countable as a resource when:
    - (i) Distributions are retained past the month of receipt and are used for or intended to be used for non-qualified disability expenses; or
    - (ii) Distributions are retained past the month of receipt and were previously excluded because intended for a QDE, but used for a non-qualified expense. Count the amount of funds used as a resource the first of the month in which funds were spent; or
    - (iii) Distributions are retained past the month of receipt, have not been spent, and the intent to use the funds for a QDE has changed. Count the retained funds as a resource the first of the following month.
    - (iv) Qualified disability expenses (QDE) are expenses related to the blindness or disability of the designated beneficiary and for the benefit of the designated beneficiary. In general, a QDE includes, but is not limited to: education, housing, transportation, employment training and support, assistive technology and personal support services, health, prevention and wellness, financial management and administrative services, legal fees, funeral and burial expenses, and basic living expenses.
  - 2. Annuities are countable resources for individuals when accessible according to 20 C.F.R. § 416.1201. An annuity is a countable resource when it is revocable, assignable, or can be sold.

(Rule 1200-13-20-.06, continued)

- (i) If the annuity is an excluded resource, payments being received from the annuity will be countable unearned income, except as excluded at Subpart (v). If the annuity is a countable resource, any payments being received from the annuity are excluded.
  - (ii) Generally, annuities are revocable while in the accumulation phase though an owner will not receive a full refund, unless the annuity is cancelled during the free-look period. Once an annuity has been annuitized, the annuity is excluded as a resource if the funds are unavailable in a lump sum.
  - (iii) The countable value of an annuity during the free-look period is the purchase value. The countable value of an annuity during the accumulation phase is the cash value minus any withdrawals and surrender charges or penalty fees for early withdrawal. If an annuity contains a provision that allows an individual to cash in a contract after annuitization, the countable value of the annuity is the commuted cash value, i.e., the present value of all future payments.
  - (iv) Distributions from an annuity, such as systematic withdrawals and required minimum distributions (RMDs), are considered conversions of a resource rather than income.
  - (v) Any amount of an annuity held following the month of receipt is a countable resource, except when an annuity is a state annuity for certain veterans. A state annuity is an annuity paid by a state to an individual or an individual's spouse based on the state's determination that the individual is a veteran who is aged, blind or disabled.
  - (vi) Annuities that are funded by a pension or a retirement fund held by an employer or union should not be counted as a resource, while the individual is employed, if termination of employment would be necessary to access the funds.
  - (vii) Individuals applying for or receiving LTSS must meet additional requirements regarding asset transfers and exclusion of annuities at Rule .06(3)(h).
3. Business or Self-Employment. Excluded as essential for the production of earned income. Resources may include:

- (i) Burial funds which are not commingled are excluded resources when:
  - (I) The funds are used to purchase a life insurance policy which is then irrevocably assigned to a funeral provider. Either the ownership of the policy or proceeds may be assigned to the funeral provider. The purpose of the assignment is to fund a burial contract.
  - (II) The funds are invested in an irrevocable pre-paid or pre-need burial contract established by a funeral provider and the contract meets the following conditions:
    - I. Both the individual and the funeral home representative have signed the document;
    - II. An itemized list of the services provided under the contract is provided;
    - III. The total dollar amount of the agreement is specified;
    - IV. The individual was neither a minor nor legally declared incompetent when the agreement was signed; and
    - V. The agreement specifies in writing that the money is not refundable under any circumstances.
  - (III) The funds are invested in a burial trust established by the individual, and the total funds in the trust, including interest payments, do not exceed \$6,000.00 per individual. Transport costs which cause the trust value to exceed \$6,000.00 are excluded.
- (ii) Burial funds are countable resources when:
  - (I) The funds are used to purchase a life insurance policy and a revocable assignment of the policy or proceeds is made to a funeral provider.
  - (II) The funds are invested in a revocable pre-paid or pre-need burial contract established by a funeral provider.
  - (III) Countable burial funds are eligible to be excluded as part of the individual's burial reserve.
- (iii) Burial Reserve. An individual is allowed to set aside \$1,500.00 in resources to cover expenses connected to her burial, cremation or other funeral arrangements. Funds allowed to be excluded as part of the burial reserve include revocable, countable burial funds. These funds must not be commingled with other resources, and must be set aside for burial expenses. The \$1,500.00 maximum amount of the burial reserve is first reduced by:

(Rule 1200-13-20-.06, continued)

- (I) Life insurance, if the total value of all life insurance owned by the individual is \$1,500.00 or less; and
  - (II) Funds in an irrevocable burial agreement or contract.
- 5. Burial Plots. Exclude the value of one burial space for each family member, e.g. spouse, child, parent, sibling, whether living in the home or not. Burial plots and spaces include a gravesite, crypt, mausoleum, niche or other repository for bodily remains, vaults, headstones, markers, plaques, containers and arrangement for opening and closing the gravesite.
- 6. Cash. Countable.

Some checking accounts that may be excluded include those designated for burial needs, educational income, Individual Development Accounts, PASS, prorated as income, proceeds from the sale of a home, disaster or settlement funds if excluded by policy, and retroactive SSA payments.
- 9. CCRC Deposit or Fee. The value of an entrance fee paid to a CCRC is a countable resource when it meets the following conditions:
  - (i) The entrance fee can be used to pay for care under the terms of the entrance contract should other resources of the individual be insufficient;
  - (ii) The entrance fee or its remaining portion is refundable when the individual dies or terminates the contract and leaves the CCRC; and
  - (iii) The entrance fee does not confer any ownership interest in the community.
- 10. Contracts for Deed or Mortgage. The value of a contract for deed or mortgage may be a countable asset dependent on the circumstances of the loan, including the individual's role as lender or borrower and the accessibility of the asset.
  - (i) When the individual is the lender for a contract for deed, the lender may sell or transfer the instrument to have immediate access to the unpaid principal. The value of the contract is the unpaid loan principal. Any portion of a payment that represents the loan principal is a conversion of a resource. Any portion of the payment that represents interest is considered unearned income in the month of receipt and a resource thereafter. The value of the contract may be excluded from the countable resources if the individual can demonstrate that the contract cannot be sold without his realizing a net loss.
  - (ii) If the individual is the borrower the property agreement is not a resource. However, the property purchased may be a countable resource following the month of transaction.
- 11. Educational Income.

(Rule 1200-13-20-.06, continued)

- (i) Educational income received under Title IV of the Higher Education Act or under the Bureau of Indian Affairs is excluded as a resource.
  - (ii) Any portion of a VA educational benefit that is a withdrawal of a veteran's own contribution is a countable resource if retained in the month following the month of receipt.
  - (iii) Other grants, scholarships, fellowships and gifts intended to pay for tuition, fees or educational expenses are excluded for nine (9) months beginning the month after the funds are received. The individual must be enrolled in school and attending classes to be considered a student.
12. Farm, Business, Other Equipment. The equity value of non-self-employment income-producing real property, other than the homestead, is a countable resource. Exclude up to \$6,000.00 in equity and count only the amount that exceeds the limit, if the net income totals at least six percent (6%) of the equity value. If the property is used for self-employment, it is excluded as Business or Self-Employment.
13. Rental property is countable if the individual who owns the property is not in the business of renting property. Someone who is in the business of renting property is someone who materially participates in the operation and decision making of the rental business for at least (20) hours per week.
14. Homestead Exclusion. The entire value of the home, whether on land or water, all adjoining land not separated by property owned by others and any related outbuildings are excluded in determining resource eligibility as long as:
- (i) The home is the principal place of residence for the individual and/or his spouse and/or dependent relatives; and
  - (ii) If the individual resides in a long-term care facility, his intent to return to the home is established.
  - (iii) For an institutionalized individual, the home is excluded if Subparts (i) and (ii) above are true and the individual's equity interest does not exceed the home equity limit established by CMS, with one exception: the home equity limit does not apply to an institutionalized individual if the spouse of the individual, the individual's child under age twenty-one (21), or a blind or permanently and totally disabled child is residing in the home. An institutionalized individual whose home exceeds the home equity limit established by CMS and who does not have a spouse, a child under age twenty-one (21) or a disabled or blind child living in the home, is not eligible for payment of long term services and supports, unless it is determined undue hardship exists.
  - (iv) An individual must have lived in the home for it to be considered his home or principal place of residence.
  - (v) The value of the home and surrounding land will not be counted as a resource during the individual's absence from an unoccupied home when he intends to return to the property. An absence from the home can be necessary to accomplish a specific purpose such as hospitalization, confinement in a nursing home or receipt of services, such as nursing or personal care services not available to the individual in his home.

