Public Hearing Comments

The Sports Wagering Council appreciates that numerous commenters expressed interest in this rulemaking and submitted detailed comments. Every comment has been closely reviewed and duly considered. The specific verbiage of every comment is not included in this document, and comments have been edited for brevity, clarity, and formatting consistency. Some comments present similar recommendations or observations. Comments addressing the same substantive issue have been rephrased or grouped together, or both, for the sake of brevity.

Comment regarding Rule 1350-01-.02(46): A commenter suggested adding in language to the definition to make it specific to gaming transactions.

Response: The Council has adding additional language to this rule to clarify this definition.

Comment regarding Rule 1350-01-.02(58): A commenter suggested adding the word "originally" between "that was" and "settled incorrectly" to clarify what a resettled wager is.

Response: The Council has changed this rule as requested.

Comment regarding Rule 1350-01-.05(3)(d): A commenter suggested deleting some of this language as duplicative and moving other parts of this language to part 1350-03.

Response: The Council is not currently proposing any revisions to this section, but will consider these suggestions in a future rule rewrite.

Comment regarding Rule 1350-01-.06(7): A commenter suggested moving this rule language to its own rule.

Response: The Council is not going to create any new sections in this rule revision but will consider moving this to its own section in a future rule rewrite.

Comment regarding Rule 1350-01-.06(7)(a): A commenter suggested grouping the system operation standards into its own new section of the rules.

Response: The Council is not going to create any new sections in this rule revision but will consider moving this to its own section in a future rule rewrite.

Comment regarding Rule 1350-01-.06(7)(g): A commenter suggested rewriting this rule to remove "resettled wagers" because the commenter wondered how a wager could be resettled before the outcome of the event is known, and suggested clarifying what is required from Operators to void and cancel wagers before and after the outcomes of events are known.

Response: The Council has rewritten this rule to clarify what is required and to remove the language regarding resettled wagers.

Comment regarding Rule 1350-01-.06(8): A commenter suggested moving this rule language to its own section. Another commenter suggested adding some additional requirements for field testing to this rule.

Response: The Council is not going to create any new sections in this rule revision but will consider moving this to its own section in a future rule rewrite. The proposed field testing requirements will be a significant change that will affect all interested parties and so the Council will consider those in a future rule rewrite so that all affected parties can review and comment on those proposed changes.

Comment regarding Rule 1350-01-.06(9): A commenter suggested moving this rule language to its own section.

Response: The Council is not going to create any new sections in this rule revision but will consider moving this to its own section in a future rule rewrite.

Comment regarding Rule 1350-01-.07(2)(b): A commenter suggested making revisions to the insurance requirements of the Council's rules.

Response: The Council is not currently proposing any revisions to this section, but will consider these suggestions in a future rule rewrite.

Comment regarding Rule 1350-01-.07(6)(f): A commenter suggested removing the requirement for a Licensee to submit IRS Form 730 because it will not be available to file along with Licensee's monthly reports to the SWC based on when it is due to the IRS and because it does not offer a state-by-state breakdown of excise taxes paid.

Response: The Council will make this change based on the reasons listed above. If necessary, the Council can always request a copy of this form from Licensees.

Comment regarding Rule 1350-01-.07(7): A commenter suggested moving this rule language to its own section.
Response: The Council is not going to create any new sections in this rule revision but will consider moving this to its own section in a future rule rewrite.

Comment regarding Rule 1350-01-.07(7)(a) and (b): A commenter suggested changing "independent professional" to "Independent Testing Laboratory" (an entity that is defined in the rules and required to register as a Vendor with the Council).

Response: The Council has changed this rule as requested.

Comment regarding Rule 1350-01-.07(7)(b): A commenter suggested grouping the integrity and security controls into its own new section of the rules.

Response: The Council is not going to create any new sections in this rule revision but will consider moving this to its own section in a future rule rewrite.

Comment regarding Rule 1350-01-.07(12)(g): A commenter suggested that this rule be amended so that a Licensee only has to provide information about compensation paid to individuals who participate in Sporting Events upon which Wagers can be placed upon the Council's request.

Response: The Council is not going to make the suggested change to the proposed rule because it will be important for the Council to be aware of such arrangements between Operators and individuals who participate in Sports Events upon which Wagers can be placed.

Comment regarding Rule 1350-01-.07(13)(a): Commenters suggested the proposed requirement of providing a self-exclusion list within 48 hours of any changes is excessive and one commenter suggested requiring the list to be provided no less than once per week.

Response: The Council has changed this rule as requested.

Comment regarding Rule 1350-01-.07(16): A commenter suggested removing this language.

