Statement of Necessity:
In August 2009, approval from the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services for the new TennCare CHOICES in Long-Term Care Program was formally executed, allowing Tennessee to expand its Medicaid managed care system in order to provide eligible individuals with an integrated package of medical and long-term care benefits. This approval permits the Bureau to implement the Long-Term Care Community CHOICES Act of 2008, passed by the Tennessee General Assembly on May 20, 2008, and signed into law as Public Chapter 1190 on June 17, 2008. T.C.A §§ 71-5-1401, et seq.

T.C.A. §4-5-208(a)(4) permits an agency to adopt emergency rules when the agency finds that it is required by an agency of the federal government and adoption of the rules through ordinary rulemaking procedures might jeopardize the loss of a federal program or funds.

I have made a finding that the emergency adoption of amendments to Rule Chapter 1200-13-01 is required in order to implement the Long-Term Care Community Choices Act of 2008 in a timely manner.

For a copy of this emergency rule, contact George Woods at the Bureau of TennCare by mail at 310 Great Circle Road, Nashville, Tennessee 37243 or by telephone at (615) 507-6446.

(b) The Level 1 Nursing Facility must be certified by the Tennessee Department of Health, showing that it has met the standards set out in 42 C.F.R., Part 442.

(c) Nursing Facilities reimbursed for Level 1 NF services participating in TennCare shall be terminated as a TennCare provider if certification or licensure is canceled by the state.

(d) If the resident has resources to apply toward payment, including patient liability as determined by the Department of Human Services or third party liability, which may include long-term insurance benefits, the payment made by the state will be his current maximum payment per day, charges or per diem cost (whichever is less), minus the available patient resources.

(e) Payments for residents requiring reimbursement for Level 1 Nursing Facility Services will not exceed per diem costs or charges, whichever is less.

(f) Regardless of the reimbursement rate established for a Level 1 Nursing Facility, no Level 1 Nursing Facility may charge TennCare enrollees an amount greater than the amount per day charge to private paying patients for equivalent accommodations and services.

(g) Personal laundry services in a Level 1 Nursing Facility shall be considered a covered service and included in the per diem rate. TennCare enrollees may not be charged for personal laundry services.

(4) Conditions for reimbursement of Level 2 NF care

(a) The Level 2 Nursing Facility must enter into a provider agreement with TennCare, or, upon implementation of the CHOICES Program in the Grand Division, one or more TennCare Managed Care Organizations, for reimbursement of Level 2 NF services.

(b) Nursing Facilities (Medicare SNFs and TennCare facilities receiving reimbursement for Level 2 NF care) must be certified by Medicare, showing they have met the federal certification standards. Any of these Nursing Facilities participating in TennCare shall be terminated as a TennCare provider if certification or licensure is canceled by the state.

(c) If the patient has available resources to apply toward payment, including patient liability as determined by the Department of Human Services or third party liability, which may include long-term care insurance benefits, the payment made by the state is the current maximum payment per day, charges or per diem cost, whichever is less, minus the patient's available resources.
(d) If the Level 2 Nursing Facility (upon submission of a cost report and a desk review or examination of its cost), has collected on a per diem basis during the period covered by the cost report and examination, more than cost reimbursement allowed, the skilled nursing facility shall be required to reimburse the state for that portion of the reimbursement collected in excess of the actual recorded and examined cost.

(e) Regardless of the reimbursement rate established for a Level 2 Nursing Facility, no Level 2 Nursing Facility may charge Medicaid patients an amount greater than the amount per day charged to private paying patients for equivalent accommodations and services.

(5) Conditions for reimbursement of Enhanced Respiratory Care

(a) The Level 2 Nursing Facility must enter into a provider agreement with one or more TennCare Managed Care Organizations for the provision and reimbursement of Ventilator Weaning, Chronic Ventilator Services and/or Frequent Tracheal Suctioning in a Level 2 certified and licensed Skilled Nursing Facility.

(b) Nursing Facilities (Medicare SNFs and TennCare facilities providing Enhanced Respiratory Care services in a Level 2 NF) must be certified by Medicare, showing they have met the federal certification standards. Any of these Nursing Facilities participating in the TennCare shall be terminated by all TennCare Managed Care Organizations as a TennCare provider if certification or licensure is canceled by the state.

(c) Nursing Facilities providing Ventilator Weaning or Chronic Ventilator services and Nursing Facilities receiving short-term reimbursement at the Tracheal Suctioning Rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention, shall also meet or exceed the following minimum standards:

1. A licensed respiratory care practitioner as defined by T.C.A. § 63-27-102(7), shall be on site twenty four (24) hours per day, seven (7) days per week to provide:
   (i) ventilator care;
   (ii) administration of medical gases;
   (iii) administration of aerosol medications; and
   (iv) diagnostic testing and monitoring of life support systems.

2. The facility shall ensure that an appropriate individualized plan of care is prepared for each patient requiring ventilator services. The plan of care shall be developed with input and participation from a pulmonologist or a physician with experience in ventilator care.

3. The facility shall establish admissions criteria to ensure the medical stability of ventilator-dependent patients prior to transfer from an acute care setting.

4. Arterial Blood Gas (ABG) shall be readily available in order to document the patient's acid base status and/or End Tidal Carbon Dioxide (etCO2) and continuous pulse oximetry measurements should be performed in lieu of ABG studies.

5. An audible, redundant external alarm system shall be located outside of each ventilator-dependent patient's room for the purpose of alerting caregivers of patient disconnection, ventilator disconnection or ventilator failure.

6. Ventilator equipment shall be connected to electrical outlets connected to back-up generator power.

7. Ventilators shall be equipped with battery back-up systems.
8. The facility shall be equipped to employ the use of current ventilator technology consistent with meeting patients' needs for mobility and comfort.

9. A (one) back-up ventilator shall be available at all times in the facility

(d) Except as provided in (c) above, the standards set forth in (c) are not applicable for reimbursement of Tracheal Suctioning Enhanced Respiratory Care services; however, the NF must ensure the availability of necessary equipment, supplies, and appropriately trained and licensed nurses or licensed respiratory therapists to perform the specified tasks.

(e) If the patient has available resources to apply toward payment, including patient liability as determined by the Department of Human Services or third party liability, which may include long-term care insurance benefits, the payment made by the state is the per diem rate established by TennCare minus the patient’s available resources.

(6) Reimbursement methodology for Level 1 care:

(a) A Level 1 Nursing Facility will be reimbursed on the lowest of the following:

1. Allowable cost,
2. Allowable charges,
3. An amount representing the 65th percentile of all such facilities or beds, whichever is lower, participating in the Level 1 Medicaid Nursing Facility program. In determining the 65th percentile for purposes of this sub-section, each provider's most recently filed and reviewed cost report shall be inflated from the mid-point of the provider's cost reporting period to the mid-point of the state's payment period. The trending factor shall be computed for facilities that have submitted cost reports covering at least six months of program operations. For facilities that have submitted cost reports covering at least three full years of program participation, the trending factor shall be the average cost increase over the three-year period, limited to the 75th percentile trending factor of facilities participating for at least three years. Negative averages shall be considered zero. For facilities that have not completed three full years in the program, the one-year trending factor shall be the 50th percentile trending factor of facilities participating in the program for at least three years. For facilities that have failed to file timely cost reports, the trending factor shall be zero,
4. An amount representing the reimbursable cost of the 65th percentile of facilities or beds, whichever is lower, participating in the Nursing Facility Level 1 Program. In determining the 65th percentile ceiling for purposes of this sub-section, operating costs from each provider's most recently filed and reviewed cost report will be inflated from the mid-point of the provider's cost reporting period to the mid-point of the state's payment period. The inflation factor shall be as described in 3. above. Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. No inflation factor will be allowed for providers not filing timely cost reports. For providers in the program less than three years, the inflation factor shall be the 50th percentile of allowable inflation factors for providers participating in the program for at least three years. Budgeted cost reports receive no inflation allowance; or
5. For State Fiscal Year 1997-98, the budgeted amount for Level 1 and Level 2 care of $672,040,000. For State Fiscal Year 1998-99, the budgeted amount for Level 1 and Level 2 care of $705,642,000. For State Fiscal Year 1999-2000 and subsequent years, a proportional share of expenditures not to exceed the amount budgeted by the state for Nursing Facility reimbursement. Expenditures will be monitored throughout each year to determine if rate adjustments are necessary to assure that each level of care is within the budgeted amount.

To assure the proper application of limit 5. above, the Comptroller's Office shall be authorized to adjust per diem rates up or down as necessary during the year.
The annual Nursing Facility tax will be passed through as an allowable cost, but will be excluded for purposes of computing the inflation allowance and cost-containment incentive. The Nursing Facility tax will not be subject to the 65th percentile limits but is subject to the limit specified in Rule 1200-13-01-.03(6)(a)5.

If the patient has no available resources to apply toward payment, the payment made by the state is the lower of per-diem cost, charges, or the 65th percentile of all such facilities or beds participating in the Medicaid Program, whichever is less. Cost is determined on a facility by facility basis.

The cost report closing date for determination of the Level 1 65th percentile shall be the first working day of the month preceding the month in which the recomputed 65th percentile is effective. All clean cost reports received by the Comptroller's Office on or before the closing date shall be included in the determination of the 65th percentile ceiling. A clean cost report is one upon which rates may be set without additional communication from the provider. Home office cost reports must be filed before any individual Nursing Facility cost reports included in a chain can be processed.

(b) Costs for supplies and other items billed, including any facility staff required to deliver the service, which are billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the nursing facility cost report.

(c) Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next ceiling redetermination except for audit adjustments, correction of errors, or termination of a budgeted rate, or as necessary to comply with rule 1200-13-01-.03(6)(a)5.

(7) Reimbursement methodology for Level 2 care:

(a) A Level 2 Nursing Facility will be reimbursed on the lowest of the following:

1. Allowable costs,

2. Allowable charges,

3. An amount representing the reimbursable cost of the 65th percentile of all such facilities or beds, whichever is lower, participating in the Level 2 Medicaid Nursing Facility program. In determining the 65th percentile for purposes of this subsection, each provider’s most recently filed and reviewed cost report shall be inflated from the midpoint of the provider’s cost reporting period to the mid-point of the state’s payment period. The trending factor shall be computed for facilities that have submitted cost reports covering at least six months of program operations. For facilities that have submitted cost reports covering at least three full years of program participation, the trending factor shall be the average cost increase over the three-year period, limited to the 75th percentile trending factor of facilities participating for at least three years. Negative averages shall be considered zero. For facilities that have not completed three full years in the program, the one-year trending factor shall be the 50th percentile trending factor of facilities participating in the program for at least three years. For facilities that have failed to file timely cost reports, the trending factor shall be zero.

4. A prospective amount representing the reimbursable cost of the 65th percentile of facilities or beds, whichever is lower, participating in the Nursing Facility Level 2 Program. In determining the 65th percentile ceiling for purposes of this sub-section, operating costs from each provider’s most recently filed and reviewed cost report will be inflated from the mid-point of the provider’s cost reporting period to the mid-point of the state’s payment period. The inflation factor shall be as described in Part 3. above. Capital-related costs are not subject to indexing. Operating and capital-related costs are as specified on Worksheet B of the Medicare Skilled Nursing Facility cost report form. Budgeted cost reports receive no inflation allowance; or

5. For State Fiscal Year 1997-98, the budgeted amount for Level 1 and Level 2 care of $672,040,000. For State Fiscal Year 1999-99, the budgeted amount for level 1 and level 2 care of $705,642,000. For State Fiscal Year 1999-2000 and subsequent years, a proportional share...
of expenditures not to exceed the amount budgeted by the state for Nursing Facility reimbursement. Expenditures will be monitored throughout each year to determine if rate adjustments are necessary to assure that each level of care is within the budgeted amount.

To assure the proper application of limit 5. above, the Comptroller’s Office shall be authorized to adjust per-diem rates up or down as necessary during the year.

The cost report closing date for determination of the Level 2 65th percentile shall be the first working day of the month preceding the month in which the recomputed 65th percentile is effective. All clean cost reports received by the Comptroller’s Office on or before the closing date shall be included in the determination of the 65th percentile. A clean cost report is one upon which rates may be set without additional communication from the provider. Home office cost reports must be filed before any individual Nursing Facility cost reports included in a chain can be processed.

The annual Nursing Facility tax will be passed through as an allowable cost, but will be excluded for purposes of computing the inflation allowance and cost-containment incentive. The Nursing Facility tax will not be subject to the 65th percentile limits but is subject to the limit specified in Rule 1200-13-01-.03(7)(a)5.

Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next ceiling redetermination except for audit adjustments, correction of errors, or termination of a budgeted rate, or as necessary to comply with Rule 1200-13-01-.03(7)(a)5.

If the patient has no available resources to apply toward payment, the payment made by the state is the lower of per-diem cost, charges, or the 65th percentile of beds or facilities, whichever is lower, participating in the Medicaid Program. Cost is determined on a facility by facility basis.

(b) Medicare Part B charges, including any facility staff required to deliver the service, are non-allowable in calculating Medicaid Level 2 Nursing Facility reimbursement.

(8) Reimbursement for Enhanced Respiratory Care services in a Medicare-certified and licensed Level 2 Skilled Nursing Facility shall be made only by TennCare Managed Care Organizations in accordance with these rules and rates established by TennCare.

(9) Bed holds.

(a) A Level 1 Nursing Facility (NF) shall be reimbursed in accordance with this paragraph for the recipient’s bed in that facility during the recipient’s temporary absence from that facility in accordance with the following:

1. Reimbursement will be made for up to a total of ten (10) days per state fiscal year while the resident is hospitalized or absent from the facility on therapeutic leave. The following conditions must be met in order for a bed hold reimbursement to be made under this provision:

   (i) The resident intends to return to the NF.

   (ii) For hospital leave days:

       (I) Each period of hospitalization is physician ordered and so documented in the patient’s medical record in the NF; and

       (II) The hospital provides a discharge plan for the resident.

   (iii) Therapeutic leave days, when the resident is absent from the facility on a therapeutic home visit or other therapeutic absence, are provided pursuant to a physician’s order.

   (iv) At least 85% of all other beds in the NF are occupied at the time of the hospital admission or therapeutic absence. An occupied bed is one that is actually being used by a patient.
Beds being held for other patients while they are hospitalized or otherwise absent from
the facility are not considered to be occupied beds, for purposes of this calculation.

(b) Nursing Facilities shall not be reimbursed for holding a bed for a person receiving Level 2 NF or
Enhanced Respiratory Care reimbursement during his temporary absence from the facility.

(10) Other reimbursement issues

(a) No change of ownership or controlling interest of an existing Medicaid provider, including Nursing
Facilities, can occur until monies as may be owed to Medicaid are provided for. The purchaser shall
notify Medicaid of the purchase at the time of ownership change and is financially liable for the
outstanding liabilities to Medicaid for one (1) year from the date of purchase or for one (1) year
following Medicaid’s receipt of the provider’s Medicare final notice of program reimbursement,
whichever is later. The purchaser shall be entitled to utilize any means available to it by law to secure
and recoup these funds from the selling entity. In addition, purchasers of Nursing Facilities are
responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid
residents at the time of the change of ownership or controlling interest.

(b) If the division of Medicaid has not reimbursed a business for Medicaid services provided under the
Medicaid program at the time the business is sold, when such an amount is determined the division of
Medicaid shall be required to reimburse the person owning the business provided such sale included
the sale of such assets.

(c) When a provider was originally paid within a retrospective payment system that is subject to regular
adjustments and the provider disputes the proposed adjustment action, the provider must file with the
State not later than thirty (30) days after receipt of the notice informing the provider of the proposed
adjustment action, a request for hearing. The provider’s right to a hearing shall be deemed waived if
a hearing is not requested within thirty (30) days after receipt of the notice.

Statutory Authority: T.C.A. §§ 4-5-208 and 71-5-105.

Rule Chapter 1200-13-01-.05 Providers is deleted in its entirety and replaced with a new rule 1200-13-01-.05
TennCare CHOICES Program which shall read as follows:

1200-13-01-.05 TennCare CHOICES Program.

(1) Definitions. See Rule 1200-13-01-.02.

(2) Program components. The TennCare CHOICES Program is a managed long-term care program that is
administered by the TennCare Managed Care Organizations (MCOs) under contract with the Bureau of
TennCare. The program consists of two components:

(a) Nursing Facility services, as described in these rules.

(b) Home and Community Based Services (HCBS), as described in these rules.

The MCOs are responsible for coordinating all covered physical, behavioral, and long-term care services for
their members who qualify for and are enrolled in the CHOICES program.

(3) Eligibility for CHOICES.

(a) There are two groups in TennCare CHOICES:

1. CHOICES Group 1. Participation in CHOICES Group 1 is limited to Medicaid enrollees of all
ages who qualify for and are receiving Medicaid-reimbursed Nursing Facility services. Medicaid
eligibility for long-term care services is determined by the Department of Human
Services (DHS). Medical (or level of care) eligibility is determined by TennCare as specified in
Rule 1200-13-01-.10. Persons in CHOICES Group 1 must be enrolled in TennCare Medicaid
and qualify for Medicaid-reimbursement of long-term care services.
2. CHOICES Group 2. Participation in CHOICES Group 2 is limited to TennCare enrollees who qualify for and are receiving TennCare-reimbursed HCBS. Eligible enrollees for CHOICES Group 2 must: (a) be in one of the defined target populations; (b) qualify in one of the specified eligibility categories; (c) meet nursing facility level of care; and (d) have needs which can be safely and appropriately met in the community and at a cost that does not exceed their individual cost neutrality cap as defined in these rules.

(i) Target Populations for CHOICES Group 2. Only persons in one of the target populations below may qualify to enroll in CHOICES Group 2:

(I) Persons age sixty-five (65) and older

(II) Persons twenty-one (21) years of age and older who have one or more physical disabilities as defined in Rule 1200-13-01-.02.

(ii) Eligibility Categories Served in CHOICES Group 2. Participation in CHOICES Group 2 is limited to TennCare enrollees who qualify in one of the following eligibility categories:

(I) SSI eligibles, who are determined eligible for SSI by the Social Security Administration. SSI eligibles are enrolled in TennCare Medicaid.

(II) The CHOICES 217-Like Group, as defined in Rule 1200-13-01-.02. Financial and categorical eligibility are determined by the Department of Human Services. Persons who qualify in the CHOICES 217-Like Group in accordance with Rule 1200-13-14-.02 are enrolled in TennCare Standard.

(b) Level of Care.

All enrollees in TennCare CHOICES must meet the level of care criteria for Nursing Facility services, as determined by TennCare in accordance with Rule 1200-13-01-.10. Physician certification of level of care shall be required only for nursing facility services. Upon implementation of CHOICES in the Grand Division, only the CHOICES PAE may be submitted to establish level of care eligibility for CHOICES long-term care services. However, an unexpired non-CHOICES PAE eligibility segment may be used as permitted by TennCare for enrollment into CHOICES, including persons on a waiting list for Home and Community Based Services.

(c) With respect to the PASRR process described in Rule 1200-13-01-.23:

1. Persons in CHOICES Group 1 must have been determined through the PASRR process described in Rules 1200-13-01-.10 and 1200-13-01-.23 appropriate for NF placement.

2. Persons in CHOICES Group 2 are not required to complete the PASRR process unless they are admitted to a Nursing Facility for the Short-term Nursing Facility benefit described in paragraph (7). Completion of the PASRR process is not required for members of CHOICES Group 2 who have elected the In-Patient Respite Care benefit described in paragraph (7), since the service being provided is not Nursing Facility services, but rather, In-Patient Respite Care, which is an HCBS.

(d) All enrollees in TennCare CHOICES must be admitted to a Nursing Facility and require Medicaid-reimbursement of Nursing Facility services or be receiving HCBS in CHOICES Group 2.

(e) All enrollees in TennCare CHOICES Group 2 must be determined by the Area Agency on Aging and Disability or the Managed Care Organization, as applicable, to be able to be served safely and appropriately in the community and within their individual cost-neutrality cap, in accordance with these rules. Reasons a person cannot be served safely and appropriately in the community may include, but are not limited to, the following:

1. The home or home environment of the applicant is unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the person or to individuals who provide covered services.
2. The health, safety, and welfare of the individual cannot be assured due to the lack of a signed Risk Agreement, or the person's decision to receive services in the home or community poses an unacceptable level of risk.

3. The applicant or his caregiver is unwilling to abide by the plan of care or Risk Agreement, resulting in the inability to ensure the person's health, safety and welfare.

(f) Immediate Eligibility. See definition in Rule 1200-13-01-.02.

1. TennCare may elect, based on information provided in a Medicaid application that has been submitted to DHS for determination, to grant a forty-five (45) day period of Immediate Eligibility for a person who:

   (i) is deemed likely to qualify for Medicaid in the CHOICES 217-Like eligibility category; and

   (ii) has an approved CHOICES PAE; and

   (iii) meets all other specified criteria for enrollment into CHOICES Group 2, subject to categorical and financial eligibility determination.

2. Persons admitted to the CHOICES program under the Immediate Eligibility option are persons who are not already eligible for TennCare.

3. Immediate Eligibility is not a covered eligibility category in the Medicaid State plan or the TennCare 1115 Waiver. There is no entitlement to apply or qualify for Immediate Eligibility. Should TennCare not elect to provide a period of Immediate Eligibility, no notice shall be issued,

4. If eligibility in the CHOICES 217-Like Group is denied by DHS, the applicant shall receive notice and the right to request a fair hearing regarding the DHS eligibility decision. Continuation of HCBS benefits or Immediate Eligibility shall not be granted during the fair hearing process once the forty-five (45) day Immediate Eligibility period has expired. A fair hearing shall not be granted regarding:

   (i) a decision by TennCare to not grant the optional forty-five (45) day period of Immediate Eligibility; or

   (ii) the end of a forty-five (45) day period of Immediate Eligibility granted by TennCare.

5. During a period of Immediate Eligibility, enrollees are eligible only for the limited package of HCBS identified in paragraph (7)(j). They are not eligible for any other TennCare (including other long-term care) services.

6. During a period of Immediate Eligibility, enrollees who are also Medicare beneficiaries are not entitled to Medicare crossover payments on their Medicare benefits. They cannot be considered "dual eligibles" since they are not yet Medicaid-eligible.

(4) Enrollment in TennCare CHOICES.

Enrollment into TennCare CHOICES shall be processed by TennCare in accordance with the following:

(a) Enrollment into CHOICES Group 1

   To qualify for enrollment into CHOICES Group 1, an individual must:

   1. Have completed the PASRR process as defined in Rules 1200-13-01-.10 and 1200-13-01-.23.

   2. Have an approved unexpired CHOICES PAE for Level 1 services or CHOICES Skilled Nursing Facility PAE for Level 2 or enhanced respiratory care reimbursement. TennCare may also
accept, at its discretion, an approved, unexpired non-CHOICES PAE for the applicable level of care (Level 1 NF or Level 2 NF) submitted prior to implementation of the CHOICES Program in the Grand Division. Eligibility for Enhanced Respiratory Care reimbursement may be established only with a CHOICES PAE.

3. Be approved by the Department of Human Services for Medicaid-reimbursement of nursing facility services.

4. Be admitted to a Nursing Facility. TennCare must have received notification from the Nursing Facility that Medicaid reimbursement is requested for the effective date of CHOICES enrollment (i.e., the individual is no longer privately paying for nursing facility services and Medicare payment of nursing facility services is not available). Enrollment into CHOICES Group 1 (and payment of a capitation payment for long-term care services) cannot begin until Medicaid will be responsible for payment of nursing facility services.

(b) Enrollment into CHOICES Group 2

To qualify for enrollment into CHOICES Group 2:

1. An individual must be in one of the target populations specified in these rules.

2. An individual must have an approved unexpired CHOICES PAE. TennCare may also accept, at its discretion, an approved, unexpired non-CHOICES PAE for Level I NF care or the Statewide E/D Waiver submitted prior to implementation of the CHOICES Program in the Grand Division.

3. An individual must be approved by the Department of Human Services for Medicaid-reimbursement of long-term care services as an SSI recipient or in the CHOICES 217-Like Group. To qualify in the CHOICES 217-Like Group, an individual must be approved by TennCare for immediate enrollment into CHOICES Group 2 or be enrolled in CHOICES Group 2, subject to categorical and financial eligibility by DHS.

4. TennCare must have received a determination by the AAAD or MCO, as applicable, that the person’s needs can be safely and appropriately met in the community, and at a cost that does not exceed his individual cost neutrality cap, as described in these rules.

5. There must be capacity within the established enrollment target to enroll the person in accordance with these rules, which may include satisfaction of criteria for reserve capacity, as applicable; or the person must meet specified exceptions to enroll even when the enrollment target has been reached.

(c) Individual Cost Neutrality Cap

1. Each person enrolled in CHOICES Group 2 shall have an individual cost neutrality cap, which shall be used to determine:
   (i) Whether or not he qualifies to enroll in CHOICES Group 2;
   (ii) Whether or not he qualifies to remain enrolled in CHOICES Group 2; and
   (iii) The total cost of HCBS, Home Health services, and Private Duty Nursing services he can receive while enrolled in CHOICES Group 2. The person’s individual cost neutrality cap functions as a limit on the total cost of HCBS that, when combined with the cost of Home Health Services and Private Duty Nursing services the person will receive, can be provided to the individual in the home or community setting.

2. An enrollee is not entitled to receive services up to the amount of his cost neutrality cap. An enrollee shall receive only those services which are medically necessary (i.e., required in order to help ensure the person’s health, safety and welfare in the home or community setting and to delay or prevent the need for nursing facility placement). Determination of the services which are needed shall be based on a comprehensive assessment of the person’s needs and the...
availability of natural supports and other (non-TennCare reimbursed) services to meet identified needs which shall be conducted by the member's Care Coordinator.

3. Calculating a Group 2 member's individual cost neutrality cap.

(i) Each Group 2 member will have an individual cost neutrality cap that is based on the average cost of the level of NF reimbursement that would be paid if the member were institutionalized in a nursing facility. CHOICES Group 2 does not offer an alternative to hospital level of care.

(ii) The PreAdmission Evaluation application will be used to submit information that will be used by TennCare to establish a member's individual cost neutrality cap.

(iii) A member's individual cost neutrality cap shall be the average cost of Level 1 NF care as set forth in Items (i) through (iii) below unless a higher cost neutrality cap is established based on information submitted in the PAE application.

(A) A member who would qualify only for Level 1 NF reimbursement shall have a cost neutrality cap set at the average cost of Level 1 NF care.

(B) A member who would qualify for Level 2 NF reimbursement shall have a cost neutrality cap set at the average cost of Level 2 (or skilled) NF care.

(C) A member that would qualify for the enhanced respiratory care rate for persons who are chronically ventilator dependent, or for persons who have a functioning tracheostomy that requires frequent suctioning through the tracheostomy will have a cost neutrality cap that reflects the higher payment that would be made to the NF for such care. There is no cost neutrality cap for the ventilator weaning respiratory care rate, as such service is available only on a short-term basis in a skilled nursing facility or acute care setting.

(i) The annual cost neutrality cap will be applied on a calendar year basis. TennCare and the MCOs will track utilization of HCBS, Home Health services, and Private Duty Nursing services across calendar year increments.

(ii) In addition, a member's individual cost neutrality cap must be applied prospectively on a twelve (12) month basis. This is to ensure that a person's plan of care does not establish a threshold level of supports that cannot be sustained over the course of time. This means that, for purposes of care planning, the AAAD or MCO will always project the total cost of all HCBS (including one-time costs such as minor home modifications, short-term services or short-term increases in services) and Home Health and Private Duty Nursing services forward for twelve (12) months in order to determine whether the member's needs can continue to be safely and cost-effectively met based on the most current plan of care that has been developed. The cost of one-time services such as minor home modifications, short-term services or short-term increases in services must be counted as part of the total cost of HCBS for a full twelve (12) month period following the date of service delivery.

(iii) If it can be reasonably anticipated, based on the HCBS, Home Health and Private Duty Nursing services currently received or determined to be needed in order to safely meet the person's needs in the community, that the person will exceed his cost neutrality cap, the person does not qualify to enroll in or to remain enrolled in CHOICES Group 2.

5. As the setting of an individual's cost neutrality cap does not, in and of itself, result in any increase or decrease in a member's services, notice of action shall not be provided regarding TennCare's cost neutrality cap calculation. A member's right to due process regarding his individual cost neutrality cap comes into play when services are denied or reduced, or when a determination is made that an applicant cannot be enrolled into CHOICES or a currently
enrolled CHOICES member can no longer remain enrolled in CHOICES because his/her needs cannot be safely and effectively met in the home and community-based setting at a cost that does not exceed his or her individual cost neutrality cap. At such time that an adverse action is taken, notice of action will be provided, and the applicant or member, as applicable, shall have the right to fair hearing regarding any valid factual dispute pertaining to such action, which may include (but is not limited to) whether his cost neutrality cap was calculated appropriately.

(i) Denial of or reductions in HCSS based on a member's cost neutrality cap shall constitute an adverse action under the Grier Revised Consent Decree (Modified) (See Rule 1200-13-13-.01(4) and 1200-13-14-.01(4)), and shall give rise to Grier notice of action and due process rights to request a fair hearing in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.

(ii) Denial of enrollment and/or involuntary disenrollment because a person's cost neutrality cap will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action and due process rights to request a fair hearing in accordance with this rule.

(d) Enrollment Target for CHOICES Group 2

1. There will be an enrollment target for CHOICES Group 2. The enrollment target functions as a cap on the total number of people that can be enrolled into CHOICES Group 2 at any given time.

(i) Effective March 1, 2010, the enrollment target for CHOICES Group 2 will be seven thousand five hundred (7,500).

(ii) Effective July 1, 2010, the enrollment target for CHOICES Group 2 will be nine thousand five hundred (9,500).

2. Reserve Capacity.

(i) The State will reserve three hundred (300) slots in CHOICES Group 2 Enrollment Target within the enrollment target. These slots are available only when the Enrollment Target has otherwise been reached, and only to:

(I) Individuals being discharged from a Nursing Facility (NF); and

(II) Individuals being discharged from an acute care setting who are at imminent risk of being placed in a Nursing Facility setting absent the provision of home and community-based services.

(ii) Once all other available (i.e., unreserved) slots have been filled, individuals who meet specified criteria (including new applicants seeking to establish eligibility in the CHOICES 217-Like Group as well as current SSI-eligible individuals seeking enrollment into CHOICES Group 2) may be enrolled into reserved slots. TennCare may require confirmation of the nursing facility or hospital discharge and in the case of hospital discharge, written explanation of the applicant’s circumstances which warrant the immediate provision of Nursing Facility services unless HCSS are immediately available.

(iii) If enrollment into a reserve capacity slot is denied, notice shall be provided to the applicant, including the right to request a fair hearing regarding any valid factual dispute pertaining to the State’s decision. If the person otherwise qualifies for enrollment into CHOICES Group 2, but does not meet the specified criteria for reserve capacity, the person will be placed on a waiting list for CHOICES Group 2.

(iv) Once the enrollment target is reached, qualified persons shall not be enrolled into CHOICES Group 2 or qualify in the CHOICES 217-Like eligibility category based on receipt of HCSS until such time that capacity within the enrollment target is available, with the following exceptions:
(I) **Nursing Facility-to-Community Transitions.** An enrollee being served in CHOICES Group 1 who meets requirements to enroll in CHOICES Group 2 can enroll in CHOICES Group 2 notwithstanding the enrollment target. This person will be served in CHOICES Group 2 outside the enrollment target but shall be moved within the CHOICES enrollment target at such time that a slot becomes available. A request to transition a member from CHOICES Group 1 to CHOICES Group 2 in excess of the CHOICES Group 2 enrollment target must specify the name of the nursing facility where the person currently resides, the date of admission and planned date of transition.

(II) **Cost-Effective Alternative Enrollment.** An MCO with an SSI eligible recipient that meets all other criteria for enrollment into CHOICES Group 2, but who cannot enroll in CHOICES Group 2 because the enrollment target for that group has been met, has the option, at its sole discretion, of offering HCBS as a cost-effective alternative to the individual. Upon receipt of satisfactory documentation from the MCO of its cost-effective alternative determination and assurance of provider capacity to meet the member's needs, TennCare will enroll the person into CHOICES Group 2, notwithstanding the enrollment target. The person will be served in CHOICES Group 2 outside the enrollment target, but moved within the CHOICES Group 2 enrollment target at such time that a slot becomes available. Satisfactory documentation of the MCO's cost-effective alternative determination shall include an explanation of the member's circumstances which warrant the immediate provision of nursing facility services unless HCBS are immediately available. Documentation of adequate provider capacity to meet the member's needs shall include a listing of providers for each HCBS in the member's plan of care which the MCO has confirmed are willing and able to initiate HCBS within five (5) days of the member's enrollment into CHOICES.

(v) Once the CHOICES Group 2 enrollment target is reached, any persons enrolled in excess of the enrollment target in accordance with these rules must receive the first available slots that become available. Only after all persons enrolled in excess of the enrollment target have been moved under the enrollment target can additional persons be enrolled into CHOICES Group 2.

(5) **Disenrollment from CHOICES.**

A member may be disenrolled from CHOICES voluntarily or involuntarily.

(a) Voluntary disenrollment shall proceed only upon receipt of a statement signed by the member or his authorized representative. No notice of action shall be issued regarding a member's decision to voluntarily disenroll from CHOICES. However, notice shall be provided regarding any subsequent adverse action which may occur as a result of the member's decision, including as applicable, any change in benefits, cost-sharing responsibility, or continued eligibility for TennCare when the person's eligibility was conditioned on receipt of long-term care services.

(b) A person may be involuntarily disenrolled from CHOICES only by TennCare, although such process may be initiated by a person's MCO.

Reasons for involuntary disenrollment include when the person no longer meets one or more criteria for eligibility and/or enrollment as specified in these rules. Such reasons include but are not limited to:

1. The person's needs can no longer be safely met in the community. This may include, but is not limited to the following instances:

(i) The home or home environment of the enrollee becomes unsafe to the extent that it would reasonably be expected that waiver services could not be provided without significant risk of harm or injury to the enrollee or to individuals who provide covered services to the enrollee.
(ii) The enrollee or his/her caregiver refuses to abide by the plan of care or Risk Agreement, resulting in the inability to ensure the enrollee's health, safety and welfare.

(iii) Notwithstanding an adequate provider network, there are no providers who are willing to provide necessary services to the enrollee.

(iv) The health, safety, and welfare of the enrollee cannot be assured due to the lack of a signed Risk Agreement, or the member's decision to continue receiving services in the home or community poses an unacceptable level of risk.

2. The person's needs can no longer be safely met in the community at a cost that does not exceed the person's cost neutrality cap, as described in these rules.

3. The person no longer needs or is no longer receiving long-term care services.

4. The person has refused to pay his or her patient liability, the MCO and/or its participating providers are unwilling to serve the member because he has not paid his patient liability, and/or no other MCO is willing to serve the member.

(6) Transitioning into CHOICES and transitioning between CHOICES Groups.

(a) Transition at the time that the CHOICES program is implemented in a particular Grand Division of the state:

1. All active participants in the existing section 1915(c) Elderly and Disabled waiver who live in that Grand Division shall be automatically transitioned into CHOICES.

2. All persons receiving TennCare-reimbursed Nursing Facility services in that Grand Division shall be automatically transitioned into CHOICES.

3. There shall be no right to fair hearing regarding the termination of the section 1915(c) waiver, and no ability for a member to remain enrolled in the section 1915(c) waiver or to continue receiving fee-for-service Nursing Facility care. Once the CHOICES Program has been implemented in their Grand Division, TennCare members in that Grand Division may receive long-term care services only through the CHOICES Program, with the following exceptions:

   (i) Institutional and community services for persons with mental retardation will continue to be offered through the ICF/MR program described in Rule 1200-13-01-.30 and the HCBS waiver programs for persons with mental retardation described in Rules 1200-13-01-.25, .28, and .29

   (ii) Elderly and disabled residents of Hamilton County may elect to participate in the PACE program, in which case they will not be enrolled with a TennCare MCO.

4. Members shall remain in their currently assigned MCO. Long-term care services will become part of the covered benefit package provided to the member by his current MCO.

(b) Continuity of Care period

1. Members residing in Nursing Facilities and transitioning into CHOICES Group 1 and members transitioning from the existing section 1915(c) waiver into CHOICES Group 2 shall receive a Continuity of Care period based on their currently authorized plan of care.

2. The Continuity of Care period will last for a minimum of thirty (30) days and will continue for up to ninety (90) days for persons enrolled in CHOICES Group 2 or until a new plan of care has been implemented.

3. During the Continuity of Care period:

   (i) CHOICES Group 1 members
(I) The member will continue to receive NF services from the current NF provider, regardless of whether the NF is a contract or non-contract provider, unless the member chooses to move to another NF and such choice is documented.

(II) NF providers not participating in the MCO’s network shall be reimbursed at the contract rate for the first thirty (30) days following implementation, and thereafter in accordance with Rule 1200-13-01-.05(9)(e)3.

(ii) CHOICES Group 2 members

(I) The member shall continue to receive the services currently specified in his waiver plan of care, except for case management services which shall be replaced with care coordination provided by the member’s MCO.

(II) The member shall continue to receive HCBS from his current waiver providers, regardless of whether such providers are contracted with the MCO to deliver CHOICES benefits. Non-contract HCBS providers shall be reimbursed at the MCO’s full contract rate during the Continuity of Care period, even if such period is extended beyond thirty (30) days. In the case of members receiving services in a Community Based Residential Alternative (CBRA) setting, the member shall remain in that CBRA during the Continuity of Care period, unless he chooses to move to another CBRA and such choice is documented.

(III) Any action to reduce or change the type, amount, frequency, or duration of waiver services in order to implement the new plan of care shall require notice of action in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.

(c) Transitioning between CHOICES Groups

1. Transition from Group 1 to Group 2.
   (i) An MCO may request to transition a member from Group 1 to Group 2 only when the member chooses to transition from the Nursing Facility to a home and community-based setting. Members shall not be required to transition from Group 1 to Group 2.
   (ii) When persons move from Group 1 to Group 2, DHS must recalculate the member’s patient liability based on the Community personal needs allowance.

2. Transition from Group 2 to Group 1.
   (i) An MCO may request to transition a member from Group 2 to Group 1 only under the following circumstances:
      (I) The member chooses to transition from HCBS to NF for example, due to a decline in the member’s health or functional status, or a change in the member’s natural caregiving supports; or
      (II) The MCO has made a determination that the person’s needs can no longer be safely met in the community and at a cost that does not exceed the average cost of NF services for which the member would qualify, and the member chooses to transition to the more appropriate institutional setting in order to safely meet his needs.
   (ii) When persons move from Group 2 to Group 1, DHS must recalculate the member’s patient liability based on the Institutional personal needs allowance.

3. At such time as a transition between groups is made, the MCO shall issue notice of transition to the member. Because the member has elected the transition and remains enrolled in the CHOICES Program, such transition between CHOICES groups shall not constitute an adverse
Thus the notice will not include the right to appeal or request a fair hearing regarding the member's decision.

(7) Benefits in the TennCare CHOICES Program.

(a) The CHOICES Program includes Nursing Facility care and Home and Community-Based Services (HCBS) benefits, as described in these rules. Pursuant to federal regulations, Nursing Facility services must be ordered by the treating physician. A physician's order is not required for HCBS.

(b) Persons in CHOICES Group 1 receive Nursing Facility care, in addition to all of the medically necessary covered benefits available for Medicaid recipients, as specified in TennCare Rules 1200-13-13-.04. While they are receiving Nursing Facility care, they are not eligible for HCBS.

(c) Persons in CHOICES Group 2 who are Medicaid eligible receive HCBS as specified in an approved plan of care, in addition to medically necessary covered benefits available for TennCare Medicaid recipients, as specified in TennCare Rule 1200-13-13-.04. While they are receiving HCBS, they are not eligible for Nursing Facility care, except for Short-Term Nursing Facility care, as described in these rules.

(d) Persons in CHOICES Group 2 who are eligible for TennCare Standard in the CHOICES 217-Like Group receive HCBS as specified in an approved plan of care, in addition to medically necessary covered benefits available for TennCare Standard recipients, as specified in TennCare Rule 1200-13-14-.04. While they are receiving HCBS, they are not eligible for Nursing Facility care, except for Short-Term Nursing Facility care, as described in these rules.

(e) Persons are not eligible to receive any other HCBS during the time that short-term NF services are provided. HCBS such as minor home modifications or installation of a Personal Emergency Response System (PERS) which are required to facilitate transition from the NF back to the home or community may be provided during the NF stay and billed with date of service being on or after discharge from the NF.

(f) Persons receiving CBRA services, other than Companion Care, are eligible to receive only Assistive Technology services, since other types of support and assistance are within the defined scope of the 24-hour CBRA benefit and are the responsibility of the CBRA provider.

(g) Persons receiving Companion Care are eligible to receive only Assistive Technology, Minor Home Modifications, and Pest Control, since all needed assistance with ADLs and IADLs are within the defined scope of the 24-hour CBRA benefit.

(h) All long-term care services, NF services as well as HCBS, must be authorized by the MCO in order for MCO payment to be made for the services. An MCO may elect to accept TennCare's PAE determination as its prior authorization for NF services. Nursing Facility care may sometimes start before authorization is obtained, but payment will not be made until the MCO has authorized the service. Except for special provisions which may be made by an MCO during the Continuity of Care period for CHOICES implementation, HCBS must be specified in an approved plan of care and authorized by the MCO prior to delivery of the service in order for MCO payment to be made for the services.

(i) HCBS covered under TennCare CHOICES and corresponding limitations regarding the scope of each service are defined in Rule 1200-13-01-.02. Limits of these services are as follows:

1. Short-Term Nursing Facility care, up to no more than 90 days per stay, per enrollee
2. Community-Based Residential Alternatives, to include Adult Care Homes, Assisted Care Living Facility services, and Companion Care
3. Personal Care visits, up to 2 visits per day, per enrollee; visits limited to no more than 4 hours per visit
4. Attendant Care, up to 1080 hours per calendar year, per enrollee. Attendant Care services must be needed for more than four (4) hours per occasion. If a lesser intensity of service is needed, Personal Care Visits is the more appropriate benefit.

5. Homemaker services, up to 3 visits per week, per enrollee

6. Home-delivered Meals, up to 1 meal per day, per enrollee

7. Personal Emergency Response System (PERS)

8. Adult Day Care, up to 2080 hours per calendar year, per enrollee

9. In-home Respite Care, up to 216 hours per year, per enrollee

10. Inpatient Respite Care, up to 9 days per year, per enrollee

11. Assistive Technology, up to $900 per year, per enrollee

12. Minor Home Modifications, with the following limitations:
   (i) $6,000 per project;
   (ii) $10,000 per calendar year; and
   (iii) $20,000 per lifetime.