(Rule 1200-13-20-.06, continued)

- (vi) An intent to return home is nullified by any efforts to sell or dispose of the property during the exemption period. The exemption based on the intent to return ends the first day of the month after the month efforts are made to sell or dispose of the homestead property.
  - (vii) Rental of a homestead which has been excluded because of intent to return does not nullify the exclusion. The homestead retains the exclusion as long as there is a clear, non-contradictory intent to return, and no efforts are made to sell or dispose of the property. The rent will be counted as unearned income in the month received.
  - (viii) The exemption based on residence of the enrollee's dependent relative ends the first day of the month after the relative last lived in the homestead, if the relative does not intend to return. Real property located outside of Tennessee can be excluded from countable resources as homestead property, if there is substantiation of the individual's intent to return to the home or the property is the principal residence of the individual's spouse or dependent relatives.
15. Individual Development Account. Funds, including accrued interest, in the account are excluded as a resource as long as the individual complies with the IDA eligibility rules and continues to maintain or make contributions into the account.
16. Income-Producing Resource. Exclude up to \$6,000.00 of an individual's equity in an income-producing resource if it produces a net annual income to the individual of at least six percent (6%) of the property's equity value. If the individual's equity value is greater than \$6,000.00, the amount that exceeds \$6,000.00 is countable towards the resource limit.
- (i) If an income-producing resource does not produce a net annual income of at least six percent (6%) of the resource's equity value, the entire equity value of the resource is countable.
  - (ii) If the individual owns more than one piece of income-producing resource and each produces income, each is reviewed to determine whether the six percent (6%) test is met. Then the amounts of the individual's equity in all of those properties producing six percent (6%) are totaled to determine if the total equity of all properties is \$6,000.00 or less. If the total equity value in the properties that meet the six percent (6%) rule is over the \$6,000.00 equity limit, the amount exceeding \$6,000.00 is counted as a resource.
17. Insurance. Exclude Sick and Disability Insurance and Burial Insurance.
18. Items of Unusual Value, Household Goods, and Personal Effects. In general, an item may be considered an item of unusual value if the item is not excluded as a household good or personal effect, and the equity value of the item is greater than \$500.00. An item of unusual value that generates income for the individual is countable. The countable value is determined by applying the Rate of Return test (see Income-Producing Resource above). A personal item of unusual value is excluded. Household Goods and Personal Effects are also excluded.
19. Life Estates. Property in which an individual holds a life estate is subject to the same exclusion rules as property the individual owns by title, subject to the following exceptions:

(Rule 1200-13-20-.06, continued)

- (i) A life estate will be excluded as the home when the property meets the homestead exemption.
  - (ii) If the property is used in the passive production of income, then the life estate is subject to the Rate of Return test (see, Income-Producing Resource above).
  - (iii) A life estate will be excluded when ownership is necessary for the production of earned income.
  - (iv) The terms of the life estate contract prevent the holder from selling his interest in the property.
  - (v) If the life estate is not excluded based on the criteria (i)-(iv) above, the entire value of the life estate is a countable asset. The life estate value is determined by multiplying the Fair Market Value (FMV) of the property by the percentage listed in the SSA's Life Estate and Remainder Interest Tables for the age of the individual on whose lifetime the life estate is based. If more than one person owns the life estate, the value is based on the owner with the longest life expectancy.
  - (vi) When an individual purchases, or, in some other way receives, as compensation in a transaction, a life estate in another individual's home, the purchase of the life estate is considered an asset transfer subject to penalty, unless the individual then lives in the home for a period of at least one year after receiving the life estate.
  - (vii) If the individual does live in the home for a period of one year after receiving or purchasing the life estate, then the amount of the transfer is the entire amount used to purchase the life estate.
  - (viii) If an individual purchases a life estate in another individual's home and then lives there for one year after the purchase, the life estate is an excluded resource while being used as the individual's (or the individual's spouse's) home. However, if payment for a life estate exceeds the FMV of the life estate the difference between the amount paid and the FMV should be treated as an asset transfer. In addition, if an individual makes a gift or transfer of a life estate interest, the value of the life estate should be treated as a transfer of assets.
20. Life Insurance. Countable or excluded based on the type of life insurance owned by the individual and its intended use. Exclude all life insurance if the total face value of all policies does not exceed \$1,500.00 per owner.
21. Livestock. The value of livestock necessary for business or self-employment, as a tool of the trade, or raised for home/personal consumption is an excluded resource. Income received is countable as self-employment income. The equity value of livestock that are pets is countable. Livestock that is used as non-business income-producing property is countable, and subject to treatment as an Income-Producing Resource as described in this subparagraph.
22. Oil and Mineral Rights. May be included with land ownership or owned separately. If surface rights of the same property are excluded (for example, as a home) so are oil and mineral rights. Oil and mineral rights are countable when owned for personal use, or when the surface rights of the same property are countable (non-homestead, real property).

(Rule 1200-13-20-.06, continued)

- (i) If oil or mineral rights are producing income under a lease agreement, the owner may be constrained from selling or otherwise disposing of those rights. If the land is already excluded, the oil and mineral rights are excluded.
  - (ii) If oil or mineral rights are producing income to the individual, and he is not actively engaged in the production of income, the equity value of the rights is subject to the Rate or Return test. See Income-Producing Resource above.
- 23. Patient Trust Account. The balance of the account at the time of application and redetermination is a countable resource.
- 24. Personal Resource. Countable unless excluded based on the terms of the asset. A personal resource is typically for the use of the individual and his family.
- 25. Personal Consumption. Exclude up to \$6,000.00 of the equity value of non-business property currently in use to produce goods or services essential to daily activities. Any portion of the property's equity value in excess of \$6,000.00 is a countable resource.
- 26. PASS. Any income an SSI recipient places in an approved PASS account is excluded as a resource. The PASS account itself is also excluded. This exclusion expires when the PASS contract expires or ends, or when the individual is no longer an SSI recipient.
- 27. Prepayment of Rent. Countable unless the individual cannot receive the money back under any circumstances (i.e., the lease agreement includes a no refund policy, or the landlord provides a statement that the funds will not be returned to the renter). Prepayment of an applicant's mortgage is not considered a resource.
- 28. Prepayment of Nursing Home Care. Prepayment for care deposited by an applicant upon his admission to a TennCare Medicaid-participating long-term care facility is a countable resource for the individual who is subsequently approved for TennCare Medicaid benefits if the deposit was paid from the individual's own funds.
- 29. Proceeds from the Sale of a Home. Excluded to the extent that the funds are intended to be used to purchase another home subject to the homestead exclusion, and the funds are used for such a purpose within three (3) months of the date of receipt of the proceeds.
- 30. Promissory Notes and other Loans. A promissory note or other loan given by the household is considered personal property and is countable, unless the note/loan balance is inaccessible or the promissory note is held for reasons other than personal use. The lender holds legal interest and has the legal ability to make available his share in the note or loan. The equity value of the note/loan is countable.
  - (i) If a household makes a loan that is considered inaccessible, or is shown to have a significantly lower market value than the unpaid balance of the loan, the loan will be considered to be an uncompensated transfer of assets. The uncompensated asset transfer will be considered to be the outstanding balance due on the loan as of the date of the lender's

