Regulatory Flexibility Addendum

Pursuant to T.C.A. §§ 4-5-401 through 4-5-404, prior to initiating the rule making process, all agencies shall conduct a review of whether a proposed rule or rule affects small business.

1. The type or types of small business and an identification and estimate of the number of small businesses subject to the proposed rule that would bear the cost of, or directly benefit from the proposed rule: The amended rules should not affect small employers that fall under the Tennessee Workers' Compensation Laws, which would be employers with at least five employees, or for those in the construction industry at least one employee. There should be no additional costs associated with these rule changes.

2. The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed rule, including the type of professional skills necessary for preparation of the report or record: There is no additional record keeping requirement or administrative cost associated with these rule changes.

3. A statement of the probable effect on impacted small businesses and consumers: These rules should not have a negative impact on consumers or small businesses.

4. A description of any less burdensome, less intrusive or less costly alternative methods of achieving the purpose and objectives of the proposed rule that may exist, and to what extent the alternative means might be less burdensome to small business: There are no less burdensome methods to achieve the purposes and objectives of these rules.

5. Comparison of the proposed rule with any federal or state counterparts: None.

6. Analysis of the effect of the possible exemption of small businesses from all or any part of the requirements contained in the proposed rule: Exempting small businesses could frustrate the small business owners' access to the services provided by the Bureau of Workers' Compensation and timely medical treatment for injured workers, which would be counter-productive.
Impact on Local Governments

Pursuant to T.C.A. §§ 4-5-220 and 4-5-228 "any rule proposed to be promulgated shall state in a simple declarative sentence, without additional comments on the merits of the policy of the rules or regulation, whether the rule or regulation may have a projected impact on local governments." (See Public Chapter Number 1070 (http://publications.tnsosfiles.com/acts/106/pub/pc1070.pdf) of the 2010 Session of the General Assembly.)

These proposed rules will have little, if any, impact on local governments.

0800-02-14-.01  SCOPE OF RULES.

The provisions of this chapter shall apply to all employers, adjusting entities and providers of services related to workers' compensation claims in the State of Tennessee subject to provisions of the Workers' Compensation Law.

0800-02-14-.02  DEFINITIONS.

(1) “Adjusting entity” means a trade or professional association, managing general agency, pool, third party administrator and/or insurance company licensed to write workers' compensation insurance in Tennessee and shall also mean a self-insured employer or group self-insured employers possessing a valid certificate of authority from the commissioner of commerce and insurance pursuant to T.C.A. § 50-6-405.

(2) “Adjuster”, “claims adjuster”, “med-only adjuster”, or “claims handler” means a representative of an adjusting entity who investigates workers' compensation claims for the purposes of making compensability determinations, files or causes claims forms to be filed with the Bureau, commences benefits, and/or makes settlement recommendations based on the insured’s liability on behalf of a self-insured employer, trade or professional association, third party administrator, and/or insurance company.

(3) “Administrator” shall have the same definition of “Administrator” as in T.C.A. § 50-6-102.

(4) “Bureau” means the Tennessee Bureau of Workers’ Compensation as defined in T.C.A. § 50-6-102, an autonomous unit attached to the Department of Labor and Workforce Development for administrative matters only, pursuant to T.C.A. §4-3-1409.

(5) “Claim” means a demand for something as due; an assertion of a right or an alleged right.

(6) “Electronic Data Interchange” or “EDI” means the electronic communication method that provides standards for exchanging data via electronic means. The term “EDI” encompasses the entire electronic data interchange process, including the transmission, message flow, document format, and software used to interpret the documents using the standards established by the IAIABC and the Release Version accepted by the Bureau at the time of the filing.
(7) “Electronic Form Equivalent” means the original document, provided on the Bureau’s website, which is to be used when a sender reports required data via a paper document. When forms are reproduced, they shall be reproduced in their entirety, including instructions and shall not be modified without written consent of the Administrator. A form may be revised at any time at the discretion of the Administrator and will be available at no cost.

(8) “Employee” shall have the same definition of “Employee” as in T.C.A. § 50-6-102.

(9) “Employer” shall have the same definition of “Employer” as in T.C.A. § 50-6-102.

(10) “First Report of Work Injury” means the EDI equivalent of the form available on the Bureau’s website and designated by the Bureau as the appropriate document to initially report a claim of injury.

(16) “Trading partner” means an entity approved by the Bureau to exchange data electronically with the Bureau on behalf of an adjusting entity.

0800-02-14-.03 GENERAL REQUIREMENTS.

(1) Any employer or adjusting entity that knowingly, willfully and intentionally causes a claim to be paid under any health or sickness and accident insurance or that fails to provide reasonable and necessary medical treatment, including a failure to reimburse when the employer or adjusting entity knew that the claim arose out of a compensable work-related injury shall be assessed a civil penalty of $500.00. The employer or adjusting entity shall not offset any benefit paid by that insurance against its temporary total disability benefit liability.