13. Pest Control, up to 9 treatment visits per calendar year, per enrollee

(j) Persons who qualify as "Immediate Eligibles" are eligible only for certain HCBS covered under CHOICES. They are not eligible for any other TennCare benefits, including other CHOICES benefits. These HCBS are listed below. The limits are the same as those specified in subparagraph (i) above. When the limit is an annual limit, the services used in the immediate eligibility period count against the annual limit if the individual should become eligible for TennCare.

1. Personal Care
2. Attendant Care
3. Homemaker services
4. Home-delivered Meals
5. PERS

6. Adult day care

(k) Transportation.

1. Emergency and non-emergency transportation to TennCare covered services other than CHOICES services is provided by the MCOs in accordance with Rules 1200-13-13-.04 and 1200-13-14-.04.

2. Transportation is not provided to HCBS covered by CHOICES, except in the circumstance where a member requires Adult Day Care that is not available within 30 miles of the member's residence.

For CHOICES enrollees not participating in Consumer Direction, provider agencies delivering HCBS may permit staff to accompany a member outside the home, but not to personally transport the enrollee. The decision of whether or not to accompany the member outside the home is at the discretion of the agency/worker, taking into account such issues as the ability to safely provide services outside the home setting and the cost involved. In no case will
additional hours of service and/or an increased rate of reimbursement be provided as a result of an agency/worker decision to accompany a member outside the home.

3. For CHOICES enrollees participating in Consumer Direction, the enrollee may elect to have his consumer directed workers (including Companion Care workers) to accompany and/or transport the member if such an arrangement is agreed to by both the member and the workers and specified in the Service Agreement; however, no additional hours or reimbursement will be available.

(I) Freedom of Choice.

1. CHOICES members shall be given freedom of choice of nursing facility care or HCSS, so long as the person meets all criteria for enrollment into CHOICES Group 2, as specified in these rules, and the person may be enrolled into CHOICES Group 2 in accordance with requirements pertaining to the CHOICES Group 2 enrollment target as described in these rules.

2. CHOICES member shall also be permitted to choose providers for HCSS specified in the plan of care from the MCO’s list of participating providers, so long as the participating provider selected is available and willing to initiate services timely and to deliver services in accordance with the plan of care. The member is not entitled to receive services from a particular provider, however. A member is not entitled to a fair hearing if he is not able to receive services from the provider of his choice.

(m) Transition allowance. For CHOICES members moving from CHOICES 1 to CHOICES 2, the MCO may, at its sole discretion, provide a Transition Allowance not to exceed $2,000 per lifetime as a cost-effective alternative to facilitate transition of the member from the NF to the community. Items which may be purchased or reimbursed are only those items which the member has no other means to obtain and which are essential in order to establish a community residence when such residence is not already established and to facilitate the person’s safe and timely transition, including rent and/or utility deposits, essential kitchen appliances, basic furniture, and essential basic household items, such as towels, linens, and dishes.

(8) Consumer-Direction.

(a) Consumer Direction is a model of service delivery that affords CHOICES Group 2 members the opportunity to have more choice and control with respect to certain types of home and community based services (HCBS) that are needed by the member, in accordance with the rules described herein. Consumer Direction is not a service or set of services.

The model of Consumer Direction that will be implemented in CHOICES is a prior authorization model. The determination regarding the services a member will receive will be based on a comprehensive needs assessment performed by a care coordinator which identifies the member’s needs, the availability of family and other caregivers to meet those needs, and the gaps in care for which paid services may be authorized. Once the type and amount of services that a member needs have been determined, CHOICES members determined to need eligible HCSS may elect to receive one or more of the eligible HCSS through a Contract Provider, or they may participate in Consumer Direction. Companion care is available only through Consumer Direction. CHOICES members who do not need eligible HCSS will not be offered the opportunity to enroll in Consumer Direction.

(b) HCBS Eligible for Consumer Direction (Eligible HCSS).

1. Consumer Direction is limited to the following HCBS:

   (i) Attendant Care

   (ii) Companion Care (Companion Care is only available for persons electing Consumer Direction)

   (iii) Homemaker Services
In-Home Respite Care

Personal Care Visits

2. The amount of a covered benefit available to the member will not increase as a result of his decision to participate in Consumer Direction, even if the rate of reimbursement for the service is lower in Consumer Direction. The amount of each covered benefit to be provided to the member is specified in the approved plan of care.

3. Home health services, private duty nursing services, and HCBS other than those specified above shall not be available through Consumer Direction.

(c) Eligibility for Consumer Direction. To be eligible for Consumer Direction, CHOICES members must meet all of the following criteria:

1. They must be members of CHOICES Group 2;

2. They must be determined by a Care Coordinator, based on a comprehensive Needs Assessment, to need one or more of the HCBS eligible for Consumer Direction.

3. They must be willing and able to serve as the employer of record for their consumer-directed workers and to fulfill all of the required responsibilities for consumer direction, or they must have a qualified representative who is willing and able to serve as the employer of record and to fulfill all of the required responsibilities for consumer direction. Assistance shall be provided to the member or his representative by the Fiscal Employer Agent.

4. Any additional risks associated with a member’s decision to participate in Consumer Direction must be identified and addressed in a signed Risk Agreement, and the MCO must determine that the person’s needs can be safely and appropriately met in the community while participating in Consumer Direction.

5. The member or his representative for consumer direction and any workers he employs must agree to use the services of TennCare’s contracted Fiscal Employer Agent to perform required Financial Administration and Supports Brokerage functions.

(d) Enrollment in Consumer Direction.

1. A CHOICES Group 2 member assessed to need one or more eligible HCBS may elect to participate in Consumer Direction at any time.

2. If the member is unable to make a decision regarding his participation in Consumer Direction or to communicate his decision, only a legally appointed representative may make such decision on his behalf. The member, or a family member or other caregiver, must sign a Consumer Direction participation form reflecting the decision the member has made.

3. If the member is unable to make a decision regarding Consumer Direction or to communicate his decision and does not have a legally appointed representative, the member cannot participate in Consumer Direction since there is no one with the legal authority to assume and/or delegate Consumer Direction responsibilities.

4. Self-Assessment Tool. If a member elects to participate in Consumer Direction, he must complete a self-assessment tool to determine whether he requires the assistance of a representative to perform the responsibilities of Consumer Direction.

5. Representative. If the member requires assistance in order to participate in Consumer Direction, he must designate, or have appointed by a legally appointed representative, a representative to assume the Consumer Direction responsibilities on his behalf.

(i) A representative must meet all of the following criteria:
(I) Be at least 18 years of age;

(II) Have a personal relationship with the member and understand his support needs;

(III) Know the member's daily schedule and routine, medical and functional status, medication regimen, likes and dislikes, strengths and weaknesses; and

(IV) Be physically present in the member's residence on a regular basis or at least at a frequency necessary to supervise and evaluate each consumer-directed worker.

(ii) If a member requires a Representative but is unwilling or unable to appoint one, the MCO may submit to TennCare, for review and approval, a request to deny the member's participation in Consumer Direction.

(iii) If a member's care coordinator believes that the person selected as the member's representative for Consumer Direction does not meet the specified requirements (e.g., the representative is not physically present in the member's residence at a frequency necessary to adequately supervise workers), the Care Coordinator may request that the member select a different representative who meets the specified requirements.

If the member does not select another Representative who meets the specified requirements, the MCO may, in order to help ensure the member's health and safety, submit to TennCare, for review and approval, a request to deny the member's participation in Consumer Direction.

(iv) A member's representative shall not receive payment for serving in this capacity and shall not serve as the member's worker for any consumer-directed service.

(v) Representative agreement. A representative agreement must be signed by the member (or person authorized to sign on the member's behalf) and the representative in the presence of the care coordinator. By completing a representative agreement, the representative confirms that he agrees to serve as a member's representative and that he accepts the responsibilities and will perform the duties associated with being a representative.

(vi) A member may change his representative at any time by immediately notifying his care coordinator and his supports broker that he intends to change representatives. The care coordinator shall verify that the new representative meets the qualifications as described above. A new representative agreement must be completed and signed, in the presence of a care coordinator, prior to the new representative assuming his respective responsibilities.

(e) Employer of record.

1. If a member elects to participate in Consumer Direction, either he or his representative must serve as the employer of record.

2. The employer of record is responsible for the following:

   (i) Recruiting, hiring and firing workers;

   (ii) Determining workers' duties and developing job descriptions;

   (iii) Scheduling workers;

   (iv) Supervising workers;

   (v) Evaluating worker performance and addressing any identified deficiencies or concerns;

   (vi) Setting wages from a range of reimbursement levels established by TennCare.
(vii) Training workers to provide personalized care based on the member's needs and preferences;

(viii) Ensuring that workers deliver only those services authorized, and reviewing and approving hours worked by consumer-directed workers;

(ix) Reviewing and ensuring proper documentation for services provided; and

(x) Developing and implementing as needed a back-up plan to address instances when a scheduled worker is not available or fails to show up as scheduled.

(f) Denial of Enrollment in Consumer Direction.

1. Enrollment into Consumer Direction may be denied by TennCare when:

   (i) The person is not enrolled in TennCare or in CHOICES Group 2.

   (ii) The member does not need one or more of the HCBS eligible for Consumer Direction, as specified in the plan of care.

   (iii) The member is not willing or able to serve as the employer of record for their consumer-directed workers and to fulfill all of the required responsibilities for consumer direction, and does not have a qualified representative who is willing and able to serve as the employer of record and to fulfill all of the required responsibilities for consumer direction.

   (iv) The member is unwilling to sign a Risk Agreement which identifies and addresses any additional risks associated with the member's decision to participate in Consumer Direction, or the risks associated with the member's decision to participate in Consumer Direction pose too great a threat to the member's health, safety and welfare.

   (v) The member does not have an adequate back-up plan for consumer direction.

   (vi) The member's needs cannot be safely and appropriately met in the community while participating in Consumer Direction.

   (vii) The member or his representative for consumer direction, or consumer directed workers they want to employ are unwilling to use the services of TennCare's contracted Fiscal Employer Agent to perform required Financial Administration and Supports Brokerage functions.

   (viii) Other significant concerns regarding the member's participation in Consumer Direction which jeopardize the health, safety or welfare of the member.

2. Denial of enrollment in Consumer Direction gives rise to notice and due process including the right to a fair hearing, as set forth in this rule.

(g) Fiscal Employer Agent (FEA)

1. The FEA shall perform the following functions on behalf of all members participating in Consumer Direction:

   (i) Financial Administration functions in the performance of payroll and related tasks; and

   (ii) Supports Brokerage functions to assist the member or his representative with other non-payroll related tasks such as recruiting and training workers.

2. The FEA will:
Assign a supports broker to each CHOICES member electing to participate in Consumer Direction of HCBS.

Provide initial and ongoing training to members and their representatives (as applicable) on Consumer Direction and other relevant issues;

Verify worker qualifications, including conducting background checks on workers, enrolling workers into Medicaid, assigning provider Medicaid ID numbers, and holding Medicaid provider agreements;

Provide initial and ongoing training to workers on Consumer Direction and other relevant issues;

Assist the member and/or representative in developing and updating service agreements;

Withhold, file and pay applicable federal, state and local income taxes; employment and unemployment taxes; and worker's compensation;

Pay workers for authorized services rendered within authorized timeframes;

Back-up Plan for Consumer-Directed Workers.

1. Each member participating in Consumer Direction or his representative is responsible for the development and implementation of a back-up plan that identifies how the member/representative will address situations when a scheduled worker is not available or fails to show up as scheduled.

2. The member/representative (as applicable) may not elect, as part of the back-up plan, to go without services.

3. The back-up plan for Consumer Direction shall include the names and telephone numbers of contacts (workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts.

4. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the member electing Consumer Direction and/or his representative to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity, and for initiating the back-up plan when needed.

5. The member's back-up plan for consumer-directed workers shall be integrated into the member's back-up plan for services provided by contract providers, as applicable, and the member's plan of care.

6. The care coordinator shall review the back-up plan developed by the member and/or his representative to determine its adequacy to address the member's needs. If an adequate back-up plan cannot be provided to consumer direction, enrollment into Consumer Direction may be denied, as set forth in this rule.

7. The back-up plan will be reviewed and updated at least annually, and as frequently as necessary if there are changes in the type, amount, duration, scope of eligible HCBS or the schedule at which such services are needed, changes in workers (when such workers also serve as a back-up to other workers) and changes in the availability of paid or unpaid back-up workers to deliver needed care.

Consumer-directed Workers (Workers).

1. Hiring Consumer-Directed Workers.

Members shall have the flexibility to hire persons with whom they have a close personal relationship to serve as workers, such as neighbors or friends.
(ii) Members may hire family members, excluding spouses, to serve as workers. However, a family member shall not be reimbursed for a service that he would have otherwise provided without pay. A member or his representative for Consumer Direction may not hire a family member or other person with whom the member currently resides to begin delivering Companion Care services.

(iii) Members may elect to have a worker provide more than one service, have multiple workers, or have both a worker and a contract provider for a given service, in which case, there must be a set schedule which clearly defines when contract providers will be utilized.

2. Qualifications of Consumer-Directed Workers.

Consumer-directed workers must meet the following requirements prior to providing services:

(i) Be at least 18 years of age or older.

(ii) pass a background check which includes criminal background check (including fingerprinting), or, as an alternative, a background check from a licensed private investigation company;

(iii) verification that the person's name does not appear on the State abuse registry;

(iv) verification that the person's name does not appear on the state and national sexual offender registries and licensure verification, as applicable;

(v) complete all required training;

(vi) complete all required applications to become a TennCare provider;

(vii) sign an abbreviated Medicaid agreement;

(viii) be assigned a Medicaid provider ID number; and

(ix) sign a service agreement.

(x) If the worker will be transporting the member as specified in the Service Agreement, a valid driver's license and proof of insurance must also be provided.

3. Disqualification from Serving as a Consumer-Directed Worker.

A member cannot waive a background check for a potential worker. The following findings shall disqualify a person from serving as a worker:

(i) Conviction of an offense involving physical, sexual or emotional abuse, neglect, financial exploitation or misuse of funds, misappropriation of property, theft from any person, violence against any person, or manufacture, sale, possession or distribution of any drug;

(ii) Entering of a plea of nolo contendere or when a jury verdict of guilty is rendered but adjudication of guilt is withheld with respect to a crime reasonably related to the nature of the position sought or held;

(iii) Identification on the abuse registry;

(iv) Identification on the state or national sexual offender registry;

(v) Failure to have a required license; and

(vi) Refusal to cooperate with a background check.
4. Exception to Disqualification of a Consumer-Directed Worker.

If a worker fails the background check, an exception to disqualification may be granted at the member's discretion if all of the following conditions are met:

(i) Offense is a misdemeanor;
(ii) Offense occurred more than five (5) years ago;
(iii) Offense is not related to physical or sexual or emotional abuse of another person;
(iv) Offense does not involve violence against another person or the manufacture, sale, or distribution of drugs; and
(v) There is only one disqualifying offense.

5. Service Agreement.

(i) A member shall develop a service agreement with each worker, which includes, at a minimum:

(II) The roles and responsibilities of the worker and the member;
(II) The worker's schedule (as developed by the member and/or representative), including hours and days;
(III) The scope of each service (i.e., the specific tasks and functions the worker is to perform);
(IV) The service rate; and
(V) The requested start date for services.

(ii) The service agreement must be in place for each worker prior to the worker providing services.

(iii) The service agreement shall also stipulate if a worker will provide one or more self-directed health care tasks, the specific task(s) to be performed, and the frequency of each self-directed health care task.

6. Payments to Consumer-Directed Workers.

(i) Rates.

With the exception of companion care services, members participating in Consumer Direction have the flexibility to set wages for their workers from a range of reimbursement levels established by TennCare.

(I) Monthly companion care rates are only available for a full month of service delivery and will be pro-rated when a lesser number of days are actually delivered.

(II) The back-up per diem rate is available only when a regularly scheduled companion is ill or unexpectedly unable to deliver services, and shall not be authorized as a component of ongoing companion care services.

(ii) Payments to Consumer-Directed Workers. In order to receive payment for services rendered, all workers must:
(I) Deliver services in accordance with the schedule of services specified in the
member's plan of care and in the MCO's service authorization, and in accordance
with worker assignments determined by the member or his representative.

(II) Utilize the EVV system to log in and out at each visit.

(III) Provide detailed documentation of service delivery including but not limited to the
specific tasks and functions performed for the member at each visit, which shall be
maintained in the member's home.

(IV) Provide no more than forty (40) hours of services within a consecutive seven (7)
day period, unless explicitly permitted by program guidelines and in accordance
with service authorizations.

(iii) Termination of Consumer-Directed Workers' Employment.

(I) A member may terminate a worker's employment at any time if he feels that the
worker is not adhering to the terms of the service agreement and/or is not providing
quality services.

(II) The MCC may not terminate a worker's employment, but may request that a
member be involuntarily withdrawn from Consumer Direction if it is determined that
the health, safety and welfare of the member may be in jeopardy if the member
continues to employ a worker but the member and/or representative does not want
to terminate the worker.

(j) Self Direction of Health Care Tasks.

1. A competent adult, as defined in Rule 1200-13-01-.02, with a functional disability living in his or
her own home, enrolled in CHOICES Group 2, and participating in Consumer Direction, or his
representative for consumer direction may choose to direct and supervise a consumer directed
worker in the performance of a health care task as defined in these rules.

2. For purposes of this rule, home does not include a nursing facility or assisted care living facility.

3. A member will not receive additional amounts of any service as a result of his decision to self-
direct health care tasks. Rather, the health care tasks will be performed by the worker in the
course of delivering eligible HCBS already determined to be needed, as specified in the plan of
care.

4. Health care tasks that may be self directed for the purposes of this subparagraph are limited to
administration of oral, topical and inhaled medications.

5. The member or representative who chooses to self-direct a health care task is responsible for
initiating self-direction by informing the health care professional who has ordered the treatment
which involves the health care task of the individual or caregiver's intent to perform that task
through self-direction. The provider shall not be required to prescribe self-direction of the health
care task.

6. When a licensed health care provider orders treatment involving a health care task to be
performed through self-directed care, the responsibility to ascertain that the patient or caregiver
understands the treatment and will be able to follow through on the self-directed care task is the
same as it would be for a patient or caregiver who performs the health care task for himself or
herself, and the licensed health care provider incurs no additional liability when ordering a
health care task which is to be performed through self-directed care.

7. The member or his representative for Consumer Direction will identify one or more consumer
directed workers who will perform the task in the course of delivery of eligible HCBS. If a
worker agrees to perform the health care tasks, the tasks to be performed must be specified in
the Service Agreement. The member or his representative for Consumer Direction is solely
responsible for identifying a worker that is willing to perform health care tasks, and for instructing the paid personal aide on the task(s) to be performed.

8. The member or his representative for Consumer Direction must also identify in his back-up plan for consumer direction who will perform the health care task if the worker is unavailable, or stops performing the task for any reason.

9. Ongoing monitoring of the worker performing self-directed health care tasks is the responsibility of the member or his representative. Members are encouraged to use a home medication log as a tool to document medication administration. Medications should be kept in original containers, with labels intact and legible.

(k) Withdrawal from Participation in Consumer Direction.

1. General.

   (i) Voluntary Withdrawal from Consumer Direction. Members participating in Consumer Direction may voluntarily withdraw from participation in Consumer Direction at any time. The member’s request must be in writing. Whenever possible, notice of a member’s decision to withdraw from participation in Consumer Direction should be provided in advance to permit time to arrange for delivery of services through contracted providers.

   (ii) Voluntary or involuntary withdrawal of a member from Consumer Direction of HCBS shall not affect a member’s eligibility for long-term care services or enrollment in CHOICES, so long as the member continues to meet all requirements for enrollment in CHOICES as defined in these rules.

   (iii) If a member voluntarily withdraws or is involuntarily withdrawn from Consumer Direction, any eligible HCBS he receives shall be provided through contract providers, subject to the requirements set forth in these rules, with the exception of Companion Care, which is only available through Consumer Direction.

2. Involuntary Withdrawal.

   (i) A person may be involuntary withdrawn from participation in Consumer Direction of HCBS for any of the following reasons:

      (I) The person is no longer enrolled in TennCare.

      (II) The person is no longer enrolled in CHOICES Group 2.

      (III) The member no longer needs any of the HCBS eligible for Consumer Direction, as specified in the plan of care.

      (IV) The member is no longer willing or able to serve as the employer of record for their consumer-directed workers and to fulfill all of the required responsibilities for consumer direction, and does not have a qualified representative who is willing and able to serve as the employer of record and to fulfill all of the required responsibilities for consumer direction.

      (V) The member is unwilling to sign a Risk Agreement which identifies and addresses any additional risks associated with the member’s decision to participate in Consumer Direction, or the risks associated with the member’s decision to participate in Consumer Direction pose too great a threat to the member’s health, safety and welfare.

      (VI) The health, safety and welfare of the member may be in jeopardy if the member or his representative continues to employ a worker but the member and/or representative does not want to terminate the worker.
(VII) The member does not have an adequate back-up plan for consumer direction.

(VIII) The person's needs cannot be safely and appropriately met in the community while participating in Consumer Direction.

(IX) The member or his representative for consumer direction, or consumer directed workers they want to employ are unwilling to use the services of TennCare's contracted Fiscal Employer Agent to perform required Financial Administration and Supports Brokerage functions.

(X) The member or his representative for consumer direction are unwilling to abide by the requirements of the CHOICES Consumer Direction program.

(XI) If a member's representative fails to perform in accordance with the terms of the representative agreement and the health, safety and welfare of the member is at risk, and the member wants to continue to use the representative.

(XII) If a member has consistently demonstrated that he is unable to manage, with sufficient supports (including appointment of a representative) his services and the care coordinator or FEA has identified health, safety and/or welfare issues.

(XIII) A care coordinator has determined that the health, safety and welfare of the member may be in jeopardy if the member continues to employ a worker but the member and/or representative does not want to terminate the worker.

(XIV) Other significant concerns regarding the member's participation in Consumer Direction which jeopardize the health, safety or welfare of the member.

(ii) The Bureau of TennCare must review and approve all MCC requests for involuntary withdrawal from Consumer Direction of HCBS before such action may occur. If the Bureau of TennCare approves the request, written notice shall be given to the member at least ten (10) days in advance of the withdrawal. The date of withdrawal may be delayed when necessary to allow adequate time to transition the member to contract provider services as seamlessly as possible.

(iii) The member shall have the right to appeal involuntary withdrawal from Consumer Direction.

(iv) If a person is no longer enrolled in TennCare or in CHOICES, his participation in Consumer Direction shall be terminated automatically.

(9) Nursing Facilities in the TennCare CHOICES program.

(a) Conditions of participation. Nursing Facilities participating in the CHOICES program must meet all of the conditions of participation and conditions for reimbursement outlined in their provider agreements with the TennCare Managed Care Organizations.

(b) Reimbursement methodology for Level 1 care: See Rule 1200-13-01-.03(6).

(c) Reimbursement methodology for Level 2 care: See Rule 1200-13-01-.03(7).

(d) Reimbursement methodology for Level 2 care at an enhanced respiratory care rate: See Rule 1200-13-01.03(8).

(e) Non-participating providers. Nursing Facilities that wish to continue serving existing residents without entering into provider agreements with TennCare MCOs will be considered non-participating providers.

1. Non-participating Nursing Facility providers must comply with Rules 1200-13-01-.03, 1200-13-01-.06, and 1200-13-01-.09.
2. Non-participating providers must sign a modified contract (called a case agreement) with the MCO to continue receiving reimbursement for existing residents, including residents who may become Medicaid eligible.

3. Non-participating Nursing Facility providers will be reimbursed 80% of the lowest rate paid to any participating Nursing Facility provider in Tennessee for the applicable level of NF services except that for the first 30 days following CHOICES implementation in the Grand Division, reimbursement shall be made at the nursing facility's rate as established by the Office of the Comptroller.

(f) Bed holds. See Rule 1200-13-01-.03(9).

(g) Other reimbursement issues. See Rule 1200-13-01-.03(10).

(10) HCBS Providers in the CHOICES Program.

(a) HCBS providers delivering care under the CHOICES program must specified license requirements and shall meet conditions for reimbursement outlined in their provider agreements with the TennCare Managed Care Organizations.

(b) During the continuity of care period, both participating and non-participating HCBS providers will be reimbursed by the member’s MCO in accordance with the contract rates for providers of similar services.

(c) After the Continuity of Care period has ended, non-participating HCBS providers will be reimbursed by the patient's Managed Care Organization at 80% of the lowest rate paid to any HCBS provider in the state for that service.

(11) Appeals.

(a) Appeals related to determinations of eligibility for TennCare Medicaid or TennCare Standard are processed by the Department of Human Services, in accordance with Chapters 1200-13-13 and 1200-13-14.

(b) Appeals related to the denial, reduction, suspension, or termination of a covered service are processed by the Bureau of TennCare in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.

(c) Appeals related to the PreAdmission Evaluation process (including decisions pertaining to the PASRR process) are handled by the Division of Long-Term Care in the Bureau of TennCare in accordance with Rule 1200-13-01-.10(6).

(d) Appeals related to the enrollment or disenrollment of an individual in TennCare CHOICES, or to denial or involuntary withdrawal from participation in Consumer Direction are processed by the Division of Long-Term Care in the Bureau of TennCare, in accordance with the following procedures:

1. If enrollment into TennCare CHOICES is denied or if participation in Consumer Direction is denied, notice shall be provided which provides explanation of the reason for such denial. The notice shall include the person's right to request a fair hearing within 30 days from receipt of the written notice regarding valid factual disputes pertaining to the enrollment denial decision.

2. If a person is involuntarily disenrolled from CHOICES, or if participation in Consumer Direction is involuntarily withdrawn, advance notice of involuntary withdrawal shall be issued. The notice shall include notice of the persons' right to request a fair hearing within 30 days from receipt of the written notice regarding valid factual disputes pertaining to the decision.

3. Appeals regarding denial of enrollment into CHOICES, involuntary disenrollment from CHOICES, or denial or involuntary withdrawal from participation in Consumer Direction must be filed in writing with the TennCare Division of Long-Term Care within 35 days of issuance of the written notice if the appeal is filed with TennCare by fax, and within 40 days of issuance of the
written notice if the appeal is mailed to TennCare. This allows 5 days mail time for receipt of the written notice and when applicable, 5 days mail time for receipt of the written appeal.

4. In the case of involuntary disenrollment from CHOICES only, if the appeal is received prior to the date of action, continuation of CHOICES benefits shall be provided, pending resolution of the disenrollment appeal.

5. In the case of involuntary withdrawal from participation in Consumer Direction, if the appeal is received prior to the date of action, continuation of participation in Consumer Direction shall be provided, unless such continuation would pose a serious risk to the member's health, safety and welfare, in which case, services specified in the plan of care shall be made available through agency providers pending resolution of the appeal.

Statutory Authority: T.C.A. §§ 4-5-208 and 71-5-105.

Rule 1200-13-01-.06 Provider Reimbursement is deleted in its entirety and replaced with a new rule 1200-13-01-.06 Special Federal Requirements Pertaining to Nursing Facilities which shall read as follows:

1200-13-01-.06 Special Federal Requirements Pertaining to Nursing Facilities.

(1) Anti-discrimination.

No Medicaid reimbursed resident of a Nursing Facility shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination by any such facility.

(a) A Nursing Facility may not directly or through contractual or other arrangements, on ground of race, color, or national origin:

1. Deny a Medicaid reimbursed resident any service or benefit provided under the program.

2. Provide any service or benefit to a Medicaid reimbursed resident which is different, or is provided in a different manner, from that provided to others under the program.

3. Subject a Medicaid reimbursed recipient to segregation or separate treatment in any matter related to the receipt of any service or benefit under the program.

4. Restrict a Medicaid reimbursed resident in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service or benefit under the program.

5. Treat a Medicaid reimbursed resident differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership or other requirement or condition which the resident must meet in order to be provided any service or benefit provided under the program.

(b) A Nursing Facility, in determining the types of services, or benefits which will be provided under any such program, or the Medicaid reimbursed resident to whom, or the situations in which, such services or benefits will be provided under the program, or the Medicaid reimbursed resident to be afforded an opportunity to participate in the program, may not, directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting those residents to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishments of the objective of the program with respect to those residents of a particular race, color, or national origin.

(c) As used in this rule, the services or benefits provided by a Nursing Facility shall be deemed to include any service, or benefit provided in or through a facility participating in this program.

(d) The enumeration of specific forms of prohibited discrimination in this rule does not limit the generality of the prohibition in this rule.
(e) When a Nursing Facility has previously discriminated against persons on the ground of race, color, or national origin, the facility must take affirmative action to overcome the effects of prior discrimination.

(f) Even in the absence of such prior discrimination, a facility may take affirmative action to overcome the effects of conditions which resulted in limiting participation by persons of a particular race, color, or national origin.

(2) Admissions, transfers, and discharges from Nursing Facilities.

(a) All Nursing Facilities shall establish written policies and procedures addressing admission, transfer and discharge, consistent with these rules. These policies and procedures shall be available for inspection by the state.

(b) A Nursing Facility that has entered into a provider agreement with the Bureau of TennCare or a Managed Care Organization shall admit individuals on a first come, first served basis, except as otherwise permitted by state and federal laws and regulations.

(c) Nursing Facilities participating in the Medicaid Program shall not as a condition of admission to or continued stay at the facility request or require:

1. Transfer or discharge of a Medicaid-eligible resident because Medicaid has been or becomes the resident's source of payment for long-term care.

2. Payment of an amount from a Medicaid-eligible resident in excess of the amount of patient liability determined by the Tennessee Department of Human Services.

3. Payment in excess of the amount of patient liability determined by the Tennessee Department of Human Services from any resident who is financially eligible for medical assistance but who has not submitted a PAE for consideration or whose appeal rights for a denied PAE have not been exhausted.

5. A third party (i.e. responsible party) signature, except as required of a court appointed legal guardian or conservator, or require payment of any kind by a third party on behalf of a Medicaid Eligible individual.

(d) Nursing Facilities participating in the Medicaid Program must comply with the following guidelines regarding transfers, discharges and/or readmissions.

1. Transfer and Discharge Rights.

   (i) A Nursing Facility must permit each resident to remain in the facility and must not transfer or discharge the resident from the facility unless:

   (II) The transfer or discharge is necessary to meet the resident's welfare which cannot be met in the facility;

   (III) The transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility;

   (IV) The safety of individuals in the facility is endangered;

   (V) The health of individuals in the facility would otherwise be endangered;

   (V) The resident has failed, after reasonable and appropriate notice, to pay (or to have paid under Title XIX or Title XVIII on the resident's behalf) for a stay at the facility; or
(VI) The facility ceases to operate.

(ii) In each of the cases described above, no patient shall be discharged or transferred without a written order from the attending physician or through other legal processes and timely notification of next of kin and/or sponsor or authorized representative, if any. Each Nursing Facility shall establish a policy for handling patients who wish to leave the facility against medical advice. The basis for the transfer or discharge must be documented in the resident's clinical record. In the cases described in items (I) and (II) above, the documentation must be made by the resident's physician, and in the case described in item (IV) above, the documentation must be made by a physician. For purposes of item (V), in the case of a resident who becomes eligible for assistance under Title XIX after admission to the facility, only charges which may be imposed under Title XIX shall be considered to be allowable.

(iii) When a patient is transferred, a summary of treatment given at the facility, condition of patient at time of transfer and date and place to which transferred shall be entered in the record. If transfer is due to an emergency; this information will be recorded within forty-eight (48) hours; otherwise, it will precede the transfer of the patient.

(iv) When a patient is transferred, a copy of the clinical summary should, with consent of the patient, be sent to the Nursing Facility that will continue the care of the patient.

(v) Where an involuntary transfer is proposed, in addition to any other relevant factors, the following factors shall be taken into account:

(I) The traumatic effect on the patient.

(II) The proximity of the proposed Nursing Facility to the present facility and to the family and friends of the patient.

(III) The availability of necessary medical and social services at the proposed Nursing Facility.

(IV) Compliance by the proposed Nursing Facility with all applicable Federal and State regulations.

2. Pre-Transfer and Pre-Discharge Notice - Before effecting a transfer or discharge of a resident, a Nursing Facility must:

(i) Notify the resident (and, if known, a family member of the resident or legal representative) of the transfer or discharge and the reasons therefore.

(ii) Record the reasons in the resident's clinical record (including any documentation required pursuant to part 1. above) and include in the notice the items described in part 4. below.

(iii) Notify the Department of Health and the long-term care ombudsman.

(iv) Not transfer or discharge a resident until the above agencies have designated their intention to intervene and until any appeal process is complete, should the resident request a fair hearing.

3. Timing of Notice - The notice under part 2. above must be made at least thirty (30) days in advance of the resident's transfer or discharge except:

(i) In a case described in Rules 1200-13-01-.06(2)(d)1.(i)(III) and 1200-13-01-.06(2)(d)1.(i)(IV).

(ii) In a case described in Rule 1200-13-01-.06(2)(d)1.(i)(II) where the resident's health improves sufficiently to allow a more immediate transfer or discharge.
In a case described in Rule 1200-13-01-.06(2)(d)1.(i)(l) where a more immediate transfer or discharge is necessitated by the resident's urgent medical needs.

In a case where a resident has not resided in the facility for thirty (30) days.

In the case of such exceptions, notice must be given as many days before the date of transfer or discharge as is practicable.

4. Items included in notice - Each pre-transfer and pre-discharge notice under part 2. above must include:
   (i) Notice of the resident's right to appeal the transfer or discharge.
   (ii) The name, mailing address, and telephone number of the long-term care ombudsman.
   (iii) In the case of residents with developmental disabilities, the mailing address and telephone number of the agency responsible for the protection and advocacy system for developmentally disabled individuals.

5. Orientation - A Nursing Facility must provide sufficient preparation and orientation to residents to ensure safe and orderly transfer discharge from the facility.

6. Notice of Bed-Hold Policy and Readmission - Before a resident of a Nursing Facility is transferred for hospitalization or therapeutic leave, a Nursing Facility must provide written information to the resident and a family member or legal representative concerning:
   (i) The provisions of the State plan under this Title XIX regarding the period (if any) during which the resident will be permitted under the State plan to return and resume residence in the facility, and
   (ii) The policies of the facility consistent with part 7. below, regarding such a period.

7. Notice Upon Transfer - At the time of transfer of a resident to a hospital or for therapeutic leave, a Nursing Facility must provide written notice to the resident and a family member or legal representative of the duration of any period under the State plan allowed for the resumption of residence in the facility.

(e) NFs participating in the Medicaid Program must establish and follow a written policy under which an enrollee, whose hospitalization or therapeutic leave exceeds the bed hold period, is readmitted to the NF immediately upon the first availability of a bed in a semi-private room if the enrollee:

1. Requires the services provided by the NF; and
2. Is eligible for the level of NF care services.

(3) Single wait list.

(a) Each Nursing Facility participating in the TennCare must develop and consistently implement policies and procedures regarding its admissions, including the development and maintenance of a single wait list of persons requesting admission to those facilities. This list must at a minimum contain the following information pertaining to each request for admission:

1. The name of the applicant.
2. The name of the contact person or designated representative other than the applicant (if any).
3. The address of the applicant and the contact person or designated representative (if any).

4. The telephone number of the applicant and the contact person or designated representative (if any).

5. The name of the person or agency referring the applicant to the Nursing Facility.

6. The sex and race of the applicant.

7. The date and time of the request for admission.

8. Reason(s) for refusal/non-acceptance/other-action-taken pertaining to the request for admission.

9. The name and title of the Nursing Facility staff person taking the application for admission.

10. A notation stating whether the applicant is anticipated to be Medicaid eligible at time of admission or within one year of admission.

(b) The wait list should be updated and revised at least once each quarter to remove the names of previous applicants who are no longer interested in admission to the Nursing Facility. Following three (3) contacts each separated by a period of at least ten (10) days, the Nursing Facility shall, consistent with the written notice required in this section move an applicant to the end of the single admission list whenever an available bed is not accepted at the time of the vacancy, but the applicant wishes to remain on the admissions list. Applicants shall be advised of these policies at the time of their inquiry, and must be notified in writing, in a format approved by the Department of Health, when their name is removed from the list or moved to the end of the list. Such contacts shall be documented in the facility log containing the wait list. The date, time and method of each contact shall be recorded along with the name of the facility staff person making the contact, and the identity of the applicant or contact person contacted. The log of such contacts shall also summarize the communication between the facility staff person and the applicant or contact person.

(c) Each facility shall send written confirmation that an applicant's name has been entered on the wait list, their position on the wait list, and a notification of their right of access to the wait list as provided in subparagraph (h) of this rule. This confirmation shall include at a minimum the date and time of entry on the wait list and shall be mailed by first class postage to the applicant and their designated representative (if any) identified pursuant to the requirements in subparagraph (a) of this rule.

(d) Each Nursing Facility participating in TennCare shall admit applicants in the chronological order in which the referral or request for admission was received by the facility, except as permitted in subparagraph (e) of this rule.

(e) Documentation justifying deviation from the order of the wait list must be maintained for inspection by the State. Inspection shall include the right to review and/or make copies of these records. Deviation may be based upon:

1. Medical need, including, but not necessarily limited to, the expedited admission of patients being discharged from hospitals and patients who previously resided in a Nursing Facility at a different level of care, but who, in both cases, continue to require institutional medical services;

2. The applicant's sex, if the available bed is in a room or a part of the facility that exclusively serves residents of the opposite sex;

3. Necessity to implement the provisions of a plan of affirmative action to admit racial minorities, if the plan has previously been approved by the Department of Health;

4. Emergency placements requested by the Department when evacuating another health care facility or by the Adult Protective Service of the Tennessee Department of Human Services;

5. Other reasons or policies, e.g., previous participation in a community based waiver or other alternative care program, when approved by the Medical Director of the Department of Health's
Bureau of Health Licensure and Regulation, provided, however, that no such approval shall be granted if to do so would in any way impair the Department's or the facility's ability to comply with its obligations under federal and state civil rights laws, regulations or conditions of licensure or participation.

6. If a Medicaid-eligible recipient's hospitalization or therapeutic leave exceeds the period paid for under the Tennessee Medicaid program for the holding of a bed in the facility for the resident and if the resident continues to require the services provided by the Nursing Facility, then the resident must be readmitted to the facility immediately upon the first availability of a bed in the facility, consistent with part 2. above;

7. Where, with the participation and approval of the Department of Health, expedited admission is approved for residents who are being displaced from another facility or its waiting list as a result of that facility's withdrawal from the Medicaid program.

(f) Telephone requests to be placed on the wait list shall be accepted. The information required in subparagraph (a) of this rule shall be documented.

(g) If an applicant, whether on his or her own behalf or acting through another, requests admission or to be placed on a list of applicants awaiting admission, the information on the waiting list must be recorded and preserved.

(h) Applicants (or their representative), ombudsmen and appropriate state and federal personnel shall have access to the wait list when requested. Such access shall include the right to review and/or copy the wait list, and to be informed by telephone of their position on the wait list.

(i) Any referrals received from the Tennessee Department of Human Services shall be handled in the following manner:

1. Applicants shall be placed on a wait list without formal application until such facility is within sixty (60) days of admission to the facility based on experience.

2. When the applicant is within sixty (60) days of admission to the facility as estimated by the facility based on its experience, the facility shall notify the applicant and the Department of Human Services in writing so that a formal application can be made prior to consideration for admittance.

3. If, after sixty (60) days from the date notification is issued, the facility has not received a completed application then the facility may remove the applicant's name from the wait list.

(4) Physician visits.

(a) Nursing Facilities are responsible for assuring that physician visits are made according to the schedule set out at 42 C.F.R. § 483.40.

To meet the requirement for a physician visit, the physician must, at the time of the visit,

1. See the patient; and

2. Review the patient's total program of care, including treatments; and

3. Verify that the patient continues to need the designated level of nursing facility care and document it in the progress notes or orders; and

4. Write, sign, and date progress notes; and

5. Sign all orders.
At the option of the physician, required visits after the initial visit may alternate between visits by a physician and visits by a physician assistant or nurse practitioner working under the physician’s delegation.

A physician visit will be considered to be timely if it occurs not later than 10 days after the date of the required visit. Failure of the visit to be made timely will result in non-payment of claims, or a recoupment of all amounts paid by TennCare or the MCO during the time that the physician visit has lapsed.

(b) Nursing Facilities are responsible for assuring that the physician verify at the time of each physician’s visit the Medicaid recipient’s continued need for Nursing Facility level of care and whether or not he is being served at the appropriate level of care.

1. Failure to obtain the verification at the time of the scheduled physician visit may result in a recoupment of all amounts paid by TennCare or the MCO during the time that the verification/physician visit has lapsed.

2. If such a recoupment is made, the participating facility shall not:
   (i) Attempt to recoup from the resident; or
   (ii) Discharge the resident based on the recoupment.

3. In cases where the physician refused to make the required verification because the physician believes that the level of care is no longer appropriate, a new resident assessment must be completed by the Nursing Facility.

(5) Termination of Nursing Facility provider agreements.

(a) Facilities requesting voluntary termination of provider agreements shall comply with the following:

1. Facilities which choose to voluntarily terminate their provider agreements may do so by notifying TennCare or the MCO in writing of such intent. The effective date of the termination will be determined by TennCare consistent with the terms of the TennCare Provider Agreement then in force between TennCare or the MCO and the facility.

2. The facility will not be entitled to payment for any additional or newly admitted TennCare eligible residents from the date of the facility’s notice of withdrawal from the TennCare program. The facility may, however, at its election, continue to receive TennCare payment for those individuals who resided in the facility, on the date of such notice, so long as they continue to reside in and receive services from the facility and provided that such individuals are TennCare-eligible during the period for which reimbursement is sought. The facility’s right to continue to receive TennCare payments for such individuals following the date of its notice of intent to withdraw from the TennCare program is contingent upon:
   (i) The facility’s compliance with all requirements for TennCare participation; and
   (ii) Its agreement to continue to serve, and accept TennCare payment for, on a non-discriminatory basis, all individuals residing in the facility on the date of notification of withdrawal, who are or become TennCare eligible.