(Rule 1200-13-20-.06, continued)

- application for long term services and supports (nursing facility or HCBS services).
- (ii) In addition, the Deficit Reduction Act of 2005 (DRA) provides that funds used to purchase a promissory note, loan or mortgage must meet the following criteria, or the purchase will be treated as a transfer of assets for less than FMV:
    - (I) The repayment term must be actuarially sound (as determined by SSA standards);
    - (II) Payments must be made in equal amounts during the term of the loan with no deferral payment and no balloon payments; and
    - (III) The promissory note, loan or mortgage must prohibit the cancellation of the balance upon the death of the lender.
  - (iii) If the above criteria are not met, the purchase of the promissory note or loan must be treated as a transfer of assets. The amount used to calculate a penalty will be the outstanding balance of the loan due as of the date of application for TennCare Medicaid.
  - (iv) Promissory notes that are made for purposes other than personal use are treated according to their use. Promissory notes may be made for the following purposes:
    - (I) Burial;
    - (II) Business or Self-Employment; and
    - (III) Proceeds from the Sale of a Home.
31. Property that represents government authority to engage in an income-producing activity. Excluded if the property is used in trade, business or non-business income-producing activity. Exclude property that is currently not in use due to circumstances beyond the individual's control and there is a reasonable expectation that the use will resume.
32. Prorated as Income. Excluded.
33. Qualified Tuition Savings Plan (529 Plans). Countable minus any early withdrawal penalties.
34. Real Property. The equity value in all real property the individual owns individually or jointly is a countable asset with the following exceptions:
- (i) Property excluded as homestead;
  - (ii) The inaccessible equity value of real property;
  - (iii) Equity value of income-producing property (subject to the Rate of Return test);
  - (iv) Real property necessary for the production of earned income (see Business or Self-Employment); and

(Rule 1200-13-20-.06, continued)

- (v) Property excluded under a Conditional Assistance agreement between the individual and the State.
35. Retirement Funds. Retirement funds owned by an individual and held in an IRA, 401(k), or other work-related plan are resources if an individual has the option of withdrawing funds in a lump sum. The value of a retirement fund is the amount of money that the individual can currently withdraw less any penalty for early withdrawal. Retirement funds are not counted as resources if termination of employment is necessary to access the funds or an individual is eligible for and receiving periodic benefits (e.g., pension or annuity). Distributions and systematic withdrawals from a retirement account are conversions of a resource rather than income when an individual can withdraw any of the remaining account balance in a lump sum. Retirement funds are excluded from deeming if owned by an ineligible spouse or an ineligible parent (for non-institutional categories only).
- (i) Funds held in a 401(k) or 403(b) retirement account are countable when an individual is no longer job-attached. Funds in a 401(k), part of a profit-sharing plan or stock bonus plan, or in a 403(b) retirement account are also countable when an individual reaches age 59 ½.
  - (ii) Funds held in an IRA are considered accessible any time. Count the equity value of an accessible IRA when determining eligibility. An IRA held in the form of an annuity will be evaluated as an annuity.
  - (iii) A Keogh plan established for a self-employed individual is considered accessible and is counted as a resource to the individual even if the household is not actually accessing the funds.
  - (iv) If the accessibility of a retirement fund cannot be determined based on the documentation received, the summary plan description or a written statement from the plan administrator shall be requested.
  - (v) Retirement funds are considered nonliquid resources unless there is evidence to suggest otherwise. An individual with excess retirement funds who is otherwise Medicaid-eligible may qualify for conditional assistance while waiting for retirement funds to become available, if the individual agrees in writing to use the funds to repay the medical assistance he received during the conditional assistance period.
36. Savings Accounts. Countable if it is characterized by personal use. If the current month's income has been deposited into the account it must be excluded when determining the current value of the account. A savings account may be excluded if it is used for one of the following purposes:
- (i) Burial funds;
  - (ii) Business or Self-Employment;
  - (iii) Educational Income;
  - (iv) Individual Development Account;
  - (v) PASS;
  - (vi) Proceeds from the Sale of a Home (subject to time limits);

(Rule 1200-13-20-.06, continued)

- (vii) Prorated as income;
  - (viii) Settlement or Disaster Payment, if excluded by policy; and
  - (ix) SSI/SSA Retroactive Payment (subject to time limits).
37. Settlement or Disaster Payment. Payments or benefits provided under certain Federal statutes are excluded, if payments are not commingled with other funds. Excluded settlement and/or disaster payments include:
- (i) Agent Orange Settlement Payments;
  - (ii) Disaster Relief Assistance received under the Disaster Relief Act of 1974;
  - (iii) Distribution of perpetual judgment funds to Indian tribes under the following:
    - (I) Indian Judgment Funds Distribution (P.L. 93-134);
    - (II) Black Feet and Gros Ventre Tribes (P.L. 92-254);
    - (III) Grand River Band of Ottawa Indians in Indian Claims Commission Docket No. 40-K;
    - (IV) Tribes or groups under P.L. 93-134;
    - (V) Yakima Indian Nation or the Apache Tribe of the Mescalero Reservation (P.L. 95-433); and
    - (VI) Receipts from land held in trust by the Federal government and distributed to certain Indian tribes under P.L. 94-114.
  - (iv) Factor VIII or IX Concentrate Blood Products Litigation. The settlement payments made to hemophilia patients infected with HIV through blood plasma products as a result of the class action lawsuit;
  - (v) Filipino Veterans Compensation Fund Payments. Lump sum payments made to certain veterans and spouses of veterans who served in the military of the Government of the Commonwealth of the Philippines during WWII;
  - (vi) Japanese-American and Aleutian Restitution Payments;
  - (vii) Payments made to individuals because of their status as victims of Nazi persecutions;
  - (viii) Payments to children born of Vietnam veterans diagnosed with spina bifida;
  - (ix) Payments made under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (State and local payments are only excluded for nine (9) months);
  - (x) Revenues from the Alaska Native Fund paid under section 21(a) of the Alaska Native Claims Settlement Act;

(Rule 1200-13-20-.06, continued)

- (xi) Criminal Victims Compensation Funds paid to crime victims (excluded for nine (9) months); and
  - (xii) Energy Employees Occupational Illness Compensation Program Act (EEOICPA).
38. SSI/SSA Retroactive Payment. Excluded for nine (9) months after the payment is received and counted after that nine (9) month exclusion period.
39. Stocks/Bonds/Mutual Funds. Countable. Although personal mutual funds are countable, those held for purposes listed below are subject to different treatment:
- (i) Burial;
  - (ii) Business or Self-Employment;
  - (iii) Educational Income;
  - (iv) Proceeds from the Sale of a Home;
  - (v) Prorated as Income; or
  - (vi) Settlement or Disaster Payment, if excluded by policy.
40. Tools of the Trade. Excluded.
41. Trusts. Countable or excluded based on the nature of the trust, the date the trust was created, the source of funds used to create the trust, plus other factors as specified in 42 U.S.C. § 1396p(d).
42. Vehicles. One car, truck, motorcycle, camper, motor home, aircraft, snowmobile, watercraft, boat, or all-terrain vehicle is excluded regardless of its value if it is used for transportation of the individual or a member of his household. If an applicant owns more than one vehicle, the equity value of that second vehicle is countable when it is owned by the applicant or a deemed filing unit member, and it cannot be excluded under another provision. Boats, motorcycles, snowmobiles, jet skis, ATVs, and aircraft are generally considered recreational vehicles. The equity value of these recreational vehicles is a countable resource unless it can be excluded under other provisions.
- (d) Conditional Assistance. Nonliquid resources, which are not exempt under another resource provision, are exempt as a resource if the individual enters into a Conditional Assistance agreement with the State. Nonliquid resources include real and personal property that cannot be converted to cash within twenty (20) days. The individual must make a bona fide effort to dispose of the excess nonliquid resources at current market value, and use the proceeds to repay the State for medical expenses covered by TennCare during the period of conditional assistance.
- 1. The exclusion period for real property is not to exceed nine (9) months. The exclusion period for personal property is not to exceed three (3) months, however a three (3) month extension may be granted if the individual is able to show a good cause for failure to dispose of the property. Property that remains unsold at the end of the exclusion period will be considered inaccessible so long as the individual continues the bona fide effort to sell.

