- (1) Alternative education is a non-traditional, short-term academic program or school designed to meet the student's educational, behavioral, and social needs. Alternative education includes alternative schools and alternative programs.
- (2) Alternative school means a short-term intervention program designed to provide educational services outside of the regular school program for students who have been suspended or expelled. Alternative schools are located in a separate facility from the regular school program.
- (3) Alternative program means a short-term intervention program designed to provide educational services outside of the regular school program for students who have been suspended or expelled. Alternative programs may be located within the regular school or be a self-contained program within a school. Alternative programs include, but are not limited to, night schools or in-school suspension.
- (4) Pursuant to T.C.A. § 49-6-3402(i) alternative schools and alternative programs may provide virtual instruction to students assigned to the alternative school or alternative program through a virtual school or virtual program in accordance with State Board Virtual Education Rule 0520-01-03-.05. Tracking of student attendance for students assigned to an alternative school or alternative program who are receiving virtual instruction shall comply with the attendance procedures set forth in State Board Virtual Education Rule 0520-01-03-.05.
- (5) Pursuant to T.C.A. § 49-6-3402, local boards of education may establish alternative schools or alternative programs for students in grades one (1) through six (6) who have been suspended or expelled from the regular school program.
- (6) Attendance in an alternative school or alternative program shall be voluntary for students in grades one through six (1-6) who have been suspended or expelled from the regular school program, unless the local board of education adopts a policy mandating attendance in either instance.
- (7) A local board of education shall establish at least one (1) alternative school or alternative program for students in grades seven (7) through twelve (12) who have been suspended or expelled. Attendance in an alternative school or alternative program is mandatory for students in grades seven through twelve (7-12) who have been suspended for more than ten (10) days or expelled from the regular school program if space and staff are available. Space and staff availability shall be determined by the LEA at the time the disciplinary decision is rendered.
 - (a) Attendance in an alternative school or alternative program is not mandatory for students in grades seven through twelve (7-12) who have been expelled from the regular school program for committing a zero-tolerance offense. However, this does not prohibit a director of schools, or a director's designee, from assigning a student who has been expelled from the regular school program for committing a zero-tolerance offense to an alternative school or alternative program.

- (b) A director of schools, or a director's designee, is not required to assign a student in grades seven through twelve (7-12) who has been suspended for more than ten (10) days or expelled from the regular school program for an offense of violence or threatened violence, or an offense that threatened the safety of persons attending or assigned to the student's school, to an alternative school or alternative program if conditions set forth in T.C.A. § 49-6-3402(c)(1)(C) are met.
- (8) Students in pre-Kindergarten or Kindergarten shall not be assigned to an alternative school or alternative program.
- (9) Each local board of education shall adopt a policy regarding alternative education that is aligned to this rule and the State Board's Alternative Education Policy 2.302.
- (10) Requirements for alternative education:
 - (a) The instruction shall proceed as nearly as practicable in accordance with the instructional program in the student's regular school. Instruction shall be based on the academic standards adopted by the State Board.
 - (b) All course work and credits earned shall be transferred and recorded in the student's home school, which shall grant credit earned and progress thereon as if earned in the home school.
 - (c) Students shall participate in all required state assessments at sites determined by school officials and in accordance with established guidelines regarding student grade levels and eligibility. State assessment results shall be reported in the LEA where the student was enrolled prior to his or her placement in the alternative school.
 - (d) Each alternative school or alternative program shall comply with class size requirements established in T.C.A. § 49-1-104 and instructional and planning time requirements established by the State Board. Nothing shall prohibit an LEA from establishing a lower class size ratio in an alternative school or alternative program.
 - (e) The minimum length of the school day for alternative schools and alternative programs shall be six and one-half (6½) hours.
 - (f) LEAs shall monitor and regularly evaluate the academic progress of each student enrolled in an alternative school or alternative program.
 - (g) Students are subject to all rules pertaining to the alternative school or alternative program.
 - 1. The director of schools, or the director's designee, may remove a student from the alternative school or alternative program if the director, or the director's designee, determines that:
 - (i) The student has violated the rules of the alternative school or alternative program; or
 - (ii) The student is not benefiting from the student's assignment to the alternative school or alternative program, and all interventions available to help the student to succeed in the alternative school or alternative program have been exhausted unsuccessfully.
 - 2. A student's removal from the alternative school or alternative program shall not constitute grounds for extending the length of original suspension or expulsion.
 - 3. The director of schools, or the director's designee, shall make the final decision on removal.