3. The notification must provide the following information:
   (i) The reason(s) for voluntary termination;
   (ii) The names and TennCare identification number of all TennCare-eligible residents;
   (iii) Name of the resident and name of the contact person for the resident (if any) for residents with an application for TennCare eligibility pending;
(iv) A copy of the letter the facility will send to each resident informing them of the voluntary termination, and a copy of the letter to be sent to all TennCare-eligible residents regarding this action;

(v) A copy of the letter sent to all applicants on the wait list informing them of the facility's voluntary termination; and

(vi) Whether or not the facility intends to continue to provide services to non-TennCare residents who were residents of the facility on the date withdrawal was approved, in the event they convert to TennCare eligibility; and a copy of the notice to residents explaining that decision; and,

(vii) Other information determined by TennCare or the MCOs as necessary to process the request for termination.

4. The termination of the provider's involvement in TennCare must be done in such a manner as to minimize the harm to current residents.

(i) Residents who are currently TennCare-eligible shall be informed, in a notice to be provided by the facility and approved by TennCare, the facility has elected to withdraw from the TennCare program. If the facility has elected under subpart (ii) of the section to continue to receive TennCare payments for residents of the facility as of the date of notice of withdrawal from the TennCare program, the notice shall inform the resident of the right to remain in the facility as a TennCare patient as long as they wish to do so and remain otherwise eligible under the rules of the TennCare Program. The notice shall also inform the resident that, if they wish to transfer to another facility, under the supervision of TennCare, the Nursing Facility where they now reside will assist in locating a new placement and providing orientation and preparation for the transfer, in accordance with 42 U.S.C. §1396r(c)(2)(B) and implementing regulations and guidelines, if any.

(ii) All other residents of the facility shall receive a separate notice informing them of the facility's intention to withdraw from the TennCare program. The notice will be provided by the facility after having been first reviewed and approved by TennCare. The notice shall inform such residents that, should they become eligible for TennCare coverage, they will be able to convert to TennCare from their current source of payment and remain in the facility only during a period that ends with the termination of the facility's provider agreement, a date to be determined in accordance with the terms of the provider agreement. They will not be eligible for TennCare coverage of their care in the facility thereafter. Transfer of these residents shall be considered an involuntary transfer and shall comply with federal and state regulations governing involuntary transfer or discharges.

The same notice will caution these residents that, if they require care as TennCare patients after the facility's provider agreement is terminated, they will have to transfer to another facility. The notice will also inform the residents that, when their present facility is no longer participating in the TennCare program, certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare facilities will no longer be available to those who remain in the Nursing Facility. Readers of the notice will be informed that, if they wish to transfer, or to have their names placed on wait lists at other facilities, the facility that is withdrawing from the program will assist them by providing preparation and orientation under the supervision of TennCare, as required by 42 U.S.C. § 1396r(c)(2)(B) and implementing regulations and guidelines, if any.

(iii) Applicants whose names are on the facility's wait list will be notified by the facility on a form that has been reviewed and approved by TennCare that the facility intends to withdraw from the TennCare program. They will be cautioned that they will not be able to obtain TennCare coverage for any care that they receive in the facility. The notice shall also inform them that certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare participating facilities will not be available
in the Nursing Facility to which they have applied, once that facility has withdrawn from
the TennCare program.

Applicants will be informed in the notice that, if they wish to make application at other
facilities, the withdrawing facility, under the supervision of TennCare, shall assist them in
seeking placement elsewhere.

5. Following submission of a notice of withdrawal from the TennCare program a facility cannot opt
to receive continued TennCare payments for any resident unless it agrees to accept continual
TennCare payment for all individuals who are residents on the date of the notice of withdrawal,
and who are or become TennCare-eligible provided, however, that TennCare or the enrollee’s
MCO will pay the facility for all covered services actually provided to TennCare-eligible
residents following notice of the facility’s withdrawal and pending the resident’s transfer or
discharge. In instances where facilities elect to continue to receive such TennCare payments,
their provider agreements will remain in effect until the last TennCare-eligible individual, who
resided in the facility as of the date of notification of withdrawal, has been discharged or
transferred from the facility in accordance with TennCare and state licensure requirements.

6. Facilities which terminate their provider agreement shall not be permitted to participate in
TennCare for a period of at least two years from the date the provider agreement is terminated.

7. Unless the facility notifies TennCare within thirty (30) days after giving a notice of termination,
the facility may not stop the termination procedure consistent with this order without written
approval from TennCare.

(b) Nursing Facilities may be involuntarily decertified by the Tennessee Department of Health’s Division
of Health Care Facilities because of their failure to comply with the provisions of these rules.
Facilities that are involuntarily decertified shall not be permitted to participate in the Medicaid program
for a minimum of five (5) years from the date of the decertification.

Rule 1200-13-01-.08 Admission to Long-Term Facilities is deleted in its entirety and replaced with a new rule
1200-13-01-.08 Personal Needs Allowance, Patient Liability, Third Party Insurance and Estate Recovery for
Persons Receiving Long-Term Care so as amended the new rule 1200-13-01-.08 shall read as follows:

1200-13-01-.08 Personal Needs Allowance, Patient Liability, Third Party Insurance and Estate Recovery for
Persons Receiving Long-Term Care.

(1) Personal Needs Allowance. The personal needs allowance is established for each enrollee receiving long-
term care services in accordance with the Tennessee Medicaid State plan, approved 1915(c) waiver
applications, and these rules. It is deducted from the enrollee’s monthly income in calculating patient
liability for long-term care services.

(a) The personal needs allowance for each person receiving Medicaid-funded services in a Nursing
Facility or an Intermediate Care Facility for persons with Mental Retardation is $50. Persons with no
income have no personal needs allowance. Persons with incomes that are less than $50 per month
(including institutionalized persons receiving SSI payments) may keep the entire amount of their
income as their personal needs allowance.

(b) The maximum personal needs allowance for persons participating in CHOICES Group 2 is 300% of
the SSI Federal Benefit Rate.

(c) The maximum personal needs allowance for persons participating in one of the State’s Section
1915(c) HCBS waivers is as follows:

1. The Statewide HCBS E/D Waiver: 200% of the SSI Federal Benefit Rate, as defined in Rule
1200-13-01-.02.

2. The Statewide MR Waiver: 200% of the SSI Federal Benefit Rate.

SS-7040 (December 2009) 55 RDA 1693
3. The Arlington MR Waiver: 200% of the SSI Federal Benefit Rate.

4. The Self-Determination MR Waiver: 300% of the SSI Federal Benefit Rate.

(2) Patient Liability.

(a) Enrollees receiving long-term care services are required to contribute to the cost of their long-term care if their incomes are at certain levels. They are subject to the post-eligibility treatment of income rules set forth in section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), and 42 C.F.R. § 435.725.

(b) For persons being served in HCBS waivers, the state must also use institutional eligibility and post-eligibility rules for determining patient liability.

(c) For persons in the CHOICES 217-Like Group, the state uses institutional eligibility and post-eligibility rules for determining patient liability in the same manner as specified under 42 C.F.R. §§ 435.217, 435.236, and 435.726 and section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), if the HCBS were provided under a section 1915(c) waiver.

(d) For persons in CHOICES Group 2 receiving the Short-term Nursing Facility care benefit (for up to 90 days) or persons enrolled in one of the State's Section 1915(c) waiver programs that is temporarily placed in a medical institution, i.e., a hospital, nursing facility or ICF/MR (for up to 120 days if admitted prior to 3/1/2010, or up to 90 days if admitted on or after 3/1/2010), the post-eligibility calculation shall be performed as if the individual is continuing to receive HCBS. The purpose is to ensure that the individual can maintain a community residence for transition back to the community. After 90 or 120 days, as applicable, or as soon as it appears that the inpatient stay will not be a short-term stay, whichever comes first, a CHOICES Group 2 member will be transitioned to CHOICES Group 1, or a waiver participant must be disenrolled from the waiver, and the institutional post-eligibility calculation shall apply.

(e) Patient liability shall be collected as follows:

1. If the enrollee resides in a Nursing Facility, ICF/MR, or Community Based Residential Alternative setting (i.e., an Assisted Care Living Facility or Critical Adult Care Home), the enrollee must pay his or her patient liability to the residential facility. The facility shall reduce the amount billed to TennCare or the MCO, as applicable, by the amount of the enrollee's patient liability obligation, regardless of whether such amount is actually collected by the facility.

2. If a CHOICES Group 2 enrollee does not reside in a Community Based Residential Alternative, i.e., the enrollee is receiving HCBS in his or her own home, the enrollee must pay his or her patient liability to the MCO. The amount of patient liability collected will be used to offset the cost of CHOICES Group 2 benefits or cost-effective alternative services provided as an alternative to covered CHOICES Group 2 benefits that were reimbursed by the MCO for that month. The amount of patient liability collected by the MCO cannot exceed the cost of CHOICES Group 2 benefits (or cost-effective alternative services provided as an alternative to CHOICES Group 2 benefits) reimbursed by the MCO for that month.

(f) A CHOICES provider, including an MCO, may decline to continue to provide long-term services to a CHOICES member who fails to pay his or her patient liability. If other contracted providers or the other TennCare MCO operating in the Grand Division are unwilling to provide long-term care services to a CHOICES member who has failed to pay his or her patient liability, the individual may be disenrolled from the CHOICES program in accordance with the procedures set out in these rules.

(3) Third Party Liability for Long-term Care.

(a) Long-term Care insurance policies are considered Third Party Liability and are treated like all other Third Party Liability policies, as described in Rule 1200-13-01-.04.
(b) Applicants for the CHOICES program who have Long-Term Care insurance policies must report these policies to DHS upon enrollment in the CHOICES program. Applicants may be subject to criminal prosecution for knowingly providing incorrect information.

(c) Obligations of CHOICES enrollees receiving Nursing Facility or Community Based Residential Alternative services having insurance that will pay for care in a Nursing Facility or other residential facility (including cash benefits to the enrollee for the cost of such services):

1. If the benefits are assignable, the enrollee must assign them to the Nursing Facility or residential facility. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the Nursing Facility or the residential facility for long-term care services.

2. If the benefits are not assignable, the enrollee must provide payment to the Nursing Facility or the residential facility immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the Nursing Facility or the residential facility for long-term care services.

(d) Obligations of CHOICES enrollees receiving non-residential HCBS having insurance that will pay for HCBS (including cash benefits to the enrollee for the cost of such services):

1. If the benefits are assignable, the enrollee must assign them to the MCO. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for HCBS for the enrollee.

2. If the benefits are not assignable, the enrollee must make payment to the MCO immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for HCBS for the enrollee.

(e) Third party liability payments do not reduce the amount of patient liability an enrollee is obligated to contribute toward the cost of long-term care services.

(f) If benefits received by the policyholder are not paid to the facility or MCO, as applicable, such benefits shall be considered income, and may render the person ineligible for Medicaid (including Long-Term Care) benefits.

(4) Estate Recovery. Persons enrolled in TennCare Long-Term Care programs are subject to the requirements of the Federal Estate Recovery Program (FERP) as set forth under Section 1917(b) of the Social Security Act, 42 U.S.C.A. § 1396p(b).

(a) The State is required to seek adjustment or recovery for certain types of medical assistance from the estates of individuals as follows:

1. For persons age 55 and older, the state is obligated to seek adjustment or recovery for nursing facility (including ICF/MR) services, HCBS, and related hospital and prescription drug services.

2. For permanently institutionalized persons under age 55, the state is obligated to seek adjustment or recovery for the institutional services.

(b) Estate recovery shall apply to the estates of individuals under age fifty-five (55) who are inpatients in a nursing facility, intermediate care facility for the mentally retarded or other medical institution and who cannot reasonably be expected to be discharged home.

(c) A determination that an individual cannot reasonably be expected to be discharged to return home shall be made in accordance with the following:

1. The PreAdmission Evaluation for level of care which is certified by the physician shall specify whether discharge is expected and the anticipated length of stay in the institution.

2. The following shall be deemed sufficient evidence that a person cannot reasonably be expected to be discharged to return home and is thus permanently institutionalized:
(i) An approved PAE certified by the physician indicating that discharge is not expected; or,

(ii) The continued stay of a resident of a medical institution at the end of a temporary stay predicted by his physician at the time of admission to be no longer than six months in duration.

(d) Written notice of the determination that the individual residing in a medical institution cannot reasonably be expected to be discharged to return home shall be issued to the individual or his designated correspondent. The notice shall explain the right to request a reconsideration review. Such request must be submitted in writing to the Bureau of TennCare, Long Term Care Division, within 30 days of receipt of the written notice. The reconsideration review shall be conducted as a Commissioner’s Administrative Hearing in the manner set out in Rule 1200-13-01-.10(6)(f).

Retitled Rule Chapter 1200-13-01 TennCare Long-Term Care Programs is amended by adding a new rule 1200-13-01-.30 TennCare ICF/MR Program which shall read as follows:

1200-13-01-.30 TennCare ICF/MR Program

(1) Definitions. See Rule 1200-13-01-.02.

(2) Eligibility for Medicaid-reimbursed care in an ICF/MR.

(a) The individual must be determined by the Tennessee Department of Human Services to be financially and categorically eligible for Medicaid-reimbursed long-term care services.

SS-7040 (December 2009) 83 RDA 1693
(b) The individual must have a valid, unexpired ICF/MR PreAdmission Evaluation (PAE) that has been approved by the Bureau of TennCare in accordance with rule 1200-13-01-.15.

(3) Conditions of participation for ICFs/MR

(a) The ICF/MR must enter into a provider agreement with TennCare.

(b) The ICF/MR must be certified by the state, showing it has met the standards set out in 42 C.F.R., Part 442, Subpart C and 42 C.F.R., Part 483.

(c) ICFs/MR participating in the State of Tennessee's TennCare program shall be terminated as a TennCare provider if certification or licensure is canceled by the state.

(d) If the resident has resources to apply toward payment, the payment made by the state will be his current maximum payment per day, charges or per diem cost (whichever is less), minus the available patient resources.

(e) Payments for residents requiring ICF/MR services will not exceed per diem costs or charges, whichever is less.

(f) If an ICF/MR (upon submission of a cost report and audit of its cost), has collected on a per diem basis during the period covered by the cost report and audit, more than cost reimbursement allowed for the ICF/MR patient, the facility shall be required to reimburse the state (through the Bureau of Medicaid and/or the ICF/MR's Third Party), for that portion of the reimbursement collected in excess of the cost reimbursement allowed.

(g) Regardless of the reimbursement rate established for an ICF/MR, no ICF/MR may charge Medicaid patients an amount greater than the amount per day charge to private paying patients for equivalent accommodations and services.

(h) Personal laundry services in an ICF/MR shall be considered a covered service and included in the per diem rate. Medicaid patients may not be charged for personal laundry services.

(4) Conditions that ICFs/MR must meet to receive Medicaid reimbursement

(a) An ICF/MR which has entered into a provider agreement with the Bureau of TennCare is entitled to receive Medicaid reimbursement for covered services provided to an ICF/MR Eligible if

1. The Bureau of TennCare has received an approvable ICF/MR PreAdmission Evaluation for the individual within ten (10) calendar days of the ICF/MR PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.

2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PreAdmission Evaluation, the Bureau of TennCare has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver program.

3. For a retroactive eligibility determination, the Bureau of TennCare has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PreAdmission Evaluation within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.

(b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.
1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.

(c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau of TennCare.

(5) Reimbursement methodology for Intermediate Care Facilities for persons with Mental Retardation (or pursuant to Federal Law, Intermediate Care Facilities for the Mentally Retarded).

(a) Private for-profit and private not-for-profit Intermediate Care Facilities for persons with Mental Retardation (or pursuant to Federal Law, Intermediate Care Facilities for the Mentally Retarded) (ICFs/MR) shall be reimbursed at the lower of Medicaid cost or charges. An annual inflation factor will be applied to operating costs. The trending factor shall be computed for facilities that have submitted cost reports covering at least six months of program operations. For facilities that have submitted cost reports covering at least three full years of program participation, the trending factor shall be the average cost increase over the three-year period, limited to the 75th percentile trending factor of facilities participating for at least three years. Negative averages shall be considered zero. For facilities that have not completed three full years in the program, the one-year trending factor shall be the 50th percentile trending factor of facilities participating in the program for at least three years. For facilities that have failed to file timely cost reports, the trending factor shall be zero. Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next rate determination except for audit adjustments, correction of errors, or termination of a budgeted rate.

(b) Public Intermediate Care Facilities for persons with Mental Retardation (or pursuant to Federal Law, Intermediate Care Facilities for the Mentally Retarded) (ICFs/MR) that are owned by government shall be reimbursed at 100% of allowable Medicaid costs with no cost-containment incentive. Reimbursement shall be based on Medicare principles of retrospective cost reimbursement with year-end cost report settlements. Interim per-diem rates for the fiscal year beginning July 1, 1995 and ending June 30, 1996 shall be established from budgeted cost and patient day information submitted by the government ICF/MR facilities. Thereafter, interim rates shall be based on the providers' cost reports. There will be a tentative year-end cost settlement within 30 days of submission of the cost reports and a final settlement within 12 months of submission of the cost reports.

(c) Costs for supplies and other items, including any facility staff required to deliver the service, which are billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the nursing facility cost report.

(6) Bed holds.

An ICF/MR will be reimbursed in accordance with this paragraph for the recipient's bed in that facility during the recipient's temporary absence from that facility in accordance with the following:

(a) For days not to exceed 15 days per occasion while the recipient is hospitalized and the following conditions are met:

1. The resident intends to return to the ICF/MR.
2. The hospital provides a discharge plan for the resident.

3. At least 85% of all other beds in the ICF/MR certified at the recipient's designated level of care (i.e., intensive training, high personal care or medical), when computed separately, are occupied at the time of hospital admission. An occupied bed is one that is actually being used by a patient. Beds being held for other patients while they are hospitalized or otherwise absent from the facility are not considered to be occupied beds, for purposes of this calculation.

4. Each period of hospitalization must be physician ordered and so documented in the patient's medical record in the ICF/MR.

(b) For days not to exceed 60 days per state fiscal year and limited to 14 days per occasion while the recipient, pursuant to a physician's order, is absent from the facility on a therapeutic home visit or other therapeutic absence.

(7) Other reimbursement issues

(a) No change of ownership or controlling interest of an existing Medicaid provider, including ICFs/MR, can occur until monies as may be owed to Medicaid are provided for. The purchaser shall notify Medicaid of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to Medicaid for one (1) year from the date of purchase or for one (1) year following Medicaid's receipt of the provider's Medicare final notice of program reimbursement, whichever is later. The purchaser shall be entitled to utilize any means available to it by law to secure and recoup these funds from the selling entity. In addition, purchasers of ICFs/MR are responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid residents at the time of the change of ownership or controlling interest.

(b) If the Division of Medicaid has not reimbursed a business for Medicaid services provided under the Medicaid program at the time the business is sold, when such an amount is determined the division of Medicaid shall be required to reimburse the person owning the business provided such sale included the sale of such assets.

(c) When a provider was originally paid within a retrospective payment system that is subject to regular adjustments and the provider disputes the proposed adjustment action, the provider must file with the State not later than thirty (30) days after receipt of the notice informing the provider of the proposed adjustment action, a request for hearing. The provider's right to a hearing shall be deemed waived if a hearing is not requested within thirty (30) days after receipt of the notice.

Any of these Nursing Facilities participating in the TennCare shall be terminated by all TennCare Managed Care Organizations as a TennCare provider if certification or licensure is canceled by the state.
(c) Nursing Facilities providing Ventilator Weaning or Chronic Ventilator services and Nursing Facilities receiving short-term reimbursement at the Tracheal Suctioning Rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention, shall also meet or exceed the following minimum standards:

(e) If the patient has available resources to apply toward payment, including patient liability as determined by the Department of Human Services or third party liability, which may include long-term care insurance benefits, the payment made by the state is the per diem rate established by TennCare minus the patient's available resources.

(6) Reimbursement methodology for Level 1 care:

(a) A Level 1 Nursing Facility will be reimbursed on the lowest of the following:

1. Allowable cost,

2. Allowable charges,

3. An amount representing the 65th percentile of all such facilities or beds, whichever is lower, participating in the Level 1 Medicaid Nursing Facility program. In determining the 65th percentile for purposes of this sub-section, each provider's most recently filed and reviewed cost report shall be inflated from the mid-point of the provider's cost reporting period to the mid-point of the state's payment period. The trending factor shall be computed for facilities that have submitted cost reports covering at least six months of program operations. For facilities that have submitted cost reports covering at least three full years of program participation, the trending factor shall be the average cost increase over the three-year period, limited to the 75th percentile trending factor of facilities participating for at least three years. Negative averages shall be considered zero. For facilities that have not completed three full years in the program, the one-year trending factor shall be the 50th percentile trending factor of facilities participating in the program for at least three years. For facilities that have failed to file timely cost reports, the trending factor shall be zero.

4. An amount representing the reimbursable cost of the 65th percentile of facilities or beds, whichever is lower, participating in the Nursing Facility Level 1 Program. In determining the 65th percentile ceiling for purposes of this sub-section, operating costs from each provider's most recently filed and reviewed cost report will be inflated from the mid-point of the provider's cost reporting period to the mid-point of the state's payment period.
period. The inflation factor shall be as described in 3. above. Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. No inflation factor will be allowed for providers not filing timely cost reports. For providers in the program less than three years, the inflation factor shall be the 50th percentile of allowable inflation factors for providers participating in the program for at least three years. Budgeted cost reports receive no inflation allowance; or

5. For State Fiscal Year 1997-98, the budgeted amount for Level 1 and Level 2 care of $672,040,000. For State Fiscal Year 1998-99, the budgeted amount for Level 1 and Level 2 care of $705,642,000. For State Fiscal Year 1999-2000 and subsequent years, a proportional share of expenditures not to exceed the amount budgeted by the state for Nursing Facility reimbursement. Expenditures will be monitored throughout each year to determine if rate adjustments are necessary to assure that each level of care is within the budgeted amount.

To assure the proper application of limit 5. above, the Comptroller’s Office shall be authorized to adjust per-diem rates up or down as necessary during the year.

The annual Nursing Facility tax will be passed through as an allowable cost, but will be excluded for purposes of computing the inflation allowance and cost-containment incentive. The Nursing Facility tax will not be subject to the 65th percentile limits but is subject to the limit specified in Rule 1200-13-01-.03(6)(a)5.

If the patient has no available resources to apply toward payment, the payment made by the state is the lower of per-diem cost, charges, or the 65th percentile of all such facilities or beds participating in the Medicaid Program, whichever is less. Cost is determined on a facility by facility basis.

The cost report closing date for determination of the Level 1 65th percentile shall be the first working day of the month preceding the month in which the recomputed 65th percentile is effective. All clean cost reports received by the Comptroller’s Office on or before the closing date shall be included in the determination of the 65th percentile ceiling. A clean cost report is one upon which rates may be set without additional communication from the provider. Home office cost reports must be filed before any individual Nursing Facility cost reports included in a chain can be processed.
(b) Costs for supplies and other items billed, including any facility staff required to deliver the service, which are billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the nursing facility cost report.

(c) Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next ceiling redetermination except for audit adjustments, correction of errors, or termination of a budgeted rate, or as necessary to comply with rule 1200-13-01-.03(6)(a)5.

(7) Reimbursement methodology for Level 2 care:

(a) A Level 2 Nursing Facility will be reimbursed on the lowest of the following:

1. Allowable costs,

2. Allowable charges,

3. An amount representing the reimbursable cost of the 65th percentile of all such facilities or beds, whichever is lower, participating in the Level 2 Medicaid Nursing Facility program. In determining the 65th percentile for purposes of this subsection, each provider's most recently filed and reviewed cost report shall be inflated from the mid-point of the provider's cost reporting period to the mid-point of the state's payment period. The trending factor shall be computed for facilities that have submitted cost reports covering at least six months of program operations. For facilities that have submitted cost reports covering at least three full years of program participation, the trending factor shall be the average cost increase over the three-year period, limited to the 75th percentile trending factor of facilities participating for at least three years. Negative averages shall be considered zero. For facilities that have not completed three full years in the program, the one-year trending factor shall be the 50th percentile trending factor of facilities participating in the program for at least three years. For facilities that have failed to file timely cost reports, the trending factor shall be zero.

4. A prospective amount representing the reimbursable cost of the 65th percentile of facilities or beds, whichever is lower, participating in the Nursing Facility Level 2 Program. In determining the 65th percentile ceiling for purposes of this sub-section, operating costs from each provider's most recently filed and reviewed cost report will be inflated from the midpoint of the provider's cost reporting period to the mid-point of the state's payment period. The inflation factor shall be as described in Part 3. above. Capital-related costs are not subject to indexing. Operating and capital-related costs are as specified on Worksheet B of
For State Fiscal Year 1997-98, the budgeted amount for Level 1 and Level 2 care of $672,040,000. For State Fiscal Year 1998-99, the budgeted amount for level 1 and level 2 care of $705,642,000. For State Fiscal Year 1999-2000 and subsequent years, a proportional share of expenditures not to exceed the amount budgeted by the state for Nursing Facility reimbursement. Expenditures will be monitored throughout each year to determine if rate adjustments are necessary to assure that each level of care is within the budgeted amount.

To assure the proper application of limit 5. above, the Comptroller's Office shall be authorized to adjust per-diem rates up or down as necessary during the year.

The cost report closing date for determination of the Level 2 65th percentile shall be the first working day of the month preceding the month in which the recomputed 65th percentile is effective. All clean cost reports received by the Comptroller's Office on or before the closing date shall be included in the determination of the 65th percentile. A clean cost report is one upon which rates may be set without additional communication from the provider. Home office cost reports must be filed before any individual Nursing Facility cost reports included in a chain can be processed.

The annual Nursing Facility tax will be passed through as an allowable cost, but will be excluded for purposes of computing the inflation allowance and cost-containment incentive. The Nursing Facility tax will not be subject to the 65th percentile limits but is subject to the limit specified in Rule 1200-13-01-.03(7)(a)5.

Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next ceiling redetermination except for audit adjustments, correction of errors, or termination of a budgeted rate, or as necessary to comply with Rule 1200-13-01-.03(7)(a)5.

If the patient has no available resources to apply toward payment, the payment made by the state is the lower of per-diem cost, charges, or the 65th percentile of beds or facilities, whichever is lower, participating in the Medicaid Program. Cost is determined on a facility by facility basis.

(b) Medicare Part B charges, including any facility staff required to deliver the service, are non-allowable in calculating Medicaid Level 2 Nursing Facility reimbursement.
(8) Reimbursement for Enhanced Respiratory Care services in a Medicare-certified and licensed Level 2 Skilled Nursing Facility shall be made only by TennCare Managed Care Organizations in accordance with these rules and rates established by TennCare.

(9) Bed holds.

(a) A Level 1 Nursing Facility (NF) shall be reimbursed in accordance with this paragraph for the recipient's bed in that facility during the recipient's temporary absence from that facility in accordance with the following:

1. Reimbursement will be made for up to a total of ten (10) days per state fiscal year while the resident is hospitalized or absent from the facility on therapeutic leave. The following conditions must be met in order for a bed hold reimbursement to be made under this provision:

   (i) The resident intends to return to the NF.

   (ii) For hospital leave days:

       (I) Each period of hospitalization is physician ordered and so documented in the patient's medical record in the NF; and

   (iii) Therapeutic leave days, when the resident is absent from the facility on a therapeutic home visit or other therapeutic absence, are provided pursuant to a physician's order.

   (iv) At least 85% of all other beds in the NF are occupied at the time of the hospital admission or therapeutic absence. An occupied bed is one that is actually being used by a patient. Beds being held for other patients while they are hospitalized or otherwise absent from the facility are not considered to be occupied beds, for purposes of this calculation.

(b) Nursing Facilities shall not be reimbursed for holding a bed for a person receiving Level 2 NF or Enhanced Respiratory Care reimbursement during his temporary absence from the facility.

(10) Other reimbursement issues

(a) No change of ownership or controlling interest of an existing Medicaid provider, including Nursing Facilities, can occur until monies as may be owed to Medicaid are provided for. The purchaser shall notify Medicaid of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to Medicaid for one (1) year from the date of purchase or for one (1) year following Medicaid's receipt of the provider's Medicare final notice of program reimbursement, whichever is later. The purchaser shall be entitled to utilize any means available to it by law to secure and recoup these funds from the selling entity. In addition, purchasers of Nursing Facilities are responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid residents at the time of the change of ownership or controlling interest.

December, 2009 (Revised) 40

(c) When a provider was originally paid within a retrospective payment system that is subject to regular adjustments and the provider disputes the proposed adjustment action, the provider must file with the State not later than thirty (30) days after receipt of the notice informing the provider of the proposed adjustment action, a request for hearing. The provider's right to a hearing shall be deemed waived if a hearing is not requested within thirty (30) days after receipt of the notice.

Acute inpatient psychiatric services shall be provided as follows:

1. According to the following definitions when used in Rule 1200-13-01-.03(1)(w) inclusive, unless otherwise indicated as follows:

(i) Psychiatric Emergency—Sudden onset of a psychiatric condition manifesting itself by acute symptoms of such severity that the absence of immediate medical attention could reasonably be expected to result in serious dysfunction of any bodily organ/part or death of the individual or harm to another person by the individual.

(ii) Acute Psychiatric Inpatient Care—Hospital-based treatment provided under the direction of a physician for a psychiatric condition which has a relatively sudden onset and a short, severe course. The psychiatric condition should be of such a nature as to pose a significant and immediate danger to self, others, or the public safety or one which has resulted in marked psychosocial dysfunction or grave mental disability of the patient. The therapeutic intervention should be aggressive and aimed towards expeditiously moving the patient to a less restricted environment.

(iii) Elective Admission—Any admission which is non-emergency or does not involve transfer from one hospital to another.
(iv) Non-Elective Admission—Admission which involves an emergency or involves transfer from one hospital to another.

(v) Pre-Approval Certification Review—The review and approval process which assures that ambulatory care resources available in the community do not meet the needs of the recipient, that proper treatment of the recipient's psychiatric condition requires services on an acute inpatient basis under the direction of a physician; and that upon admission acute psychiatric services can reasonably be expected to improve the recipient's condition or prevent further regression so that such services will no longer be needed.

(vi) Concurrent Review—A review to determine if there is a need for continued acute inpatient treatment in the psychiatric facility, to be performed at no greater than 30-day intervals. The criteria used for concurrent reviews will be the same as those used for pre-approval reviews.

(vii) Independent Team Review—An individualized in-hospital case review performed by a three-member professional team at 120-day intervals after admission to determine if there is a need for continued acute inpatient treatment in the psychiatric facility.

(viii) Telephone Review—A pre-approval certification review or concurrent review in which a recipient's case is reviewed over the telephone.

(ix) Face to Face Review—A pre-approval certification review or concurrent review in which a recipient, his treating clinicians or both are seen personally by a clinical professional designated by the contractor at a location convenient to the recipient. A patient will not be required to leave the facility for a concurrent review. Reviews will first be conducted by telephone. A face to face review will be requested only when the telephone review provides insufficient clinical information upon which to make a decision.

(x) Criteria—The criteria for acute psychiatric care are based on multiaxial diagnosis contained in the Diagnostic and Statistical Manual of Mental Disorders (Third Edition—Revised) published by the American Psychiatric Association. The diagnostic ratings plus clinical information must confirm that the patient's condition is not amenable to outpatient treatment and requires admission to an acute inpatient psychiatric facility.

(xi) Working Day—Monday through Friday, 9:00 a.m. to 5:00 p.m., excluding State holiday.

(xii) Patient—A child or adolescent under age 21 with a currently valid Medicaid I.D. card.

I. Self-care deficit severe and long-standing enough to prohibit participation in any alternative in the community, including refusal to comply with treatment (i.e., refuse medications); or

II. Self-care deficit that places the child in a life-threatening physiological imbalance without skilled intervention and supervision (examples: dehydration, starvation states, exhaustion due to extreme hyperactivity); or

(iv) In addition to providing the above information along with supporting documentation, the facility must provide a description of the plan for treatment and discharge.

7. According to the following procedures:

(i) Pre-approval certifications review for approval of admissions to psychiatric facilities will be conducted by the Department or the Department's contractor as follows:

Requests for

(I) Pre-approval certifications shall be requested by the admitting/attending physician or the acute inpatient psychiatric facility.

(II) Except for emergency admissions (discussed below at (III)), pre-approval certification of all admissions to acute inpatient psychiatric facilities shall be requested before the patient is admitted to the hospital.

(III) Pre-approval certification for emergency admissions shall be requested within fourteen (14) calendar days of the admission.

(IV) Pre-approval certification of individuals who apply for medical assistance while in the facility shall be requested within ten (10) working days of the date that written notification is received by the facility from the Department of Human Services before Medicaid authorizes payment and shall cover any authorized period prior to the application period for which claims are made. Upon receipt of notification from the Department of Human Services, the facility shall date stamp such notification.

(ii) At least once every thirty (30) days after the initial certification, the physician shall recertify the individual's need for continued acute inpatient service in a psychiatric facility. This recertification must be verified by the Department.

(iii) The acute inpatient psychiatric services must include active treatment implemented through an individual plan of care which:

(I) is developed and designed by a team of professionals (specified at 42 CFR 441.156, effective October 1, 1981) in consultation with the individual and his or her family or others.
in whose care the individual will be released after discharge.

Not later than fourteen (14) days after admission, the plan shall be developed for each individual to improve his or her condition to the extent that acute inpatient care is no longer necessary and to achieve the individual's discharge from inpatient status at the earliest possible time.

(II) is based on a diagnostic evaluation that includes examination of the medical, psychological, social, behavioral and developmental aspects of the individual's situation. The plan shall include diagnoses, symptoms, complaints and complications. The plan shall indicate the need for admission and for acute inpatient psychiatric care.

(III) states treatment objectives and prescribes an integrated program of therapies, activities and experiences designed to meet the objectives.

(IV) includes all orders for medications, treatments, restorative and rehabilitative services, activities, therapies, social, dietary and special procedures recommended for the health and safety of the individual.

(V) sets forth a plan for continuing care including at the appropriate time, a partial discharge plan and/or a post-discharge plan for the coordination of inpatient services with related community services to ensure continuity of care with the individual's family, school and community upon discharge.

(VI) is professionally supervised and shall be implemented not later than fourteen (14) days after admission.

(VII) is reviewed every thirty (30) days to determine that the services being provided are required on an inpatient basis and to recommend changes indicated by the individual's overall adjustment as an inpatient. The written report of each evaluation and plan of care must be entered in the individual's medical record.

8. For a duration not longer than the period during which the individual's psychiatric condition continues to require acute inpatient treatment, as provided by the federal regulations cited above. The psychiatric facility shall monitor and evaluate this need through the processes of certification and periodic review of the plan of care. In addition, the Department will review and evaluate this need, at intervals not less frequent than every one hundred and twenty (120) days, through independent teams, as follows:

(i) On, or before, the date of the fourth certification of the individual's need for continued acute inpatient service in a psychiatric facility, but not later than the 120th day after admission, an independent
team, appointed by the Department, will evaluate the individual’s need for continued acute inpatient treatment.

(ii) For so long as the individual continues to require acute inpatient treatment, independent team review and evaluation will be repeated on, or before, every fourth certification period (not later than the 120th day, the 240th day and, if the individual is still an inpatient, the 360th day et seq.). After an evaluation, an independent review team may recommend that the individual’s need be reevaluated at the next certification period.

(iii) An independent review team will consist of three (3) members, one of whom must be a psychiatric social worker. The other two (2) members will be appointed from the professional fields of clinical psychology, psychiatry with an emphasis on child and adolescent behavior, medicine with an orientation to child and adolescent psychiatry, psychiatric nursing and/or special education. After an evaluation, a team may recommend that the next evaluation of the individual include a team member with certain expertise appropriate to the case. Team members must be knowledgeable of acute inpatient psychiatric treatment.

(iv) No member of an independent review team may be an officer or employee of state government, although a member may contract with Medicaid as a provider of medical assistance or may perform the evaluations established by this rule. No member of a team shall be an employee of, contractor with, consultant to, hold staff privileges in, or have a financial interest in the psychiatric facility in which the individual to be evaluated is being treated or any other facility with related management or ownership. No member may have knowledge of an individual to be evaluated, except that acquired through a previous evaluation.

(v) Each member of an independent review team shall maintain the confidentiality of the information reviewed and acquired during the evaluation. Such information may be shared only with the Department for the limited purpose of administering the acute inpatient psychiatric program and with those facility personnel who are both involved in the individual’s treatment and similarly bound to maintain the confidences.

(vi) An independent team review will be conducted at the facility in which an individual to be evaluated is being treated. The independent team will review the individual’s initial written treatment plan (plan of care); specific goals and projected/completed treatment milestones; progress notes and documentation of progress made against treatment plan; medications; family/significant other involvement in the treatment progress; level of function; discharge plans; therapeutic notes and psychological test results and physician’s recertification of the need for continued
stay. As appropriate, the team may discuss the individual with personnel involved in the treatment, and interview the individual.

(vii) Upon concluding an independent review, the team will make a written report to the Department with one of the following recommendations:

(I) continuation of acute inpatient treatment in the psychiatric facility.

(II) the individual’s psychiatric condition no longer requires acute inpatient services under the direction of a physician. Accompanying any such recommendation, the team will indicate of the information reviewed or acquired during the independent review and the reasons that the team reached this conclusion.

(III) the individual’s need for continued acute inpatient treatment could not reasonably be determined due to specified reasons or conditions.

In addition to one of these alternatives, the team may also recommend reevaluation of the individual’s continued need at the next thirty (30) day certification period, inclusion of a team member with specified expertise in the next evaluation, consideration of an amendment to the plan of care, more complete or specialized evaluation of the individual and his or her need for treatment, and/or review of the facility’s treatment program for compliance with federal requirements.

9. Upon completion of any review, the parties to be notified in writing of the decision will include the attending physician, the facility, the patient’s guardian and the patient.

10. Subsequent to the completion of any review if the admission or the continued stay is denied, the written notice will include an explanation of the denial, the reasons for the denial the specific regulations supporting the denial, and an explanation of the individuals right to request a fair hearing.

11. Failure to Request Pre-approval Certification

(i) For an elective admission if a pre-approval certification is not requested prior to admission, the recipient shall not be billed for any costs covered by Medicaid that are associated with the hospitalization and that would have been covered by Medicaid upon the prior approval of a pre-approved certification.

(ii) If pre-approval certification is not requested within fourteen (14) working days after admission for an emergency admission, the recipient shall not be billed for any cost covered by Medicaid that
are associated with the hospitalization and that would have been covered by Medicaid upon approval of a pre-approval certification.

(iii) In situations where individuals apply for medical assistance while in the facility, if a pre-approval certification is not requested within ten (10) working days of the date that notification is received by the facility that an individual is financially eligible for medical assistance, the recipient shall not be billed for any costs covered by Medicaid that are associated with the hospitalization and that would have been covered by Medicaid upon approval of a pre-approval certification.

(iv) If a facility admits a Medicaid recipient without an approved pre-approval certification for that recipient, the guardian of the recipient and/or the recipient shall be informed that Medicaid reimbursement will not be paid until and unless the certification is approved. Any facility that admits a recipient without an approved pre-approval certification for that recipient does so at its own financial risk.

12. Appeal of Denied Pre-Approval Certification or Continued Stay Requests

(i) Immediately following verbal denial of a request for pre-approval certification or continued stay, the recipient and a provider will be notified in writing of the decision.

(ii) An appeal may be initiated by the recipient or the recipient's legal guardian.

(iii) The notification will set forth the specific rights to appeal the decision, the procedures to effect the appeal, and the time periods for exercising the rights set out in the notice.

(iv) The recipient and the recipient's guardian will be notified of the right to:

(I) An informal reconsideration conducted by the Department or the Department's contractor using appropriate psychiatric consultation.

I. A request for informal reconsideration shall be made in writing within ten (10) working days after receiving notification of a denied pre-approval certification or continued stay request. An informal reconsideration will be held within three (3) working days after receipt of the written request for such.

II. If the reconsideration is unfavorable the recipient will be notified in writing of the right to a fair hearing to review this decision through a formal contested case proceeding before the Department of Health and Environment, pursuant to T.C.A. §71-5-113. Any such petition for
appeal shall be submitted to the Department in writing within fifteen (15) calendar days after the date of receipt by the recipient of the notification of the unfavorable reconsideration decision or of the initial decision if informal reconsideration is not demanded.

(II) In any contested case proceeding the opinions of the certifying physician and the treating physician of the patient concerning the necessity of acute inpatient psychiatric care for the patient shall not automatically be of controlling weight but such opinions are to be properly weighed against all other evidence before the Commissioner.

13. Continuation of Services

(i) If after receiving notice of the denial of continued stay, the recipient requests a hearing before the date of discharge, Medicaid may not terminate or reduce services until a final order is issued after the hearing.

(ii) If the decision is sustained by the hearing, Medicaid may institute recovery procedures against the facility to recoup the cost of any services furnished the recipient, to the extent they were furnished solely by reason of this section.

(x) Transportation will be covered under the following conditions.

1. Emergency ambulance transportation shall be provided for recipients in case of injury or acute medical condition where the same is liable to cause death or severe injury or illness as determined by the attending physician, paramedic, emergency medical technician, or registered nurse.

(i) Coverage shall be limited to one-way transportation to the nearest appropriate facility. For purposes of this rule, appropriate facility shall mean an institution that is generally equipped and staffed to provide the needed hospital care for the illness or injury involved. The fact that a more distant institution may be better equipped to care for the patient shall not warrant a finding that a closer institution does not have “appropriate facilities”. An institution shall not be considered an appropriate facility if there is no bed available.

(ii) Coverage of air ambulance transportation shall be limited to situations where transportation by land ambulance was contraindicated because the point of pickup was inaccessible by land vehicle or the time/distance to reach a hospital with appropriate facilities was prohibitive because of the patient’s medical condition.

2. Non-emergency ambulance transportation shall be provided when the recipient’s condition is such that use of any other method of transportation is contraindicated. In every instance of transportation a physician, paramedic, emergency medical technician, registered nurse, or
GENERAL RULES
(Rule 1200-13-01-.03, continued)

licensed practical nurse must prepare written documentation that the patient's condition warrants such services. This documentation must be attached to the ambulance provider's request for payment.

(y) Care and services covered in a Christian Science Sanatoria will be provided but limited to ten days per fiscal year.