(Rule 1200-13-20-.06, continued)

2. Repayment of medical expenses covered by TennCare during the period of conditional assistance may not exceed the total net proceeds of the sale. Any proceeds remaining after the repayment of medical expenses is paid are considered a resource.
- (e) Disregards and Expenses Allowed. Unless otherwise specified in Subparagraph (f) below, individuals described in Subparagraph (a) are subject to the following expense requirements.
1. Child Support Disregard. One-third (1/3) of child support payments (including child support arrearages) paid by an absent parent to or for a child under age 18, or under age twenty-two (22) and a student regularly attending school, is excluded per month.
  2. General Deduction. A \$20.00 monthly General Deduction is allowed per household, and is applied to unearned income. If any of the \$20.00 deduction is not offset by unearned income, the remainder is applied to the spouse's unearned income and then to the applicant or enrollee's earned income.
  3. Student Earned Income Exclusion (SEIE). Applies to the earnings of an individual who is under age twenty-two (22) and regularly attending school. The exclusion may apply to an eligible or ineligible individual, child, spouse, or parent(s). The SEIE monthly amount is determined by the SSA. The SEIE does not apply to children attending elementary school.
  4. Earned Income Deduction. The first \$65.00 of the earned income of each aged, blind or disabled individual is disregarded.
  5. Impairment-Related and Blind Work Expenses:
    - (i) The gross countable earned income of each blind or disabled individual (not living in a medical institution) may be reduced by the amount of expenses attributable to earning the income. The allowable Blind Work Expenses (BWE) and allowable Impairment-Related Work Expenses (IRWE) are not the same. BWE and IRWE apply only to earned income. In order to deduct either BWE or IRWE, the individual must be:
      - (I) Blind, blind and disabled, or disabled; and under age sixty-five (65), or
      - (II) Age sixty-five (65) and older; and received SSI payments due to blindness or disability the month before attaining age sixty-five (65).
    - (ii) These expenses do not apply to the Institutional Medicaid categories. Work expenses must not be payable or reimbursable by a third party, such as Medicaid, Medicare or other insurance.
  6. One-Half Disregard. One-half of the remaining earned income in the month is disregarded. This disregard is deducted after Impairment-Related Work Expense (IRWE), but before deducting Blind Work Expenses (BWE).
- (f) Mandatory deductions such as FICA and withholding tax on pensions and other unearned income are not included in gross income for Institutional Medicaid and the Medicare Savings Programs.

(Rule 1200-13-20-.06, continued)

- (g) Household Composition Rules. Household composition for the ABD categories is governed by the FRR principle. Financial responsibility is limited to spouse to spouse and parent to child. Household composition not only determines which income standard to use, but also how FRR income is “deemed” available, and the amount of income “deemed” or available to an individual. See 20 C.F.R. §§ 416.1160, et seq.
1. The following individuals are included in the applicant’s household, if living in the same household:
    - (i) The applicant; and
    - (ii) The applicant’s eligible spouse.
  2. For Medicare Savings Programs (MSPs), include dependent children under age 21 in the household.
  3. Step-children are considered in household composition when they live in the home and their natural parent is the spouse of the applicant and is included in the applicant’s household.
  4. Financial eligibility in the SSI-Related categories is determined based on a household size of one or two. Included household members are the applicant and if applicable, his spouse. If there are additional household members, they will be considered in deeming budgets, if appropriate.
  5. Parent-to-child deeming applies when a blind or disabled child under age 18 is living with his parent(s), and a portion of the parent’s income and resources may be deemed available to the child and counted as unearned income to the child in determining his TennCare Medicaid eligibility. The parent receives income disregards and allocations in order to meet his own needs and the needs of other children that live in the household. The needs of step-parents and step-siblings are also considered when they live in the home with the applicant and natural or adopted parent, and the step-parent is married to the natural or adopted parent. Children for whom a child allocation is received must be unmarried and under age 18, or under age 22 and a student. Child and parental allocations are deducted from the parent’s income before any income is deemed to the applicant/enrollee. Parental deeming applies to the following TennCare Medicaid categories:
    - (i) Medicare Savings Program (QMB, SLMB, QI1 and QDWI); and
    - (ii) Pickle Passalong.
  6. The countable income and resources of an applicant/enrollee’s TennCare Medicaid-eligible spouse living in the home may be deemed available to the applicant/enrollee. Spousal deeming applies when the spouses share a living arrangement, i.e., live in the community or home together. The applicant/enrollee’s ineligible spouse is included in the household if the income of the spouse is deemed to the applicant/enrollee. Spousal deeming applies to the following TennCare Medicaid categories, which use SSI financial methodology:
    - (i) Medicare Savings Program (QMB, SLMB, QI, and QDWI); and
    - (ii) Pickle Passalong.

(Rule 1200-13-20-.06, continued)

7. Financial eligibility for Institutional categories is determined based on a household size of one. The only included household member is the applicant/enrollee. However, the community spouse and dependents do impact budgeting of the post-eligibility treatment of income (i.e. patient liability), and the community spouse's resources are considered in the resource assessment.
- (h) Qualifying Income Trusts (QIT) for Institutional Applicants.
1. Individuals who are receiving or will receive nursing facility services or home and community based services (HCBS) offered either through the CHOICES program or through a Section 1915(c) HCBS waiver program and whose income exceeds the Medicaid Income Cap (MIC) may establish a QIT. Funds placed in a QIT that meets the standards set forth below are not treated as available resources or income for purposes of determining the individual's TennCare eligibility.
  2. A QIT is a trust consisting only of the individual's pension income, SSI, and other monthly income created for the purpose of establishing income eligibility for TennCare coverage when an individual is or soon will be confined to a nursing facility, HCBS or ICF/IID waiver program offered either through the CHOICES program or through a Section 1915(c) HCBS waiver program.
  3. An individual is eligible to establish a QIT if his income is above the level at which he would be financially eligible for nursing facility, HCBS offered either through the CHOICES program or through a Section 1915(c) HCBS waiver program, or ICF/IID care under Medicaid.
  4. The amount of income that an applicant/recipient places in a QIT cannot be limited nor can it be counted when testing income against the MIC. However, it is used in determining patient liability during post-eligibility treatment of income. If the applicant/recipient's income that is not placed in a QIT is over the MIC, the individual is not financially eligible for the Institutional category.
  5. A valid QIT must meet the following criteria:
    - (i) The trust must be irrevocable and cannot be modified or amended in whole or in part by the Grantor at any time. However, the Trustee or a court of competent jurisdiction shall have the right and jurisdiction to modify any provision of the trust to the extent necessary to maintain the eligibility of the Grantor for medical assistance.
    - (ii) Each month the trustee shall distribute the entire amount of income transferred into the Trust except for an amount not to exceed \$20.00, or other verified amount, for a QIT maintenance fee.
    - (iii) The sole beneficiary of the Trust is the individual for whose benefit the Trust is established and the State of Tennessee. The Trust terminates upon the death of the individual, or when the Trust is no longer required to establish TennCare Medicaid eligibility in the State of Tennessee, or if nursing facility care or HCBS is no longer medically necessary for the individual, or if the individual is no longer receiving such services.
    - (iv) The Trust must provide that upon the death of the individual or termination of the Trust, whichever occurs sooner, the State of Tennessee shall receive all amounts remaining in the Trust up to the total amount of medical assistance paid by the State on behalf of the individual.