(2) Each adjusting entity shall designate at least one contact person to serve as a liaison between the entity and the Bureau. The designee must have the ability to provide information about claims assignments, status of payments and contact information for the adjusting entity’s adjusters as well as the entity’s primary EDI contact. The designee’s name, title, direct phone number, email address, and mailing address shall be provided to the Bureau, on a form prescribed by the Bureau, in January of each year and within fifteen (15) calendar days of any change regarding the designee for that entity. Each January and July, the designee shall provide the Bureau, on a form prescribed by the Bureau, with the name(s), direct phone number(s), email address(es), and mailing address(es) for each individual adjuster that is performing duties covered by these Rules. Each separate act of not timely notifying the Bureau of a change in the designee or not timely providing the information...
required in this subsection regarding adjusters shall constitute a separate violation and may subject the entity to assessment of a civil penalty, per Rule 0800-02-01-.10, for each separate act.

(3) If an adjusting entity contracts with a trading partner to electronically file transactions with the Bureau on the entity’s behalf, or uses a trading partner’s software product for electronically sending transactions to the Bureau, a Trading Partner Agreement form, provided by the Bureau, must be fully completed and submitted to the Bureau. The adjusting entity shall remain responsible for the timely filing of transactions required by this rule, processing of acknowledgements, and any penalties and fines that may result from untimely electronic filings.

(4) All adjusting entities or trading partners shall utilize anti-virus software to remove any viruses on all electronic transmissions prior to sending electronic transmissions to the Bureau. The adjusting entity or trading partner shall maintain the anti-virus software with the most recent anti-virus update files from the software provider. If the adjusting entity or trading partner sends a transmission that contains a virus which prevents the Bureau from processing the transmission, the transmission will not be considered as having been received.

0800-02-14-.04 CLAIMS REPORTING REQUIREMENTS.

(1) All forms required by these rules must be filed with the Bureau via EDI, unless an electronic form equivalent is specifically allowed or required by the Bureau. Requirements for EDI reporting are posted on the Bureau’s website.

2. If the adjusting entity later learns the correct SSN, the adjusting entity shall immediately notify the Bureau via EDI by filing the FROI02.

(3) The adjusting entity shall ensure that all documents filed with the Bureau pursuant to this chapter, either by EDI or electronic form equivalent, are complete and legible.

(a) If a filing is not complete and error free, the filing shall be rejected. The adjusting entity shall make the correction and resubmit the filing to the Bureau. The filing will be
(Rule 0800-02-14-.04, continued)

considered “accepted” and in compliance with this section only when a complete and error free filing is received and not rejected by the Bureau.

(b) An adjusting entity will be subject to a penalty for any calendar month in which it fails to successfully transmit its documents with at least an 85% acceptance by the Bureau success rate for its filings. The assessment of this penalty will not preclude the assessment of additional penalties outlined in Rules 0800-02-13.

(4) Every adjusting entity shall submit Tennessee’s First Report of Work Injury form to the Bureau as soon as possible in all cases where the reported injury results in the need for medical treatment, restricted work, the inability to work, or death, but no later than the time frames listed below.

(a) Reports of all injuries causing seven (7) calendar days of disability or fewer shall be submitted on or before the fifteenth (15th) day of the month following the month in which the injury occurred.

(b) Injuries that result in death or a personal injury of a nature that the injured employee did not return to the employee’s employment within seven (7) calendar days after the occurrence of the injury must be reported no later than fourteen (14) calendar days after the report by an employer of the occurrence of the injury.

(c) Minor injuries such as scratches, scrapes, paper cuts and/or other injuries treated solely by minor first aid are not required to be reported to the Bureau. More serious injuries such as sprains, strains or bruising must be reported.

If after conducting a reasonable investigation as required by these rules a claim is denied, the adjusting entity must notify the Bureau within five (5) business days of reaching that decision by filing the required information via EDI and must provide the employee or their representative, the treating physician and the insured a non-EDI version of the Notice of Denial, available on the Bureau’s website, simultaneously with the notification to the Bureau. The notice must include the basis for the denial.

(7) Adjusting entities must file the required information via EDI within five (5) business days of the initial payment of benefits and within five (5) business days of a change or termination of the payment of compensation benefits. The adjusting entity must also provide the employee or their representative and the insured a non-EDI version of the Notice of Change or Termination of Compensation Benefits simultaneously with the notification to the Bureau and must provide the explanation of the rationale upon which the modification was based.

(8) An adjusting entity electing to terminate benefits after they have been paid in a claim shall submit a MTC SROI 04 – Denial for a full denial of all further indemnity and medical benefits or a SROI MTC PD – Partial Denial for denial of a specific indemnity or medical benefit via EDI within five (5) fifteen (15) calendar days of the due date of the first omitted payment.