(z) Emergency Hospital Services:

1. Emergency hospital services will be covered but such emergency care is included in the number of days allowed pursuant to subparagraph (a) of this paragraph. Hospitals which do not have an agreement to participate in the medical assistance program may receive payment for inpatient hospital services or outpatient services furnished by it, or by other under arrangements with it, if:

(i) the services are emergency services; and

(ii) the patient is eligible for Medicaid at the time services are rendered; and

(iii) the services are covered services under the Medicaid Program; and

(iv) the hospital meets the definition of a hospital as defined in T.C.A. 53-130(a), but it need not meet the utilization review plan and the health and safety conditions prescribed by the Secretary of Health, and Human Services; and

(v) the hospital agrees on an individual case basis not to charge the patient or other person for items or services covered by the Medicaid Program; and to return any money incorrectly collected.

2. An emergency no longer exists when it becomes safe from a medical standpoint determined by the attending physician to move the patient to a participating institution, or to discharge him, whichever comes first.

(aa) Medicaid will pay for sterilization under the following conditions only:

1. The individual must be over 21 years of age, legally and mentally competent to give voluntary consent to the sterilization operation;

2. The individual must sign a Medicaid-approved consent form after a complete examination of the form and its meaning.

3. At least 30 days, but not more than 180 days, have passed between the date of informed consent and the date of the sterilization, except in the case of premature delivery or emergency abdominal surgery. An individual may consent to be sterilized at the time of a premature delivery or emergency abdominal surgery, if at least 72 hours have passed since he or she gave informed consent for the sterilization. In the case of

December, 2009 (Revised) 54
premature delivery, the informed consent must have been given at least 30 days before the expected date of delivery.

(bb) Services by a Certified Registered Nurse Anesthetist are covered when she/he has completed an advanced course in anesthesia, and holds a current certification from the American Association of Nurse Anesthetists as a nurse anesthetist as required in T.C.A. §71-5-107(22).

(cc) When Medicaid enters into an agreement with a Health Maintenance Organization or any organization providing pre-paid health services, the full range of benefits offered by these organizations may be given to the recipients, but limited to recipients who reside in the geographic area served by the contracting organization and who elect to obtain services from it.

(dd) Physician office visits over and above the number allowed in subsection (g) above that are for the purpose of providing second or third surgical opinions as provided at Rule 1200-13-01-.06(19) and (20), and laboratory and x-ray services over and above the amount allowed in subsection (c) above that are necessary for the provision of such opinions, shall be covered, subject to the limitations in Rule 1200-13-01-.06(20).

19. Other items of durable medical equipment including prosthetic devices and orthotic appliances not listed above may be covered if prior approval is obtained, where a recipient's medical condition requires the use of the equipment, no other type of equipment will adequately meet the recipient's medical needs, there is no less expensive means of adequately meeting the recipient's medical needs, and the recipient's medical condition will seriously deteriorate without the equipment. Prior approval of such equipment shall include a determination whether it should be rented or purchased, based on the recipient's anticipated period of need for the equipment its total cost, and whether potential frequency of repair would make rental more practical, whatever the intended period of use.

20. Repair, maintenance, and replacement of equipment and expendable parts thereof shall be covered as specified in rule 1200-13-01-.05(10)(h)2

(8) Payment of Premiums For Cost Effective Health Insurance Policies.

(a) Coverage for Medicaid recipients

Medicaid shall pay health insurance premiums (policyholder portion only if it is an employment related policy) for Medicaid recipients with policies determined to be cost effective to the Medicaid program. These payments shall be made directly to the employer or health insurer providing the coverage.

(b) Cost-effectiveness based on average expenditure projection.

Cost-effectiveness of a health insurance policy to Medicaid shall be determined by comparing the annualized premium, deductible, and copayments, and the cost of analysis and processing established by the Department of Human Services and the Department of Health—Bureau of Medicaid against the average Medicaid expenditure for a recipient(s) in the recipient's eligibility classification. The premium shall be paid even if the policy covers other non-Medicaid person(s). Federal financial participation shall be available for the premium.

(c) Cost-effectiveness based on actual expenditures

Cost-effectiveness of a health insurance policy to Medicaid may be based upon actual expenditure documentation (Explanation of Benefits) from the insurer which, based upon a recipient's existing condition, are likely to continue and exceed the annualized cost of the policy as described in (b).

(d) Continuation coverage of Medicaid recipients

If a current Medicaid recipient, covered by an employer's policy:

1. dies;

2. is terminated by the employer for reasons other than gross misconduct or loses work hours sufficient to lose health insurance coverage;

3. is divorced or legally separated from the employer's spouse;

4. becomes eligible for Medicare; or

5. is a dependent child and to be a dependent child under the generally applicable requirements of the plan;

and, the employer is under COBRA 1985 and other laws relative to it, Medicaid will pay premiums for continuation coverage of cost-effective health policies for the time frame permitted under federal law.
(e) Policies with coverage limitations

Health insurance policies which may not be cost effective based upon the limited nature of their coverage are accident, indemnity, Medicare Supplemental and surgical policies. For Medicaid purposes these policies shall not be considered cost effective and therefore will not be evaluated. Dread disease and cancer policies may be cost effective if documentation is provided by the recipient of recent insurance payments made which can be expected to be ongoing and when applied against the cost of the policy as described in (b).

(f) Notification requirements for recipient

The recipient shall notify the Department of Human Services in the event of any change of status which might affect the cost effectiveness of the health insurance, immediately.

(g) Notification requirements for employee/insurance company/plan administrator

The employer or insurance company receiving payment for premiums from Medicaid shall immediately notify Medicaid in the event of a policyholder status change, as in (d), and any applicable policy continuation premium information.

(h) Notification requirements under Public Chapter 420.

1. The following notice shall be distributed in accordance with the notification requirements under Chapter 420.

"You may be entitled to have the State of Tennessee pay the premium for your ongoing health insurance if:

(i) You are eligible for Medicaid coverage, and

(ii) You have the availability of health insurance either through your employment or through COBRA regulations governing the continuation of health insurance during periods of unemployment or a reduction in work hours.

For more information, contact your local Department of Human Services."

2. These notices shall be prominently displayed and available at all offices of the Tennessee Department of Employment Security and Human Services. Each Department shall be responsible for printing and distribution of these notices in accordance with this part.

(9) Medical assistance for persons whose entitlement for assistance is limited to Qualified Medicare Beneficiary (QMB) only status shall be limited to the payment of Medicare Part A and B buy-in premiums and Medicare Part A and B deductible/coinsurance. For persons dually eligible for assistance under QMB status and categorically needy or medically needy eligibility, medical assistance shall
include payment of Medicare Part A and B buy-in premiums, Medicare Part A and B deductibles/coinsurance and other medically necessary medical assistance as described elsewhere in this chapter.

(10) Women who are granted presumptive eligibility shall be entitled to receive medical assistance as described in these rules when such assistance is provided pursuant to the following conditions:

(a) Services must be provided on an ambulatory basis;

(b) Services must be related to the pregnancy; and

(c) Services must not be provided for the purposes of terminating the pregnancy or preventing future pregnancy.

(11) For services provided prior to January 1, 1994, the rules as set out at 1200-13-01-.03(1)(10) shall apply. Effective January 1, 1994, medical services previously covered under the Tennessee Medicaid program with the exceptions of nursing facility services, intermediate care facility services for the mentally retarded (ICF-MR), Home and Community Based Waiver Services, and payment of Medicare Beneficiaries (QMBs) and Special Low Income Medicare Beneficiaries (SLIMBs) will be provided through the TennCare program. The rules of TennCare are set out at rule chapter 1200-13-12.

GENERAL RULES

CHAPTER 1200-13-01

(Rule 1200-13-01-.04, continued)

1200-13-01-.04 THIRD PARTY RESOURCES.

(1) Definitions

(a) Third party resources shall mean any individual, entity or program that is or may be liable to pay all or part of the expenditures for medical assistance furnished to a Tennessee Medicaid recipient.

Recipient resources acquired through medical malpractice or victim compensation actions or from indemnity insurance, which compensates for loss of work or loss of limb, shall not be considered a third party resource. An indemnity insurance policy which compensates for specific medical services such as inpatient hospital confinement, is a third party resource.

(b) Third party payment shall mean compensation provided to a Medical provider or to Medicaid by any third party resource which eliminates or reduces Medicaid’s indebtedness for medical assistance furnished to a Tennessee Medicaid recipient.

(c) Direct billing shall mean the process used by Medicaid to collect/recover payments for covered services from any third party resource available to a Medicaid recipient.

(d) Recipient assignment of rights shall mean that a recipient or responsible party shall assign rights to Medicaid for medical support or other third party payments. The recipient and/or responsible party shall cooperate with Medicaid and providers in obtaining Medical support or payments.

(e) Third party documentation shall mean:

1. an insurance company’s explanation of benefits (EOB) related to the specific claim, or

2. a statement on the provider’s letterhead indicating contact with the insurance company and the reason for denial. The statement must be signed and dated by an authorized employee of the provider and include the insurance company name, policy and group number, the date of contact, the date of service, the recipient name and Medicaid identification number.

(2) Claims for Medicaid covered services provided to Medicaid eligibles shall not be made against Medicaid until Medicare and other probable third party resources to the recipient have been collected, unless prohibited by federal law except where third party resources are provided by other state agencies under contract with this Department which designated the agency as payor after Medicaid.

(a) Medicaid may be bill following formal notification from the third party resources that the services provided are not covered or payable or when third party payment has been received. AD claims submitted shall indicate the third party
payment amount received, if third party resources are found to be nonexistent, copies of letter(s) or other supporting documentation shall be attached to the claim.

1. If third party payment is less than the Medicaid allowable, Medicaid will pay the difference between the third party payment and the Medicaid allowable. No further claim shall be allowed against the recipient and/or the recipient's responsible party(s) for Medicaid services, or

2. If third party payment is equal to or exceeds the Medicaid allowable no further claim shall be allowed against Medicaid or the Medicaid recipient and/or that recipient's responsible party(s) for Medicaid covered services.

(3) Providers receiving third party payments following Medicaid payment shall notify and refund Medicaid within 60 days of receipt of the third party payment. The refund to Medicaid shall be the lessor of the third party or Medicaid payment. The provider shall submit a check to Medicaid, or may request Medicaid to setoff the refund amount from the provider’s current claim. A Medicaid - Title XIX Adjustment Void Request from identifying the recipient's name and Medicaid number, date(s) of service, remittance advice I number and the name and address of the third party resource, shall be submitted with a check or request for setoff to assure the proper credit is provided and recipient accounts.

(4) Providers having received third party payments which should have been reported and refundable in whole or in part to Medicaid as specified in parts (2) and (3), which were held more than 60 days and not refunded, and/or which are found in an audit/review shall be subject to any resulting federal monetary assessment against the State Medicaid program.

(5) Medicaid shall perform audits of provider records to identify third party resources unreported and/or unrefunded to Medicaid as specified in part (3). Provider(s) to be audited shall be selected based upon the potential of the provider and/or provider category (hospitals, physicians, etc.) to receive third party resources.

(6) Direct Billing

(a) Medicaid shall utilize direct billing when it is determined that a previously paid service(s) may have been covered by a third party. Additionally, not withstanding Section (2), direct billing for some services may be more cost effective than requiring the provider to collect prior to billing Medicaid. These services shall be, but are not limited to, pharmacy claims.

(b) Medicaid shall identify to the third party resource, the recipient name and address, the third party group and/or policy number (if appropriate), the name of the responsible party/policyholder, the name of the provider of service, the description of the service that was provided, the date(s) of the service, the amount billed Medicaid by the provider of service, and the amount paid by Medicaid to the provider of service.
(Rule 1200-13-01-.04, continued)

(c) The third party resources shall submit payment to Medicaid and/or notify Medicaid in writing of no-coverage data such as the date the policy started and lapsed, services that are non-covered, and the identity of any other party having been paid by the third party resource for any of the identified service(s).

(b) Unless otherwise allocated on the payor's explanation of benefits (EOB), third party payment reported to Medicaid shall be prorated equally over the institutional days or professional services billed.

(c) Medicaid will not make payment if the provider is aware of a third party resource prior to rendering service and is denied payment from the third party resource because of provider non-compliance with policy/contract provisions.

(9) Paid claims, for which a third party resource is later identified, may be voided by Medicaid if the date of service is within one year of the resource identification. The third party resource will be identified to the provider on the remittance advice which identifies the voided claim.

(10) Provider Discrimination

A provider who furnished services and is participating under the plan may not refuse to furnish services to a recipient because of a third party potential liability for payment for the service.

(11) Assignment of Benefits

(a) A recipient assigns rights to Medicaid when the recipient uses a Medicaid card to receive medical assistance.

(b) Any document released by a provider to a Medicaid recipient concerning the provision of a covered service shall have "Benefits Assigned" printed boldly on the statement. If a provider refunds third party payments to a recipient the provider is subject to recovery from Medicaid up to the Medicaid paid amount. If a third party pays the recipient directly Medicaid shall recover from the recipient.

(c) A provider shall immediately notify Medicaid of a request for medical records from a Medicaid recipient and/or agent or attorney. If proper authorization is
(Rule 1200-13-01-.04, continued)

(12) Recipient Shall Cooperate with Provider

If the provider documents at least two attempts to obtain recipient cooperation in meeting third party resource policy/plan requirements they may contact the Medicaid TPL Unit for assistance. The provider may bill Medicaid after 180 days with copies of the documentation attached to the claim. Medicaid shall pay the provider and attempt recovery from the recipient and/or third party resource.

(13) Absent Parents

(a) An absent parent obligated by court order to provide continuing health insurance, medical support or a combination of insurance and support shall:

1. be billed by Medicaid for reimbursement of costs incurred for his/her child, and

2. reimburse Medicaid promptly or provide adequate health insurance coverage information to Medicaid.

Medicaid may bill the insurance carrier directly and request provider assistance in the recovery. Medicaid will enter into a written cooperative agreement for the enforcement of rights to, and collection of, such third party benefits as provided in 42 CFR Section 433.151, as amended.

(b) An absent parent obligated by court order to pay for paternity expenses only shall be billed for costs incurred for the delivery of his/her child. Failure by the absent parent to reimburse Medicaid will initiate the recovery process in Section (13)(a).

(14) Subrogation Notice

Medicaid shall notify any third party or attorney of the state’s claim of subrogation, when either is suspected of representing a Medicaid recipient who has received benefits. If an unauthorized settlement is distributed to the recipient and/or a responsible party after the receipt of the subrogation notice, the person responsible for the distribution shall be financially liable to the State for Medicaid’s payments.

(15) Third Party Documentation/Explanation of Benefits

December, 2009 (Revised) 82
(Rule 1200-13-01-04, continued)

(a) A provider shall maintain third party documentation/explanation of benefits until audited but no longer than three (3) years from date of service, unless other record requirements apply.

(b) A provider shall attach explicit documentation of a third party resource denial to the Medicaid claim, except in the case of UB-82 and tape billing. This documentation must provide sufficient information for Medicaid to justify payment. The information will also be used by Medicaid to update its third party resource files as appropriate.

(c) If a third party resource denial is based on services in excess of an annual limitation, the documentation shall only be valid on claims for the applicable year. Documentation shall be appropriate to the claim submitted or the claim will be denied.

(16) Third party is established and available on the date of service.

If provider learns of a third party resource after billing Medicaid the provider shall immediately bill the third party. If third party payment is received the provider shall adjust the previous Medicaid payment using the Medicaid Adjustment/Void Request Form. The insurance company name and policy number should be entered on the form. If no third party payment is received the explanation of benefits should be kept on file by the provider.

(17) Third party is not established or available on the date of service (example: automobile accident - party possibly at fault with liability coverage which may pay recipient medical claims.)

(a) A provider may elect to bill the anticipated liable third party for a covered Medicaid service, or

(b) If the provider elects to bill Medicaid, Medicaid will recover from the third party.

(c) The provider may not include charges for covered services billed to Medicaid in an independent claim to the potentially liable third party.

(d) The provider may void a claim previously paid by Medicaid at any time in an attempt to recover a larger payment from a potentially liable third party.

(e) Medicaid may not be billed for a covered service under the plan following the expiration of Medicaid’s timely filing limits.

(18) A provider may keep the total third party payment even if it exceeds the Medicaid allowable amount.

(19) Medical assistance benefits shall be coordinated with third party resources and reimbursement shall not be made for services which would have been reimbursable by the third party except for failure to adhere to the third party’s requirements.
(Rule 1200-13-01-.04, continued)

1200-13-01-.05 PROVIDERS TENNCARE CHOICES PROGRAM.

(1) Definitions. See Rule 1200-13-01-.02.

(2) Program components. The TennCare CHOICES Program is a managed long-term care program that is administered by the TennCare Managed Care Organizations (MCOs) under contract with the Bureau of TennCare. The program consists of two components:

(a) Nursing Facility services, as described in these rules.

(b) Home and Community Based Services (HCBS), as described in these rules.

The MCOs are responsible for coordinating all covered physical, behavioral, and long-term care services for their members who qualify for and are enrolled in the CHOICES program.

(3) Eligibility for CHOICES.

(a) There are two groups in TennCare CHOICES:

1. CHOICES Group 1. Participation in CHOICES Group 1 is limited to Medicaid enrollees of all ages who qualify for and are receiving Medicaid-reimbursed Nursing Facility services. Medicaid eligibility for long-term care services is determined by the Department of Human Services (DHS). Medical (or level of care) eligibility is determined by TennCare as specified in Rule 1200-13-01-.10. Persons in CHOICES Group 1 must be enrolled in TennCare Medicaid and qualify for Medicaid-reimbursement of long-term care services.

2. CHOICES Group 2. Participation in CHOICES Group 2 is limited to TennCare enrollees who qualify for and are receiving TennCare-reimbursed HCBS. Eligible enrollees for CHOICES Group 2 must: (a) be in one of the defined target populations; (b) qualify in one of the specified eligibility categories; (c) meet nursing facility level of care; and (d) have needs which can be safely and appropriately met in the community and at a cost that does not exceed their individual cost neutrality cap as defined in these rules.

(i) Target Populations for CHOICES Group 2. Only persons in one of the target populations below may qualify to enroll in CHOICES Group 2:

(I) Persons age sixty-five (65) and older

(II) Persons twenty-one (21) years of age and older who have one or more physical disabilities as defined in Rule 1200-13-01-.02.
(Rule 1200-13-01-.05, continued)

(ii) Eligibility Categories Served in CHOICES Group 2. Participation in CHOICES Group 2 is limited to TennCare enrollees who qualify in one of the following eligibility categories:

(I) SSI eligibles, who are determined eligible for SSI by the Social Security Administration. SSI eligibles are enrolled in TennCare Medicaid.

(II) The CHOICES 217-Like Group, as defined in Rule 1200-13-01-.02. Financial and categorical eligibility are determined by the Department of Human Services. Persons who qualify in the CHOICES 217-Like Group in accordance with Rule 1200-13-14-.02 are enrolled in TennCare Standard.

(b) Level of Care.

All enrollees in TennCare CHOICES must meet the level of care criteria for Nursing Facility services, as determined by TennCare in accordance with Rule 1200-13-01-.10. Physician certification of level of care shall be required only for nursing facility services. Upon implementation of CHOICES in the Grand Division, only the CHOICES PAE may be submitted to establish level of care eligibility for CHOICES long-term care services. However, an unexpired non-CHOICES PAE eligibility segment may be used as permitted by TennCare for enrollment into CHOICES, including persons on a waiting list for Home and Community Based Services.

(c) With respect to the PASRR process described in Rule 1200-13-01-.23:

1. Persons in CHOICES Group 1 must have been determined through the PASRR process described in Rules 1200-13-01-.10 and 1200-13-01-.23 appropriate for NF placement.

2. Persons in CHOICES Group 2 are not required to complete the PASRR process unless they are admitted to a Nursing Facility for the Short-term Nursing Facility benefit described in paragraph (7). Completion of the PASRR process is not required for members of CHOICES Group 2 who have elected the In-Patient Respite Care benefit described in paragraph (7), since the service being provided is not Nursing Facility services, but rather, In-Patient Respite Care, which is an HCBS.

(d) All enrollees in TennCare CHOICES must be admitted to a Nursing Facility and require Medicaid-reimbursement of Nursing Facility services or be receiving HCBS in CHOICES Group 2.

(e) All enrollees in TennCare CHOICES Group 2 must be determined by the Area Agency on Aging and Disability or the Managed Care Organization, as applicable, to be able to be served safely and appropriately in the community and within their individual cost-neutrality cap, in accordance with these rules. Reasons a person cannot be served safely and appropriately in the community may include, but are not limited to, the following:
(Rule 1200-13-01-.05, continued)

1. The home or home environment of the applicant is unsafe to the extent that it would reasonably be expected that HCBS could not be provided without significant risk of harm or injury to the person or to individuals who provide covered services.

2. The health, safety, and welfare of the individual cannot be assured due to the lack of a signed Risk Agreement, or the person's decision to receive services in the home or community poses an unacceptable level of risk.

3. The applicant or his caregiver is unwilling to abide by the plan of care or Risk Agreement, resulting in the inability to ensure the person's health, safety and welfare.

(f) Immediate Eligibility. See definition in Rule 1200-13-01-.02.

1. TennCare may elect, based on information provided in a Medicaid application that has been submitted to DHS for determination, to grant a forty-five (45) day period of Immediate Eligibility for a person who:

   (i) is deemed likely to qualify for Medicaid in the CHOICES 217-Like eligibility category; and

   (ii) has an approved CHOICES PAE; and

   (iii) meets all other specified criteria for enrollment into CHOICES Group 2, subject to categorical and financial eligibility determination.

2. Persons admitted to the CHOICES program under the Immediate Eligibility option are persons who are not already eligible for TennCare.

3. Immediate Eligibility is not a covered eligibility category in the Medicaid State plan or the TennCare 1115 Waiver. There is no entitlement to apply or qualify for Immediate Eligibility. Should TennCare not elect to provide a period of Immediate Eligibility, no notice shall be issued.

4. If eligibility in the CHOICES 217-Like Group is denied by DHS, the applicant shall receive notice and the right to request a fair hearing regarding the DHS eligibility decision. Continuation of HCBS benefits or Immediate Eligibility shall not be granted during the fair hearing process once the forty-five (45) day Immediate Eligibility period has expired. A fair hearing shall not be granted regarding:

   (i) a decision by TennCare to not grant the optional forty-five (45) day period of Immediate Eligibility; or

   (ii) the end of a forty-five (45) day period of Immediate Eligibility granted by TennCare.
5. During a period of Immediate Eligibility, enrollees are eligible only for the limited package of HCBS identified in paragraph (7)(i). They are not eligible for any other TennCare (including other long-term care) services.

6. During a period of Immediate Eligibility, enrollees who are also Medicare beneficiaries are not entitled to Medicare crossover payments on their Medicare benefits. They cannot be considered "dual eligibles" since they are not yet Medicaid-eligible.

(4) Enrollment in TennCare CHOICES.

Enrollment into TennCare CHOICES shall be processed by TennCare in accordance with the following:

(a) Enrollment into CHOICES Group 1

To qualify for enrollment into CHOICES Group 1, an individual must:

1. Have completed the PASRR process as defined in Rules 1200-13-01-.10 and 1200-13-01-.23.

2. Have an approved unexpired CHOICES PAE for Level 1 services or CHOICES Skilled Nursing Facility PAE for Level 2 or enhanced respiratory care reimbursement. TennCare may also accept, at its discretion, an approved, unexpired non-CHOICES PAE for the applicable level of care (Level 1 NF or Level 2 NF) submitted prior to implementation of the CHOICES Program in the Grand Division. Eligibility for Enhanced Respiratory Care reimbursement may be established only with a CHOICES PAE.

3. Be approved by the Department of Human Services for Medicaid-reimbursement of nursing facility services.

4. Be admitted to a Nursing Facility. TennCare must have received notification from the Nursing Facility that Medicaid reimbursement is requested for the effective date of CHOICES enrollment (i.e., the individual is no longer privately paying for nursing facility services and Medicare payment of nursing facility services is not available). Enrollment into CHOICES Group 1 (and payment of a capitation payment for long-term care services) cannot begin until Medicaid will be responsible for payment of nursing facility services.

(b) Enrollment into CHOICES Group 2

To qualify for enrollment into CHOICES Group 2:

1. An individual must be in one of the target populations specified in these rules.

2. An individual must have an approved unexpired CHOICES PAE. TennCare may also accept, at its discretion, an approved, unexpired non-CHOICES PAE.
(Rule 1200-13-01-.05, continued) for Level I NF care or the Statewide E/D Waiver submitted prior to implementation of the CHOICES Program in the Grand Division.

3. An individual must be approved by the Department of Human Services for Medicaid-reimbursement of long-term care services as an SSI recipient or in the CHOICES 217-Like Group. To qualify in the CHOICES 217-Like Group, an individual must be approved by TennCare for immediate enrollment into CHOICES Group 2 or be enrolled in CHOICES Group 2, subject to categorical and financial eligibility by DHS.

4. TennCare must have received a determination by the AAAD or MCO, as applicable, that the person’s needs can be safely and appropriately met in the community, and at a cost that does not exceed his individual cost neutrality cap, as described in these rules.

5. There must be capacity within the established enrollment target to enroll the person in accordance with these rules, which may include satisfaction of criteria for reserve capacity, as applicable; or the person must meet specified exceptions to enroll even when the enrollment target has been reached.

(c) Individual Cost Neutrality Cap

1. Each person enrolled in CHOICES Group 2 shall have an individual cost neutrality cap, which shall be used to determine:

   (i) Whether or not he qualifies to enroll in CHOICES Group 2;

   (ii) Whether or not he qualifies to remain enrolled in CHOICES Group 2; and

   (iii) The total cost of HCBS, Home Health services, and Private Duty Nursing services he can receive while enrolled in CHOICES Group 2. The person’s individual cost neutrality cap functions as a limit on the total cost of HCBS that, when combined with the cost of Home Health Services and Private Duty Nursing services the person will receive, can be provided to the individual in the home or community setting.

2. An enrollee is not entitled to receive services up to the amount of his cost neutrality cap. An enrollee shall receive only those services which are medically necessary (i.e., required in order to help ensure the person’s health, safety and welfare in the home or community setting and to delay or prevent the need for nursing facility placement). Determination of the services which are needed shall be based on a comprehensive assessment of the person’s needs and the availability of natural supports and other (non-TennCare reimbursed) services to meet identified needs which shall be conducted by the member’s Care Coordinator.
3. Calculating a Group 2 member's individual cost neutrality cap.

(i) Each Group 2 member will have an individual cost neutrality cap that is based on the average cost of the level of NF reimbursement that would be paid if the member were institutionalized in a nursing facility. CHOICES Group 2 does not offer an alternative to hospital level of care.

(ii) The PreAdmission Evaluation application will be used to submit information that will be used by TennCare to establish a member's individual cost neutrality cap.

(iii) A member's individual cost neutrality cap shall be the average cost of Level 1 NF care as set forth in Items (I) through (III) below unless a higher cost neutrality cap is established based on information submitted in the PAE application.

(I) A member who would qualify only for Level 1 NF reimbursement shall have a cost neutrality cap set at the average cost of Level 1 NF care.

(II) A member who would qualify for Level 2 NF reimbursement shall have a cost neutrality cap set at the average cost of Level 2 (or skilled) NF care.

(III) A member that would qualify for the enhanced respiratory care rate for persons who are chronically ventilator dependent, or for persons who have a functioning tracheostomy that requires frequent suctioning through the tracheostomy will have a cost neutrality cap that reflects the higher payment that would be made to the NF for such care. There is no cost neutrality cap for the ventilator weaning respiratory care rate, as such service is available only on a short-term basis in a skilled nursing facility or acute care setting.

(i) The annual cost neutrality cap will be applied on a calendar year basis. TennCare and the MCOs will track utilization of HCBS, Home Health services, and Private Duty Nursing services across calendar year increments.

(ii) In addition, a member's individual cost neutrality cap must be applied prospectively on a twelve (12) month basis. This is to ensure that a person's plan of care does not establish a threshold
level of supports that cannot be sustained over the course of time. This means that, for purposes of care planning, the AAAD or MCO will always project the total cost of all HCBS (including one-time costs such as minor home modifications, short-term services or short-term increases in services) and Home Health and Private Duty Nursing services forward for twelve (12) months in order to determine whether the member’s needs can continue to be safely and cost-effectively met based on the most current plan of care that has been developed. The cost of one-time services such as minor home modifications, short-term services or short-term increases in services must be counted as part of the total cost of HCBS for a full twelve (12) month period following the date of service delivery.

(iii) If it can be reasonably anticipated, based on the HCBS, Home Health and Private Duty Nursing services currently received or determined to be needed in order to safely meet the person’s needs in the community, that the person will exceed his cost neutrality cap, the person does not qualify to enroll in or to remain enrolled in CHOICES Group 2.

5. As the setting of an individual’s cost neutrality cap does not, in and of itself, result in any increase or decrease in a member’s services, notice of action shall not be provided regarding TennCare’s cost neutrality cap calculation. A member’s right to due process regarding his individual cost neutrality cap comes into play when services are denied or reduced, or when a determination is made that an applicant cannot be enrolled into CHOICES or a currently enrolled CHOICES member can no longer remain enrolled in CHOICES because his/her needs cannot be safely and effectively met in the home and community-based setting at a cost that does not exceed his or her individual cost neutrality cap. At such time that an adverse action is taken, notice of action will be provided, and the applicant or member, as applicable, shall have the right to fair hearing regarding any valid factual dispute pertaining to such action, which may include (but is not limited to) whether his cost neutrality cap was calculated appropriately.

(i) Denial of or reductions in HCBS based on a member’s cost neutrality cap shall constitute an adverse action under the Grier Revised Consent Decree (Modified) (See Rule 1200-13-13-.01(4) and 1200-13-14-.01(4)), and shall give rise to Grier notice of action and due process rights to request a fair hearing in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.

(ii) Denial of enrollment and/or involuntary disenrollment because a person’s cost neutrality cap will be exceeded shall constitute an eligibility/enrollment action, and shall give rise to notice of action
(Rule 1200-13-01-.05, continued)

and due process rights to request a fair hearing in accordance with this rule.

(d) Enrollment Target for CHOICES Group 2

1. There will be an enrollment target for CHOICES Group 2. The enrollment target functions as a cap on the total number of people that can be enrolled into CHOICES Group 2 at any given time.

   (i) Effective March 1, 2010, the enrollment target for CHOICES Group 2 will be seven thousand five hundred (7,500).

   (ii) Effective July 1, 2010, the enrollment target for CHOICES Group 2 will be nine thousand five hundred (9,500).

2. Reserve Capacity.

   (i) The State will reserve three hundred (300) slots in CHOICES Group 2 Enrollment Target within the enrollment target. These slots are available only when the Enrollment Target has otherwise been reached, and only to:

      (I) Individuals being discharged from a Nursing Facility (NF); and

      (II) Individuals being discharged from an acute care setting who are at imminent risk of being placed in a Nursing Facility setting absent the provision of home and community-based services.

   (ii) Once all other available (i.e., unreserved) slots have been filled, individuals who meet specified criteria (including new applicants seeking to establish eligibility in the CHOICES 217-Like Group as well as current SSI-eligible individuals seeking enrollment into CHOICES Group 2) may be enrolled into reserved slots. TennCare may require confirmation of the nursing facility or hospital discharge and in the case of hospital discharge, written explanation of the applicant's circumstances which warrant the immediate provision of Nursing Facility services unless HCBS are immediately available.

   (iii) If enrollment into a reserve capacity slot is denied, notice shall be provided to the applicant, including the right to request a fair hearing regarding any valid factual dispute pertaining to the State’s decision. If the person otherwise qualifies for enrollment into CHOICES Group 2, but does not meet the specified criteria for reserve capacity, the person will be placed on a waiting list for CHOICES Group 2.
(iv) Once the enrollment target is reached, qualified persons shall not be enrolled into CHOICES Group 2 or qualify in the CHOICES 217-Like eligibility category based on receipt of HCBS until such time that capacity within the enrollment target is available, with the following exceptions:

(I) Nursing Facility-to-Community Transitions. An enrollee being served in CHOICES Group 1 who meets requirements to enroll in CHOICES Group 2 can enroll in CHOICES Group 2 notwithstanding the enrollment target. This person will be served in CHOICES Group 2 outside the enrollment target but shall be moved within the CHOICES enrollment target at such time that a slot becomes available. A request to transition a member from CHOICES Group 1 to CHOICES Group 2 in excess of the CHOICES Group 2 enrollment target must specify the name of the nursing facility where the person currently resides, the date of admission and planned date of transition.

(II) Cost-Effective Alternative Enrollment. An MCO with an SSI eligible recipient that meets all other criteria for enrollment into CHOICES Group 2, but who cannot enroll in CHOICES Group 2 because the enrollment target for that group has been met, has the option, at its sole discretion, of offering HCBS as a cost-effective alternative to the individual. Upon receipt of satisfactory documentation from the MCO of its cost-effective alternative determination and assurance of provider capacity to meet the member's needs, TennCare will enroll the person into CHOICES Group 2, notwithstanding the enrollment target. The person will be served in CHOICES Group 2 outside the enrollment target, but moved within the CHOICES Group 2 enrollment target at such time that a slot becomes available. Satisfactory documentation of the MCO's cost-effective alternative determination shall include an explanation of the member's circumstances which warrant the immediate provision of nursing facility services unless HCBS are immediately available. Documentation of adequate provider capacity to meet the member's needs shall include a listing of providers for each HCBS in the member's plan of care which the MCO has confirmed are willing and able to initiate HCBS within five (5) days of the member's enrollment into CHOICES.

(v) Once the CHOICES Group 2 enrollment target is reached, any persons enrolled in excess of the enrollment target in accordance with these rules must receive the first available slots that become available. Only after all persons enrolled in excess of the enrollment target have been moved under the enrollment target can additional persons be enrolled into CHOICES Group 2.

(5) Disenrollment from CHOICES.
A member may be disenrolled from CHOICES voluntarily or involuntarily.

(a) Voluntary disenrollment shall proceed only upon receipt of a statement signed by the member or his authorized representative. No notice of action shall be issued regarding a member’s decision to voluntarily disenroll from CHOICES. However, notice shall be provided regarding any subsequent adverse action which may occur as a result of the member’s decision, including as applicable, any change in benefits, cost-sharing responsibility, or continued eligibility for TennCare when the person’s eligibility was conditioned on receipt of long-term care services.

(b) A person may be involuntarily disenrolled from CHOICES only by TennCare, although such process may be initiated by a person’s MCO.

Reasons for involuntary disenrollment include when the person no longer meets one or more criteria for eligibility and/or enrollment as specified in these rules. Such reasons include but are not limited to:

1. The person’s needs can no longer be safely met in the community. This may include, but is not limited to the following instances:
   (i) The home or home environment of the enrollee becomes unsafe to the extent that it would reasonably be expected that waiver services could not be provided without significant risk of harm or injury to the enrollee or to individuals who provide covered services to the enrollee.
   (ii) The enrollee or his/her caregiver refuses to abide by the plan of care or Risk Agreement, resulting in the inability to ensure the enrollee’s health, safety and welfare.
   (iii) Notwithstanding an adequate provider network, there are no providers who are willing to provide necessary services to the enrollee.
   (iv) The health, safety, and welfare of the enrollee cannot be assured due to the lack of a signed Risk Agreement, or the member’s decision to continue receiving services in the home or community poses an unacceptable level of risk.

2. The person’s needs can no longer be safely met in the community at a cost that does not exceed the person’s cost neutrality cap, as described in these rules.

3. The person no longer needs or is no longer receiving long-term care services.

4. The person has refused to pay his or her patient liability, the MCO and/or its participating providers are unwilling to serve the member because he
(Rule 1200-13-01-.05, continued)

has not paid his patient liability, and/or no other MCO is willing to serve
the member.

(6) Transitioning into CHOICES and transitioning between CHOICES Groups.

(a) Transition at the time that the CHOICES program is implemented in a particular
Grand Division of the state:

1. All active participants in the existing section 1915(c) Elderly and Disabled
   waiver who live in that Grand Division shall be automatically transitioned into
   CHOICES.

2. All persons receiving TennCare-reimbursed Nursing Facility services in that
   Grand Division shall be automatically transitioned into CHOICES.

3. There shall be no right to fair hearing regarding the termination of the section
   1915(c) waiver, and no ability for a member to remain enrolled in the section
   1915(c) waiver or to continue receiving fee-for-service Nursing Facility care.
   Once the CHOICES Program has been implemented in their Grand Division,
   TennCare members in that Grand Division may receive long-term care services
   only through the CHOICES Program, with the following exceptions:

   (i) Institutional and community services for persons with mental retardation
       will continue to be offered through the ICF/MR program described in Rule
       1200-13-01-.30 and the HCBS waiver programs for persons with mental
       retardation described in Rules 1200-13-01-.25, .28, and .29

   (ii) Elderly and disabled residents of Hamilton County may elect to participate
        in the PACE program, in which case they will not be enrolled with a
        TennCare MCO.

4. Members shall remain in their currently assigned MCO. Long-term care
   services will become part of the covered benefit package provided to the
   member by his current MCO.

(b) Continuity of Care period

1. Members residing in Nursing Facilities and transitioning into CHOICES Group 1
   and members transitioning from the existing section 1915(c) waiver into
   CHOICES Group 2 shall receive a Continuity of Care period based on their
   currently authorized plan of care.

2. The Continuity of Care period will last for a minimum of thirty (30) days and will
   continue for up to ninety (90) days for persons enrolled in CHOICES Group 2 or
   until a new plan of care has been implemented.

3. During the Continuity of Care period:

   (i) CHOICES Group 1 members
The member will continue to receive NF services from the current NF provider, regardless of whether the NF is a contract or non-contract provider, unless the member chooses to move to another NF and such choice is documented.

NF providers not participating in the MCO’s network shall be reimbursed at the contract rate for the first thirty (30) days following implementation, and thereafter in accordance with Rule 1200-13-01-.05(9)(e).

CHOICES Group 2 members

The member shall continue to receive the services currently specified in his waiver plan of care, except for case management services which shall be replaced with care coordination provided by the member’s MCO.

The member shall continue to receive HCBS from his current waiver providers, regardless of whether such providers are contracted with the MCO to deliver CHOICES benefits. Non-contract HCBS providers shall be reimbursed at the MCO’s full contract rate during the Continuity of Care period, even if such period is extended beyond thirty (30) days. In the case of members receiving services in a Community Based Residential Alternative (CBRA) setting, the member shall remain in that CBRA during the Continuity of Care period, unless he chooses to move to another CBRA and such choice is documented.

Any action to reduce or change the type, amount, frequency, or duration of waiver services in order to implement the new plan of care shall require notice of action in accordance with Rules 1200-13-13-.11 and 1200-13-14-.11.

Transitional between CHOICES Groups

1. Transition from Group 1 to Group 2.
   (i) An MCO may request to transition a member from Group 1 to Group 2 only when the member chooses to transition from the Nursing Facility to a home and community-based setting. Members shall not be required to transition from Group 1 to Group 2.
   (ii) When persons move from Group 1 to Group 2, DHS must recalculate the member’s patient liability based on the Community personal needs allowance.

2. Transition from Group 2 to Group 1.
(Rule 1200-13-01-.05, continued)

(i) An MCO may request to transition a member from Group 2 to Group 1 only under the following circumstances:

(I) The member chooses to transition from HCBS to NF for example, due to a decline in the member's health or functional status, or a change in the member's natural caregiving supports; or

(II) The MCO has made a determination that the person's needs can no longer be safely met in the community and at a cost that does not exceed the average cost of NF services for which the member would qualify, and the member chooses to transition to the more appropriate institutional setting in order to safely meet his needs.

(ii) When persons move from Group 2 to Group 1, DHS must recalculate the member's patient liability based on the Institutional personal needs allowance.

3. At such time as a transition between groups is made, the MCO shall issue notice of transition to the member. Because the member has elected the transition and remains enrolled in the CHOICES Program, such transition between CHOICES groups shall not constitute an adverse action. Thus the notice will not include the right to appeal or request a fair hearing regarding the member's decision.

7) Benefits in the TennCare CHOICES Program.

(a) The CHOICES Program includes Nursing Facility care and Home and Community-Based Services (HCBS) benefits, as described in these rules. Pursuant to federal regulations, Nursing Facility services must be ordered by the treating physician. A physician's order is not required for HCBS.

(b) Persons in CHOICES Group 1 receive Nursing Facility care, in addition to all of the medically necessary covered benefits available for Medicaid recipients, as specified in TennCare Rules 1200-13-13-.04. While they are receiving Nursing Facility care, they are not eligible for HCBS.

(c) Persons in CHOICES Group 2 who are Medicaid eligible receive HCBS as specified in an approved plan of care, in addition to medically necessary covered benefits available for TennCare Medicaid recipients, as specified in TennCare Rule 1200-13-13-.04. While they are receiving HCBS, they are not eligible for Nursing Facility care, except for Short-Term Nursing Facility care, as described in these rules.

(d) Persons in CHOICES Group 2 who are eligible for TennCare Standard in the CHOICES 217-Like Group receive HCBS as specified in an approved plan of care, in addition to medically necessary covered benefits available for TennCare Standard recipients, as specified in TennCare Rule 1200-13-14-.04. While they are receiving HCBS, they are not eligible for Nursing Facility care, except for Short-Term Nursing Facility care, as described in these rules.
(e) Persons are not eligible to receive any other HCBS during the time that short-term NF services are provided. HCBS such as minor home modifications or installation of a Personal Emergency Response System (PERS) which are required to facilitate transition from the NF back to the home or community may be provided during the NF stay and billed with date of service being on or after discharge from the NF.

(f) Persons receiving CBRA services, other than Companion Care, are eligible to receive only Assistive Technology services, since other types of support and assistance are within the defined scope of the 24-hour CBRA benefit and are the responsibility of the CBRA provider.

(g) Persons receiving Companion Care are eligible to receive only Assistive Technology, Minor Home Modifications, and Pest Control, since all needed assistance with ADLs and IADLs are within the defined scope of the 24-hour CBRA benefit.

(h) All long-term care services, NF services as well as HCBS, must be authorized by the MCO in order for MCO payment to be made for the services. An MCO may elect to accept TennCare’s PAE determination as its prior authorization for NF services. Nursing Facility care may sometimes start before authorization is obtained, but payment will not be made until the MCO has authorized the service. Except for special provisions which may be made by an MCO during the Continuity of Care period for CHOICES implementation, HCBS must be specified in an approved plan of care and authorized by the MCO prior to delivery of the service in order for MCO payment to be made for the services.