(Rule 1200-13-20-.06, continued)

- (v) Amounts remaining in the Trust that are owed to the State must be paid to TennCare within three (3) months after the death of the individual or termination of the Trust, whichever is sooner, along with an accounting of the payments from the Trust. TennCare may grant an extension if a written request is submitted within two (2) months of the termination of the Trust.
  - (vi) This Part applies to an income trust established on or after July 1, 2005, and under the hardship provision in Section 1613(e) of the Social Security Act (42 U.S.C. § 1382b(e)). Hardship may be considered to exist when the institutionalized individual or his spouse would have resources in excess of the resource limit, is otherwise eligible, and for whom TennCare Medicaid ineligibility would result in loss of essential nursing care which is not available.
  - (vii) Allowable payments from the Trust include:
    - (I) Personal Needs Allowance (PNA). The amount the individual is allowed to retain for his personal needs under TennCare Medicaid policies. As of January 1, 2005, this amount is \$50.00 for confinement in a nursing facility or ICF/IID and three hundred percent (300%) of the SSI/FBR for HCBS enrollees and Self-Determination Waiver; and two hundred percent (200%) of the SSI/FBR for the Comprehensive Aggregate Cap (CAC) and Statewide Waivers.
    - (II) A deduction not to exceed \$20.00, or other verified amount, for expenses necessary for managing the trust (i.e. bank charges).
    - (III) CSIMA or DIMA, if applicable.
    - (IV) Health Insurance Premiums. Allowed when the individual has health insurance other than TennCare Medicaid (for example, Medicare premium or a Medicare supplement policy).
    - (V) Incurred Medical Expenses. Payment for types of medical or remedial care recognized under State law, but not covered as medical assistance under TennCare Medicaid.
  - (viii) Any countable income not placed in the QIT and any Trust income remaining after allowable deductions are made shall be paid monthly to the nursing facility, HCBS provider, or MCO by the individual or from the Trust in an amount not to exceed the Medicaid reimbursement rate. Any excess income not distributed from the Trust shall accumulate in the Trust monthly.
  - (ix) No other deductions or expenses may be paid from the Trust. Expenses which cannot be paid from the Trust except as specifically provided herein include, but are not limited to, trustee fees, attorney fees and costs (including attorney fees and costs incurred in establishing the trust), accountant fees, court fees and costs, fees for guardians ad litem, funeral expenses, past due medical bills and other debts.
- (i) Annuities.
1. Disclosure. Disclosure of annuities is required for all applicants pursuant to 42 U.S.C. § 1396p(e). If an individual or her spouse refuses to disclose information

(Rule 1200-13-20-.06, continued)

- related to an annuity, the individual will be denied Medicaid eligibility based on the individual's failure to cooperate.
2. Annuities and Transfer of Assets. An annuity will not be treated as a transfer of assets if the annuity meets the requirements of 42 U.S.C. § 1396p(c)(1)(G).
  3. Requirement to name the State as the Remainder Beneficiary. The purchase of an annuity is subject to the transfer of assets provision unless it meets the requirements of 42 U.S.C. § 1396(c)(1)(F).
    - (i) Annuities purchased or converted by the individual or his spouse on or after February 8, 2006, must be changed prior to TennCare Medicaid approval or redetermination to name the State of Tennessee as the remainder beneficiary of the annuity. If the individual has a community spouse, or a minor or disabled child, the State may be named in the second position following one of these individuals. If the State is named in the second position following a community spouse or child, the annuity must also provide that the State becomes the remainder beneficiary in the first position if the community spouse, child, or their representative disposes of any of the remainder of the annuity for less than fair market value.
    - (ii) As a remainder beneficiary, the State may receive up to the total amount of medical assistance paid on behalf of the individual, including both long term services and supports and home and community based services. The State must notify the issuer of the State's right as the preferred remainder beneficiary and the issuer must notify the State if there are any changes in the amount of income or principal being withdrawn.

If a nursing home applicant uses his funds to purchase a loan, mortgage or promissory note and the purchase agreement does not meet the criteria of this part, the amount of the asset transfer will be the outstanding balance due on the loan, mortgage or promissory note as of the date of the application for Medicaid.

    - (i) If the transfer of assets occurs on or after the look-back date.

(Rule 1200-13-20-.08, continued)

  - 2. Assets include all income and resources, including the home, unless transferred as indicated in subparagraph (i) above, of the institutionalized individual and his spouse, (including income and/or resources the individual is entitled to, but does not receive because of any action by the individual or his spouse or a person (including a court) or administrative body with legal authority to represent the individual, his spouse, or who acts at the direction or request of the individual and his spouse).
  - 3. Penalty period: The period of ineligibility for payments for long-term services and supports in the CHOICES Program imposed for transfers of assets within sixty (60) months prior to application for long term care nursing services.
    - (i) The penalty period is determined by dividing the uncompensated value of the transferred asset by the average daily nursing home private pay rate. In determining the penalty for a transfer a State may not round down or disregard any fractional period of ineligibility. There is no limit on the maximum months of ineligibility. The penalty continues until expired unless hardship is considered to exist.
    - (ii) The penalty period for individuals receiving nursing home care begins the date the individual is eligible for Medicaid and would otherwise be receiving LTSS through the CHOICES program but for a penalty or the first day of the month of the transfer, whichever is later. The penalty period for HCBS begins the date the individual meets all eligibility requirements and would otherwise be receiving LTSS through the CHOICES program but for a penalty or the first day of the month of the transfer, whichever is later. The penalty period runs consecutively even if the individual leaves the nursing home for a period of time and later returns. If a penalty period is imposed for new applicants, Medicaid requires a notice of penalty. If a penalty period is imposed on an individual who is already receiving Medicaid, a ten (10) day adverse action notice is required.
    - (iii) Applicants for, or enrollees in, nursing home coverage can still remain eligible in an Institutional Eligibility category while payments for LTSS are withheld. Applicants for, or enrollees in, HCBS cannot be eligible for an Institutional Eligibility category while subject to the period of ineligibility.

(Rule 1200-13-20-.08, continued)

- (iv) Penalty periods for more than one transferred asset will run consecutively, not concurrently. Any uncompensated value from multiple transfers is added to the initial uncompensated value if penalty periods overlap to determine the consecutive penalty period.
- (k) Undue hardship.
1. Undue Hardship shall exist only when:
    - (i) An application of a transfer of assets provision would deprive the individual of medical care, such that the individual's health or life would be endangered, or of food, clothing, shelter, or other necessities of life;
    - (ii) The institutionalized individual has no available resources (other than the uncompensated value) in excess of the resource limitations, and
    - (iii) The necessary care is not available from any other source.
  2. The individual, the individual's responsible party, or the facility in which an institutionalized individual resides may file an undue hardship claim on behalf of the applicant/recipient. TennCare will determine whether hardship exists and notify the applicant/recipient within thirty (30) days of filing.
  3. If undue hardship is determined not to exist, the denial of undue hardship may be appealed within forty (40) days.
- (l) Patient Liability. Individuals determined eligible for institutional services are required to contribute to the cost of their care as a resident in a nursing facility or as a Home and Community Based Services (HCBS) recipient. Patient liability is calculated based on total income remaining after deductions in accordance with 42 C.F.R. § 435.725, 42 C.F.R. § 435.726, and the State Plan. Total income includes all amounts of income available to an individual from all sources, which are considered to be income for eligibility purposes, unless specifically excluded from post-eligibility under the State Plan or based on other Federal laws.
1. Post-Eligibility Treatment of Certain Payments from the Department of Veterans Affairs. VA improved pensions limited to \$90 per month are not considered in the post-eligibility process. If an unmarried, childless veteran or the surviving, childless spouse of a veteran is in a state veterans home and receives a VA pension that exceeds \$90 per month, the VA pension, including any payment made for aid and attendance or for unreimbursed medical expenses, is counted in total income and applied to the state veterans home's cost of providing nursing home care to the veteran or surviving spouse.
  2. Patient liability is determined by allowing the following deductions from an individual's total income:
    - (i) A Personal Needs Allowance (PNA) for clothing and other personal needs while receiving Institutional Eligibility. Apply the appropriate PNA based on the type of long term services and supports the individual receives, as follows:
      - (I) Nursing Facility. \$50.00 PNA from the gross income of an individual in a nursing facility or ICF/IID. For an individual with greater need who participates in a sheltered workshop, subtract up to \$100 of earnings plus \$50 for the PNA.

