Statement of Necessity:  
The Appropriations Act, Public Chapter 427, effective July 1, 2015, requires the Bureau of TennCare to reduce expenditures for Buprenorphine-containing products and limit payments for an expanded list of urine drug screen test codes. The reduction will be accomplished by limiting buprenorphine-containing products for treatment of opiate addiction for persons age 21 and older by imposing a lifetime coverage limit of 732 therapy days, and by excluding urine drug screens in excess of twelve (12), with the addition of four confirmation urine drug screens and two (2) specific assay tests during a calendar year.

T.C.A. § 4-5-208 permits an agency to adopt an emergency rule when it is required by enactment of the general assembly to implement rules within a prescribed period of time that precludes utilization of rulemaking procedures for promulgation of permanent rules.

Based upon the above information, I have made the finding that the emergency adoption of this rule is required in order to achieve implementation by October 1, 2015.

For a copy of this emergency rule contact: George Woods at the Bureau of TennCare by mail at 310 Great Circle Road, Nashville, Tennessee 37243 or by telephone at (615) 507-6446.

At the end of either six month period, the covered dosage amount shall not exceed eight milligrams (8 mg) per day.

   (ii) Therapy shall be limited to a total lifetime period of coverage not to exceed a total of 732 therapy days, which do not have to be consecutive. For enrollees who are pregnant on day 732 of treatment, the treatment may continue until the enrollee is no longer pregnant.

Rule 1200-13-14-.10 Exclusions, Paragraph (3), Subparagraph (a), Part 17, Subpart (vii) is deleted in its entirety and replaced with a new Subpart (vii) which shall read as follows:

   (II) Dosage of eight milligrams (8 mg) per day after the sixth (6th) month (183rd day) of therapy;

Rule 1200-13-14-.10 Exclusions, Paragraph (3), Subparagraph (b), Part 89 is amended by inserting the punctuation and language “, four (4) confirmation urine screens and two (2) specific assay tests” between the number “(12)” and the word “during” so that as amended the Part shall read as follows:

89. Urine drug screens in excess of twelve (12), four (4) confirmation urine screens and two (2) specific assay tests during a calendar year.

I certify that this is an accurate and complete copy of an emergency rule(s), lawfully promulgated and adopted.