(i) HCBS covered under TennCare CHOICES and corresponding limitations regarding the scope of each service are defined in Rule 1200-13-01-.02. Limits of these services are as follows:

1. Short-Term Nursing Facility care, up to no more than 90 days per stay, per enrollee
2. Community-Based Residential Alternatives, to include Adult Care Homes, Assisted Care Living Facility services, and Companion Care
3. Personal Care visits, up to 2 visits per day, per enrollee; visits limited to no more than 4 hours per visit
4. Attendant Care, up to 1080 hours per calendar year, per enrollee. Attendant Care services must be needed for more than four (4) hours per occasion. If a lesser intensity of service is needed, Personal Care Visits is the more appropriate benefit.
5. Homemaker services, up to 3 visits per week, per enrollee
6. Home-delivered Meals, up to 1 meal per day, per enrollee
7. Personal Emergency Response System (PERS)
8. Adult Day Care, up to 2080 hours per calendar year, per enrollee

December, 2009 (Revised)
(Rule 1200-13-01-.05, continued)

9. In-home Respite Care, up to 216 hours per year, per enrollee

10. Inpatient Respite Care, up to 9 days per year, per enrollee

11. Assistive Technology, up to $900 per year, per enrollee

12. Minor Home Modifications, with the following limitations:
   (i) $6,000 per project;
   (ii) $10,000 per calendar year; and
   (iii) $20,000 per lifetime.

13. Pest Control, up to 9 treatment visits per calendar year, per enrollee

(j) Persons who qualify as “Immediate Eligibles” are eligible only for certain HCBS covered under CHOICES. They are not eligible for any other TennCare benefits, including other CHOICES benefits. These HCBS are listed below. The limits are the same as those specified in subparagraph (i) above. When the limit is an annual limit, the services used in the immediate eligibility period count against the annual limit if the individual should become eligible for TennCare.

1. Personal Care

2. Attendant Care

(k) Transportation.

1. Emergency and non-emergency transportation to TennCare covered services other than CHOICES services is provided by the MCOs in accordance with Rules 1200-13-13-.04 and 1200-13-14-.04.

2. Transportation is not provided to HCBS covered by CHOICES, except in the circumstance where a member requires Adult Day Care that is not available within 30 miles of the member’s residence.

For CHOICES enrollees not participating in Consumer Direction, provider agencies delivering HCBS may permit staff to accompany a member outside the home, but not to personally transport the enrollee. The decision of whether or not to accompany the member outside the home is at the discretion of the
agency/worker, taking into account such issues as the ability to safely provide services outside the home setting and the cost involved. In no case will additional hours of service and/or an increased rate of reimbursement be provided as a result of an agency/worker decision to accompany a member outside the home.

3. For CHOICES enrollees participating in Consumer Direction, the enrollee may elect to have his consumer directed workers (including Companion Care workers) to accompany and/or transport the member if such an arrangement is agreed to by both the member and the workers and specified in the Service Agreement; however, no additional hours or reimbursement will be available.

(I) Freedom of Choice.

1. CHOICES members shall be given freedom of choice of nursing facility care or HCBS, so long as the person meets all criteria for enrollment into CHOICES Group 2, as specified in these rules, and the person may be enrolled into CHOICES Group 2 in accordance with requirements pertaining to the CHOICES Group 2 enrollment target as described in these rules.

2. CHOICES member shall also be permitted to choose providers for HCBS specified in the plan of care from the MCO's list of participating providers, so long as the participating provider selected is available and willing to initiate services timely and to deliver services in accordance with the plan of care. The member is not entitled to receive services from a particular provider, however. A member is not entitled to a fair hearing if he is not able to receive services from the provider of his choice.

(m) Transition allowance. For CHOICES members moving from CHOICES 1 to CHOICES 2, the MCO may, at its sole discretion, provide a Transition Allowance not to exceed $2,000 per lifetime as a cost-effective alternative to facilitate transition of the member from the NF to the community. Items which may be purchased or reimbursed are only those items which the member has no other means to obtain and which are essential in order to establish a community residence when such residence is not already established and to facilitate the person’s safe and timely transition, including rent and/or utility deposits, essential kitchen appliances, basic furniture, and essential basic household items, such as towels, linens, and dishes.

(8) Consumer-Direction.

(a) Consumer Direction is a model of service delivery that affords CHOICES Group 2 members the opportunity to have more choice and control with respect to certain types of home and community based services (HCBS) that are needed by the member, in accordance with the rules described herein. Consumer Direction is not a service or set of services.

The model of Consumer Direction that will be implemented in CHOICES is a prior authorization model. The determination regarding the services a member will receive will be based on a comprehensive needs assessment performed by a care coordinator which identifies the member’s needs, the availability of family and other...
caregivers to meet those needs, and the gaps in care for which paid services may be authorized. Once the type and amount of services that a member needs have been determined, CHOICES members determined to need eligible HCBS may elect to receive one or more of the eligible HCBS through a Contract Provider, or they may participate in Consumer Direction. Companion care is available only through Consumer Direction. CHOICES members who do not need eligible HCBS will not be offered the opportunity to enroll in Consumer Direction.

(b) HCBS Eligible for Consumer Direction (Eligible HCBS).

1. Consumer Direction is limited to the following HCBS:
   (i) Attendant Care
   (ii) Companion Care (Companion Care is only available for persons electing Consumer Direction)
   (iii) Homemaker Services
   (iv) In-Home Respite Care
   (v) Personal Care Visits

2. The amount of a covered benefit available to the member will not increase as a result of his decision to participate in Consumer Direction, even if the rate of reimbursement for the service is lower in Consumer Direction. The amount of each covered benefit to be provided to the member is specified in the approved plan of care.

3. Home health services, private duty nursing services, and HCBS other than those specified above shall not be available through Consumer Direction.

(c) Eligibility for Consumer Direction. To be eligible for Consumer Direction, CHOICES members must meet all of the following criteria:

1. They must be members of CHOICES Group 2;

2. They must be determined by a Care Coordinator, based on a comprehensive Needs Assessment, to need one or more of the HCBS eligible for Consumer Direction.

3. They must be willing and able to serve as the employer of record for their consumer-directed workers and to fulfill all of the required responsibilities for consumer direction, or they must have a qualified representative who is willing and able to serve as the employer of record and to fulfill all of the required responsibilities for consumer direction. Assistance shall be provided to the member or his representative by the Fiscal Employer Agent.

4. Any additional risks associated with a member's decision to participate in Consumer Direction must be identified and addressed in a signed Risk
(Rule 1200-13-01-.05, continued)

Agreement, and the MCO must determine that the person's needs can be safely and appropriately met in the community while participating in Consumer Direction.

5. The member or his representative for consumer direction and any workers he employs must agree to use the services of TennCare's contracted Fiscal Employer Agent to perform required Financial Administration and Supports Brokerage functions.

(d) Enrollment in Consumer Direction.

1. A CHOICES Group 2 member assessed to need one or more eligible HCBS may elect to participate in Consumer Direction at any time.

2. If the member is unable to make a decision regarding his participation in Consumer Direction or to communicate his decision, only a legally appointed representative may make such decision on his behalf. The member, or a family member or other caregiver, must sign a Consumer Direction participation form reflecting the decision the member has made.

3. If the member is unable to make a decision regarding Consumer Direction or to communicate his decision and does not have a legally appointed representative, the member cannot participate in Consumer Direction since there is no one with the legal authority to assume and/or delegate Consumer Direction responsibilities.

4. Self-Assessment Tool. If a member elects to participate in Consumer Direction, he must complete a self-assessment tool to determine whether he requires the assistance of a representative to perform the responsibilities of Consumer Direction.

5. Representative. If the member requires assistance in order to participate in Consumer Direction, he must designate, or have appointed by a legally appointed representative, a representative to assume the Consumer Direction responsibilities on his behalf.

(i) A representative must meet all of the following criteria:

(I) Be at least 18 years of age;

(II) Have a personal relationship with the member and understand his support needs;

(III) Know the member's daily schedule and routine, medical and functional status, medication regimen, likes and dislikes, strengths and weaknesses; and

(IV) Be physically present in the member's residence on a regular basis or at least at a frequency necessary to supervise and evaluate each consumer-directed worker.
(Rule 1200-13-01-.05, continued)

(ii) If a member requires a Representative but is unwilling or unable to appoint one, the MCO may submit to TennCare, for review and approval, a request to deny the member's participation in Consumer Direction.

(iii) If a member's care coordinator believes that the person selected as the member's representative for Consumer Direction does not meet the specified requirements (e.g., the representative is not physically present in the member's residence at a frequency necessary to adequately supervise workers), the Care Coordinator may request that the member select a different representative who meets the specified requirements.

If the member does not select another Representative who meets the specified requirements, the MCO may, in order to help ensure the member's health and safety, submit to TennCare, for review and approval, a request to deny the member's participation in Consumer Direction.

(iv) A member's representative shall not receive payment for serving in this capacity and shall not serve as the member's worker for any consumer-directed service.

(v) Representative agreement. A representative agreement must be signed by the member (or person authorized to sign on the member's behalf) and the representative in the presence of the care coordinator. By completing a representative agreement, the representative confirms that he agrees to serve as a member's representative and that he accepts the responsibilities and will perform the duties associated with being a representative.

(vi) A member may change his representative at any time by immediately notifying his care coordinator and his supports broker that he intends to change representatives. The care coordinator shall verify that the new representative meets the qualifications as described above. A new representative agreement must be completed and signed, in the presence of a care coordinator, prior to the new representative assuming his respective responsibilities.

(e) Employer of record.

1. If a member elects to participate in Consumer Direction, either he or his representative must serve as the employer of record.

2. The employer of record is responsible for the following:

   (i) Recruiting, hiring and firing workers;

   (ii) Determining workers' duties and developing job descriptions;

   (iii) Scheduling workers;
(Rule 1200-13-01-05, continued)

(iv) Supervising workers;

(v) Evaluating worker performance and addressing any identified deficiencies or concerns;

(vi) Setting wages from a range of reimbursement levels established by TennCare.

(vii) Training workers to provide personalized care based on the member's needs and preferences;

(viii) Ensuring that workers deliver only those services authorized, and reviewing and approving hours worked by consumer-directed workers;

(ix) Reviewing and ensuring proper documentation for services provided; and

(x) Developing and implementing as needed a back-up plan to address instances when a scheduled worker is not available or fails to show up as scheduled.

(f) Denial of Enrollment in Consumer Direction.

1. Enrollment into Consumer Direction may be denied by TennCare when:

   (i) The person is not enrolled in TennCare or in CHOICES Group 2.

   (ii) The member does not need one or more of the HCBS eligible for Consumer Direction, as specified in the plan of care.

   (iii) The member is not willing or able to serve as the employer of record for their consumer-directed workers and to fulfill all of the required responsibilities for consumer direction, and does not have a qualified representative who is willing and able to serve as the employer of record and to fulfill all of the required responsibilities for consumer direction.

   (iv) The member is unwilling to sign a Risk Agreement which identifies and addresses any additional risks associated with the member's decision to participate in Consumer Direction, or the risks associated with the member's decision to participate in Consumer Direction pose too great a threat to the member's health, safety and welfare.

   (v) The member does not have an adequate back-up plan for consumer direction.

   (vi) The member's needs cannot be safely and appropriately met in the community while participating in Consumer Direction.

   (vii) The member or his representative for consumer direction, or consumer directed workers they want to employ are unwilling to use the services of
(Rule 1200-13-01-.05, continued)

TennCare's contracted Fiscal Employer Agent to perform required Financial Administration and Supports Brokerage functions.

(viii) Other significant concerns regarding the member's participation in Consumer Direction which jeopardize the health, safety or welfare of the member.

2. Denial of enrollment in Consumer Direction gives rise to notice and due process including the right to a fair hearing, as set forth in this rule.

(g) Fiscal Employer Agent (FEA)

1. The FEA shall perform the following functions on behalf of all members participating in Consumer Direction:

   (i) Financial Administration functions in the performance of payroll and related tasks; and

   (ii) Supports Brokerage functions to assist the member or his representative with other non-payroll related tasks such as recruiting and training workers.

2. The FEA will:

   (i) Assign a supports broker to each CHOICES member electing to participate in Consumer Direction of HCBS.

   (ii) Provide initial and ongoing training to members and their representatives (as applicable) on Consumer Direction and other relevant issues;

   (iii) Verify worker qualifications, including conducting background checks on workers, enrolling workers into Medicaid, assigning provider Medicaid ID numbers, and holding Medicaid provider agreements;

   (iv) Provide initial and ongoing training to workers on Consumer Direction and other relevant issues;

   (v) Assist the member and/or representative in developing and updating service agreements;

   (vi) Withhold, file and pay applicable federal, state and local income taxes; employment and unemployment taxes; and worker's compensation;

   (vii) Pay workers for authorized services rendered within authorized timeframes;

(h) Back-up Plan for Consumer-Directed Workers.

1. Each member participating in Consumer Direction or his representative is responsible for the development and implementation of a back-up plan that
identifies how the member/representative will address situations when a scheduled worker is not available or fails to show up as scheduled.

2. The member/representative (as applicable) may not elect, as part of the back-up plan, to go without services.

3. The back-up plan for Consumer Direction shall include the names and telephone numbers of contacts (workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts.

4. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the member electing Consumer Direction and/or his representative to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity, and for initiating the back-up plan when needed.

5. The member's back-up plan for consumer-directed workers shall be integrated into the member's back-up plan for services provided by contract providers, as applicable, and the member's plan of care.

6. The care coordinator shall review the back-up plan developed by the member and/or his representative to determine its adequacy to address the member's needs. If an adequate back-up plan cannot be provided to consumer direction, enrollment into Consumer Direction may be denied, as set forth in this rule.

7. The back-up plan will be reviewed and updated at least annually, and as frequently as necessary if there are changes in the type, amount, duration, scope of eligible HCBS or the schedule at which such services are needed, changes in workers (when such workers also serve as a back-up to other workers) and changes in the availability of paid or unpaid back-up workers to deliver needed care.

(i) Consumer-directed Workers (Workers).

1. Hiring Consumer-Directed Workers.

   (i) Members shall have the flexibility to hire persons with whom they have a close personal relationship to serve as workers, such as neighbors or friends.

   (ii) Members may hire family members, excluding spouses, to serve as workers. However, a family member shall not be reimbursed for a service that he would have otherwise provided without pay. A member or his representative for Consumer Direction may not hire a family member or other person with whom the member currently resides to begin delivering Companion Care services.

   (iii) Members may elect to have a worker provide more than one service, have multiple workers, or have both a worker and a contract provider for a...
given service, in which case, there must be a set schedule which clearly defines when contract providers will be utilized.

2. Qualifications of Consumer-Directed Workers.

Consumer-directed workers must meet the following requirements prior to providing services:

(vi) Refusal to cooperate with a background check.

4. Exception to Disqualification of a Consumer-Directed Worker.

If a worker fails the background check, an exception to disqualification may be granted at the member's discretion if all of the following conditions are met:

(i) Offense is a misdemeanor;

(ii) Offense occurred more than five (5) years ago;

(iii) Offense is not related to physical or sexual or emotional abuse of another person;

(iv) Offense does not involve violence against another person or the manufacture, sale, or distribution of drugs; and

(v) There is only one disqualifying offense.

5. Service Agreement.

(i) A member shall develop a service agreement with each worker, which includes, at a minimum:

(I) The roles and responsibilities of the worker and the member;

(II) The worker's schedule (as developed by the member and/or representative), including hours and days;

(III) The scope of each service (i.e., the specific tasks and functions the worker is to perform);

(IV) The service rate; and

(V) The requested start date for services.

(ii) The service agreement must be in place for each worker prior to the worker providing services.
(Rule 1200-13-01-.05, continued)

(iii) The service agreement shall also stipulate if a worker will provide one or more self-directed health care tasks, the specific task(s) to be performed, and the frequency of each self-directed health care task.

6. Payments to Consumer-Directed Workers.

(i) Rates.

With the exception of companion care services, members participating in Consumer Direction have the flexibility to set wages for their workers from a range of reimbursement levels established by TennCare.

(I) Monthly companion care rates are only available for a full month of service delivery and will be pro-rated when a lesser number of days are actually delivered.

(II) The back-up per diem rate is available only when a regularly scheduled companion is ill or unexpectedly unable to deliver services, and shall not be authorized as a component of ongoing companion care services.

(ii) Payments to Consumer-Directed Workers. In order to receive payment for services rendered, all workers must:

(I) Deliver services in accordance with the schedule of services specified in the member's plan of care and in the MCO's service authorization, and in accordance with worker assignments determined by the member or his representative.

(II) Utilize the EVV system to log in and out at each visit.

(I) A member may terminate a worker's employment at any time if he feels that the worker is not adhering to the terms of the service agreement and/or is not providing quality services.

(II) The MCC may not terminate a worker's employment, but may request that a member be involuntarily withdrawn from Consumer
Direction if it is determined that the health, safety and welfare of the member may be in jeopardy if the member continues to employ a worker but the member and/or representative does not want to terminate the worker.

(j) Self Direction of Health Care Tasks.

1. A competent adult, as defined in Rule 1200-13-01-.02, with a functional disability living in his or her own home, enrolled in CHOICES Group 2, and participating in Consumer Direction, or his representative for consumer direction may choose to direct and supervise a consumer directed worker in the performance of a health care task as defined in these rules.

2. For purposes of this rule, home does not include a nursing facility or assisted care living facility.

3. A member will not receive additional amounts of any service as a result of his decision to self-direct health care tasks. Rather, the health care tasks will be performed by the worker in the course of delivering eligible HCBS already determined to be needed, as specified in the plan of care.

4. Health care tasks that may be self directed for the purposes of this subparagraph are limited to administration of oral, topical and inhaled medications.

5. The member or representative who chooses to self-direct a health care task is responsible for initiating self-direction by informing the health care professional who has ordered the treatment which involves the health care task of the individual or caregiver's intent to perform that task through self-direction. The provider shall not be required to prescribe self-direction of the health care task.

6. When a licensed health care provider orders treatment involving a health care task to be performed through self-directed care, the responsibility to ascertain that the patient or caregiver understands the treatment and will be able to follow through on the self-directed care task is the same as it would be for a patient or caregiver who performs the health care task for himself or herself, and the licensed health care provider incurs no additional liability when ordering a health care task which is to be performed through self-directed care.

7. The member or his representative for Consumer Direction will identify one or more consumer directed workers who will perform the task in the course of delivery of eligible HCBS. If a worker agrees to perform the health care tasks, the tasks to be performed must be specified in the Service Agreement. The member or his representative for Consumer
Direction is solely responsible for identifying a worker that is willing to perform health care tasks, and for instructing the paid personal aide on the task(s) to be performed.

8. The member or his representative for Consumer Direction must also identify in his back-up plan for consumer direction who will perform the health care task if the worker is unavailable, or stops performing the task for any reason.

9. Ongoing monitoring of the worker performing self-directed health care tasks is the responsibility of the member or his representative. Members are encouraged to use a home medication log as a tool to document medication administration. Medications should be kept in original containers, with labels intact and legible.

(k) Withdrawal from Participation in Consumer Direction.

1. General.

(i) Voluntary Withdrawal from Consumer Direction. Members participating in Consumer Direction may voluntarily withdraw from participation in Consumer Direction at any time. The member's request must be in writing. Whenever possible, notice of a member's decision to withdraw from participation in Consumer Direction should be provided in advance to permit time to arrange for delivery of services through contracted providers.

(ii) Voluntary or involuntary withdrawal of a member from Consumer Direction of HCBS shall not affect a member's eligibility for long-term care services or enrollment in CHOICES, so long as the member continues to meet all requirements for enrollment in CHOICES as defined in these rules.

(V) The member is unwilling to sign a Risk Agreement which identifies and addresses any additional risks associated with the member's decision to participate in Consumer Direction, or the risks associated with the member's decision to participate in Consumer Direction pose too great a threat to the member's health, safety and welfare.

(VI) The health, safety and welfare of the member may be in jeopardy if the member or his representative continues to employ a worker but the member and/or representative does not want to terminate the worker.

(X) The member or his representative for consumer direction are unwilling to abide by the requirements of the CHOICES Consumer Direction program.

(XI) If a member's representative fails to perform in accordance with the terms of the representative agreement and the health, safety and welfare of the member is at risk, and the member wants to continue to use the representative.

(XII) If a member has consistently demonstrated that he is unable to manage, with sufficient supports (including appointment of a representative) his services and the care coordinator or FEA has identified health, safety and/or welfare issues.
(Rule 1200-13-01-.05, continued)

(XIII) A care coordinator has determined that the health, safety and welfare of the member may be in jeopardy if the member continues to employ a worker but the member and/or representative does not want to terminate the worker.

(XIV) Other significant concerns regarding the member's participation in Consumer Direction which jeopardize the health, safety or welfare of the member.

(ii) The Bureau of TennCare must review and approve all MCC requests for involuntary withdrawal from Consumer Direction of HCBS before such action may occur. If the Bureau of TennCare approves the request, written notice shall be given to the member at least ten (10) days in advance of the withdrawal. The date of withdrawal may be delayed when necessary to allow adequate time to transition the member to contract provider services as seamlessly as possible.

(iii) The member shall have the right to appeal involuntary withdrawal from Consumer Direction.

(iii) If a person is no longer enrolled in TennCare or in CHOICES, his participation in Consumer Direction shall be terminated automatically.

2. A provider may request a waiver from this restriction in writing to Medicaid. Medicaid shall determine the value of a waiver request based upon the medical necessity and need for the solicitation. The provider may implement the solicitation only upon receipt of a written waiver approval from Medicaid. This waiver is not transferable and may be canceled by Medicaid upon written notice.

3. Medicaid payments for services related to a non-waived solicitation enticement shall be considered by Medicaid as a non-covered service and recouped. The provider may not bill the recipient for non-covered services recouped under this authority.

3. after reasonable inquiry, the provider was not clearly informed of Medicaid eligibility by the recipient, or the recipient's responsible party, prior to providing non-emergency services.

4. the provider clearly informed the recipient or the recipient's responsible party prior to providing non-emergency services that the provider did not

Services which are non-covered by virtue of exceeding limitations are exempt from this requirement and shall be governed by rule 1200-13-01-.05(1)(c)(2).

8. the recipient failed to keep a scheduled appointment(s).

(e) Providers may seek payment from a person whose Medicaid eligibility is pending at the time services are provided if the provider informs the person they will not accept Medicaid assignment whether or not eligibility is established retroactively.

(f) Providers may seek payment from a person whose Medicaid eligibility is pending at the time services are provided, however, all monies collected must be refunded when a claim is submitted to Medicaid if the provider agreed to accept Medicaid assignment once retroactive Medicaid eligibility was established.

(d) No payments for covered services from relatives or others are allowed except to reduce Medicaid payments.
(e) If the Skilled Nursing Facility (upon submission of a cost settlement report and an audit of its cost), has collected on a per diem basis during the period covered by the cost report and audit, more than cost reimbursement allowed, the skilled nursing facility shall be required to reimburse the State (through the Medicaid Division), for that portion of the reimbursement collected in excess of the actual recorded and audited cost.

(f) If the Skilled Nursing Facility (upon submission of a cost settlement report and audit of its cost) has collected on a per diem basis and reimbursement is less than its actual and reported per diem cost, retroactive settlement shall be made by the State. The skilled nursing facility shall have the right, and shall be responsible for adjusting its "interim reimbursable per diem cost rate" at any time during its fiscal period, so that its verified cost rate approximates as nearly as possible the actual current operation cost of the facility.

(g) Regardless of the reimbursement rate established for a Skilled Nursing Facility, no Skilled Nursing Facility may charge Medicaid patients an amount greater than the amount per day charged to private paying patients for equivalent accommodations and services.

(5) Intermediate Care Facilities will be reimbursed under the following conditions:

(a) The Intermediate Care Facility, must enter into a provider agreement with the Department.

patient, the facility shall be required to reimburse the state (through the Medicaid Division add/or the ICFs Third Party), for that portion of the reimbursement collected in excess of the cost reimbursement allowed.

(h) Regardless of the reimbursement rate established for an Intermediate Care Facility, no Intermediate Care Facility may charge Medicaid patients an amount greater than the amount per day charge to private paying patients for equivalent accommodations and services.

(7) Rules concerning provider abuse or fraud of the Medicaid program shall be found in rule 1200-13-01-.21.

(8) (a) Nursing facilities are responsible for assuring that physician visits are made according to the schedule set out at 42 CFR 483.40.

To meet the requirement for a physician visit, the physician must, at the time of the visit,

1. See the patient; and

2. Review the patient's total program of care, including treatments; and

3. Verify that the patient continues to need the designated level of nursing facility care and document it in the progress notes or orders; and

4. Write, sign, and date progress notes; and

5. Sign all orders.

At the option of the physician, required visits after the initial visit may alternate between visits by a physician and visits by a physician assistant or nurse practitioner working under the physician's delegation.

A physician visit will be considered to be timely if it occurs not later than 10 days after the date of the required visit. Failure of the visit to be made timely will result in non-payment of claims, or a recoupment of all amounts paid by the Department during the time that the physician visit has lapsed.

(b) Nursing facilities are responsible for assuring that the physician verify at the time of each physician's visit the Medicaid recipient's continued need for
nursing facility level of care and whether or not he/she is being served at the appropriate level of care.

1. Failure to obtain the verification at the time of the scheduled physician visit may result in a recoupment of all amounts paid by the Department during the time that the verification/physician visit has lapsed.

2. If such a recoupment is made, the participating facility shall not:

(i) Attempt to recoup from the resident; or

(ii) Discharge the resident based on the recoupment.

3. In cases where the physician refused to make the required verification because the physician believes that the level of care is no longer appropriate, a new resident assessment must be completed by the nursing facility.

(9) No Medicaid reimbursed resident of an Intermediate Care Facility or Skilled Nursing Facility shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination by any such facility.

(a) An Intermediate Care Facility or Skilled Nursing Facility may not directly or through contractual or other arrangements, on ground of race, color, or national origin:

1. Deny a Medicaid reimbursed resident any service or benefit provided under the program.

2. Provide any service or benefit to a Medicaid reimbursed resident which is different, or is provided in a different manner, from that provided to others under the program.

3. Subject a Medicaid reimbursed recipient to segregation or separate treatment in any matter related to the receipt of any service or benefit under the program.

4. Restrict a Medicaid reimbursed resident in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service or benefit under the program.

5. Treat a Medicaid reimbursed resident differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership or other requirement or condition which the resident must meet in order to be provided any service or benefit provided under the program;
(b) An Intermediate Care Facility or Skilled Nursing Facility, in determining the types of services, or benefits which will be provided under any such program, or the Medicaid-reimbursed resident to whom, or the situations in which, such services or benefits will be provided under the program, or the Medicaid reimbursed resident to be afforded an opportunity to participate in the program, may not, directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting those residents to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishments of the objective of the program with respect to those residents of a particular race, color, or national origin.

(c) As used in this rule, the services or benefits by an Intermediate Care Facility or Skilled Nursing Facility shall be deemed to include any service, or benefit provided in or through a facility participating in this program.

(d) The enumeration of specific forms of prohibited discrimination in this rule does not limit the generality of the prohibition in this rule.

(e) When an Intermediate Care Facility or Skilled Nursing Facility has previously discriminated against persons on the ground of race, color, or national origin, the facility must take affirmative action to overcome the effects of prior discrimination.

(f) Even in the absence of such prior discrimination, a facility may take affirmative action to overcome the effects of conditions which resulted in limiting participation by persons of a particular race, color, or national origin.

(g) All Long-term Care Facilities shall establish written policies and procedures addressing admission, transfer and discharge, consistent with Medicaid General Rule, Chapter 1200 13-01. These policies and procedures shall be available for inspection by the Department.

10) Reimbursement for covered durable medical equipment, including repairs, maintenance, and replacement of equipment and expendable parts thereof, shall be made only to a home health agency or a supplier of durable medical equipment which has an approved participation agreement or contract with the Department of Health and Environment, Medicaid program. Such reimbursement shall be made only as provided in this section and subject to the conditions and requirements set forth herein and elsewhere in this chapter.

(a) Every item of durable medical equipment shall be ordered in writing by a physician. The physician's order shall indicate, with as great specificity as possible, the type of equipment required and the recipient's anticipated period of need of the equipment in months.

(b) Where prior approval is required for any equipment, the home health agency or durable medical equipment supplier shall obtain such approval or assure that it is properly obtained.
(c) All durable medical equipment placed on or after July 27, 1984, shall be newly manufactured equipment and shall be placed and reimbursed either as rental or rent-to-purchase equipment as described and limited in this section; however, equipment originally placed as rental equipment may be converted to a rent-to-purchase basis as provided in subsection (g) 2. below.

(d) Equipment already placed in a recipient's home on a rental basis prior to July 27, 1984, shall continue to be rented upon the same terms, subject to the recipient's need, until July 27, 1984. Rental of such equipment from and after July 27, 1984, shall be subject to the certification and recertification requirements set forth in subsection (g) 1. below. If any such equipment other than that listed at rule 1200-13-01-.03(gg)13., 14(i), 14(vi) through (viii), 14(xv), 15(ix), or 15(xii) through (xiii) is still in use on October 27, 1984, it shall be converted to a rent-to-purchase basis; all rental payments made for such equipment for the period of July 27, 1984 through October 27, 1984, shall be applied to the total reimbursement purchase amount; and the remainder due shall be billed as provided in subsection (f) below; however, such equipment shall bear the same warranty as newly manufactured equipment of the same type. If a provider does not offer such a warranty, reimbursement shall be denied on the equipment. Newly manufactured equipment may be placed in place of the old equipment and billed as provided in subsection (f) below.

(e) The provider of every item of equipment placed on or after July 27, 1994, shall assure the provision of effective training in the proper and safe operation of the equipment, to the recipient, or if the recipient is unable to perform such tasks, to an appropriate person who will be available to assist the recipient in performing such tasks.

(f) Purchase of Equipment:

All equipment, except that listed at Rule 1200-13-01-.03(1)(gg)13., 14(i), 14(vi) through (viii), 14(xv), 15(ix), and 15(xi) through (xiii), for which the anticipated period of need as specified in the physician's order is six months or longer, and all equipment listed at Rule 1200-13-01-.03(1)(gg)3., 12(i), 15(i), 15(ii), and 15(x), whatever its anticipated period of need shall be reimbursed by Medicaid as follows:

1. The provider of the equipment shall bill Medicaid for the total charge in one bill after the equipment is delivered and put into operation in the recipient's place of residence.

2. After the provider is reimbursed by Medicaid for the equipment, the equipment shall become the property of the recipient. Such property shall not be considered a resource for purposes of eligibility determination.

(g) Rental Equipment:
1. All equipment, except that listed at Rule 1200-13-01-.03(1)(gg)3., 12(i), 16(i), 16(ii), and 15(x), for which the anticipated period of need as specified in the physician's order is less than six months, and all equipment listed at Rule 1200-13-01-.03(1)(gg)13., 14(i), 14(vi) through (viii), 14(xv), 15(ix), and 15(xi) through (xiii), whatever its anticipated period of need shall be placed as rental equipment and reimbursed only for periods of recipient eligibility for which there is a valid physician's certification. The original physician's order shall suffice as the original certification and shall be valid for such purpose for up to six (6) consecutive months. Thereafter, every six (6) months for as long as the equipment is rented; the provider of the equipment shall assure that a physician provides written medical justification that the recipient's medical condition requires continued use of the equipment.

2. If an item of equipment other than that listed at Rule 1200-13-01-.03(1)(gg)13., 14(i), 14(vi) through (viii), 14(xv), 15(ix), and 15(xi) through (xiii) is originally placed as rental equipment, but the recipient is subsequently determined to need the equipment for six months or longer based upon the physician's certification, the equipment shall be reimbursed as provided in subsection (f) above; however, if any rental payments have already been made, for periods commencing on or after July 27, 1984, they shall be applied to the total reimbursement purchase amount, and the remainder due shall be billed as provided in subsection (f) above.

(h) Repair, Maintenance, and Replacement of Equipment and Parts.

1. Providers of rented durable medical equipment shall assure that all such equipment is adequately maintained and kept in good working order. No reimbursement shall be made in addition to the regular rental payments for such maintenance, repair or replacement of parts.

2. Providers shall be reimbursed for reasonable and necessary repair and maintenance costs and costs of replacement of expendable parts, including but not limited to hoses, fuses or batteries, for all purchased equipment (repair of rental equipment is the responsibility of the rental provider) other than that listed at rule 1200-13-01-.03(1)(ee)3., if proper prior approval is obtained; however, prior approval shall not be required for reimbursement for the replacement of expendable parts the billed amount for which is less than $75.00. Prior approval shall not be granted, nor shall reimbursement be made for repairs or maintenance covered by a manufacturer's warranty, the result of the recipient's abuse or for any repair the reimbursable amount for which exceeds 75% in cumulative of the allowable replacement cost of the equipment.

3. Prior approval shall be required for reimbursement for replacement for any item of purchased durable medical equipment, and for reimbursement for the purchase of any item of equipment for a recipient when an item of the same type has previously been purchased by the Department for the same recipient from any provider, except where the
provider of the new item had no knowledge of, and could not reasonably have obtained knowledge of, the previous purchase.

(i) Prior Approval.

1. All items and services listed at subsections (i) through (iii) below shall require prior approval by the Medicaid medical director, or a designated representative, in order for the items or services to be reimbursed by Medicaid:

   (i) All durable medical equipment listed at rule 1200-13-01-03(1)(ee), (ii), 1.(iii), 6.(iii), 7.(ii) through (ix), 7.(xi) through (xiii), 9.(i) through (iii), 11.(iii), 13.(i) and (ii), 14.(i), 14.(iii), 14.(vi) through (ix), 14.(xi) and (xii), 14.(xv), 15.(vii) through (xiii), and 16.; providers seeking to obtain prior approval for the items listed at rule 1200-13-01-03(1)(ee)14.(iii), 14.(vi) through 14.(viii), and 14.(xv), shall provide PO2 or O2 level readings in their requests for approval.

   (ii) Any covered repair and maintenance of durable medical equipment, and replacement of expendable parts thereof for which the billed amount is $25.00 or more, approval to be subject to the conditions set forth in rule 1200-13-01-05(1)(h)2., in addition to the standards set forth at subsection 2. below.

   (iii) Replacement of any item of durable medical equipment, and purchase of any item for a recipient when an item of the same type has previously been purchased by the Department for the same recipient from any provider, except where the provider of the new item had no knowledge of, and could not reasonably have obtained knowledge of, the previous purchase.

2. The basis for granting or denying prior approval shall be whether the item or service is medically necessary, whether a less expensive alternative would adequately meet the recipient’s medical needs, whether the proposed item or service conforms to commonly accepted standards in the medical community, whether any further conditions set forth in these rules have been adequately met, and whether requests include sufficient factual data as determined by the Bureau of Medicaid to enable a fair and objective decision.

3. Failure to obtain prior approval for an item or service shall not invalidate a claim for reimbursement, where it can be shown that an emergency situation existed.

   However, in such cases, the provider or a representative shall telephone Medicaid for approval on the next working day after provision of the service and submit a written request documenting the above conditions, prior to payment of that claim.
4. When a request for prior approval is denied, the recipient for whom the services were requested shall be promptly notified in writing of the denial, of the factual basis for the denial, and of the right requested and procedures for requesting a hearing pursuant to TCA. §14-23-113, where he may contest the denial.

5. Providers/suppliers must not request prior approval to purchase, rent or repair home medical equipment or purchase medical supplies for recipients whose place of residence does not meet the definition of recipient’s place of residence found in rule 1200-13-01-.01(15).

(11) Ambulance service will be provided on an emergency and non-emergency basis:

(a) Emergency Ambulance service will be reimbursed for a one-way trip to the nearest hospital that can handle the medical emergency. Emergency ambulance transportation shall be provided for recipients in the case of injury or acute medical condition where the same is liable to cause death or severe injury or illness as determined by the attending physician, paramedic, emergency medical technician, or registered nurse.

(b) Non-Emergency Ambulance services will be reimbursed when the recipient’s condition is such that use of any other method of transportation is contraindicated. For reimbursement, a physician, paramedic, emergency medical technician, registered nurse, or licensed practical nurse must present written documentation that the patient’s condition warrants such services. This documentation must be attached to the ambulance provider’s request for payment.

(12) Home health agency providers must limit acceptance of Medicaid recipients for home health care to cases where there is reasonable expectation that the recipient’s health needs can be adequately met by the agency in the recipient’s place of residence. Services for which the home health agency seeks Medicaid reimbursement must be furnished by the home health agency or by another health organization or individual pursuant to a written agreement between the home health agency and the contracting health organization or individual. All such agreements for the provision of services must stipulate that receipt of payment by the home health agency for the service, whether in its own right or as an agent, relieves the recipient of liability to pay for such services. Home health agencies shall not provide home health services pursuant to a plan of care established, certified or recertified by a physician who has a significant ownership interest, as defined in rule 1200-13-01-.21 (1)(i) in the agency.

Home health agencies shall limit acceptance of Medicaid recipients for home health care to cases where the recipient’s place of residence is less than seventy-five (75) miles distance according to the official state map from the home health agency’s parent or branch office site that is certified for participation in Medicare and Medicaid. Home health agency providers are responsible for obtaining certifications and recertifications of the recipient’s homebound status and medical necessity for home-health services from the attending physician. Services rendered to recipients on days for which the recipient was not properly certified/recertified or homebound
(Rule 1200-13-01-.05, continued)

pursuant 1200-13-01-.18 are not reimbursable by Medicaid nor may they be billed to
the recipient and/or responsible party;

(a) Attending physician certification/recertification and approval of the plan of care
for home health services:

1. Plans of care and certifications/recertifications need not be documented
on a specific form; however, they must be presented in a format that
Medicaid representatives can determine, where necessary, that the plan
of care and certification/recertification requirements are met. The plan of
care and certification/recertification must:

(i) Be legible;

(ii) Contain the statement "I am the attending physician for this patient
and in my professional judgment this patient is homebound
according to Medicaid rule 1200-13-01-.18 and the services are
medically necessary. Further, I understand that if I knowingly
authorize home health services for persons who are not homebound
according to Medicaid homebound criteria, and the services are not
medically necessary, I may be in violation of Medicaid rule 1200-13-
01-.21 and subject to the sanctions described therein."

(iii) Be signed and simultaneously dated by the attending physician.

2. An attending physician is one who has knowledge of the patient which is
based on his personal examination of the patient and/or his personal
review of the patient’s institutional medical record or a physician’s office
record.

3. Plan of Care

(i) Items and services provided through a home health agency must be
furnished under an established plan of care that is signed and
simultaneously dated by the recipient’s attending physician.

(ii) The written plan of care must be submitted to the home health
agency which has accepted the patient as a client. The home
health agency may establish a written plan of care based on the
physician’s verbal orders. These verbal orders must be recorded by
a registered nurse, or qualified therapist employed by the home
health agency and forwarded to the attending physician for him to
sign and simultaneously date within ten (10) working days. The
date of the attending physician’s verbal orders should be listed on
the plan of care by the home health agency and shall serve as the
certification date.

(iii) The plan of care must be reviewed by the attending physician once
every sixty (60) days.
4. Certification/Recertification

(i) Certification

(I) In order for a home health provider to be reimbursed by Medicaid for home health services rendered to a recipient the attending physician must certify that:

I. The individual is in need of the services at the time the plan of care is established;

II. The home health services are required because the individual is confined to his home;

III. The individual needs skilled nursing care, physical therapy, occupational therapy, or the services of a home health aide, on an intermittent basis;

IV. A written plan for furnishing such services to the individual has been established, and

V. The services are furnished while the individual is under the care of a physician.

(ii) Method and Disposition of Certifications

I. The attending physician certification must be presented in a format that Medicaid representatives can determine, where necessary, that the certification and requirements are met. The certification by the attending physician will be retained by the home health agency. The agency also must indicate on the billing form that the certification has been made by the attending physician.

(ii) Recertification

(I) When services are continued, the attending physician must certify at intervals not exceeding sixty-two (62) days that there is a continuing need for services and should estimate how long services will be needed. The recertification should be obtained at the time the plan of care is reviewed (at least once every sixty-two days). Recertifications must be signed and simultaneously dated by the attending physician who reviews the plan of care.

(13) Hospitals participating as providers in the Medicaid program shall not seek payment or contribution of all or any part of the inpatient hospital deductible under Part A of the Medicare program incurred by any recipient of Tennessee Medicaid assistance

during the period beginning July 1, 1982, through and including December 31, 1984, including but not limited to, direct collections from said Medicaid recipients, and efforts to collect from said Medicaid recipients through collection agencies or litigation, whether or not they are current Medicaid recipients.

(14) All providers receiving payments pursuant to TCA, §71-5-101, et seq., are subject to Audit. Statistical sampling techniques may be employed to determine and/or assess overpayments in a provider's Medicaid claim population.

(15) Facilities requesting voluntary termination of provider agreements shall comply with the following:

(a) Facilities which choose to voluntarily terminate their provider agreements may do so by notifying the Department in writing of such intent. The effective date of the termination will be determined by the Department consistent with the terms of the TennCare Provider Agreement then in force between the Department and the facility.

(b) The facility will not be entitled to payment for any additional or newly admitted TennCare eligible residents from the date of the facility's notice of withdrawal from the TennCare program. The facility may, however, at its election, continue to receive TennCare payment for those individuals who resided in the facility on the date of such notice, so long as they continue to reside in and receive services from the facility and provided that such individuals are TennCare eligible during the period for which reimbursement is sought. The facility's right to continue to receive TennCare payments for such individuals following the date of its notice of intent to withdraw from the TennCare program is contingent upon:

1. the facility's compliance with all requirements for TennCare participation; and

2. the agreement to continue to serve, and accept TennCare payment for, on a non-discriminatory basis, all individuals residing in the facility on the date of notification of withdrawal, who are or become TennCare eligible.

(c) The notification must provide the following information:

1. The reason(s) for voluntary termination;

2. The names and TennCare identification number of all TennCare eligible residents;

3. Name of the resident and name of the contact person for the resident (if any) for residents with an application for TennCare eligibility pending;

4. A copy of the letter the facility will send to each resident informing them of the voluntary termination, and a copy of the letter to be sent to all TennCare eligible residents regarding this action;
6. A copy of the letter sent to all applicants on the wait list informing them of the facility’s voluntary termination; and

6. Whether or not the facility intends to continue to provide services to non-TennCare residents who were residents of the facility on the date withdrawal was approved, in the event they convert to TennCare eligibility; and a copy of the notice to residents explaining that decision; and,

7. Other information determined by the Department as necessary to process the request for termination.

(d) The termination of the provider’s involvement in TennCare must be done in such a manner as to minimize the harm to current residents.