(Rule 1200-13-20-.08, continued)

- (II) HCBS, PACE, ECF and Self-Determination ID Waivers. PNA is three hundred percent (300%) of the SSI FBR.
  - (III) Statewide ID and Comprehensive Aggregate Cap ID Waivers. PNA is two hundred percent (200%) of the SSI FBR.
  - (ii) An allowance equivalent to the monthly fee for maintenance of a QIT, if applicable.
  - (iii) A CSIMA for institutionalized individuals with a spouse residing in the community.
  - (iv) A DIMA for institutionalized individuals with a dependent residing in the community.
  - (v) Health insurance premiums, coinsurance and deductibles.
  - (vi) Expenses for medical services as defined at 42 C.F.R. §§ 435.725(c)(4) and 726(c)(4).
3. Community Spouse Income Maintenance Allowance (CSIMA). When determining an institutionalized individual's patient liability, an allowance is deducted from his income for the needs of the community spouse. The CSIMA is allowed unless specifically refused by the institutionalized spouse. Funds must actually be transferred to the community spouse in order to be deducted.
- (i) CSIMA is allowed under the following conditions:
    - (I) CSIMA is not allowed if both spouses are receiving Institutional Eligibility, unless one spouse is receiving HCBS.
    - (II) If the community spouse applies for TennCare Medicaid, the CSIMA will be counted as unearned income at the time of application.
    - (III) A community spouse receiving need-based assistance does not have to accept the total or any of the income allocation if it will result in the termination or decrease of those benefits.
    - (IV) If a couple is married but living separately, and considers themselves to be separated, the CSIMA may be allowed if both individuals agree to the allocation and the community spouse is not institutionalized.
    - (V) If the community spouse lives out of State, the CSIMA is allowed if the community spouse can be located and the couple is still married.
  - (ii) CSIMA Terms and Standards:
    - (I) Standard Maintenance Amount (SMA): The poverty level standard used to determine the community spouse's monthly maintenance needs. The SMA is 150% of the FPL for a household of 2. This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.
    - (II) Maintenance Needs Standard: The minimum amount of monthly income necessary to meet the community spouse's maintenance

(Rule 1200-13-20-.08, continued)

needs and prevent impoverishment. The Maintenance Needs Standard is determined by adding the SMA and the Excess Shelter Allowance (ESA). This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.

- (III) Standard Utility Amount (SUA): The SUA is used when the community spouse is responsible for heating and/or cooling costs. If the SUA is used, then it is considered to cover all utilities, including garbage, water, lighting, etc. The SUA is subject to annual change by the Tennessee Department of Human Services.
  - (IV) Standard Housing Allowance (SHA): The SHA is used to determine whether the community spouse requires an Excess Shelter Allowance. This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.
- (iii) CSIMA Calculation: The CSIMA is calculated using three steps:
- (I) Determine Excess Shelter Allowance (ESA).
    - I. An ESA is allowed when the total shelter costs for rent, mortgage, taxes and insurance, maintenance charges and utility costs exceed the SHA. The SHA is thirty percent (30%) of the Standard Maintenance Amount.
    - II. The SUA is used when the community spouse is responsible for heating or cooling costs. If the SUA is used then it is considered to cover all utilities (no additional allowance for garbage, telephone, etc.). When there is no or reduced cost to the community spouse because the cost of a particular utility is paid by a third party (in cash or in-kind), reduce the amount of the SUA by the third party payment.
    - III. To determine the ESA, add rent, mortgages, taxes, insurance, etc., to the SUA, then subtract the SHA.
  - (II) Determine Community Spouse Net Income. Defined as income over which the Community Spouse has control and which is actually available to him. Child support payments and other types of court-ordered payments made by the Community Spouse are not considered income available to the Community Spouse.
  - (III) Calculate CSIMA: The CSIMA is calculated by adding the SMA and the ESA, and then subtracting the Community Spouse's net income.
4. Dependent Income Maintenance Allowance (DIMA): When determining patient liability, an allowance is deducted from the individual's income for the needs of his dependents living at home.
- (i) Dependent relatives include the individual's or the spouse's adult dependent children, parents, siblings, and minor children who are living at home.
  - (ii) A DIMA is not allowed for any dependent receiving HCBS or who is institutionalized.

(Rule 1200-13-20-.08, continued)

- (iii) Pursuant to the Medicare Catastrophic Coverage Act, a dependent does not have the option of declining all or a portion of the income allocation for any reason, even if needs-based benefits may be decreased or lost because of the allocation.
  - (iv) The DIMA for each additional dependent family member living with the community spouse is equal to one-third of the difference between the SMA and the dependent's gross income.
  - (v) DIMA Calculation: The dependent allocation(s) equals the SMA for the community spouse minus the dependent's own gross countable income divided by 3.
  - (vi) The DIMA for dependent relatives living in the home without a community spouse is determined based on the MNIS.
  - (vii) DIMA Calculation: The dependent allocation is the MNIS for the household size if the total net countable income of the dependent(s) is less than the MNIS. No dependent allocation is given if the total net countable income of the dependent(s) is more than the MNIS for the household size.
5. Incurred Medical Expenses: Expenses for medical or remedial care not subject to third party payment as defined at 42 C.F.R. §§ 435.725(c)(4), 435.726(c)(4) and 435.832, and outlined in the State Plan are allowable deductions. Criteria for Deduction of an Incurred Medical Expense:
- (i) The expense must not be subject to payment by a third party not expecting reimbursement, e.g., medical or health insurance, the individual's spouse or family or medical trust fund, Medicare, etc.
  - (ii) The expense may be unpaid or paid by the individual during the month(s) of eligibility determination or paid by a member of the individual's family and reimbursement is expected by the family member.
  - (iii) The expense must not have been allowed previously as an allowed necessary item.
  - (iv) If payment for the item is outstanding, it must be considered collectible by the party who provided the medical service and one for which the individual is legally liable.
  - (v) Medical expenses incurred during a period of ineligibility and up to three months prior to the month of application may be allowable medical expenses.
  - (vi) Deductions will be allowed in compliance with 42 C.F.R. §§ 435.725(c)(4), 435.726(c)(4), and 435.832, and the State Plan.
- (m) Resource Assessment and CSRMA.
- 1. Resource Assessment: When determining eligibility for a married institutionalized applicant, a calculated amount of the couple's assets is allocated to the community spouse in order to be used for her own needs. The resource assessment is a snapshot of all countable assets owned by the couple at the time the individual enters the nursing facility but conducted when the individual applies or when an assessment is requested prior to application, or is a snapshot

(Rule 1200-13-20-.08, continued)

at the time of application resulting in enrollment in an HCBS waiver. All of the countable resources owned individually or jointly by both spouses are counted; resources excluded under the ABD resource rules are not counted in the resource assessment.