- (h) If a student has an active Individualized Education Program (IEP), a 504 plan, or is suspected of having a disability, all state and federal laws and rules relating to students with disabilities and special education shall be followed.
- (i) Prior to the assignment of a student to an alternative school or alternative program, the LEA shall provide written notice, which includes the reason for the student's placement, to the student's parent or guardian. Reasons for placement in an alternative school or alternative program must be documented. End of year reports must be made to the regular school for each student.
- (j) Each teacher providing instruction to students in an alternative school or alternative program shall be licensed to teach in Tennessee and shall meet the qualifications to teach in compliance with the rules and regulations of the State Board.
- (k) Alternative schools shall have an appropriately licensed administrator assigned to supervise the school.
- (l) Support services such as counseling and psychological services must be accessible.
- (m) Each LEA shall develop and implement formal transition plans for the integration of students from a traditional school to an alternative school or from an alternative school back to a traditional school. Transition plans shall be targeted to improve communication between a traditional school and an alternative school staff and should address any barriers that would prohibit students from successfully transitioning. Transition plans shall include aligning of curricula, in-take procedures for students returning to traditional school, professional development opportunities for traditional and alternative school staff, educational and behavioral supports, follow-up for students returning to traditional school, and the development of graduation and postsecondary goals.
- (n) All alternative school classrooms shall have working two-way communication systems that make it possible for teachers or other employees to notify a principal, supervisor, or other administrator that there is an emergency.
- (o) It is the responsibility of the director of schools to ensure that all alternative school teachers and other employees have been trained to use the two-way communication system and are notified of emergency procedures prior to the beginning of classes for any school year and when changes are made in the emergency procedures and/or personnel. Such emergency procedures shall be linked to the school and school system emergency preparedness plan.
- (p) LEAs shall submit an annual alternative education survey to the Department that provides the following information:

 - 2. Number and grade level of students served;
 - 3. Primary reason for student assignment;
 - 4. Number of faculty and staff; and
 - 5. Information required by T.C.A. § 49-6-3405.

(12) Facilities:

- (a) A local board of education may not contract or otherwise affiliate with an alternative school program which requires an order of a court as a precondition of placement in such alternative school.
- (b) A local board of education may contract with independent contractors to provide alternative school facilities and other appropriate services consistent with T.C.A. § 49-2-203.
- (c) A local board of education may establish its own facility.
- (d) Two or more boards may join together and establish an alternative school attended by students from any such LEA.
- (e) Through a mutually accepted agreement with another local board of education, a board may send its suspended or expelled students to an alternative school already existing in another LEA or may enter into an agreement with an LEA that established a virtual school to provide virtual instruction to students who have been suspended or expelled.

0520-01-02-.17 STATE ENROLLMENT AND ATTENDANCE GUIDELINES.

- (1) Children entering kindergarten shall be five (5) years of age on or before August 15. However, a child does not have to enroll in school at five (5) years of age, but enrollment must occur no later than the beginning of the academic year following the child's sixth (6th) birthday.
- (2) Any transfer student applying for admission who was legally enrolled in an approved kindergarten in another state and who will be five (5) years of age no later than December 31 of the current school year shall be enrolled.
- (3) Pursuant to the Tennessee compulsory attendance law, all children must attend school between the ages of six (6) and seventeen (17), both inclusive. T.C.A. §§ 49-6-3001 and 49-6-3005 provide that the following children may be exempt from the compulsory attendance law:
 - (a) Children mentally or physically incapacitated to perform school duties, with the disability attested to by a duly licensed physician in all cases;
 - (b) Children who have completed high school and hold a high school diploma or other certificate of graduation;
 - (c) Children enrolled in and making satisfactory progress in a course of instruction leading to a high school equivalency credential approved by the State Board of Education;
 - (d) Children participating in a program of hospital or homebound instruction administered or approved by the LEA;
 - (e) Children six (6) years of age or under whose parent or guardian have filed a notice of intent to conduct a home school as provided by T.C.A. § 49-6-3001 or who are conducting a home school as provided by T.C.A. § 49-6-3050;