1. Residents who are currently TennCare-eligible shall be informed, in a notice to be provided by the facility and approved by the Department, the facility has elected to withdraw from the TennCare program. If the facility has elected under subsection (b) of the section to continue to receive TennCare payments for residents of the facility as of the date of notice of withdrawal from the TennCare program, the notice shall inform the resident of the right to remain in the facility as a TennCare patient as long as they wish to do so and remain otherwise eligible under the rules of the TennCare Program. The notice shall also inform the resident that, if they wish to transfer to another facility, under the supervision of the Department, the Long Term Care Facility where they now reside will assist in locating a new placement and providing orientation and preparation for the transfer, in accordance with 42 U.S.C. §1396r(c)(2)(C) and implementing regulations and guidelines, if any.

2. All other residents of the facility shall receive a separate notice informing them of the facility’s intention to withdraw from the TennCare program. The notice will be provided by the Facility after having been first reviewed and approved by the Department. The notice shall inform such residents that, should they become eligible for TennCare coverage, they will be able to convert to TennCare from their current source of payment and remain in the facility only during a period that ends with the termination of the facility’s provider agreement, a date to be determined in accordance with the terms of the provider agreement. They will not be eligible for TennCare coverage of their care in the facility thereafter. Transfer of these residents shall be considered an involuntary transfer and shall comply with Department regulations governing involuntary transfer or discharges.

The same notice will caution these residents that, if they require care as TennCare patients after the facility’s provider agreement is terminated, they will have to transfer to another facility. The notice will also inform the residents that, when their present facility is no longer participating in the TennCare program, certain legal rights and protections that apply to all

residents (regardless of source of payment) in TennCare facilities will no longer be available to those who remain in the Long-Term Care Facility. Readers of the notice will be informed that, if they wish to transfer, or to have their names placed on wait lists at other facilities, the facility that is withdrawing from the program will assist them by providing preparation and orientation under the supervision of the Department, as required by 42 U.S.C. § 1396r(c)(2)(C) and implementing regulations and guidelines, if any.

3. Applicants whose names are on the facility's wait list will be notified by the facility on a form that has been reviewed and approved by the Department, that the facility intends to withdraw from the TennCare program. They will be cautioned that they will not be able to obtain TennCare coverage for any care that they receive in the facility. The notice shall also inform them that certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare participating facilities will not be available in the Long-Term Care Facility to which they have applied, once that facility has withdrawn from the TennCare program.

Applicants will be informed in the notice that, if they wish to make application at other facilities, the withdrawing facility, under the supervision of the Department, shall assist them in seeking placement elsewhere.

(e) Following submission of a notice of withdrawal from the TennCare program a facility cannot opt to receive continued TennCare payments for any resident unless it agrees to accept continual TennCare payment for all individuals who are residents on the date of the notice of withdrawal, and who are or become TennCare-eligible provided, however, that TennCare will pay the facility for all covered services actually provided to TennCare-eligible residents following notice of the facility's withdrawal and pending the resident's transfer or discharge. In instances where facilities elect to continue to receive such TennCare payments, their provider agreements will remain in effect until the last TennCare-eligible individual, who resided in the facility as of the date of notification of withdrawal, has been discharged or transferred from the facility in accordance with TennCare and state licensure requirements.

(f) Facilities which terminate their provider agreement shall not be permitted to participate in TennCare for a period of at least two years from the date the provider agreement is terminated.

(g) Unless the facility notifies the department within thirty (30) days after giving a notice of termination, the facility may not stop the termination procedure consistent with this order without written approval from the Department.

(16) Long-term Care Facilities may be involuntarily decertified by the Department because of their failure to comply with the provisions of Medicaid General Rule, Chapter 1200-13-01. Facility that are involuntary decertified shall not be permitted to
(Rule 1200-13-01-.05, continued)

participate in the Medicaid program for a minimum of five (5) years from the date of the decertification.

(17) Long-term Care Facilities participating in the Medicaid Program shall not as a condition of admission to or continued stay at the facility request or require:

(a) Transfer or discharge of a Medicaid-eligible resident because Medicaid has been or becomes the resident's source of payment for long-term care.

(b) Payment of an amount from a Medicaid-eligible resident in excess of the amount of patient liability determined by the Tennessee Department of Human Services.

(c) Payment in excess of the amount of patient liability determined by the Tennessee Department of Human Services from any resident who is financially eligible for medical assistance but who has not submitted a PAE for consideration or whose appeal rights for a denied PAE have not been exhausted.

(d) Any person to forego his or her right to Title XIX Medical Assistance benefits for any period of time.

(e) A third party (i.e., responsible party) signature, except as required of a court-appointed legal guardian or conservator, or require payment of any kind by a third party on behalf of a Medicaid-eligible individual.

(18) Long-term Care Facilities participating in the Medicaid Program must comply with the following guidelines regarding transfers, discharges and/or readmissions.

(a) Transfer and Discharge Rights—A Long-term Care Facility must permit each resident to remain in the facility and must not transfer or discharge the resident from the facility unless:

1. The transfer or discharge is necessary to meet the resident's welfare which cannot be met in the facility;

2. The transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility;

3. The safety of individuals in the facility is endangered;

4. The health of individuals in the facility would otherwise be endangered;

5. The resident has failed, after reasonable and appropriate notice, to pay (or to have paid under Title XIX or Title XVIII on the resident's behalf) for a stay at the facility; or

6. The facility ceases to operate.
In each of the cases described above, no patient shall be discharged or transferred without a written order from the attending physician or through other legal processes and timely notification of next-of-kin and/or sponsor or authorized representative, if any. Each Long-term Care Facility shall establish a policy for handling patients who wish to leave the facility against medical advice. The basis for the transfer or discharge must be documented in the resident’s clinical record. In the cases described in the clauses (a) 1. and (a)2., the documentation must be made by the resident’s physician, and in the case described in clause (a)4., the documentation must be made by a physician. For purposes of clause (a)5., in the case of a resident who becomes eligible for assistance under Title XIX after admission to the facility, only charges which may be imposed under Title XIX shall be considered to be allowable.

When a patient is transferred, a summary of treatment given at the facility, condition of patient at time of transfer and date and place to which transferred shall be entered in the record. If transfer is due to an emergency, this information will be recorded within forty-eight (48) hours; otherwise, it will precede the transfer of the patient.

When a patient is transferred, a copy of the clinical summary should, with consent of the patient, be sent to the Long-term Care Facility that will continue the care of the patient.

Where an involuntary transfer is proposed, in addition to any other relevant factors, the following factors shall be taken into account:

(i) The traumatic effect on the patient.

(ii) The proximity of the proposed Long-term Care Facility to the present facility and to the family and friends of the patient.

(iii) The availability of necessary medical and social services at the proposed Long-term Care Facility.

(iv) Compliance by the proposed Long-term Care Facility with all applicable Federal and State regulations.

(b) Pre-Transfer and Pre-Discharge Notice — Before effecting a transfer or discharge of a resident, a Long-term Care Facility must:

1. Notify the resident (and, if known, a family member of the resident or legal representative) of the transfer or discharge and the reasons therefore.

2. Record the reasons in the resident’s clinical record (including any documentation required pursuant to (a) above) and include in the notice the items described in (d) below.
3. Notify the Department and the long-term care Ombudsman.

4. Not transfer or discharge a resident until the above agencies have designated their intention to intervene and until any appeal process is complete, should the resident request a fair hearing.

(c) Timing of Notice - The notice under (b) must be made at least thirty (30) days in advance of the resident's transfer or discharge except:

1. In a case described in (a)3. or (a)4. above.

2. In a case described in (a)2. where the resident's health improves sufficiently to allow a more immediate transfer or discharge.

3. In a case described in (a)1. where a more immediate transfer or discharge is necessitated by the resident's urgent medical needs.

4. In a case where a resident has not resided in the facility for thirty (30) days.

In the case of such exceptions, notice must be given as many days before the date of transfer or discharge as is practicable.

(d) Items included in notice - Each pre-transfer and pre-discharge notice under (b) must include:

1. For transfers or discharges effected on or after October 1, 1990, notice of the resident's right to appeal the transfer or discharge.

2. The name, mailing address, and telephone number of the long-term care ombudsman.

3. In the case of residents with developmental disabilities, the mailing address and telephone number of the agency responsible for the protection and advocacy system for developmentally disabled individuals.

4. In the case of mentally ill residents, the mailing address and telephone number of the agency responsible for the protection and advocacy system for mentally ill individuals established under the Protection and Advocacy for Mentally Ill Individuals Act.

(e) Orientation - A Long-term Care Facility must provide sufficient preparation and orientation to residents to ensure safe and orderly transfer or discharge from the facility.

Level 1 NF residents meet the criteria formerly required for participation at the Intermediate Care Facility level of care, while Level 2 NF residents meet the criteria formerly required for participation at the Skilled Nursing Facility level of care. Medicaid will provide Level 2 NF reimbursement only for beds that are certified for both Medicaid and Medicare for the provision of nursing facility care.

(20) (a) No change of ownership or controlling interest of an existing Medicaid provider, including but not limited to: hospitals, nursing home facilities, home health agencies, and pharmacies, can occur until monies as may be owed to Medicaid are provided for. The purchaser shall notify Medicaid of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to Medicaid for one (1) year from the date of purchase or for one (1) year following Medicaid’s receipt of the provider’s Medicare final notice of program reimbursement, whichever is later. (21) Long-term Care Facilities shall require that all solid, oral dosage forms of medications intended for consumption by Tennessee Medicaid/TennCare patients, residing in such facilities, be provided in unit-dose packaging.
(Rule 1200-13-01-.05, continued)

(b) A unit dose distribution system shall provide no more than a seven day supply of medication(s) to each patient and shall have the ability to bill only for medications after they have been consumed.

(22) The Tennessee Bureau of Medicaid and the Tennessee Department of Mental Health and Mental Retardation are jointly responsible for certifying community mental health providers for participation in the Medicaid Program's Clinic Services option. (c) As used in this rule, the services or benefits provided by a Nursing Facility shall be deemed to include any service, or benefit provided in or through a facility participating in this program.

CHAPTER 1200-13-01

(Rule 1200-13-01-.06, continued)

2. The name of the contact person or designated representative other than the applicant (if any).

3. The address of the applicant and the contact person or designated representative (if any).

4. The telephone number of the applicant and the contact person or designated representative (if any).

5. The name of the person or agency referring the applicant to the Nursing Facility.

Following three (3) contacts each separated by a period of at least ten (10) days, the Nursing Facility shall, consistent with the written notice required in this section move an applicant to the end of the single admission list whenever an available bed is not accepted at the time of the vacancy, but the applicant wishes to remain on the admissions list. Applicants shall be advised of these policies at the time of their inquiry, and must be notified in writing, in a format approved by the Department of Health, when their name is removed from the list or moved to the end of the list. Such contacts shall be documented in the facility log containing the wait list. (e) Documentation justifying deviation from the order of the wait list must be maintained for inspection by the State. Inspection shall include the right to review and/or make copies of these records. Deviation may be based upon:

1. Medical need, including, but not necessarily limited to, the expedited admission of patients being discharged from hospitals and patients who previously resided in a Nursing Facility at a different level of care, but who, in both cases, continue to require institutional medical services;

2. The applicant's sex, if the available bed is in a room or a part of the facility that exclusively serves residents of the opposite sex;

3. Necessity to implement the provisions of a plan of affirmative action to admit racial minorities, if the plan has previously been approved by the Department of Health;

4. Emergency placements requested by the Department when evacuating another health care facility or by the Adult Protective Service of the Tennessee Department of Human Services;

Other reasons or policies, e.g., previous participation in a community based waiver or other alternative care program, when approved by the Medical Director of the Department of Health's Bureau of Health Licensure and Regulation, provided, however, that no such approval shall be granted if to do so would in any way impair the Department's or the facility's ability to comply with its obligations under federal and state civil rights laws, regulations or conditions of licensure or participation.

6. If a Medicaid-eligible recipient's hospitalization or therapeutic leave exceeds the period paid for under the Tennessee Medicaid program for the holding of a bed in the facility for the resident and if the resident continues to require the services provided by the Nursing Facility, then the resident must be readmitted to the facility immediately upon the first availability of a bed in the facility, consistent with part 2. above;

7. Where, with the participation and approval of the Department of Health, expedited admission is approved for residents who are being displaced from another facility or its waiting list as a result of that facility's withdrawal from the Medicaid program.

(f) Telephone requests to be placed on the wait list shall be accepted. The information required in subparagraph (a) of this rule shall be documented.
(g) If an applicant, whether on his or her own behalf or acting through another, requests admission or to be placed on a list of applicants awaiting admission, the information on the waiting list must be recorded and preserved.

(h) Applicants (or their representative), ombudsmen and appropriate state and federal personnel shall have access to the wait list when requested. Such access shall include the right to review and/or copy the wait list, and to be informed by telephone of their position on the wait list.

(i) Any referrals received from the Tennessee Department of Human Services shall be handled in the following manner.

1. Applicants shall be placed on a wait list without formal application until such facility is within sixty (60) days of admission to the facility based on experience.

2. When the applicant is within sixty (60) days of admission to the facility as estimated by the facility based on its experience, the facility shall notify the applicant and the Department of Human Services in writing so that a formal application can be made prior to consideration for admittance.

3. If, after sixty (60) days from the date notification is issued, the facility has not received a completed application then the facility may remove the applicant's name from the wait list.

(4) Physician visits.

(a) Nursing Facilities are responsible for assuring that physician visits are made according to the schedule set out at 42 C.F.R. § 483.40.

To meet the requirement for a physician visit, the physician must, at the time of the visit,

1. See the patient; and

2. Review the patient’s total program of care, including treatments; and

3. Verify that the patient continues to need the designated level of nursing facility care and document it in the progress notes or orders; and

4. Write, sign, and date progress notes; and

5. Sign all orders.
At the option of the physician, required visits after the initial visit may alternate between visits by a physician and visits by a physician assistant or nurse practitioner working under the physician's delegation.

A physician visit will be considered to be timely if it occurs not later than 10 days after the date of the required visit. Failure of the visit to be made timely will result in non-payment of claims, or a recoupment of all amounts paid by TennCare or the MCO during the time that the physician visit has lapsed.

(b) Nursing Facilities are responsible for assuring that the physician verify at the time of each physician's visit the Medicaid recipient's continued need for Nursing Facility level of care and whether or not he is being served at the appropriate level of care.

1. Failure to obtain the verification at the time of the scheduled physician visit may result in a recoupment of all amounts paid by TennCare or the MCO during the time that the verification/physician visit has lapsed.

2. If such a recoupment is made, the participating facility shall not:
   
   (i) Attempt to recoup from the resident; or
   
   (ii) Discharge the resident based on the recoupment.

3. In cases where the physician refused to make the required verification because the physician believes that the level of care is no longer appropriate, a new resident assessment must be completed by the Nursing Facility.

5. Termination of Nursing Facility provider agreements.

(a) Facilities requesting voluntary termination of provider agreements shall comply with the following:

1. Facilities which choose to voluntarily terminate their provider agreements may do so by notifying TennCare or the MCO in writing of such intent. The effective date of the termination will be determined by TennCare consistent with the terms of the TennCare Provider Agreement then in force between TennCare or the MCO and the facility.

2. The facility will not be entitled to payment for any additional or newly admitted TennCare eligible residents from the date of the facility's notice of withdrawal from the TennCare program. The facility may, however, at its election, continue to receive TennCare payment for those individuals who resided in the facility on the date of such notice, so long as they continue to reside in and receive services from the facility and provided
that such individuals are TennCare-eligible during the period for which reimbursement is sought. The facility's right to continue to receive TennCare payments for such individuals following the date of its notice of intent to withdraw from the TennCare program is contingent upon:

(i) The facility's compliance with all requirements for TennCare participation; and

(ii) Its agreement to continue to serve, and accept TennCare payment for, on a non-discriminatory basis, all individuals residing in the facility on the date of notification of withdrawal, who are or become TennCare eligible.

3. The notification must provide the following information:

(i) The reason(s) for voluntary termination;

(ii) The names and TennCare identification number of all TennCare-eligible residents;

(iii) Name of the resident and name of the contact person for the resident (if any) for residents with an application for TennCare eligibility pending;

(iv) A copy of the letter the facility will send to each resident informing them of the voluntary termination, and a copy of the letter to be sent to all TennCare-eligible residents regarding this action;

(v) A copy of the letter sent to all applicants on the wait list informing them of the facility's voluntary termination; and

(vi) Whether or not the facility intends to continue to provide services to non-TennCare residents who were residents of the facility on the date withdrawal was approved, in the event they convert to TennCare eligibility; and a copy of the notice to residents explaining that decision; and,

(vii) Other information determined by TennCare or the MCOs as necessary to process the request for termination.

4. The termination of the provider's involvement in TennCare must be done in such a manner as to minimize the harm to current residents.

(i) Residents who are currently TennCare-eligible shall be informed, in a notice to be provided by the facility and approved by TennCare, the facility has elected to withdraw from the TennCare program. If
the facility has elected under subpart (ii) of the section to continue to receive TennCare payments for residents of the facility as of the date of notice of withdrawal from the TennCare program, the notice shall inform the resident of the right to remain in the facility as a TennCare patient as long as they wish to do so and remain otherwise eligible under the rules of the TennCare Program. The notice shall also inform the resident that, if they wish to transfer to another facility, under the supervision of TennCare, the Nursing Facility where they now reside will assist in locating a new placement and providing orientation and preparation for the transfer, in accordance with 42 U.S.C. §1396r(c)(2)(B) and implementing regulations and guidelines, if any.

(ii) All other residents of the facility shall receive a separate notice informing them of the facility's intention to withdraw from the TennCare program. The notice will be provided by the facility after having been first reviewed and approved by TennCare. The notice shall inform such residents that, should they become eligible for TennCare coverage, they will be able to convert to TennCare from their current source of payment and remain in the facility only during a period that ends with the termination of the facility's provider agreement, a date to be determined in accordance with the terms of the provider agreement. They will not be eligible for TennCare coverage of their care in the facility thereafter. Transfer of these residents shall be considered an involuntary transfer and shall comply with federal and state regulations governing involuntary transfer or discharges.

The same notice will caution these residents that, if they require care as TennCare patients after the facility's provider agreement is terminated, they will have to transfer to another facility. The notice will also inform the residents that, when their present facility is no longer participating in the TennCare program, certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare facilities will no longer be available to those who remain in the Nursing Facility. Readers of the notice will be informed that, if they wish to transfer, or to have their names placed on wait lists at other facilities, the facility that is withdrawing from the program will assist them by providing preparation and orientation under the supervision of TennCare, as required by 42 U.S.C. § 1396r(c)(2)(B) and implementing regulations and guidelines, if any.

(iii) Applicants whose names are on the facility's wait list will be notified by the facility on a form that has been reviewed and approved by TennCare that the facility intends to withdraw from the TennCare...
They will be cautioned that they will not be able to obtain TennCare coverage for any care that they receive in the facility. The notice shall also inform them that certain legal rights and protections that apply to all residents (regardless of source of payment) in TennCare participating facilities will not be available in the Nursing Facility to which they have applied, once that facility has withdrawn from the TennCare program.

Applicants will be informed in the notice that, if they wish to make application at other facilities, the withdrawing facility, under the supervision of TennCare, shall assist them in seeking placement elsewhere.

5. Following submission of a notice of withdrawal from the TennCare program a facility cannot opt to receive continued TennCare payments for any resident unless it agrees to accept continual TennCare payment for all individuals who are residents on the date of the notice of withdrawal, and who are or become TennCare-eligible provided, however, that TennCare or the enrollee’s MCO will pay the facility for all covered services actually provided to TennCare-eligible residents following notice of the facility’s withdrawal and pending the resident’s transfer or discharge. In instances where facilities elect to continue to receive such TennCare payments, their provider agreements will remain in effect until the last TennCare-eligible individual, who resided in the facility as of the date of notification of withdrawal, has been discharged or transferred from the facility in accordance with TennCare and state licensure requirements.

6. Facilities which terminate their provider agreement shall not be permitted to participate in TennCare for a period of at least two years from the date the provider agreement is terminated.

7. Unless the facility notifies TennCare within thirty (30) days after giving a notice of termination, the facility may not stop the termination procedure consistent with this order without written approval from TennCare.

(b) Nursing Facilities may be involuntarily decertified by the Tennessee Department of Health’s Division of Health Care Facilities because of their failure to comply with the provisions of these rules. Facilities that are involuntarily decertified shall not be permitted to participate in the Medicaid program for a minimum of five (5) years from the date of the decertification.

(4) An Emergency Medical Technician’s or physician’s certification of emergency is required for reimbursement of emergency ambulance service.
(Rule 1200-13-01-.06, continued)

(2)—(a) All claims must be filed within one (1) year of the date of service except in the following circumstances:

1. Recipient eligibility was determined retroactively to the extent that filing within one (1) year was not possible. In such situations, claims must be filed within one year after final determination of eligibility.

2. The claim was filed with Medicare on a timely basis and if the claim was not automatically crossed over from the Medicare carrier to the Medicaid fiscal agent, was followed up with a Medicaid claim within six (6) months of notification from Medicare, of payment or denial.

(b) Should an original claim be denied, any resubmission or follow-up of the initial claim must be received within six (6) months from the original date. Medicaid will not process submissions received after the six (6) month time limit. The one exception is those claims returned due to available third party coverage. These claims must be submitted within sixty (60) days of notice from the third party provider.

(c) Should a correction document involving a pended claim be sent to the provider, the claim will be denied if the correction document is not completed by the provider and returned to the Fiscal Agent within 90 days from the date on the document.

(d) If claim is not filed within the above time frames no reimbursement may be made.

(e) Claims will be paid on a first claim approved—first claim paid basis.

(f) Medicaid will not reimburse providers for services for which there is no Federal financial participation.

(g) If medically necessary, Medicaid services are provided to a person whose disability application is pending beyond the time limits as set out in applicable state or federal regulations or in appeal. Once eligibility is established, the provider may request Medicaid reimbursement within one year after the final determination of eligibility and refund the amount paid by the recipient. Medicaid reimbursement shall be in accordance with the rules of the Tennessee Department of Health and Environment, Bureau of Medicaid.

(h) If medically necessary, Medicaid covered services are provided to a person whose disability application is pending beyond the time limits as set out in applicable state or federal regulations or in appeal. Once eligibility is established, if the provider refuses to request Medicaid reimbursement, the recipient may seek Medicaid reimbursement directly by submitting documentation sufficient to determine the type of service, date of service, the amount paid for the service, and necessity for the service. Claims must be filed within one year after the final determination of eligibility. Medicaid
reimbursement to the recipient shall not exceed the amount that would be paid

to the provider, pursuant to subparagraph (g) above.

(i)-(k) Reserved.

(l) When a provider was originally paid within a retrospective payment system that

is subject to regular adjustments and the provider disputes the proposed

adjustment action, the provider must file with the Department not later than

thirty (30) days after receipt of the notice informing the provider of the proposed

adjustment action, a request for hearing. The provider's right to a hearing shall

be deemed waived if a hearing is not requested within thirty (30) days after

receipt of the notice.

(3) Level II Nursing Facilities

(a) A Level II Nursing Facility will be reimbursed on the lowest of the following:

1. Allowable costs;

2. Allowable charges;

3. An amount representing the reimbursable cost of the 65th percentile of all

   such facilities or beds, whichever is lower, participating in the Level II

   Medicaid nursing facility program. In determining the 65th percentile for

   purposes of this subsection, each provider's most recently filed and

   reviewed cost report shall be inflated from the mid-point of the provider's

   cost reporting period to the mid-point of the state's payment period. The

   trending factor shall be computed for facilities that have submitted cost

   reports covering at least six months of program operations. For facilities

   that have submitted cost reports covering at least three full years of

   program participation, the trending factor shall be the average cost

   increase over the three-year period, limited to the 75th percentile trending

   factor of facilities participating for at least three years. Negative averages

   shall be considered zero. For facilities that have not completed three full

   years in the program, the one-year trending factor shall be the 50th

   percentile trending factor of facilities participating in the program for at

   least three years. For facilities that have failed to file timely cost reports,

   the trending factor shall be zero.

4. A prospective amount representing the reimbursable cost of the 65th

   percentile of facilities or beds, whichever is lower, participating in the

   nursing facility Level II Program. In determining the 65th percentile

   ceiling for purposes of this sub-section, operating costs from each

   provider's most recently filed and reviewed cost report will be inflated

   from the mid-point of the provider's cost reporting period to the mid-point

   of the state's payment period. The inflation factor shall be as described in

   3. above. Capital-related costs are not subject to indexing. Operating

   and capital-related costs are as specified on Worksheet B of the

   Medicare skilled nursing facility cost report form. Budgeted cost reports

   receive no inflation allowance; or
5. For State Fiscal Year 1997-98, the budgeted amount for level I and level II care of $672,040,000. For State Fiscal Year 1998-99, the budgeted amount for level I and level II care of $705,642,000. For State Fiscal Year 1999-2000 and subsequent years, a proportional share of expenditures not to exceed the amount budgeted by the State for nursing facility reimbursement. Expenditures will be monitored throughout each year to determine if rate adjustments are necessary to assure that each level of care is within the budgeted amount.

To assure the proper application of limit 5. above, the Comptroller's Office shall be authorized to adjust per-diem rates up or down as necessary during the year.

The cost report closing date for determination of the Level II 65th percentile shall be the first working day of the month preceding the month in which the recomputed 65th percentile is effective. All clean-cost reports received by the Comptroller's Office on or before the closing date shall be included in the determination of the 65th percentile. A clean-cost report is one upon which rates may be set without additional communication from the provider. Home office cost reports must be filed before any individual nursing home cost reports included in a chain can be processed.

The annual nursing facility tax will be passed through as an allowable cost, but will be excluded for purposes of computing the inflation allowance and cost-containment incentive. The nursing home tax will not be subject to the 65th percentile limits but is subject to the limit specified in rule 1200-13-01-.06(3)(a)5.

Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next ceiling-redetermination except for audit adjustments, correction of errors, or termination of a budgeted rate, or as necessary to comply with rule 1200-13-01-.06(3)(a)5.

If the patient has no available resources to apply toward payment, the payment made by the state is the lower of per-diem cost, charges, or the 65th percentile of beds or facilities, whichever is lower, participating in the Medicaid Program. Cost is determined on a facility-by-facility basis.

(b) Medicare Part B charges are non-allowable in calculating Medicaid Level II nursing facility reimbursement.

(c) Effective on the approved effective date of the State Plan Amendment approved by the Centers for Medicare and Medicaid Services for certified public expenditures, and subject to the availability of funds, certifying public facilities will be reimbursed based on Medicaid Level II allowable costs, plus the bed-tax pass-through.
1. An interim Medicaid Level II per diem rate will be established for each certifying public facility as provided in paragraph (3)(a) above. In addition to the interim Medicaid Level II per diem rate, eligible certifying public facilities will receive supplemental payments from a pool of funds determined by the state, subject to the availability of funds. The supplemental payment will be added to the certifying public facility's interim Medicaid Level II per diem rate and will not exceed the difference between the interim Medicaid Level II per diem rate and the facility's per patient day Medicaid Level II allowable costs, plus the bed tax pass through, during the payment period as determined by the Comptrollers Office.

2. After the Medicaid Nursing Facility Level II cost report covering the payment period has been reviewed by the Comptrollers Office, the amount paid to the certifying public facility through the interim Medicaid Level II per diem rate will be reconciled to the facility's actual Medicaid Level II allowable costs, plus the bed tax pass through. The difference between the final Medicaid Level II allowable costs, plus the bed tax pass through, and the amount paid to the facility through the interim Medicaid Level II per diem rate will be reflected in an adjustment to claims paid during the payment period.

3. Certifying public facilities with an interim Medicaid Level II per diem rate that is less than the Medicaid Level II rate ceiling in effect during the payment period will not be eligible for supplemental payments and will not be subject to claim adjustments as described in part 2. above.

4. Level I Nursing Facilities

(a) A Level I Nursing Facility will be reimbursed on the lowest of the following:

1. Allowable cost;

2. Allowable charges;

3. An amount representing the 65th percentile of all such facilities or beds, whichever is lower, participating in the Level I Medicaid nursing facility program. In determining the 65th percentile for purposes of this subsection, each provider's most recently filed and reviewed cost report shall be inflated from the mid-point of the provider's cost reporting period to the mid-point of the state's payment period. The trending factor shall be computed for facilities that have submitted cost reports covering at least six months of program operations. For facilities that have submitted cost reports covering at least three full years of program participation, the trending factor shall be the average cost increase over the three-year period, limited to the 75th percentile trending factor of facilities participating for at least three years. Negative averages shall be considered zero. For facilities that have not completed three full years in the program, the one-year trending factor shall be the 60th percentile trending factor of facilities participating in the program for at least three years.
years. For facilities that have failed to file timely cost reports, the trending factor shall be zero.

4. An amount representing the reimbursable cost of the 65th percentile of facilities or beds, whichever is lower, participating in the nursing facility Level I Program. In determining the 65th percentile ceiling for purposes of this sub-section, operating costs from each provider's most recently filed and reviewed cost report will be inflated from the mid-point of the provider's cost reporting period to the mid-point of the state's payment period. The inflation factor shall be as described in 3. above. Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. No inflation factor will be allowed for providers not filing timely cost reports. For providers in the program less than three years, the inflation factor shall be the 50th percentile of allowable inflation factors for providers participating in the program for at least three years. Budgeted cost reports receive no inflation allowance; or

5. For State Fiscal Year 1997-98, the budgeted amount for level I and level II care of $672,040,000. For State Fiscal Year 1998-99, the budgeted amount for level I and level II care of $705,642,000. For State Fiscal Year 1999-2000 and subsequent years, a proportional share of expenditures not to exceed the amount budgeted by the State for nursing facility reimbursement. Expenditures will be monitored throughout each year to determine if rate adjustments are necessary to assure that each level of care is within the budgeted amount.

To assure the proper application of limit 5. above, the Comptroller's Office shall be authorized to adjust per-diem rates up or down as necessary during the year.

The annual nursing facility tax will be passed through as an allowable cost, but will be excluded for purposes of computing the inflation allowance and cost-containment incentive. The nursing home tax will not be subject to the 65th percentile limits but is subject to the limit specified in rule 1200-13-01-.06(4)(a)5.

If the patient has no available resources to apply toward payment, the payment made by the state is the lower of per-diem cost, charges, or the 65th percentile of all such facilities or beds participating in the Medicaid Program, whichever is less. Cost is determined on a facility-by-facility basis.

The cost report closing date for determination of the Level I 65th percentile shall be the first working day of the month preceding the month in which the recomputed 65th percentile is effective. All clean cost reports received by the Comptroller's Office on or before the closing date shall be included in the determination of the 66th percentile ceiling. A clean cost report is
(Rule 1200-13-01-.06, continued)

one upon which rates may be set without additional communication from the provider. Home office cost reports must be filed before any individual nursing home cost reports included in a chain can be processed.

(b) A Level 1 nursing facility (NF) shall be reimbursed in accordance with this paragraph for the recipient's bed in that facility during the recipient's temporary absence from that facility in accordance with the following:

1. Effective October 1, 2005, reimbursement will be made for up to a total of 10 days per state fiscal year while the resident is hospitalized or absent from the facility on therapeutic leave. The following conditions must be met in order for a bed hold reimbursement to be made under this provision:

(i) The resident intends to return to the NF.

(ii) For hospital leave days:

(I) Each period of hospitalization is physician ordered and so documented in the patient's medical record in the NF; and

(II) The hospital provides a discharge plan for the resident.

(iii) Therapeutic leave days, when the resident is absent from the facility on a therapeutic home visit or other therapeutic absence, are provided pursuant to a physician's order.

(iv) At least 85% of all other beds in the NF are occupied at the time of the hospital admission or therapeutic absence.

(c) Costs for supplies and other items billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the nursing facility cost report.

(d) Once a per diem rate is determined from a clean cost report, the rate will not be changed until the next ceiling redetermination except for audit adjustments, correction of errors, or termination of a budgeted rate, or as necessary to comply with rule 1200-13-01-.06(4)(a)5.

(e) Effective on the approved effective date of the State Plan Amendment approved by the Centers for Medicare and Medicaid Services through the termination date of the amendment for certified public expenditures, and subject to the availability of funds, certifying public facilities will be reimbursed based on Medicaid Level I allowable costs, plus the bed tax pass through:

1. An interim Medicaid Level I per diem rate will be established for each certifying public facility as provided in paragraph (4)(a) above. In addition to the interim Medicaid Level I per diem rate, eligible certifying public facilities will receive supplemental payments from a pool of funds determined by the state, subject to the availability of funds.
supplemental payment will be added to the certifying public facility's interim Medicaid Level I per diem rate and will not exceed the difference between the interim Medicaid Level I per diem rate and the facility's per patient day Medicaid Level I allowable costs, plus the bed tax pass through, during the payment period as determined by the Comptrollers Office.

2. After the Medicaid Nursing Facility Level I cost report covering the payment period has been reviewed by the Comptrollers Office, the amount paid to the certifying public facility through the interim Medicaid Level I per diem rate will be reconciled to the facility's actual Medicaid Level I allowable costs, plus the bed tax pass through. The difference between the final Medicaid Level I allowable costs, plus the bed tax pass through, and the amount paid to the facility through the interim Medicaid Level I per diem rate will be reflected in an adjustment to claims paid during the payment period.

3. Certifying public facilities with an interim Medicaid Level I per diem rate that is less than the Medicaid Level I rate ceiling in effect during the payment period will not be eligible for supplemental payments and will not be subject to claim adjustments as described in part 2. above.

(5) Outpatient service other than ambulance service shall be paid in accordance with Medicare principles of cost reimbursement as set out in the Medicare provider reimbursement manual in effect on October 1, 1982, except that the lower of cost or charges determination will be made separately and without consideration of inpatient cost or charges. Ambulance service shall be paid in accordance with 1200-13-01-.06(15).

(6) Independent Laboratory and X-Ray.

(a) Independent Laboratory—Reimbursement is the lesser of billed charges or 60% of the Medicare Statewide Area Prevailing Rate for all procedures restricted by the Consolidated Omnibus Budget Reconciliation Act of 1985. Procedures not restricted by the Consolidated Omnibus Budget Reconciliation Act of 1985 are reimbursed the lesser of billed charges, 85% of the Statewide Area Prevailing 75th Percentile amount. All laboratory procedures will be reimbursed at the lesser of the rate in effect June 30, 1988 or the cap rate established by the Consolidated Omnibus Budget Reconciliation Act of 1985.

(b) X-Ray

1. Reimbursement is not to exceed the lesser of:

   (i) 100% of billed charges, or

   (ii) 85% of the usual and customary charges at the 50th percentile, or

   (iii) 85% of the statewide area prevailing charges at the 75th percentile, or
(iv) 100% of a statewide x-ray fee schedule, established where usual and customary charges and area prevailing charges do not exist.

2. Payment for any of the above will not exceed the amount that would have been paid on June 30, 1988.

(7) Early Periodic Screening, Diagnosis and Treatment. Payment to EPSD & T screening providers will be made as provided for in this paragraph.

(b) Reimbursement for laboratory services and treatment services resulting from the EPSD & T screening will be made in accordance with reimbursements established in this rule for the providers who furnish such services.

(c) Reimbursement for immunizations will be the average wholesale price of the vaccine, as established in the most recent edition of the Red Book Drug Topics, plus a $2.00 administration fee.

(8) Medicaid will reimburse qualified providers for the following family planning services:

(a) Complete Physical. The patient receives, but is not limited to, the following list of required medical services: pap smear, pelvic exam, breast exam, heart/lung, thyroid, abdomen, extremities, urinalysis, blood pressure check, hematocrit/hemoglobin, and gonorrhea culture. During the complete physical the health care practitioner will advise the patient on types of suitable contraceptive methods available, and the patient is free to choose the contraceptive method to be used if not medically contraindicated. Reimbursement for a complete physical will be made pursuant to the terms of the participation agreement.

(b) I.U.D./Diaphragm Visit. An I.U.D. insertion or diaphragm fitting done at a time other than the complete physical exam. Reimbursement for an I.U.D./Diaphragm visit will be made pursuant to the terms of the participation agreement.

(c) Medical Visit. Patient receives one or more medical services which requires being placed on the table (breast exam, pelvic exam, pap smear, heart/lung evaluation, wet smear, biopsy, gonorrhea culture, other physical exam which includes diaphragm check, and/or I.U.D. string check and any contraceptive...
and/or therapeutic supplies associated with the visit). Reimbursement for a medical visit will be made pursuant to the terms of the participation agreement.

(d) Supply Visit - Patient receives a contraceptive supply accompanied by appropriate tests, but does not receive an examination and patient is not placed upon the examination table. Reimbursement for a supply visit will be made pursuant to the terms of the participation agreement.

(e) Pregnancy Test Visit - Patient receives a pregnancy test only and does not receive any other services. Reimbursement for a pregnancy test will be made pursuant to the terms of the participation agreement.

(f) Other Visit - Patient receives services in the clinic, and the services do not fall in one of the above categories. An “Other Visit” includes: counseling, hematocrit/hemoglobin check, blood pressure check, and/or urinalysis. Reimbursement for other visits will be made pursuant to the terms of the participation agreement.

(9) Physician services payment is not to exceed the lesser of the billed amount, 85% of the usual and customary charges accumulated by each individual physician, or 85% of the 75th percentile of the range of weighted customary charges by physicians in the State (Physicians profile) for the 1984 calendar year. Physician service reimbursement shall not exceed the amount in effect June 30, 1988. Effective December 1, 1990, physician services provided to children under age 21 in excess of the 24 office visit limit, the 20 hospital visit limit or hospital visit limits for approved organ transplants will be reimbursed at 60% of what would otherwise be reimbursed. No reduction in reimbursement for physician office or hospital visits will be made when provided to a pregnant recipient or when the visit is provided to a recipient under age 21 as a result of an EPSD&T screening.

(10) Home Health Care Services - Payment is based on the lesser of:

(a) Billed charges, or

(b) Reasonable cost according to Medicare principles of reimbursement and limits, or

(c) The median statewide cost per visit for each home health care service as determined each July 1. Each provider's most recent cost report on file as of April 1 of each year will be included in the determination of the median. Costs per visit will be trended from the midpoint of the providers cost reporting period to the midpoint of the state's fiscal year using the forecasted percent increase in the home health agency market basket as published in the federal register.

Emergency admissions are those resulting from sudden onset of a medical condition manifesting itself by acute symptoms of such severity that the absence of immediate medical attention could reasonably be expected to result in serious dysfunction of any bodily organ/part or death of the individual. Urgent admissions are those resulting from sudden and unexpected onset of a medical condition requiring treatment immediately after onset or within 72 hours.

(v) Approval for transfers from one acute care hospital to another or from a psychiatric hospital to an acute care hospital shall be obtained from Medicaid within two (2) working days of admission.

5. All reimbursements are made within the limitations of the Medicaid Program. If approval for inpatient hospitalization is denied, Medicaid reimbursement is available only if covered services are provided in an outpatient setting.

6. Approval of the admission does not constitute approval of the length of confinement nor guarantee payment of hospital charges. All other applicable Medicaid requirements must be met for payment to be made.

7. Failure to Request Pre-Admission Approval.

(i) If approval prior to admission is not obtained for elective admissions, the recipient must not be billed for any cost associated with the hospitalization that could have been covered by Medicaid if approval had been obtained.

(ii) If approval is not obtained from Medicaid within two (2) working days of admission for emergency admissions or within two (2) working days of transfer from one acute care hospital to another or from a psychiatric hospital to an acute care hospital, the recipient must not be billed for any cost associated with the hospitalization that could have been covered by Medicaid if approval had been obtained.

(ii) If, after the request for approval is denied, the recipient is admitted
to the hospital for an elective admission, the recipient may be billed
for any cost associated with the hospitalization.

(iii) If the request for approval involving a suspected emergency or a
transfer from one facility to another is denied, the recipient may not
be billed for any cost associated with the hospitalization that could
have been covered by Medicaid if approval had been obtained
through the date of denial. However, any cost associated with the
hospitalization after the date of verbal denial may be billed to the
recipient.

(i) Immediately following verbal denial of the request for pre-admission
authorization, the recipient and provider will be notified in writing of
the decision.

(ii) The notification will contain specific rights to appeal the decision, the
procedures to effect the appeal, and the time periods for exercising
the rights set out in the notice. Additionally, the recipient and
provider will be notified of the right to:

first, an informal reconsideration conducted by two physicians who
have had no previous involvement with the case and at least one of
whom is board-certified or board-eligible in the type of care that is
proposed. The case shall be reconsidered within three (3) working
days after receipt of the written request for reconsideration and
written notice of the decision shall be sent to the recipient and the
provider. If the reconsideration denies the request for pre-
admission approval, the recipient must be notified in writing of the
right to appeal this decision through a formal contested case
hearing before the Department of Health, pursuant to T.C.A. §71-5-
113.

(X) Non-Elective Admission—Admission which involves an emergency, or involves transfer from one hospital to another.

(XI) Pre-Approval Certification Review—The review and approval process which assures that ambulatory care resources available in the community do not meet the needs of the recipient; that proper treatment of the recipient’s psychiatric and/or alcohol and drug condition requires services on an acute inpatient basis under the direction of a physician; and that upon admission acute psychiatric and/or alcohol and drug services can reasonably be expected to improve the recipient’s condition or prevent further regression so that such services will no longer be needed.

(XII) Telephone Review—A pre-approval certification review or concurrent review in which a recipient’s case is reviewed over the telephone.

In cases that require additional days for detoxification, there must be documentation by a physician which substantiates that a longer period of acute care is medically necessary. Medicaid will make reimbursement for alcohol and drug detoxification for a maximum of 10 days.

II. Physician progress notes on the patient must be made daily.

(III) Treatment

I. Concurrent reviews will be performed by the Department or the Department's contractor at intervals of no greater than 10 days.

(III) In any contested case proceeding the opinions of the certifying physician of the patient concerning the necessity of acute inpatient psychiatric and/or alcohol and drug care for the patient shall not automatically be of controlling weight but such opinions are to be properly weighed against all other evidence.

(xi) Continuation of Services

(I) If after the receiving notice of the denial of continued stay, the recipient requests a hearing within fifteen (15) days of the notice and before the date of discharge, Medicaid may not terminate or reduce services until a decision is rendered after the hearing.
GENERAL RULES

Chapter 1200-13-01

(Rule 1200-13-01-.06, continued)

(II) If the decision is sustained by the hearing, Medicaid may institute recovery procedures against the facility to recoup the cost of any services furnished the recipient, to the extent they were furnished solely by reason of this section.