- (i) Only one resource assessment will be completed for a married couple.
  - (ii) Under no circumstances can a resource assessment be completed prior to the date of admission to a long term care facility or enrollment in an HCBS waiver.
  - (iii) An assessment remains in effect until a TennCare application is filed, regardless of any interruptions in long-term care. If a resource assessment is completed and the individual applies for TennCare Medicaid, but is found ineligible, the original resource assessment is still valid if the individual applies again in the future.
2. Community Spouse Resource Maintenance Allowance: The CSRMA is based on the spouses' combined countable resources documented in the Resource Assessment. The amount of the CSRMA is the greater of:
    - (i) One-half (1/2) of the total countable resources, but not less than the Minimum Resource Standard or greater than the Maximum Resource Standard (released in the SSI and Spousal Impoverishment Standards and subject to change annually);
    - (ii) The court-ordered amount; or
    - (iii) The amount determined by an Administrative Judge due to a hardship situation (extreme financial duress).
  3. When an application is filed by or on behalf of the spouse seeking LTSS, the CSRMA amount determined in the resource assessment is the amount allocated to the community spouse. This amount is deducted from the combined resources of both spouses as of the first day of the first month for which assistance is requested. None of the community spouse's share of the resources is considered available to the individual seeking eligibility when determining her TennCare Medicaid eligibility.
  4. Refusal of CSRMA. A community spouse who receives needs-based assistance may accept or decline all, some or none of the CSRMA if the allocation would cause the loss of or decrease in those program benefits. If the community spouse accepts only a portion of the CSRMA, the unclaimed portion of the CSRMA is counted as part of the institutionalized spouse's resources.
  5. Resource Transfer as a Result of Assessment.
    - (i) CSRMA "Grace Period". Following a resource assessment and initial approval of eligibility, resources must be transferred within twelve (12) months of the approval. Both spouses must agree to the transfer in order to use the institutionalized spouse's share in determining his eligibility. The transfer may require conveyance of resources from the institutionalized individual to the community spouse, or vice versa.
    - (ii) Transfer Refusal. When the community spouse refuses to transfer resources to the institutionalized individual, the institutionalized spouse

(Rule 1200-13-20-.08, continued)

may still be eligible if on appeal the State finds that undue hardship circumstances exist.

- (I) If the community spouse has available assets over the CSRMA she is legally obligated to provide support.
  - (II) Hardship cannot be determined to exist unless assets have been reallocated as the result of an appeal decision or a court order.
- (iii) CSRMA Appeals.
- (I) When the Individual and/or Spouse Has Appeal Rights. Appeal rights are considered only after a TennCare application has been filed and either spouse alleges that the assessment or eligibility determination decision is not correct. An assessment completed exclusive of a filed application cannot be appealed, 42 U.S.C. § 1396r-5(e)(2)(A). Revisions to the spousal allowance of resources can be made by an Administrative Judge or by court order.
  - (II) CSRMA Revisions. The amount of the CSRMA may only be revised by an Administrative Judge or by court order, and only if additional verification/documentation is provided. The CSRMA may only be revised when:
    - I. The initial assessment was alleged to be incorrect and the Administrative Judge confirms the allegations;
    - II. An Administrative Judge determines a larger CSRMA is necessary to raise the community spouse's available income to the Maintenance Needs Standard or to an amount by which exceptional maintenance needs, established at a fair hearing, exceed the community spouse's income; or
    - III. A court order is received against an institutionalized spouse for the support of the community spouse and resources are transferred pursuant to the court order.
  - (III) Allocation of Additional Resources to the Community Spouse.
    - I. When Additional Resources May be Allocated to Community Spouse: In the event that the institutionalized spouse does not have enough income to provide the community spouse with sufficient income to meet the Maintenance Needs Standard and the CSRMA is not enough to offset the income shortfall, additional resources may be allocated to the community spouse by an Administrative Judge if the couple has additional resources above the community spouse's protected amount (CSRMA).
    - II. The Deficit Reduction Act (DRA) of 2005 requires all States to allocate the maximum amount of available income of the institutionalized spouse to the community spouse before granting an increase in the CSRMA. This is referred to as the "income-first" method.

(Rule 1200-13-20-.08, continued)

- III. TennCare uses the Single Fixed Annuity model to address appeals when there is insufficient income to provide the community spouse with the Maintenance Needs Standard and the couple has additional resources. A single fixed annuity can turn a portion of an individual's savings into income payments made for the rest of the individual's life. The procedure for establishing a Single Fixed Annuity is listed below.
  - A. Additional resources may be allocated to the community spouse through the TennCare eligibility appeals process to make up any shortfall between the amount of income allocated from the institutional spouse to the community spouse and the Maintenance Needs Standard, if determined appropriate.
  - B. The amount of additional resources that are necessary to cover the income shortfall shall be determined in reference to the purchase of a Single Premium Annuity as follows:
    - (A) By calculating the shortfall between the amount of income allocated and the Maintenance Needs Standard, and then determining the amount of additional resources that must be invested in a single premium annuity in order to generate the income necessary to cover the shortfall.
    - (B) The amount of resources needed to cover the shortfall shall be determined in reference to an annuity calculator as adopted by TennCare.
    - (C) Additional Resources may be allocated to the community spouse if the amount of resources needed to cover the shortfall is greater than the CSRMA.
  - C. The additional resource allocation to the community spouse does not require the actual purchase of a Single Premium Annuity that is used for purposes of calculating the amount of the additional resource allocation.
  - D. If a single premium annuity is actually purchased pursuant to these rules, the annuity must comply with all other relevant requirements of state and federal law.
  - E. The amount of additional resources that are necessary to cover the shortfall shall not be determined in reference to any investment which contemplates the return of the entire principal at maturity.

(iv) Transfer of Assets for Less than Fair Market Value.

- (I) A transfer of assets for less than FMV is not considered to have occurred when resources are transferred from the institutionalized individual to the community spouse or vice versa according to a completed resource assessment.

(Rule 1200-13-20-.08, continued)

- (II) Should the spouse who received the allocation according to the resource assessment then transfer the resource to someone else for less than FMV, the transfer will not be treated as a transfer of assets since the resources of a couple are treated separately after the establishment of Institutional Medicaid eligibility.
  - (III) Transfer of assets for less than FMV is considered part of the application process whether or not a resource assessment has been requested previously or is requested at application. Transfer of assets is not considered if a resource assessment only (no TennCare Medicaid application filed concurrently) is requested.

        - (II) If an eligible child attests to having TPL at the time of application, a notice requesting proof of TPL and the amount of the monthly TPL premium will be sent to the child. The child will have twenty (20) days from the date of the notice requesting proof of TPL and the amount of monthly TPL premiums to provide the requested information. If the requested information is not provided in a timely manner, the application will be denied for failure to respond.
        - (III) If an eligible child does not have TPL at the time of application, the child will be enrolled in Katie Beckett Group Part A and will be

(Rule 1200-13-20-.08, continued)

required to submit proof of TPL and the amount of the monthly TPL premiums.

  - A. Enrollees who fail to submit proof of TPL in accordance with the timelines provided in Subitem I. will receive an ex parte review of eligibility for other categories of TennCare Medicaid.
  - B. If the ex parte review does not result in enrollment in another category of eligibility, the enrollee will be sent a questionnaire to determine if the enrollee's circumstances have changed since the last review that would result in eligibility for other categories of TennCare Medicaid. The questionnaire must be returned within twenty (20) days from the date of the questionnaire.
  - C. If the enrollee does not timely return the questionnaire or if the answers provided on the questionnaire do not result in enrollment in another category of eligibility, the enrollee will be sent a notice of termination informing the enrollee that Katie Beckett Group Part A coverage will be terminated twenty (20) days from the date of the termination notice if proof of TPL is not submitted prior to the date of termination.

(IV) Calculating an eligible child's portion of monthly TPL premiums.

- I. The eligible child's portion of the family's monthly TPL premium is calculated by dividing the total amount of the family's monthly TPL premium by the number of individuals covered by the TPL.
- II. If a parent of the eligible child is required to purchase TPL in order for the eligible child to have TPL coverage, the parent's portion of the monthly TPL premium will be included in the child's portion of the TPL when calculating the Katie Beckett Group Part A premium.