- (f) Children enrolled in a home school who have reached seventeen (17) years of age; and
 - (g) Children who have attained their seventeenth (17th) birthday and whose continued compulsory attendance, in the opinion of the local board of education in charge of the school to which the children belong and are enrolled, results in detriment to good order and discipline and to the instruction of other students and is not of substantial benefit to the children.
- (4) Local boards of education may admit students from outside their respective local school district at any time.
- (a) Local boards of education may arrange for the transfer of students residing within their district to other school districts by establishing agreements with other local boards of education for the admission or transfer of students from one (1) school district to another.
 - (b) The receiving board of education may set a time before or during the school year after which it will not accept transfer students. The receiving board of education may charge the non-resident student tuition to attend.
 - (c) If a local board of education otherwise permits non-resident students to transfer into its schools, it may not discriminate against any students solely on the grounds of their race, sex, national origin, or disability, nor may it charge such students a tuition over and above the usual tuition for students without disabilities.
- (5) Each local board of education shall adopt an attendance policy in accordance with the State Board's School Attendance Policy 4.100 that is firm, but fair; includes effective accounting and reporting procedures; accounts for extenuating circumstances; includes appeal procedures; and establishes and maintains alternative programs for students who fail to meet minimum attendance requirements.
- (a) The policy shall address the excusing of absences in accordance with the State Board's School Attendance Policy 4.100.
 - (b) The policy shall address unexcused absences in accordance with the State Board's School Attendance Policy 4.100.
 - (c) The policy shall align with the McKinney-Vento Homeless Assistance Act [found at 42 U.S.C. §§ 11431, et seq.].
 - (d) Local attendance policies shall not be used to penalize students academically.
 - (e) The attendance policy adopted by the local board of education shall be posted at each school, and school counselors shall be supplied copies for discussion with students.
 - (f) The policy shall be referenced in all school handbooks. All teachers, administrative staff, and parents/guardians shall be provided copies of the policy.
- (6) Pursuant to T.C.A. § 49-6-3009, each local board of education shall adopt a progressive truancy intervention plan for students who violate compulsory attendance requirements prior to the filing of a truancy petition or a criminal prosecution for educational neglect. These interventions must be designed to address student conduct related to truancy in the school setting and minimize the need for referrals to juvenile court.
- (7) Whenever possible, attendance issues should be resolved at the school level. To ensure due process, local boards of education must adopt a policy that affords students with excessive (more than 5) unexcused absences the opportunity to appeal. Such policy must, at minimum, include written or actual notice to the student or their parent/guardian and the opportunity to be

heard. The burden of proof rests on the student or their parent/guardian. The appeal process for determining unexcused absences is ancillary to a truancy decision rendered by a juvenile court judge as described in T.C.A. § 49-6-3010.

- (8) LEAs are encouraged to develop truancy boards, youth courts, or other alternative programs to serve as an intervention for students with excessive absences. These may be in addition to, or a part of, the progressive truancy intervention plan required by T.C.A. § 49-6-3009.

Authority: T.C.A. §§ 49-6-3002, 49-6-3005, and 49-6-3009, Executive Order No. 14 of 2020 (and applicable, subsequent Executive Orders addressing COVID-19 relief), and Public Chapter 652 of 2020. **Administrative History:** (For history prior to June 1992, see pages iii through ix). - (18) An individual with a prohibited history as set forth below shall be immediately and automatically excluded from providing driving duties on behalf of the Program if the individual:
- (a) Has a pending criminal action (including warrants, indictments, presentments, etc.) is completing pretrial diversion, or has been convicted of or pled guilty to any offense involving the use of a motor vehicle while under the influence of any intoxicant, which constitutes a violation of T.C.A. §§ 39-13-213; 55-10-101; 55-10-102 or 55-10-401; or

- (22) The employment status of persons for whom a post-employment criminal background check was conducted, or the status of existing Program owners or operators, substitutes or volunteers of a Program for whom a criminal background check was conducted after issuance of a certificate of approval or after employment or assuming duties as a volunteer or substitute, and who were not otherwise subject to a pre-status applicant background check and to the exclusionary provisions provided in this subchapter, shall be governed by the provisions of this Chapter.