(f) Medicaid shall provide reimbursement for any medically necessary organ transplant procedure which is not considered experimental by the National Institutes of Health and the Tennessee Department of Health. Experimental, for the purposes of this rule shall mean those transplants and/or procedures which are not considered reasonable and necessary and which have not been approved by the Health Care Financing Administration and as published in the Federal Register.

1. Medicaid coverage shall be limited to the following transplant procedures:

(i) Renal transplants
(ii) Heart transplants
(iii) Liver transplants
(iv) Corneal transplants
(v) Bone Marrow transplants

Exceptions to the above list of transplants may be made for other non-experimental transplants if it is found to be medically necessary and cost effective as determined by Medicaid. The allowable inpatient days will be the average length of stay for that transplant.

2. Medicaid coverage for heart, liver and bone marrow transplants, shall be limited to the number of inpatient hospital days listed below for each procedure. Inpatient hospital days associated with these approved organ transplants will be reimbursed at 100 percent of the operating component plus 100 percent of the capital, direct and indirect education, return on equity (for proprietor, providers only), and Medicaid Disproportionate Share Adjustment components. Admissions and stay that span fiscal years will be reimbursed as if the entire stay had occurred during the first fiscal year. In accordance with federal regulations at 42 CFR 413.167, effective October 1, 1989, Tennessee Medicaid will no longer cover return on equity.

4. Reimbursement shall be provided for organ transplants only to the extent that the services provided do not exceed the reimbursement and service limitations as outlined in chapter 1200-13 of the Medicaid Rules.

(i) Section 1862 of the Social Security Act requires Medicare recipients to have transplant procedures performed in Medicare-certified transplant centers. In accordance with this policy, Medicare/Medicaid recipients will be required to adhere to these requirements. Transplants may be approved at centers other than those approved by Medicare for recipients with Medicaid only. Reimbursement shall be limited to the Medicare applied inpatient deductible methods in accordance with current pricing methodologies as outlined in rule 1200-13-01-.07(2).

(ii) Transplant procedures performed in hospitals that are located out-of-state and outside the medical marketing area shall be subject to the Medicaid out-of-state reimbursement requirements as set forth in rule 1200-13-01-.03(2) and 1200-13-05-.07(2).

(g) Medicaid will not provide reimbursement for a leave of absence from an acute care or psychiatric hospital. A leave of absence for the purposes of this rule shall mean the approved absence from an acute care or psychiatric hospital that has been granted to a patient by the staff in accordance with the rules and regulations of that facility.

(h) Donor organ procurement is not a covered service.

(i) The first twenty (20) days of an inpatient stay per fiscal year will be reimbursed at 100 percent of the operating component plus 100 percent of the capital, direct and indirect education, and Medicaid Disproportionate Share Adjustment (MDSA). For days in excess of twenty (20), reimbursement will be made at 60 percent of the operating component plus 100 percent of the capital, direct and indirect education, and MDSA components. Tennessee Medicaid will no longer cover return on equity.

(j) Any hospital days paid by insurance or other third-party benefits will be considered to be days paid by the Medicaid Program.

(18) Health Maintenance Organizations or any other type of pre-paid health delivery organization with which the State has entered into a contract will be reimbursed based on a per capita rate of payment of services provided. The per capita rate will be defined through the competitive bid process for all health maintenance organizations or any other type of pre-paid health delivery organization desiring to participate in the Medicaid Program. All contracts entered into must be cost effective and further approved by the Health Care Financing Administration.

health insuring organization demonstration project as set forth in rules

(e) A provider shall not bill a patient who was a Medicaid recipient at the time of
surgery for any of the procedures listed at subsection (b) above, or for hospital

shall be reimbursed as provided in subsection (c) below, if he satisfies the
following conditions:

1. He is enrolled as a surgeon in the Medicaid program; and

subsection (20)(b) above shall be reimbursed as provided in subsection (c)
below, if he satisfies the following conditions:

subsection (d) below and so indicates in his claim for reimbursement.

(e) Reimbursement to a provider of either a second or third surgical opinion as
described in subsection (a) and (b) above shall be limited to:

office visits necessary to the provision of the opinion; and
2. Reimbursement at the same levels provided for at section (9) above for the in-office provision of any laboratory or x-ray services that are necessary to the provisions of the opinion; however, the fact that such services were necessary for such an opinion shall be indicated on the claim for reimbursement.

(d) Providers of second and third surgical opinions as described at subsections (a) and (b) above who require the use of independent laboratory and x-ray services for the provision of their opinions shall, in the order for such services, notify the provider of such laboratory and x-ray services in writing that the services are required for the provision of a second or third surgical opinion.

(e) Providers of independent laboratory and x-ray services that are required for the provision of a second or third surgical opinion as provided herein shall indicate in their claims for reimbursement such fact, and shall be reimbursed as provided in section (6) above for such services.

(a) Billed amount; or

(b) 90% of the maximum amount paid to physicians statewide for similar maternity and newborn services.

(23) Except for an emergency as deemed in rule 1200-13-01-.01(12), delivery of the newborn infant will not be reimbursed unless provided in a hospital as defined in T.C.A. §68-11-201(11) or in an Ambulatory Surgical Center classified to provide maternity services as defined in rule 1200-08-10-.02.

(24) Reimbursement will be made for services provided by Certified Registered Nurse Anesthetists qualifying under Rule 1200-13-01-.03(I)(bb) under the following conditions:

3. Billed by a physician on behalf of a Certified Registered Nurse Anesthetist.

GENERAL RULES

CHAPTER 1200-13-01

(Rule 1200-13-01-06, continued)

2. Billed separately by a hospital that has not elected to retain Certified Registered Nurse Anesthetist costs in its rate; or

3. Billed by a physician on behalf of a Certified Registered Nurse Anesthetist.

(c) The Certified Registered Nurse Anesthetist that performed the service must be identified on claims submitted for payment except when the claim is submitted by an individual Certified Registered Nurse Anesthetist for services they personally performed.

(d) When medically directing four (4) concurrent procedures, forty-six (46%) of what would have been paid to the physician for providing the complete service.

(26) Reimbursement for hospice services shall be the lesser of billed charges or 100% of a prospectively determined rate per covered day which is based upon the methodology used in setting Medicare rates, adjusted to disregard cost offsets attributable to Medicare coinsurance amounts. Rates shall be determined for each of four levels of care and adjusted for inflation as described in Rule 1200-13-10.

(27) Disbursement of funds for adjudicated claims shall be made to providers on a weekly basis except when such disbursement would be less than $5. If disbursement to the provider would be less than $5, the adjudicated claims will be accrued until the value of accrued claims exceeds $5 at which time disbursement shall be made. In the event the value of accrued claims does not exceed $5 within three (3) months of the initiation of accrual, disbursement of funds shall not be made but the claims shall be considered as paid.

(28) Private Duty Nursing Services:

(a) Reimbursement will be limited to licensed home health agencies enrolled in the Tennessee Medicaid program.
GENERAL RULES

_CHARTER 1200-13-01

(Rule 1200-13-01-.06, continued)

(b) Reimbursement will be billed charges not to exceed $15.50 per hour.

(c) Reimbursement will not be made for home health aide visits, personal care services, or skilled nursing visits during the same time period when private duty nursing services are being provided to a child. A member of the child's immediate family (spouses, parent, grandparent, sibling or corresponding step or in-law relationship) may not be employed by the provider agency to provide Medicaid-reimbursed private duty nursing services to the child.

(29) Medicaid payments, or the amounts paid in lieu of Medicaid by a third party (Medicare, insurance, etc.), shall be payment in full for the service provided. No additional payment will be allowed for component parts of a procedure when a single procedure was or could have been appropriately billed to include all component parts.

(30) For services provided prior to January 1, 1994, the reimbursement rules as set out at 1200-13-01-.06(1)-(29) shall apply. Effective January 1, 1994, the rules of TennCare as set out at rule chapter 1200-13-12 shall apply except to providers of nursing facility services, providers of intermediate care facility services for the mentally retarded (ICF-MR), providers of Home and Community based Waiver Services, and payment of Medicare premiums, deductibles and copayments for Qualified Medicare Beneficiaries (QMBs) and Special Low-Income Medicare Beneficiaries (SLIMBs) which will continue to be reimbursed in accordance with Medicaid rules in effect prior to January 1, 1994, and as may be amended.

(31) Intermediate Care Facilities for the Mentally Retarded

(a) Private for-profit and private not-for-profit Intermediate Care Facilities for the Mentally Retarded (ICF/MR) shall be reimbursed at the lower of Medicaid cost or charges. An annual inflation factor will be applied to operating costs. The trending factor shall be computed for facilities that have submitted cost reports covering at least six months of program operations. For facilities that have submitted cost reports covering at least three full years of program participation, the trending factor shall be the average cost increase over the three-year period, limited to the 75th percentile trending factor of facilities participating for at least three years. Negative averages shall be considered zero. For facilities that have not completed three full years in the program, the one-year trending factor shall be the 50th percentile trending factor of facilities participating in the program for at least three years. For facilities that have failed to file timely cost reports, the trending factor shall be zero. Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. Once a per diem rate is determined from a clean cost report, the rate will not be changed until the next rate determination except for audit adjustments, correction of errors, or termination of a budgeted rate.
(b) Effective July 1, 1996, public Intermediate Care Facilities for the Mentally Retarded (ICF/MR) that are owned by government shall be reimbursed at 100% of allowable Medicaid costs with no cost-containment incentive. Reimbursement shall be based on Medicare principles of retrospective cost reimbursement with year-end cost report settlements. Interim per diem rates for the fiscal year beginning July 1, 1995 and ending June 30, 1996 shall be established from budgeted cost and patient day information submitted by the government ICF/MR facilities. Thereafter, interim rates shall be based on the providers' cost reports. There will be a tentative year-end cost settlement within 30 days of submission of the cost reports and a final settlement within 12 months of submission of the cost reports.

(c) An ICF/MR will be reimbursed in accordance with this paragraph for the recipient's bed in that facility during the recipient's temporary absence from that facility in accordance with the following:

1. For days not to exceed 15 days per occasion while the recipient is hospitalized and the following conditions are met:

   (i) The resident intends to return to the ICF/MR.

   (ii) The hospital provides a discharge plan for the resident.

   (iii) At least 85% of all other beds in the ICF/MR certified at the recipient's designated level of care (i.e., intensive training, high personal care or medical), when computed separately, are occupied at the time of hospital admission.

   (iv) Each period of hospitalization must be physician ordered and so documented in the patient's medical record in the ICF/MR.

2. For days not to exceed 60 days per state fiscal year and limited to 14 days per occasion while the recipient, pursuant to a physician's order, is absent from the facility on a therapeutic home visit or other therapeutic absence.

(d) Costs for supplies and other items billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the nursing facility cost report.

Authority: T.C.A. 4-5-202, 12-4-301, 71-5-105, 71-5-109, and Executive Order No. 23.
(Rule 1200-13-01-.06, continued)

1200-13-01-.07 REPEALED

1200-13-01-.08 ADMISSIONS TO LONG-TERM CARE FACILITIES. PERSONAL NEEDS ALLOWANCE, PATIENT LIABILITY, THIRD PARTY INSURANCE AND ESTATE RECOVERY FOR PERSONS RECEIVING LONG-TERM CARE

(1) Personal Needs Allowance. The personal needs allowance is established for each enrollee receiving long-term care services in accordance with the Tennessee Medicaid State plan, approved 1915(c) waiver applications, and these rules. It is deducted from the enrollee's monthly income in calculating patient liability for long-term care services.

(a) The personal needs allowance for each person receiving Medicaid-funded services in a Nursing Facility or an Intermediate Care Facility for persons with Mental Retardation is $50. Persons with no income have no personal needs allowance. Persons with incomes that are less than $50 per month (including
institutionalized persons receiving SSI payments) may keep the entire amount of their income as their personal needs allowance.

(b) The maximum personal needs allowance for persons participating in CHOICES Group 2 is 300% of the SSI Federal Benefit Rate.

(c) The maximum personal needs allowance for persons participating in one of the State’s Section 1915(c) HCBS waivers is as follows:
   1. The Statewide HCBS E/D Waiver: 200% of the SSI Federal Benefit Rate, as defined in Rule 1200-13-01-.02.
   2. The Statewide MR Waiver: 200% of the SSI Federal Benefit Rate.
   3. The Arlington MR Waiver: 200% of the SSI Federal Benefit Rate.
   4. The Self-Determination MR Waiver: 300% of the SSI Federal Benefit Rate.

(2) Patient Liability.

(a) Enrollees receiving long-term care services are required to contribute to the cost of their long-term care if their incomes are at certain levels. They are subject to the post-eligibility treatment of income rules set forth in section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), and 42 C.F.R. § 435.725.

(b) For persons being served in HCBS waivers, the state must also use institutional eligibility and post-eligibility rules for determining patient liability.

(c) For persons in the CHOICES 217-Like Group, the state uses institutional eligibility and post-eligibility rules for determining patient liability in the same manner as specified under 42 C.F.R. §§ 435.217, 435.236, and 435.726 and section 1924 of the Social Security Act (42 U.S.C.A. § 1396r-5), if the HCBS were provided under a section 1915(c) waiver.

(d) For persons in CHOICES Group 2 receiving the Short-term Nursing Facility care benefit (for up to 90 days) or persons enrolled in one of the State’s Section 1915(c) waiver programs that is temporarily placed in a medical institution, i.e., a hospital, nursing facility or ICF/MR (for up to 120 days if admitted prior to 3/1/2010, or up to 90 days if admitted on or after 3/1/2010), the post-eligibility calculation shall be performed as if the individual is continuing to receive HCBS. The purpose is to ensure that the individual can maintain a community residence for transition back to the community. After 90 or 120 days, as applicable, or as soon as it appears that the inpatient stay will not be a short-term stay, whichever comes first, a CHOICES Group 2 member will be transitioned to CHOICES Group 1, or a waiver participant must be disenrolled from the waiver, and the institutional post-eligibility calculation shall apply.

(e) Patient liability shall be collected as follows:
   1. If the enrollee resides in a Nursing Facility, ICF/MR, or Community Based Residential Alternative setting (i.e., Assisted Care Living Facility or Critical Adult Care Home), the enrollee must pay his or her patient liability to the residential facility. The facility shall reduce the amount billed to TennCare or the MCO, as applicable, by the amount of the enrollee’s patient liability obligation, regardless of whether such amount is actually collected by the facility.
GENERAL RULES

2. If a CHOICES Group 2 enrollee does not reside in a Community Based Residential Alternative, i.e., the enrollee is receiving HCBS in his or her own home, the enrollee must pay his or her patient liability to the MCO. The amount of patient liability collected will be used to offset the cost of CHOICES Group 2 benefits or cost-effective alternative services provided as an alternative to covered CHOICES Group 2 benefits that were reimbursed by the MCO for that month. The amount of patient liability collected by the MCO cannot exceed the cost of CHOICES Group 2 benefits (or cost-effective alternative services provided as an alternative to CHOICES Group 2 benefits) reimbursed by the MCO for that month.

(f) A CHOICES provider, including an MCO, may decline to continue to provide long-term services to a CHOICES member who fails to pay his or her patient liability. If other contracted providers or the other TennCare MCO operating in the Grand Division are unwilling to provide long-term care services to a CHOICES member who has failed to pay his or her patient liability, the individual may be disenrolled from the CHOICES program in accordance with the procedures set out in these rules.

(3) Third Party Liability for Long-term Care.

(a) Long-term Care insurance policies are considered Third Party Liability and are treated like all other Third Party Liability policies, as described in Rule 1200-13-01-.04.

(b) Applicants for the CHOICES program who have Long-Term Care insurance policies must report these policies to DHS upon enrollment in the CHOICES program. Applicants may be subject to criminal prosecution for knowingly providing incorrect information.

(c) Obligations of CHOICES enrollees receiving Nursing Facility or Community Based Residential Alternative services having insurance that will pay for care in a Nursing Facility or other residential facility (including cash benefits to the enrollee for the cost of such services):

1. If the benefits are assignable, the enrollee must assign them to the Nursing Facility or residential facility. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the Nursing Facility or the residential facility for long-term care services.

2. If the benefits are not assignable, the enrollee must provide payment to the Nursing Facility or the residential facility immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay the Nursing Facility or the residential facility for long-term care services.

(d) Obligations of CHOICES enrollees receiving non-residential HCBS having insurance that will pay for HCBS (including cash benefits to the enrollee for the cost of such services):

1. If the benefits are assignable, the enrollee must assign them to the MCO. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for HCBS for the enrollee.
2. If the benefits are not assignable, the enrollee must make payment to the MCO immediately upon receipt of the benefits. These benefits will be used to reduce the amounts that the MCO would otherwise be required to pay for HCBS for the enrollee.

(e) Third party liability payments do not reduce the amount of patient liability an enrollee is obligated to contribute toward the cost of long-term care services.

(f) If benefits received by the policyholder are not paid to the facility or MCO, as applicable, such benefits shall be considered income, and may render the person ineligible for Medicaid (including Long-Term Care) benefits.

(4) Estate Recovery. Persons enrolled in TennCare Long-Term Care programs are subject to the requirements of the Federal Estate Recovery Program (FERP) as set forth under Section 1917(b) of the Social Security Act, 42 U.S.C.A. § 1396p(b).

(a) The State is required to seek adjustment or recovery for certain types of medical assistance from the estates of individuals as follows:

1. For persons age 55 and older, the state is obligated to seek adjustment or recovery for nursing facility (including ICF/MR) services, HCBS, and related hospital and prescription drug services.

2. For permanently institutionalized persons under age 55, the state is obligated to seek adjustment or recovery for the institutional services.

(b) Estate recovery shall apply to the estates of individuals under age fifty-five (55) who are inpatients in a nursing facility, intermediate care facility for the mentally retarded or other medical institution and who cannot reasonably be expected to be discharged home.

(c) A determination that an individual cannot reasonably be expected to be discharged to return home shall be made in accordance with the following.

1. The PreAdmission Evaluation for level of care which is certified by the physician shall specify whether discharge is expected and the anticipated length of stay in the institution.

2. The following shall be deemed sufficient evidence that a person cannot reasonably be expected to be discharged to return home and is thus permanently institutionalized:

(i) An approved PAE certified by the physician indicating that discharge is not expected; or,

(ii) The continued stay of a resident of a medical institution at the end of a temporary stay predicted by his physician at the time of admission to be no longer than six months in duration.

(d) Written notice of the determination that the individual residing in a medical institution cannot reasonably be expected to be discharged to return home shall be issued to the individual or his designated correspondent. The notice shall explain the right to
request a reconsideration review. Such request must be submitted in writing to the Bureau of TennCare, Long Term Care Division, within 30 days of receipt of the written notice. The reconsideration review shall be conducted as a Commissioner's Administrative Hearing in the manner set out in Rule 1200-13-01-.10(6)(f).

(1) Each Long-term Care Facility participating in the medical assistance program must develop and consistently implement policies and procedures regarding its admissions, including the development and maintenance of a single wait list of persons requesting admission to those facilities. This list must at a minimum contain the following information pertaining to each request for admission:

(a) The name of the applicant.

(b) The name of the contact person or designated representative other than the applicant (if any).

(c) The address of the applicant and the contact person or designated representative (if any).

(d) The telephone number of the applicant and the contact person or designated representative (if any).

(e) The name of the person or agency referring the applicant to the nursing facility.

(f) The sex and race of the applicant.

(g) The date and time of the request for admission.

(h) Reason(s) for refusal/non-acceptance/other action taken pertaining to the request for admission.

(i) The name and title of the Long-term Care Facility staff person taking the application for admission.

(j) A notation stating whether the applicant is anticipated to be Medicaid eligible at time of admission or within one year of admission.

(2) The wait list should be updated and revised at least once each quarter to remove the names of previous applicants who are no longer interested in admission to the Long-term Care Facility. Following three (3) contacts each separated by a period of at least ten (10) days, the Long-term Care Facility shall, consistent with the written notice required in this section move an applicant to the end of the single admission list whenever an available bed is not accepted at the time of the vacancy, but the applicant wishes to remain on the admissions list. Applicants shall be advised of these policies at the time of their inquiry, and must be notified in writing, in a format approved by the Department, when their name is removed from the list or moved to the end of the list. Such contacts shall be documented in the facility log containing the wait list. The date, time and method of each contact shall be recorded along with
the name of the facility staff person making the contact, and the identity of the applicant or contact person contacted. The log of such contacts shall also summarize the communication between the facility staff person and the applicant or contact person.

(3) Each facility shall send written confirmation that an applicant’s name has been entered on the wait list, their position on the wait list, and a notification of their right of access to the wait list as provided in paragraph (8) of these rules. This confirmation shall include at a minimum the date and time of entry on the wait list and shall be mailed by first class postage to the applicant and their designated representative (if any) identified pursuant to the requirements in paragraph (1) above.

(4) Each Long-term Care Facility participating in the medical assistance program shall admit applicants in the chronological order in which the referral or request for admission was received by the facility, except as permitted in paragraph (6) of this rule.

(5) Documentation justifying deviation from the order of the wait list must be maintained for inspection by the Department. Inspection shall include the right to review and/or make copies of these records. Deviation may be based upon:

(a) Medical need, including, but not necessarily limited to, the expedited admission of patients being discharged from hospitals and patients who previously resided in a Long-term Care Facility at a different level of care, but who, in both cases, continue to require institutional medical services;

(b) The applicant’s sex, if the available bed is in a room or a part of the facility that exclusively serves residents of the opposite sex;

(c) Necessity to implement the provisions of a plan of affirmative action to admit racial minorities, if the plan has previously been approved by the Department;

(d) Emergency placements requested by the Department when evacuating another health care facility or by the Adult Protective Service of the Tennessee Department of Human Services;

(e) Other reasons or policies, e.g., previous participation in a community-based waiver or other alternative care program, when approved by the Medical Director of the Department’s Bureau of Manpower and Facilities; provided, however, that no such approval shall be granted if to do so would in any way impair the Department’s or the facility’s ability to comply with its obligations under federal and state civil rights laws, regulations or conditions of licensure or participation;

(f) If a Medicaid eligible recipient’s hospitalization or therapeutic leave exceeds the period paid for under The Tennessee Medicaid program for the holding of a bed in the facility for the resident and if the resident continues to require the services provided by the Long-term Care Facility, then the resident must be
readmitted to the facility immediately upon the first availability of a bed in the facility, consistent with paragraph (5)(b);

(g) Where, with the participation and approval of the Department, expedited admission is approved for residents who are being displaced from another facility or its waiting list as a result of that facility's withdrawal from the Medicaid program.

(6) Telephone request to be placed on the wait list shall be accepted. The information required in paragraph (1) shall be documented.

(7) If an applicant, whether on his or her own behalf or acting through another, requests admission or to be placed on a list of applicants awaiting admission, the information on the waiting list must be recorded and preserved.

(8) Applicants (or their representative), Ombudsmen and appropriate State and Federal personnel shall have access to the wait list when requested. Such access shall include the right to review and/or copy the wait list, and to be informed by telephone of their position on the wait list.

(9) Any referrals received from the Tennessee Department of Human Services shall be handled in the following manner:

(a) Applicants shall be placed on a wait list without formal application until such facility is within sixty (60) days of admission to the facility based on experience.

(b) When the applicant is within sixty (60) days of admission to the facility as estimated by the facility based on its experience, the facility shall notify the applicant and the Department of Human Services in writing so that a formal application can be made prior to consideration for admittance.

(c) If, after sixty (60) days from the date notification is issued, the facility has not received a completed application then the facility may remove the applicant's name from the wait list.

1200-13-01-.09 THIRD PARTY SIGNATURE.

(1) No facility may require a third party signature for a Medicaid recipient as a condition of application or admission to, or continued stay in, the facility. However, any person appointed by a court of competent jurisdiction to act on behalf of a recipient may be required to perform all requirements normally required of an applicant.

(2) If a facility has collected an advance payment or deposit from or on behalf of a person retroactively determined to be eligible for Medicaid, the amount collected less
the amount determined by the Department of Human Services to be the patient's liability for that period of time shall be refunded within ten (10) days after receiving payment for retroactive period from the state of its agents.

(3) The facility must file for such retroactive reimbursement for the full period of retroactive eligibility on the next claim for reimbursement filed by the facility following the date of notification of eligibility.

1200-13-01-.10 CRITERIA FOR MEDICAID REIMBURSEMENT OF CARE IN NURSING FACILITIES.

(1) Definitions. See Rule 1200-13-01-.02.

(1) The following definitions shall apply for interpretation of this rule:

(a) Bureau of TennCare— the State's Medical Assistance Unit, located within the Tennessee Department of Finance and Administration, which is the Single State Medicaid Agency in Tennessee.

(b) Certification—a process by which a physician, who is licensed as a doctor of medicine or doctor of osteopathy, signs and dates a PreAdmission Evaluation signifying that the requested level of Nursing Facility care is medically necessary for the individual.

(c) Department—the Tennessee Department of Finance and Administration, which is the Single State Medicaid Agency for the State of Tennessee. The Bureau of TennCare is the State's Medical Assistance Unit, located within the Department of Finance and Administration.

(d) Designated Correspondent—a person or agency authorized by an individual to receive correspondence on his/her behalf related to a PreAdmission Evaluation.

(e) Expiration Date—a date assigned by the Bureau of TennCare at the time of approval of a PreAdmission Evaluation after which Medicaid reimbursement will not be made unless a new PreAdmission Evaluation is submitted and approved, or 365 days after the PAE Approval Date when the PAE has not been used. A PAE is "used" when the person has begun receiving long-term care services based on the level of care approved in the PAE. A PAE is "expired" when the person has not begun receiving long-term care services on or before the 365th day. The first claim for reimbursement may be submitted after the 365th day, so long as the first date of service is on or before the 365th day.

(f) Inpatient nursing care—nursing services which are available 24 hours per day by or under the supervision of a licensed practical nurse or registered nurse and which, in accordance with general medical practice, are usually and customarily provided on an inpatient basis in a Nursing Facility. Inpatient nursing care includes, but is not limited to, routine nursing services such as observation and assessment of the individual's medical condition, administration of legend drugs, and supervision of nurse aides, and other skilled nursing therapies or services that are performed by a licensed practical nurse or registered nurse.

(g) Medicaid Eligible—an individual who has been determined by the Tennessee Department of Human Services or the Social Security Administration to be financially eligible to have TennCare make reimbursement for covered services.
(h) Medically Entitled - an individual who has a PreAdmission Evaluation that has been certified by a physician and that has been approved by the Bureau of TennCare.

(i) Notice of Disposition or Change - a notice issued by the Department of Human Services of an individual's financial eligibility for Medicaid and approved Medicaid vendor date for payments to a Nursing Facility.

(j) Nursing Facility - a Medicaid-certified nursing facility licensed by the Department of Health.

(k) Nursing Facility Eligible - an individual who has attained Medicaid Eligible status and who is Medically Entitled.

(l) PAE Approval Date - the beginning date of level of care eligibility for Medicaid-reimbursed care in a Nursing Facility for which the PreAdmission Evaluation has been approved by TennCare, which cannot precede completion of the PASRR process.

(m) Patient Liability - the amount determined by the Tennessee Department of Human Services which a Medicaid Eligible is required to pay for covered services provided by a Nursing Facility.

(n) "Plain language" - any notice or explanation that requires no more than a sixth grade level of education as measured by the Flesch Index, Fog Index, or Flesch-Kincaid Index.

(o) PreAdmission Evaluation (PAE) - a process of assessment approved by the Bureau of TennCare and used to document an individual's medical condition and level of care eligibility for Medicaid-reimbursed care in a Nursing Facility.

(p) PreAdmission Screening/Resident Review (PASRR) - the process by which the State determines whether an individual who resides in or seeks admission to a Medicaid-certified Nursing Facility has, or is suspected of having, mental illness or mental retardation, and, if so, whether the individual requires specialized services and is appropriate for nursing facility placement.

(q) Skilled nursing service - a physician-ordered nursing service the complexity of which is such that it can only be safely and effectively provided directly by a registered nurse or licensed practical nurse.

(r) Skilled rehabilitative service - a physician-ordered rehabilitative service the complexity of which is such that it can only be safely and effectively provided by qualified health care personnel (e.g., registered physical therapist, licensed physical therapist assistant, registered occupational therapist, certified occupational therapist assistant, licensed respiratory therapist, licensed respiratory therapist assistant).

(s) Specialized services for individuals with Mental Illness - the implementation of an individualized plan of care developed under and supervised by a physician, provided by a physician and other qualified mental health professionals, that
prescribes specific therapies and activities for the treatment of persons who are experiencing an acute episode of severe mental illness, which necessitates continuous supervision by trained mental health personnel. Services to maintain generally independent individuals who are able to function with little supervision or in the absence of a continuous specialized services program are not included.

(t) Specialized services for individuals with Mental Retardation and Related Conditions – the implementation of an individualized plan of care specifying a continuous program for each individual, which includes aggressive, consistent implementation of a program of specialized and generic training, treatment, health services, and related services that is directed towards the acquisition of the behaviors necessary for the individual to function with as much self-determination and independence as possible; and the prevention or deceleration of regression or loss of current optimal functional status. Services to maintain generally independent individuals who are able to function with little supervision or in the absence of a continuous specialized services program are not included.

(u) Transfer Form – a form which is used in lieu of a new PreAdmission Evaluation to document the transfer of a Nursing Facility Eligible having an approved unexpired PreAdmission Evaluation from Medicaid Level 1 at one Nursing Facility to Medicaid Level 1 at another such facility or from Medicaid Level 2 at one Nursing Facility to Medicaid Level 2 at another.

(2) PreAdmission Evaluations and Transfer Forms

(a) A PreAdmission Evaluation is required in the following circumstances:

1. When a Medicaid Eligible is admitted to a Nursing Facility for receipt of Medicaid-reimbursed nursing facility services.

2. When a private-paying resident of a Nursing Facility attains Medicaid Eligible status.

3. When Medicare reimbursement for Skilled Nursing Facility services has ended and Medicaid reimbursement for skilled nursing facility services is requested.

4. When a Nursing Facility Eligible is changed from Medicaid Level 1 to Medicaid Level 2, or from Medicaid Level 1 or Level 2 reimbursement to a Chronic Ventilator or Tracheal Suctioning Enhanced Respiratory Care rate.

5. When a Nursing Facility Eligible is changed from Medicaid Level 2 or an Enhanced Respiratory Care rate to Medicaid Level 1, unless the individual has an approved unexpired Level 1 PreAdmission Evaluation.

6. When a Nursing Facility Eligible is changed from an Enhanced Respiratory Care rate to Medicaid Level 2, unless the individual has an approved unexpired Level 2 PreAdmission Evaluation.
7. If a Nursing Facility Eligible requires continuation of the same level of care beyond the expiration date assigned by the Department TennCare.

8. If a Nursing Facility Eligible no longer requires the specific skilled nursing or rehabilitative services for which a Level 2 PreAdmission Evaluation was approved but requires other Level 2 care in a Nursing Facility.

(b) Transfer Forms are not required in Grand Divisions of the state where CHOICES has been implemented. A Transfer Form is required under the fee-for-service program (prior to implementation of the CHOICES Program in the Grand Division) in the following circumstances:

1. When a Medicaid Eligible having an approved unexpired PreAdmission Evaluation transfers from Medicaid Level 1 at one Nursing Facility to Medicaid Level 1 at another such facility; or

2. When a Medicaid Eligible having an approved unexpired PreAdmission Evaluation transfers from Medicaid Level 2 at one Nursing Facility to Medicaid Level 2 at another. A Transfer Form may be used only if there is no change in the skilled nursing or rehabilitative service for which the PreAdmission Evaluation was approved. If the skilled nursing or rehabilitative service changes, a new PreAdmission Evaluation is required.

3. When a Medicaid Eligible having an approved unexpired PreAdmission Evaluation transfers from Medicaid Level 1 in a Nursing Facility to the Statewide Elderly and Disabled Waiver or from the Statewide Elderly and Disabled Waiver to Medicaid Level 1 in a Nursing Facility. This requirement shall be in effect only in those Grand Divisions where the CHOICES Program has not been implemented.

(c) A PreAdmission Evaluation is not required in the following circumstances:

1. When a Medicaid Eligible with an approved unexpired Level 1 PreAdmission Evaluation returns to the Nursing Facility after being hospitalized.

2. When a Medicaid Eligible with an approved unexpired Level 2 PreAdmission Evaluation returns to the Nursing Facility after being hospitalized, if there has been no change in the skilled nursing or rehabilitative service for which the PreAdmission Evaluation was approved.

3. When a Medicaid Eligible changes from Level 2 to Level 1, if that individual was previously receiving Medicaid-reimbursed Level 1 care and still has an approved unexpired Level 1 PreAdmission Evaluation.
4. When an individual's financial status changes from Medicaid Eligible to private pay and then back to Medicaid Eligible within a 90-day time period.

5. To receive Medicaid co-payment when Medicare is the primary payer of Level 2 care.

6. When a Transfer Form is appropriate in accordance with (2)(b).

7. For authorization by an MCO of Ventilator Weaning services or short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just been weaned from the ventilator, but who still requires short-term intensive respiratory intervention. Medical necessity determinations and authorization of Ventilator Weaning services and short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate during the post-weaning period will be managed by the enrollee's MCO.

(d) If a Nursing Facility admits or allows continued stay of a Medicaid Eligible without an approved PreAdmission Evaluation, it does so at its own risk and in such event the Nursing Facility shall give the individual a plain language written notice, in a format approved by the Department TennCare, that Medicaid reimbursement will not be paid unless the PreAdmission Evaluation is approved and if it is not finally approved the individual can be held financially liable for services provided.

(e) An approved PreAdmission Evaluation is valid for ninety (90) calendar days beginning with the PAE Approval Date. An approved PreAdmission Evaluation that has not been used within ninety (90) calendar days of the PAE Approval Date can be updated within 365 calendar days of the PAE Approval Date if the physician certifies that the individual's current medical condition is consistent with that described in the approved PreAdmission Evaluation. If the individual's medical condition has significantly improved such that the previously approved PreAdmission Evaluation does not reasonably reflect the individual's current medical condition and functional capabilities, a new PreAdmission Evaluation shall be required. A PAE that is not used within 365 days of the PAE Approval Date is expired and cannot be updated.

(f) A PreAdmission Evaluation must include a recent history and physical or current medical records which support the applicant's functional and/or skilled nursing or rehabilitative needs, as reflected in the PAE. The history and physical or medical records must be signed by a physician who is licensed as a doctor of medicine or doctor of osteopathy, or by a licensed nurse practitioner or physician's assistant. A signed history and physical performed within 365 calendar days of the PAE Request Date may be used if the patient's condition has not significantly changed. Additional medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed.
(g) A PreAdmission Evaluation may be approved by the Department TennCare for a fixed period of time with an expiration date based on an assessment by the Department TennCare of the individual’s medical condition and anticipated continuing need for inpatient nursing care. Notice of appeal rights shall be provided when a PreAdmission Evaluation is approved with an expiration date.

(h) All individuals who reside in or seek admission to a Medicaid-certified Nursing Facility must have a PASRR Level I screen for mental illness and mental retardation. The initial Level I screen must be completed prior to admission to the Nursing Facility and submitted to TennCare regardless of: (1) payer source; (2) whether the PASRR screening is positive or negative (including specified exemptions); and (3) the level of nursing facility reimbursement requested. If the Level I screen indicates the need for a PASRR Level II evaluation of need for specialized services for mental illness and/or mental retardation, the individual must undergo the PASRR Level II evaluation prior to admission to the Nursing Facility.

(i) Medicaid payment will not be available for any dates of Nursing Facility services rendered prior to the date the PASRR process is complete and the individual has been determined appropriate for nursing home placement. The PASRR process is complete when either:

1. TennCare has received a negative Level I PASRR screen form and no contradictory information is subsequently received; or

2. TennCare has determined level of care eligibility (i.e., approved the PAE) and received the Level II PASRR evaluation, including determination by the Department of Mental Health and Developmental Disabilities and/or the Division of Intellectual Disabilities Services, as applicable, that the person is appropriate for Nursing Facility placement. Determination by TennCare that a Level II PASRR evaluation must be performed may be made: (a) upon receipt of a positive PASRR screen from the NF or other submitting entity; (b) based on TennCare review of a negative PASRR screen form or history and physical submitted by a NF or other entity; or (c) upon review of any contradictory information submitted in the PAE application or supporting documentation subsequent to TennCare’s review of a negative PASRR screen but prior to disposition of the PAE.

2. For persons with a positive Level I PASRR screen (as submitted or upon review and determination by TennCare), TennCare has received a certified exemption or advance categorical determination signed by the physician; or a determination by the Department of Mental Health and Developmental Disabilities and/or the Division of Intellectual Disabilities Services, as applicable, that the person is appropriate for nursing facility placement. Determination by TennCare that a Level II PASRR evaluation must be performed may be made:

   (i) upon receipt of a positive PASRR screen from the nursing facility or other submitting entity;
(ii) based on TennCare review of a negative PASRR screening form or history and physical submitted by a nursing facility or other entity; or

(iii) upon review of any contradictory information submitted in the PAE application or supporting documentation at any time prior to disposition of the PAE.

(j) A Nursing Facility that has entered into a provider agreement with the Department TennCare or an MCO shall assist a resident or applicant as follows:

1. The Nursing Facility shall assist a Nursing Facility resident or an applicant for admission in applying for Medicaid eligibility and in applying for Medicaid-reimbursed Nursing Facility care. This shall include assistance in properly completing all necessary paperwork and in providing relevant Nursing Facility documentation to support the PreAdmission Evaluation. Reasonable accommodations shall be made for an individual with disabilities or, alternatively, for a Designated Correspondent with disabilities when assistance is needed with the proper completion and submission of a PreAdmission Evaluation.

2. The Nursing Facility shall request a Notice of Disposition or Change from the Department of Human Services upon learning that a resident or applicant has, or is likely to have, applied for Medicaid eligibility.

(k) The Bureau of TennCare shall process PreAdmission Evaluations independently of determinations of financial Medicaid eligibility by the Tennessee Department of Human Services; however, Medicaid reimbursement for Nursing Facility care shall not be available until the PASRR process has been completed, and both the PreAdmission Evaluation and financial eligibility for Medicaid vendor payment have been approved.

(3) Medicaid Reimbursement

(a) A Nursing Facility that has entered into a provider agreement with the Bureau of TennCare or an enrollee's MCO is entitled to receive Medicaid reimbursement for covered services provided to a Nursing Facility Eligible if

1. The Nursing Facility has completed the PASRR process as defined in 1200-13-01-.10(2)(i) above.

2. The Department TennCare has received an approvable PreAdmission Evaluation for the individual within ten (10) calendar days of the PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.

3. Prior to implementation of the CHOICES Program, for the same-level transfer to a Nursing Facility services (Level 1 to Level 1, Level 2 to Level
2, or HCBS to Level 1) of an individual having an approved unexpired PreAdmission Evaluation, the Department TennCare has received an approvable Transfer Form within ten (10) calendar days after admission into the same level of care at the admitting Nursing Facility (i.e., the Nursing Facility to which the individual is being transferred). For transfer from Level 1 Nursing Facility services to a the Statewide Home and Community Based Services Waiver program for the Elderly and Adults with Physical Disabilities, the transfer form must be submitted and approved prior to enrollment in HCBS.

4. For a retroactive eligibility determination, the Department TennCare has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired PreAdmission Evaluation within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for nursing facility services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.

5. If the Nursing Facility participates in the enrollee’s MCO, reimbursement will be made by the MCO to the Nursing Facility as a network provider. If the Nursing Facility does not participate in the enrollee’s MCO, reimbursement will be made by the MCO to the NF as a non-participating provider, in accordance with Rule 1200-13-01-.05(9).

(b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.

1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for nursing facility services.

(c) The earliest date of Medicaid reimbursement for care provided in a Nursing Facility shall be the date that all of the following criteria are met:

1. Completion of the PASRR process, as defined in 1200-13-01-.10(2)(i) above;
2. The effective date of level of care eligibility as reflected by the PAE Approval Date;

3. The effective date of Medicaid eligibility; and

4. The date of admission to the Nursing Facility.

(d) A Nursing Facility that has entered into a provider agreement with the Department TennCare or an MCO and that admits a Medicaid Eligible without completion of the PASRR process, and without an approved PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Department TennCare or the MCO.

(e) Medicaid reimbursement will only be made to a Nursing Facility on behalf of the Nursing Facility Eligible and not directly to the Nursing Facility Eligible.

(f) A Nursing Facility that has entered into a provider agreement with the Department TennCare or an MCO shall admit individuals on a first come, first served basis, except as otherwise permitted by state and federal laws and regulations.

(4) Criteria for Reimbursement of Medicaid Level 1 Care in a Nursing Facility

(a) The Nursing Facility must have completed the PASRR process as defined in 1200-13-01-.10(2)(i) above.

(b) The individual must be determined by the Tennessee Department of Human Services to be financially eligible for Medicaid reimbursement for Nursing Facility Care.

(c) An individual must meet both of the following criteria in order to be approved for Medicaid-reimbursed Level 1 care in a Nursing Facility:

1. Medical Necessity of Care: Care in a Nursing Facility must be expected to improve or ameliorate the individual's physical or mental condition, to prevent a deterioration in health status, or to delay progression of a disease or disability, and such care must be ordered and supervised by a physician on an ongoing basis.

2. Need for Inpatient Nursing Care: The individual must have a physical or mental condition, disability, or impairment that, as a practical matter, requires daily inpatient nursing care. The individual must be unable to self-perform needed nursing care and must meet or equal one or more of the following criteria on an ongoing basis:

   (i) Transfer - The individual is incapable of transfer to and from bed, chair, or toilet unless physical assistance is provided by others on an ongoing basis (daily or multiple times per week).

   (ii) Mobility - The individual requires physical assistance from another person for mobility on an ongoing basis (daily or multiple times per
Mobility is defined as the ability to walk, using mobility aids such as a walker, crutch, or cane if required, or the ability to use a wheelchair if walking is not feasible. The need for a wheelchair, walker, crutch, cane, or other mobility aid shall not by itself be considered to meet this requirement.

(iii) Eating - The individual requires gastrostomy tube feedings or physical assistance from another person to place food/drink into the mouth. Food preparation, tray set-up, and assistance in cutting up foods shall not be considered to meet this requirement.