(V) Katie Beckett Group Part A enrollees must report any changes in TPL within ten (10) days of the change. Changes in TPL that must be reported include, but are not limited to:

  - II. Change of TPL provider; or
  - III. Change in monthly TPL premium.
- (VI) Loss of TPL.
- I. If a Katie Beckett Group Part A enrollee loses TPL coverage and notifies TennCare, the enrollee will receive a notice requiring proof of new TPL. The enrollee will have sixty (60) days from the date of notice to submit proof of the new TPL.
  - II. If the enrollee does not submit proof of TPL within 60 days of the date of the notice, the enrollee will be sent a questionnaire to determine if the enrollee's circumstances have changed since the last review that would result in eligibility for other categories of TennCare Medicaid. The questionnaire must be returned within twenty (20) days from the date of the questionnaire.
  - III. If the enrollee does not timely return the questionnaire or if the answers provided on the questionnaire do not result in enrollment in another category of eligibility, the enrollee will be sent a notice of termination informing the enrollee that Katie Beckett Group Part A benefits will be terminated twenty (20) days from the date of the termination notice if proof of the new TPL is not submitted prior to the date of termination.
- (VII) A Katie Beckett Group Part A enrollee who did not have TPL at the time of application and is disenrolled from Katie Beckett Group Part A for failing to timely submit proof of TPL will be eligible to transition to Medicaid Diversion Group Part B if a Medicaid Diversion Group Part B slot is available.

    - B. The child's household income is less than four hundred percent (400%) of the FPL according to MAGI methodology and neither of the child's parents have access to employer-sponsored insurance.

(Rule 1200-13-20-.08, continued)

- II. A hardship exception for assistance with premium payments shall not be available for an eligible child who has TPL at the time of enrollment, even if such coverage is later lost and new TPL coverage must be obtained.
- III. Assistance with premium payments is limited to the lesser of the amount by which the child's portion of the family's monthly TPL premium exceeds the child's Katie Beckett Group Part A premium, as detailed below, or the lowest cost silver level child only plan in the highest rating region in Tennessee offered through the Federally Facilitated Marketplace. (v) Katie Beckett Group Part A Premiums.

Household (MAGI)	Income	Premium % of income for a household size of two	Monthly Premium
	> 150% - 250% FPL	1.5%	\$25

	> 500% FPL – No limit	5%	\$350 + \$70 for every 100% above 500% FPL

- (II) Katie Beckett Group Part A premiums, as described in the above table, will be reduced by the costs associated with the eligible child's portion of the family's monthly TPL premiums. If the total amount of the eligible child's portion of the family's TPL premium is more than the eligible child's monthly Katie Beckett Group Part A premium, the child will not have Katie Beckett Group Part A premium obligations.

(Rule 1200-13-20-.08, continued)

- (1) Redetermination of eligibility for TennCare Medical Assistance.
  - (a) Redetermination or renewal is the process of verifying whether an enrollee continues to meet the eligibility requirements of a particular TennCare program.
  - (b) An enrollee must have eligibility redetermined once every twelve (12) months, and no more frequently than once every twelve (12) months according to 42 C.F.R. § 435.916, absent a waiver from CMS.
  - (c) Enrollees eligible for TennCare Medicaid as a result of being eligible for SSI benefits shall follow the Redetermination requirements of the SSA. Once SSI benefits are terminated, these enrollees will be reviewed by TennCare for eligibility in all other categories prior to termination.
  - (d) An enrollee's TennCare Medical Assistance eligibility shall be redetermined as required by the appropriate category of Medical Assistance as described in this Rule, unless otherwise agreed to by the Single State Agency and CMS. Prior to the termination of TennCare Medical Assistance eligibility, eligibility will be redetermined according to the following process:
    1. TennCare will redetermine eligibility prior to the expiration of the enrollee's current eligibility period.
    2. TennCare will complete an ex parte review of eligibility. A renewal packet will be issued when ex parte review does not result in a finding of eligibility. TennCare Medical Assistance enrollees will be given forty (40) days, inclusive of mail time, from the date the notice is mailed to return the completed renewal packet to TennCare. The mail date will be the date on the notice. The enrollee may provide information by the same modes permitted for filing an application specified at Rule .05, or as otherwise agreed to by the Single State Agency and CMS.
    3. TennCare will provide assistance with submitting a renewal form according to Rule .05.
    4. TennCare will use the individual's responses in the renewal packet to complete redetermination. TennCare will request additional verification, as needed, to complete redetermination. The request for additional information or verification

(Rule 1200-13-20-.09, continued)

- will provide the enrollee with twenty (20) days, inclusive of mail time, to submit the requested information.
5. If TennCare is able to renew eligibility in a TennCare Medical Assistance category based on information known to TennCare, or information provided in the renewal packet, and requested verifications, the agency will notify the enrollee and enroll him in the appropriate category.
  6. Enrollees who respond to the renewal form within the forty (40) day period shall retain their eligibility (subject to any changes in covered services generally applicable to enrollees in their Medical Assistance category) while TennCare reviews their eligibility for open Medical Assistance categories. If TennCare determines that the enrollee is eligible for a TennCare Medical Assistance category, the agency will notify the individual as follows:
    - (i) If TennCare determines that the enrollee is eligible for an open TennCare Medicaid category, the agency will notify the enrollee and he will be enrolled in the appropriate category. If the individual is enrolled in a different TennCare Medicaid category of eligibility, the previous category will be closed with no further notice to the enrollee.

    - (iv) If TennCare determines that the enrollee is eligible for MSP, the agency will notify the enrollee and he will be enrolled into the appropriate MSP. If an individual is determined eligible for MSP and ineligible for TennCare Medicaid, notification of enrollment in an MSP will include notification of the denial of TennCare Medicaid. Notification of enrollment into SLMB or Q11 will include notification of the denial of QMB eligibility.
  7. If an enrollee provides some but not all of the necessary information to TennCare to determine his eligibility for open Medical Assistance categories during the forty (40) day period following the mailing of the renewal packet, TennCare will request additional information or verification. The request for additional information or verification will provide the enrollee with twenty (20) days, inclusive of mail time, to submit the requested information.
  8. Enrollees who do not respond to the renewal packet within forty (40) days, or enrollees who do not respond to a request for additional information or verification within twenty (20) days from the request for additional information or verification, will be sent a notice of termination informing the enrollee that coverage will be terminated twenty (20) days from the date of the termination notice.
  9. If TennCare makes a determination that the enrollee is not eligible for any open Medical Assistance categories, the enrollee will be sent a notice of termination

(Rule 1200-13-20-.09, continued)

informing the enrollee that coverage will be terminated twenty (20) days from the date of the termination notice.

10. Enrollees who respond to the additional information or verification request after the requisite time period specified in those notices but before the date of termination shall retain their eligibility while TennCare reviews their eligibility.
  11. Individuals may provide the renewal packet, or additional information and verifications specified in the request for additional information and verification notice, up to ninety (90) days after termination of eligibility. Renewal packets or additional information received during the ninety (90) day reconsideration period will be processed without requiring a new application. Individuals terminated for failure to respond and subsequently determined eligible during the ninety (90) day reconsideration period will have eligibility reinstated as of the date of termination.
- (e) An individual who has been determined eligible for TennCare Medicaid under the rules for BCC shall annually recertify eligibility in terms of continuation of active treatment, address, and access to health insurance. - (2) Termination of TennCare Medical Assistance.
- (a) TennCare will send termination notices to all enrollees being terminated pursuant to state and federal law who are not determined to be eligible for any open category of Medical Assistance or who receive a change in benefits or services.
  - (b) Termination notices will be sent twenty (20) days in advance of the date the coverage will be terminated. Termination notices will be sent two (2) days in advance of the date coverage will be prospectively terminated when an enrollee requests termination. Termination notices will be sent to the TennCare address of record.
  - (c) Termination notices will provide enrollees forty (40) days from the date of the notice to appeal the termination and will inform enrollees how they may request a hearing. Appeals will be processed by TennCare in compliance with Chapter 1200-13-19.