Response: The Council is not currently proposing any revisions to this section, but will consider removing this language in a future rule rewrite.

Comment regarding Rule 1350-01-.07(17): A commenter suggested moving this rule language to its own section.

Response: The Council is not going to create any new sections in this rule revision but will consider moving this to its own section in a future rule rewrite.

Comment regarding Rule 1350-01-.08(3)(a)7.: A commenter suggested removing the word "active" because it is not industry standard to require an "active" e-mail account and the regulations do not define what level of activity constitutes an "active" e-mail account.

Response: The Council has made the suggested change.

Comment regarding Rule 1350-01-.08(19)(a): Commenters suggested not making the suggested change to "three (3) business days", but instead leaving the current rule language of "seventy-two (72) hours" in place to be consistent with industry standard.

Response: The Council has rewritten this rule to align with Operators' Responsible Gaming Plans as approved by the Council.

Comment regarding Rule 1350-03-.04(2)(c)1.(i): A commenter suggested removing the proposed language requiring an annual review and appraisal of the adequacy of internal controls because such a requirement is not standard procedure across other jurisdictions.

Response: The Council will remove this proposed change and leave the language of this rule as is.

Comment regarding Rule 1350-03-.04(2)(c)7.: Commenters suggested changing the 10 day requirement to anywhere from 30 days to 6 months, to be in line with other jurisdictions and because root cause analysis of internal audit work can take a long time.

Response: The Council has proposed changes to this rule to clarify what it intends by the proposed rule change, to require results to be provided to the Council within 10 days of the resolution of the exception.

Comment regarding Rule 1350-03-.04(2)(c)8.: A commenter requested that "validation" be added to the rule because the validation process typically takes more than ten days. Another commenter suggested that the Council clarify what is expected from this rule change.

Response: The Council has proposed changes to this rule to clarify its intent – for Operators to report material internal audit findings to the Council with 10 days but, for non-material internal audit findings, Operators need only report to the Council within 10 days of the finding validation.

Comment regarding Rule 1350-03-.05: A commenter suggested adding additional clarifying language to the current requirements of this rule.

Response: The Council is not currently proposing any revisions to this section, but will consider this proposal in a future rule rewrite.

Comment regarding Rule 1350-03-.08(1): A commenter suggested adding additional clarifying language to the current requirements of this rule.

Response: The Council is not currently proposing any revisions to this section, but will consider this proposal in a future rule rewrite.

Comment regarding Rule 1350-03-.09(2): Commenters suggested making changes to this rule because some processes are automated with regarding to markets being offered and removing "wagering market log" because that phrase is not defined in the rules.

Response: Upon review and discussion with Operators, because this proposed rule change contains several terms that are undefined and not clearly understood in the industry, the Council is going to remove this proposed change and work further on it for a future rulemaking.

Comment regarding Rule 1350-03-.09(3): A commenter suggested removing "wagering market log" because that phrase is not defined in the rules and replacing that phrase with "record."

Response: Upon review and discussion with Operators, because this proposed rule change contains a term that is undefined and not clearly understood in the industry, the Council is going to remove this proposed change and work further on it for a future rulemaking.

Comment regarding Rule 1350-03-.12(2): A commenter suggested replacing the text of this rule with language from Rule 1350-01-.05(3)(d)(11).

Response: The Council is not currently proposing any revisions to this section, but will consider this proposal in a future rule rewrite.

Comment regarding Rule 1350-03-.12(11): A commenter suggested removing the encryption requirement and replacing with a requirement to utilize a non-clear text protocol, because Operators have many ways to comply with this rule without requiring encryption.

Response: Upon further research, industry standard is to hash passwords rather than encrypt them. The Council has removed "Sports Gaming System and Player passwords" from required encryption under this rule.

Comment regarding Rule 1350-03-.12(16)(f): A commenter suggested changing "or" to "and" in this rule to clarify for which items Operators are required to provide Multi-Factor Authentication. Another commenter suggested adding "for the first time using a new instrument" after the phrase "withdraw funds" because requiring repeated use of Multi-Factor Authentication would cause unnecessary friction to the customer experience.

Response: The Council changed "or" to "and". The Council did not add "for the first time using a new instrument" after the phrase "withdrawal of funds" because "new instrument" is not defined and because of general concerns with the safety of bettor accounts.

 - (b) Severability Intent. If any provision of any Rule of this Council, or application of the provision of any Rule of this Council to any Person or circumstance, is held invalid, the remainder of the Rules, and the application of the provision to Persons or circumstances other than those to which it is held invalid, shall not be affected.