(iv) Toileting - The individual requires physical assistance from another person to use the toilet or to perform incontinence care, ostomy care, or indwelling catheter care on an ongoing basis (daily or multiple times per week).

(v) Expressive and Receptive Communication - The individual is incapable of reliably communicating basic needs and wants (e.g., need for assistance with toileting; presence of pain) using verbal or written language; or the individual is incapable of understanding and following very simple instructions and commands (e.g., how to perform or complete basic activities of daily living such as dressing or bathing) without continual staff intervention.

(vi) Orientation - The individual is disoriented to person (e.g., fails to remember own name, or recognize immediate family members) or is disoriented to place (e.g., does not know residence is a Nursing Facility).

(vii) Medication Administration - The individual is not mentally or physically capable of self-administering prescribed medications despite the availability of limited assistance from another person. Limited assistance includes, but is not limited to, reminding when to take medications, encouragement to take, reading medication labels, opening bottles, handing to individual, and reassurance of the correct dose.

(viii) Behavior - The individual requires persistent staff intervention due to an established and persistent pattern of dementia-related behavioral problems (e.g., aggressive physical behavior, disrobing, or repetitive elopement).

(ix) Skilled Nursing or Rehabilitative Services - The individual requires daily skilled nursing or rehabilitative services at a greater frequency, duration, or intensity than, for practical purposes, would be provided through a daily home health visit.

The intent is that the above criteria should reflect the individual's capabilities on an ongoing basis and not isolated, exceptional, or infrequent limitations of function in a generally independent individual who is able to function with minimal supervision or assistance.
(d) For continued reimbursement of Medicaid Level 1 care in a Nursing Facility, an individual must continue to be financially eligible for Medicaid reimbursement for Nursing Facility Care and must meet both of the following continued stay criteria:

1. Medical Necessity of Care: Care in a Nursing Facility must be expected to improve or ameliorate the individual's physical or mental condition, to prevent a deterioration in health status, or to delay progression of a disease or disability, and such care must be ordered and supervised by a physician on an ongoing basis.

2. Need for Inpatient Care: The individual must have a physical or mental condition, disability, or impairment that continues to require the availability of daily inpatient nursing care.

(e) A Nursing Facility Eligible admitted to a Nursing Facility before the effective date of this rule must meet continued stay criteria in effect at the time of admission.

(5) Criteria for Reimbursement of Medicaid Level 2 Care in a Nursing Facility

(a) The Nursing Facility must have completed the PASRR process as defined in 1200-13-01-.10(2)(i) above.

(b) The individual must be determined by the Tennessee Department of Human Services to be financially eligible for Medicaid reimbursement for Nursing Facility Care.

(c) An individual must meet both of the following criteria in order to be approved for Medicaid-reimbursed Level 2 care in a Nursing Facility:

1. Medical Necessity of Care: Care in a Nursing Facility must be expected to improve or ameliorate the individual's physical or mental condition, to prevent a deterioration in health status, or to delay progression of a disease or disability, and such care must be ordered and supervised by a physician on an ongoing basis.

2. Need for Inpatient Skilled Nursing or Rehabilitative Services on a Daily Basis: The individual must have a physical or mental condition, disability, or impairment that requires skilled nursing or rehabilitative services on a daily basis or skilled rehabilitative services at least five days per week when skilled rehabilitative services constitute the primary basis for the approval of the PreAdmission Evaluation. The individual must require such services at a greater frequency, duration, or intensity than, for practical purposes, would be provided through a daily home health visit. In addition, the individual must be mentally or physically unable to perform the needed skilled services or the individual must require skilled services which, in accordance with accepted medical practice, are not usually and customarily self-performed.
For interpretation of this rule, the following shall apply:

(i) Administration of oral medications, ophthalmics, otics, inhalers, subcutaneous injections (e.g., fixed-dose insulin, subtherapeutic heparin, and calcitonin), topicals, suppositories, nebulizer treatments, oxygen administration, shall not, in and of itself, be considered sufficient to meet the requirement of (5)(c)2.

(ii) Nursing observation and assessment, in and of itself, shall not be considered sufficient to meet the requirement of (5)(c)2. Examples of nursing services for which Level 2 reimbursement might be provided include, but are not limited to, the following:

(I) Gastrostomy tube feeding
(II) Sterile dressings for Stage 3 or 4 pressure sores
(III) Total parenteral nutrition
(IV) Intravenous fluid administration
(V) Nasopharyngeal and tracheostomy suctioning
(VI) Ventilator services

(iii) A skilled rehabilitative service must be expected to improve the individual's condition. Restorative and maintenance nursing procedures (e.g., routine range of motion exercises; stand-by assistance during ambulation; applications of splints/braces by nurses and nurses aides) shall not be considered sufficient to fulfill the requirement of (5)(c)2. Factors to be considered in the decision as to whether a rehabilitative service meets, or continues to meet, the requirement of (5)(c)2. shall include, but not be limited to, an assessment of the type of therapy and its frequency, the remoteness of the injury or impairment, and the reasonable potential for improvement in the individual's functional capabilities or medical condition.

(d) In order to be approved for Medicaid-reimbursed Level 2 care in a Nursing Facility at the Chronic Ventilator rate of reimbursement, an individual must be ventilator dependent for at least 12 hours each day with an invasive patient end of the circuit (i.e., tracheostomy cannula).

(e) In order to be approved for Medicaid-reimbursed Level 2 care in a Nursing Facility at the Tracheal Suctioning rate of reimbursement, an individual must have a functioning tracheostomy and require suctioning through the tracheostomy, at a minimum, multiple times per 8-hour shift. The suctioning must be required to remove excess secretions and/or aspirate from the trachea, which cannot be removed by the patient's spontaneous effort. Suctioning of the nasal or oral cavity does not qualify for this higher level of reimbursement.

(f) Determination of medical necessity and authorization for Medicaid reimbursement of Ventilator Weaning services, or short-term payment at the Tracheal Suctioning Enhanced Respiratory Care rate for a person who has just...
been weaned from the ventilator, but who still requires short-term intensive respiratory intervention shall be managed by the enrollee's MCO.

(6) PreAdmission Evaluation Denials and Appeal Rights

(a) A Medicaid Eligible or the legal representative of the Medicaid Eligible has the right to appeal the denial of a PreAdmission Evaluation and to request a Commissioner's Administrative Hearing by submitting a written letter of appeal to the Bureau of TennCare, Division of Long-Term Care, within thirty (30) calendar days of receipt of the notice of denial.

(b) If the Department TennCare denies a PreAdmission Evaluation, the individual will be notified in the following manner:

1. A written notice of denial shall be sent to the individual and, where applicable, to the designated correspondent. A notice of denial shall also be mailed or faxed to the Nursing Facility. This notice shall advise the individual of the right to appeal the denial decision within thirty (30) calendar days. The notice shall also advise the individual of the right to submit within thirty (30) calendar days either the original PreAdmission Evaluation with additional information for review or a new PreAdmission Evaluation. The notice shall be mailed to the individual's address as it appears upon the PreAdmission Evaluation. If no address appears on the PreAdmission Evaluation and supporting documentation, the notice will be mailed to the Nursing Facility for forwarding to the individual.

2. If the PreAdmission Evaluation is resubmitted with additional information for review and if the Department TennCare continues to deny the PreAdmission Evaluation, another written notice of denial shall be sent as described in (6)(b)1.

(c) The individual has the right to be represented at the hearing by anyone of his/her choice. The hearing will be conducted according to the provisions of the Tennessee Uniform Administrative Procedures Act.

(d) Reasonable accommodations shall be made for individuals with disabilities who require assistance with an appeal.

(e) Any notice required pursuant to this section shall be a plain language written notice.

(f) When a PreAdmission Evaluation is approved for a fixed period of time with an expiration date determined by the Department TennCare, the individual shall be provided with a notice of appeal rights, including the opportunity to submit an appeal within thirty (30) calendar days prior to the expiration date. Nothing in this section shall preclude the right of the individual to submit a new PreAdmission Evaluation establishing medical necessity of care when the expiration date has been reached.

(Rule 1200-13-01-.15, continued)

(n) Related Conditions — a severe chronic developmental disability likely to continue indefinitely which results in impairment of intellectual functioning equivalent to that of individuals with mental retardation and which requires specialized services similar to those needed by such individuals.

(o) Specialized Services for Mental Retardation or Related Conditions — the implementation of an individualized plan of care, which includes aggressive, consistent implementation of a program of specialized and generic training, treatment, health services, and related services that is directed towards the acquisition of the behaviors necessary for the individual to function with as much self-determination and independence as possible; and the prevention or deceleration of regression or loss of current optimal functional status.

(p) Transfer Form — a Medicaid-approved form used to document the transfer of an ICF/MR Eligible having an approved unexpired ICF/MR PAE from one ICF/MR to another ICF/MR, from an HCBS MR Waiver Program to an ICF/MR, from an ICF/MR to an HCBS MR Waiver Program, or from one HCBS MR Waiver Program to another HCBS MR Waiver Program.

(2) ICF/MR PreAdmission Evaluations and Transfer Forms

(a) An ICF/MR PreAdmission Evaluation is required to be submitted to the Bureau of TennCare for approval when

1. A Medicaid Eligible is admitted to an ICF/MR.

2. A private-paying resident of an ICF/MR attains Medicaid Eligible status or applies for Medicaid eligibility. A new ICF/MR PreAdmission Evaluation is not required when an individual’s financial status changes from Medicaid Eligible to private pay and then back to Medicaid Eligible within a 90-day time period.
(Rule 1200-13-01-.15, continued)

(b) A Transfer Form is required to be submitted to the Bureau of TennCare for approval when an ICF/MR Eligible having an approved unexpired ICF/MR PAE transfers from one ICF/MR to another ICF/MR or from the HCBS MR Waiver Program to an ICF/MR. A Transfer Form is required to be submitted to the Division of Intellectual Disabilities Services for approval when an ICF/MR Eligible having an approved unexpired ICF/MR PAE transfers from an ICF/MR to the HCBS MR Waiver Program.

(c) An approved ICF/MR PreAdmission Evaluation is valid for ninety (90) calendar days from the ICF/MR PAE Approval Date. An approved ICF/MR PreAdmission Evaluation that has not been used within ninety (90) calendar days of the ICF/MR PAE Approval Date can be updated within 365 calendar days of the ICF/MR PAE Approval Date if the physician certifies that the individual's current medical condition is consistent with that described in the approved ICF/MR PreAdmission Evaluation. A PAE that is not used within 365 days of the PAE Approval Date is expired and cannot be updated.

(d) An ICF/MR PreAdmission Evaluation must include a recent medical history and physical signed by a physician who is licensed as a doctor of medicine or doctor of osteopathy, or by a licensed nurse practitioner or physician's assistant. A medical history and physical performed within 365 calendar days of the ICF/MR PAE Request Date may be used if the individual's condition has not significantly changed. Additional medical records (progress notes, office records, discharge summaries, etc.) may be used to supplement a history and physical and provide current medical information if changes have occurred since the history and physical was performed.

(e) An ICF/MR PreAdmission Evaluation must include a psychological evaluation of need for care. Pursuant to 42 C.F.R. § 456.370(b), such evaluation must be performed before admission to the ICF/MR or authorization of payment, but not more than three months before admission. (This does not invalidate the requirement of 42 CFR § 456.370(b) regarding psychological evaluations for individuals admitted to an ICF/MR.)

(3) Medicaid Reimbursement

(a) An ICF/MR which has entered into a provider agreement with the Bureau of TennCare is entitled to receive Medicaid reimbursement for covered services provided to an ICF/MR Eligible if:

1. The Bureau of TennCare has received an approvable ICF/MR PreAdmission Evaluation for the individual within ten (10) calendar days of the ICF/MR PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.
(Rule 1200-13-01-.15, continued)

2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PreAdmission Evaluation, the Bureau of TennCare has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver program.

3. For a retroactive eligibility determination, the Bureau of TennCare has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PreAdmission Evaluation within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.

(b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.

1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.

(c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau of TennCare.

(4) Criteria for Medicaid-reimbursed Care in an Intermediate Care Facility for the Mentally Retarded (ICF/MR)

(a) Medicaid Eligible Status: The individual must be determined by the Tennessee Department of Human Services to be financially eligible for Medicaid-reimbursed care in an Intermediate Care Facility for the Mentally Retarded.

(5) Grievance process

(a) A Medicaid Eligible or the legal representative of the Medicaid Eligible has the right to appeal the denial of an ICF/MR PreAdmission Evaluation and to request a Commissioner's Administrative Hearing by submitting a written letter of appeal to the Bureau of TennCare within thirty (30) calendar days of receipt of the notice of denial.

(b) If the Bureau of TennCare denies an ICF/MR PreAdmission Evaluation, the individual will be notified in the following manner:

1. A written notice of denial shall be sent to the individual and, where applicable, to the Designated Correspondent. A notice of denial shall also be mailed or faxed to the ICF/MR. This notice shall advise the individual of the right to appeal the denial decision within thirty (30) calendar days. The notice shall also advise the individual of the right to submit within thirty (30) calendar days either the original ICF/MR PreAdmission Evaluation with additional information for review or a new ICF/MR PreAdmission Evaluation. The notice shall be mailed to the individual’s address as it appears upon the ICF/MR PreAdmission Evaluation. If no address appears on the ICF/MR PreAdmission Evaluation and supporting documentation, the notice will be mailed to the ICF/MR for forwarding to the individual.
2. If an ICF/MR PreAdmission Evaluation is resubmitted with additional information for review and if the Bureau of TennCare continues to deny the ICF/MR PreAdmission Evaluation, another written notice of denial shall be sent as described in (5)(b)1.

(c) The individual has the right to be represented at the hearing by anyone of their choice. The hearing will be conducted according to the provisions of the Tennessee Uniform Administrative Procedures Act.

(d) Reasonable accommodations shall be made for individuals with disabilities who require assistance with appeals.

(e) Any notice required pursuant to this section shall be a plain language written notice.

4. An individual shall have one or more caregivers, as specified in (6)(a), designated to provide caregiver services each day in the Enrollee's home and, as needed, in other locations to ensure the health, safety, and welfare of the Enrollee. An individual shall have 24-hour caregiver services unless it is determined by an assessment that the needs of the

individual can be met, and that the health, safety, and welfare of the individual can be assured, through the provision of daily (but less than 24-hour) caregiver services and through provision of a Personal Emergency Response System. Documentation of such assessment shall be included in an individualized Safety Plan that is developed, reviewed, and updated by the Administrative Lead Agency. If it is so determined that the health, safety, and welfare of the individual can be assured without 24-hour caregiver services, the individual shall have caregiver services provided for some portion of the day each day.

5.4.—An individual who does not have 24-hour caregiver services shall have an individualized Safety Plan that is based on an assessment of the individual's medical, functional, and social needs and capabilities and that is approved, monitored, and updated as needed, but no less frequently than annually, by the Administrative Lead Agency. The Safety Plan shall describe:

(i) The medical, functional, and social needs and capabilities of the individual and how such can be met without jeopardizing the health, safety, and welfare of the individual;

(ii) The type and schedule of caregiver services to be provided each day, specifying hours per day and number of days per week;

(iii) Personal Emergency Response Systems which are designed to enable Enrollees, who meet the requirements of (2)(e), to secure help in an emergency; and

(a) Caregiver services shall be provided by one or more adult individuals, aged 18 or older, who sign an agreement with the Administrative Lead Agency to provide the following services to the Enrollee, as well as any additional services outlined in the Individual Plan of Care and the Safety Plan, to meet the needs

(7) PreAdmission Evaluations, Transfer Forms, and PASRR Assessments.

(a) A PreAdmission Evaluation is required when a Medicaid Eligible is admitted to the Waiver.

(b) A Transfer Form is required in the following circumstances:

1. When an Enrollee having an approved unexpired PreAdmission Evaluation transfers from the Waiver to Level 1 care in a Nursing Facility.

2. When an Enrollee having an approved unexpired PreAdmission Evaluation transfers from one Home and Community Based Services Waiver for the Elderly and Disabled to a different Home and Community Based Services Waiver for the Elderly and Disabled.

2.3—When a Waiver Eligible with an approved unexpired PreAdmission Evaluation transfers from a Nursing Facility to the Waiver.

(c) A Level I PASRR assessment for mental illness and mental retardation is required when an Enrollee with an approved, unexpired PreAdmission Evaluation transfers from the Waiver to a Nursing Facility. A Level II PASRR evaluation is required if a history of mental illness or mental retardation is indicated by the Level I PASRR assessment, unless criteria for exception are met in the following circumstances:
1. When an Enrollee with an approved, unexpired PreAdmission Evaluation transfers from the Waiver to a Nursing Facility.

2. When an enrollee with an approved, unexpired PreAdmission Evaluation requires a short-term stay in a Nursing Facility.

A Level II PASRR evaluation is required if a history of mental illness or mental retardation is indicated by the Level I PASRR assessment, unless criteria for exception are met.

(d) An Administrative Lead Agency that enrolls an individual without an approved PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement. An Administrative Lead Agency that enrolls an individual who has not been determined by the Tennessee Department of Human Services to be financially eligible to have Medicaid make reimbursement for covered services does so without the assurance of reimbursement. If an Administrative Lead Agency enrolls a Medicaid Eligible without an approved PreAdmission Evaluation, the individual must be informed by the Administrative Lead Agency that Medicaid reimbursement will not be paid until and unless the PreAdmission Evaluation is approved.

(e) The Administrative Lead Agency shall maintain in its files the original PreAdmission Evaluation and, where applicable, the original Transfer Form.

2. A description of Waiver Services and any other services regardless of payment source, including caregiver services, that the Enrollee requires to reside in the community as an alternative to care in a Nursing Facility, including the amount (specific number of hours or units per day rather than a range), frequency (number of days per week), and duration (length of time needed) of services and the type of provider to furnish each service;

3. Outcome objectives;

4. Any treatments, therapies, activities, social services, rehabilitative services, nursing related services, home health aide services, specialized

5. The names of each caregiver and each caregiver's schedule, including the amount (specific number of hours per day) and frequency (number of days per week) of caregiver services and provisions for alternate caregivers; and

6. A Safety Plan for Enrollees who do not have 24-hour caregiver services.

(b) Within thirty (30) working days after enrollment, the Case Management Team shall review the Physician's Plan of Care and shall develop the Individual Plan of Care. Within ten (10) working days of completion of the Individual Plan of Care, the Administrative Lead Agency shall review and approve the Individual Plan of Care.

(c) The Individual Plan of Care shall be periodically reviewed to ensure that the Waiver Services furnished are consistent with the nature and severity of the Enrollee's disability and to determine the appropriateness and adequacy of care and achievement of outcome objectives outlined in the Individual Plan of Care. The minimum schedule for reviews shall be as follows:

1. The Individual Plan of Care shall be reviewed by a registered nurse or Social Worker Case Manager as needed, but no less frequently than every ninety (90) calendar days. If a Social Worker Case Manager is utilized, an in-home visit and review of the Plan of Care must be done by a Registered Nurse at least every ninety (90) days.

2. The Individual Plan of Care shall be reviewed and signed by the Case Management Team as needed, but no less frequently than annually. The attending physician is not required to sign the Individual Plan of Care if current signed physician orders are included with the Individual Plan of Care.

(d) Waiver Services shall be provided in accordance with the Enrollee's Individual Plan of Care.

(9) Physician Services.

(a) The Enrollee's attending physician or other licensed physician shall write new orders for the Enrollee as needed and, at a minimum, every ninety (90) calendar days.

(b) The Administrative Lead Agency shall ensure that each Enrollee receives physician services as needed and, at a minimum, an annual medical examination or physician visit, and shall document such in the Enrollee's record.

(10) Reevaluation and Recertification of Need for Continued Stay.
(a) The Administrative Lead Agency shall perform reevaluations of the Enrollee’s need for continued stay in the Waiver within 365 calendar days of the date of enrollment and at least annually thereafter.

(b) Recertifications, documented in a format approved by the Bureau of TennCare, shall be performed by the Enrollee’s physician within 365 calendar days of the initial certification date and at least annually thereafter. The Administrative Lead Agency shall maintain in its files a copy of the recertification of need for continued stay.

(11) Voluntary Disenrollment.

(a) Voluntary disenrollment of an Enrollee from the Waiver may occur at any time upon written notice from the Enrollee or the Enrollee’s legal representative to the Administrative Lead Agency. A Level I PASRR assessment for mental illness and mental retardation is required when an Enrollee transfers to a Nursing Facility. If the Level I PASRR assessment indicates the need for a PASRR Level II evaluation of need for specialized services for mental illness or mental retardation, the Enrollee must undergo the PASRR Level II evaluation. Prior to disenrollment, the Administrative Lead Agency shall assist the Enrollee in locating alternate services to provide the appropriate level of care and shall assist in transitioning the enrollee to the new services.

(b) If the Enrollee’s medical condition or social environment deteriorates such that the medical, functional, and social needs cannot be met by the Waiver, the Enrollee or the Enrollee’s legal representative may request disenrollment from the Waiver. The Administrative Lead Agency shall assist the individual with placement in the appropriate level of care.

(c) Upon voluntary disenrollment from the Waiver, the individual shall be entitled to receive Medicaid covered services only if still eligible for Medicaid.

(12) Involuntary Disenrollment.

2. An Enrollee becomes ineligible for Medicaid or is found to be erroneously enrolled in the Waiver.

3. An Enrollee is no longer a resident of Tennessee.

4. The condition of the Enrollee improves such that the Enrollee no longer requires the level of care provided by the Waiver.

5. The condition of the Enrollee deteriorates such that the medical, functional, and social needs of the Enrollee cannot be met by the Waiver.
6. The State reasonably expects that the cost of waiver services and TennCare home health and private duty nursing services the individual would receive will exceed the average cost of Level 1 Nursing Facility services.

7. The home or home environment of the Enrollee becomes unsafe to the extent that it would reasonably be expected that Waiver Services could not be provided without significant risk of harm or injury to the Enrollee or to individuals who provide covered services to the Enrollee.

8. The Enrollee no longer has a caregiver, as defined herein, or the caregiver is unwilling or unable to provide services needed by the Enrollee, and an alternate caregiver cannot be arranged.

9. The Enrollee or the Enrollee's caregiver refuses to abide by the Individual Plan of Care, the Physician's Plan of Care, or related Waiver policies, resulting in the inability of the Waiver to assure quality care.

10. A provider of Waiver Services is unwilling or unable to continue to provide services and an appropriate alternate service provider cannot be arranged.

11. The health, safety, and welfare of the Enrollee cannot be assured due to the lack of an approved Safety Plan or an approved Individual Plan of Care, or the continuing need for Waiver Services is not recertified by the Enrollee's physician.

12. The Enrollee does not receive waiver services for a period exceeding 120 days if such period began prior to March 1, 2010, or a period exceeding 90 days if such period begins on or after March 1, 2010, due to the need for inpatient services in a hospital, nursing facility, or other institutional setting.

(b) If the individual is involuntarily disenrolled from the Waiver, the Administrative Lead Agency shall assist the Enrollee in locating a Nursing Facility or other alternative providing the appropriate level of care and in transferring the Enrollee. Pursuant to TennCare Rules 1200-13-01-.10 and 1200-13-01-.23, a Level I PASRR screen for mental illness and mental retardation must be completed prior to admission when an Enrollee transfers to a Nursing Facility. If the Level I PASRR screen indicates the need for a PASRR Level II evaluation of need for specialized services for mental illness or mental retardation, the Enrollee must undergo the PASRR Level II evaluation prior to admission to the Nursing Facility.

(c) The Administrative Lead Agency shall notify the Bureau of TennCare in writing a minimum of 2 working days prior to issuing involuntary disenrollment notice to an Enrollee.
(Rule 1200-13-01-.17, continued)

(d) Waiver Services shall continue until the date of discharge of the Enrollee from the Waiver.

(e) Notice of Disenrollment.

1. Except under circumstances when the Statewide E/D Waiver is terminated, or the enrollee is no longer categorically or financially eligible for Medicaid, or no longer meets medical eligibility (or nursing facility level of care) requirements, the Administrative Lead Agency shall provide an Enrollee written advance notice of involuntary disenrollment with an explanation of the Enrollee’s right to a hearing pursuant to T.C.A. §71-5-113.

2. When the Statewide E/D Waiver is terminated in a Grand Division upon implementation of the CHOICES program, notice of transition to the CHOICES program shall be provided in accordance with the State’s approved section 1115 waiver amendment.

3. If a person is involuntary disenrolled from the Statewide E/D Waiver because his Medicaid eligibility has ended, the Medicaid eligibility termination notice, including the right to request a fair hearing regarding such eligibility decision, shall constitute notice of action for termination of all Medicaid-reimbursed (including waiver) services. Additional notice regarding involuntary disenrollment from the waiver shall not be provided.

(13) Reduction of Services. If the Enrollee’s condition substantially improves, the Administrative Lead Agency and the Bureau of TennCare shall have the right to reduce Waiver Services.

(g) The Administrative Lead Agency shall ensure that the physician's initial certification and subsequent recertifications are obtained. Failure to perform recertifications in a timely manner and in the format approved by the Bureau of TennCare shall require a corrective action plan and shall result in full or partial recoupment of all amounts paid by the Bureau of TennCare during the time that recertification has lapsed.

1200-13-01-.22 REPEALED.

(1) Definitions. See Rule 1200-13-01-.02. The following definitions shall apply for interpretation of this rule:

(a) Identification Screen (Level I) - The identification screen is to determine which nursing facility applicants or residents have mental illness or mental retardation and are subject to preadmission screening/resident review (PASRR). Individuals with a supportable primary diagnosis of Alzheimer’s disease or dementia will also be detected through the identification screen. Nursing facilities are responsible for ensuring that all applicants receive a Level I identification screen prior to admission to the facility, and for submission of the Level I screen to TennCare.

(b) Preadmission Screening/Resident Review (Level II) - The process whereby a determination is made about whether the individual requires the level of services provided by a nursing facility or another type of facility and, if so, whether the individual requires specialized services. These reviews shall be the responsibility of the State Department of Mental Health and Developmental Disabilities and/or the Division of Intellectual Disabilities, as applicable.

(c) Mental Illness - An individual is considered to have mental illness if he/she has a current primary or secondary diagnosis of a major mental disorder (as defined in the Diagnostic and Statistical Manual of Mental Disorders, 3rd edition) limited to schizophrenic, paranoid, major affective, schizoaffective disorders and atypical psychosis, and does not have a primary diagnosis of dementia (including Alzheimer’s disease or a related disorder).

(d) Mental Retardation and Related Conditions - An individual is considered to be mentally retarded if he/she has a level of retardation (mild, moderate, severe or profound) as described in the American Association on Mental Deficiency’s Manual on Classification in Mental Retardation (1983).

Mental Retardation refers to significantly subaverage general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period (i.e., prior to age eighteen).

The provisions of this section also apply to persons with “related conditions”, as defined by 42 CFR 435.1010, which states: “Persons with related conditions” means individuals who have a severe, chronic disability that meets all of the following conditions:

1. It is attributable to:

   (i) Cerebral palsy or epilepsy, or

   (ii) Any other condition, other than mental illness, found to be closely related to mental retardation because this condition results in impairment of general intellectual functioning or adaptive behavior.
similar to that of persons with mental retardation, and requires

treatment or services similar to those required for these persons.

2. It is manifested before the person reaches age 22.

3. It is likely to continue indefinitely.

4. It results in substantial functional limitations in three or more of the

   following areas of major life activity:

   (i) Self-care;

   (ii) Understanding and use of language;

   (iii) Learning;

   (iv) Mobility;

   (v) Self-direction; or

   (vi) Capacity for independent living.

(e) Specialized Services for Individuals with Mental Retardation—A continuous

   program for each individual, which includes aggressive, consistent

   implementation of a program of specialized and generic training, treatment,

   health services and related services that is directed towards (1) the acquisition

   of the behaviors necessary for the client to function with as much self

   determination and independence as possible; and (2) the prevention or

   deceleration of regression or loss of current optimal functional status.

   Specialized services does not include services to maintain generally

   independent clients who are able to function with little supervision or in the

   absence of a continuous specialized services program.

(f) Specialized Services for Individuals with Mental Illness—Specialized services is

   defined as the implementation of an individualized plan of care developed

   under and supervised by a physician, provided by a physician and other

   qualified mental health professionals, that prescribes specific therapies and

   activities for the treatment of persons who are experiencing an acute episode

   of severe mental illness, which necessitates supervision by trained mental

   health personnel.

(2) Medicaid-certified nursing facilities may not admit individuals applying for admission

   unless these persons are screened to determine if they have mental illness or

   mental retardation regardless of method of payment or “known diagnosis.” A

   Medicaid-certified nursing facility is prohibited from admitting any new resident who

   has mental illness or mental retardation (or a related condition), unless that

   individual has been determined by the Tennessee Department of Mental Health and

   Developmental Disabilities and/or the Division of Intellectual Disabilities Services, as

   applicable, not to be in need of specialized services and appropriate for placement in

   a nursing facility. (The individual must also meet the Bureau of TennCare’s
(Rule 1200-13-01-.23, continued)

preadmission criteria for nursing facility services). The criteria to be used in making
determinations will be categorized into two levels: 1) identification screens (Level I)
and 2) preadmission screening/resident reviews evaluations (Level II).

(a) Criteria for Identification Screen (Level I)

1. Prior to admission of any person to a nursing facility, it must be
determined if:

(i) For Mental Illness:

(I) The individual has a diagnosis of mental illness. (See prior
definition of mental illness in Rule 1200-13-01-.02.)

(II) The person has any recent (within the last two years) history of
mental illness, or has been prescribed a major tranquilizer on
a regular basis in the absence of justifiable neurological
disorder.

(III) There is any presenting evidence of mental illness (except
primary diagnosis of Alzheimer's disease or dementia)
including possible disturbances in orientation or mood.

(ii) For Mental Retardation or Persons with Related Conditions:

(I) The individual has a diagnosis of mental retardation. (See
prior definition of mental retardation in Rule 1200-13-01-.02.)

(II) There is any history of mental retardation or developmental
disability in the identified individual's past.

(III) There is any presenting evidence (cognitive or behavior
functions) that may indicate the person has mental retardation
or developmental disability.

(IV) The person is referred by an agency that serves persons with
mental retardation (or other developmental disabilities), and
the person has been deemed to be eligible for that agency's
services.

(V) The preceding criteria must also be applied to residents of a
nursing facility who have not received an identification screen.

(VI) There must be a record of the identification screen results and
interpretation in the nursing home resident's record.

(VII) Results of the identification screen must be used (unless there
is other indisputable evidence that the individual is not
mentally ill or mentally retarded) in determining whether an
individual is has (or is suspected to be have) mentally ill or
mentally retarded mental illness or mental retardation and therefore must be subjected to the PASRR process. Findings from the evaluation should be used in making determinations about whether an individual has mental illness or mental retardation.

(b) Any individual for whom there is a negative response for all of the identification evaluative criteria for mental retardation or mental illness and for whom there is no other evidence of a condition of mental illness or mental retardation may be admitted to or continue to reside in a Medicaid-certified nursing facility without being determined appropriate for nursing facility placement through the PASRR evaluation process (Level II).

(c) Any individual for whom there is a positive response for any of the identification evaluative criteria for mental retardation or mental illness may not be admitted to or continue to reside in a Medicaid-certified nursing facility without being determined appropriate for nursing facility placement through the PASRR evaluation process (Level II).

(d) Exemptions from Level II Review

An individual who has a diagnosis of mental illness or mental retardation will be exempt from the PASRR process if they meet any of the following criteria:

1. Dementia - This must be a primary diagnosis based on criteria in the Diagnostic and Statistical Manual of Mental Disorders, 3rd edition; or it may be the secondary diagnosis (including Alzheimer’s disease and related disorders) as long as the primary diagnosis is not a major mental illness. The primary or secondary diagnosis of dementia (including Alzheimer’s disease and related disorders) must be based on a neurological examination. Dementia is not allowed as an exemption if the individual has, or is suspected of having, a diagnosis of mental retardation.

2. Convalescent Care - Any person with mental illness or mental retardation as long as that person is not a danger to self and/or others, may be admitted to a Medicaid-certified nursing facility after release from an acute care hospital for a period of recovery without being subjected to the PASRR process for mentally ill or mentally retarded evaluation of mental illness or mental retardation.

3. Terminal Illness - Under Section 1861(dd)(3)(A) of the Social Security Act 42 U.S.C.A § 1395x(dd)(3)(A), a Medicare beneficiary is considered to be terminally ill if he or she has a medical prognosis that his/her life expectancy is six months or less. This same standard is to be applied to Medicaid recipients with mental illness, mental retardation or related conditions who are found to be suffering from a terminal illness. An individual with mental illness or mental retardation, as long as that person is not a danger to self and/or others, may be admitted to or reside in a Medicaid-certified nursing facility without being subjected to the
PASRR/MI or PASRR/MR evaluative process if he or she is certified by a physician to be "terminally ill," as that term is defined in Section 1861(dd)(3)(A) of the Social Security Act 42 U.S.C.A § 1395x(dd)(3)(A), and requires continuous nursing care and/or medical supervision and treatment due to his/her physical condition.

4. Severity of Illness - Any person with mental illness or mental retardation who is comatose, ventilator dependent, functions at the brain stem level, or has a diagnosis of: Severe Parkinson’s Disease, Huntingdon’s Disease, Amyotrophic Lateral Sclerosis, Congestive Heart Failure, or Chronic Obstructive Pulmonary Disease, and any other diagnosis so determined by the Centers for Medicare and Medicaid Services.

(e) Processes upon expiration of exemption

1. If an individual is admitted to a nursing facility as a Medicare patient, with a “30-day hospital discharge exemption” on the PASRR screen form, and it is determined that the individual will need to extend the stay beyond 30 days, it is the responsibility of the nursing facility to notify TennCare and to ensure that a PASRR evaluation is completed no more than 40 days from the original date of admission (i.e., within 10 days of expiration of the 30-day exemption). If Medicaid reimbursement will be sought, this includes submission and disposition of the PAE which will be required in order to timely complete the PASRR evaluation.

2. If an individual enters the facility with an exemption of “120-day short term stay” on the PASRR screen form and it is determined that the individual will need to extend the stay beyond 120 days, it is the responsibility of the nursing facility to notify TennCare at least seven (7) working days prior to expiration of the 120 days in order to ensure that a PASRR evaluation is completed timely before the 120-day exemption expires. If Medicaid reimbursement will be sought, the PAE must also be submitted to TennCare with sufficient time for review and approval. In such case, it is the responsibility of the nursing facility to notify TennCare and to submit a completed PAE at least ten (10) working days prior to expiration of the 120 days in order to ensure that a PASRR evaluation is completed timely before the 120-day exemption expires.

(3) Right to Appeal - Each patient has the right to appeal any decision made. The appeal process will be handled in accordance with T.C.A. §71-5-113.

(d) If the resident has resources to apply toward payment, the payment made by the state will be his current maximum payment per day, charges or per diem cost (whichever is less), minus the available patient resources.  

(e) Payments for residents requiring ICF/MR services will not exceed per diem costs or charges, whichever is less.  

(f) If an ICF/MR (upon submission of a cost report and audit of its cost), has collected on a per diem basis during the period covered by the cost report and audit, more than cost reimbursement allowed for the ICF/MR patient, the facility shall be required to reimburse the state (through the Bureau of Medicaid and/or the ICF/MR's Third Party), for that portion of the reimbursement collected in excess of the cost reimbursement allowed.  

(g) Regardless of the reimbursement rate established for an ICF/MR, no ICF/MR may charge Medicaid patients an amount greater than the amount per day charge to private paying patients for equivalent accommodations and services.  

(h) Personal laundry services in an ICF/MR shall be considered a covered service and included in the per diem rate. Medicaid patients may not be charged for personal laundry services.  

(4) Conditions that ICFs/MR must meet to receive Medicaid reimbursement
(a) An ICF/MR which has entered into a provider agreement with the Bureau of TennCare is entitled to receive Medicaid reimbursement for covered services provided to an ICF/MR Eligible if

1. The Bureau of TennCare has received an approvable ICF/MR PreAdmission Evaluation for the individual within ten (10) calendar days of the ICF/MR PAE Request Date or the physician certification date, whichever is earlier. The PAE Approval Date shall not be more than ten (10) days prior to date of submission of an approvable PAE. An approvable PAE is one in which any deficiencies in the submitted application are cured prior to disposition of the PAE.

2. For the transfer to an ICF/MR of an individual having an approved unexpired ICF/MR PreAdmission Evaluation, the Bureau of TennCare has received an approvable Transfer Form within ten (10) calendar days after the date of the transfer. For transfer from ICF/MR services to an HCBS MR Waiver program, the transfer form must be submitted and approved prior to enrollment in the HCBS MR Waiver program.

3. For a retroactive eligibility determination, the Bureau of TennCare has received a Notice of Disposition or Change and has received an approvable request to update an approved, unexpired ICF/MR PreAdmission Evaluation within thirty (30) calendar days of the mailing date of the Notice of Disposition or Change. The effective date of payment for ICF/MR services shall not be earlier than the PAE Approval Date of the original approved, unexpired PAE which has been updated.

(b) Any deficiencies in a submitted PAE application must be cured prior to disposition of the PAE to preserve the PAE submission date for payment purposes.

1. Deficiencies cured after the PAE is denied but within thirty (30) days of the original PAE submission date will be processed as a new application, with reconsideration of the earlier denial based on the record as a whole (including both the original denied application and the additional information submitted). If approved, the effective date of PAE approval can be no earlier than the date of receipt of the information which cured the original deficiencies in the denied PAE. Payment will not be retroactive back to the date the deficient application was received or to the date requested in the deficient application.

2. Once a PAE has been denied, the original denied PAE application must be resubmitted along with any additional information which cures the deficiencies of the original application. Failure to include the original denied application may delay the availability of Medicaid reimbursement for ICF/MR services.

(c) An ICF/MR that admits a Medicaid Eligible without an approved ICF/MR PreAdmission Evaluation or, where applicable, an approved Transfer Form does so without the assurance of reimbursement from the Bureau of TennCare.

(5) Reimbursement methodology for Intermediate Care Facilities for persons with Mental Retardation (or pursuant to Federal Law, Intermediate Care Facilities for the Mentally Retarded).

December, 2009 (Revised) 335
GENERAL RULES

(a) Private for-profit and private not-for-profit Intermediate Care Facilities for persons with Mental Retardation (or pursuant to Federal Law, Intermediate Care Facilities for the Mentally Retarded) (ICFs/MR) shall be reimbursed at the lower of Medicaid cost or charges. An annual inflation factor will be applied to operating costs. The trending factor shall be computed for facilities that have submitted cost reports covering at least six months of program operations. For facilities that have submitted cost reports covering at least three full years of program participation, the trending factor shall be the average cost increase over the three-year period, limited to the 75th percentile trending factor of facilities participating for at least three years. Negative averages shall be considered zero. For facilities that have not completed three full years in the program, the one-year trending factor shall be the 50th percentile trending factor of facilities participating in the program for at least three years. For facilities that have failed to file timely cost reports, the trending factor shall be zero. Capital-related costs are not subject to indexing. Capital-related costs are property, depreciation, and amortization expenses included in Section F.18 and F.19 of the Nursing Facility Cost Report Form. All other costs, including home office costs and management fees, are operating costs. Once a per-diem rate is determined from a clean cost report, the rate will not be changed until the next rate determination except for audit adjustments, correction of errors, or termination of a budgeted rate.

(b) Public Intermediate Care Facilities for persons with Mental Retardation (or pursuant to Federal Law, Intermediate Care Facilities for the Mentally Retarded) (ICFs/MR) that are owned by government shall be reimbursed at 100% of allowable Medicaid costs with no cost-containment incentive. Reimbursement shall be based on Medicare principles of retrospective cost reimbursement with year-end cost report settlements. Interim per-diem rates for the fiscal year beginning July 1, 1995 and ending June 30, 1996 shall be established from budgeted cost and patient day information submitted by the government ICF/MR facilities. Thereafter, interim rates shall be based on the providers' cost reports. There will be a tentative year-end cost settlement within 30 days of submission of the cost reports and a final settlement within 12 months of submission of the cost reports.

(c) Costs for supplies and other items, including any facility staff required to deliver the service, which are billed to Medicare Part B on behalf of all patients must be included as a reduction to reimbursable expenses in Section G of the nursing facility cost report.

(6) Bed holds.

An ICF/MR will be reimbursed in accordance with this paragraph for the recipient's bed in that facility during the recipient's temporary absence from that facility in accordance with the following:

(a) For days not to exceed 15 days per occasion while the recipient is hospitalized and the following conditions are met:

1. The resident intends to return to the ICF/MR.

2. The hospital provides a discharge plan for the resident.
3. At least 85% of all other beds in the ICF/MR certified at the recipient's designated level of care (i.e., intensive training, high personal care or medical), when computed separately, are occupied at the time of hospital admission. An occupied bed is one that is actually being used by a patient. Beds being held for other patients while they are hospitalized or otherwise absent from the facility are not considered to be occupied beds, for purposes of this calculation.

4. Each period of hospitalization must be physician ordered and so documented in the patient's medical record in the ICF/MR.

(b) For days not to exceed 60 days per state fiscal year and limited to 14 days per occasion while the recipient, pursuant to a physician's order, is absent from the facility on a therapeutic home visit or other therapeutic absence.

(7) Other reimbursement issues

(a) No change of ownership or controlling interest of an existing Medicaid provider, including ICFs/MR, can occur until monies as may be owed to Medicaid are provided for. The purchaser shall notify Medicaid of the purchase at the time of ownership change and is financially liable for the outstanding liabilities to Medicaid for one (1) year from the date of purchase or for one (1) year following Medicaid's receipt of the provider's Medicare final notice of program reimbursement, whichever is later. The purchaser shall be entitled to utilize any means available to it by law to secure and recoup these funds from the selling entity. In addition, purchasers of ICFs/MR are responsible for obtaining an accurate accounting and transfer of funds held in trust for Medicaid residents at the time of the change of ownership or controlling interest.

(b) If the Division of Medicaid has not reimbursed a business for Medicaid services provided under the Medicaid program at the time the business is sold, when such an amount is determined the division of Medicaid shall be required to reimburse the person owning the business provided such sale included the sale of such assets.

(c) When a provider was originally paid within a retrospective payment system that is subject to regular adjustments and the provider disputes the proposed adjustment action, the provider must file with the State not later than thirty (30) days after receipt of the notice informing the provider of the proposed adjustment action, a request for hearing. The provider's right to a hearing shall be deemed waived if a hearing is not requested within thirty (30) days after receipt of the notice.
